SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This periodic report contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 with respect to the financial condition, results of operations, business strategies, operating efficiencies or synergies, competitive positions, growth opportunities for existing products, plans and objectives of management. Statements in this periodic report that are not historical facts are hereby identified as "forward-looking statements".

Business

The Company was incorporated in Delaware on June 11, 1992. On May 28, 1998, the Company changed its name from Plasmatrix Technologies, Inc. to Ecological Services, Inc. and on January 3, 2003 changed its name to Stanford Capital Corporation. In December 2002, the Company acquired all the issued and outstanding shares of Stanford Capital International, Ltd. a Hong Kong based public relations firm for 10,000 shares of its common stock. This transaction was subsequently revoked. On January 31, 2004, the Company acquired all of the shares of Skreem Entertainment Corporation in exchange for 22,000,000 shares of its one for five post reverse split common shares. Skreem Entertainment Corporation promotes finances and manages artists in the entertainment industry.

Overview

Our business is to locate and promote recording talent.

The Company is constantly seeking talent for recording and performing. Company employees utilize their industry contacts and experience to locate prospective music acts, including music groups and individuals, and evaluate these acts to determine if, from the Company's perspective, such acts demonstrate the talent potential to succeed in the music industry.

Upon locating an act that the Company believes has the potential for success, the Company will sign the act to a contract. Upon signing a typical contract, the Company at its option will advance funds to the artist to pay for travel, arrange for performances, schedule public appearances and generally promote the act, and the act's music, in exchange for a percentage of the revenues generated by the act's performances and music sales.

Once the Company has located an act it wishes to promote, the Company will determine where to promote the artist. It is the Company's strategy to promote talent outside of the United States until the talent has demonstrated the ability to sell music or tickets to performances. Once an act has gained some level of success abroad, the Company intends to promote and market the act in the United States. The Company believes that promoting abroad is a viable approach because it costs less initially, foreign markets are very receptive to American type music acts, and there is less competition.

Distribution

The Company distributes its acts in two different ways. The first is through concerts and public appearances. An act will perform and tour playing concerts as frequently as possible to increase public awareness of their music. An act will also make public appearances at retail centers, public places and other events also to increase the act's public awareness.

The second way the act gains publicity is through licensing and sales of the act's music. The Company does not sell records or other music media, however, it does license master recordings to other organizations which distribute the recordings in various media. The Company receives royalty payments pursuant to licensing agreements, which are a percentage of revenues from distribution of

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form 10KSB

the recordings.

The Company's artists' music is currently being distributed by various organizations throughout Europe and in other countries. Further description is provided in the Plan of Operation under Item 6.

3

Licensing

From time to time the Company enters into licensing agreements with music production and distribution companies. The license agreements typically grant the production and distribution company rights to a music single or all of an act's music in a particular country or region with a term of three to fifteen years. The production or distribution company can then distribute the music in record or cd format, mp3, ringtone, or any other music media licensed in the agreement. The Company typically receives royalties of a negotiated percentage between 18% and 75% of sales of the production and distribution company's published dealer price less certain packaging deductions. In addition, the Company shall receive between 18% and 75% of net royalty receipts received by in the particular nation or region. In connection with the license agreement, the Company may receive a cash advance.

Exclusive Artist Recording Agreements

At March 31, 2006, the Company had entered into long-term Exclusive Artist Recording Agreements with six artists, which include the three Artists of "3rdWish", the Artist "PatMoe", the Artist "Precious Dawn Francis" and the Artist "Willie Bivins, Jr" also known as "Willie Will" for the purpose of engaging the exclusive personal services of the Artists for making master sound recordings for distribution in any medium. The territory for the agreements shall be worldwide. All master recordings made by the Artists during the terms of the agreements shall be recorded by the Artists on the Company's behalf, and all phonograph records and related performances shall be the entire property of the Company; the Company shall have the right to secure sound recording copyright; and the Company and its licensees shall have the sole and exclusive right to use the recordings throughout the world or any part thereof in any manner it sees fit. The Company may pay all specifically approved recording costs in connection with the master recordings made hereunder, and all recording costs shall be deemed fully recoupable advances to the Artists and shall be deducted from any and all royalties payable to the Artist by the Company under this or any and all royalties payable to the Artists by the Company. Any and all monies paid to or on behalf of the Artists during the term of the agreement shall be fully recoupable, non-returnable advances unless otherwise expressly agreed in writing between the Company and the Artists. The Company has the right, but not the obligation to have the Artists participate in the creation of music videos and 100% of any and all monies expended by or advanced by the Company for the production of music videos shall constitute additional fully recoupable advances hereunder. The Company shall own any and all rights in and to said music videos in perpetuity.

