PROXY STATEMENT OF

VILLAGE BANK AND TRUST FINANCIAL CORP.

This Proxy Statement is furnished to holders of shares of the Company's common stock, par value \$4.00 per share (Common Stock), in connection with the solicitation of proxies by the Board of Directors of the Company to be used at the Annual Meeting of Shareholders to be held on May 22, 2007 at Salisbury Country Club, 13620 Salisbury Road, Midlothian, Virginia at 6:00 p.m. and any adjournment thereof (the Annual Meeting).

Any shareholder who executes a proxy has the power to revoke it at any time by written notice to the Secretary of the Company, by executing a proxy dated as of a later date, or by voting in person at the Annual Meeting. It is expected that this Proxy Statement and the enclosed proxy form will be mailed on or about April 20, 2007 to all shareholders entitled to vote at the Annual Meeting.

The cost of soliciting proxies for the Annual Meeting will be borne by the Company. The Company does not intend to solicit proxies otherwise than by use of the mail, but certain officers and regular employees of the Company, without additional compensation, may use their personal efforts, by telephone or otherwise, to obtain proxies. The Company may also reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses in forwarding proxy materials to the beneficial owners of shares of Common Stock.

On April 6, 2007, the record date for determining those shareholders entitled to notice of and to vote at the Annual Meeting, there were 2,562,088 shares of Common Stock issued and outstanding. Each outstanding share of Common Stock is entitled to one vote on all matters to be acted upon at the Annual Meeting. A majority of the shares of Common Stock entitled to vote, represented in person or by proxy, constitutes a quorum for the transaction of business at the Annual Meeting.

A shareholder may abstain or (only with respect to the election of directors) withhold his or her vote (collectively Abstentions) with respect to each item submitted for shareholder approval. Abstentions will be counted for purposes of determining the existence of a quorum. Abstentions will not be counted as voting in favor of or against the relevant item.

A broker who holds shares in street name has the authority to vote on certain items when it has not received instructions from the beneficial owner. Except for certain items for which brokers are prohibited from exercising their discretion, a broker is entitled to vote on matters put to shareholders without instructions from the beneficial owner. Where brokers do not have such discretion, the inability to vote is referred to as a broker non-vote. Under the circumstances where the broker is not permitted to exercise its discretion, assuming proper disclosure to the Company of such inability to vote, broker non-votes will not be counted as voting in favor of or against the particular matter.

The Board of Directors is not aware of any matters other than those described in this Proxy Statement that may be presented for action at the Annual Meeting. However, if other matters do properly come before the Annual Meeting, the persons named in the enclosed proxy card possess discretionary authority to vote in accordance with their best judgment with respect to such other matters.

PROPOSAL ONE

ELECTION OF DIRECTORS

The Board of Directors consists of nine directors. Three members of the Board of Directors have been nominated for election as directors at the Annual Meeting for a three-year term ending in 2010. Six other directors are serving terms that end in either 2008 or 2009, as indicated below.

The election of each nominee for director requires the affirmative vote of the holders of a plurality of the shares of Common Stock cast in the election of directors. If the proxy is executed in such manner as not to withhold authority for the election of any or all of the nominees for directors, then the persons named in the proxy will vote the shares represented by the proxy for the election of the three nominees named below. If the proxy indicates that the shareholder wishes to withhold a vote from one or more nominees for director, such instructions will be followed by the persons named in the proxy.

Each nominee has consented to being named in this Proxy Statement and has agreed to serve, if elected. The Board of Directors has no reason to believe that any of the nominees will be unable or unwilling to serve. If, at the time of the Annual Meeting, any nominee is unable or unwilling to serve as a director, votes will be cast, pursuant to the enclosed proxy, for such substitute nominee as may be nominated by the Board of Directors. There are no current arrangements between any nominee and any other person pursuant to which a nominee was selected. No family relationships exist among any of the directors or between any of the directors and executive officers of the Company.

The following biographical information discloses each nominee's age, business experience in the past five years and the year each individual was first elected to the Board of Directors of the Company or its predecessor, Village Bank (the Bank). CORPORATE GOVERNANCE AND

THE BOARD OF DIRECTORS

General

The business and affairs of the Company are managed under the direction of the Board of Directors in accordance with the Virginia Stock Corporation Act and the Company's Articles of Incorporation and Bylaws. Members of the Board are kept informed of the Company's business through discussions with the President and Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board of Directors and its committees.

