PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

MAY 12, 2004

This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of The Zweig Total Return Fund, Inc., a Maryland corporation (the "Fund"), for use at the Annual Meeting of Shareholders to be held at the offices of Katten Muchin Zavis Rosenman, located at 575 Madison Avenue (between 56th and 57th Streets), 11th Floor, New York, New York, on Wednesday, May 12, 2004 at 11:30 A.M., and at any and all adjournments thereof, for the purposes set forth in the accompanying Notice of Annual Meeting dated April 5, 2004.

If the accompanying form of proxy is properly executed and returned in time to be voted at the Meeting, the shares will be voted in accordance with the instructions marked by the shareholder. Executed proxies that are unmarked will be voted (1) "for" the election of the three nominees of the Board of Directors as Directors of the Fund and (2) "against" the proposal submitted for consideration pursuant to the Fund's Articles of Incorporation to convert the Fund to an open-end investment company and to adopt amendments to the Fund's Articles of Incorporation to effectuate the conversion. A shareholder can revoke the proxy prior to its use by appearing at the Meeting and voting in person, by giving written notice of such revocation to the Secretary of the Fund, or by returning a subsequently dated proxy.

This Proxy Statement and the accompanying form of proxy will be first sent to shareholders on or about April 5, 2004.

The Board of Directors of the Fund has fixed the close of business on February 13, 2004 as the record date for the determination of shareholders entitled to notice of and to vote at the Meeting. As of the record date, 92,198,270.8797 shares of the Fund's common stock were outstanding. To the best of the Fund's knowledge, no person beneficially owns more than five percent of the outstanding shares of the Fund's common stock.

The Annual Report of the Fund for the year ended December 31, 2003, including financial statements, has been mailed to shareholders of record at the close of business on that date, and to persons who became

3

shareholders of record between that time and the close of business on February 13, 2004.

The Fund will furnish, without charge, a copy of the Fund's December 31, 2003 Annual Report to any shareholder who requests it by contacting the Fund's Administrator, Phoenix Equity Planning Corporation, 56 Prospect Street, P.O. Box 150480, Hartford, Connecticut 06115-0480, Attention: Shareholder Services; Toll-free telephone number 1-800-272-2700.

RECENT FUND DEVELOPMENTS

On March 2, 2004, the Board of Directors unanimously approved the continuation of the advisory relationship with Phoenix/Zweig Advisers LLC (the "Adviser") and the continuation of the sub-advisory relationship with Zweig Consulting LLC (the "Sub-Adviser"). Under the continued sub-advisory relationship, Dr. Martin E. Zweig, President and owner of the Sub-Adviser, will continue to provide asset allocation services and will assume an expanded role in reviewing the Fund's portfolio. Dr. Zweig will actively collaborate in the

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

stock selection process with the Adviser's new portfolio management team.

In addition to Dr. Zweig's increased involvement with the Fund, Dr. Zweig strongly affirmed his support for maintaining the Fund as closed-end.

The portfolio management team of Carlton Neel and David Dickerson was installed by the Adviser as of April 1, 2003, with the endorsement of the Board of Directors, and with the support of the Sub-Adviser. Effective March 2, 2004, Daniel T. Geraci, president of the Adviser and executive vice president of the asset management operations of The Phoenix Companies, was appointed as President of the Fund and a Director.

Subsequent to the filing of the Fund's preliminary proxy on February 11, 2004, several professional investors have contacted the Board of Directors or the Fund with respect to the proposal to convert the Fund to an open-end investment company. One such shareholder, who reported holding less than half of one percent of the outstanding shares of the Fund, has filed a Form 13D* with the Securities and Exchange Commission. In their communications, these shareholders supported one or more of the following: (i) conversion to an open-end investment company; (ii) reinstatement of a fixed distribution policy; and/or (iii) nomination of new directors.

The Board has spent considerable time evaluating the present situation and concluded that it is inappropriate to open-end the Fund at this time for the reasons discussed in this Proxy Statement. The Board believes that

* A Form 13D is a publicly available disclosure report for an investor who is considered to beneficially own more than 5% of a publicly traded equity security. The report identifies the source and amount of the funds used for the acquisition and the purpose of the acquisition.

4

maintaining the Fund as a closed-end fund will benefit the Fund's long-term shareholders. Open-ending would permit the professional investors to realize a short-term profit on their investment, without regard to the best interests of the Fund's long-term shareholders. Moreover, the Board believes it is in the best interests of the Fund and its shareholders to permit the new portfolio management team, together with Dr. Zweig, to focus on the Fund's portfolio and to work on achieving the Fund's investment objective in its closed-end structure. The Board also has considered the effects of the Fund's distribution policy. As communicated to shareholders by letter dated July 28, 2003, the change from a fixed to a variable distribution policy was effected in order to avoid potential adverse tax consequences (see Proposal 2, "Background of the Proposal" at page 16). However, the Board is currently evaluating whether it is appropriate to reinstate a new distribution policy.

