THE MALAYSIA FUND, INC.

Overview

LETTER TO STOCKHOLDERS

PERFORMANCE

For the year ended December 31, 2003, The Malaysia Fund, Inc. (the "Fund") had a total return, based on net asset value per share of 27.67%, compared to 22.84% for the Kuala Lumpur Stock Exchange Composite Index (the "Index") expressed in U.S. dollars. On December 31, 2003, the closing price of the Fund's shares on the New York Stock Exchange was \$6.01, representing a 4.3% premium to the Fund's net asset value per share.

FACTORS AFFECTING PERFORMANCE

- The Malaysia market did relatively well last year with the Kuala Lumpur Composite Index closing 22.8% higher, the strongest increase over the last four years. A favorable interest rate environment and more stable political environment aided the improved sentiment in the market.
- The economy continued to perform well last year, with the real growth in gross domestic product (GDP) estimated to be 4.8%. The best performing sector was the manufacturing sector which benefited from a rise in private consumption. For the year, export growth was expected to grow only 5.6%. However, a similar fall in imports (-5.1%) would lead to a current account surplus of U.S.\$12 billion or 11.5% of the country's GDP.

## Edgar Filing: MALAYSIA FUND INC - Form N-CSR

- The smooth handover of power to a new Prime Minister in October was much welcomed by the investment community and helped to lift sentiments. Investors were also optimistic that the country may see more social and economic reforms that should benefit the country on a longer term.
- Corporate earnings was mostly within expectations with the best performing sectors being the oil and gas sectors. This was aided by increased greenfield activities within the region and reports of new oil finds in Malaysia.

### MANAGEMENT STRATEGIES

- Given the positive economic environment in Malaysia, we focused our investments in small and mid-sized companies, due to our belief that they were better positioned to perform well in a strong economy.

Sincerely,

/s/ Ronald E. Robison

### NOTES TO FINANCIAL STATEMENTS

The Malaysia Fund, Inc. (the "Fund") was incorporated on March 12, 1987 and is registered as a diversified, closed-end management investment company under the Investment Company Act of 1940, as amended. The Fund's investment objective is long-term capital appreciation through investment primarily in equity securities.

A. ACCOUNTING POLICIES: The following significant accounting policies are in conformity with accounting principles generally accepted in the United States. Such policies are consistently followed by the Fund in the preparation of its financial statements. Accounting principles generally accepted in the United States may require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results may differ from those estimates.

1. SECURITY VALUATION: Equity securities listed on a U.S. exchange are valued at the latest quoted sales price on the valuation date. Equity securities listed or traded on NASDAQ, for which market quotations are available, are valued at the NASDAQ Official Closing Price. Securities listed on a foreign exchange are valued at their closing price. Unlisted securities and listed securities not traded on the valuation date for which market quotations are readily available are valued at the mean between the current bid and asked prices obtained from reputable brokers. Debt securities purchased with remaining maturities of 60 days or less are valued at amortized cost, if it approximates value.

All other securities and investments for which market values are not readily available, including restricted securities, and those securities for which it is inappropriate to determine prices in accordance with the aforementioned procedures, are valued at fair value as determined in good faith under procedures adopted by the Board of Directors, although the actual calculations may be done by others. Factors considered in making this determination may include, but are not limited to, information obtained by contacting the issuer, analysts, or the appropriate stock exchange (for exchange-traded securities), analysis of the issuer's financial statements or other available documents and, if necessary, available information concerning other securities in similar circumstances.

Most foreign markets close before the New York Stock Exchange (NYSE). Occasionally, developments that could affect the closing prices of securities and other assets may occur between the times at which valuations of such securities are determined (that is, close of the foreign market on which the securities trade) and the close of business on the NYSE. If these developments are expected to materially affect the value of the securities,

## Edgar Filing: MALAYSIA FUND INC - Form N-CSR

the valuations may be adjusted to reflect the estimated fair value as of the close of the NYSE, as determined in good faith under procedures established by the Board of Directors.

2. **REPURCHASE AGREEMENTS:** The Fund may enter into repurchase agreements under which the Fund lends excess cash and takes possession of securities with an agreement that the counterparty will repurchase such securities. In connection with transactions in repurchase agreements, a bank as custodian for the Fund takes possession of the underlying securities (collateral), with a market value at least equal to the amount of the repurchase transaction, including principal and accrued interest. To the extent that any repurchase transaction exceeds one business day, the value of the collateral is marked-to-market on a daily basis to determine the adequacy of the collateral. In the event of default on the obligation to repurchase, the Fund has the right to liquidate the collateral and apply the proceeds in satisfaction of the obligation. In the event of default or bankruptcy by the counterparty to the agreement, realization and/or retention of the collateral or proceeds may be subject to legal proceedings.

The Fund, along with other affiliated investment companies, may utilize a joint trading account for the purpose of entering into one or more repurchase agreements.

3. **FOREIGN CURRENCY TRANSLATION:** The books and records of the Fund are maintained in U.S. dollars. Foreign currency amounts are translated into U.S. dollars at the mean of the bid and asked prices of such currencies against U.S. dollars last quoted by a major bank as follows:
  - investments, other assets and liabilities at the prevailing rates of exchange on the valuation date;
  - investment transactions and investment income at the prevailing rate of exchange on the dates of such transactions.

Although the net assets of the Fund are presented at the foreign exchange rates and market values at the close of the period, the Fund does not isolate that portion of the results of operations arising as a result of changes in the foreign exchange rates from the fluctuations arising from

7

THE MALAYSIA FUND, INC.

NOTES TO FINANCIAL STATEMENTS (CONT'D)

December 31, 2003

changes in the market prices of the securities held at period end. Similarly, the Fund does not isolate the effect of changes in foreign exchange rates from the fluctuations arising from changes in the market prices of securities sold during the period. Accordingly, realized and unrealized foreign currency gains (losses) due to securities transactions are included in the reported net realized and unrealized gains (losses) on investment transactions and balances.