Independence of the Directors

The Board of Directors has determined that the following 8 individuals of its 9 current members are independent as defined by the listing standards of the NASDAQ Stock Market (NASDAQ): R. T. Avery, III, Donald J. Balzer, Jr., Craig D. Bell, William B. Chandler, R. Calvert Esleeck, Jr., Dean T. Patrick, Michael L. Toalson and George R. Whittemore. In reaching this conclusion, the Board of Directors considered that the Company and its subsidiaries conduct business with companies of which certain members of the Board of Directors or members of their immediate families are or were directors or officers.

The Board of Directors considered the following relationship between the Company and one of its directors to determine whether such director was independent under NASDAQ's listing standards:

Donald J. Balzer, Jr. is Chairman of the Board of Balzer & Associates, Inc., an architectural, engineering, surveying and landscape architectural firm. Balzer & Associates is acting as the civil engineer on the construction of a new headquarters building for the Company. The Company estimates that it will pay Balzer & Associates approximately

\$80,000 to provide civil engineering and landscape design services on this project, of which approximately \$15,000 was paid in 2006.

There were no other relationships between the Company and its directors.

Code of Ethics

The Company has a Code of Ethics for directors, officers and all employees of the Company and its subsidiaries, and a Code of Ethics applicable to the Company's Chief Executive Officer, Chief Financial Officer and other principal financial officers. The Code addresses such topics as protection and proper use of Company assets, compliance with applicable laws and regulations, accuracy and preservation of records, accounting and financial reporting and conflicts of interest. A copy of the Code will be provided, without charge, to any shareholder upon written request to the Secretary of the Company, whose address is P.O. Box 330, 1231 Alverser Drive, Midlothian, Virginia 23113.

Board and Committee Meeting Attendance

There were 13 meetings of the Company's Board of Directors in 2006. Each incumbent director attended greater than 75% of the aggregate number of meetings of the Board of Directors and meetings of committees of which the director was a member in 2006.

Committees of the Board

The Company has an Audit Committee and a Compensation Committee. The Company does not have a standing nominating committee.

Audit Committee

The Company's Audit Committee assists the Board of Directors in fulfilling its oversight responsibility to the shareholders relating to the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements and the qualifications, independence and the performance of the internal audit function. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the independent registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attestation services for the Company. The Board of Directors has adopted a written charter for the Audit Committee. A copy of the charter is attached as Appendix A to this Proxy Statement.

Edgar Filing: Village Bank & Trust Financial Corp. - Form DEF 14A

The members of the Audit Committee are Messrs. Esleeck, Chandler and Toalson, all of whom the Board of Directors, in its business judgment, has determined are independent as defined by NASDAQ's listing standards. The Board of Directors also has determined that all of the members of the Audit Committee have sufficient

9

knowledge in financial and auditing matters to serve on the Audit Committee and that Mr. Esleeck qualifies as an audit committee financial expert as defined by SEC regulations.

The Audit Committee met five times in 2006. For additional information regarding the Audit Committee, see [Audit Information](#) [Audit Committee Report](#) later in this Proxy Statement.

Compensation Committee

The Company's Compensation Committee assists the Board of Directors in fulfilling their responsibility to the shareholders to ensure that the Company's officers, key executives, and board members are compensated in accordance with the Company's total compensation objectives and executive compensation policy. The Compensation Committee shall advise and recommend for approval compensation policies, strategies, and pay levels necessary to support organizational objectives. The Board of Directors has adopted a written charter for the Compensation Committee. A copy of the charter is attached as Appendix B to this Proxy Statement.

The members of the Compensation Committee are Messrs. Avery, Chandler, Balzer, Bell and Whittemore, all of whom the Board in its business judgment has determined are independent as defined by NASDAQ's listing standards.

The Compensation Committee's primary objective is to provide competitive levels of compensation to attract, retain and reward outstanding executive officers. In a highly competitive community banking marketplace, excellent leadership is essential. Our executive officers are expected to manage the business of the Company in a manner that promotes its growth and profitability for the benefit of our shareholders. To that end, we believe that:

Our key executives should have compensation opportunities at levels that are competitive with peer institutions.