PROPOSAL 1 ELECTION OF DIRECTORS

The members of the Board of Directors of the Fund are divided into three classes with the term of office of one class expiring each year. At the forthcoming Annual Meeting, two Directors will be elected to serve a three-year term (until the third succeeding Annual Meeting in 2007) and one Director will be elected to serve a one-year term (until the first succeeding Annual Meeting in 2005). Unless authority to vote for the election of Directors is withheld, the enclosed proxy will be voted for the election of the nominees named below. While management has no reason to believe that the nominees will not be available as candidates, should such a situation arise, proxies may be voted for

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

the election of such other persons as a Director, as the holders of the proxies may, in their discretion, determine.

The Fund's Board of Directors has appointed a Nominating Committee which makes annual recommendations as to the individuals to be nominated by the Fund's Board of Directors for election as Directors at the forthcoming Annual Meeting and selects candidates for election by the Board of Directors to fill any vacancies in the Board of Directors, including those resulting from an increase in the number of Directors. The Fund's Nominating Committee consists of three Directors who are not "interested persons" (as defined in the Investment Company Act of 1940, as amended (the "Act")) of the Fund, the Adviser, or the Sub-Adviser.

Based on the recommendations made by the Fund's Nominating Committee at its meetings held on February 12, 2004 and March 2, 2004, the Board of Directors of the Fund has nominated (a) R. Keith Walton, who is presently a Director of the Fund, for re-election to the Board of the Fund, to serve until the next Annual Meeting in 2005, and (b) Alden C. Olson and Daniel T. Geraci, who are presently Directors of the Fund, for re-election to the Board of the Fund, to serve until the third succeeding Annual Meeting in 2007.

COMMITTEES AND BOARD OF DIRECTORS' MEETINGS

AUDIT COMMITTEE REPORT

The Fund's Board of Directors has appointed a standing Audit Committee. The Fund's Board of Directors has adopted a written charter for the Fund's Audit Committee, which charter is attached hereto as EXHIBIT A. The purposes of the Audit Committee are set forth in the Audit Committee Charter. In brief, the role of the Audit Committee is to assist the Board of Directors in its oversight of the Fund's financial reporting process. As set forth in the Charter, management of the Fund is responsible for the preparation, presentation and integrity of the Fund's financial statements, the Fund's accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing the Fund's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

The Audit Committee of the Board of Directors of the Fund will normally meet at least four times during each full fiscal year, of which at least two such meetings will be with representatives of the independent

12

auditors, to discuss and review various matters as contemplated by the Audit Committee Charter. In the performance of its oversight function, the Audit Committee has considered and discussed the audited financial statements with management and the independent auditors of the Fund. The Audit Committee also has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees", as currently in effect. The Audit Committee also has considered whether the provision by the Fund's independent auditors of non-audit services to the Fund, and of professional services to the Adviser and affiliates of the Adviser that provide services to the Fund, is compatible with maintaining the independent auditors' independence. Finally, the Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees", and has discussed with the independent auditors the independent auditors' independence.

The members of the Fund's Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing or evaluating auditor independence. The Board of Directors has determined that the Fund does not have an "audit committee financial expert," as defined under the Securities and Exchange Commission's Regulation S-K, Item 401(h), at this time because none of the Fund's Board of Directors meet the technical definition of such an expert. The audit committee of the Board is in compliance with applicable rules of the listing requirements for closed-end fund audit committees, including the requirement that all members of the audit committee be "financially literate" and that at least one member of the audit committee have "accounting or related financial management expertise," as determined by the Board. Members of the Fund's Audit Committee rely without independent verification on the information provided to them and on the representations made by management and the independent auditors. Accordingly, the Audit Committee's oversight does not provide an independent basis to

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Fund's financial statements have been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Fund's auditors are in fact "independent."

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit

13

Committee referred to above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors of the Fund that the audited financial statements of the Fund be included in the Fund's annual report to shareholders for the year ended December 31, 2003. The members of the Audit Committee, Messrs. Brunie, Olson, Rogers and Walton and Ms. Luscombe, are "independent" within the meaning of the Act and the New York Stock Exchange corporate governance standards for audit committees.

NOMINATING COMMITTEE

Messrs. Brunie, Olson and Rogers, each of whom is not an interested person of the Fund, are members of the Nominating Committee of the Board of Directors of the Fund. The Fund's Board of Directors has adopted a written charter for the Fund's Nominating Committee, which charter is attached hereto as EXHIBIT B. The Fund's Nominating Committee considers candidates for election to fill vacancies on the Fund's Board of Directors.

Director nominees are identified based on persons known to the Board of Directors or the Nominating Committee and any persons recommended to the Nominating Committee by shareholders or industry sources. Any recommendations made by shareholders and industry sources must be accompanied by a biography of the recommended candidate and should be submitted in writing to the principal executive office of the Fund, located at 900 Third Avenue, New York, New York 10022, addressed to the Secretary of the Fund. Nominees are evaluated based on the criteria described below. The evaluation process does not depend on the source of the recommendation. The new independent Director, R. Keith Walton, was recommended to the Nominating Committee by a Director of the Fund, and subsequently nominated by the Nominating Committee to fill the vacancy on the Board created by the retirement of Elliot Jaffe. The new interested director, Daniel T. Geraci, was nominated by the Nominating Committee to fill the vacancy created by the resignation of Philip R. McLoughlin effective March 2, 2004.

