(4) Date Filed:

METHODE ELECTRONICS, INC.

NOTICE OF SPECIAL MEETING OF ELIGIBLE CLASS A STOCKHOLDERS

July 10, 2003

To the Eligible Class A Common Stockholders of
METHODE ELECTRONICS, INC.

Notice is hereby given that a special meeting of the eligible holders of Class A common stock of Methode Electronics, Inc. ("Methode") will be held on Thursday, July 10, 2003 at 10:00 a.m., Chicago time, at Methode's corporate offices, 7401 West Wilson Avenue, Chicago, Illinois.

The purpose of the special meeting is to consider and vote upon a proposal to approve the making of a tender offer by Methode to purchase all of the outstanding shares of our Class B common stock at a price of \$20.00 per share in cash on the terms and conditions provided for in an Agreement dated August 19, 2002, as amended December 26, 2002 (the "Agreement") by and among Methode; Marital Trust No. 1 and Marital Trust No. 2, each created under the William J. McGinley Trust (collectively, the "Trusts"); and Jane R. McGinley; Margaret J. McGinley; James W. McGinley and Robert R. McGinley (collectively, the "McGinley family members"). The making of such tender offer, pursuant to the terms of the Agreement, is referred to herein as the "Offer." A copy of the Agreement is attached as Annex A to the accompanying proxy statement.

All shares of our Class A common stock are entitled to vote at the special meeting, except for shares of our Class A common stock held by the Trusts and the McGinley family members (the "Eligible Class A common stockholders"). Since most of our Class A common stock is held by nominees, such as brokers, Methode does not know how many shares of our Class B common stock are also owned by Eligible Class A common stockholders. Our board of directors has fixed the close of business on June 5, 2003 as the record date for the determination of Eligible Class A common stockholders entitled to notice of and to vote at the special meeting and at any adjournment or postponement thereof.

A special committee (the "Special Committee") of our board of directors composed of Class A directors has approved the Offer, and believes that the Offer is in the best interests of Methode and is fair to, and in the best interests of, all of our Class A common stockholders. The Special Committee did not make separate determinations regarding whether the Offer is fair to, and in the best interests of, either Class A common stockholders who are affiliated with Methode or Class A common stockholders who are not affiliated with Methode. The Special Committee determined that the approximately \$10.7 million premium to be paid to the holders of our Class B common stock was a fair price to pay to eliminate the control exercised by the Class B stockholders. **The Special Committee recommends that you vote "FOR" approval of the Offer.**

It is important that your shares be represented and voted at the special meeting. Whether or not you plan to attend the special meeting, please complete, sign, date and mail the accompanying proxy card in the enclosed self-addressed, stamped envelope, or deliver your proxy by telephone or the Internet in accordance with the instructions provided. Please do not submit a proxy card if you have delivered your proxy by

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

telephone or the Internet. You may change your vote for any reason at any time before the special meeting by submitting written revocation of your proxy to the Corporate Secretary, by submitting a later-dated and properly executed proxy (including by means of a telephone

or Internet vote) or by voting in person at the special meeting. Your cooperation is respectfully solicited.

By order of the Board of Directors.

William T. Jensen

Chairman

Chicago, Illinois

June 12, 2003

This transaction has not been approved or disapproved by the Securities and Exchange Commission or any state securities commission nor has any such commission passed upon the fairness or merits of such transaction or upon the accuracy or adequacy of the information contained in this proxy statement. Any representation to the contrary is a criminal offense.

YOUR VOTE IS IMPORTANT

If you have any questions or need assistance in voting your shares, please call our proxy solicitor, Innisfree M&A Incorporated, toll free, at 1-888-750-5834.

PROXY STATEMENT

**Special Meeting of Eligible Class A Common Stockholders
To Be Held On July 10, 2003**

INTRODUCTION

The enclosed proxy is solicited on behalf of Methode Electronics, Inc. ("Methode") in connection with a special meeting of eligible holders of our Class A common stock to be held on Thursday, July 10, 2003 at 10:00 a.m., Chicago time, at Methode's corporate offices, 7401 West Wilson Avenue, Chicago, Illinois, and at any adjournment or postponement of the special meeting.

This proxy statement and accompanying proxy card, if applicable, are first being mailed to holders of our Class A common stock and our Class B common stock on or about June 12, 2003. The Trusts and the McGinley family members and holders of our Class B common stock will be mailed this proxy statement for informational purposes only and are not entitled to vote at the special meeting.

At the special meeting, we will ask eligible Class A common stockholders to consider and vote upon a proposal to approve the making of a tender offer by Methode to purchase all of the outstanding shares of our Class B common stock at a price of \$20.00 per share in cash on the terms and conditions provided for in an Agreement dated August 19, 2002, as amended December 26, 2002 (the "Agreement") by and among Methode; Marital Trust No. 1 and Marital Trust No. 2, each created under the William J. McGinley Trust (collectively, the "Trusts"); and Jane R. McGinley; Margaret J. McGinley; James W. McGinley and Robert R. McGinley (collectively, the "McGinley family members"). The making of such tender offer is referred to herein as the "Offer." A copy of the Agreement is attached as Annex A to this proxy statement.

A special committee (the "Special Committee") of our board of directors composed of Class A directors has approved the Offer, and believes that the Offer is in the best interests of Methode and is fair to, and in the best interests of, all of our Class A common stockholders. The Special Committee did not make separate determinations regarding whether the Offer is fair to, and in the best interests of, either Class A common stockholders who are affiliated with Methode or Class A common stockholders who are not affiliated with Methode. The Special Committee determined that the approximately \$10.7 million premium to be paid to the holders of our Class B common stock was a fair price to pay to eliminate the control exercised by the Class B stockholders. **The Special Committee recommends that you vote "FOR" approval of the Offer.**

Methode believes and would take the position that under Delaware law stockholders who vote in favor of the Offer will be barred from challenging the Offer at a later date.

It is important that your shares be represented and voted at the special meeting. Whether or not you plan to attend the special meeting, please complete, sign, date and mail the accompanying proxy card in the enclosed self-addressed, stamped envelope, or deliver your proxy by telephone or the Internet in accordance with the instructions provided on the proxy card. The law of Delaware, under which we are incorporated, specifically permits electronically transmitted proxies, provided that each proxy contains or is submitted with information from which the inspector of election can determine that such proxy was authorized by the stockholder. In order to grant a proxy by Internet, go to www.proxyvote.com and enter your individual 12-digit Control Number on your proxy card in order to obtain your records and to create an electronic voting instruction form. In order to grant a proxy by

telephone, call 1-800-690-6903 and enter your individual 12-digit Control Number on your proxy card and then follow the instructions given over the telephone. You may vote by Internet or by telephone up until 11:59 p.m. Central Time the day before the meeting date. Please do not submit a proxy card if you delivered your proxy by telephone or the Internet. You may change your vote for any reason at any time before the special meeting by submitting written revocation of your proxy to the Corporate Secretary, by submitting a later-dated and properly executed proxy (including by means of a telephone or Internet vote) or by voting in person at the special meeting.

The date of this proxy statement is June 12, 2003.

SUMMARY TERM SHEET

The following summarizes the principal terms of the Offer by Methode to purchase all of the outstanding shares of our Class B common stock at a price of \$20.00 per share in cash on the terms and conditions provided for in the Agreement. At the special meeting, we will ask our eligible Class A common stockholders to consider and vote upon a proposal to approve the making of the Offer.

This summary does not contain all information that may be important to you in determining whether or not to vote in favor of the proposal to approve the making of the Offer at the special meeting. We encourage you to read this proxy statement, including the annexes and the documents we have incorporated by reference into this proxy statement, in their entirety before voting. We have included section references to direct you to a more complete description of the topics discussed in this summary.

At the special meeting, we will ask you to approve the making of an Offer by Methode to purchase all of the outstanding shares of our Class B common stock at a price of \$20.00 per share in cash on the terms and conditions provided for in the Agreement. All shares of our Class A common stock are entitled to vote at the special meeting, except for shares of our Class A common stock held by the Trusts and the McGinley family members. The affirmative vote of a majority of the Class A common stock present in person or by proxy at the special meeting is required to approve the Offer. Please read subsections "General" and "Quorum; Votes Required" under "The Special Meeting" beginning on page 7.

Under the terms of the Agreement, Methode has agreed to make the Offer. Methode's obligation to commence the Offer is subject to the prior approval of the Offer by a majority of the shares of our Class A common stock present in person or by proxy at the special meeting (excluding Class A common stock held by the Trusts and the McGinley family members). Please read "Proposal to Approve the Offer The Agreement" beginning on page 9.

The Agreement provides that either Methode or the Trusts may terminate the Agreement if the Offer is not completed on or prior to May 31, 2003. Since the Offer was not

completed by this date, either Methode or the Trusts may terminate the Agreement at any time. In this event, neither the Trusts nor the McGinley family members would be entitled to any fee. If either party exercises this right to terminate the Agreement prior to the commencement of the Offer, the Offer will not be made by Methode. If the Agreement is terminated during the course of the Offer, the Offer will be abandoned. Please read "Proposal to Approve the Offer The Agreement" beginning on page 9.

The Special Committee of our board of directors composed of Class A directors has approved the Offer, and believes that the Offer is in the best interests of Methode and is fair to, and in the best interests of, all of our Class A common stockholders. The Special Committee did not make separate determinations regarding whether the Offer is fair to, and in the best interests of, either Class A common stockholders who are affiliated with Methode or Class A common stockholders who are not affiliated with Methode. The Special Committee recommends that you vote "FOR" approval of the Offer. Please read subsections "Background of the Offer," "Opinion of the Financial Advisor to the Special Committee," "Recommendation of the Special Committee to the Eligible Class A Common Stockholders" and "Reasons for the Special Committee's Approval of the Offer and the Special Committee's Recommendation to the Eligible Class A Common Stockholders" under "Proposal to Approve the Offer" beginning on page 11.

The Special Committee is composed of Warren L. Batts and George C. Wright. Messrs. Batts and Wright were both elected to our board of directors by our Class A common stockholders. Mr. Wright beneficially owns 6,540 shares of Class B common stock and thus, may have interests

that are different from, or in addition to, the interests of Methode's Class A common stockholders. William C. Croft was a member of the Special Committee from its appointment in February 2002 until his resignation on August 8, 2002. Mr. Croft resigned as a special fiduciary of the Trusts shortly before his appointment to the Special Committee. Mr. Croft resigned

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

from the Special Committee because he had agreed to be, and had been, proposed by the McGinley family for election as a Class B director at Methode's 2002 annual meeting. Please read "Proposal to Approve the Offer Interests of Certain Persons" beginning on page 39.

In reaching its decision to approve the Agreement and the Offer and recommend that the Class A common stockholders vote "FOR" approval of the Offer, the Special Committee consulted with its legal and financial advisors and carefully considered the following material factors:

Shift of Right to Elect Majority of our Board of Directors to our Class A Stockholders. Upon completion of the Offer and the reduction in the number of outstanding shares of Class B common stock to less than 100,000, the right to elect a majority of our board of directors will shift to our Class A stockholders from our Class B stockholders. After the completion of the Offer, our Class A common stock will retain its present right, voting as a separate class, to elect a minimum of 25% of our board of directors and will gain the right to control the election of the remaining directors through its right to cast approximately 97% of the votes to be cast in the election of these directors.

The Offer will Eliminate the McGinley Family's Control Block of our Class B Stock. The completion of the Offer will eliminate the right of the Trusts and the McGinley family members, as a voting block of our Class B common stock, to control our board of directors. The \$20 per share being paid for each share of Class B common stock in the Offer represents a premium of \$10.10 per share over the \$9.90 per share 30 day volume weighted average closing price of our Class A common stock prior to the public announcement of the Offer (and a premium of \$8.81 per share over the \$11.19 closing price of our Class A common stock on June 2, 2003). The Special Committee believes that eliminating the control of 75% of our Board by the Class B stock for an aggregate premium of approximately \$10.7 million, which represents less than 5% of the total current market capitalization of the Class A stock, will permit the holders of the Class A stock to obtain the full control premium available in any future change of control transaction involving Methode.

Reduction in McGinley Family's Voting Influence. In addition to eliminating the McGinley family's control of our board, the Offer will reduce the voting power of the Trusts and the McGinley family members from approximately 21% to less than 1% on all other matters. As a result of their reduced voting power, the Trusts and the McGinley family members will no longer have significant influence over the outcome of matters submitted to a vote of our stockholders.

Closer Alignment of Economic Interests and Voting Rights. The Offer will more closely align our stockholders' voting rights with their economic interests in our company by reducing the number of shares of Class B common stock outstanding to less than 100,000 shares, thereby reducing its overall voting power in relation to the voting power of the Class A common stock. Currently, shares of our Class A common stock represent approximately 97% of our outstanding common stock and shares of our Class B common stock represent approximately 3% of our outstanding common stock. However, shares of our Class B common stock have the right to elect a majority of our board and represent approximately 23.7% of the total voting power of our common stock on other matters. After completion of

the Offer, the voting power of shares of Class B common stock will represent no more than approximately 2.8% of the total voting power of our common stock.

TM Capital Opinion. TM Capital's written fairness opinions, based upon and subject to the factors and assumptions set forth therein, that the Offer is fair to the holders of Class A common stock from a financial point of view.

Please read "Reasons for the Special Committee's Approval of the Offer and the Special Committee's Recommendation to the Eligible Class A Common Stockholders" and "Recommendation of the Special Committee to be Eligible Class A Common Stockholders" under "Proposal to Approve the Offer" beginning on page 28.

Our board of directors believes that the Offer is fair to the holders of our Class B common stock (other than the Trusts, the McGinley family members, and members of our board of directors holding shares of Class B common stock as to which our board has made no determination). Please read "Proposal to Approve the Offer Our Board of Directors' Determination as to the Fairness of the Offer to the Unaffiliated Class B Common Stockholders" beginning on page 30.

If the Offer is approved at the special meeting, the Trusts and the McGinley family members have agreed to tender all of their shares of Class B common stock in the Offer. As of the date of this proxy statement, the Trusts and the McGinley family members owned an aggregate of 931,759 shares of our Class B common stock, representing approximately 85.7% of the outstanding shares of Class B common stock, which gives them the right to elect up to 75% of our board of directors. Please read "Proposal to Approve the Offer The Agreement" beginning on page 9 and "Comparison of Stockholders Rights" beginning on page 31.

James W. McGinley and Robert R. McGinley are two of our Class B directors. In addition, James McGinley and Robert McGinley are special fiduciaries, co-trustees and beneficiaries of the Trusts. The Trusts hold 880,901 shares of our Class B common stock. James McGinley and Robert McGinley are also co-trustees and beneficiaries of the Jane R. McGinley Trust, which holds 10,002 shares of our Class B common stock. Excluding shares of Class B common stock held by the Trusts and the Jane R. McGinley Trust, James McGinley beneficially owns 268 shares of Class B common stock and Robert McGinley beneficially owns 23,308 shares of Class B common stock. Under the Agreement, the Trusts, the Jane R. McGinley Trust, James McGinley and Robert McGinley are obligated to tender all of their shares of Class B common stock in the Offer. Due to their ownership of Class B common stock and the fact that they are special fiduciaries, co-trustees and beneficiaries of the Trusts and the Jane R. McGinley Trust, James McGinley and Robert McGinley have interests in the Agreement and the Offer that are different from, or in addition to, the interests of Methode's Class A common stockholders.

Horizon Farms, Inc. is a horse farm and breeding operation owned by the Trusts. James W. McGinley and Robert R. McGinley are officers and directors of Horizon. In April 2001, Methode loaned \$6 million to Horizon in connection with the Estate of William J. McGinley making certain representations to the IRS in connection with the private letter ruling obtained by Methode in connection with the Stratos Lightwave spin-off. The Agreement requires the Trusts to cause Horizon to repay in full the principal amount and all accrued interest due under the \$6 million note after their receipt of the proceeds of the sale of their shares of Class B common stock pursuant to the Offer. Please read "Proposal to Approve the Offer Interests of Certain Persons" beginning on page 39.

The Trusts have also agreed to use their reasonable best efforts to cause Class B directors James W. McGinley and Roy M. Van Cleave to resign from our board of directors or, at our request, take all lawful action to remove such directors. Messrs McGinley and Van Cleave have indicated

that they will resign from our board if the Offer is completed. Please read "Proposal to Approve the Offer The Agreement" beginning on page 9.

Our obligation to complete the Offer is contingent, among other things, on a sufficient number of shares of Class B common stock being tendered so that upon the closing of the Offer, less than 100,000 shares of Class B common stock remain outstanding, so that thereafter, the holders of Class B common stock will no longer have the right to elect up to 75% of our board of directors. Please read "Proposal to Approve the Offer The Agreement" beginning on page 9.

Assuming the Offer is approved by the Eligible Class A common stockholders as provided herein, we expect to commence the Offer within 10 days after the special meeting and to complete the Offer on or before August 15, 2003. However, the completion of the Offer is subject to the conditions described in this proxy statement. We cannot, therefore, assure you as to whether or when the Offer will be completed. If the Offer is not approved by the Eligible Class A common stockholders as provided herein, the Special Committee has determined that it will not waive the condition in the Agreement that the Offer must be so approved. Accordingly, in such event, the Offer will not be made by Methode and the Agreement will be terminated. In this event, neither the Trusts nor the McGinley family members would be entitled to any fee, but they would continue to have the right to elect up to 75% of our board of directors so long as they own a majority of the outstanding

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

shares of Class B common stock and there are at least 100,000 shares of Class B common stock outstanding.

Our Class B common stock will no longer qualify for listing on the Nasdaq National Market after completion of the Offer. We cannot make any assurance that an active public market for our Class B common stock will remain or be sustained after the Offer or that the market price of our Class B common stock will not decline below the offer price of \$20.00 per share. Please read "Proposal to Approve the Offer Effects of the Offer" beginning on page 35.

A holder of Class A common stock filed a class action against Methode and certain of Methode's directors on behalf of all holders of our Class A common stock and derivatively on behalf of Methode in the Court of Chancery of the State of Delaware in connection with the Agreement and the Offer. Plaintiff sought, among other things, to enjoin the repurchase of the Class B common stock, as

well as other equitable relief. On March 17, 2003, the parties entered into a memorandum of understanding providing for the settlement of this litigation. In connection with the settlement, Methode agreed, among other things, that: (i) it would only proceed with the Offer if it is approved by the affirmative vote of a majority of the shares of Class A common stock present or represented by proxy at the special meeting (excluding shares held by the Trusts and the McGinley family members); (ii) it would make certain revisions to the disclosures in this proxy statement requested by Plaintiff; and (iii) it would declare a special dividend of \$0.04 per share of Class A common stock within 60 days following consummation of the Offer. If the Offer is not consummated, this special dividend will not be declared or paid. The memorandum of understanding also provides for the dismissal of the Action with prejudice and release of all related claims against Methode and the director defendants. The settlement as provided for in the memorandum of understanding is contingent upon, among other things, approval by the Court. Please read "Proposal to Approve the Offer Litigation Relating to the Agreement and the Offer" beginning on page 41.

THE SPECIAL MEETING

General

The enclosed proxy is solicited on behalf of Methode in connection with a special meeting of eligible holders of our Class A common stock to be held on Thursday, July 10, 2003 at 10:00 a.m., Chicago time, at Methode's corporate offices, 7401 West Wilson Avenue, Chicago, Illinois, and at any adjournment or postponement of the special meeting.

At the special meeting, we will ask our eligible Class A common stockholders to consider and vote upon a proposal to approve the making of a tender offer by Methode to purchase all of the outstanding shares of our Class B common stock at a price of \$20.00 per share in cash on the terms and conditions provided for in the Agreement by and among Methode, the Trusts and the McGinley family members. A copy of the Agreement is attached as Annex A to this proxy statement.

All shares of our Class A common stock are entitled to vote at the special meeting, except for shares of our Class A common stock held by the Trusts and the McGinley family members (the "Eligible Class A common stockholders"). The Trusts and the McGinley family members and holders of our Class B common stock will be mailed this proxy statement for informational purposes only and are not entitled to vote at the special meeting.

This proxy statement and the accompanying proxy card, if applicable, are first being mailed to holders of our Class A common stock and our Class B common stock on or about June 12, 2003.

Record Date; Shares Outstanding

Our board of directors has fixed the close of business on June 5, 2003 as the record date for the determination of Eligible Class A common stockholders entitled to notice of and to vote at the special meeting and at any adjournment or postponement thereof. As of the record date, there were 35,007,496 shares of our Class A common stock outstanding and held by Eligible Class A common stockholders and 1,087,305 shares of our Class B common stock outstanding. Since most of our Class A common stock is held by nominees, such as brokers, Methode does not know how many shares of our Class B common stock are also owned by Eligible Class A common stockholders.

Quorum; Votes Required

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our Class A common stock held by Eligible Class A common stockholders is necessary to constitute a quorum at the special meeting. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum at the special meeting. Generally, broker non-votes occur when shares held by a broker or nominee for a beneficial owner are not voted with respect to a particular proposal because the broker or nominee has not received voting instructions from the beneficial owner and the broker or nominee lacks discretionary power to vote such shares.

At the special meeting, each share of Class A common stock held by Eligible Class A common stockholders will be entitled to one vote per share. The affirmative vote of a majority of the Class A common stock held by Eligible Class A common stockholders, and present in person or by proxy at the special meeting, is required to approve the Offer. Abstentions and broker non-votes will be counted as present at the meeting and will therefore have the same legal effect as a vote "against" the approval of the Offer.