Net realized gains (losses) on foreign currency transactions represent net foreign exchange gains (losses) from sales and maturities of foreign currency exchange contracts, disposition of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions, and the difference between the amount of investment income and foreign withholding taxes recorded on the Fund's books and the U.S. dollar equivalent amounts actually received or paid. Net unrealized currency gains (losses) from valuing foreign currency

## Edgar Filing: MALAYSIA FUND INC - Form N-CSR

denominated assets and liabilities at period end exchange rates are reflected as a component of unrealized appreciation (depreciation) on investments and foreign currency translations in the Statement of Net Assets. The change in net unrealized currency gains (losses) on foreign currency translations for the period is reflected in the Statement of Operations.

A significant portion of the Fund's net assets consist of Malaysian equity securities and foreign currency. Future economic and political developments in Malaysia could adversely affect the liquidity or value, or both, of securities in which the Fund is invested. Changes in currency exchange rates will affect the value of and investment income from such investments. Foreign securities may be subject to greater price volatility, lower liquidity and less diversity than equity securities of companies based in the United States. In addition, foreign securities may be subject to substantial governmental involvement in the economy and greater social, economic and political uncertainty.

The Fund may use derivatives to achieve its investment objectives. The Fund may engage in transactions in futures contracts on foreign currencies, stock indices, as well as in options, swaps and structured notes. Consistent with the Fund's investment objectives and policies, the Fund may use derivatives for non-hedging as well as hedging purposes.

Following is a description of derivative instruments that the Fund has utilized and their associated risks:

4. **FOREIGN CURRENCY EXCHANGE CONTRACTS:** The Fund may enter into foreign currency exchange contracts generally to attempt to protect securities and related receivables and payables against changes in future foreign exchange rates and, in certain situations, to gain exposure to a foreign currency. A foreign currency exchange contract is an agreement between two parties to buy or sell currency at a set price on a future date. The market value of the contract will fluctuate with changes in currency exchange rates. The contract is marked-to-market daily and the change in market value is recorded by the Fund as unrealized gain or loss. The Fund records realized gains or losses when the contract is closed equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed. Risk may arise upon entering into these contracts from the potential inability of counterparties to meet the terms of their contracts and is generally limited to the amount of unrealized gain on the contracts, if any, at the date of default. Risks may also arise from unanticipated movements in the value of a foreign currency relative to the U.S. dollar.
  5. **OTHER:** Security transactions are accounted for on the date the securities are purchased or sold. Realized gains and losses on the sale of investment securities are determined on the specific identified cost basis. Interest income is recognized on the accrual basis. Dividend income is recorded on the ex-dividend date (except certain dividends which may be recorded as soon as the Fund is informed of such dividends) net of applicable withholding taxes. Distributions to stockholders are recorded on the ex-dividend date.
- B. **ADVISERS:** Morgan Stanley Investment Management Inc. (the "U.S. Adviser") provides investment advisory services to the Fund under the terms of an Investment Advisory Agreement (the "Agreement"). Under the Agreement, the U.S. Adviser is paid a fee computed weekly and payable monthly at an annual rate of 0.90% of the Fund's first \$50 million of average weekly net assets, 0.70% of the Fund's next \$50 million of average weekly net assets and 0.50% of the Fund's average weekly net assets in excess of \$100 million.

Arab-Malaysian Consultant Sdn Bhd (the "Malaysian Adviser") provides investment advice, research and assistance on behalf of the Fund to Morgan Stanley Investment Management Inc.

under terms of a contract. Under the contract, the Malaysian Adviser is paid a fee computed weekly and payable monthly at an annual rate of 0.25% of the Fund's first \$50 million of average weekly net assets, 0.15% of the Fund's next \$50 million of average weekly net assets and 0.10% of the Fund's average weekly net assets in excess of \$100 million.

C. ADMINISTRATOR: JPMorgan Chase Bank, through its corporate affiliate J.P. Morgan Investor Services Company (the "Administrator"), provides administrative services to the Fund under an Administration Agreement. The Administrator is paid a fee computed weekly and payable monthly at an annual rate of 0.02435% of the Fund's average weekly net assets, plus \$24,000 per annum. In addition, the Fund is charged certain out of pocket expenses incurred by the Administrator on its behalf. An employee of the Administrator is an Officer of the Fund.

D. CUSTODIAN: JPMorgan Chase Bank serves as custodian for the Fund. Custody fees are payable monthly based on assets held in custody, investment purchases and sales activity and account maintenance fees, plus reimbursement for certain out-of-pocket expenses.

E. FEDERAL INCOME TAXES: It is the Fund's intention to continue to qualify as a regulated investment company and distribute all of its taxable income. Accordingly, no provision for Federal income taxes is required in the financial statements. Dividend income and distributions to stockholders are recorded on the ex-dividend date.

The tax character of distributions paid may differ from the character of distributions shown on the Statements of Changes in Net Assets due to short-term capital gains being treated as ordinary income for tax purposes. The tax character of distributions paid during 2003 and 2002 were as follows:

2003 DISTRIBUTIONS PAID FROM: (000)		2002 DISTRIBUTIONS PAID FROM: (000)	
ORDINARY INCOME	LONG-TERM CAPITAL GAIN	ORDINARY INCOME	LONG-TERM CAPITAL GAIN
\$ 1,495	\$ --	\$ 1,492	\$ --

The amount and character of income and capital gain distributions to be paid by the Fund are determined in accordance with Federal income tax regulations, which may differ from accounting principles generally accepted in the United States. The book/tax differences are considered either temporary or permanent in nature.

## Edgar Filing: MALAYSIA FUND INC - Form N-CSR

Temporary differences are attributable to differing book and tax treatments for the timing of the recognition of gains and losses on certain investment transactions and the timing of the deductibility of certain expenses.

Permanent book and tax basis differences may result in reclassifications among undistributed (distributions in excess of) net investment income (or accumulated net investment loss), accumulated net realized gain (loss) and paid-in capital.

At December 31, 2003, the Fund did not have any distributable earnings on a tax basis.