It is expected that all candidates for the Board will possess the following minimum qualifications: (i) unquestioned personal integrity; (ii) sound business judgment; and (iii) the commitment required to be an effective director, including, without limitation, the ability to attend meetings regularly. The Nominating Committee may determine that a

14

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

candidate who does not have the experience or knowledge referred to above should nevertheless be considered as a nominee if the Nominating Committee finds that the candidate's qualifications, taken as a whole, demonstrate an equivalent level of qualification to serve as a director.

BOARD OF DIRECTORS' MEETINGS

The Board of Directors of the Fund held seven meetings during the year ended December 31, 2003. The Fund's Nominating Committee held three meetings during the year ended December 31, 2003 and met in advance of the February 12, 2004 and March 2, 2004 Board meetings, at which times the Nominating Committee recommended the nominees for election to the Board. The Fund's Audit Committee held three meetings during the year ended December 31, 2003. All of the current Directors attended at least 75% of the total number of Board meetings and his or her respective committee meetings, for the Fund, held during the 2003 year.

SHAREHOLDERS COMMUNICATIONS

Any shareholder that wishes to communicate with the Board of Directors or a specific Director may do so by submitting correspondence in writing to the principal executive office of the Fund, located at 900 Third Avenue, New York, New York 10022, specifying the intended addressee. Shareholder communications addressed to the Board of Directors will be forwarded promptly after receipt to Daniel T. Geraci, President of the Fund, for review. Mr. Geraci will review each such communication in order to determine whether the communication should be relayed directly to each Board member. Shareholder communications that Mr. Geraci determines involve routine matters will be forwarded to the Fund Administrator and/or officers of the Fund for review and response, and Mr. Geraci will report to the full Board, as appropriate, on the nature and substance of such communications. Shareholder communications that Mr. Geraci determines involve non-routine matters will be forwarded to each member of the Board for review. Shareholder communications addressed to a specific Director will be forwarded to the addressee promptly upon receipt.

It is the Fund's policy that all Directors attend the annual shareholders meeting, if reasonably possible. The 2003 Annual Shareholders Meeting was attended by all of the Directors of the Fund.

THE BOARD OF DIRECTORS OF THE FUND RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE ELECTION OF THE NOMINEES.

PROPOSAL 2

PROPOSAL PURSUANT TO THE FUND'S ARTICLES OF INCORPORATION TO CONVERT THE FUND FROM A CLOSED-END INVESTMENT COMPANY TO AN OPEN-END INVESTMENT COMPANY AND TO ADOPT AN AMENDMENT AND RESTATEMENT OF THE ARTICLES OF INCORPORATION TO EFFECTUATE THE CONVERSION AS PROPOSED

I. BACKGROUND OF THE PROPOSAL

The Fund has operated as a closed-end management investment company since it began operations in September 1988. As a closed-end fund, the Fund's shares are bought and sold in the securities markets at prevailing prices, which may be equal to, less than, or greater than its net asset value. The Fund's Articles of Incorporation provide that, if during any fiscal quarter beginning on or after January 1, 1990, the Fund's shares trade, on the principal securities exchange on which they are traded, at an average discount from net asset value of 10% or more (determined on the basis of the discount as of the end of the last trading day in each week during such quarter (the "10% Threshold")), the Board generally is required to submit to shareholders within 60 days after the end of such

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

quarter (or such later time as may be required to comply with applicable laws), a proposal to convert the Fund to an open-end investment company (the "Conversion Proposal") and amendments to the Fund's Articles of Incorporation required to effectuate the Conversion Proposal. Approval of the Conversion Proposal would require the affirmative vote of a majority of the outstanding shares of the Fund entitled to vote on the proposal. During the fiscal quarter ended December 31, 2003, the Fund's shares traded at an average discount from net asset value of 12.34%, determined in accordance with the provisions of the Fund's Articles of Incorporation. Accordingly, the Fund is required to submit the Conversion Proposal and amendments to the Fund's Articles of Incorporation to effectuate such proposal for shareholder consideration.

FOR THE REASONS DISCUSSED BELOW, THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE AGAINST THE CONVERSION PROPOSAL AND ADOPTION OF THE AMENDMENT AND RESTATEMENT OF THE ARTICLES OF INCORPORATION TO EFFECTUATE THE CONVERSION PROPOSAL.