Methode believes and would take the position that under Delaware law stockholders who vote in favor of the Offer will be barred from challenging the Offer at a later date.

7

Revoking Your Proxy

If you decide to change your vote, you may revoke your proxy at any time before the special meeting. You may revoke your proxy by notifying our Corporate Secretary in writing that you wish to revoke your proxy at the following address: Methode Electronics, Inc., 7401 West Wilson Avenue, Chicago, Illinois 60706, attention Corporate Secretary. You may also revoke your proxy by submitting a later-dated and properly executed proxy (including by means of a telephone or Internet vote) or by voting in person at the special meeting. Attendance at the special meeting will not, by itself, revoke a proxy.

Proxy Solicitation and Expenses

We will bear the entire cost of the solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to stockholders. The Trusts and the McGinley family members and holders of our Class B common stock will be mailed this proxy statement for informational purposes only and are not entitled to vote at the special meeting. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding shares of our Class A and Class B common stock beneficially owned by others to be forwarded to such beneficial owners. We will reimburse such persons for their reasonable costs of forwarding solicitation materials to such beneficial owners.

We have retained the services of Innisfree M&A Incorporated ("Innisfree") to perform the broker nominee search and to distribute proxy materials to banks, brokers, nominees and intermediaries. Innisfree will also solicit proxies from our Eligible Class A common stockholders for the special meeting. We will pay Innisfree approximately \$10,000, plus out-of-pocket expenses, for these services. In addition, our directors, officers or other regular employees may solicit proxies by telephone, by e-mail, by fax or in person. No additional compensation will be paid to directors, officers and other regular employees for such services.

8

PROPOSAL TO APPROVE THE OFFER

General

At the special meeting, we will ask our Eligible Class A common stockholders to consider and vote upon a proposal to approve the making of a tender offer by Methode to purchase all of the outstanding shares of our Class B common stock at a price of \$20.00 per share in cash on the terms and conditions provided for in the Agreement by and among Methode, the Trusts and the McGinley family members. A copy of the Agreement is attached as Annex A to this proxy statement.

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

The Special Committee of our board of directors composed of Class A directors has approved the Offer, and believes that the Offer is in the best interests of Methode and is fair to, and in the best interests of, all of our Class A common stockholders. The Special Committee did not make separate determinations regarding whether the Offer is fair to, and in the best interests of, either Class A common stockholders who are affiliated with Methode or Class A common stockholders who are not affiliated with Methode. **The Special Committee recommends that you vote "FOR" approval of the Offer.**

The Agreement

The following discussion of the material terms and conditions of the Agreement is qualified in its entirety by reference to the provisions of the Agreement, which is attached to this proxy statement as Annex A and is incorporated herein by reference. We urge you to read the Agreement in its entirety.

On August 19, 2002, we entered into an Agreement with the Trusts and the McGinley family members pursuant to which we agreed to make a tender offer to purchase all of the outstanding shares of our Class B common stock at a price per share of \$20.00 in cash. As of the date of this proxy statement, the Trusts and the McGinley family members owned an aggregate of 931,759 shares of Class B common stock, representing approximately 85.7% of the outstanding shares of Class B common stock, which gives them the right to elect up to 75% of our board of directors.

The Agreement was subsequently amended by the parties on December 26, 2002. Pursuant to this amendment, the parties agreed that we would call a special meeting of our Class A stockholders, excluding any shares of Class A common stock held by the Trusts and the McGinley family members, for the purpose of obtaining approval of the Offer by the affirmative vote of a majority of the shares of Class A common stock present in person or by proxy at the special meeting, and that such approval would be a condition to our obligation to close the Offer.

Under the terms of the Agreement:

We have agreed to make a tender offer to purchase all of the outstanding shares of our Class B common stock at a price per share of \$20.00 in cash. Our obligation to commence the Offer is subject to the prior approval of the Offer by a majority of the shares of our Class A common stock present in person or by proxy at the special meeting (excluding shares of Class A common stock held by the Trusts and the McGinley family members);

If the Offer is approved at the special meeting, the Trusts and the McGinley family members have agreed to tender all of their shares of Class B common stock in the Offer;

The Trusts have agreed to cause Horizon Farms, Inc., an affiliate of the Trusts ("Horizon"), to repay in full the principal amount and all accrued interest due under a \$6 million note due to Methode, which amounted to \$6,583,886 as of January 31, 2003, within two business days after their receipt of the proceeds of the sale of their shares of Class B common stock pursuant to the Offer; and

9

The Trusts have agreed to use their reasonable best efforts to cause Class B directors James W. McGinley and Roy M. Van Cleave to resign from our board of directors or, at our request, take all lawful action to remove such directors. Messrs McGinley and Van Cleave have indicated that they will resign from our board if the Offer is completed.

Our obligation to complete the Offer is contingent, among other things, on:

a sufficient number of shares of Class B common stock being tendered so that upon the closing of the Offer, less than 100,000 shares of Class B common stock remain outstanding, so that thereafter, the holders of Class B common stock will no longer have the right to elect up to 75% of our board of directors;

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

our receipt of a supplemental private letter ruling from the Internal Revenue Service that the Offer and the transactions contemplated by the Agreement will not adversely affect our ability to rely on the private letter ruling received by us from the IRS with respect to our distribution of the shares of Stratos Lightwave, Inc. to our stockholders in April 2001;

there being no change, circumstance or event outside the ordinary course of business that is reasonably likely to be materially adverse to our business, properties, liabilities, operations or condition (financial or otherwise);

there being no statute, rule, regulation, decree, order, injunction or other legal restraint or prohibition which restrains or prohibits the Offer, the acceptance for payment of, or payment for, any of the shares of Class B common stock; and

our having sufficient legally available funds from which the Class B common stock tendered in the Offer may lawfully be purchased.

The Agreement provides that either Methode or the Trusts may terminate the Agreement if the Offer is not completed on or prior to May 31, 2003. Since the Offer was not completed by this date, either Methode or the Trusts may terminate the Agreement at any time. If either party exercises this right to terminate the Agreement prior to the commencement of the Offer, the Offer will not be made by Methode. If the Agreement is terminated during the course of the Offer, the Offer will be abandoned.

The Agreement may also be terminated and the transactions contemplated thereby abandoned at any time prior to the completion of the Offer as follows:

by mutual written consent of Methode (as approved by the Special Committee) and the Trusts;

by Methode if any of the conditions to its obligation to complete the Offer have not been satisfied or waived by Methode (as approved by the Special Committee); or

by the Trusts if any of the conditions to the Trusts and the McGinley family members obligations have not been satisfied or waived by the Trusts.

If the Agreement is terminated by us due to the occurrence of any change, circumstance or event outside the ordinary course of business that is reasonably likely to be materially adverse to our business, properties, liabilities, operations or condition (financial or otherwise), Methode is required to pay to the Trusts and the McGinley family members within five business days after such termination a fee of \$400,000 in the aggregate. If the Agreement is terminated for any other reason (except the failure of Methode's board of directors to call a special meeting or the withdrawal or change in the Special Committee's recommendation), including, without limitation, the failure to obtain the approval of the Offer by the Eligible Class A common stockholders, no fee is payable to the Trusts and the McGinley family members.

If we fail or decline to call a special meeting to approve the Offer or the Special Committee withdraws or modifies or proposes to withdraw or modify its recommendation that the Eligible Class A common stockholders vote in favor of the Offer, then, in either such event, Methode is required to pay to the Trusts and the McGinley family members within five business days after such event a fee of \$150,000 in the aggregate.

Assuming the Offer is approved by the Eligible Class A common stockholders as provided herein, we expect to commence the Offer within 10 days after the special meeting and to complete the Offer on or before August 15, 2003. However, the completion of the Offer is subject to the conditions described above. We cannot, therefore, assure you as to whether or when the Offer will be completed.

If the Offer is not approved by the Eligible Class A common stockholders as provided herein, the Special Committee has determined that it will not waive the condition in the Agreement that the Offer must be so approved. Accordingly, in such event, the Offer will not be made by Methode and the Agreement will be terminated. In this event, the Trusts and the McGinley family members will continue to have the right to elect up to 75% of our board of directors so long as they own a majority of the outstanding shares of Class B common stock and there are at least 100,000 shares of Class B common stock outstanding.

Background of the Offer

In 1982, we amended our certificate of incorporation to create two classes of common stock, Class A common stock with one-tenth vote per share and Class B common stock with one vote per share. Under our certificate of incorporation, shares of our Class A common stock voting as a separate class have the right to elect a minimum of 25% of our board of directors and shares of our Class B common stock voting as a separate class have the right to elect the remaining directors, representing up to 75% of our board of directors, so long as there are at least 100,000 shares of Class B common stock outstanding.

In 1982, William J. McGinley and his family controlled a majority of the Class A and Class B common stock. Since 1982, the McGinley family sold most of their Class A stock, including shares received as dividends on the Class A and Class B Stock, but continue to control a majority of the Class B stock. In January 2001, William J. McGinley died, at which time a majority of the Class B common stock passed to his estate (the "Estate") and was subsequently distributed to the Trusts in January 2002. Jane McGinley, William McGinley's wife, died in February 2003. In addition to the shares owned by the Trusts, members of William McGinley's family, including his two sons, James and Robert, and his daughter, Margaret, individually own, directly or indirectly, shares of Class B common stock. The Trusts and the McGinley family members have the ability to elect up to 75% of the members of the Methode board and to control approximately 21% of the voting power of the Class A common stock and Class B common stock on matters where both classes vote together even though the shares of Class B common stock held by the Trusts and the McGinley family members represent only approximately 2.6% of the total number of shares of our common stock outstanding. Currently, both James McGinley and Robert McGinley serve as members of our board of directors and were elected by the holders of our Class B common stock.

In December 2001, the McGinley family approached our board of directors regarding a possible sale of the Estate's shares of Class B common stock. At a December 6, 2001 board meeting, James McGinley informed our board of directors that the Estate had been reviewing its financial condition and needs and, as a result of that review, determined that it may need to liquidate certain assets. It was noted that shares of Methode's Class B common stock were one of the primary assets of the Estate. Prior to that time, our management had already been reviewing our dual class capital stock structure. After discussion, our board of directors directed management to continue its evaluation of possible

options regarding our current capital structure and the Class B common stock held by the Estate and others.

Our management was concerned about the potential consequences to Methode and our Class A common stockholders if the Trusts decided to sell their Class B common stock, and with it control of our board of directors, to a third-party. In that regard, our management was aware that members of the McGinley family had received inquiries from a third-party concerning a possible sale of their shares of Class B common stock at a premium. To management's knowledge, this third-party had offered to pay a premium, but had not proposed a specific price or range of prices.

Our management met with one of these parties which served the electronics industry at its request in December 2001. During this meeting, our management learned that this party proposed to follow its purchase of the Trusts' shares of the Class B common stock with a stock for stock merger resulting in significant dilution to our Class A common stockholders. Based on the terms proposed by the third-party, our management determined that it would be more advantageous to Methode and our Class A common stockholders for us to evaluate the repurchase of the shares of Class B common stock held by the Trusts.

In January 2002, Donald W. Duda, our President, William T. Jensen, our Chairman of the Board, and Douglas A. Koman, our Vice President of Corporate Finance, consulted with our outside financial advisor, Robert W. Baird & Co. ("Baird"), regarding our capital structure. On January 24, 2002, Baird made a presentation to our management regarding the benefits of eliminating the dual class capital structure. According to Baird, the benefits included eliminating investor confusion about the two classes of stock, simplifying Methode's capital structure, eliminating administrative expenses, increasing liquidity and aligning stockholder voting rights with economic ownership. The information provided by Baird included data regarding the impact of any transaction on Methode's available cash and Methode's earnings per share. Baird's presentation reviewed available transaction alternatives, including a tender offer with a premium, a tender offer without a premium and a combination of the Class A and Class B common stock.

Also included in the Baird presentation was a case study of five recent proposed or consummated dual class transactions: Pacificare Health Systems, BankAtlantic Bancorp, Fischer & Porter, J.M. Smucker Company, and Gartner, Inc. In these transactions, the premiums paid or proposed to be paid to the control class of stock to eliminate a dual class structure ranged from 0 to 24% of the price of the non-control stock.

On February 21, 2002, our board of directors held a special meeting to consider a possible transaction with the Trusts regarding their Class B common stock. James McGinley and Robert McGinley did not attend the meeting. At this meeting, our board of directors discussed the possible financial ramifications to us of repurchasing the Class B common stock held by the Trusts and the consequences to us and our Class A

stockholders of a sale by the Trusts of their Class B common stock to a third-party. Our board of directors also discussed whether it should attempt to sell the company and the potential value that could be realized on a sale of the company as a whole at that time. After considering the various options, our board of directors adopted resolutions creating the Special Committee, consisting solely of Class A directors, to determine whether: (i) it was in the best interests of Methode and our stockholders (other than the Trusts) to repurchase some or all of the Class B common stock owned by the Trusts, and if so, to negotiate with the Trusts the terms of such a repurchase and enter into an agreement on behalf of Methode; (ii) in connection with any transaction with the Trusts, an offer should be made to the other holders of Class B common stock, and if so, to approve on behalf of Methode the terms and conditions of such an offer; and (iii) it was in the best interests of Methode, as an alternative to a repurchase of the Class B common stock held by the Trusts, to agree with the Trusts to enter into another transaction that would result in the elimination of our dual class structure, and if so, to take all actions on behalf of Methode to enter into such transaction

that the Special Committee determined to be in the best interests of Methode and our stockholders (other than the Trusts), provided, however, that if the Special Committee determined that such other transaction required the approval of the full board of directors, it would make a recommendation to the board concerning the advisability of such transaction. Pursuant to these resolutions, Warren L. Batts, George C. Wright and William C. Croft, the Class A directors at the time, were appointed as the members of the Special Committee. Mr. Croft had resigned as a special fiduciary of the Trusts shortly before his appointment to the Special Committee. Mr. Batts was appointed as the Chairman of the Special Committee. In addition, pursuant to the authorization of our board to retain such experts and advisors as the Special Committee determined necessary to carry out its responsibilities, the Special Committee retained the law firm of Morris, Nichols, Arsht & Tunnell ("Morris, Nichols") as its legal counsel and TM Capital Corp. ("TM Capital") as its financial advisor. The Special Committee did not consider retaining Baird as its financial advisor since Baird has served, and continues to serve, as Methode's outside financial advisor.

On February 27, 2002, the Special Committee and its legal and financial advisors held their first meeting. As of that date, the Trusts had not made a specific proposal but had, instead, invited an offer from Methode for their Class B common stock. At the meeting, Morris, Nichols discussed the fiduciary duties of the members under Delaware law and discussed the potential advantages and disadvantages of various structures for a possible transaction. TM Capital described for the Special Committee the process that TM Capital would undertake to gather information and analyze comparable transactions. The Special Committee also discussed the timing implications of a possible transaction, including the need to receive a supplemental IRS private letter ruling concerning the effect of any possible transaction with the Trusts on a prior letter ruling concerning Methode's spin-off of Stratos Lightwave. The Special Committee concluded that any transaction with the Trusts could not be done on a basis favorable to Methode without such a revenue ruling.

On March 14, 2002, the Special Committee again met with its legal and financial advisors. At this meeting, TM Capital made a detailed presentation to the Special Committee of information and analyses it had prepared for the Special Committee to consider in approaching its task. TM Capital discussed Methode's current capital structure, its historical financial information and future forecasts, the trading prices of the Class A and Class B common stock over the past three years, and the trading relationship of shares with unequal voting rights of other public companies with dual classes of stock. These forecasts, which relate to the business, earnings, cash flow, assets and prospects of Methode, were furnished to TM Capital by Methode and are included in the written materials which TM Capital provided to the Special Committee. If you would like a copy of these materials, you may contact Innisfree toll-free at 888-750-5834 and a copy will be sent to you. Copies of these materials are also filed as exhibits to our Schedule 13E-3 which was filed with the SEC on May 1, 2003 and are available to the public over the Internet at the SEC's website at www.sec.gov.

TM Capital discussed with the Special Committee recent acquisition transactions which it had identified involving dual class stock in which the entire company was acquired where an additional premium was paid to the control stockholders and then reviewed a list of acquisitions where no additional premium was paid to the higher vote stock. TM Capital then reviewed its analysis of recent transactions where premiums had been paid for significant ownership blocks. TM Capital explained that in those transactions, the purchaser acquired between 10% and 50% equity ownership. TM Capital indicated that the average premium was approximately 50% for the control stake, but that the premiums ranged from 100% to -6%.

TM Capital then presented to the Special Committee certain information concerning six recent dual class restructuring transactions in which holders of a control block with superior voting rights had agreed to yield such rights in return for additional consideration in the form of securities and/or cash and which TM Capital believed were most similar to the transaction proposed with the Trusts. The companies involved in these six transactions were Continental Airlines, Inc., Dairy Mart Convenience

Stores, Inc., Fedders Corporation, Pacificare Health Systems, Inc., Reinsurance Group of America, and Remington Oil and Gas Corporation. TM Capital noted that in these transactions the non-control shareholders had experienced dilution of their economic ownership in order to eliminate the superior voting power of the control block, and that an analysis of the magnitude of the dilution in each transaction would in its view provide the best way to compare transactions which had involved different capital structures. TM Capital further noted that among these six transactions the premium paid to the control shareholders tended to increase as the relative size of the control block decreased. TM Capital noted that such an increase would be expected if dilution were the principal factor in determining the premium, as a given quantity of dilution and, therefore, a given amount of premium is spread over a smaller proportion of shares as the size of the control block decreases.

For these six transactions, TM Capital calculated the dilution to the non-control shareholders as ranging from 1.63% to 5.67%, with an average dilution of 3.33%. The size of the control block as a percentage of outstanding shares for these six transactions ranged from 13% to 84% of shares outstanding, all of which were larger proportions of outstanding shares than the 2.6% block which held control of Methode. Based upon TM Capital's dilution methodology, the larger proportions would be expected to result in lower percentage premiums, and the premiums paid in these comparable transactions did, in fact, exhibit that relationship, ranging from 1% to 32%. TM Capital also provided an exhibit illustrating that, given repurchase prices for the Class B common stock ranging from \$11 per share to \$22 per share, the ownership dilution to Methode's non-control shareholders would be below the average dilution in these comparable transactions. Finally, TM Capital provided a list of 14 recent transactions in which the control shareholders had agreed to eliminate the control aspects of a block of shares without requiring a premium.

TM Capital also discussed with the Special Committee the differences between its analysis of the Class B common stock and the analysis previously prepared by Baird for Methode's management. In addition to listing various non-financial considerations associated with a repurchase of the Class B common stock, the Baird presentation included matrices of the impact on Methode's cash and earnings per share (accretion/dilution) at various repurchase prices. TM Capital explained that, while it and Baird both reviewed examples of dual class capital structures, TM Capital excluded certain transactions utilized by Baird that it did not feel were relevant. TM Capital believed that the BankAtlantic Bancorp and the J.M. Smucker Company transactions were not relevant because the transactions did not eliminate the company's dual class structure. The Fisher & Porter transaction occurred in 1993 and, given the breadth of more recent data, was not included in TM Capital's analyses. Finally, in the case of Gartner, Inc., the transaction was never consummated and therefore was not comparable. Also and more importantly, TM Capital pointed out that Baird analyzed only the percentage premium paid to the control stockholders and did not consider the direct cost to the non-control stockholders, as measured by the equity ownership dilution, which TM Capital advised the Special Committee was important to it in reaching its conclusions regarding the level of premium that the control block of shares of Class B common stock held by the Trusts could be expected to command.

The Special Committee discussed possible ways of structuring a transaction that would eliminate the control block of Class B common stock owned by the McGinley family as well as the special voting rights of the Class B common stock. For timing reasons, the Special Committee determined that its proposal to the Trusts should be structured either as a direct purchase from the Trusts and the McGinley family members followed by a tender offer or a tender offer to all holders of Class B common stock, subject to the condition that a sufficient number of shares of Class B common stock were tendered so that the total number of shares of Class B common stock outstanding after the completion of the offer would be less than 100,000 shares, and a requirement that the Trusts and the McGinley family members agree to tender all of their Class B common stock. The Committee determined not to seek a direct purchase from the Trusts to be followed by a tender offer because a single offer to all stockholders with one closing was simpler and eliminated the Committee's concerns

about the period after purchasing the McGinley block, but before purchasing additional shares, during which the other holders of the Class B shares would continue to have the right to elect a majority of Methode's board of directors. The Special Committee also determined that the proposal should contain a requirement that all amounts due under the \$6 million Horizon loan be repaid from the proceeds received by the Trusts from tendering its Class B common stock in the tender offer. The Special Committee tentatively decided to make an offer to the Trusts to purchase their Class B common stock for \$16.00 per share.

The Special Committee next met on March 18, 2002. At this meeting, the Special Committee again discussed the price to be offered to the Trusts for their Class B common stock. TM Capital indicated that it could support an offer within the range of \$15.84 per share to \$16.80, representing a premium of 32% to 40% over the current price of the Class A common stock. TM Capital expressed its view that, as a matter of negotiating strategy, the offer should not be less than \$16.00 per share to keep the Trusts in negotiations with the Special Committee and to avoid causing the Trusts and the McGinley family to seek another buyer. TM Capital also noted its view that the block of Class B common stock held by the Trusts was unique, due to its small size relative to Methode's total market value and revenues, and therefore was very valuable and could be sold for a very substantial premium to a third-party, which would not be in the best interests of Methode or its Class A common stockholders. The Special Committee and its advisors then discussed the proposed offer price and its strategy for negotiating with the Trusts. After this discussion, Mr. Batts requested that the Special Committee's advisors prepare a term sheet outlining the terms of the proposal discussed by the Special Committee other than price.