Total compensation should include significant at risk components that are linked to annual and longer term performance results.

Stock-based compensation should form a key component of total compensation as a means of linking senior management to the long term performance of the Company and aligning their interests with those of shareholders.

The Compensation Committee's compensation philosophy with respect to its executive officers is one of pay for performance. Accordingly, an executive officer's annual compensation consists of a base salary, an annual monetary bonus and stock-based compensation. The annual monetary bonus is utilized to reward our executives

for achieving short-term financial and productivity goals, and stock-based compensation is utilized for achieving long-term financial and productivity goals.

The Compensation Committee met eight times in 2006.

Director Nomination Process

The independent members of the Board of Directors perform the functions of a nominating committee. The Board of Directors does not believe it needs a separate nominating committee because the independent directors (as that term is defined in the NASDAQ listing standards) have the time and resources to perform the function of recommending nominees to the Board of Directors. The Board of Directors has adopted a resolution that provides that it will not nominate any person who has not been recommended for nomination by a majority of the independent directors.

In identifying potential nominees, the Board of Directors takes into account such factors as it deems appropriate, including the current composition of the Board of Directors, the range of talents, experiences and skills that would best complement those that are already represented on the Board of Directors, the balance of management and independent directors and the need for specialized expertise. The Board of Directors considers candidates for Board membership suggested by its members and by management, and the Board of Directors will also consider candidates suggested informally by a shareholder of the Company.

In the consideration of director nominees, including any nominee that a shareholder may submit, the Board of Directors considers, at a minimum, the following factors for new directors, or the continued service of existing directors:

The ability of the prospective nominee to represent the interests of the shareholders of the Company;

The prospective nominee's standards of integrity, commitment and independence of thought and judgment;

The prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards;

The extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board of Directors; and

The prospective nominee's involvement within the communities the Company serves.

Shareholders entitled to vote for the election of directors may recommend candidates for the independent directors to consider formally in connection with an annual meeting as long as the recommendation is made on or before the last date on which a shareholder may nominate an individual for election to the Board of Directors

under the Company's Bylaws. See *Proposals for 2008 Annual Meeting of Shareholders*.

Under the process used by the Company for selecting new board candidates, the President and Chief Executive Officer and the Board of Directors identify the need to add a new board member with specific qualifications or to fill a vacancy on the board. The Chairman of the Board of Directors will initiate a search, working with staff support and seeking input from board members and senior management, hiring a search firm, if necessary, and considering any candidates recommended by shareholders. An initial slate of candidates that will satisfy criteria and otherwise qualify for membership on the board may be presented to the Board of Directors. A determination is made as to whether board members have relationships with preferred candidates and can initiate contacts. The President and Chief Executive Officer and the Chairman of the Board of Directors interview prospective candidates. The Board of Directors meets to conduct further interviews of prospective candidates, if necessary or appropriate, and to consider and recommend final candidates for approval.

Director Compensation

Each member of the Board of Directors receives no fees for their service as Directors of the Company.

All of the directors of the Company serve as directors of the Bank. As compensation for his service to the Bank, each member of the Board of Directors receives fees as follows:

- a retainer fee of \$100 for each meeting of the Board (\$150 for the Chairman of the Board,
- an attendance fee of \$200 for each meeting of the Board that he attends (\$300 for the Chairman of the Board), and
- an attendance fee of \$100 for each meeting of a committee that he attends (\$150 for the chairman of the committee).

Board members who are also officers do not receive any additional compensation above their regular salary for Board service or attending committee meetings.

During the year, all directors of the Company also served on the Board of Village Bank Mortgage Corporation and received \$100 per meeting for attending such meetings.

In 2005, the Company adopted the Outside Directors Deferral Plan under which non-employee directors of the Bank have the opportunity to defer receipt of all or a portion of their compensation until retirement or departure from the Board of Directors. Any amounts deferred under this plan are maintained in an account for the benefit of the director and are credited annually with interest on the deferred amount at a rate

established by the Board of Directors in its sole discretion prior to the beginning of each plan year.