At December 31, 2003, the U.S. Federal income tax cost basis of investments (excluding foreign currency if applicable) was \$44,030,000 and, accordingly, net unrealized appreciation for U.S. Federal income tax purposes was \$9,515,000, of which \$11,372,000 related to appreciated securities and \$1,857,000 related to depreciated securities.

At December 31, 2003, the Fund had a capital loss carryforward for U.S. Federal income tax purposes of approximately \$73,808,000 available to offset future capital gains of which \$3,400,000 will expire on December 31, 2005, \$65,683,000 will expire on December 31, 2006, \$2,720,000 will expire on December 31, 2007, and \$2,005,000 will expire on December 31, 2009.

During the year ended December 31, 2003, the Fund utilized capital loss carryforwards for U.S. Federal income tax purposes of approximately \$2,016,000.

To the extent that capital loss carryforwards are used to offset any future capital gains realized during the carryover period as provided by U.S. Federal income tax regulations, no capital gains tax liability will be incurred by the Fund for gains realized and not distributed. To the extent that capital gains are offset, such gains will not be distributed to the stockholders.

Net capital, currency and passive foreign investment company losses incurred after October 31, 2003 and within the taxable year are deemed to arise on the first business day of the Fund's next taxable year. For the year ended December 31, 2003, the Fund deferred to January 1, 2004, for U.S. Federal income tax purposes, post-October passive foreign investment company losses of \$1,000.

F. OTHER: During the year ended December 31, 2003, the Fund made purchases and sales totaling approximately \$14,307,000 and \$17,532,000, respectively, of investment securities other than long-term U.S. Government securities and

9

short-term investments. There were no purchases or sales of long-term U.S. Government securities.

On July 15, 2002, the Fund commenced a share repurchase program for purposes of enhancing stockholder value and reducing the discount at which the Fund's shares traded from their net asset value. During the year ended December 31, 2003, the Fund repurchased 28,936 of its shares at an average discount of 16.83% from net asset value per share. Since the inception of the program, the Fund has repurchased 53,103 of its shares at an average discount of 16.78% from net asset value per share. The Fund expects to continue to repurchase its outstanding shares at such time and in such amounts as it believes will further the

accomplishment of the foregoing objectives, subject to review by the Board of Directors.

On December 15, 2003 the Officers of the Fund, pursuant to authority granted by the Board of Directors declared a distribution of \$0.1091 per share, derived from net investment income, payable on January 9, 2004 to stockholders of record on December 24, 2003.

### INDEPENDENT AUDITORS' REPORT

TO THE STOCKHOLDERS AND BOARD OF DIRECTORS OF  
THE MALAYSIA FUND, INC.

We have audited the accompanying statement of net assets of The Malaysia Fund, Inc. (the "Fund") as of December 31, 2003, and the related statement of operations for the year then ended, the statement of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the four years in the period then ended. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits. The financial highlights for the year ended December 31, 1999 were audited by other auditors whose report, dated February 18, 2000, expressed an unqualified opinion on those financial highlights.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of December 31, 2003 by correspondence with the custodian. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of The Malaysia Fund, Inc. at December 31, 2003, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the four years in the period then ended, in conformity with accounting principles generally accepted in the United States.

THE MALAYSIA FUND, INC.

DIVIDEND REINVESTMENT AND CASH PURCHASE PLAN

Pursuant to the Dividend Reinvestment and Cash Purchase Plan (the "Plan"), each stockholder will be deemed to have elected, unless American Stock Transfer & Trust Company (the "Plan Agent") is otherwise instructed by the stockholder in writing, to have all distributions automatically reinvested in Fund shares. Participants in the Plan have the option of making additional voluntary cash payments to the Plan Agent, annually, in any amount from \$100 to \$3,000, for investment in Fund shares.

Dividend and capital gain distributions will be reinvested on the reinvestment date in full and fractional shares. If the market price per share equals or exceeds net asset value per share on the reinvestment date, the Fund will issue shares to participants at net asset value. If net asset value is less than 95% of the market price on the reinvestment date, shares will be issued at 95% of the market price. If net asset value exceeds the market price on the reinvestment date, participants will receive shares valued at market price. The Fund may purchase shares of its Common Stock in the open market in connection with dividend reinvestment requirements at the discretion of the Board of Directors. Should the Fund declare a dividend or capital gain distribution payable only in cash, the Plan Agent will purchase Fund shares for participants in the open market as agent for the participants.

The Plan Agent's fees for the reinvestment of dividends and distributions will be paid by the Fund. However, each participant's account will be charged a pro rata share of brokerage commissions incurred on any open market purchases effected on such participant's behalf. A participant will also pay brokerage commissions incurred on purchases made by voluntary cash payments. Although stockholders in the Plan may receive no cash distributions, participation in the

## Edgar Filing: MALAYSIA FUND INC - Form N-CSR

Plan will not relieve participants of any income tax which may be payable on such dividends or distributions.

In the case of stockholders, such as banks, brokers or nominees, that hold shares for others who are the beneficial owners, the Plan Agent will administer the Plan on the basis of the number of shares certified from time to time by the stockholder as representing the total amount registered in the stockholder's name and held for the account of beneficial owners who are participating in the Plan.

Stockholders who do not wish to have distributions automatically reinvested should notify the Plan Agent in writing. There is no penalty for non-participation or withdrawal from the Plan, and stockholders who have previously withdrawn from the Plan may rejoin at any time. Requests for additional information or any correspondence concerning the Plan should be directed to the Plan Agent at:

(e)(1) The audit committee's pre-approval policies and procedures are as follows:

AUDIT COMMITTEE  
AUDIT AND NON-AUDIT SERVICES  
PRE-APPROVAL POLICY AND PROCEDURES  
OF THE  
MORGAN STANLEY RETAIL AND INSTITUTIONAL FUNDS

AS ADOPTED JULY 31, 2003(1)

### 1. STATEMENT OF PRINCIPLES

The Audit Committee of the Board is required to review and, in its sole discretion, pre-approve all Covered Services to be provided by the Independent Auditors to the Fund and Covered Entities in order to assure that services performed by the Independent Auditors do not impair the auditor's independence from the Fund.