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

On March 20, 2002, the Special Committee met again with its legal and financial advisors. At this meeting, counsel for the Special Committee informed the Special Committee that William T. Jensen believed that the McGinley family was looking for a price between \$20 and \$30 per share. After discussion of a draft term sheet prepared by its advisors, the Special Committee approved a term sheet for presentation to the Trusts providing for a tender offer by Methode for all of the outstanding shares of Class B common stock at a price of \$16.00 per share, conditioned on (1) the tender of a sufficient number of shares of Class B common stock so that the total number of shares of Class B common stock outstanding after the completion of the offer would be less than 100,000 shares and (2) Methode's receipt of a favorable tax ruling from the IRS that the proposed transaction would not result in any adverse tax consequences to Methode or its stockholders. The proposed term sheet also required the Trusts and the McGinley family members to tender all of their Class B common stock in the tender offer, subject only to a customary "no injunction" condition, and a requirement that the Trusts cause part of the proceeds from the sale of their Class B common stock to be used to repay the entire outstanding balance of the \$6 million loan from Methode to an affiliate of the Trusts. Thereafter, legal counsel to the Special Committee presented the Special Committee's proposed offer to Roy M. Van Cleave, special counsel to the Trusts. In June 2002, Mr. Van Cleave was proposed for election by the McGinley family as a Class B director and was elected to the Board in September 2002.

On March 29, 2002, the Special Committee met with its advisors to discuss the Trusts' response to its proposal. At the meeting, Mr. Batts reported on his discussion with Robert McGinley and Mr. Croft's conversation with James McGinley regarding the Special Committee's proposal, including James McGinley's informal suggestion that a price of in excess of \$30 per share would be appropriate. In addition, Morris, Nichols reported on its discussions with the Trusts' counsel regarding the proposal in which Morris, Nichols was advised that the Trusts and the McGinley family did not believe that negotiations would be mutually beneficial at this time. After these reports, the Special Committee and its advisors discussed the possibility that the Trusts and the McGinley family would pursue a sale of Methode as a whole or their control block of Class B common stock to a third-party. During this discussion, TM Capital stated that it did not believe that the McGinley family could achieve a price per share of \$30 or more in a transaction involving a sale of the whole company. Following further

15

discussion, the Special Committee asked Morris, Nichols to request additional information from the Trusts regarding its asking price and its plans concerning future negotiations with the Special Committee. During a subsequent discussion, the Trusts' special counsel indicated to Morris, Nichols that the Trusts intended to submit a counter-proposal to the Special Committee after it resolved certain tax issues.

On May 2, 2002, the Trusts' special counsel transmitted a counter-proposal to the Special Committee's counsel. Among other things, the Trusts' counter-proposal provided that the Trusts would agree to transfer their 880,901 shares of Class B common stock to Methode in exchange for (i) Methode's forgiveness of the entire outstanding balance of principal and interest on the \$6 million Horizon loan and (ii) Methode's transfer to the Trusts of 2.5 shares of Class A common stock for each share of Class B common stock.

On May 9, 2002, the Special Committee met with its advisors to discuss the Trusts' counter-proposal. At the meeting, TM Capital informed the Special Committee that the counter-proposal had a value of approximately \$35.11 per Class B share, with a dilutive effect on the equity ownership of the Class A common stock of over 6.5% and indicated that the counter-proposal was significantly in excess of any justifiable valuation for the Class B common stock held by the Trusts. After discussion, the Special Committee directed its counsel to inform the Trusts' special counsel that the proposed valuation of the Class B common stock held by the Trusts in the counter-proposal was well beyond that which could be supported by the Special Committee.

On May 24, 2002, the Special Committee met again with its advisors. At the meeting, Morris, Nichols reported to the Special Committee, based on discussions with the Trusts' special counsel, that it had concluded that the Trusts were not willing to change their valuation premises. After discussion, the Special Committee determined that it would report to Methode's board of directors that it was unable to negotiate a transaction with the Trusts.

In June 2002, Mr. Croft was approached by members of the McGinley family regarding his nomination for election to the board of directors by the holders of Class B common stock.

On June 21, 2002, Mr. Batts, as the Chairman of the Special Committee, reported to Methode's board of directors at a board meeting that the Special Committee had been unable to negotiate an acceptable transaction for the purchase of the Class B common stock held by the Trusts. Also at this meeting, Mr. Croft was nominated by the board for election to the board of directors by the holders of our Class B common stock.

On July 19, 2002, special counsel for the Trusts informed Morris, Nichols that the Trusts had engaged the services of a financial advisor and wanted to reopen negotiations.

On July 29, 2002, the Trusts' special counsel forwarded to the Special Committee's counsel a proposal for Methode to repurchase the 880,901 shares of Class B common stock held by the Trusts in exchange for (i) Methode's forgiveness of the entire outstanding balance of

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

principal and interest on the \$6 million Horizon loan, (ii) Methode's transfer to the Trusts of 3.0 shares of Class A common stock for each share of Class B common stock, and (iii) cash equal to 300% of the closing price of a share of Class A common stock on the trading date immediately preceding the public announcement of the exchange agreement for each share of Class B common stock held by the Trusts.

On August 1, 2002, with the approval of the chairman of the Special Committee, TM Capital contacted the Trusts' financial advisor to direct him to seven transactions that TM Capital believed were most appropriate for analyzing a possible repurchase of the Trusts' shares. These transactions were the six precedent transactions previously discussed with the Special Committee in March 2002 (Continental Airlines, Inc., Dairy Mart Convenience Stores, Inc., Fedders Corporation, Pacificare Health Systems, Inc., Reinsurance Group of America, and Remington Oil and Gas Corporation) and a

recent transaction involving Reader's Digest Association, Inc., which are referred to herein as the "Seven Precedent Transactions".

On August 5, 2002, the Trusts' special counsel forwarded to the Special Committee's counsel a revised proposal for the repurchase of the Class B common stock held by the Trusts. Under the revised proposal, the Trusts would transfer to Methode their 880,901 shares of Class B common stock in exchange for (i) Methode's forgiveness of the entire outstanding balance of principal and interest on the \$6 million Horizon loan, (ii) Methode's transfer to the Trusts of a certain number of shares (to be determined) of Class A common stock and (iii) an amount of cash equal to the excess of (a) 244% of the volume weighted average closing price of a share of Class A common stock for the 30 day period immediately preceding the public announcement of the exchange agreement multiplied by 880,901 over (b) the sum of the loan balance and closing price of the shares of Class A common stock transferred to the Trusts multiplied by such number of shares of Class A common stock so transferred.

On August 8, 2002, the Special Committee again met with its financial and legal advisors. At the commencement of the meeting, Mr. Croft orally tendered his resignation as a member of the Special Committee because he had agreed to be, and had been, proposed for election as a Class B director for Methode's 2002 annual meeting by the McGinley family and thereafter did not participate in the meeting. TM Capital explained the Trusts' latest proposal and informed the Special Committee that the proposal included an exchange rate of 2.44 shares of Class A common stock for each share of Class B common stock with a method to monetize part of the consideration, and that the proposal amounted to a premium of approximately 144% for the Class B common stock and a 4.5% dilution to the Class A common stockholders.

After discussing issues other than price that needed to be addressed for the completion of the transaction, the Special Committee agreed that its first priority was to reach agreement with the Trusts on price. After extensive discussion among the Special Committee and its advisors regarding pricing elements, including the appropriate limits on premium and equity ownership dilution, the Special Committee determined to make a counter-offer to the Trusts, using the same terms and conditions as the Special Committee had previously offered to the Trusts, at a 100% premium over the volume weighted average closing price of the Class A common stock for the 30 day period immediately preceding the signing and public announcement of an agreement. After further discussions with TM Capital regarding the choice between a stock and a cash transaction, the Special Committee decided to make the counter-offer a cash transaction. Following the meeting, the Special Committee's advisors conveyed the Special Committee's counter-offer to the Trusts through their legal and financial advisors.

On August 9, 2002, the Trusts made a counter-offer at a 120% premium over the 30 day volume weighted average closing price of the Class A common stock, to be paid in cash in an amount equal to the outstanding principal and interest balance of the \$6 million Horizon loan plus an additional \$1 million with the remainder of the consideration in stock.

On August 13, 2002, the Special Committee again met with its advisors to consider the latest counter-proposal from the Trusts. During the meeting, TM Capital recommended to the Special Committee that it negotiate with the Trusts on the basis of a fixed price rather than a floating exchange ratio due to recent declines in the price of the Class A common stock. TM Capital informed the Special Committee that the 30 day volume weighted average closing price for the Class A common stock was currently \$10.23 per share and that, as a point of reference, a 100% premium would therefore represent \$20.46 per share. TM Capital reviewed the equity ownership dilution associated with the prices in the range the Special Committee was considering and indicated that the dilution was approximately 2.2% at a price of \$20.50 per share. TM Capital also noted that in the Seven Precedent Transactions, the equity ownership dilution ranged from 1.63% to 5.67%, with an average dilution of 3.27%. In order to calculate the equity ownership dilution in the case of a cash transaction, TM Capital compared the value of the consideration paid in the recapitalization to the market value of the control

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

shares prior to the recapitalization with the difference being the premium paid to the control shareholders; such premium was divided by the market value of the non-control shares to determine the dilution incurred by the non-control shareholders.

After discussion, the Special Committee agreed to propose that the McGinley family maintain only one director on Methode's board of directors and that the remaining Class B directors resign, although the Special Committee anticipated asking the current management directors, i.e. Messrs. Jensen and Duda, to continue to serve on Methode's board. After further discussion on price, the Special Committee directed its advisors to offer the Trusts a 100% premium to the volume weighted average closing price of the Class A common stock for the 30 trading days immediately preceding the signing and public announcement of an agreement, payable in cash or stock and contingent on there being less than 100,000 shares of Class B common stock outstanding after the tender offer.

After the Special Committee meeting on August 13, 2002, the Special Committee's advisors communicated the Special Committee's offer to the Trusts' special counsel. The Trusts responded with a counter-proposal for a cash transaction on the same terms as the Special Committee's offer, but using a 60 trading day period instead of a 30 trading day period. In addition, the Trusts suggested that it did not have the power, as a matter of law, to implement the proposed resignation of the Class B directors.

On August 14, 2002, the Special Committee met again with its advisors to review the Trusts' counter-proposal. At this meeting, TM Capital advised the Special Committee that the Trusts' request to use a 60 day average would produce a higher price than the 30 day average and recommended that the Trusts' counter-proposal be rejected. TM Capital also informed the Special Committee that the 30 day volume weighted average closing price was \$9.90, which put the purchase price at \$19.80 based on the Special Committee's latest offer. TM Capital reported that it believed a \$20 stock price was the minimum number that the Trusts would accept and that going back to the Trusts with a \$20 price might help bring the negotiations to a conclusion. TM Capital also informed the Special Committee that, with the approval of Mr. Batts, Mr. Robertson of TM Capital had conveyed a \$20 per share offer to the Trusts' financial advisor subject to the Special Committee's approval and was waiting to hear back from the Trusts. TM Capital noted that the \$20 per share price represented a 102% premium and 3.16% dilution, based on the 30 day volume weighted average closing price of \$9.90 per share, which was still below the 3.27% average dilution from the Seven Precedent Transactions previously reviewed with the Special Committee. TM Capital also noted that the \$20 per share price represented a 146% premium and 4.52% dilution, based on the August 14, 2002 closing price of \$8.14 per share. TM Capital informed the Special Committee that it was prepared to render an opinion that the \$20 per share price was fair to the Class A stockholders from a financial point of view. Mr. Wright indicated that he favored a transaction on the terms outlined by TM Capital and previously recommended by Mr. Batts.

During August 14 and 15, 2002, the Trusts and the Special Committee, through their respective legal counsel, negotiated a non-binding term sheet containing the principal terms of a proposed transaction. On August 15, 2002, the parties executed a non-binding term sheet setting forth the terms that had been negotiated up to that point, including the agreement that Methode would commence a tender offer to the holders of all of the Class B common stock at \$20 per share, subject to the conditions that sufficient shares are tendered such that less than 100,000 shares would remain outstanding after consummation of the tender offer, that no material adverse change had occurred in Methode's business, a customary no injunction condition, that Methode receive an IRS ruling that the agreement will have no adverse tax consequences to Methode or its stockholders and the resignations of certain Class B directors, the Trusts' agreement to sell their Class B common stock pursuant to the tender offer and to use a portion of the proceeds to repay the outstanding balance of the \$6 million Horizon loan and to use their "best efforts" to cause the resignation or removal of certain Class B directors. Over the next three days, the Trusts and the attorney for the Special Committee negotiated the terms of a definitive agreement.

On August 18, 2002, the Special Committee met with its advisors. Prior to the meeting, the Special Committee members were given the current draft of the purchase agreement being negotiated between the Special Committee's counsel and the Trusts' counsel and a summary prepared by the Special Committee's counsel, as well as presentation materials prepared by TM Capital. These materials included forecasts relating to the business, earnings, cash flow, assets and prospects of Methode, which were furnished to TM Capital by Methode. If you would like a copy of the written materials which TM Capital provided to the Special Committee, you may contact Innisfree toll-free at 888-750-5834 and a copy will be sent to you. Copies of these materials are also filed as exhibits to our Schedule 13E-3 which was filed with the SEC on May 1, 2003 and are available to the public over the Internet at the SEC's website at www.sec.gov.

At the Special Committee's request, its counsel reviewed the principal terms of the agreement. Consistent with the terms of the non-binding term sheet the Special Committee had previously discussed, the agreement contained the terms and conditions described under "Proposal to Approve the Offer The Agreement," see page 9 of this proxy statement, except that the provision regarding the resignation of certain Class B directors was not agreed upon.

Following the review of the terms of the draft purchase agreement, TM Capital reviewed with the Special Committee its presentation materials, which included its updated financial analysis and a draft opinion letter provided to the Special Committee prior to the meeting. TM

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

Capital informed the Special Committee that a \$20 per share purchase price for the Class B common stock represented a 102% premium and approximately 3.16% dilution to non-control stockholders, based on the 30 day volume weighted average closing price of Class A common stock as of August 14, 2002 of \$9.90 per share. TM Capital also indicated that a \$20 per share purchase price represented a 146% premium and approximately 4.52% dilution to non-control stockholders, based on the closing price for the Class A common stock on August 14, 2002 of \$8.14 per share. TM Capital noted that a 3.16% dilution, based on the 30 day volume weighted average closing price, was below the 3.27% average dilution to non-control stockholders in the Seven Precedent Transactions. TM Capital also noted that the 4.52% dilution based upon the August 14, 2002 closing price in the proposed transaction with the Trusts was lower than the two highest dilutions of the Seven Precedent Transactions (5.67% in the Continental transaction and 4.91% in the Fedders transaction) and higher than the other precedent transactions. After the TM Capital presentation, Mr. Batts stated that, in his view, this was the best deal available for the Class A stockholders to achieve long term value, and Mr. Wright concurred. TM Capital advised the Special Committee that it was prepared to opine that the repurchase was fair to the Class A common stockholders from a financial point of view.

On August 19, 2002, the Special Committee met again with its financial and legal advisors. Prior to the meeting, the Special Committee members were provided the latest version of the agreement and proposed resolutions. The Special Committee's counsel reported on the resolution of the remaining open issue as to the board composition following the consummation of the tender offer. Under the agreement, the Trusts are obligated to assist in the removal of James McGinley and Roy Van Cleave as Class B directors. The Special Committee's counsel also reviewed other changes to the agreement from the previous draft reviewed by the Special Committee, including that all parties would be obligated to use their reasonable best efforts to remove any injunction to the transaction that may be issued. TM Capital then advised the Special Committee that, as of August 19, 2002, the proposed transaction was fair to the Class A stockholders from a financial point of view. TM Capital also issued a written fairness opinion dated August 19, 2002, opining as to the fairness of the proposed transaction from a financial point of view to the Class A common stockholders, a copy of which is attached hereto as Annex B. The Special Committee's counsel then reviewed the resolutions that had been distributed to the Special Committee members. Thereafter, on a motion from Mr. Batts, seconded by Mr. Wright, the Special Committee approved and adopted the resolutions approving the agreement on the terms provided in the draft previously distributed to the Special Committee.

19

Methode, the Trusts and the McGinley family members entered into the Agreement on the terms approved by the Special Committee as of August 19, 2002. A copy of the Agreement is attached as Annex A to this proxy statement.

On September 13, 2002, a holder of 100 shares of our Class A common stock filed a derivative and class action on behalf of all holders of our Class A common stock in the Court of Chancery of the State of Delaware against Methode and certain of its directors seeking injunctive and other equitable relief with respect to Methode's proposed repurchase of its Class B common stock, as well as the \$6 million loan from Methode to an entity owned by the Trusts and a split dollar insurance agreement dated August 6, 1996 between Methode and the William J. McGinley and Jane R. McGinley Irrevocable Trust (the "Action"). Among other things, the plaintiff in the Action claims that the director defendants' approval of the repurchase of the McGinley family stock at a purportedly inflated premium price through the proposed tender offer constitutes a violation of their fiduciary duties of care and loyalty to Methode and its Class A stockholders. Plaintiff also claims that the director defendants have preferred the interests of Methode's controlling stockholders and incumbent board and management over the interests of Methode and its Class A stockholders and that the McGinleys have used their dominance of Methode's board of directors to divert the opportunity to receive a control premium from Methode and the Class A stockholders to themselves. Following the filing of the Action, the Court scheduled a four day trial in the Action to commence on January 6, 2003.

On December 26, 2002, the Special Committee held a meeting with its legal advisors and Donald Duda, President of Methode. Prior to the meeting and at the request of the Special Committee, a draft amendment to the original agreement signed August 19, 2002 was prepared by counsel for the Special Committee and circulated to the Special Committee. The amendment proposed by the Special Committee provided that Methode would agree to call a special meeting of its Eligible Class A common stockholders as soon as reasonably practicable for the purpose of obtaining their approval of the Offer by the affirmative vote of a majority of the shares of Class A common stock present or represented by proxy at the special meeting (excluding Class A shares held by the Trusts and the McGinley family members). The Special Committee decided to require this vote in response to the claims made in the shareholder class action litigation. The proposed amendment also provided that if Methode fails to call a special meeting to approve the Offer or the Special Committee withdraws its recommendation in favor of the Offer, that Methode would be required to pay to the Trusts and the McGinley family members a termination fee of \$150,000. After discussion among the Special Committee members and their counsel, the Special Committee approved the proposed amendment to the original agreement.

The amendment to the original agreement was executed by Methode, the Trusts and the McGinley family members on December 26, 2002. A copy of the amendment is included as part of Annex A to this proxy statement. In light of the amendment, plaintiff and his counsel in the Action agreed to postpone the scheduled trial until after the date of the Special Meeting.

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

On February 14, 2003, the members of the Special Committee met with their legal and financial advisors. After updating the members of the Special Committee with respect to the proposed transaction to tender for the Class B common stock of Methode, Morris, Nichols advised the Special Committee that the question for the Special Committee was whether it continued to believe that the transaction was in the best interests of Methode and its Class A stockholders and was fair to the Class A stockholders from a financial point of view and whether the Special Committee should recommend to the Class A stockholders that they approve the Offer at the special meeting.

Thereafter, TM Capital made a presentation to the Special Committee. TM Capital advised the Special Committee that prior to the meeting TM Capital had reviewed all public releases by Methode since August 2002 and had spoken with Methode's Vice President, Corporate Finance regarding its financial results and prospects. In addition, TM Capital indicated that the closing price for the Class A

20

stock on the day prior to the meeting was \$8.60 per share as compared to \$8.14 on August 14, 2002 and that the volume weighted average price per Class A share for the 30 trading days ended February 13, 2003 was \$9.74 per share as compared to \$9.90 per share as of August 14, 2002. TM Capital noted that since its August 18, 2002 opinion, E-Z-EM, Inc. had effected a reclassification transaction whereby its two classes of stock were converted into a single class of stock on a one for one basis with no premium paid to the control shareholders. TM Capital was not aware of any other transaction involving a reclassification of a dual class stock that had occurred since August 18, 2002. Therefore, TM Capital continued to look to the Seven Precedent Transactions discussed with the Special Committee in August 2002 in analyzing the fairness of the Offer to the Class A stockholders. TM Capital indicated that, in its opinion, the dilution analysis is the best indication of the direct cost to the Class A stockholders to eliminate control of the Board of Directors by the Class B stock. TM Capital also reminded the Special Committee that the average dilution of the Seven Precedent Transactions was 3.27%. Based on the volume weighted average price per Class A share for the 30 trading days ended February 13, 2003 of \$9.74 per share, the dilution was 3.26%, as compared to 3.16% on August 19, 2002. Based upon the closing price on February 13, 2003 of the Class A stock of \$8.60, the dilution was 4.11% as compared to 4.52% on August 19, 2002. TM Capital informed the Special Committee that, while the 4.11% was above the average dilution of the Seven Precedent Transactions, it was less than the two highest precedent transactions. TM Capital also advised the Special Committee that it believed that the amount of dilution was within an acceptable range. Based upon this analysis, TM Capital reconfirmed its opinion that the proposed transaction was fair to the Class A stockholders from a financial point of view. TM Capital indicated to the Special Committee that it would provide an updated written fairness opinion dated as of February 14, 2003.