The following table provides information concerning the compensation of all non-employee directors for the year ended December 31, 2006:

(1) Amounts reflect the total compensation expense for awards and grants made. The annual expense of these awards and grants are based on recording the required expense over their vesting period of three years. Assumptions used in the calculation of these amounts are included in Note 13 to the Company's audited financial statements for the year ended December 31, 2006 included in the Form 10-KSB filed with the SEC on March 22, 2007. After 2006, the Company will no longer make stock option awards; only restricted stock awards will be made.

(2) Amounts represent the Company's expense for the supplemental executive retirement plan.

(3) Amounts represent the Company's expense for the matching contribution to the 401(k) plan.

(4) Mr. Falk's employment with the Company began in April 2006.

Messrs. Winfree and Whitehurst have employment agreements with the Company. Additional information on these employment agreements is described later

in this Proxy Statement. Information on the components of executive compensation is set forth below.

Salary. A competitive salary for senior management is essential. Furthermore, flexibility to adapt to the particular skills of an individual or the specific needs of the Company is required. Proposed salary adjustments for senior management are presented to the Compensation Committee by Mr. Winfree, typically during the second quarter. The Compensation Committee reviews the recommendations, makes any further adjustments and generally approves the recommendations with input from the Compensation Committee's external compensation advisor. Recommendations regarding adjustments to Mr. Winfree's salary are reviewed and, if appropriate, approved by the Compensation Committee in executive session. Salaries for senior management in 2006 were generally deemed to be below the median of the Company's peer group. At the recommendation of the Compensation Committee's external compensation advisor, the Compensation Committee approved the proposed salary adjustments and will consider future increases to annual base salaries to bring senior base pay in line with targeted compensation levels and mix as defined in the Company's executive compensation philosophy, which is described earlier in this Proxy Statement.

Stock-Based Compensation. Prior to 2007, the Compensation Committee awarded stock options to employees under the 2000 Incentive Plan, as amended and restated. These awards of stock options were at the sole discretion of the Board of Directors and were utilized to attract new employees as well as to reward existing employees for performance. Starting in 2007, the Compensation Committee intends to replace the use of stock options with time-vested and performance-vested restricted stock awards as it believes restricted stock is a more competitive form of compensation to retain and attract new employees.

In granting stock options in 2006, the Compensation Committee asked its external compensation advisor to propose a 2006 stock option grant for senior management. The Compensation Committee's advisor recommended stock option grants for each executive based on the Company's executive compensation philosophy statement described elsewhere in this Proxy Statement. In reviewing the compensation advisor's recommendation for the 2006 stock option grants, the Compensation Committee also took into consideration historical grant practices and the pending conversion from stock option grants to more competitive awards of time-vested and performance-vested restricted stock and, therefore, the Compensation Committee reduced the option grant recommendations.

Information on the stock option awards in 2006 is provided in the following table:

Option Grants in 2006

<i>Name</i>	<i>Number of Securities Underlying Options (#)</i> ⁽¹⁾	<i>Percent of Total Options Granted to Employees in 2006</i>	<i>Exercise Price Per Share</i> ⁽²⁾	<i>Expiration Date</i>
Thomas W. Winfree	4,500	28%	\$ 12.50	6/12/16
C. Harril Whitehurst, Jr.	3,000	18%	\$ 12.50	6/12/16
Jack M. Robeson	3,000	18%	\$ 12.50	6/12/16
Raymond E. Sanders	3,000	18%	\$ 12.50	6/12/16
Dennis J. Falk	3,000	18%	\$ 13.50	4/24/16

(1) These stock option grants vest evenly over a three year period from the date of grant.

(2) Stock options were granted at or above the fair market value of the shares of Common Stock at the date of award.

Starting in 2007, the Compensation Committee has implemented a restricted stock award strategy that generally favors a mix (50% / 50%) of time-vested and performance-vested restricted stock awards, each of which vests over three-year periods. Time-vested stock awards will vest on each of three anniversary dates in 25%, 25% and 50% increments. Performance-vested stock awards will vest at the end of a three year performance period if the Company achieves targeted measures of return on equity and return on assets. Performance-share vesting can range from 0%, when all are forfeited, to 100%, when all are earned. The Compensation Committee has not implemented a leverage arrangement where the performance-vested shares can be leveraged beyond the original performance stock award. As with all components of pay, the Compensation Committee will consider future increases to each executive's targeted annual long term grant value to bring total direct compensation levels in line with established compensation levels and mix as defined in the Company's executive compensation philosophy.