In its sole discretion, the Company may choose, at any time during the term of the agreements, to license master recordings made by the Artists to third parties on a flat fee or royalty basis, or to enter into a distribution agreement with a third party distributor for the distribution of phonograph records embodying master recordings recorded by the Artists through normal retail channels in the United States and worldwide. With respect to master recordings of the Artists licensed to third parties on a flat-fee basis, the Company shall pay the Artists 20-50% of the net amount received by the Company

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form 10KSB

under such license. With respect to master recordings of the Artists licensed to third parties on a royalty basis, and with respect to phonograph recordings released through a distributor selected by the Company, the Company shall pay the Artists the lesser of 20-50% of the Company's net earned royalty receipts under such license or distribution agreement, or 20-50% of the basic album or single rate as defined in the agreements. Further, in its sole discretion, the Company may choose to commercially release phonograph records through the Company's own distribution network. In such event, the Company agrees to pay the Artists royalties based on the basic album or single rate as defined in the agreements. For phonograph recordings that are exported or sold outside the United States and through record clubs or similar plans, the Artists shall be paid a royalty of 20-50% of the amounts provided of the above mentioned amounts. In addition, the Artists may earn royalties related to licenses for musical compositions, music video licenses and merchandising.

At March 31, 2006, the Artists had earned royalties of approximately \$45,000, based on the year-end reported licensing revenues. However, the Company is not obligated to pay any royalties until total advances to Artists of \$1,468,424 at March 31, 2006 (plus any future advances) have been recouped.

Music Publishing Agreements

At March 31, 2006, the Company had entered into long-term Music Publishing Agreements with five individual Writers, which include the three Artists of "3rd Wish", the Artist "PatMoe" and the Artist "Willie Will". The Company engaged the Writers to render the Writer's exclusive services as songwriters and composers based upon terms and conditions set forth in the agreements. In accordance with the agreements, the Writers grant all rights to all musical compositions written or owned by the Writers and all musical compositions shall be the Company's exclusive property as sole owner. The Company shall pay royalties to the Writers based on various terms and conditions set forth in the agreements. There have been no royalties earned by the writers related to the agreements.

4

Personal Management Agreement

At March 31, 2006, the Company had entered into long-term Personal Management Agreements with five Artists, which include the three Artists of "3rd Wish", the Artist "PatMoe" and the Artist "Willie Will". The Company accepts the engagement as the Artists' sole and exclusive personal management company in connection with all activities in the entertainment industries throughout the world, including but not limited to their services as musicians, songwriters, actors, publishers, packagers or performers in any medium now known or hereafter devised. For personal management services performed, the Artists agree to pay the Company 15%-20% of all gross compensation earned or received as a result of activities in the entertainment industry. However, the Company shall not be entitled to commissions by the Artists from the sale, license, or grant of any literary or music rights to the Company or any person, firm, or corporation owned or controlled by the Company. During the year ended March 31, 2006, the Company earned commissions of \$981, all related to live performances.

The Company's acts face fierce competition. There is no shortage of acts and musicians seeking fortune and fame. There is also no shortage of talent in the music industry. The Company believes that their approach of being selective when choosing acts, refining these acts abroad, and marketing the acts through appearances, performances, and music sales is a viable method to compete in the music industry. However there are many other organizations with more capital to spend, greater access to talent, better industry connections, and more

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form 10KSB

experience.

The Company's future depends on the success of its acts and artists. Many music acts spend entire careers without having a single popular song or tour. The most talented artists and acts are not always the most successful and fan acceptance is the most important and most difficult element of success. If the fans like the act, the fans will purchase the music and tickets and recommend it to friends. If the fans don't like the act, the act may never gain acceptance.

Employees

The Company, as of June 15, 2006, employs a total of 2 persons, one of these full-time, at its corporate headquarters in Florida.

ITEM 2 DESCRIPTION OF PROPERTIES

The Company's administrative offices are located in a leased office facility located at 11637 Orpington Street, Orlando, Florida 32817. The facility contains approximately 2,000 square feet of office space. There is no lease on the facility nor is there a rental fee as the property is owned by the principal shareholder of the Company.

ITEM 3. LEGAL PROCEEDINGS

No matters were submitted to a vote of the Company's shareholders through the solicitation of proxies, during the fourth quarter of the Company's fiscal year ended March 31, 2006.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

Plan of Operation

The Company plans to continue operations by developing current acts into successful music performing and recording acts. The Company currently has three acts, "3rd Wish", "Pat Moe" and Willie Will". These three acts will tour, perform, make public appearances, and continue to record as opportunities are located. The Company is uncertain as to when these acts may enter the U.S.