At a meeting held on January 23, 2004, the Fund's Board of Directors considered whether or not to recommend to shareholders that the Conversion Proposal be approved. The Board considered the development of the premium-discount pattern in the trading of the Fund's shares which began following the change in 2003 from a fixed 10% distribution policy to a variable distribution policy based upon the Fund's net investment income and variable gains. As announced in a press release on

16

July 28, 2003, the Board of Directors had determined that a change of the fixed distribution policy was in the best interests of the Fund and its shareholders, in order to avoid potential adverse tax consequences. Two factors that the Board considered at such time were the decline in interest rates in recent years, which meant that a distribution payout of 10% was not sustainable from the interest and dividends on the Fund's portfolio holdings, and the large tax loss position (\$51.3 million as of December 31, 2003) accumulated by the Fund as a result of the market downturn which began in March of 2000. The effect of these factors, coupled with applicable provisions of the Internal Revenue Code, meant that the portion of the Fund's distributions considered return of capital had a strong likelihood of being deemed a taxable distribution to shareholders. Accordingly, the Board determined that the Fund should move to a variable distribution policy. However, the Board is currently evaluating market conditions, the Fund's tax position, and the rate of return on the Fund's portfolios, among other factors, to determine whether it is appropriate to reinstate a new distribution policy. At the January 23, 2004 meeting, the Board reviewed information respecting the potential advantages and disadvantages of converting to an open-end fund, the Fund's performance to date as a closed-end fund, the historical relationship between the market price of its shares and their net asset value, and the possible effects of conversion on the Fund. At that meeting, the Board voted unanimously to recommend that shareholders vote against the Conversion Proposal.

On March 2, 2004, the Board unanimously approved the continuation of the advisory relationship with the Adviser and the continuation of the sub-advisory relationship with the Sub-Adviser. Under the continued sub-advisory relationship, Dr. Martin E. Zweig, President and owner of the Sub-Adviser, will continue to provide asset allocation services and will assume an expanded role in reviewing the Fund's portfolio. Dr. Zweig will actively collaborate in the stock selection process with the Adviser's portfolio management team of Carlton Neel and David Dickerson. At the March 2, 2004 meeting, the Board also further discussed the issue of the Conversion Proposal. Dr. Zweig strongly reaffirmed his support for maintaining the Fund as a closed-end fund. The Board believes that conversion to an open-end investment company presents the possibility that

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

the functioning of the Fund's portfolio management and its investment performance, as described under "Impact on Portfolio Management" below, could be adversely affected. The Board believes that the Fund's current Adviser portfolio management team (introduced in April 2003) should be given the opportunity to continue to manage the Fund, together with the Sub-Adviser, as a diversified balanced closed-end fund. The Board believes that maintaining the Fund as a closed-end fund is in the interest of long-term shareholders. The Board also believes that conversion could expose the Fund to the risk of a possible loss of economies of scale and an increase in the Fund's expenses as a percentage of net

17

asset value if there is a substantial reduction in its size, as described in "Potential Open-End Fund Disadvantages and/or Closed-End Fund Advantages" below.

In its consideration of the Conversion Proposal, the Board took into account the fact that conversion would eliminate the possibility of the Fund's shares ever trading at a discount to net asset value and the likelihood that, if the Fund were open-ended, shareholders could realize a short term gain by redeeming their shares at net asset value. While the Board noted that during the quarters ended March 31, 2000 and December 31, 2000, the Fund's shares traded at an average discount from net asset value of 15% and 10.3%, respectively (for which a Conversion Proposal was submitted to shareholders (collectively, the "Prior Conversion Proposals")), the Board also took note that, during at least forty consecutive quarters prior to March 31, 2000 and the ten consecutive quarters prior to December 31, 2003, the Fund's shares had not traded at an average discount from net asset value in excess of the 10% Threshold. The Board further noted that the Fund's average discount to net asset value for the quarter ended December 31, 2003, was only somewhat in excess of the 10% Threshold, and that the shareholder vote in connection with the Prior Conversion Proposals had not required the conversion of the Fund, notwithstanding the fact that the discount to net asset value for the quarter ended March 31, 2000 (i.e., 15%) was more substantial than the discount for the quarter ended December 31, 2003 (i.e., 12.34%).

The Board further noted that, notwithstanding the more recent discounts, the shares have, from the Fund's commencement of operations through December 31, 2003, traded at an average premium (based on an averaging of month-end premiums and discounts) of 2.9%. This premium compares favorably to the average discount during the same period of 4.73% and 2.90%, respectively, of closed-end equity funds (excluding international equity funds) and closed-end fixed income funds (excluding municipal funds). The graph below reflects the changes in premiums and discounts at which the Fund's shares traded from the Fund's commencement of operations through December 31, 2003.

At this time, the Board does not believe that eliminating the possibility of a discount justifies the risk of reduced size, increases in the Fund's

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

expense ratio and the potential adverse effect on its investment performance that conversion would entail. Accordingly, the Board, including all of the independent Directors, does not believe that conversion of the Fund to an open-end investment company is in the best interests of the Fund and its shareholders.

If the Conversion Proposal is not approved by shareholders, the Fund would continue as a closed-end investment company, and the Board will continue to monitor the market discount from net asset value, if any, at which the Fund's shares trade and will consider whether any other action should be taken with respect to such discount. On January 30, 2004, the Fund announced that its Board of Directors had authorized the repurchase by the Fund, in the discretion of the Fund's management, of up to 10% annually of the Fund's shares at such times as its shares are trading at a discount to net asset value. The Fund has not yet repurchased any shares pursuant to such authorization. The Board will continue to consider, as it has in the past, repurchases of the Fund's shares on the open market or tender offers to the Fund's shareholders when the shares are trading at a discount from net asset value. The Fund cannot predict whether any open market

19

repurchases or tender offer purchases of its shares made while the Fund is a closed-end investment company would decrease the discount from net asset value. To the extent that because of open market repurchases or tender offer purchases or otherwise, the average discount from net asset value is decreased below the 10% Threshold for a fiscal quarter, the Fund would not be required to submit to its shareholders the Conversion Proposal with respect to such quarter.