The SEC has issued rules specifying the types of services that an independent auditor may not provide to its audit client, as well as the audit committee's administration of the engagement of the independent auditor. The SEC's rules establish two different approaches to pre-approving services, which the SEC considers to be equally valid. Proposed services either: may be pre-approved without consideration of specific case-by-case services by the Audit Committee ("GENERAL PRE-APPROVAL"); or require the specific pre-approval of the Audit Committee or its delegate ("SPECIFIC PRE-APPROVAL"). The Audit Committee believes that the combination of these two approaches in this Policy will result in an effective and efficient procedure to pre-approve services performed by the Independent Auditors. As set forth in this Policy, unless a type of service has received general pre-approval, it will require specific pre-approval by the Audit Committee (or by any member of the Audit Committee to which pre-approval authority has been delegated) if it is to be provided by the Independent Auditors. Any proposed services exceeding pre-approved cost levels or budgeted amounts will also require specific pre-approval by the Audit Committee.

-----  
(1) This Audit Committee Audit and Non-Audit Services Pre-Approval Policy and Procedures (the "POLICY"), adopted as of the date above, supercedes and replaces all prior versions that may have been adopted from time to time.

For both types of pre-approval, the Audit Committee will consider whether such services are consistent with the SEC's rules on auditor independence. The Audit Committee will also consider whether the Independent Auditors are best positioned to provide the most effective and efficient services, for reasons such as its familiarity with the Fund's business, people, culture, accounting systems, risk profile and other factors, and whether the service might enhance the Fund's ability to manage or control risk or improve audit quality. All such factors will be considered as a whole, and no one factor should necessarily be determinative.

The Audit Committee is also mindful of the relationship between fees for audit and non-audit services in deciding whether to pre-approve any such services and may determine for each fiscal year, the appropriate ratio between the total amount of fees for Audit, Audit-related and Tax services for the Fund (including any Audit-related or Tax service fees for Covered Entities that were subject to pre-approval), and the total amount of fees for certain permissible non-audit services classified as All Other services for the Fund (including any such services for Covered Entities subject to pre-approval).

The appendices to this Policy describe the Audit, Audit-related, Tax and All Other services that have the general pre-approval of the Audit Committee. The term of any general pre-approval is 12 months from the date of pre-approval, unless the Audit Committee considers and provides a different period and states otherwise. The Audit Committee will annually review and pre-approve the services that may be provided by the Independent Auditors without obtaining specific pre-approval from the Audit Committee. The Audit Committee will add to or subtract from the list of general pre-approved services from time to time, based on subsequent determinations.

The purpose of this Policy is to set forth the policy and procedures by which the Audit Committee intends to fulfill its responsibilities. It does not delegate the Audit Committee's responsibilities to pre-approve services performed by the Independent Auditors to management.

The Fund's Independent Auditors have reviewed this Policy and believes that implementation of the Policy will not adversely affect the Independent Auditors' independence.

## 2. DELEGATION

As provided in the Act and the SEC's rules, the Audit Committee may delegate either type of pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

## 3. AUDIT SERVICES

The annual Audit services engagement terms and fees are subject to the specific pre-approval of the Audit Committee. Audit services include the annual financial statement audit and other procedures required to be performed by the Independent Auditors to be able to form an opinion on the Fund's financial statements. These other procedures include information systems and procedural reviews and testing performed in order to understand and place reliance on the systems of internal control, and consultations relating to the audit. The Audit Committee will monitor the Audit services engagement as necessary, but no less

## Edgar Filing: MALAYSIA FUND INC - Form N-CSR

than on a quarterly basis, and will also approve, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope, Fund structure or other items.

In addition to the annual Audit services engagement approved by the Audit Committee, the Audit Committee may grant general pre-approval to other Audit services, which are those services that only the Independent Auditors reasonably can provide. Other Audit services may include statutory audits and services associated with SEC registration statements (on Forms N-1A, N-2, N-3, N-4, etc.), periodic reports and other documents filed with the SEC or other documents issued in connection with securities offerings.

The Audit Committee has pre-approved the following Audit services. All other Audit services not listed below must be specifically pre-approved by the Audit Committee (or by any member of the Audit Committee to which pre-approval has been delegated):

- Statutory audits or financial audits for the Fund
- Services associated with SEC registration statements (including new funds), periodic reports and other documents filed with the SEC or other documents issued in connection with securities offerings (e.g., comfort letters for closed-end fund offerings, consents), and assistance in responding to SEC comment letters
- Consultations by the Fund's management as to the accounting or disclosure treatment of transactions or events and/or the actual or potential impact of final or proposed rules, standards or interpretations by the SEC, FASB, or other regulatory or standard setting bodies (Note: Under SEC rules, some consultations may be "audit related" services rather than "audit" services)

#### 4. AUDIT-RELATED SERVICES

Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of the Fund's financial statements and, to the extent they are Covered Services, the Covered Entities or that are traditionally performed by the Independent Auditors. Because the Audit Committee believes that the provision of Audit-related services does not impair the independence of the auditor and is consistent with the SEC's rules on auditor independence, the Audit Committee may grant general pre-approval to Audit-related services. Audit-related services include, among others, accounting consultations related to accounting, financial reporting or disclosure matters not classified as "Audit services"; assistance with understanding and

5

implementing new accounting and financial reporting guidance from rulemaking authorities; agreed-upon or expanded audit procedures related to accounting and/or billing records required to respond to or comply with financial, accounting or regulatory reporting matters; and assistance with internal control reporting requirements under Forms N-SAR and/or N-CSR.