Mr. Batts stated that he continued to believe that the approximately \$10.7 million premium was a fair price to pay to eliminate the control exercised by the Class B stockholders. Thereafter, the Special Committee unanimously voted to recommend the Offer to the Class A stockholders.

On March 11, 2003, the board of directors unanimously approved the Offer and confirmed that it believes that the Offer is fair to the unaffiliated holders of our Class B common stock (i.e., holders of Class B common stock other than the Trusts, the McGinley family members and members of our board of directors holding shares of Class B common stock as to which our board made no fairness determination). At this meeting, the board of directors also approved the material terms of the settlement relating to the Action. Please read "Litigation Relating to the Agreement and the Offer" beginning on page 41 for more details regarding the Action and the settlement.

Opinion of the Financial Advisor to the Special Committee

TM Capital. TM Capital Corp., a New York and Atlanta based merchant banking and financial advisory firm, served as financial advisor to the Special Committee. As part of its investment and merchant banking business, TM Capital is regularly engaged in performing financial analyses with regard to businesses and their securities in connection with mergers and acquisitions, financings, restructurings, principal investments, valuations, fairness opinions and other financial advisory services. Since its founding in 1989, the firm has assisted numerous boards of directors and special committees in reviewing various transactions and opining as to the fairness of such transactions to certain constituents from a financial point of view.

TM Capital Fairness Opinion. As part of its engagement as financial advisor to the Special Committee, TM Capital was asked to render an opinion to the Special Committee with respect to the fairness of the Offer to the Class A common stockholders from a financial point of view. Attached as Annex B to this proxy statement is a copy of TM Capital's August 19, 2002 fairness opinion letter in which TM Capital opines as of the date thereof that the Offer is fair to the holders of Class A common stock from a financial point of view. TM Capital has consented to the references to TM Capital and the TM Capital opinions in this proxy statement, and to the attachment of the TM Capital

21

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

opinions to this proxy statement as an annex. In arriving at its opinion, TM Capital, among other things:

Reviewed Methode's Forms 10-K and related financial information for the years ended April 30, 1998 through 2002;

Reviewed Methode's Schedule 14A filed in connection with its Annual Meeting held September 10, 2002;

Reviewed certain information, including financial forecasts, relating to the business, earnings, cash flow, assets and prospects of Methode furnished to TM Capital by Methode;

Reviewed the historical market prices and trading activity for the Class A common stock and the Class B common stock for the period from January 2, 1999 to August 14, 2002;

Reviewed the historical market prices and trading activity for the Class A common stock and Class B common stock and compared them with that of certain publicly traded companies which TM Capital deemed to be relevant;

Compared the financial position and results of operations of Methode with that of certain companies which TM Capital deemed to be relevant;

Reviewed and analyzed the terms of transactions in which public companies with two classes of common stock were recapitalized into a single class of stock;

Reviewed and analyzed the terms of transactions in which public companies with two classes of stock were acquired;

Reviewed and analyzed premiums paid in relevant transactions in which the purchaser acquired a controlling share of the target company;

Reviewed the Agreement between Methode, the Trusts and the McGinley family; and

Conducted such other financial analyses and investigations as TM Capital deemed necessary or appropriate in arriving at its opinion.

In preparing its opinion, TM Capital relied upon the accuracy and completeness of all information that was available to it from public sources, was supplied or otherwise made available to it by Methode, or was otherwise reviewed by it, and TM Capital did not assume any responsibility to independently verify such information. TM Capital also relied upon assurances of Methode's management that they were unaware of any facts that would make the information provided to TM Capital incomplete or misleading. TM Capital did not make any independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of Methode nor was it furnished with any such evaluation or appraisal.

Analysis Of Selected Precedent Dual Class Transactions. In reaching its fairness opinion, TM Capital principally relied upon its analysis of seven recent dual class restructuring transactions that occurred since December 1998: Continental Airlines, Inc., Dairy Mart Convenience Stores, Inc., Fedders Corporation, Pacificare Health Systems, Inc., Reader's Digest Association, Inc., Reinsurance Group of America, and Remington Oil and Gas Corporation. TM Capital noted that in these transactions the non-control shareholders had suffered dilution of their economic ownership and that in TM Capital's view the magnitude of the dilution would provide the best way to compare transactions which had involved substantially different capital structures. TM Capital further noted that among these seven transactions the premium paid to the control shareholders tended to increase as the relative size of the control block decreased. TM Capital noted that such an increase would be expected if dilution were the principal factor in determining the premium, as a given quantity of dilution and, therefore, a given amount of premium is spread over a smaller proportion of shares as the size of the control block decreases.

For these seven transactions, TM Capital calculated the dilution to the non-control shareholders as ranging from 1.63% to 5.67%, with an average dilution of 3.27%. The size of the control block as a percentage of outstanding shares for these seven transactions had ranged from 12% to 84% of shares outstanding, all larger than the 2.6% block which held control of Methode. Based upon TM Capital's dilution methodology, such larger proportions would result in lower percentage premiums than the premium to be paid in the Offer, and the premiums paid in these comparable transactions ranged from 1% to 32%. TM Capital also provided an exhibit illustrating that, based upon the volume weighted average closing price of Methode's Class A common stock for the latest 30 trading days of \$9.90 per share, a repurchase of the Class B common stock at \$20 per share would provide a 102% premium and would result in dilution to the Class A shareholders of 3.16%, which was below the average dilution of the comparable transactions. The exhibit also indicated that, based upon the latest closing price of \$8.14 per share, the premium would be 146% and the dilution would be 4.52%, which would be lower than the dilution in two of the transactions but higher than the dilution in five of the transactions. Finally, TM Capital provided a list of 15 recent transactions in which the control shareholders had agreed to eliminate the control aspects of a block of shares without requiring a premium.

TM Capital Updated Fairness Opinion. On February 14, 2003, TM Capital rendered an updated opinion to the Special Committee with respect to the fairness of the proposed tender offer to the Class A common stockholders from a financial point of view. Attached as Annex C to this proxy statement is a copy of TM Capital's February 14, 2003 updated fairness opinion letter in which TM Capital confirms as of the date thereof its opinion in its August 19, 2002 letter that the proposed tender offer is fair to the holders of Class A common stock from a financial point of view.

Pursuant to the Special Committee's engagement letter with TM Capital, Methode paid TM Capital a fee of (i) \$87,500 upon execution of the retention agreement and (ii) \$87,500 upon the rendering of the fairness opinion letter. TM Capital was not paid any fee in connection with rendering the February 14, 2003 updated fairness opinion. Methode also agreed to reimburse TM Capital for all reasonable out-of-pocket expenses, including reasonable legal fees, incurred in connection with the retention agreement up to \$20,000. Methode also agreed to reimburse TM Capital for preparation, deposition or appearance as a witness in any proceeding in connection with the retention agreement or proposed tender offer.

Our Forecasts

In connection with the Special Committee's consideration of a possible transaction with the Trusts regarding their Class B common stock, in August 2002, our management provided TM Capital Corp. with certain non-public business and financial information. The financial information included the financial forecasts set forth below. These forecasts do not reflect the transactions contemplated by the Agreement and the Offer. Methode, as a matter of course, does not publicly disclose forecasts as to future revenues or earnings and such forecasts were not prepared with a view toward public disclosure. In addition, these forecasts were prepared solely for internal use and not for publication or with a view to complying with the published guidelines of the SEC regarding projections or with guidelines established by the American Institute of Certified Public Accountants for prospective financial statements, and are included in this proxy statement only because they were furnished by our management to TM Capital.

These forecasts represent management's best estimate of possible future performance, based on information available in August 2002. The financial forecasts necessarily make many assumptions with respect to industry performance and general business and economic conditions and other matters. Specifically, assumptions made by Methode management include the following: (i) within our Electronic segment, the telecommunications, personal computing, and networking markets will have no revenue growth in fiscal 2003 and ten-percent revenue growth annually thereafter, our automotive markets will

have twenty-percent annual growth with domestic vehicle production at 16.8 million units; (ii) our Optical and Other segments will experience five-percent revenue growth in fiscal 2003, and ten-percent revenue growth annually thereafter; (iii) gross profit improvement from 2002 restructuring will be fully realized in fiscal 2003, with modest gross profit improvement thereafter from continued cost control improvements and no significant increase in selling, general and administrative expense; (iv) capital expenditures will increase by \$2 million per year starting in fiscal 2004; (v) the cost of cash dividends will remain at \$7.2 million annually; (vi) Methode does not engage in any acquisitions, sales or dispositions; (vii) the effective tax rate is 33.8%; (viii) foreign currency rates remain unchanged; and (ix) the rate of inflation is 2.5%.

All of these assumptions are inherently subject to significant uncertainties and contingencies, many of which are beyond our control. We cannot predict whether the assumptions made in preparing the financial forecasts will be accurate, and actual results may be materially higher or lower than those contained in the forecasts. With the exception of the examination of this prospective financial information by TM Capital in connection with its fairness opinion, neither our independent auditors nor any other independent accountants or financial advisors have

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

compiled, examined or performed any procedures with respect to this prospective financial information, nor have they expressed any opinion or any form of assurance on this information or its achievability.

The inclusion of the forecasts contained herein should not be regarded as an indication that the Special Committee, Methode, our board of directors, or any of their respective financial advisors currently consider the following Methode forecasts to be a reliable prediction of future events since some of the assumptions described above, including, without limitation, growth in the telecommunications market and the stability of foreign currency rates, are no longer reasonable assumptions, and therefore these forecasts should not be relied upon. These estimates were considered to be a reliable prediction of future events as of August 2002, but have not been updated, and are not made as of any later date. Stockholders should take this into account when evaluating any factors or analyses based on the Methode forecasts.

Recommendation of the Special Committee to the Eligible Class A Common Stockholders

The Special Committee of our board of directors composed of Class A directors has approved the Offer, and believes that the Offer is in the best interests of Methode and is fair to, and in the best interests of, all of our Class A common stockholders. The Special Committee did not make separate determinations regarding whether the Offer is fair to, and in the best interests of, either Class A common stockholders who are affiliated with Methode or Class A common stockholders who are not affiliated with Methode. **The Special Committee recommends that you vote "FOR" approval of the Offer.** Please read "Proposal to Approve the Offer Reasons for the Special Committee's Approval of the Offer and the Special Committee's Recommendation to the Eligible Class A Common Stockholders" below for a description of the factors considered by the Special Committee in connection with recommending that the Class A common stockholders vote "FOR" approval of the Offer. The board of directors is not making any recommendation as to whether the eligible Class A common stockholders should vote "FOR" approval of the offer.

Reasons for the Special Committee's Approval of the Offer and the Special Committee's Recommendation to the Eligible Class A Common Stockholders

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

In reaching its decision to approve the Agreement and the Offer, determine that the Offer is fair to the Class A common stockholders and recommend that the Class A common stockholders vote "FOR" approval of the Offer, the Special Committee consulted with its legal and financial advisors and carefully considered the following material factors:

Positive Factors

The Offer will Eliminate the McGinley Family's Control Block of our Class B Stock. The completion of the Offer will eliminate the right of the Trusts and the McGinley family members, as a voting block of our Class B common stock, to control our board of directors. The \$20 per share being paid for each share of Class B common stock in the Offer represents a premium of \$10.10 per share over the \$9.90 per share 30 day volume weighted average closing price of our Class A common stock prior to the public announcement of the Offer (and a premium of \$8.81 per share over the \$11.19 closing price of our Class A common stock on June 2, 2003). The Special Committee believes that eliminating the control of 75% of our Board by the Class B stock for an aggregate premium of approximately \$10.7 million, which represents less than 5% of the total current market capitalization of the Class A stock, will permit the holders of the Class A stock to obtain the full control premium available in any future change of control transaction involving Methode.

Shift of Right to Elect Majority of our Board of Directors to our Class A Stockholders. Upon completion of the Offer and the reduction in the number of outstanding shares of Class B common stock to less than 100,000, the right to elect a majority of our board of directors will shift to our Class A stockholders from our Class B stockholders. After the completion of the Offer, our Class A common stock will retain its present right, voting as a separate class, to elect a minimum of 25% of our board of directors and will gain the right to control the election of the remaining directors through its right to cast approximately 97% of the votes to be cast in the election of these directors.

Reduction in McGinley Family's Voting Influence. In addition to eliminating the McGinley family's control of our board, the Offer will reduce the voting power of the Trusts and the McGinley family members from approximately 21% to less than 1% on all other matters. As a result of their reduced voting power, the Trusts and the McGinley family members will no longer have significant influence over the outcome of matters submitted to a vote of our stockholders.

28

Closer Alignment of Economic Interests and Voting Rights. The Offer will more closely align our stockholders' voting rights with their economic interests in our company by reducing the number of shares of Class B common stock outstanding to less than 100,000 shares, thereby reducing its overall voting power in relation to the voting power of the Class A common stock. Currently, shares of our Class A common stock represent approximately 97% of our outstanding common stock and shares of our Class B common stock represent approximately 3% of our outstanding common stock. However, shares of our Class B common stock have the right to elect a majority of our board and represent approximately 23.7% of the total voting power of our common stock on other matters. After completion of the Offer, the voting power of shares of Class B common stock will represent no more than approximately 2.8% of the total voting power of our common stock.

TM Capital Opinion. TM Capital's written fairness opinions, based upon and subject to the factors and assumptions set forth therein, that the Offer is fair to the holders of Class A common stock from a financial point of view.

The Special Committee's Concern that the Control Block of Stock Owned by the McGinley Family Might be Sold to a Third Party and the Third Party Might Have Interests That Would be Detrimental to the Interests of the Class A Stockholders. The Special Committee was aware that the Trusts were reviewing their financial condition and were considering liquidating one or more assets, including possibly the Class B common stock. In addition, although the Special Committee did not possess any specific information as to whether the Trusts or the McGinley family members were actively engaged in negotiations with third parties regarding the sale of the Class B common stock, it knew that members of the McGinley family had received inquiries from one or more third parties concerning a possible sale of their shares of Class B common stock at a premium. The Special Committee was concerned that after any such transaction, the third party might have interests detrimental to the interests of the Class A common stockholders. For these reasons, the Special Committee determined that it was in the best interests of the Class A Stockholders to purchase the Class B common stock owned by the Trusts and the McGinley family members.

Negative Factor

Cost to Methode of the Offer. The only negative factor considered by the Special Committee was that the cash used to finance the Offer will require resources that could be used for other corporate purposes.

The Special Committee did not consider the litigation or the pending settlement, including the proposed \$.04 per share dividend, in reaching its decision to approve the Agreement and the Offer and its determination that the Offer is fair to, and in the best interests of, all of Methode's Class A common stockholders. The Special Committee did consider the litigation and the proposed settlement in determining to recommend that the Class A common stockholders vote "FOR" approval of the Offer. The pending settlement of the litigation was negotiated between the date the Special Committee determined that the Offer is fair to all of Methode's Class A common stockholders and the date the Special Committee determined it would recommend that the Class A common stockholders approve the Offer.

The foregoing discussion of the information and factors that the Special Committee considered in making its decisions is not intended to be exhaustive but includes all material factors considered by the Special Committee. In view of the wide variety of factors considered in connection with the evaluation of the Agreement and the transactions contemplated thereby and the complexity of these matters, the Special Committee did not find it useful to, and did not attempt to, quantify, rank or otherwise assign relative weights to these factors. In addition, the individual members of the Special Committee may have given different weight to different factors.

Our Board of Directors' Determination as to the Fairness of the Offer to the Unaffiliated Class B Common Stockholders

Our board of directors believes that the Offer is fair to unaffiliated holders of our Class B common stock (i.e., holders of Class B common stock other than the Trusts, the McGinley family members and members of our board of directors holding shares of Class B common stock as to which our board made no fairness determination) and has unanimously approved the Offer. Our board of directors has not made a determination as to the fairness of the Offer to Class A common stockholders.

In making its determination about the substantive fairness of the Offer to unaffiliated holders of our Class B common stock, our board of directors consulted with its legal advisors and carefully considered the following material factors:

our board's knowledge of our business, financial condition and prospects;

the current and historical market prices and trading activity of our Class A common stock and the Class B common stock;

the premium being paid to holders of Class B common stock in the Offer over the recent historical market price for shares of Class B common stock; and

the terms of the Offer, which are the same as the terms negotiated by the Trusts, the largest holder of Class B common stock, for the purchase of their shares of Class B common stock, and the representation of the Trusts by their own legal and financial advisors.

In making its determination about the procedural fairness of the Offer to unaffiliated holders of our Class B common stock, our board of directors consulted with its legal advisors and considered the fact that the terms of the Offer were negotiated by the Trusts, the largest holder of Class B common stock, with the assistance of their own legal and financial advisors.

The board of directors did not believe that Methode's net book value, going concern value or liquidation value were material or relevant to their fairness determination in the context of this unique

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

transaction in which only one class of stock is going private, as opposed to the company itself. The foregoing discussion of the information and factors that our board of directors considered in making its decision is not intended to be exhaustive but includes all material factors considered by our board. In view of the wide variety of factors considered in connection with the evaluation of the Agreement and the transactions contemplated thereby and the complexity of these matters, our board of directors did not find it useful to, and did not attempt to, quantify, rank or otherwise assign relative weights to these factors. In addition, the individual members of our board of directors may have given different weight to different factors.

The Offer is subject to the approval of a majority of the Eligible Class A common stock present in person or by proxy at the special meeting. The Offer does not require the approval of any holders of Class B common stock. We have not retained an unaffiliated representative to act solely on behalf of the holders of Class A common stock or Class B common stock for the purposes of negotiating the terms of the Offer, and we have not made any provisions to grant holders of Class A common stock or Class B common stock access to our corporate files or the ability to obtain counsel or appraisal services at our expense. There are no appraisal rights available to holders of Class A common stock or Class B common stock in connection with the Offer.

Our board of directors unanimously approved the Offer. However, neither we, nor any of our directors or executive officers, nor any of our affiliates, nor any other person who control us, nor any of their executive officers or directors will make any recommendation to holders of Class B common stock as to whether to tender or refrain from tendering their shares of Class B common stock in the Offer. Each holder of Class B common stock must make his or her own decision as to whether to tender shares of Class B common stock and, if so, how many shares to tender.

Comparison of Stockholder Rights

Upon completion of the Offer and the reduction in the number of outstanding shares of Class B common stock to less than 100,000, there will be a significant shift in the relative voting power of our Class A common stock and Class B common stock with respect to the election of our board of directors and other matters submitted to our stockholders for approval.

Election of Directors. Our board of directors currently consists of eight directors. Under our certificate of incorporation, our Class A common stock has the right to elect at least 25% of our board of directors and the Class B common stock has the right to elect the remaining directors. Accordingly, our Class A common stock currently elects two directors and our Class B common stock currently elects six directors. After completion of the Offer, our Class A common stock will have the right to elect at least 25% of our board of directors and the holders of Class A and Class B common stock voting together will have the right to elect the remaining directors (with the holders of Class A common stock entitled to cast one-tenth of a vote per share and the holders of Class B common stock entitled to cast one vote per share). Because the Class A common stock will be entitled to cast at least 97.23% of the votes to be cast in the election of directors by the two classes of common stock voting together, the holders of the Class A common stock will control the election of those directors as well as the 25% that the Class A common stock elects by itself. This change in relative voting power is illustrated in the following charts. For purposes of these charts, please assume that Methode's board of

31

directors consists of eight members and assume that there are 35,104,421 shares of Class A common stock outstanding and 99,999 shares of Class B common stock outstanding post-Offer:

Pre-Offer

[Pie Chart]

Class A shareholders elect 25% of the Board of Directors. Class B shareholders elect 75% of the Board Directors.

Post-Offer

[Pie Chart]

Class A shareholders continue to elect 25% of the Board of Directors. For the remaining 75% of the Board of Directors: Class B holders cast 2.77% of the total votes cast, and Class A holders cast 97.23% of the total votes cast.

Other Matters. On matters other than the election of directors, our Class A common stock is entitled to one-tenth of a vote per share and our Class B common stock is entitled to one vote per share. These voting rights do not change as a result of the Offer. However, the Offer will result in a reduction in the number of outstanding shares of Class B common stock from 1,087,305 shares prior to the Offer to no more than 99,999 shares after completion of the Offer. Based on 35,104,421 shares of Class A common stock outstanding, the reduction in the number of outstanding shares of Class B common stock as a result of the completion of the Offer will increase the relative voting power of the Class A common stock as follows:

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

Pre-Offer

[Pie Chart]
Class A - 76.34%
Class B - 23.68%

Post-Offer

[Pie Chart]
Class A - 97.23%
Class B - 2.77%

32

Following the completion of the Offer, the rights of each holder of Class A and Class B common stock will be identical in all material respects to the rights of each holder of Class A and Class B common stock prior to the completion of the Offer, except as set forth in the following chart:

	Pre-Offer	Post-Offer
Election of Directors at Annual Meetings:	Holders of Class A common stock voting as a separate class have the right to elect at least 25% of our board of directors and the holders of Class B common stock voting as a separate class have the right to elect the remaining directors.	Holders of Class A common stock voting as a separate class have the right to elect at least 25% of our board of directors and the holders of Class A and Class B common stock voting together as a single class will have the right to elect the remaining directors (with the holders of Class A common stock entitled to cast one-tenth of a vote per share and the holders of Class B common stock entitled to cast one vote per share).
Removal of Directors without Cause:	Holders of Class A common stock have the right to vote as a separate class on the removal without cause of any director elected by the Class A common stock. Holders of Class B common stock have the right to vote as a separate class on the removal without cause of any director elected by the Class B common stock.	Holders of Class A common stock have the right to vote as a separate class on the removal without cause of any director elected by the Class A common stock. Holders of Class B common stock have the right to vote as a separate class on the removal without cause of any director elected by the Class B common stock. Holders of Class A common stock and Class B common stock have the right to vote together as a single class on the removal without cause of any director elected by such holders (with the holders of Class A common stock entitled to cast one-tenth of a vote per share and the holders of Class B common stock entitled to cast one vote per share).