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form 10KSB

market.

The Company's cash balance is insufficient to satisfy the Company's cash requirements for the next 12 months. The Company believes it can satisfy its cash requirements for 6 months with current cash and receivables. The Company is dependent on continued receipt of revenues and will need outside funding from the sale of shares or debt financing in order to continue operations beyond that point.

The Company does not anticipate acquiring any significant equipment during the next twelve months.

The Company does not anticipate any significant changes in the number of employees in the next twelve months.

The Company has entered into various license agreements which grant certain exclusive rights to sell and distribute certain recordings by "3rd Wish". The table below sets forth the parties and territories covered by these license agreements:

Party(Licensee)	Territories
Cheyenne Records	Germany, Switzerland and Austria
Three 8 Music Limited	UK, Eire
Shock Records Pty Ltd	Australia, New Zealand
NRJ Music	France, Andorra, Monaco, Belgium
Megaliner Records	Russia, Azerbaijan, Armenia, Georgia, Moldova, Kazakstan, Kyrgyzstan, Tajikistan, Uzbekistan, Turkmenistan, Ukraine, Republic of Belarus, Lithuania, Latvia, Estonia
NMC Music Ltd.	Israel
Vidisco	Portugal
Planet Records	Italy

Revenue is recognized in accordance with Staff Accounting Bulletin No. 104 (SAB 104) when persuasive evidence of an arrangement exists, the price to the buyer is fixed or determinable; delivery had occurred or services have been rendered or the license period has begun; and collectibility is reasonably assured.

Revenue from the distribution of recordings under license and distribution agreements is recognized as earned under the criteria established by Statement of Financial Accounting Standard No. 50. Revenue is generally recognized when the Company receives an "accounting" of recordings sold with payment from the licensee. In the event the Company has not received an "accounting" from the licensee and if the Company has information related to the licensed use of recordings that would result in the revenue being fixed and determinable, and collection is reasonably assured, then revenue is recognized in the periods in which the license revenue is earned. Minimum guarantees (advances) received from licensees are recorded as deferred revenue and are amortized over the performance period, which is generally the period covered by the agreement.

Results of Operations

The Company presents this discussion and analysis as a comparison between the audited financial data for March 31, 2006 and 2005 for informational purposes.

Year Ended March 31, 2006 Compared to the Year Ended March 31, 2005

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form 10KSB

Revenues - The Company had \$64,937 of revenue for the year ended March 31, 2006, compared to \$120,862 of revenue for the year ended March 31, 2005. The decrease in revenue is primarily due to a decrease of \$53,667 from licensing agreements to distribute 3rd Wish's music.

Operating Expenses - Operating expenses for the year ended March 31, 2006, were \$914,499, a decrease of \$396,434 or 30% from \$1,310,933 for the year ended March 31, 2005. The decrease is primarily due to a decrease in production expenses related to video shoots and recordings of approximately \$442,000, a decrease in advertising of approximately \$115,000, and an increase in travel and related support for artists in Germany of approximately \$161,000.

General and Administrative Expenses - General and administrative expenses increased 12% to \$357,598 for the year ended March 31, 2006 from \$318,150 for the year ended March 31, 2005. This increase is attributable to a \$29,800 increase in salaries and benefits plus \$9,200 increase in other general and administrative expense.

Interest Expense - Interest expense increased 101% to \$169,369 for the year ended March 31, 2006 from \$84,248 for the year ended March 31, 2005. This increase is attributable to having more debt outstanding for the year ended March 31, 2006.

As a result of the foregoing, the net operating loss of the company decreased 14% to \$1,376,529 for the year ended March 31, 2006 from \$1,592,469 for the year ended March 31, 2005.

Liquidity and Capital Resources

As of March 31, 2006, the Company had cash of \$62,383 and a deficit in working capital of \$1,852,361.

For the year ended March 31, 2006, the Company used \$873,349 in operating activities which is primarily due to a net loss of \$1,376,529, a decrease in accounts receivable of 114,257, and a decrease in prepaid expenses and deposits of \$35,616. These are offset by depreciation expense of \$3,704, increase in accounts payable and accrued liabilities of \$159,363, increase in interest payable to affiliates of \$132,298, and a decrease in deferred revenue of \$10,828.

For the year ended March 31, 2006, the Company used \$863 for investing activities. All of the cash used by investing activities was for the purchase of equipment.