If the Fund's shares continue to trade at an average discount from net asset value in excess of the 10% Threshold during a subsequent quarter as determined in accordance with the Fund's Articles of Incorporation, the Board of Directors and the Fund's shareholders will continue to have an opportunity to consider converting the Fund to an open-end fund. Pursuant to the Articles of Incorporation, a subsequent Conversion Proposal, with respect to such quarter, and related charter amendments that can be approved by the affirmative vote of a majority of the outstanding shares of the Fund would be required to be submitted to shareholders. The Articles of Incorporation provide, however, that a Conversion Proposal need not be submitted to shareholders with respect to a quarter if a Conversion Proposal was submitted to shareholders with respect to the immediately preceding quarter.

Certain of the factors considered by the Board in making its recommendation are discussed in more detail below.

II. ADVANTAGES AND DISADVANTAGES OF CONVERSION PROPOSAL

The Fund is currently a closed-end fund. As such, it neither redeems its outstanding shares of stock nor continuously offers new stock for sale; thus, it operates with a relatively fixed capitalization. The Fund's shares of stock are principally traded on the New York Stock Exchange (the "NYSE"). Open-end funds (also known as "mutual funds") issue redeemable shares entitling stockholders to redeem, that is tender, for their proportionate share of a fund's net asset value. Also, open-end funds generally issue new shares at the fund's net asset value.

POTENTIAL OPEN-END FUND ADVANTAGES AND/OR CLOSED-END FUND DISADVANTAGES

- (1) REDEEMABILITY OF SHARES; ELIMINATION OF DISCOUNT. Shareholders of an open-end fund have the right to redeem their shares at any time (except in certain circumstances as authorized by the Act) at the net

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

asset value of such shares (less any applicable redemption charges), and such redemption payment must be made within 7 days. The ability to obtain net asset value for their shares will constitute an immediate significant benefit to shareholders of the Fund to the extent that shares are trading at a discount to net asset value. While shareholders in a closed-end fund pay a brokerage commission when they buy or sell the closed-end shares on the stock exchange, shareholders in open-end no-load funds do not incur brokerage commissions when they purchase or redeem their shares.

20

- (2) **SHAREHOLDER SERVICES.** Open-end funds typically provide more services to stockholders than closed-end funds. One service that is frequently offered by open-end funds is an exchange privilege which enables shareholders to transfer their investment from one fund into another fund which is part of a family of open-end funds, at little or no cost to the shareholders. This permits the exchange of shares at relative net asset value when the holder's investment objectives change. Other services that could be offered include use of the Fund for retirement plans and permitting purchases and sales of shares in convenient amounts. There may be, of course, additional costs for these services, some of which might need to be borne by the Fund, which must be weighed against the anticipated benefit of the particular service. There can be no assurance that any such services would be made available if the Conversion Proposal were approved.
- (3) **RAISING CAPITAL.** A closed-end fund trading at a discount may not be able to raise capital through share sales (other than through a rights offering) when it believes further investment would be advantageous, because the Act restricts the ability of a closed-end fund to sell its shares at a price below net asset value. Open-end funds, on the other hand, are priced at net asset value and therefore can sell additional shares at any time. This ability to raise new money can achieve greater economies of scale and improve investment management although, as noted below, this may not occur at the most opportune times.
- (4) **ELIMINATION OF ANNUAL SHAREHOLDER MEETINGS.** As a closed-end fund listed on the NYSE, the Fund is subject to NYSE rules requiring annual meetings of stockholders. Unlike the Fund, open-end funds are not required to hold annual shareholder meetings, except in special circumstances where shareholder approval is required under the Act. However, pursuant to the Fund's charter, as discussed under "Measures to be Adopted in the Event the Fund Becomes an Open-End Fund" below, if the Conversion Proposal were approved, the Fund may operate as an open-end fund with a classified board, and, notwithstanding the conversion to open-end status, annual shareholder meetings may, therefore, continue to be held because declassifying the Board requires an affirmative vote of 75% of the outstanding shares of the Fund.

POTENTIAL OPEN-END FUND DISADVANTAGES AND/OR CLOSED END FUND ADVANTAGES

- (1) **IMPACT ON PORTFOLIO MANAGEMENT.** While closed-end funds can be fully invested, open-end funds are subject to periodic inflows and outflows of cash that can complicate portfolio management. In

21

particular, open-end funds may be subject to pressure to sell

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

portfolio securities at disadvantageous times in order to satisfy redemption requests. In addition, open-end funds may be limited in their ability to invest 100% of the fund's assets in portfolio securities because of the need to maintain cash reserves to provide for shareholder redemptions in uncertain amounts. The level of redemptions may be particularly high immediately following conversion to open-end status and therefore, initially, the cash reserves may have to be substantial. It is not expected, however, that the inability of an open-end fund to be fully invested would necessarily hinder the Adviser's ability to manage the Fund in the future because the Fund has, from time to time, maintained substantial cash positions.