Non-Equity Incentive Plan Compensation. We offer senior management an opportunity to receive an annual target non-equity incentive bonus of 15 to 20 percent of their year-end base salary, depending on the executive's responsibilities. To determine an executive officer's non-equity incentive, the Compensation Committee adopted the 2006 Management Incentive Plan (the Plan). Under the Plan, an executive officer can earn a bonus by achieving short-term financial and productivity goals established by the Compensation Committee. These goals are customized for each executive before the beginning of the Plan year to reflect a mix of corporate and individual initiatives and

reflect a minimum, target and maximum amount of incentive. For example, Mr. Winfree's targeted incentive awards under the Plan are weighted between corporate (70%) and individual (30%) goals. For others in senior management, the mix of corporate and individual weights is generally 60% / 40% or 50% / 50%, respectively, depending on the organizational responsibility of each executive. At a meeting of the Compensation Committee, usually in December, the Compensation Committee's external compensation advisor recommends award targets and the award leverage schedule (minimum to maximum awards and their relationship to performance intervals), for the upcoming year.

For 2006, Mr. Winfree presented performance results for corporate and individual measures and corresponding proposed incentive amounts that were calculated in accordance with the award leverage schedule in the Plan. The Compensation Committee reviewed the performance of the Company and each executive's performance against the Plan. At the request of the Compensation Committee, the external compensation advisor validated the award calculations prior to the Compensation Committee's approval of the Plan award amounts. In general, the target award opportunities under the Plan were below comparative practices of our peer group. As with all components of pay, the Compensation Committee will consider future increases to each executive's annual target incentive opportunity to bring total cash compensation in line with targeted compensation levels and mix as defined in the Company's executive compensation philosophy.

Non-Qualified Deferred Compensation Plans. We believe that non-qualified deferred compensation plays an important role in retaining key executives, as well as helping them provide for retirement. The Compensation Committee retained an independent consultant to analyze the total retirement benefits provided by the Company and Social Security to employees with various levels of compensation and years of service so that the Compensation Committee could determine the projected replacement ratio of income at retirement compared with active employment. Because of limits under our qualified retirement plan on the amount of deferrals that our executives can make, several of our executives can expect to have a lower retirement replacement ratio than we have targeted for all employees. Consequently, as a matter of pension equity, we have adopted a supplemental plan which should provide a benefit for designated executives that will help approach the targeted retirement replacement ratio.

For that reason, we provide a benefit for senior management, including each of the named executive officers. The Company provides a potential supplemental retirement plan benefit of \$50,000 annually for 15 years to Mr. Winfree and a potential benefit of \$25,000 annually for 15 years to Messrs. Whitehurst, Sanders, Robeson and Falk. Under the plan's vesting schedule, Mr. Winfree has completed three years of a six year vesting schedule. Messrs. Whitehurst, Sanders, and Robeson have completed two years of a ten year vesting schedule. Mr. Falk has completed zero years of a ten year vesting schedule. In the event of a pre-retirement death, vesting is accelerated and the executive's named beneficiary receives the benefit over the 15 year payout

schedule. In the event of a post-retirement death, the executive's named beneficiary receives any remaining benefit payments of the 15 year payout schedule. In the event of a termination of employment resulting from a change in control of the Company, vesting is accelerated and the benefit is paid under the 15 year payout schedule.

Employment and Change-in-Control Agreements

Securing the continued service of key executives is essential to the successful future of the Company. Employment agreements and management continuity agreements (which help retain key executives during a possible change of control situation) assist the Company by providing security to key executives.

The Company has entered into employment agreements with Messrs. Winfree and Whitehurst. Mr. Winfree's employment agreement was entered into May 1, 2001 with an initial term of three years. Under the agreement, Mr. Winfree agrees to perform the services and duties appropriate to his capacity as the Chief Executive Officer of the Company, responsible for all day-to-day operations. Annually, the Board of Directors reviews Mr. Winfree's performance for the immediately preceding year and, after such review, may extend the employment agreement for an additional twelve months. Mr. Winfree's current employment agreement covers the period from May 1, 2006 to April 30, 2009.