The Audit Committee has pre-approved the following Audit-related services. All other Audit-related services not listed below must be specifically pre-approved by the Audit Committee (or by any member of the Audit Committee to which pre-approval has been delegated):

- Attest procedures not required by statute or regulation (including agreed upon procedures related to the Closed-End Fund asset coverage tests required by the rating agencies and/or lenders and agreed upon procedures related to fund profitability analysis in connection with 15c management contract renewal process

## Edgar Filing: MALAYSIA FUND INC - Form N-CSR

- Services associated with registration statement with Japanese regulatory authorities, including issuance of consent and opinion for Morgan Stanley Asia-Pacific Fund
- Due diligence services pertaining to potential fund mergers
- Issuance of SAS-70 reports on internal controls of a service provider
- Consultations by the Fund's management as to the accounting or disclosure treatment of transactions or events and/or the actual or potential impact of final or proposed rules, standards or interpretations by the SEC, FASB, or other regulatory or standard-setting bodies (Note: Under SEC rules, some consultations may be "audit" services rather than "audit-related" services)
- Information systems reviews not performed in connection with the audit (e.g., application data center and technical reviews)
- General assistance with implementation of the requirements of SEC rules or listing standards promulgated pursuant to the Sarbanes-Oxley Act

### 5. TAX SERVICES

The Audit Committee believes that the Independent Auditors can provide Tax services to the Fund and, to the extent they are Covered Services, the Covered Entities, such as tax compliance, tax planning and tax advice without impairing the auditor's independence, and the SEC has stated that the Independent Auditors may provide such services. Hence, the Audit Committee believes it may grant general pre-approval to those Tax services that have historically been provided by the Independent Auditors, that the Audit Committee has reviewed and believes would not impair the independence of the Independent Auditors, and that are consistent with the SEC's rules on auditor independence. The Audit Committee will not permit the retention of the Independent Auditors in connection with a transaction initially recommended by the Independent Auditors, the sole business purpose of which may be tax avoidance and the tax treatment

6

of which may not be supported in the Internal Revenue Code and related regulations. The Audit Committee will consult with Director of Tax or outside counsel to determine that the tax planning and reporting positions are consistent with this policy.

Pursuant to the preceding paragraph, the Audit Committee has pre-approved the following Tax Services. All Tax services involving large and complex transactions not listed below must be specifically pre-approved by the Audit Committee (or by any member of the Audit Committee to which pre-approval has been delegated), including tax services proposed to be provided by the Independent Auditors to any executive officer or trustee/director/managing general partner of the Fund, in his or her individual capacity, where such services are paid for by the Fund (generally applicable only to internally managed investment companies):

- U.S. federal, state and local tax planning and advice
- U.S. federal, state and local tax compliance
- International tax planning and advice
- International tax compliance
- Review/preparation of federal, state, local and international income, franchise, and other tax returns
- Identification of Passive Foreign Investment Companies
- Preparation of local Indian Tax Returns
- Domestic and foreign tax planning, compliance, and advice
- Assistance with tax audits and appeals before the IRS and similar state, local and foreign agencies
- Tax advice and assistance regarding statutory, regulatory or administrative developments (e.g., excise tax reviews, evaluation of Fund's tax compliance function)

## Edgar Filing: MALAYSIA FUND INC - Form N-CSR

- Review the calculations of taxable income from corporate actions including reorganizations related to bankruptcy filings and provide guidance related to the foregoing

### 6. ALL OTHER SERVICES

The Audit Committee believes, based on the SEC's rules prohibiting the Independent Auditors from providing specific non-audit services, that other types of non-audit services are permitted. Accordingly, the Audit Committee believes it may grant general pre-approval to those permissible non-audit services classified as All Other services that it believes are routine and recurring services, would not impair the independence of the auditor and are consistent with the SEC's rules on auditor independence.

The Audit Committee has pre-approved the following All Other services. Permissible All Other services not listed below must be specifically pre-approved by the

7

Audit Committee (or by any member of the Audit Committee to which pre-approval has been delegated):

- Risk management advisory services, e.g., assessment and testing of security infrastructure controls

The following is a list of the SEC's prohibited non-audit services. The SEC's rules and relevant guidance should be consulted to determine the precise definitions of these services and the applicability of exceptions to certain of the prohibitions:

- Bookkeeping or other services related to the accounting records or financial statements of the audit client
- Financial information systems design and implementation
- Appraisal or valuation services, fairness opinions or contribution-in-kind reports
- Actuarial services
- Internal audit outsourcing services
- Management functions
- Human resources
- Broker-dealer, investment adviser or investment banking services
- Legal services
- Expert services unrelated to the audit

### 7. PRE-APPROVAL FEE LEVELS OR BUDGETED AMOUNTS

Pre-approval fee levels or budgeted amounts for all services to be provided by the Independent Auditors will be established annually by the Audit Committee. Any proposed services exceeding these levels or amounts will require specific pre-approval by the Audit Committee. The Audit Committee is mindful of the overall relationship of fees for audit and non-audit services in determining whether to pre-approve any such services. For each fiscal year, the Audit Committee may determine the appropriate ratio between the total amount of fees for Audit, Audit-related, and Tax services for the Fund (including any Audit-related or Tax services fees for Covered Entities subject to pre-approval), and the total amount of fees for certain permissible non-audit services classified as All Other services for the Fund (including any such services for Covered Entities subject to pre-approval).

### 8. PROCEDURES

All requests or applications for services to be provided by the Independent Auditors that do not require specific approval by the Audit Committee will be

## Edgar Filing: MALAYSIA FUND INC - Form N-CSR

submitted to the Fund's Chief Financial Officer and must include a detailed description of the services to be rendered. The Fund's Chief Financial Officer will determine whether such services are included within the list of services that have received the general pre-approval of the Audit Committee. The Audit Committee will be informed on a timely basis of any such services rendered by the Independent Auditors. Requests or applications to provide services that require specific approval by the Audit Committee will be submitted to the Audit Committee by both the Independent Auditors and the

8

Fund's Chief Financial Officer, and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence.

The Audit Committee has designated the Fund's Chief Financial Officer to monitor the performance of all services provided by the Independent Auditors and to determine whether such services are in compliance with this Policy. The Fund's Chief Financial Officer will report to the Audit Committee on a periodic basis on the results of its monitoring. Both the Fund's Chief Financial Officer and management will immediately report to the chairman of the Audit Committee any breach of this Policy that comes to the attention of the Fund's Chief Financial Officer or any member of management.