For the year ended March 31, 2006 cash provided by financing activities was \$884,400. The amount represents \$276,400 provided by the issuance of common stock, \$643,000 which represents the proceeds from notes payable to a shareholder, and \$35,000 which represents notes payable to affiliates and others which was reduced by \$70,000 for the repayment of loans. Because of the continued net operating losses of the Company, the Company will not be able to continue as a going concern unless it is able to sell its shares or obtain third and/or related party loans. Although the principal shareholder and affiliates of the Company has been willing to lend funds to the Company in the past, there is no obligation for them to do so in the future. Without such funding, or the sale of its shares, the Company will have insufficient funds to execute its business plans for the next twelve months.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders and Board of Directors
Skreem Entertainment Corporation:

We have audited the accompanying consolidated balance sheet of Skreem Entertainment Corporation (the "Company"), a development stage company, as of March 31, 2006, and the related consolidated statements of operations, stockholders' equity (deficit) and cash flows for the years ended March 31, 2006 and 2005, and for the period from inception, August 19, 1999, through March 31, 2006. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Skreem Entertainment Corporation as of March 31, 2006, and the consolidated results of its operations and its cash flows for the years ended March 31, 2006 and 2005, and for the period from inception, August 19, 1999, through March 31, 2006, in conformity with accounting principles generally accepted in the United States of America.

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the consolidated financial statements, the Company is in the development stage and has suffered recurring losses from operations and had a net capital deficit, which raises substantial doubt about its ability to continue as a going concern. Management plans to continue funding the operation through an affiliate owned by a major shareholder of the Company. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

- Nature of Operations and Summary of Significant Accounting Policies

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form 10KSB

Nature of the Business and Merger

Stanford Capital Corporation (Stanford) was incorporated under the laws of the State of Delaware on June 11, 1992. During January 2004, Stanford acquired all of the issued and outstanding shares of common stock of Skreem Entertainment Corporation (Skreem) in exchange for 22,000,000 post reverse split shares of common stock, par value \$0.001 per share, to holders of Skreem's common stock. The transaction is considered a reverse merger and Skreem became a wholly owned subsidiary of Stanford. Stanford and Skreem are collectively referred to as "the Company". On March 16, 2004 the Company filed a Certificate of Amendment with the Delaware Secretary of State changing the Company's name to Skreem Entertainment Corporation and reverse splitting the Company's shares on a one (1) for five (5) basis. The financial statements herein reflect the effect of the reverse stock split. The proforma effects of the reverse merger are not material to the consolidated financial statements.

Skreem is a development stage company that was incorporated in Nevada on August 19, 1999. Skreem was formed to promote, finance and manage artists and projects in the music industry and is located in the State of Florida.

Basis of Presentation and Consolidation

The consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The Company has elected to continue the fiscal year of the legal acquirer (registrant).

The consolidated financial statements include the financial statements of the Company and its wholly owned subsidiary. All significant intercompany balances and transactions, including intercompany profits and unrealized profits and losses are eliminated on consolidation.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand and on deposit at a major financial institution. The Company considers highly liquid investments with original maturities of three months or less when purchased to be cash equivalents.

Advances to Artists

The Company advances monies to artists upon the artist signing the "Exclusive Recording Artist Agreement." An advance paid to an artist shall be reported as an asset if the past performance and current popularity of the artist to whom the advance is made provide a sound basis for estimating that the amount of the advance will be recoverable from future royalties to be earned by the artist. Any portion of advances that subsequently appear not to be fully recoverable from future royalties to be earned by the artist shall be charged to expense during the period in which the loss becomes evident.

1. Nature of Operations and Summary of Significant Accounting Policies,

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form 10KSB

Continued

Property and Equipment

Property and equipment are stated at cost. Provisions for depreciation are computed using the double-declining method based on the estimated useful lives of the assets, generally three to seven years. Expenditures that increase the value or extend the life of the asset are capitalized, while cost of maintenance and repairs are expensed as incurred. Leasehold improvements are amortized on a straight-line basis over the shorter of the useful life of the improvement or the term of the lease. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts, and any resulting gain or loss is recognized.

In accordance with Statement of Financial Accounting Standards (SFAS) No.144, "Accounting for the Impairment or Disposal of Long-lived Assets,"the Company examines the possibility of decrease in value of fixed assets when events or changes in circumstances reflect the fact that their recorded value may not be recoverable.

Record Masters

A record master borne by the Company is reported as a cost of production when the past performance and current popularity of the artist does not provide a sound basis for estimating that the cost will be recovered from future sales.