Also, although open-end funds generally maintain that their ability to sell shares at any time (resulting from their being priced at net asset value) produces efficiencies, others have suggested that large net purchases often occur around market highs and net redemptions around market lows, inopportune times to invest or liquidate portfolio positions, respectively. In a falling market situation, for example, redemptions increase and liquidations in the open-end fund portfolio must increase to meet those redemptions. In the event cash reserves, temporary investments and borrowings are exhausted, the result may be that the more liquid blue chip securities will be sold, leaving the open-end fund with the less-liquid securities in the fund's portfolio which are not as well suited to meeting future redemptions or changes in investment strategy. If the Fund were to convert to an open-end fund, the Fund could be impacted accordingly.

- (2) EFFECT OF REDEMPTIONS. Substantial redemptions could result in an increase in the Fund's expense ratio. In particular, a reduction in size of the Fund would result in the fixed expenses of the Fund being spread over a smaller asset base, thereby increasing the per-share effect of those expenses. Significant redemptions could also increase the Fund's portfolio turnover rate above its normal levels, thereby increasing Fund expenses. Net redemptions are probable immediately after open-ending the Fund, although the redemption fee mentioned below may reduce the number of redemptions that would otherwise occur. While the Fund's portfolio securities are sufficiently liquid to satisfy anticipated levels of redemption upon conversion without impeding the Adviser's management of the Fund in the long term as an open-end fund, continuous redemptions could potentially restrict the Adviser's ability to choose investments purely in accordance with the Fund's investment strategy. Redemption requests could, for example,

22

require the Fund's liquidation of a portion of its investment portfolio at a time when independent investment judgment might not dictate such action.

Additionally, redemptions would result in increased brokerage expense and increased recognition of taxable gains and losses. These redemptions could reduce the Fund to a smaller size than is economically viable. If the Fund decreased in size, the expense ratio may increase because the cost of many services may remain the same although the size of the Fund will have decreased. Of course, if the size of the Fund increases, the Fund's expense ratio may be reduced.

- (3) DISTRIBUTION COSTS. If the Fund converts to open-end status, it will need to have an effective distribution system in place in order to avoid erosion in its asset base through redemptions. The

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

distribution and marketing of open-end funds involve additional costs. These costs may be paid either by purchasers (in the case of a front-end sales charge) or by current shareholders (in the case of a plan of distribution adopted under Rule 12b-1 (a "12b-1 Plan"), which would require approval by shareholders). However, open-end funds that are no-load and do not pay fees pursuant to a 12b-1 Plan do not bear these expenses. In the event that the Conversion Proposal is approved by shareholders, it is expected that the Board would consider the implementation of a 12b-1 Plan providing for payments by the Fund at an annual rate of .25% of the Fund's average net assets. Redemption fees and contingent deferred sales charges may also be employed.

- (4) **ADDITIONAL COSTS OF OPERATING AN OPEN-END FUND.** The Fund's per-share expense ratio would substantially increase for the reasons mentioned above under "Effect of Redemptions" and "Distribution Costs" and the fact that transfer agency expenses are generally higher for an open-end fund. In the event the Fund's assets remain unchanged, and assuming a Rule 12b-1 fee of .25% and transfer agent expenses commensurate with those of other Phoenix funds, it is estimated that the Fund's per-share expense ratio would increase from its current level of 1.03% to 1.50% and, assuming the same distribution and transfer agent expenses, in the event of a 30%, 50% or 60% decrease in average net assets, the Fund's per-share expense ratio would increase to 1.51%, 1.53% and 1.54%, respectively.
- (5) **TAXES/CAPITAL GAINS.** If the Fund were to experience substantial redemptions of its shares following the conversion to an open-end investment company, it would likely be required to sell portfolio securities and incur increased transaction costs in order to raise

23

cash to meet such redemptions. Any sale of portfolio securities effected to fund redemption obligations would be a taxable transaction and may have unfavorable capital gains treatment for non-redeeming shareholders. If the Fund's basis in the portfolio securities sold is less than the sale price obtained, net capital gain may be realized. U.S. tax law imposes both an income tax and an excise tax on net capital gain realized by closed-end and open-end funds unless the fund distributes net capital gain to all shareholders, in which case the shareholders would be subject to tax on such gain. However, any such taxable gains realized by the Fund would be offset, in whole or in part, by any existing capital loss carryover, which to the extent of such offset, would reduce the capital gain distributed to, and recognized by, shareholders. As of December 31, 2003, the Fund had \$51.3 million of capital loss carryovers expiring in 2010 and 2011 which may be used to offset future capital gains. If the Fund remains a closed-end fund, the capital loss carryovers may be used in the ordinary course for the benefit of shareholders.