33

Filling vacancies on the Board of Directors:	<i>By Stockholders:</i> Any vacancy in the office of a director elected by the holders of Class A common stock may be filled by a vote of such holders, voting as a separate class. Any vacancy in the office of a director elected by the holders of Class B common stock may be filled by a vote of such holders, voting as a separate class.	<i>By Stockholders:</i> Any vacancy in the office of a director elected by the holders of Class A common stock may be filled by a vote of such holders, voting as a separate class. Any vacancy in the office of a director elected by the holders of Class B common stock, or elected by the holders of Class A and Class B common stock, voting together as a single class, may be filled by the holders of Class A and Class B common stock voting together as a single class (with the holders of Class A common stock entitled to cast one-tenth of a vote per share and the holders of Class B common stock entitled to cast one vote per share).
	<i>By Directors:</i> In the absence of a stockholder vote, a vacancy in the office of a director elected by the holders of Class A common stock, voting as a separate class, may be filled by the remaining directors elected by such class. In the absence of a stockholder vote, a vacancy in the office of a director elected by the	<i>By Directors:</i> In the absence of a stockholder vote, a vacancy in the office of a director elected by the holders of Class A common stock, voting as a separate class, may be filled by the remaining directors elected by such class. In the absence of a stockholder vote, a vacancy in the office of a director elected by the

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

holders of Class B common stock, voting as a separate class, may be filled by the remaining directors elected by such class.

holders of Class B common stock, voting as a separate class, may be filled by the remaining directors elected by such class. A vacancy in the office of a director elected by the holders of Class A and Class B common stock, voting together as a single class, may be filled by the remaining directors elected by such classes, voting together as a single class.

Filling Newly Created Directorships

By Stockholders: Stockholders may fill newly created directorships in the same manner as specified above for filling vacancies in the two classes prior to the completion of the Offer.

By Stockholders: Stockholders may fill newly created directorships in the same manner as specified above for filling vacancies in the classes of directors after completion of the Offer.

34

By Directors: Our certificate of incorporation provides that the board of directors may increase the number of directors, and any vacancies so created may be filled by the board of directors; provided that the board of directors may be so enlarged by the board of directors only to the extent that at least 25% of the enlarged board consists of directors elected by (i) the holders of Class A common stock or (ii) persons approved to fill vacancies created by the death, resignation or removal of persons elected by the holders of Class A common stock. The remaining directors of the enlarged board shall be elected by (i) the holders of Class B common stock or (ii) persons approved to fill vacancies created by the death, resignation or dismissal of persons elected by the holders of Class B common stock.

By Directors: Our certificate of incorporation does not specify how the provision governing the filling of newly created directorships would be applied after the completion of the Offer when holders of both classes of our stock, rather than the Class B stockholders, are entitled to elect up to 75% of our board of directors. We believe that it, and the Delaware General Corporation Law, would permit (i) the Class A directors to fill any newly created Class A directorships and (ii) the directors elected by the holders of Class A and Class B common stock, voting together as a single class, to fill any newly created directorships of directors to be elected by those two classes voting together.

After consummation of the Offer, the previously elected or appointed Class A and Class B directors will remain in office pending the election of their successors at our 2003 annual meeting of stockholders, with the exception of Class B directors James McGinley and Roy Van Cleave, who have indicated their intention to resign from the board immediately following the consummation of the Offer. The current Class B directors have agreed to fill any vacancies in Class B directorships, including those created by the resignations of James McGinley and Roy Van Cleave, with independent directors not affiliated with the Trusts or the McGinley family. In addition, the board does not intend to increase the size of the board prior to or at our 2003 annual meeting of stockholders. Accordingly, eight directors will be elected to the board at our 2003 annual meeting of stockholders unless the size of the board is reduced following a vacancy.

Effects of the Offer

The Market for Our Class B Common Stock. Upon completion of the Offer, the number of shares of Class B common stock outstanding and available for trading, or float, will fall below 100,000 shares and the number of holders of Class B common stock will likely be significantly reduced, which could be detrimental to holders of our Class B common stock. These factors may adversely affect the liquidity and market value of our Class B common stock and may cause the market for our Class B common stock to be more volatile. We have also been advised by Nasdaq that our Class B common stock will no longer qualify for listing on the Nasdaq National Market after completion of the Offer. After delisting, our Class B common stock may trade on the OTC Bulletin Board or in the "pink sheets" maintained by the National Quotation Bureau, Inc. These alternatives are generally considered to be less efficient and less broad-based than the Nasdaq National Market. For these reasons, we cannot make any assurance that an active public market for our Class B common stock will remain or be sustained after the Offer or that the market price of our Class B common stock will not decline below the offer price of \$20.00 per share. However, pursuant to the terms of our certificate of incorporation, Class B common stockholders may convert their shares of Class B common stock to shares of Class A common

35

stock at any time upon notice to Methode. Such conversions will be made pursuant to a one-to-one exchange ratio.

Our Class A common stock will continue to be listed on The Nasdaq National Market after completion of the Offer.

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

Shares of our Class B common stock are "margin securities" under the regulations of the Board of Governors of the Federal Reserve System, which has the effect, among other things, of allowing brokers to extend credit on the collateral of such securities. After delisting of our Class B common stock, such shares may no longer constitute "margin securities," in which case, our Class B common stock could no longer be used as collateral for loans made by brokers.

Registration of Our Class B Common Stock Under the Exchange Act. Our Class A common stock and Class B common stock are currently registered under the Exchange Act. Such registration may be terminated upon application by us to the SEC if there are fewer than 300 record holders of either stock and the shares are not listed on a national securities exchange. We intend to apply to the SEC for termination of the registration of our Class B common stock after the Offer is completed. Our Class A common stock will continue to be registered under the Exchange Act. Termination of the registration of our Class B common stock will make certain provisions of the Exchange Act, such as the requirements of Rule 13e-3 thereunder, with respect to "going private" transactions, no longer applicable to our Class B common stock. Since our Class A common stock will continue to be registered under the Exchange Act, termination of the Exchange Act registration of our Class B common stock will not affect our obligation to file annual and quarterly reports and special reports, and other information with the SEC pursuant to the Exchange Act's reporting requirements.

Elimination of the McGinley Family's Control Block. The completion of the Offer will eliminate the right of the Trusts and the McGinley family members, as a voting block of our Class B common stock, to control our board of directors and will shift to our Class A stockholders the right to elect a majority of our board of directors. In addition to eliminating the McGinley family's control of our board, the Offer will reduce the voting power of the Trusts and the McGinley family members from approximately 21% to less than 1% on all other matters. As a result of their reduced voting power, the Trusts and the McGinley family members will no longer have significant influence over the outcome of matters submitted to a vote of our stockholders.

Closer Alignment of Economic Interests and Voting Rights. The Offer will more closely align our stockholders' voting rights with their economic interests in our company by reducing the number of shares of Class B common stock outstanding to less than 100,000 shares, thereby reducing its overall voting power in relation to the voting power of the Class A common stock. Currently, shares of our Class A common stock represent approximately 97% of our outstanding common stock and shares of our Class B common stock represent approximately 3% of our outstanding common stock. However, shares of our Class B common stock have the right to elect a majority of our board and represent approximately 23.7% of the total voting power of our common stock on other matters. After completion of the Offer, the voting power of shares of Class B common stock will represent no more than approximately 2.8% of the total voting power of our common stock.

Payments to Affiliates. James McGinley and Robert McGinley, two of our directors, are special fiduciaries, co-trustees and beneficiaries of the Trusts. The Trusts hold 880,901 shares of our Class B common stock. James McGinley and Robert McGinley are also co-trustees and beneficiaries of the Jane R. McGinley Trust dated September 18, 2001 (the "Jane R. McGinley Trust"), which holds 10,002 shares of our Class B common stock. Excluding shares of Class B common stock held by the Trusts and the Jane R. McGinley Trust, James McGinley beneficially owns 268 shares of Class B common stock and Robert McGinley beneficially owns 23,308 shares of Class B common stock. Under the Agreement, the Trusts, the Jane R. McGinley Trust, James McGinley and Robert McGinley are

obligated to tender all of their shares of Class B common stock in the Offer. If the Offer is completed, the Trusts will be paid \$17,618,020, the Jane R. McGinley Trust will be paid \$200,040, Mr. J. McGinley will be paid \$5,360 and Mr. R. McGinley will be paid \$466,160.

Two other members of our board of directors beneficially own shares of our Class B common stock. Mr. Van Cleave beneficially owns 500 shares of Class B common stock and Mr. Wright beneficially owns 6,540 shares of Class B common stock. If the Offer is completed and both Mr. Van Cleave and Mr. Wright tender all of their shares of Class B common stock, Mr. Van Cleave will be paid \$10,000 and Mr. Wright will be paid \$130,800.

Cost to Methode of the Offer. We expect to use approximately \$15.1 million in cash to complete the Offer, net of the repayment of the Horizon promissory note described below. We intend to use our existing available cash to fund this amount. The cash used to finance the Offer will require resources that could be used for other corporate purposes.

Possible Changes in Our Capital Structure; Plans After the Offer. All shares of Class B common stock purchased in the Offer will be retired and not reissued. Assuming we complete the Offer and that not all of the shares of our Class B common stock are tendered in the Offer, we may in the future repurchase additional shares of Class B common stock in the open market, private transactions, tender offers or otherwise. Any such purchases may be on the same terms as, or on terms more or less favorable to holders of Class B common stock than, the terms of the Offer. However, Rule 13e-4 under the Exchange Act prohibits us and our affiliates from purchasing any shares of Class B common stock, other than through the Offer, until at least ten business days after the expiration or termination of the Offer. Any possible future purchases by us will

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

depend on many factors, including the results of the Offer and the number of shares of Class B common stock that remain outstanding after completion of the Offer, our business and financial position and general economic and market conditions.

We may also decide to seek stockholder approval in the future to recapitalize our Class A common stock and Class B common stock into one class of common stock through either an amendment to our certificate of incorporation to reclassify outstanding shares or through a merger in which all shares are converted into one class of common stock or we may seek to eliminate the Class B common stock in a merger or recapitalization transaction in which our Class A common stock is converted into a single class of common stock and our Class B common stock is converted into the right to receive cash or other consideration. Any such transaction may be on similar terms as, or on terms more or less favorable to holders of Class B common stock than, the terms of the Offer. The affirmative vote of a majority of the outstanding shares of Class A common stock and Class B common stock voting together would be required to approve any such merger or recapitalization transaction and an amendment to our certificate of incorporation to reclassify or alter the rights, preferences or powers of either class so as to affect them adversely would require a separate vote of the holders of such class. We cannot, however, assure you that we will seek to obtain stockholder approval to recapitalize our Class A common stock and Class B common stock into one class of common stock or to effect any of the transactions described above and, if we do so, that we will be successful in obtaining such approval.

Except as described in this proxy statement, or as may occur in the ordinary course of our business, we currently have no plans or proposals that relate to or would result in:

an extraordinary transaction, such as a merger, reorganization or liquidation, involving us or any of our subsidiaries;

a purchase, sale or transfer of a material amount of our assets or the assets of any of our subsidiaries;

any material change in our present dividend rate, or our present indebtedness or capitalization;

any change in our present board of directors or our management;

37

any other material change in our corporate structure or business;

any class of our equity securities being delisted from a national securities exchange or ceasing to be authorized to be quoted in an automated quotations system operated by a national securities association;

any class of our equity securities, other than the Class B common stock, becoming eligible for termination of registration under Section 12(g)(4) of the Exchange Act;

the suspension of our obligation to file reports pursuant to Section 15(d) of the Exchange Act;

the acquisition by any person of additional securities of ours or the disposition of our securities; or

any changes in our charter, bylaws or other governing instruments or other actions that could impede the acquisition of control.

Source and Amount of Funds

We expect to use approximately \$15.1 million in cash to complete the Offer, net of the repayment of the Horizon promissory note described below. We intend to use our existing available cash to fund this amount. There are no material conditions to the financing.

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

We expect to use approximately \$21.7 million to repurchase shares of our Class B common stock pursuant to the Offer, assuming we purchase all 1,087,305 outstanding shares of Class B common stock at a purchase price of \$20.00 per share.

Pursuant to the Agreement, within two (2) business days after their receipt of the proceeds of the sale of their Class B common stock pursuant to the Offer, the Trusts have agreed to cause Horizon Farms Inc., an affiliate of the Trusts, to repay in full the principal and all accrued interest due under the Horizon promissory note, which amounted to \$6,583,886 as of January 31, 2003.

Accounting Treatment

We will account for the repurchase of our Class B common stock by decreasing our cash by approximately \$21.7 million and increasing the amount shown under treasury stock on our balance sheet. Upon repayment of the Horizon note, we will increase our cash and decrease Other Assets on our balance sheet by the principal amount and all accrued interest due under the Horizon promissory note, which amounted to \$6,583,886 as of January 31, 2003.

Tax Treatment

Neither the repurchase of the Class B common stock as contemplated by the Offer nor the settlement of the litigation described under "Litigation Relating to the Agreement and the Offer" will have any tax consequences to Methode.

Pursuant to the terms of the memorandum of understanding entered into in connection with the proposed settlement of the litigation relating to the Agreement and the Offer, Methode agreed that it would declare a special dividend of \$0.04 per share of Class A common stock within 60 days following consummation of the Offer. If the Offer is not consummated, this special dividend will not be declared or paid. In the event this special dividend is paid, it will be a taxable event for the holders of Class A common stock.

For federal income tax purposes for United States holders, any special dividend received will be includible in the recipient's gross taxable income at ordinary income tax rates. This discussion is included for general information only and is based upon the Internal Revenue Code of 1986, as amended as of the date of this Proxy Statement (the "Code"), and related regulations, rulings,

pronouncements and judicial decisions. Any changes to these documents could affect the tax consequences described above. Holders of Class A common stock are urged to consult their tax advisor at the time any special dividend is declared to determine the particular tax consequences to them, including the applicability and effect of state, local and foreign tax laws.

IRS Private Letter Ruling and Other Regulatory Matters

On October 21, 2002, we submitted a request to the Internal Revenue Service, or IRS, for a supplemental private letter ruling regarding our repurchase of the Class B common stock as contemplated by the Offer. The supplemental request asked the IRS to confirm that our repurchase of the Class B common stock would not affect the private letter ruling we received in March 2001, which held that our spin-off of Stratos Lightwave, Inc. was tax-free to us and our stockholders under Section 355 of the Internal Revenue Code. Additional information was provided to the IRS in December 2002, January 2003 and March 2003. On April 4, 2003, we received a favorable supplemental private letter ruling from the IRS confirming that the Offer will not adversely affect our ability to rely on the March 2001 private letter ruling.

We are not aware of any other approval or action by any governmental, administrative or regulatory authority that would be required for our repurchase of our Class B common stock as contemplated by the Offer. Should any other approval or action be required, we currently contemplate that we will seek that other approval or action. We cannot predict whether we will be required to delay the Offer pending the outcome of any such matter. There can be no assurance that any other approval or action, if needed, would be obtained.

Interests of Certain Persons

Mr. James W. McGinley and Mr. Robert R. McGinley, who are members of our board of directors, have interests in the Agreement and the Offer that are different from, or in addition to, the interests of Methode's Class A common stockholders. These interests are described in more detail below.

James McGinley, Robert McGinley and their sister Margaret J. McGinley are special fiduciaries, co-trustees and beneficiaries of the Trusts. The Trusts hold 880,901 shares of our Class B common stock. James McGinley, Robert McGinley and Margaret McGinley are also co-trustees

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

and beneficiaries of the Jane R. McGinley Trust, which holds 10,002 shares of our Class B common stock. Excluding shares of Class B common stock held by the Trusts and the Jane R. McGinley Trust, James McGinley beneficially owns 268 shares of Class B common stock and Robert McGinley beneficially owns 23,308 shares of Class B common stock. Under the Agreement, the Trusts, the Jane R. McGinley Trust, James McGinley and Robert McGinley have agreed to tender all of their shares of Class B common stock in the Offer.

The Trusts also own Horizon Farms, Inc., a horse farm and breeding operation. As co-trustees and beneficiaries of the Trusts, James McGinley and Robert McGinley have an interest in Horizon. In addition, James McGinley and Robert McGinley are officers and directors of Horizon. In April 2001, Methode loaned \$6 million to Horizon (the "Horizon Note") in connection with the Estate making certain representations to the IRS in connection with the private letter ruling obtained by Methode in connection with the Stratos Lightwave spin-off as described in more detail below. The Horizon Note, which is included in other assets on Methode's balance sheet, is payable on June 30, 2003 and bears interest at a rate of 5.25% per annum. The Horizon Note is secured by a mortgage lien on certain real property owned by Horizon pursuant to a Mortgage and Security Agreement.

In early 2001, Methode was completing its request for the revenue ruling in connection with the Stratos Lightwave spin-off. At the request of the IRS, Mr. William J. McGinley provided an undertaking to the IRS that he had no present intention to sell any of his Class A or Class B common

stock (the majority of which shares are now held by the Trusts). Mr. W. McGinley passed away in late January, 2001. Consequently, the IRS required that Mr. W. McGinley's Estate, as the owner of such Class A and Class B common stock, provide a similar undertaking to that provided by Mr. W. McGinley.

After Mr. W. McGinley's death, loans held by Mr. W. McGinley for which the Estate was responsible became due because of his death. The Estate informed Methode that it would be unable to provide the requested representation to the IRS because if the banks attempted to quickly foreclose on the loans, the Estate might be forced to sell various assets, including its Methode Class A and Class B common stock. In discussions with Methode, the Estate indicated that if it received a term loan from Methode which allowed it to pay off the loans, it would be able to provide the representation to the IRS required in connection with the Stratos Lightwave spin-off.

With the approval of the board of directors, Methode loaned \$6 million to Horizon pursuant to the Horizon Note. Upon receipt of the Horizon Note, the Estate executed the required IRS representation.

Under the Agreement, within two (2) business days after their receipt of the proceeds of the sale of their Class B common stock pursuant to the Offer, the Trusts have agreed to cause Horizon to repay in full the principal and all accrued interest due under the Horizon Note, which amounted to \$6,583,886 as of January 31, 2003.

Other non-operating income for Methode for fiscal 2001 included \$6.6 million from insurance proceeds of approximately \$10 million related to the death in January 2001 of William J. McGinley, Methode's founder and the father of James McGinley and Robert McGinley. Methode is a party to a Split-Dollar Insurance Agreement dated August 9, 1996, with the William J. McGinley and Jane R. McGinley Irrevocable Trust (the "Irrevocable Trust"). James W. McGinley, Robert R. McGinley and their sister, Margaret J. McGinley, and other McGinley family members, are beneficiaries of the Irrevocable Trust. Pursuant to the Split-Dollar Insurance Agreement, Methode agreed to pay premiums on five life insurance policies owned by the Irrevocable Trust on the lives of William J. McGinley and Jane R. McGinley, the wife of William J. McGinley and the mother of James McGinley and Robert McGinley. Methode has collateral assignments on the policies that entitle it to receive reimbursement from the insurance proceeds at the greater of the cumulative premiums paid or the cash surrender value of the policies.

As a result of the death of Jane McGinley in February 2003, insurance proceeds of approximately \$10.5 million will be paid under four of the split-dollar last survivor life insurance policies. In April 2003, approximately \$3.5 million was paid to the Irrevocable Trust under one such policy and approximately \$1.0 million was paid to Methode, representing the cash surrender value of the policy. With respect to the three remaining policies, the proceeds to be paid to the Irrevocable Trust equal approximately \$4.7 million and the amount to be paid to Methode equals approximately \$1.3 million, representing the premiums paid on those policies by Methode.

Methode and the Irrevocable Trust are currently involved in a dispute regarding whether the amount payable to Methode should be reduced by \$89,260, which represents the amount of premiums included in the McGinleys' income and deducted by Methode for federal tax purposes. If this dispute is not resolved by discussions between the parties litigation or arbitration could result. In any such proceeding, Methode could raise the issue of whether Methode is entitled to an additional payment of \$99,883 from the Irrevocable Trust. This represents the amount of premium payments included in the McGinleys' taxable income and deducted by Methode for federal tax purposes. This amount was deducted from the premium reimbursement amount previously paid to Methode in connection with the insurance proceeds distributed upon the death of

Mr. William McGinley.