The Audit Committee will also review the internal auditor's annual internal audit plan to determine that the plan provides for the monitoring of the Independent Auditors' services.

### 9. ADDITIONAL REQUIREMENTS

The Audit Committee has determined to take additional measures on an annual basis to meet its responsibility to oversee the work of the Independent Auditors and to assure the auditor's independence from the Fund, such as reviewing a formal written statement from the Independent Auditors delineating all relationships between the Independent Auditors and the Fund, consistent with Independence Standards Board No. 1, and discussing with the Independent Auditors its methods and procedures for ensuring independence.

### 10. COVERED ENTITIES

Covered Entities include the Fund's investment adviser(s) and any entity controlling, controlled by or under common control with the Fund's investment adviser(s) that provides ongoing services to the Fund(s). Beginning with non-audit service contracts entered into on or after May 6, 2003, the Fund's audit committee must pre-approve non-audit services provided not only to the Fund but also to the Covered Entities if the engagements relate directly to the operations and financial reporting of the Fund. This list of Covered Entities would include:

(e)(2) Beginning with non-audit service contracts entered into on or after May 6, 2003, the audit committee also is required to pre-approve services to Covered Entities to the extent that the services are determined to have a direct impact on the operations or financial reporting of the Registrant. 100% of such services were pre-approved by the audit committee pursuant to the Audit Committee's pre-approval policies and procedures (attached hereto).

(f) Not applicable.

(g) See table above.

(h) The audit committee of the Board of Trustees has considered whether the provision of services other than audit services performed by the auditors to the Registrant and Covered Entities is compatible with maintaining the auditors' independence in performing audit services.

### ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

Not applicable.

### ITEM 6. [RESERVED.]

### ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

The Fund and its investment advisor's Proxy Voting Policies and Procedures are as follows:

#### I. POLICY STATEMENT

INTRODUCTION - Morgan Stanley Investment Management's ("MSIM") policies and procedures for voting proxies with respect to securities held in the accounts of clients applies to those MSIM entities that provide discretionary Investment Management services and for which a MSIM entity has the authority to vote their proxies. The policies and procedures and general guidelines in this section will be reviewed and, as necessary, updated periodically to address new or revised proxy voting issues. The MSIM entities covered by these policies and procedures currently include the following: Morgan Stanley Investment Advisors Inc., Morgan Stanley Alternative Investment Partners, L.P., Morgan Stanley AIP GP LP, Morgan Stanley Investment Management Inc., Morgan Stanley Investment Group Inc., Morgan Stanley Investment Management Limited, Morgan Stanley Investment Management Company, Morgan Stanley Asset & Investment Trust Management Co., Limited, Morgan Stanley Investment Management Private Limited, Morgan Stanley Investments LP, Morgan Stanley Hedge Fund Partners GP LP, Morgan Stanley Hedge Fund Partners LP, Van Kampen Investment Advisory Corp., Van Kampen Asset Management Inc., and Van Kampen Advisors Inc. (each a "MSIM Affiliate" and collectively referred to as the "MSIM Affiliates").

Each MSIM Affiliate will vote proxies as part of its authority to manage, acquire and dispose of account assets. With respect to the MSIM registered management investment companies (Van Kampen, Institutional and Advisor Funds) (collectively referred to as the "MSIM Funds"), each MSIM Fund will vote proxies pursuant to authority granted under its applicable investment advisory agreement or, in the absence of such authority, as authorized by its Board of Directors or Trustees. A MSIM Affiliate will not vote proxies if the "named fiduciary" for an ERISA account has reserved the authority for itself, or in the case of an account not governed by ERISA, the Investment Management Agreement does not authorize the MSIM Affiliate to vote proxies. MSIM Affiliates will, in a prudent and diligent manner, vote proxies in the best interests of clients, including beneficiaries of and participants in a client's benefit plan(s) for which we manage assets, consistent with the objective of maximizing long-term investment returns ("Client Proxy Standard"). In certain situations, a client or its fiduciary may provide a MSIM Affiliate with a statement of proxy voting policy. In these situations, the MSIM Affiliate will comply with the client's policy unless to do so would be inconsistent with applicable laws or regulations or the MSIM Affiliate's fiduciary responsibility.

PROXY RESEARCH SERVICES - To assist the MSIM Affiliates in their responsibility for voting proxies and the overall global proxy voting process, Institutional Shareholder Services ("ISS") and the Investor Responsibility Research Center ("IRRC") have been retained as experts in the proxy voting and corporate governance area. ISS and IRRC are independent advisers that specialize in providing a variety of fiduciary-level proxy-related services to institutional investment managers, plan sponsors, custodians, consultants, and other institutional investors. The services provided to MSIM Affiliates include in-depth research, global issuer analysis, and voting recommendations. In addition to research, ISS provides vote execution, reporting, and recordkeeping. MSIM's Proxy Review Committee (see Section IV.A. below) will carefully monitor and supervise the services provided by the proxy research services.

VOTING PROXIES FOR CERTAIN NON-US COMPANIES - While the proxy voting process is well established in the United States and other developed markets with a number of tools and services available to assist an investment manager, voting proxies of non-US companies located in certain jurisdictions, particularly emerging markets, may involve a number of problems that may restrict or prevent a MSIM Affiliate's ability to vote such proxies. These problems include, but are not limited to: (i) proxy statements and ballots being written in a language other than English; (ii) untimely and/or inadequate notice of shareholder meetings; (iii) restrictions on the ability of holders outside the issuer's jurisdiction of organization to exercise votes; (iv) requirements to vote proxies in person, (v) the imposition of restrictions on the sale of the securities for a period of time in proximity to the shareholder meeting; and (vi) requirements to provide local agents with power of attorney to facilitate the MSIM Affiliate's voting instructions. As a result, clients' non-U.S. proxies will be voted on a best efforts basis only, consistent with the Client Proxy Standard. ISS has been retained to provide assistance to the MSIM Affiliates in connection with voting their clients' non-US proxies.