Mr. Whitehurst's employment agreement was entered into September 9, 2003 with a term of one year. Under the agreement, Mr. Whitehurst agrees to perform the services and duties appropriate to his capacity as the Chief Financial Officer of the Company. Annually, the Board of Directors reviews Mr. Whitehurst's performance for the immediately preceding year and, after such review, may extend the employment agreement for twelve months by an appropriate written instrument executed by Mr. Whitehurst and on behalf of the Company. If the employment agreement is not extended in writing before the end of its term or expressly terminated, it shall automatically renew for an additional term of twelve months. Mr. Whitehurst's current employment agreement covers the period from September 1, 2006 to August 31, 2007.

Under the terms of both agreements, Messrs. Winfree and Whitehurst are entitled to severance payments equal to his respective salary for the balance of the term if he is terminated without Cause or if he terminates with Good Reason, each as defined in the respective agreement. In addition, for a period of six months, he will continue to receive benefits under all other employee benefit plans or programs in which he was participating prior to termination or, if continued participation is not possible, an equivalent value. At December 31, 2006, the value of Mr. Winfree's and Whitehurst's severance payments following termination without Cause or with Good Reason is \$408,300 and \$76,700, respectively.

The agreements also provide for termination benefits following a change in control of the Company. If Mr. Winfree's employment is terminated for any reason other than for Cause during the term of the employment agreement and any renewal term following a change of control of the Company, he will be entitled to a severance payment in an amount equal to 2.99 times his salary and bonus received during the twelve months ending with the termination of the executive's employment to be paid in equal monthly installments over the thirty-six months succeeding the date of termination. If Mr. Whitehurst's employment is terminated for any reason other than for

Cause during the term of the employment agreement and any renewal term following a change of control of the Company, he will be entitled to a severance payment in an amount equal to 1.50 times his salary and bonus received during the twelve months ending with the termination of the executive's employment to be paid in equal monthly installments over the eighteen months succeeding the date of termination. Additionally, for a period of 2.99 and 1.50 years, respectively, following termination or until such time that the executive has secured full time employment with another employer, Messrs. Winfree and Whitehurst are entitled to continued participation in all group, life, health, accident and disability insurance programs and other employee benefit plans that the executive was eligible to participate in prior to his date of termination. Had Mr. Winfree's employment terminated on December 31, 2006 following a change of control of the Company, he would be entitled to approximately \$653,000 (2.99 times his 2006 base salary and bonus, given that his agreement restricts payments that would constitute an excess parachute payment within the meaning of Section 280G of the Internal Revenue Code) payable in equal monthly installments over 36 months. Had Mr. Whitehurst's employment terminated on December 31, 2006 following a change of control of the Company, he would be entitled to approximately \$191,000 (1.50 times his base salary and 2006 bonus) payable in equal monthly installments over 18 months.

Additionally, Messrs. Sanders, Robeson and Falk have entered into change of control agreements that provide for termination benefits following a change in control of the Company. Messrs. Sanders, Robeson's and Falk's agreements state that, if within one year after a change in control of the Company, the executive resigns after a reduction in salary or the Company terminates the executive without Cause, the executive will receive one year's salary, payable in monthly installments over twelve months or in a single lump sum. Accordingly, Messrs. Sanders, Robeson's and Falk's termination benefit following a change in control of the Company and a termination under the above circumstances is \$115,000, \$110,000, \$120,000, respectively, as of December 31, 2006.

All outstanding loans to such officers and directors and their associates are current as to principal and interest. None of such outstanding loans are classified as non-accrual, past due, restructured or potential problems. As of December 31, 2006, all loans to directors, executive officers and their affiliates totaled approximately \$4,252,000 or approximately 17% of stockholders' equity at such date.

The Committee shall report regularly to the Board of Directors any material issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the Company's independent accountant or the performance of the internal audit function. In addition, the Committee shall annually report to the Board of Directors its conclusions with respect to the performance and independence of the Company's independent accountant.