- (6) **AUTOMATIC DIVIDEND REINVESTMENT AND CASH PURCHASE PLAN (THE "PLAN").** Open-end fund dividend reinvestment plans typically provide for the reinvestment of income, dividends and capital gains distributions in shares of the fund at net asset value. In contrast, as a closed-end investment company, the Fund's current Plan permits shareholders to elect to reinvest their distributions on a different basis than would be the case if the Fund was an open-end investment company. Currently, if the Board declares a distribution payable either in shares or in cash, as shareholders may have elected, then participants in the Plan

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

will receive the equivalent of shares determined as follows: when Fund shares are trading at or above net asset value on the record date for the distribution, participants will be issued shares at the higher of their net asset value or 95% of their market value. If Fund shares are trading at a discount from net asset value at such time, or if the Fund should declare a distribution payable only in cash, the agent for the participants will buy shares of the Fund in the open market, on the NYSE or elsewhere, for the participants' account. This permits a reinvesting shareholder to benefit from the agent's purchase of additional shares at a discount. However, if before the agent for the participants completes its purchases, the market price exceeds the net asset value of the shares, the agent is permitted to cease purchasing the shares in the open market and the Fund may issue the remaining shares at a price equal to the higher of net asset value or 95% of the then market price. Thus, reinvesting shareholders are issued shares at the higher of net asset value or 95% of the market price. This is an advantage that

24

is not offered by open-end investment companies where distributions are reinvested at net asset value. Consequently, participants in the Plan would lose the compounding benefit of reinvesting their distributions at a price below net asset value (when Fund shares are trading at a discount) and, thereby, the opportunity to realize a profit (to the extent that Fund shares subsequently trade at a lower discount or at a premium). The positive result of reinvesting at a price below net asset value can be significant, particularly given the compounding effect over time.

- (7) **CONVERSION COSTS.** The process of converting the Fund to an open-end fund would involve additional printing, legal, other professional costs and other expenses of establishing a new structure. These costs, many of which would be non-recurring, include costs associated with the preparation of a registration statement and prospectus as required by federal securities laws and the payment of fees in connection with notice filings under state securities laws. The Fund estimates that these costs, which would be paid by the Fund, would be at least \$400,000, representing approximately 0.07% of the Fund's current net asset value.
- (8) **DELISTING FROM NEW YORK STOCK EXCHANGE.** The Fund's shares are currently listed on the NYSE. It is believed in some investment circles that a fund listing on a U.S. stock exchange, and in particular the NYSE, is an asset, especially in terms of attracting non-U.S. investors. Due to their redemption features, open-end funds are not traded on exchanges. Conversion to an open-end fund would require immediate de-listing of the Fund from the NYSE, and thus any advantage of being a closed-end fund would be lost.

The Fund is currently exempt from state securities regulation because of its NYSE listing. Upon delisting, the Fund would be required to make state registration filings and pay state fees. The Fund will thus save the annual NYSE and Pacific Stock Exchange fees of \$79,000, but will as a result of delisting have to pay the state blue sky fees, which could range from \$30,000 to \$50,000 annually, depending on the channel of distribution of the Fund's shares.

III. MEASURES TO BE ADOPTED IN THE EVENT THE FUND BECOMES AN OPEN-END FUND

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

If Proposal Two is approved by the shareholders, the Board of Directors will convene and consider the method and time period for the

25

conversion of the Fund into an open-end investment company. It is contemplated that among the matters the Board of Directors would proceed to consider would be fixing the rate and period of application of any redemption fee as authorized by the Articles of Amendment and Restatement and referred to in the description of Proposal Two. This redemption fee would be similar to that imposed by other funds which have converted into open-end funds and is a method of reducing the number of immediate redemptions and offsetting the cost of liquidations. The Board would also consider whether to pay for redeemed shares partly or entirely in securities. In addition, the Board would need to consider the details of the system for the classification and distribution of the Fund's shares, including the approval of an appropriate distribution contract for the distribution of the Fund's shares to become effective upon the Fund's conversion to an open-end investment company.

Certain aspects of the operation of the Fund subsequent to its conversion to open-end form would have to be approved by the Fund's shareholders, and it is expected that a special meeting of shareholders would be scheduled for that purpose as soon as practicable. These matters would include considering making any changes in the Fund's investment management agreement considered appropriate for an open-end fund, and considering the adoption of a Rule 12b-1 Plan consistent with the system selected by the Board of Directors for future distribution of the Fund's shares. Additionally, the Fund's Articles of Incorporation would be proposed to be amended to declassify the Board of Directors. Currently, the Fund's Articles of Incorporation provide that the Board of Directors be divided into three classes of Directors. Each Director serves for three years with one class being elected each year (each such election requiring a meeting of shareholders.) The classified Board, which could be viewed as an "anti-takeover" measure, would not be typical of an open-end fund. Unlike the vote required to approve Proposal Two, which is a majority of the outstanding shares of the Fund, the affirmative vote of at least 75% of the outstanding shares of the Fund is required to declassify the Fund's Board. Consequently, if Proposal Two is approved, the Fund would operate as an open-end Fund with a classified Board and annual shareholder meetings would be required to be held, until the Fund's Articles of Incorporation is subsequently amended to declassify the Board.

Furthermore, in order to reduce administrative burdens incurred in monitoring numerous small accounts, it is expected that the Fund would adopt requirements that an initial investment in Fund shares be in a minimum amount.