40

In addition to James McGinley and Robert McGinley, members of our board of directors currently beneficially own shares of our Class B and/or Class A common stock as follows (excluding stock options): Mr. Batts 19,000 shares of Class A common stock; Mr. Croft 112,107 shares of Class A common stock; Mr. Duda 131,917 shares of Class A common stock; Mr. Jensen 220,133 shares of Class A common stock; Mr. Van Cleave 500 shares of Class A common stock and 500 shares of Class B common stock; and Mr. Wright 103,176 shares of Class A common stock and 6,540 shares of Class B common stock. Messrs. Batts and Wright are members of the Special Committee and Mr. Croft was a member of the Special Committee until his resignation on August 8, 2002. Mr. Croft resigned as a special fiduciary of the Trusts shortly before his appointment to the Special Committee. Mr. Van Cleave acted as special counsel to the Trusts in connection with the Agreement.

Our Chairman, William T. Jensen, our President, Donald W. Duda, and Warren L. Batts, William C. Croft, Roy M. Van Cleave and George C. Wright, each a member of our Board of Directors, have agreed to vote their shares of Class A common stock proportionally in accordance with the total number of affirmative or negative votes cast by the Eligible Class A common stockholders. The aggregate number of shares of our Class A common stock currently held by these directors is 308,006 shares, or 1.0% of the shares of Class A common stock eligible to vote at the Special Meeting.

Litigation Relating to the Agreement and the Offer

General

On September 13, 2002, a holder of 100 shares of Class A common stock filed a class action against Methode and certain of Methode's directors on behalf of all holders of our Class A common stock and derivatively on behalf of Methode in the Court of Chancery of the State of Delaware. Plaintiff alleged in the Complaint that Methode's directors breached their fiduciary duties of disclosure, care and loyalty by approving the Agreement between Methode and the Trusts and the McGinley family members pursuant to which Methode agreed, among other things, to make a tender offer for the repurchase of all of our Class B common stock at a price of \$20 per share. Plaintiff further alleged in the Complaint that Methode's board approved the tender offer for the repurchase of our Class B common stock, caused Methode to enter into certain employment agreements with Methode's chairman of the board and certain of its officers and failed to disclose and misrepresented certain information in connection with Methode's 2002 proxy statement, as part of a scheme to entrench the incumbent board and management. Additionally, Plaintiff alleged in the Complaint that Methode's directors, by approving the repurchase of the Class B common stock, diverted a corporate opportunity to receive a control premium away from Methode and the Class A stockholders. Plaintiff sought, among other things, to enjoin the repurchase of the Class B common stock, as well as other equitable relief.

On March 17, 2003, the parties in this litigation entered into a memorandum of understanding providing for the settlement of this litigation. Pursuant to the terms of the memorandum of understanding, Methode agreed, among other things, that: (i) it would only proceed with the Offer if it is approved by the affirmative vote of a majority of the shares of Class A common stock present or represented by proxy at the special meeting (excluding shares held by the Trusts and the McGinley family members); (ii) it would make certain revisions to the disclosures in this proxy statement requested by Plaintiff; and (iii) it would declare a special dividend of \$0.04 per share of Class A common stock within 60 days following consummation of the Offer. If the Offer is not consummated, this special dividend will not be declared or paid. The memorandum of understanding also provides for the dismissal of the Action with prejudice and release of all related claims against Methode and the director defendants. The settlement as provided for in the memorandum of understanding is contingent upon, among other things, approval by the Court.

There is no assurance that this settlement will have been approved by the Court and finalized at the time the Offer is scheduled to close. In the event the settlement is not finalized and the litigation is

41

still pending at such time, Methode currently intends to complete the Offer and purchase all shares of Class B common stock properly tendered in the Offer.

Challenges of Plaintiff's Expert to the Offer

On December 17, 2002, the plaintiff in the Action supplemented his discovery responses to set forth the subjects on which his expert, Dr. Donald Puglisi ("Plaintiff's Expert"), Managing Director of Puglisi & Associates and MBNA America Professor of Business Emeritus at the University of Delaware, is expected to testify at trial. Dr. Puglisi was retained by Plaintiff to examine and comment upon the TM Capital report. According to plaintiff's supplemental discovery responses, Plaintiff's Expert has expressed his opinion that portions of TM Capital's August 2002 analysis indicate that the premium to be paid for the Class B common stock is inappropriate because, among other things, in 24 recent acquisitions of dual class stock companies identified by TM Capital, no premium was paid to the holders of the higher voting stock and, in the three acquisitions where a premium was paid to the higher voting stock, the additional premium ranged from 9.1% to 30% with an average premium of 16.4%. Considering all 27 acquisitions, the average premium was 1.82%. In addition, in the Seven Precedent Transactions utilized by TM Capital, the premiums ranged from 1% to 32%, with an average premium of 15%, and there were 15 restructuring transactions identified by TM Capital where no premium to the high voting stock was paid, which, if included, would reduce the average premium to 4.76%.

According to plaintiff's supplemented discovery responses, Plaintiff's Expert is also of the opinion that TM Capital's dilution analysis is "unproven, flawed and skewed" because it purportedly is not a standard methodology recognized in the financial community and TM Capital has not provided any data showing that a third-party purchaser would pay the proposed premium. In that regard, Plaintiff's Expert is of the opinion that the Seven Precedent Transactions cited by TM Capital in its analysis do not show that a higher percentage premium will necessarily be paid the smaller the equity percentage represented by the control block. In some instances a higher percentage premium was paid though the equity percentage represented by the control block was larger or the same size as in other precedent transactions. Another comparison shows significantly different premiums where the percentage represented by the control block is the same.

In addition, Plaintiff's Expert is of the opinion that a statistical regression analysis of the premiums paid to control shareholders against the control voting shares as a percentage of total shares outstanding for the Seven Precedent Transactions relied upon by TM Capital, as well as 15 other recent equity reclassification transactions with conversion ratios equal to 1.0 identified in TM Capital's analysis, indicates that the expected premium for the Class B common stock is 12.66%. A statistical regression analysis is a statistical technique used to find relationships between variables for the purpose of predicting future values. Plaintiff's Expert contends that TM Capital's analysis inappropriately excludes the 15 equity reclassification transactions where the exchange ratio was 1 for 1. According to Plaintiff's Expert, inclusion of these transactions would indicate an average dilution of 1.04%.

The Plaintiff's Expert is also of the opinion that TM Capital's analysis does not take into account the differences between Methode's dual class voting structure, where Class A Stock has voting power including the right to elect at least 25% of the Board and a majority of the votes on all other issues and the structure of the Seven Precedent Transactions where the non-control stock has no voting power or lesser voting power than the Class A Stock.

Finally, Plaintiff's Expert is of the opinion that the TM Capital dilution analysis is based on inconsistent methods because TM Capital allegedly used a different formula to calculate the dilution in the Seven Precedent Transactions than the method it used to calculate the dilution in the proposed Methode transaction and that, if TM Capital had used a consistent methodology, the dilution would be significantly higher and would not follow the pattern TM Capital relies upon as a basis for its fairness

opinion. Plaintiff's Expert is also of the opinion that while TM Capital presented the dilution for Methode using a 30 day trading period, it calculated the percentage dilution for the Seven Precedent Transactions based on the closing price of the non-control stock on the day before the announcement of those transactions. In addition, Plaintiff's Expert is of the opinion that there are no data points in TM Capital's dilution analysis where the high voting stock represents less than 12% of the equity and TM Capital's analysis is, therefore, an unsupported extrapolation that assumes the premium analysis would increase dramatically as the percentage of the equity of the high voting stock decreases below 12%. According to Plaintiff's Expert, a regression analysis of the premium to control shareholders against percentage dilution to non-control shareholders for the Seven Precedent Transactions purportedly indicates an expected premium for the Class B common stock of 19.35%. In the view of the Plaintiff's Expert, the proper regression analyses are linear. Finally, Plaintiff's Expert is of the opinion that there is no basis in the finance literature for the manner in which TM Capital derived its curved relationship between the premium to control shares and control voting shares as a percentage of total shares outstanding.

TM Capital's Response To Plaintiff's Expert's Challenges. In the opinion of TM Capital, the total cost to the Class A stockholders to eliminate the control block is the proper measure of fairness to the Class A stockholders. In arriving at its fairness opinion, TM Capital analyzed the cost to the Class A stockholders by examining the equity dilution at various premium levels and comparing that dilution to the Seven Precedent Transactions in which the control shares were repurchased or restructured.

In addition, TM Capital does not believe Plaintiff's Expert's focus on the acquisitions of entire companies and control blocks where no premium or a reduced premium was paid to the controlling shareholders is relevant to TM Capital's analysis of fairness to the Class A stockholders. While TM Capital included this information in its materials to the Special Committee for informational purposes, in this

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

circumstance, the McGinley family was not willing to sell its control of Methode without receiving a premium. Accordingly, in order to analyze the fairness of the proposed tender offer, TM Capital looked at precedent transactions in which the control shareholders were paid a premium.

With regard to Plaintiff's Expert's claim as to TM Capital's inconsistent use of a 30 day average in calculating dilution in the Methode transaction versus single day pricing for the Seven Precedent Transactions, it should be noted that in six of the seven precedent transactions, the premium received by the control stock was an exchange of lesser voting or other shares expressed as a fixed exchange ratio. Therefore, the dilution to the non-control stockholders would be the same whether calculated over a 30-day average or a single day. In the one precedent transaction where the control stockholders received cash, Pacificare Health Systems, Inc., the price represented a 14.91% premium over the volume weighted average closing price for the 30 days prior to the announcement and resulted in 1.88% dilution to the non-control stock as compared to a 12.71% premium and 1.63% dilution using the closing price on the day prior to the announcement. Consequently, had TM Capital made the change proposed by the Plaintiff's Expert, the calculation of dilution in the Seven Precedent Transactions would have been greater, not less.

Finally, TM Capital believes that Plaintiff's Expert's regression analyses are flawed because the linear regression methodology proposed by the plaintiff does not demonstrate a statistically significant correlation. TM Capital further believes that once the dilution is calculated for each transaction, the resulting relationship between the size of the control block of shares and the premium paid is a curve. Additionally, TM Capital believes that the dilution data provided by the Seven Precedent Transactions is the basis for evaluating the Offer and the dilution proposed in the Offer is within the range of the Seven Precedent Transactions. In addition, the equity dilution or cost to Class A stockholders of the Offer under the alternative method utilized by Plaintiff's Expert is less than the average dilution in the Seven Precedent Transactions.

43

Fees and Expenses

We have retained Innisfree to act as our proxy solicitor in connection with this proxy statement and intend to retain a dealer manager and information agent in connection with the Offer. These parties will receive reasonable and customary compensation for their services. We will not anticipate paying any fees or commissions to brokers, dealers or other persons (other than fees to the dealer manager and the information agent as described above) for soliciting tenders of shares pursuant to the Offer.

The fees and expenses to be incurred and paid by us in connection with the negotiation of the Agreement and the Offer are estimated as follows:

Proxy Solicitor Fees	\$	10,000
Information Agent and Depository Fees	\$	21,000
Financial Advisory Fees	\$	175,000
Legal Fees	\$	325,000
Printing	\$	4,000
Filing Fees	\$	2,000
Miscellaneous	\$	10,000
Total	\$	547,000

44

MARKET PRICE DATA; DIVIDENDS

Our Class A common stock and Class B common stock are listed for trading on the Nasdaq National Market under the symbols "METHA" and "METHB." The following table sets forth the high and low sales prices for the periods indicated as reported on the Nasdaq Stock Market.

As of April 30, 2001, Methode affected the spin-off of Stratos Lightwave, Inc. (Stratos) by distributing 1.5113 shares of Stratos to each shareholder of Methode Class A and Class B common stock. To increase comparability of the market price information presented, the fiscal year ended April 30, 2001 amounts have been adjusted to exclude an estimate of the impact of the market value of the Stratos stock. This estimate was based on the ratio of the market value of the Class A or Class B common stock at the opening of trading immediately following the spin-off

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

to the sum of (a) the market value of the Class A or Class B stock plus (b) the market value of 1.5113 shares of Stratos at that time. This ratio was applied to the historical high and low stock prices for Class A and Class B to estimate the adjusted value of the Methode stock excluding Stratos.

	Class A Stock Price		Class B Stock Price	
	High	Low	High	Low
Fiscal Year ending April 30, 2004				
First Quarter (through June 2, 2003)	\$ 11.35	9.03	\$ 20.49	\$ 19.25
Fiscal Year ended April 30, 2003				
First Quarter	\$ 12.86	\$ 7.75	\$ 13.25	\$ 8.25
Second Quarter	10.80	6.25	19.44	8.50
Third Quarter	11.27	8.00	19.27	18.06
Fourth Quarter	10.98	8.25	20.75	18.50
Fiscal Year ended April 30, 2002				
First Quarter	\$ 9.50	\$ 5.56	\$ 13.70	\$ 6.75
Second Quarter	9.69	6.29	10.10	6.01
Third Quarter	9.79	6.81	10.25	7.00
Fourth Quarter	12.81	8.16	12.70	9.09

On August 20, 2002, the last day on which our Class A common stock traded before the public announcement of the Offer, the closing price of our Class A common stock as reported on the Nasdaq National Market was \$9.05. On August 14, 2002, the last day on which our Class B common stock traded before the public announcement of the tender offer, the closing price of our Class B common stock as reported on the Nasdaq National Market was \$8.50.

On June 2, 2003, the closing price of our Class A common stock and Class B common stock as reported on the Nasdaq National Market was \$11.19 and \$19.50, respectively. We urge stockholders to obtain current market quotations for our Class A common stock and Class B common stock.

We pay dividends quarterly and for fiscal years 2003, 2002 and 2001, quarterly dividends were paid at an annual rate of \$0.20 on shares of both the Class A and Class B common stock. On March 11, 2003, our board of directors declared a dividend of \$0.05 per share of Class A common stock and Class B common stock, payable on April 30, 2003, to holders of record on April 15, 2003.

We do not expect the purchase of the Class B common stock in the Offer nor the payment of the special dividend contemplated by the settlement of the litigation relating to the Offer to affect our ability to pay dividends at our historic rate. We expect to continue our policy of paying regular cash dividends, although there is no assurance as to future dividends because they are dependent on future earnings, capital requirements and financial conditions.

SECURITY OWNERSHIP OF FIVE PERCENT STOCKHOLDERS

The following table sets forth information regarding all persons known to be the beneficial owners of more than 5% of Methode's voting securities as of February 14, 2003 (except as set forth in the relevant footnotes).

Name and Address of Beneficial Owner	Title of Class	Number of Shares and Nature of Beneficial Ownership(1)	Percent of Class
Barclays Global Investors, N.A.(2) 45 Fremont Street San Francisco, California 94105	Common Stock Class A	3,027,089	8.6

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

Name and Address of Beneficial Owner	Title of Class	Number of Shares and Nature of Beneficial Ownership(1)		Percent of Class

Robert R. McGinley c/o Dennis M. Wilson Piper Rudnick 203 North LaSalle Chicago, Illinois 60601	Common Stock Class B	914,211	(5)	84.1
Raymond J. Roberts c/o Dennis M. Wilson Piper Rudnick 203 North LaSalle Chicago, Illinois 60601	Common Stock Class B	887,101	(5)	81.6

(1) Beneficial ownership arises from sole voting and investment power unless otherwise indicated by footnote.

(2) Based solely on a Schedule 13G filed by Barclays Global Investors, N.A. ("Barclays") with the SEC on February 12, 2003. According to the Schedule 13G, the shares reported are held by

Barclays and Barclays Global Fund Advisors in trust accounts for the economic benefit of the beneficiaries of those accounts.

(3) Based solely on an Amendment to Schedule 13G filed by T. Rowe Price Associates, Inc. ("Price Associates") with the SEC on February 4, 2003. According to the Schedule 13G, Price Associates is deemed the beneficial owner of 2,893,700 shares, having sole voting power over 734,400 shares and sole investment power over all 2,893,700 shares. These securities are owned by various individuals and institutional investors for which Price Associates serves as investment adviser with power to direct investments and/or sole power to vote the securities. For purposes of the reporting requirements of the Exchange Act, Price Associates is deemed to be a beneficial owner of such securities; however, Price Associates expressly disclaims that it is, in fact, the beneficial owner of such securities.

- (4) Voting and investment power are shared by the special fiduciaries of this trust. See note (5) below.
- (5) Includes 87,277 shares of Class B common stock held by the William J. McGinley Marital Trust No. 1 and 793,624 shares of Class B common stock held by the William J. McGinley Marital Trust No. 2 (the "Trusts"), as to which Ms. M. McGinley and Messrs. J. McGinley, R. McGinley and Roberts are special fiduciaries and share voting and investment power. Each of the special fiduciaries specifically disclaims beneficial ownership of all shares owned by the other special fiduciaries other than in their respective capacity as special fiduciary under the Trusts. Ms. M. McGinley and Messrs. J. and R. McGinley are also beneficiaries and co-trustees under the Trusts. Also includes 10,002 shares of Class B common stock held by the Jane R. McGinley Trust dated September 18, 2001, as to which Ms. M. McGinley and Messrs. J. McGinley and R. McGinley are co-trustees and beneficiaries and share voting and investment power.
- (6) Includes 268 shares of Class B Common Stock held by his wife.

EXECUTIVE OFFICERS AND DIRECTORS

Background

Following is the business and background of our directors and executive officers:

Warren L. Batts has been a director of Methode since 2001. Mr. Batts is also a director of Cooper Industries, Inc., a manufacturer of electrical products and power and hand tools located at 600 Travis, Suite 5800, Houston, Texas 77002. Mr. Batts is the Retired Chairman and Chief Executive Officer of Tupperware Corporation, a diversified consumer products company, located at 14901 Orange Blossom Trail, Orlando, Florida 32837 and the Retired Chairman of Premark International, Inc., a diversified consumer products company located at 1717 Deerfield Road, Deerfield, Illinois 60015. Prior to his retirement in 1997, Mr. Batts had been Chairman and Chief Executive Officer of Premark International, Inc. since 1986 and Chairman and Chief Executive Officer of Tupperware Corporation since its spin-off from Premark International, Inc. in 1996.

William C. Croft has been a director of Methode since 1975. Mr. Croft also has been the Chairman of the Board of Clements National Company, a manufacturer of electrical equipment located at 6650 S. Narragansett, Chicago, Illinois 60638, since 1975.

Donald W. Duda has been a director since 2001 and the President of Methode since February 2001. Prior thereto, Mr. Duda was Vice-President of Interconnect Products Group of Methode since March 2000. Prior thereto, Mr. Duda was with Amphenol Corporation, a manufacturer of electronic connectors located at 358 Hall Avenue, Wallingford, Connecticut 06492, as General Manager of its Fiber Optic Products Division from 1988 through November 1998.

William T. Jensen has been the Chairman of the Board since February 2001 and has been a director of Methode since 2001. Mr. Jensen also was a director of Methode from 1959 to 1997, President of Methode from December 1994 through February 1997, and Vice President of Methode from 1952 through 1994.

James W. McGinley has been a director of Methode since 1993. Mr. J. McGinley has been a director, the President and the Chief Executive Officer of Stratos Lightwave, Inc., a manufacturer of optical subsystems for the fiber optic industry located at 7444 West Wilson Avenue, Chicago, Illinois 60656, since April 12, 2000, when it was spun off from Methode. Prior thereto, Mr. J. McGinley was President of Methode since August 1998 and President of Methode's Optical Interconnect Products division from 1994 through 1998. James W. McGinley is the brother of Robert R. McGinley.

Robert R. McGinley has been a director of Methode since 2001. Mr. R. McGinley is President of Traction, Inc., an entertainment media production company located at 1807 12th Street, Santa Monica, California 90404. Robert R. McGinley is the brother of James W. McGinley.

Roy M. Van Cleave has been a director since 2002. He has been President of Roy M. Van Cleave, P.C., a provider of legal services located at 65 West Jackson Boulevard, Chicago, Illinois 60604, since 2000. Prior thereto, Mr. Van Cleave was a partner of the law firm of Chapman & Cutler, 111 W. Monroe, Chicago, Illinois 60603, from September 1997 to September 2000.

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

George C. Wright has been a director since 1968. Mr. Wright has been retired since December 2001. Prior thereto, he was President of Piedmont Co. Inc., a distributor of marine products located at 1630 Highway 243, Townville, South Carolina 29689, since 1989.

John R. Cannon has been Senior Executive Vice President of Methode since 1997.

Douglas A. Koman has been the Vice President, Corporate Finance of Methode since April 2001. Prior thereto he was Assistant Vice President Financial Analysis since December 2000. Prior thereto he was with Illinois Central Corporation, a holding company whose principal subsidiaries are freight

48

railroads, located at 455 North Cityfront Plaza Drive, Chicago, Illinois 60611, as Controller from November 1997 to March 2000 and Treasurer since July 1991.

Robert J. Kuehnau has been the Vice President, Treasurer and Controller of Methode since June 1996.

James F. McQuillen has been the Executive Vice President of Methode since April 2001. Prior thereto he was Vice President of Methode's Connector Products Division since August 1995.

None of Methode, the directors of Methode nor the executive officers of Methode was convicted in a criminal proceeding during the past five years excluding traffic violations or similar misdemeanors.

None of Methode, the directors of Methode nor the executive officers of Methode has been a party to any judicial or administrative proceeding during the past five years (except for matters that were dismissed without sanction or settlement) that resulted in a judgment, decree or final order enjoining the person from future violations of, or prohibiting activities subject to, federal or state securities laws, or a finding of any violation of federal or state securities laws.

