Item 5.04 Temporary Suspension of Trading Under Registrant's Employee Benefit Plans.

On January 20, 2006, NovaStar Financial, Inc. (the Company) filed a registration statement on Form S-3 in connection with the Company's offer to rescind (the Rescission Offer) the previous purchase of shares of Company common stock included in units in the NovaStar Common Stock Fund, which was an investment alternative under the Company's 401(k) Plan, purchased during the one-year period immediately preceding January 20, 2006. In order to process the Rescission Offer, the Company, as Plan administrator, must temporarily suspend all transactions related to the NovaStar Fund for Plan participants that accept the Rescission Offer.

In connection with the Rescission Offer, on January 26, 2006, the Company sent a notice to its directors and executive officers informing them that a blackout period may be in effect beginning at 5:00 p.m., Central time, on February 21, 2006 and ending during the calendar week of February 26, 2006 (the Blackout Period) during which they will be restricted from, directly or indirectly, purchasing, acquiring, exercising, selling or otherwise transferring certain equity securities of the Company.

During the Blackout Period and for a period of two years after the Blackout Period has ended, security holders of the Company or other interested persons may obtain, without charge, the actual ending date of the Blackout Period upon written request to the Company at 8140 Ward Parkway, Suite 300, Kansas City, Missouri 64114, Attention: General Counsel.

Although the notice may not have been required because the Blackout Period may not affect the ability of 50% or more of the participants in individual account plans maintained by the Company to acquire or hold equity securities of the Company, it was provided as a cautionary matter to ensure compliance with Section 306(a) of the Sarbanes-Oxley Act of 2002 and Rule 104 of the Regulation BTR. A copy of the notice is attached as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated by reference herein.