## II. GENERAL PROXY VOTING GUIDELINES

To ensure consistency in voting proxies on behalf of its clients, MSIM Affiliates will follow (subject to any exception set forth herein) these Proxy Voting Policies and Procedures, including the guidelines set forth below. These

guidelines address a broad range of issues, including board size and composition, executive compensation, anti-takeover proposals, capital structure proposals and social responsibility issues and are meant to be general voting parameters on issues that arise most frequently. The MSIM Affiliates, however, may vote in a manner that is contrary to the following general guidelines, pursuant to the procedures set forth in Section IV. below, provided the vote is consistent with the Client Proxy Standard.

### III. GUIDELINES

#### A. MANAGEMENT PROPOSALS

1. When voting on routine ballot items the following proposals are generally voted in support of management, subject to the review and approval of the Proxy Review Committee, as appropriate.
  - Selection or ratification of auditors.
  - Approval of financial statements, director and auditor reports.
  - Election of Directors.
  - Limiting Directors' liability and broadening indemnification of Directors.
  - Requirement that a certain percentage (up to 66 2/3%) of its Board's members be comprised of independent and unaffiliated Directors.
  - Requirement that members of the company's compensation, nominating and audit committees be comprised of independent or unaffiliated Directors.
  - Recommendations to set retirement ages or require specific levels of stock ownership by Directors.
  - General updating/corrective amendments to the charter.
  - Elimination of cumulative voting.
  - Elimination of preemptive rights.
  - Provisions for confidential voting and independent tabulation of voting results.
  
2. The following non-routine proposals, which potentially may have a substantive financial or best interest impact on a shareholder, are generally voted in support of management, subject to the review and approval of the Proxy Review Committee, as appropriate.

13

#### CAPITALIZATION CHANGES

- Capitalization changes that eliminate other classes of stock and voting rights.

## Edgar Filing: MALAYSIA FUND INC - Form N-CSR

- Proposals to increase the authorization of existing classes of common stock (or securities convertible into common stock) if: (i) a clear and legitimate business purpose is stated; (ii) the number of shares requested is reasonable in relation to the purpose for which authorization is requested; and (iii) the authorization does not exceed 100% of shares currently authorized and at least 30% of the new authorization will be outstanding.
- Proposals to create a new class of preferred stock or for issuances of preferred stock up to 50% of issued capital.
- Proposals for share repurchase plans.
- Proposals to reduce the number of authorized shares of common or preferred stock, or to eliminate classes of preferred stock.
- Proposals to effect stock splits.
- Proposals to effect reverse stock splits if management proportionately reduces the authorized share amount set forth in the corporate charter. Reverse stock splits that do not adjust proportionately to the authorized share amount will generally be approved if the resulting increase in authorized shares coincides with the proxy guidelines set forth above for common stock increases.

### COMPENSATION

- Director fees, provided the amounts are not excessive relative to other companies in the country or industry.

14

- Employee stock purchase plans that permit discounts up to 15%, but only for grants that are part of a broad based employee plan, including all non-executive employees.
- Establishment of Employee Stock Option Plans and other employee ownership plans.

### ANTI-TAKEOVER MATTERS

- Modify or rescind existing supermajority vote requirements to amend the charters or bylaws.
- Adoption of anti-greenmail provisions provided that the proposal: (i) defines greenmail; (ii) prohibits buyback offers to large block holders not made to all shareholders or not approved by disinterested shareholders; and (iii) contains no anti-takeover measures or other provisions restricting the rights of shareholders.

3. The following non-routine proposals, which potentially may have a substantive financial or best interest impact on the shareholder, are generally voted AGAINST (notwithstanding management support), subject to the review and approval of the Proxy Review Committee, as appropriate.

- Capitalization changes that add classes of stock which substantially dilute the voting interests of existing shareholders.

## Edgar Filing: MALAYSIA FUND INC - Form N-CSR

- Proposals to increase the authorized number of shares of existing classes of stock that carry preemptive rights or supervoting rights.
  - Creation of "blank check" preferred stock.
  - Changes in capitalization by 100% or more.
  - Compensation proposals that allow for discounted stock options that have not been offered to employees in general.
  - Amendments to bylaws that would require a supermajority shareholder vote to pass or repeal certain provisions.
  - Proposals to indemnify auditors.
4. The following types of non-routine proposals, which potentially may have a potential financial or best interest impact on an issuer, are voted as determined by the Proxy Review Committee.

15

### CORPORATE TRANSACTIONS

- Mergers, acquisitions and other special corporate transactions (i.e., takeovers, spin-offs, sales of assets, reorganizations, restructurings and recapitalizations) will be examined on a case-by-case basis. In all cases, ISS and IRRC research and analysis will be used along with MSIM Affiliates' research and analysis, based on, among other things, MSIM internal company-specific knowledge.
- Change-in-control provisions in non-salary compensation plans, employment contracts, and severance agreements that benefit management and would be costly to shareholders if triggered.
- Shareholders rights plans that allow appropriate offers to shareholders to be blocked by the board or trigger provisions that prevent legitimate offers from proceeding.
- Executive/Director stock option plans. Generally, stock option plans should meet the following criteria:
  - (i) Whether the stock option plan is incentive based;
  - (ii) For mature companies, should be no more than 5% of the issued capital at the time of approval;
  - (iii) For growth companies, should be no more than 10% of the issued capital at the time of approval.

### ANTI-TAKEOVER PROVISIONS

- Proposals requiring shareholder ratification of poison pills.
- Anti-takeover and related provisions that serve to prevent the majority of shareholders from exercising their rights or effectively deter the appropriate tender offers and other offers.

### B. SHAREHOLDER PROPOSALS

## Edgar Filing: MALAYSIA FUND INC - Form N-CSR

1. The following shareholder proposals are generally supported, subject to the review and approval of the Proxy Review Committee, as appropriate:
  - Requiring auditors to attend the annual meeting of shareholders.
  - Requirement that members of the company's compensation, nominating and audit committees be comprised of independent or unaffiliated Directors.