All of the directors and executive officers of Methode are United States citizens.

49

Security Ownership

The following table sets forth information regarding Methode's Class A and Class B common stock beneficially owned as of February 14, 2003 by (i) each director, (ii) each of the named executive officers, and (iii) all current directors and executive officers as a group.

Name of Beneficial Owner	Title of Class	Number of Shares and Nature of Beneficial Ownership(1)	Percent of Class
Warren L. Batts	Common Stock

(1)

Shares of Class A common stock are held by the William J. McGinley Marital Trust No. 2 and the William J. McGinley Irrevocable Trust, of which James W. McGinley and Robert R. McGinley, among others, are special fiduciaries and beneficiaries sharing voting and investment power with respect to such shares. Shares of Class B common stock are held by the William J. McGinley Marital Trust No. 1 and No. 2, of which James W. McGinley and Robert R. McGinley, among others, are special fiduciaries and beneficiaries sharing voting and investment power with respect to such shares. James W. McGinley and Robert R. McGinley, along with their sister Margaret J. McGinley, are also co-trustees of the William J. McGinley Marital Trust No. 1 and No. 2.

Based on our records and on information provided to us by our directors and executive officers, neither we nor any of our directors and executive officers, or any of our other affiliates or subsidiaries has effected any transactions involving our Class B common stock during the 60 days prior to the date hereof.

Employment Agreements

William T. Jensen Agreement. William T. Jensen entered into an Agreement with us in connection with his election to Chairman of the Board of Directors in February 2001. Under the agreement, as amended, Mr. Jensen is entitled to an annual salary of \$278,356 and a quarterly bonus calculated based on our adjusted pretax profits. In addition, Mr. Jensen was granted an option to purchase 100,000 shares of our Class A common stock in fiscal 2001. In June 2002, the Compensation Committee elected to extend the term of the agreement to June 30, 2003.

Employment Security Agreements. On December 21, 2001, Messrs. Duda, Koman, Kuehnau and McQuillen each entered into an Employment Security Agreement with us. Each agreement provides that if within three years of a Change in Control (as defined below) or during a Period Pending a Change in Control (as defined below), we terminate the executive's employment without good cause or the executive voluntarily terminates his employment for good reason, the executive is entitled to (1) a lump sum cash payment equal to three times the executive's annual salary (two times annual salary in the case of Mr. McQuillen); (2) a lump sum cash bonus payment; (3) continued participation in our

51

welfare benefit plans for three years or until the executive becomes covered under other welfare benefit plans providing substantially similar benefits; (4) unpaid salary or other compensation earned with respect to periods prior to the executive's termination, including accumulated but unused vacation; and (5) a lump sum of any amount payable to the executive pursuant to a tax gross-up payment.

None of the transactions contemplated by the Offer will constitute a Change of Control.

In general, a "Change in Control" shall have occurred if any of the following occur:

(1) any person or group is or becomes the beneficial owner of 25 percent or more of Methode's Class A common stock or Class B common stock (excluding shares acquired directly from Methode or acquired in certain mergers and business combinations);

(2) at any time during any period of two consecutive 12-month periods, members of Methode's board of directors at the beginning of the period (the "Incumbent Board") cease for any reason to constitute at least a majority of the board. Directors approved by a majority of the Incumbent Board will be considered members of the Incumbent Board. However, directors elected in connection with an actual or threatened proxy contest or solicitation by a third party will not be considered members of the Incumbent Board for this purpose; or

(3) there is a merger or other business combination of Methode pursuant to which Methode's stockholders own less than 60 percent of the voting stock of the surviving corporation.

"Period Pending a Change in Control" is defined in each agreement as the period between the time an agreement is entered into by Methode with respect to a transaction which would constitute a Change in Control, and the closing of such transaction.

Fiscal year 2002 earnings reflect a \$15.8 million restructuring charge (\$13.3 million after tax; \$0.37 per share) and a foreign investment tax credit of \$3.7 million (\$0.11 per share).

Fiscal year 2001 earnings reflect \$6.6 million of tax-free income from life insurance proceeds (\$0.18 per diluted share), and a special charge of \$9.7 million for goodwill impairment and \$4.1 million to provide for the restructuring of two business units and the write-off of excess inventory and idle equipment (\$11.9 million after tax; \$0.33 per diluted share). In April 2001, Methode completed the spin-off of Stratos Lightwave, Inc. For financial reporting purposes, Methode has accounted for Stratos Lightwave's results as discontinued operations.

The pro forma adjustments include adjustments to reflect the purchase of all of the outstanding shares of Class B common stock, payment of a special dividend on Class A common stock, the repayment of principal and interest on the note receivable from Horizon Farms, Inc. as of the beginning of the periods presented.

ADDITIONAL INFORMATION

We file annual, quarterly and current reports, proxy statements and other information with the Securities and Exchange Commission, or SEC. Our SEC filings are available to the public over the Internet at the Securities and Exchange Commission's website at www.sec.gov. You may also read and copy any document we file with the SEC at the SEC's Public Reference Room at 450 Fifth Street, N.W., Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information on the public reference room. We maintain a website at www.methode.com. The information contained in our website is not incorporated in this proxy statement by reference and you should not consider it a part of this proxy statement.

The SEC allows us to incorporate by reference the information we file with them, which means that we can disclose important information to you by referring you to those documents. The information incorporated by reference is considered to be part of this proxy statement, except for any information superseded by information in this proxy statement. This proxy statement incorporates important business and financial information about us that is not included in or delivered with this proxy statement. This proxy statement incorporates by reference the documents set forth below that have previously been filed with the SEC:

our annual report on Form 10-K for the fiscal year ended April 30, 2002;

our proxy statement on Schedule 14A, dated August 10, 2002, for our 2002 annual meeting of stockholders;

our quarterly reports on Form 10-Q for the fiscal quarters ended July 31, 2002, October 31, 2002 and January 31, 2003; and

our current reports on Form 8-K filed on August 20, 2002, September 20, 2002, January 2, 2003, March 18, 2003 and April 7, 2003.

We are also incorporating by reference additional documents that we file with the Securities and Exchange Commission pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934 between the date of this proxy statement and the date of the special meeting. You may request a copy of these filings, at no cost, by writing or telephoning us at the following address and telephone number: Methode Electronics, Inc., 7401 West Wilson Avenue, Chicago, Illinois 60706-4548, toll-free 1-877-316-7700, attention Investor Relations.

If you would like to request documents, including any documents we may subsequently file with the SEC before the special meeting, please do so by July 1, 2003 so that you will receive them before the special meeting.

FORWARD LOOKING STATEMENTS

This proxy statement contains statements that are not historical facts and constitute projections, forecasts or forward-looking statements. These statements may be identified by the use of forward-looking words or phrases such as "believes," "expects," "anticipates," "intends," "plans," "estimates," "may," "will" and "should." These forward-looking statements are not guarantees of performance and are inherently subject to known and unknown risks, uncertainties and assumptions. Our actual actions or results may differ materially from those expected or anticipated in the forward-looking statements. Specific factors that might cause such a difference, include, but are not limited to:

Our dependence on two large automotive customers and specific makes and models of automobiles. Therefore, our financial results will be subject to many of the same risks that apply to the automotive industry, such as general economic conditions, interest rates and consumer spending patterns.

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

A significant portion of the balance of our business relates to the computer and telecommunication industries which are subject to many of the same risks facing the automotive industry as well as fast-moving technological change. These industries are currently experiencing a severe economic downturn.

Various legal claims incidental to our business, including those arising out of alleged defects, breach of contracts, product warranties, employment-related matters and environmental matters.

The current political and economic situation could result in higher levels of inflation than anticipated, and we may not be able to realize cost reductions, productivity improvements or price increases which are substantial enough to counter the inflationary impact. In the event that severe economic recession occurs, business failures by key customers or significant reductions in consumer demand for automobiles and other products which incorporate our products could have a significant adverse impact on our profitability.

Economic turmoil and currency fluctuations could increase our risk from currency exchange rates and devaluations, as well as increase the potential loss in value of our investments in our foreign businesses. Political and economic turmoil in the countries in which we operate our businesses can have a significant impact on our operating profits.

Other factors which may result in materially different results for future periods include actual growth in our various markets; operating costs; delays in development, production and marketing of new products; and other factors set forth from time to time in our reports filed with the Securities and Exchange Commission.

The list of factors above is illustrative, but by no means exhaustive. All forward-looking statements should be evaluated with the understanding of their inherent uncertainty. All subsequent written and oral forward-looking statements concerning the matters addressed in this document and attributable to us or any person acting on our behalf are qualified by these cautionary statements. We undertake no obligation to make any revision to the forward-looking statements contained in this document or to update them to reflect events or circumstances occurring after the date of this document.

55

OTHER MATTERS

Independent Public Accountants

A representative of Ernst & Young LLP will be present at the special meeting, will have the opportunity to make a statement and will be available to respond to appropriate questions.

Stockholder Proposals

All stockholder proposals to be presented at Methode's annual meeting to be held in 2003 must have been received by Methode by April 14, 2003 in order to be considered for inclusion in Methode's proxy statement relating to the 2003 annual meeting. If a stockholder intends to present a proposal at the 2003 annual meeting but does not intend to have such proposal included in Methode's proxy statement, Methode must receive notice of such proposal prior to June 27, 2003 in order to be considered "timely." If notice of such proposal is not received prior to June 27, 2003, the proposal shall be deemed "untimely" and Methode will have the right to exercise discretionary voting authority with respect to such proposal. These notices should be directed to the Secretary of Methode Electronics, Inc. at 7401 West Wilson Avenue, Chicago, Illinois 60706.

Other Business

The Board of Directors knows of no other business that will be presented at the special meeting. Should any other business come before the special meeting, it is the intention of the persons named in the enclosed proxy to vote in accordance with their best judgment.

By order of the Board of Directors

William T. Jensen
Chairman

Chicago, Illinois
June 12, 2003

56

ANNEX A

AGREEMENT

This AGREEMENT (the "Agreement"), dated as of August 19, 2002, is made by and among Methode Electronics, Inc., a Delaware corporation (the "Company"); Marital Trust No. 1 and Marital Trust No. 2 each created under the William J. McGinley Trust (the "Trusts"); Jane R. McGinley, Margaret J. McGinley, James W. McGinley, and Robert J. McGinley (individually, a "Stockholder" and collectively with the Trusts, the "Stockholders").

RECITALS:

WHEREAS, a special committee (the "Special Committee") of the Company's board of directors has authorized the Company to make a tender offer (the "Offer") to purchase all of the issued and outstanding shares of the Company's Class B common stock, par value \$0.50 per share (the "Class B Stock"), at a price of no less than \$20 per share net to the seller in cash, subject to adjustment as provided in Section 8(e) hereof (the "Offer Price");

WHEREAS, the Stockholders are the record and beneficial owners of those shares of Class B Stock set forth opposite the Stockholder's name on Exhibit A attached hereto (as may be adjusted from time to time pursuant to Section 8(e) hereof, the "Subject Shares"); and

WHEREAS, as a condition to its willingness to make the Offer, the Company, as authorized by the Special Committee has required that the Stockholders enter into this Agreement; and as an inducement to the Company to make the Offer, the Stockholders have agreed to enter into this Agreement.

NOW, THEREFORE, in consideration of the foregoing and the mutual covenants and agreements herein contained, and intending to be legally bound hereby, the parties hereby agree as follows:

Section 1. *The Offer.*

(a) Subject to terms and conditions hereof, the Company agrees to commence the Offer as promptly as practicable, and in any event within ten (10) business days, after the Company's receipt of the Supplemental Ruling (as defined in Section 5(a) below). The Company's obligations to accept for payment and to pay for shares of Class B Stock validly tendered pursuant to the Offer on or prior to the expiration of the Offer and not withdrawn shall be subject only to (i) there being validly tendered and not withdrawn prior to the final expiration of the Offer that number of shares of Class B Stock such that the total number of shares of Class B Stock outstanding after the completion of the Offer would be less than 100,000 shares (the "Minimum Condition") and (ii) the other conditions set forth in Exhibit B hereto.

(b) The Company expressly reserves the right to modify the terms of the Offer, except that the Company shall not: (i) decrease the Offer Price, (ii) change the form of consideration payable in the Offer, or (iii) impose additional conditions or modify any of the conditions set forth in Exhibit B hereto in any manner adverse to the holders of shares of Class B Stock.

(c) Except as prohibited by law, the closing of the transactions contemplated by this Agreement (the "Closing") shall take place at the Chicago, Illinois office of Lord, Bissell & Brook at 10:00 a.m. on the first business day immediately following the expiration of the Offer. Except as prohibited by law, at the Closing, the Company shall pay for the Subject Shares validly tendered by wire transfer in immediately available funds to accounts designated in writing by the Stockholders at least five (5) business days prior to the Closing.

Section 2. *Agreements of the Stockholders.*

(a) *Agreement to Tender.* Each Stockholder hereby agrees to (i) validly tender promptly, and in any event no later than the tenth business day following the commencement of the Offer, or if the Stockholder has not received the offering materials by such time, within two business days following receipt of such materials, pursuant to the Offer and (ii) not withdraw any of the Subject Shares. Each Stockholder shall receive the same offer price received by the other stockholders of the Company in the Offer with respect to the shares of Class B Stock tendered by it. The Company's obligation to accept for payment and pay for the shares of Class B Stock tendered in the Offer pursuant to this Agreement shall be subject to all the terms and conditions of the Offer and this Agreement.

(b) *Stockholder Information.* Each Stockholder hereby agrees to permit the Company to publish and disclose in the Offer documents its identity and ownership of shares of Class B Stock and the nature of its commitments, arrangements and understandings under this Agreement. Each Stockholder and its counsel shall be given a reasonable opportunity to review and comment on the Offer documents before the filing thereof with the Securities and Exchange Commission (the "SEC").

(c) *No Inconsistent Agreements.* Except as contemplated by this Agreement, each Stockholder shall not enter into any tender, voting or other such agreement, or grant a proxy or power of attorney, with respect to the Subject Shares that is inconsistent with this Agreement or otherwise take any other action that would in any way restrict, limit, interfere with or frustrate the performance of its obligations hereunder or the transactions contemplated hereby or the completion of the transactions contemplated hereby.

(d) *No Transfer of Subject Shares.* Each Stockholder agrees not to transfer (except as otherwise provided herein) record ownership or beneficial ownership (or both) of any Subject Shares or any interest therein, without the Company's prior written consent. For the purposes of this Agreement, the term "transfer" and the like means any sale, assignment, grant, transfer, gift, pledge, creation of a lien or other disposition of any Subject Shares or any interest of any nature therein. At the Company's request, each Stockholder shall present to the Company the stock certificates representing its Shares for placing an appropriate legend concerning the restrictions on transfer imposed hereby.

(e) *No Solicitation.* Except in an authorized capacity as a director of the Company or in the performance of duties as a director of the Company, each Stockholder agrees that it shall not, nor shall it authorize or knowingly permit any of its advisors or representatives to, (i) participate in any discussions or negotiations regarding, or furnish to any person any information with respect to, or take any other action to facilitate any inquiries or the making of any proposal to sell or otherwise transfer any of the Subject Shares, or (ii) solicit, initiate or knowingly facilitate or encourage any tender or exchange offer involving the Company or its capital stock or any proposal for, or indication of interest in a merger, consolidation, stock exchange, business combination, reorganization, recapitalization, liquidation, dissolution or other similar transaction involving the Company.

(f) *Alternative Transaction Structure.* In the event that the Offer is not completed prior to the End Date as a result of the failure to satisfy the Minimum Condition, the Stockholders agree to cooperate with the Company and support an alternative transaction structure so long as such alternative transaction would be consummated no later than the End Date and the Stockholders would receive cash consideration equal to the Offer Price. Such cooperation and support would include, without limitation, voting in favor of a merger transaction in which the holders of the Class B Common Stock would receive cash consideration equal to the Offer Price.

Section 3. *Representations and Warranties of the Company.*

In order to induce the Stockholders to enter into this Agreement, the Company hereby represents and warrants to each Stockholder as follows:

(a) *Corporate Power and Authority.* The Company is duly organized, validly existing and in good standing under the laws of the State of Delaware. The Company has all requisite corporate power and

authority to enter into and deliver this Agreement, to perform its obligations hereunder and to consummate the transactions contemplated by this Agreement. The execution, delivery and performance of this Agreement by the Company have been duly authorized by all necessary corporate action on the part of the Company. This Agreement has been duly executed and delivered by the Company and (assuming due authorization, execution and delivery by each Stockholder) constitutes the legal, valid and binding obligation of the Company enforceable against the Company in accordance with its terms subject to (i) applicable bankruptcy, insolvency, fraudulent conveyance and other similar laws and (ii) general principles of equity, including equitable defenses and limits as to the availability of equitable remedies, whether such principles are considered in a proceeding at law or in equity.

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

(b) *Capitalization.* As of the date of this Agreement, the Company's authorized capital stock consists solely of (i) 50,000 shares of Series A, junior participating preferred stock, par value \$100 per share (the "Preferred Stock"), (ii) 100,000,000 shares of Class A common stock, par value \$0.50 per share (the "Class A Stock"), and (iii) 5,000,000 shares of Class B Stock. As of July 24, 2002, (i) no shares of Preferred Stock were issued and outstanding, (ii) 35,076,819 shares of Class A Stock were issued and outstanding, and (iii) 1,087,317 shares of Class B Stock were issued and outstanding.

(c) *Conflicts; Consents and Approvals.* The execution and delivery of this Agreement and the consummation of the transactions contemplated by this Agreement do not and will not (i) violate, conflict with, or result in a breach of any provision of, or constitute a default under, the Company's Restated Certificate of Incorporation, as amended, or By-laws; (ii) violate, or conflict with, or result in a breach of any provision of, or constitute a default (or an event which, with the giving of notice or lapse of time or both, would become a default) under, or entitle any party to terminate, accelerate, modify or call a default under, or result in the creation of any encumbrance upon any of the Company's properties or assets under, any of the terms, conditions or provisions of any note, bond, mortgage, indenture, deed of trust, license, contract, undertaking, agreement, lease or other instrument or obligation to which the Company is a party; (iii) violate any order, writ, injunction, decree, statute, rule or regulation applicable to the Company; or (iv) other than the required filings with the SEC, require any action or consent or approval of, or review by, or registration or material filing by the Company with, any third-party or any local, state or federal court, arbitral tribunal, administrative agency or commission or other governmental or regulatory body, agency, instrumentality or authority, except, with respect to clauses (ii), (iii) and (iv), as would not have a material adverse effect on the Company.

(d) *Litigation.* As of the date hereof, to the Company's knowledge, there are no actions, suits or proceedings pending against the Company (or any of its properties, rights or franchises), at law or in equity, or before any federal or state commission, board, bureau, agency, regulatory or administrative instrumentality or other governmental authority or any arbitrator or arbitration tribunal, that would reasonably be expected to, individually or in the aggregate, prevent, materially impair or materially delay the consummation of the transactions contemplated hereby.

Section 4. *Representations and Warranties of the Stockholders.*

In order to induce the Company to enter into this Agreement, each Stockholder represents and warrants to the Company as follows:

(a) *Title to Subject Shares.* Each Stockholder is the record and/or beneficial owner of the Subject Shares listed opposite such Stockholder's name on Exhibit A hereto and has full and unrestricted power to dispose of and to vote such Subject Shares. The Subject Shares and the certificates representing the Subject Shares are now and at all times during the term hereof will be held by each Stockholder, or by a nominee or custodian for the benefit of the Stockholder, free and clear of all liens, adverse claims, security interests, proxies, voting trusts or agreements, understandings or arrangements or any other encumbrances whatsoever (including any contractual restriction on the right

A-3

to vote, sell or otherwise dispose of such Subject Shares), except for any such encumbrances or proxies arising hereunder.

(b) *Authority.* Each Stockholder has the necessary and sufficient right and authority to enter into and deliver this Agreement, to perform its obligations hereunder and to consummate the transactions contemplated by this Agreement. The execution, delivery and performance of this Agreement by it has been duly authorized by all necessary action on its part. This Agreement has been duly executed and delivered by each Stockholder and (assuming due authorization, execution and delivery by the Company) constitutes the legal, valid and binding obligation of each such Stockholder, enforceable against it in accordance with its terms subject to (i) applicable bankruptcy, insolvency, fraudulent conveyance and other similar laws and (ii) general principles of equity, including equitable defenses and limits as to the availability of equitable remedies, whether such principles are considered in a proceeding at law or in equity.

(c) *Conflicts; Consents and Approvals.* With respect to each Stockholder, the execution and delivery of this Agreement and the consummation of the transactions contemplated by this Agreement do not and will not: (i) conflict with, or result in a breach of any provision of or, constitute a default under, its trust agreement, if applicable; (ii) violate, or conflict with, or result in a breach of any provision of, or constitute a default (or an event which, with the giving of notice or lapse of time or both, would become a default) under, or entitle any party to terminate, accelerate, modify or call a default under, or result in the creation of any encumbrance upon any of its properties or assets under, any of the terms, conditions or provisions of any note, bond, mortgage, indenture, deed of trust, license, contract, undertaking, agreement, lease or other instrument or obligation to which it is a party; (iii) violate any order, writ, injunction, decree, statute, rule or regulation applicable to it; or (iv) require any action or consent or approval of, or review by, or registration or material filing by it with, any third-party or any local, state or federal court, arbitral tribunal, administrative agency or commission or other governmental or regulatory body, agency, instrumentality or authority except, with respect to clauses (ii), (iii) and (iv), as would not have a material adverse effect on such Stockholder.