2. Preapprove all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent accountants, subject to the de minimus exceptions for permissible non-audit services that are subsequently approved by the Committee. (The Committee may delegate to one or more designated members of the Committee the authority to grant such pre-approvals.)

APPENDIX B

VILLAGE BANK AND TRUST FINANCIAL CORP.

COMPENSATION COMMITTEE CHARTER

Organization - The board of directors shall have a compensation committee composed of three or more outside directors who are independent of the management of the corporation, not employed by the organization, and are free of any relationship that would interfere with their exercise of independent judgment as a committee member.

Statement of Policy - The compensation committee shall provide assistance to the corporate directors in fulfilling their responsibility to the shareholders, potential shareholders, and investment community to ensure that the company's officers, key executives, and board members are compensated in accordance with the company's total compensation objectives and executive compensation policy. The committee shall advise and recommend for approval, compensation policies, strategies, and pay levels necessary to support organizational objectives.

The compensation committee shall maintain free and open means of communication between the board of directors, the independent consultants, the internal human resources professionals, and the chief executive officer of the corporation.

Responsibilities - The compensation committee's policies should remain flexible to react to changing conditions and to ensure the board of directors and shareholders that the achievement of the overall goals and objectives of the corporation can be supported by adopting an appropriate executive compensation policy and implementing it through an effective total compensation program.

The compensation committee shall:

Assist the organization with defining an executive total compensation policy that (1) supports the organization's overall business strategy and objectives, (2) attracts and retains key executives, (3) links total compensation with business objectives and organizational performance in good and bad times, and (4) provides competitive total compensation opportunities at a reasonable cost while enhancing shareholder value creation.

Act on behalf of the board of directors in setting executive compensation policy, administering compensation plans approved by the board of directors and shareholders, and making decisions or developing recommendations for the board of directors with respect to the compensation of company executives.

Review and recommend to the full board of directors for approval the annual base salary levels, annual incentive opportunity levels, long-term incentive opportunity levels, executive perquisites, employment agreements (if and when appropriate), change in control provisions/agreements (if and when appropriate), benefits, and supplemental benefits of the chief executive officer, named executive officers as required under securities law, and other key executives of the organization as determined by the committee.

Evaluate annually chief executive officer and other key executives' compensation levels and payouts against (1) pre-established performance goals and objectives, and (2) an appropriate peer group.

Review and comment on the corporation's strategic and financial plans to determine their relationship to the compensation program.

Review and assess performance target goals established before start of the plan year and determine when performance goals have been achieved at the end of the plan year.

Administer the compensation program for the chief executive officer, named executive officers, and other key executives and ensure consistency with executive compensation policy.

Review and recommend for approval new short- and long-term incentive plans to the board of directors that (1) are consistent with executive compensation policy, and (2) monitor the appropriateness of payouts under alternative business scenarios.

Review the retirement plans of the organization and determine any differences between plan objectives, needs, and current benefit levels, approve any amendments, and review the results of the retirement plan investments for compliance with organization policies, tax law, Employee Retirement Income Security Act of 1974

Review the group health care benefits provided against benefits provided by other organizations in the same industry, and evaluate the sharing of risk and funding for any self-administered benefits plans as well as the cost and effectiveness of plan administration.

Select independent compensation consultants to advise the compensation committee, when appropriate, while working with management and for the company

Review the management succession program. If succession responsibility is delegated to another committee, the compensation committee should coordinate closely with that committee.

Edgar Filing: Village Bank & Trust Financial Corp. - Form DEF 14A

Delegate responsibility for determining outside directors' pay components (retainers, fees, long term incentive plans, benefits, and perquisites) to another committee due to potential conflict of interest.

Keep abreast of current developments in executive compensation outside the company.

The compensation committee must distinguish its oversight responsibility from involvement in the company's day-to-day management and the conduct of any independent compensation reviews. The committee must not be considered an adversary of management, rather it is part of the corporation's governance and oversight process.

The committee must work with management in accordance with its charter to demonstrate a clear relationship of pay levels to organization performance and returns to shareholders. The compensation committee will always be mindful of the fact that compensation structures not properly aligned with organizational objectives become a barrier to the organization's effectiveness in delivering sustainable returns to shareholders.