Revenue Recognition

Revenue is recognized in accordance with Staff Accounting Bulletin No.104 (SAB 104) when persuasive evidence of an arrangement exists, the price to the buyer is fixed or determinable; delivery has occurred or services have been rendered or the license period has begun; and collection is reasonably assured.

Revenue from the distribution of recordings under license and distribution agreements is recognized as earned under the criteria established by Statement of Financial Accounting Standard No. 50. Revenue is generally recognized when the Company receives an "accounting" of recordings sold with payment from the licensee. In the event the Company has not received an "accounting" from the licensee and if the Company has information related to the licensed use of recordings that would result in the revenue being fixed and determinable, and collection is reasonably assured, then revenue is recognized in the periods in which the license revenue is earned. Minimum guarantees (advances) received from licensees are recorded as deferred revenue and are amortized over the performance period, which is generally the period covered by the agreement.

Advertising Costs

All costs related to general advertising are charged to expense as incurred. For the year ended March 31, 2006 and 2005, the Company recorded total advertising expense of \$1,266 and \$116,046, respectively.

Operating Expenses

Operating expenses include music production costs, artist compensation costs, and other operating expenses. The Company enters into production, promotion and related consulting agreements in the ordinary course of business.

1. Nature of Operations and Summary of Significant Accounting Policies,
Continued

Use of Estimates

The preparation of financial statements in conformity with general accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

From inception of the Company through August 31, 2003, the Company had elected to be taxed under Subchapter S of the Internal Revenue Code. As a result, corporate income or loss passes through to the shareholders and therefore, no provision for federal or state income taxes has been recorded by the Company. On August 31, 2003, the Company converted certain debt and accrued interest owed to affiliates to equity. The affiliates were a corporation and a partnership that made the Company ineligible to be taxed under subchapter S of the Internal Revenue Code. Subsequent to August 31, 2003, the Company accounts for income tax using Statements of Financial Accounting (SFAS) No. 109 "Accounting for Income Taxes."

Recent Accounting Pronouncements

In May 2005, the FASB issued SFAS No. 154, "Accounting Changes and Error Corrections, a Replacement of APB Opinion No. 20 and FASB Statement No. 3." SFAS No. 154 requires retrospective application of changes in accounting principle to prior periods' financial statements, rather than the use of the cumulative effect of a change in accounting principle, unless impracticable. If impracticable to determine the impact on prior periods, then the new accounting principle should be applied to the balances of assets and liabilities as of the beginning of the earliest period for which retrospective application is practicable, with a corresponding adjustment to equity, unless impracticable for all periods presented, in which case prospective treatment should be applied. SFAS No. 154 applies to all voluntary changes in accounting principle, as well as those required by the issuance of new accounting pronouncements if no specific transition guidance is provided. SFAS No. 154 does not change the previously issued guidance for reporting a change in accounting estimate or correction of an error. SFAS No. 154 becomes effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. The Company does not expect this policy to have a material impact on its financial position, results of operations or cash flows.

Going Concern

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form 10KSB

liabilities in the normal course of business. The Company sustained losses of \$1,376,529 and \$1,592,469, for the year ended March 31, 2006, and the year ended March 31, 2005 respectively. The Company had an accumulated deficit of \$5,105,662 at March 31, 2006. These factors raise substantial doubt about the ability of the Company to continue as a going concern for a reasonable period of time. The Company is highly dependent on its ability to continue to obtain investment capital and loans from an affiliate and shareholder in order to fund the current and planned operating levels. The consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern. The Company's continuation as a going concern is dependent upon its ability to continue receiving investment capital and loans from an affiliate and shareholder to complete promotion of the Company's artists, continue production of music and achieve a level of success that will enable it to sustain its operations. No assurance can be given that the Company will be successful in these efforts.

3. Income Taxes, Continued

As of March 31, 2006, the Company has net operating loss carryforwards of approximately \$2,178,000. The carryforwards begin to expire in the year 2023. The Company's net operating loss carry forwards may be subject to annual limitations, which could reduce or defer the utilization of the losses as a result of an ownership change as defined in section 382 of the Internal Revenue Code. The tax effects of the temporary differences between reportable financial statement income and taxable income are recognized as a deferred tax asset and liability.

Significant components of the deferred tax assets are set out below along with a valuation allowance to reduce the net deferred tax asset to zero. In order to comply with generally accepted accounting principles, management has decided to establish the valuation allowance because of the potential that the tax benefits underlying deferred tax asset may not be realized. Significant components of the Company's deferred tax asset at March 31, 2006 are as follows:

Net operating loss carryforwards	\$ 740,421
Deferred revenues	8,330
Deferred expenses	573,109
