#### Item 5. Other Events.

On March 7, 2003, the Company announced that data from its second pivotal Phase III MS-325 clinical trial in patients with suspected vascular disease in the aortoiliac region were presented at the 2003 European Congress of Radiology Annual Scientific Session. The results of the trial demonstrated the potential clinical utility of MS-325-enhanced magnetic resonance angiography images in detecting vascular disease.

The press release announcing data from the Company's second pivotal Phase III MS-325 clinical trial is filed as an exhibit to this Form 8-K, and is incorporated by reference into this Item 5. The foregoing description of such document and the enrollment results contemplated therein is qualified in its entirety by reference to such exhibit.
