BRL HOLDINGS, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)
FOR THE THREE MONTHS ENDED SEPTEMBER 30, 2002

Note 1 Basis of presentation

The accompanying unaudited consolidated financial statements have been prepared from the books and records of BRL Holdings, Inc., (the "Company" or "BRL" formerly Biorelease Corp or Biorelease). As discussed in Notes 1 to the consolidated financial statements of the Company included in its filing on Form 10-KSB for the year ended June 30, 2002 and in Note 2 hereunder, as of the consummation of the acquisition of Element 21 Golf Company, the reporting entity will change from the Company to Element 21 Golf Company. These statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB and Rule 310 of Regulation S-B. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete consolidated financial statements and should be read in conjunction with the Company's audited financial statements at and for the fiscal year ended June 30, 2002. In the opinion of management, all adjustments (consisting only of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three months ended September 30, 2002 are not necessarily indicative of the results that may be expected for the year ended June 30, 2003.

As further discussed in Note 2, in October of 2002 of the Company declared a 2 for 1 stock split in the form of a stock dividend. This dividend has been reflected retroactively in the accompanying financial statements and accordingly all share and per share amounts have been restated

Note 2- Subsequent Events

In October of 2002, the Company acquired Element 21 Golf Company (Element 21) under an Amended and Restated Agreement (the "Agreement") wherein BRL will issue 42,472,420 shares of its common stock to shareholders of Element 21 and assume Element 21 obligations under option agreements allowing for the purchase of 6,432,000 additional shares of common stock. Element 21 is a development stage company recently formed to design, develop and market scandium alloy golf clubs. As of the date of the Agreement, Element 21 had not yet commenced its principal operations. This acquisition will be accounted

Edgar Filing: BRL HOLDINGS INC - Form 10QSB

for as a reverse acquisition using the purchase method of accounting, as the shareholders of Element 21 will control the Company immediately following the acquisition. The Company has not yet had an opportunity to determine the value of the shares issued in this transaction or to determine an appropriate basis for the allocation of the purchase price.

Dr. Reeves, his affiliates and the Company's Treasurer owned approximately 8% of Element 21 prior to the Agreement.

Immediately following the closing of the Element 21 acquisition, the Company declared: 1) a 2 for 1 split of its common stock effected in the form of a dividend and 2) a dividend of 100% of its wholly-owned subsidiary Tech Ventures, Inc. and Advanced Conductor Technology, Inc., which collectively represented substantially all of the Company's assets prior to its acquisition of Element 21 (the "Spin-Off") and the Officers and Directors immediately prior to the acquisition resigned. The stockholders who received common stock in connection with the Element 21 acquisition will receive the stock dividend, but have waived their rights to receive distributions associated with the planned Spin-Off.

The Spin-Off will only occur after the compliance with Security and Exchange Commission regulations.

As of the consummation of these transactions and events, the reporting entity will consist of the operations of Element 21.

6

Item 2. Management's Discussion and Analysis or Plan of Operation.

Plan of Operation.

During the next 12 months, we plan to design, develop and market scandium alloy golf clubs, based upon the technology we acquired in the Element 21 Acquisition. We have not yet formulated our business plan in this respect, so we are unable to determine what funds will be immediately necessary to implement our planned operations; however, we will need substantial funds, in either equity or debt investments, or partners, who can fund our planned research and development once our business plan has been formulated. There are no present arrangements or understandings with anyone to provide this required funding.

During the next 12 months, our only foreseeable cash requirements will relate to maintaining our Company in good standing or the payment of expenses associated with reviewing or investigating any potential business venture. Our Company may be required to sell shares of our common stock to "accredited" or "sophisticated" investors or borrow from members of management, as we have done in the past for the payment of expenses related to these matters.

Results of Operations.

The Company had no operations other than those associated with formulating a strategic plan to design, develop and market scandium alloy golf clubs, based upon the technology we acquired in the Element 21 Acquisition. We have not yet formalized this plan and accordingly we have not yet determined the amount of capital that will be required to implement.

Three Months Ended, September 30, 2002 and 2001.

Edgar Filing: BRL HOLDINGS INC - Form 10QSB

For the three months ended September 30, 2002, the Company had no revenues and incurred general and administrative expenses of \$38,882 resulting in a net loss of \$38,882 as compared with the three months ended September 30, 2001 wherein the Company had no revenues and incurred administrative expenses of \$9,788 resulting in a net loss of \$9,788.

Liquidity.

At September 30, 2002, our current assets were \$1,683 and we had total current liabilities of \$72,270 resulting in a stockholder's deficit of \$70,587. In order to meet its expenses during the next 12 months, management expects that we may be required to sell shares of our common stock to "accredited" or "sophisticated" investors or borrow from members of our management, as we have done in the past, to pay required expenses.

Item 3. Controls and Procedures.

(a) Evaluation of Disclosure Controls and Procedures.

Our President and Secretary/Treasurer have evaluated our Company's disclosure controls and procedures as of November 14, 2002, and they concluded that these controls and procedures are effective.

(b) Changes in Internal Controls.

There are no significant changes in internal controls or in other factors that could significantly affect these controls subsequent to November 14, 2002.

Item 3. Defaults Upon Senior Securities.

Edgar Filing: BRL HOLDINGS INC - Form 10QSB

stock of Element 21 Golf Company, a recently formed Delaware corporation ("Element 21"), in a stock for stock transaction ("the Acquisition"). To complete the Acquisition, we agreed to issue up to 48,904,420 shares of our common stock consisting of the issuance of 42,472,420 shares of "restricted securities" (common stock) and the assumption of Element 21's obligations under options granted by Element 21 to its officers, directors and consultants to purchase 6,432,000 shares of our common stock, in recognition of options to purchase a like amount of shares of Element 21 held by these individuals. This Acquisition will be accounted for as a "reverse" acquisition using the purchase method of accounting, as the shareholders of Element 21 controlled our Company immediately following the Acquisition. We have not yet had an opportunity to determine the value of the shares issued in this transaction or to determine an appropriate basis for the allocation of the purchase price.

For further information regarding this Acquisition, see our 8-KA Current Report dated October 2, 2002, that was filed with the Securities and Exchange Commission on November 5, 2002, and which included a copy of the Restated Agreement and Plan of Reorganization, together with all schedules and exhibits, and which is incorporated herein by reference.