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

(d) *Litigation.* As of the date hereof, to the knowledge of each Stockholder, there are no actions, suits or proceedings pending against such Stockholder (or any of its properties, rights or franchises), at law or in equity, or before any federal or state commission, board, bureau, agency, regulatory or administrative instrumentality or other governmental authority or any arbitrator or arbitration tribunal, that would reasonably be expected to, individually or in the aggregate, prevent, materially impair or materially delay the consummation of the transactions contemplated hereby.

(e) *Adequate Access.* Each Stockholder acknowledges that the Company has provided it with adequate access to financial and other information concerning the Company and that it has been afforded the opportunity to ask such questions and receive such other information from Company representatives as it deems necessary in order to evaluate whether to enter into this Agreement.

Section 5. *Additional Covenants.*

(a) *Supplemental IRS Private Letter Ruling.* The Company shall use its reasonable efforts to promptly apply for and obtain a supplemental private letter ruling from the Internal Revenue Service ("IRS") that the Offer and the transactions contemplated by this Agreement will not adversely affect the Company's ability to rely on the private letter ruling received by the Company from the IRS with respect to its distribution of shares of Stratos Lightwave, Inc. to its stockholders in April 2001 (the "Supplemental Ruling"). The Company agrees to promptly notify the Stockholders in writing if it determines that it will be unable to obtain the Supplemental Ruling.

(b) *Horizon Loan.* Within two (2) business days after their receipt of the proceeds of the sale of its shares of Class B Stock pursuant to the Offer, the Trusts shall cause Horizon Farms Inc. ("Horizon") to repay in full the principal amount and all accrued interest due under that certain

A-4

Promissory Note dated April 15, 2001 between the Company and Horizon in the principal amount of \$6 million.

(c) *Director Resignations.* Prior to the completion of the Offer, the Trusts shall use its reasonable best efforts to cause James W. McGinley and Roy Van Cleave to resign from the Company's board of directors or, at the Company's request, shall take all lawful action, including the execution and delivery of a written consent, to remove such directors, in each case, effective as of receipt of the Offer Price for the Subject Shares by the Stockholders at the Closing.

Section 6. *Conditions Precedent.*

(a) *Conditions to the Company's Obligations.* The obligations of the Company to complete the Offer shall be subject to the satisfaction of the conditions set forth on Exhibit B hereto.

(b) *Conditions to the Stockholders' Obligations.* The obligations of each Stockholder under this Agreement shall be subject to the condition that no statute, rule, regulation, executive order, decree, temporary restraining order, preliminary or permanent injunction or other order issued by any court of competent jurisdiction or other governmental entity or other legal restraint or prohibition preventing the Stockholders from tendering the Subject Shares pursuant to the Offer or otherwise performing its obligations under this Agreement shall be in effect; provided, however, that the Stockholders shall use reasonable efforts to prevent the entry of any such injunction or other order and to appeal as promptly as possible any injunction or other order that may be entered.

Section 7. *Termination.*

(a) *Termination.* Anything contained herein to the contrary notwithstanding, this Agreement may be terminated and the transactions contemplated hereby abandoned at any time prior to the completion of the Offer:

(i) By mutual written consent of the Company (as approved by the Special Committee) and the Trusts;

(ii) By the Company if any of the conditions set forth in Section 6(a) shall not have been satisfied, and shall not have been waived by the Company (as approved by the Special Committee);

(iii) By the Trusts if the condition set forth in Section 6(b) shall not have been satisfied, and shall not have been waived by the Trusts; or

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

(iv) By the Company or the Trusts if the Offer has not been completed by the Company on or prior to March 31, 2003 (the "End Date");

provided, however, that the right to terminate this Agreement under clauses, (ii), (iii) and (iv) above shall not be available to any party whose failure to fulfill any obligation under this Agreement has been the cause of, or results in, the failure of the Offer to be completed prior to such date.

(b) *Notice of Termination.* In the event of termination by the Company or the Trusts pursuant to this Section 7, written notice thereof shall forthwith be given to the other party or parties and the transactions contemplated by this Agreement shall be terminated, without further action by any party.

(c) *Termination Fee.* In the event that this Agreement is terminated by the Company pursuant to Section 7(a)(ii) due to the fact that an event or circumstance described in Subsection (b) of Exhibit B hereto has occurred, then, in such event, the Company shall pay to the Stockholders (in proportion to the number of shares of Class B Stock held by each as described on Exhibit A hereto) within five (5) business days after such termination a fee of U.S.\$400,000 in the aggregate, which amount shall be payable in immediately available funds.

(d) *Effect of Termination.* If this Agreement is terminated and the transactions contemplated hereby are abandoned as described in this Section 7, this Agreement shall become void and of no further force and effect except as provided in Section 7(c) above. Nothing in this Section 7 shall be

A-5

deemed to release any party from any liability for any breach by such party of the terms and provisions of this Agreement or to impair the right of any party to compel specific performance by another party of its obligations under this Agreement.

Section 8. *Other Provisions.*

(a) *Counterparts.* This Agreement may be executed via facsimile or original signatures in any number of counterparts, which together shall constitute one and the same Agreement. The parties may execute more than one copy of the Agreement, each of which shall constitute an original.

(b) *Entire Agreement.* This Agreement (including the exhibits attached hereto) constitutes the entire agreement among the parties and supersedes all prior agreements, understandings, arrangements or representations by or among the parties, written and oral, with respect to the subject matter hereof.

(c) *Third Party Beneficiaries.* Nothing in this Agreement, express or implied, is intended or shall be construed to create any third party beneficiaries.

(d) *Specific Performance.* The transactions contemplated by this Agreement are unique. Accordingly, each of the parties acknowledges and agrees that, in addition to all other remedies to which it may be entitled, each of the parties hereto is entitled to a decree of specific performance and injunctive and other equitable relief.

(e) *Certain Events.* In the event of any stock split, stock dividend, merger, reorganization, recapitalization or other change in the capital structure of the Company affecting shares of Class B Stock, the number of Subject Shares and the Offer Price shall be adjusted appropriately.

(f) *Amendment.* This Agreement may not be altered, amended or supplemented except by an agreement in writing signed by each of the parties hereto and, in the case of the Company, approved by the Special Committee.

(g) *Notices.* All notices, requests, claims, demands or other communications hereunder shall be in writing and shall be deemed given when delivered personally, upon receipt of a transmission confirmation if sent by fax or like transmission and on the next business day when sent by Federal Express or other reputable overnight courier service to the parties at the following addresses (or at such other address for a party as shall be specified by like notice):

(h) *Assignment.* Neither this Agreement nor any of the rights, interests or obligations hereunder shall be assigned by any of the parties (whether by operation of law or otherwise) without the prior written consent of the other parties. Subject to the preceding sentence, this Agreement shall be binding upon, inure to the benefit of and be enforceable by the parties and their respective successors and assigns.

(i) *Fees and Expenses.* Except as otherwise provided in this Agreement, all costs and expenses incurred in connection with this Agreement and the transactions contemplated by this Agreement shall be the responsibility of and shall be paid by the party incurring such fees or expenses, whether or not the transactions contemplated by this Agreement are consummated.

(j) *Public Announcements.* The Company and the Trusts agree to consult with each other before issuing any press release or making any other public announcement with respect to this Agreement, except as may be required by applicable law or the Company's listing agreement with Nasdaq.

(k) *Further Assurances.* From time to time, at the other party's request and without consideration, each party hereto shall execute and deliver such additional documents and take all such further action as may be necessary or desirable to consummate and make effective, in the most expeditious manner practicable, the transactions contemplated by this Agreement.

(l) *Headings.* All Section headings herein are for convenience of reference only and are not part of this Agreement, and no construction or reference shall be derived therefrom.

(m) *Governing Law; Consent to Jurisdiction.* This Agreement shall be governed by the laws of the State of Illinois, without giving effect to the conflict of laws principles thereof. Each party irrevocably and unconditionally consents to submit to the non-exclusive jurisdiction of the courts of the State of Delaware and of the United States of America, in each case located in the State of Delaware, for any action or proceeding arising out of or relating to this Agreement and the transactions contemplated by this Agreement. Each party irrevocably and unconditionally waives any objection to the laying of venue of any action or proceeding in the courts of the State of Delaware or of the United States of America, in each case located in the State of Delaware, and further irrevocably and unconditionally waives and agrees not to plead or claim in any such court that any action or proceeding brought in any such court has been brought in an inconvenient forum. Each party hereby irrevocably waives any right it may have to personal service of summons, complaint, or other process in connection with any proceeding commenced in any such court and agrees that service may be made by registered or certified mail addressed to such party and sent in accordance with the provisions of Section 8(g) hereof.

A-9

EXHIBIT B

Notwithstanding any other provision of the Offer, the Company will not be required to accept for payment, purchase or pay for any shares tendered, and may terminate or amend the Offer or may postpone the acceptance for payment of, or the purchase of and the payment for shares tendered if (i) the Minimum Condition shall not have been satisfied, or (ii) at any time prior to the time of payment for any shares, any of the following events or circumstances shall have occurred and be continuing:

- (a) The Company has not received the Supplemental Ruling or such ruling shall not be in full force and effect as of the completion of the Offer.
- (b) There shall not have been any change, circumstance or event outside the ordinary course of business caused, directly or indirectly, by, or resulting, directly or indirectly, from any action or inaction by any person other than the Company that individually or in the aggregate, is or is reasonably likely to be materially adverse to the business, properties, liabilities, operations or condition (financial or otherwise) of the Company and its subsidiaries taken as a whole.
- (c) There has been threatened, instituted or pending before any court, authority, agency or other tribunal any action, suit or proceeding by any government or governmental, regulatory or administrative agency, authority or tribunal or by any other person, domestic, foreign or supranational, or any judgment, order or injunction entered, enforced or deemed applicable by any court, authority, agency or tribunal, which, directly or indirectly prohibits or makes illegal or otherwise directly or indirectly restrains or prohibits the Offer, the acceptance for payment of, or payment for, any of the shares by the Company; provided, however, that the Company shall use reasonable efforts to prevent the entry of any such judgment, injunction or other order and to appeal as promptly as possible any judgment, injunction or other order that may be entered.
- (d) There shall have occurred and continues to exist: (i) any general suspension of trading in, or limitation on prices for, securities on any United States national securities exchange or in the over-the-counter market; (ii) the declaration of a banking moratorium or any suspension of payments in respect of banks in the United States, whether or not mandatory; or (iii) any limitation, whether or not mandatory, by any governmental, regulatory or administrative agency or authority on, or any event that, in the Company's reasonable judgment, could materially affect, the extension of credit by banks or other lending institutions in the United States.
- (e) The Company shall not have sufficient legally available funds from which the Class B Stock tendered in the Offer may lawfully be purchased.

The conditions referred to above are for the Company's sole benefit and may be asserted by the Company regardless of the circumstances giving rise to any condition, and may be waived by the Company, in whole or in part, at any time and from time to time in the Company's sole discretion. The Company's failure at any time to exercise any of the foregoing rights will not be deemed a waiver of any right, and each such right will be deemed an ongoing right that may be asserted at any time and from time to time prior to the expiration of the Offer.

**Amendment to the Agreement
dated August 19, 2002**

This Amendment ("Amendment") to the Agreement dated as of August 19, 2002 ("Agreement"), is made as of December 26, 2002 by and among the Company and the Stockholders. All capitalized terms herein shall have the meaning set forth in the Agreement.

WHEREAS, the Company and its directors as of August 19, 2002 are defendants in a certain lawsuit filed in Delaware Chancery Court (C.A. No. 19899) relating to the Offer ("Litigation"); and

WHEREAS, the trial of such Litigation is set to commence on January 6, 2003 ("Trial"); and

Whereas, as an inducement to enter into this Amendment, the Company hereby represents to the Stockholders that the plaintiff's counsel has confirmed to counsel for the Special Committee that the Trial will be postponed until after the date of a special meeting of the Company's Class A stockholders relating to the Offer;

NOW, THEREFORE, the Company and the Stockholders agree as follows:

1. A new Section 1(d) is hereby added to the Agreement which reads as follows:

"The Company agrees to call a special meeting of the Class A stockholders as soon as reasonably practicable for the purpose of obtaining approval by the Class A stockholders of the Offer by the affirmative vote of a majority of the Class A shares present or represented by proxy at the meeting (excluding Class A shares held by the Stockholders) and to use its best efforts to obtain such affirmative vote through all available means of proxy solicitation, including the use of a proxy statement in which the Special Committee of the Board of Directors recommends to such Class A stockholders to vote for the approval of the Offer; provided, however, that the Board of Directors of the Company shall not be required to call, or to hold, such meeting and the Special Committee shall be permitted to withdraw, modify or propose to withdraw or modify such recommendation if the Board of Directors of the Company (in the case of a failure to call and/or hold such special meeting) or the Special Committee (in the case of a withdrawal, modification, or proposed modification of its recommendation) shall determine in good faith, after consulting with its outside counsel and financial advisor, that such action is consistent with the fiduciary duties of the directors to the Company's Class A stockholders under applicable law."

2. The phrase "Except for the Litigation," is hereby added to the beginning of Sections 3(d) and 4(d) of the Agreement.

3. A new sentence is hereby added to Section 6 (b) of the Agreement which reads as follows:

"In addition, the obligation of each Stockholder under this Agreement shall be subject to the further conditions that (a) the Company shall have received the approval of the Offer at the special meeting of Class A stockholders referred to in Section 1(d) herein, (b) that the Company shall have obtained the Supplemental Ruling, (c) the Company shall not have failed or declined to call or hold such special meeting and (d) the Special Committee shall not have withdrawn or modified or proposed to withdraw or modify its recommendation that the Class A stockholders vote for the approval of the Offer. The conditions referred to herein are for the Stockholders' sole benefit and may be asserted by the Stockholders regardless of the circumstances giving rise to any condition, and may be waived by the Stockholders, in whole or in part, at any time and from time to time in the Stockholders sole discretion."

4. A new subparagraph (f) is hereby added to Exhibit B of the Agreement which reads as follows:

"The Company shall not have received the approval of the Offer at the special meeting of the Company's Class A stockholders referred to in new Section 1(d) herein."

5. Section 7 (a) (iii) of the Agreement is hereby amended in its entirety to read as follows:

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

"By the Trusts if any one of the conditions set forth in Section 6 (b) shall not have been satisfied, and shall not have been waived by the Trusts; or"

6. Section 7 (a) (iv) of the Agreement is hereby amended in its entirety to read as follows:

"By the Company or the Trusts if the Offer has not been completed by the Company on or prior to May 31, 2003 (the "End Date")".

7. Subparagraph (c) of Exhibit B of the Agreement is hereby amended in its entirety to read as follows:

"There has been a statute, rule, regulation, executive order, decree, temporary restraining order, preliminary or permanent injunction or other order issued by any court of competent jurisdiction or other governmental entity or other legal restraint or prohibition which directly or indirectly restrains or prohibits the Offer, the acceptance for payment of, or payment for, any of the shares of the Company; provided, however, that the Company shall use reasonable efforts to prevent the entry of any such judgment, injunction or other order and to appeal as promptly as possible any judgment, injunction or other order that may be entered."

8. A new sentence is hereby added to Section 7(c) of the Agreement which reads as follows:

"In the event that the Board of Directors of the Company shall fail or decline to call a special meeting of the Class A stockholders or the Special Committee shall withdraw or modify or propose to withdraw or modify its recommendation as contemplated by the proviso set forth in Section 1 (d) of the Agreement, then, in either such event, the Company shall pay the Stockholders (in proportion to the number of shares of Class B Stock held by each as described on Exhibit A hereto) within five (5) business days after such event a fee of U.S. \$150,000 in the aggregate, which amount shall be payable in immediately available funds."

A-12

This Amendment is hereby executed by the Company and the Stockholders as of December 26, 2002.

August 19, 2002

The Special Committee of the Board of Directors
Methode Electronics, Inc.
7401 West Wilson Avenue
Harwood Heights, IL 60706-4548

Gentlemen:

We understand that The Special Committee of the Board of Directors (the "Special Committee") of Methode Electronics, Inc. ("Methode" or the "Company") reached an agreement on August 14, 2002, as reflected in a document dated August 19, 2002 (the "Agreement"), with Marital Trust No. 1 and Marital Trust No. 2 each created under the William J. McGinley Trust (the "Trusts") and Jane R. McGinley, Margaret J. McGinley, James W. McGinley and Robert J. McGinley (individually, each a "Stockholder" and collectively with the Trusts, the "Stockholders") whereby the Stockholders agree to sell all of their shares of Methode's Class B Common Stock pursuant to a tender offer (the "Offer") by the Company to acquire all outstanding shares of Methode's Class B Common Stock at a price of \$20 per share net to the seller in cash, such Offer and purchases thereunder being subject, among other things, to the Company (i) receiving a ruling from the IRS that such repurchase of the Class B Common Stock will not result in any adverse tax consequences to the Company or its stockholders and (ii) receiving sufficient shares pursuant to the Offer that the number of shares of Methode Class B Common Stock that would remain outstanding after purchases pursuant to the Offer would be less than 100,000 shares.

You have asked our opinion as to the fairness, from a financial point of view, to the holders of Methode's Class A Common Stock of the proposed repurchase of the Class B Common Stock at \$20 per share pursuant to the Offer (the "Repurchase Transaction").

In arriving at our opinion set forth below, we have, among other things:

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

- (1) Reviewed the Company's Forms 10-K and related financial information for the years ended April 30, 1998 to 2002;
- (2) Reviewed the Company's Schedule 14A filed in connection with its Annual Meeting to be held September 10, 2002;
- (3) Reviewed certain information, including financial forecasts, relating to the business, earnings, cash flow, assets and prospects of the Company, furnished to us by the Company;
- (4) Reviewed the historical market prices and trading activity for the Class A Common Stock and the Class B Common Stock for the period from January 2, 1999 to August 14, 2002;
- (5) Reviewed the historical market prices and trading activity for the Class A Common Stock and the Class B Common Stock and compared them with that of certain publicly traded companies which we deemed to be relevant;

B-1

- (6) Compared the financial position and results of operations of the Company with that of certain companies which we deemed to be relevant;
- (7) Reviewed and analyzed the terms of transactions in which public companies with two classes of common stock were recapitalized into a single class of stock;
- (8) Reviewed and analyzed the terms of transactions in which public companies with two classes of common stock were acquired;
- (9) Reviewed and analyzed premiums paid in relevant transactions in which the purchaser acquired a controlling share of the target company;
- (10) Reviewed the Agreement between the Company and the Stockholders, and
- (11) Conducted such other financial analyses and investigations as we deemed necessary or appropriate in arriving at our opinion.

TM Capital Corp., as part of its investment and merchant banking business, is regularly engaged in performing financial analyses with regard to businesses and their securities in connection with mergers and acquisitions, financings, restructurings, principal investments, valuations, fairness opinions and other financial advisory services. TM Capital Corp. is currently serving as financial advisor to the Special Committee in connection with the proposed Repurchase Transaction and will be receiving a fee in connection with the rendering of this opinion.

In preparing our opinion, we have relied on the accuracy and completeness of all information that was available to us from public sources, that was supplied or otherwise made available to us by the Company or was otherwise reviewed by us and we have not assumed any responsibility to independently verify such information. We have also relied upon assurances of the management of the Company that they are unaware of any facts that would make the information provided to us incomplete or misleading. We have not made any independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of the Company nor have we been furnished with any such evaluations or appraisals.

This opinion is directed to the Special Committee and does not constitute a recommendation to any shareholder of the Company concerning actions he may take with regard to his holdings, and furthermore, it specifically does not constitute a recommendation as to whether any such holder of Class B common stock should or should not participate in the proposed Repurchase Transaction. This opinion does not address the relative merits of the proposed Repurchase Transaction as compared to any other transactions or business strategies discussed by the Special Committee. Our opinion is based on economic, monetary and market conditions existing on the date hereof.

Edgar Filing: METHODE ELECTRONICS INC - Form DEF 14A

On the basis of, and subject to the foregoing, we are of the opinion as of the date hereof that the proposed Repurchase Transaction is fair to the holders of Methode's Class A Common Stock from a financial point of view.

This opinion has been prepared for the information of the Special Committee in connection with the proposed Repurchase Transaction and shall not be reproduced, summarized, described or referred to, provided to any person or otherwise made public or used for any other purpose without the prior written consent of TM Capital Corp., provided, however, that this letter may be reproduced in full in

B-2

any filing required to be made with the Securities and Exchange Commission related to the proposed Repurchase Transaction.

Very truly yours,

TM CAPITAL CORP.

The Special Committee of the Board of Directors
Methode Electronics, Inc.
7401 West Wilson Avenue
Harwood Heights, IL 60706-4548

Gentlemen:

We hereby confirm as of the date hereof our opinion, as expressed in our letter of August 19, 2002, and subject to the conditions set forth therein, that the proposed repurchase of the Class B Common Stock at \$20 per share pursuant to the agreement dated August 19, 2002, as amended on December 26, 2002, among Methode Electronics, Inc. ("Methode") and certain holders of its Class B Common Stock, is fair to the holders of Methode's Class A Common Stock from a financial point of view.

Very truly yours,

TM CAPITAL CORP.