16

  - Requirement that a certain percentage of its Board's members be comprised of independent and unaffiliated Directors.
  - Confidential voting.
  - Reduction or elimination of supermajority vote requirements.

2. The following shareholder proposals will be voted as determined by the Proxy Review Committee.
  - Proposals that limit tenure of directors.
  - Proposals to limit golden parachutes.
  - Proposals requiring directors to own large amounts of stock to be eligible for election.
  - Restoring cumulative voting in the election of directors.
  - Proposals that request or require disclosure of executive compensation in addition to the disclosure required by the Securities and Exchange Commission ("SEC") regulations.
  - Proposals that limit retirement benefits or executive compensation.
  - Requiring shareholder approval for bylaw or charter amendments.
  - Requiring shareholder approval for shareholder rights plan or poison pill.
  - Requiring shareholder approval of golden parachutes.
  - Elimination of certain anti-takeover related provisions.
  - Prohibit payment of greenmail.
3. The following shareholder proposals are generally not supported, subject to the review and approval of the Committee, as appropriate.
  - Requirements that the issuer prepare reports that are costly to provide or that would require duplicative efforts or expenditures that are of a non-business nature or would provide no pertinent information from the perspective of institutional shareholders.

## Edgar Filing: MALAYSIA FUND INC - Form N-CSR

- Restrictions related to social, political or special interest issues that impact the ability of the company to do business or be competitive and that have a significant financial or best interest impact to the shareholders.
- Proposals that require inappropriate endorsements or corporate actions.

### IV. ADMINISTRATION OF PROXY POLICIES AND PROCEDURES

#### A. PROXY REVIEW COMMITTEE

1. The MSIM Proxy Review Committee ("Committee") is responsible for creating and implementing MSIM's Proxy Voting Policy and Procedures and, in this regard, has expressly adopted them. Following are some of the functions and responsibilities of the Committee.

(a) The Committee, which will consist of members designated by MSIM's Chief Investment Officer, is responsible for establishing MSIM's proxy voting policies and guidelines and determining how MSIM will vote proxies on an ongoing basis.

(b) The Committee will periodically review and have the authority to amend as necessary MSIM's proxy voting policies and guidelines (as expressed in these Proxy Voting Policy and Procedures) and establish and direct voting positions consistent with the Client Proxy Standard.

(c) The Committee will meet at least monthly to (among other matters): (1) address any outstanding issues relating to MSIM's Proxy Voting Policy and Procedures; and (2) generally review proposals at upcoming shareholder meetings of MSIM portfolio companies in accordance with this Policy and Procedures including, as appropriate, the voting results of prior shareholder meetings of the same issuer where a similar proposal was presented to shareholders. The Committee, or its designee, will timely communicate to ISS MSIM's Proxy Voting Policy and Procedures (and any amendments to them and/or any additional guidelines or procedures it may adopt).

(d) The Committee will meet on an ad hoc basis to (among other matters): (1) authorize "split voting" (i.e., allowing certain shares of the same issuer that are the subject of the same proxy solicitation and held by one or more MSIM portfolios to be voted differently than other shares) and/or "override voting" (i.e., voting all MSIM portfolio shares in a manner contrary to the Procedures); (2) review and approve upcoming votes, as appropriate, for matters

18

for which specific direction has been provided in Sections I, II, and III above; and (3) determine how to vote matters for which specific direction has not been provided in Sections I, II and III above. Split votes will generally not be approved within a single Global Investor Group team. The Committee may take into account ISS recommendations and the research provided by IRRC as well as any other relevant information they may request or receive.

(e) In addition to the procedures discussed above, if the Committee

## Edgar Filing: MALAYSIA FUND INC - Form N-CSR

determines that an issue raises a potential material conflict of interest, or gives rise to the appearance of a potential material conflict of interest, the Committee will designate a special committee to review, and recommend a course of action with respect to, the conflict(s) in question ("Special Committee"). The Special Committee may request the assistance of the Law and Compliance Departments and will have sole discretion to cast a vote. In addition to the research provided by ISS and IRRC, the Special Committee may request analysis from MSIM Affiliate investment professionals and outside sources to the extent it deems appropriate.

- (f) The Committee and the Special Committee, or their designee(s), will document in writing all of their decisions and actions, which documentation will be maintained by the Committee and the Special Committee, or their designee(s) for a period of at least 6 years. To the extent these decisions relate to a security held by a MSIM U.S. registered investment company, the Committee and Special Committee, or their designee(s), will report their decisions to each applicable Board of Trustees/Directors of those investment companies at each Board's next regularly Scheduled Board meeting. The report will contain information concerning decisions made by the Committee and Special Committee during the most recently ended calendar quarter immediately preceding the Board meeting.

The Committee and Special Committee, or their designee(s), will timely communicate to applicable PMs, the Compliance Departments and, as necessary to ISS, decisions of the Committee and Special Committee so that, among other things, ISS will vote proxies consistent with their decisions.

ITEM 8. [RESERVED.]

ITEM 9. CONTROLS AND PROCEDURES.

19

(a) The Fund's chief executive officer and chief financial officer have concluded that the Fund's disclosure controls and procedures are sufficient to ensure that information required to be disclosed by the Fund in this Form N-CSR was recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, based upon such officers' evaluation of these controls and procedures as of a date within 90 days of the filing date of the report.

(b) There were no changes in the Fund's internal control over financial reporting that occurred during the registrant's most recent second fiscal half-year that has materially affected, or is reasonably likely to materially affect, the Fund's internal control over financial reporting.

ITEM 10. EXHIBITS.

(a) [Attach the Code of Ethics]

(b) (1) [Attach the 302 Certification of Chief Executive Officer]

(b) (2) [Attach the 302 Certification of Chief Financial Officer]

[Note: the 906 Certifications are not exhibits to the Form but are filed with the Form.]