If Proposal Two is approved by the shareholders, the Fund will file, at the time described below, Articles of Amendment and Restatement with the State Department of Assessments and Taxation of Maryland, which are in the form approved by the Board of Directors at their meeting on

26

January 23, 2004, and change the Fund's subclassification under the Act from a closed-end investment company to an open-end investment company. A copy of the Articles of Amendment and Restatement (marked to reflect changes from the current Articles of Incorporation) is attached hereto as EXHIBIT C.

Under Maryland law and the Articles of Amendment and Restatement, the Board of Directors would have the authority to increase the number of shares of any class, to reclassify issued and unissued shares and to authorize the issuance of

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

additional classes of stock, in each case without the consent of shareholders. The Articles of Amendment and Restatement would amend the current Articles of Incorporation to: provide for class voting provisions (shareholders will generally continue to have one vote on each matter submitted for their vote if the Fund converts to open-end form); provide that the Fund's outstanding common stock will be redeemable at the option of the shareholders; give the Board the right to set standards for redemption (including the ability to impose redemption or other charges, and to apply the redemption fee to shares outstanding at the time the Articles of Amendment and Restatement become effective without applying similar charges to subsequently issued shares, other shares of the same class or other classes); permit the Board to redeem the shares of a shareholder under various circumstances (including if the net asset value of the shares held by any shareholder is less than a minimum amount); and permit the Board to accomplish the automatic conversion of one class of shares into another class of shares in the context of a multiple class structure. Furthermore, under the Articles of Amendment and Restatement, the provision requiring submission to shareholders of the Conversion Proposal in the event the Fund's shares trade at an average discount from their net asset value in excess of the 10% Threshold for any fiscal quarter, would be deleted (since that provision would be superfluous once the Fund becomes open-ended). Another provision relating to open-ending (Article VIII(1)), which would also become superfluous upon approval of the Conversion Proposal, and various other provisions of the Fund's Articles of Incorporation that may be described as "anti-takeover" provisions, are not submitted for amendment because the Board has determined that such submission is not necessary at this time and because such amendments would require approval by the affirmative vote of 75% of the outstanding shares of the Fund. The "anti-takeover" provisions, the retention of which would not be particularly desirable for an open-end fund, include provisions with respect to (i) a classified Board of Directors, (ii) limiting the number of directors and their removal, and (iii) mergers, major asset sales and dissolution.

The Articles of Amendment and Restatement would not be filed until the Fund's registration statement under the Securities Act of 1933, as amended, covering the offering of shares of the Fund and appropriate

27

state securities law qualifications had become effective. Preparation of the registration statement would commence shortly after the adoption of the Conversion Proposal, and the registration statement would be filed as soon as practicable, which should be before the date of the special shareholders meeting. The Articles of Amendment and Restatement would become effective at the time the conversion is implemented.

For the foregoing reasons, the Board of Directors believes that, notwithstanding the benefit which those shareholders who would wish to redeem their shares over the short term would derive from open-ending the Fund, on balance it would be in the best interests of the Fund and its shareholders for the Fund to remain a closed-end fund at this time.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE AGAINST THE CONVERSION OF THE FUND TO AN OPEN-END INVESTMENT COMPANY AND THE AMENDMENT AND RESTATEMENT OF THE ARTICLES OF INCORPORATION TO EFFECTUATE THE CONVERSION PROPOSAL.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 and Section 30(h) of the Act require, among other persons, the officers and Directors of the Fund and the Adviser to file reports of ownership and changes in ownership of the shares of common stock of the Fund with the Securities and Exchange Commission and the New York Stock Exchange. The Securities and Exchange Commission's regulations also require such reporting persons to furnish each Fund with copies of all Section 16(a) forms they file. Based on its review of these reports and on written representations from the reporting persons that no other reports were required, the Fund believes that, during the year December 31, 2003, it was in compliance with all Section 16(a) and Section 30(h) reporting requirements applicable to its reporting persons.

INDEPENDENT ACCOUNTANTS

At the recommendation of the Audit Committee of the Fund, the Board of Directors of the Fund, including a majority of the Directors who are not interested persons of the Fund, has selected the firm of PricewaterhouseCoopers LLP ("PwC") to serve as independent accountants of the Fund for the year ending December 31, 2004. A representative of PwC is expected to be present at the Meeting and will have the opportunity to make a statement if he or she so

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

desires and to respond to questions from shareholders.

The aggregate fees billed for services rendered by PwC during the years ended December 31, 2002 and 2003, respectively, are described below.

29

AUDIT FEES

The aggregate fees billed by PwC to the Fund in connection with the annual audit of the Fund's financial statements for the fiscal years ended December 31, 2002 and 2003 were \$53,000 and \$55,500, respectively.

AUDIT-RELATED FEES

Fees billed by PwC to the Fund for the fiscal year ended December 31, 2002 for any audit-related services were \$1,000. No fees were billed by PwC to the Fund for the fiscal year ended December 31, 2003 for any audit-related services.

TAX FEES

The aggregate fees billed by PwC to the Fund for the fiscal years ended December 31, 2002 and 2003 in connection with tax review, compliance and advice were approximately \$7,650 and \$6,350, respectively.

ALL OTHER FEES

No fees were billed by PwC to the Fund for the fiscal years ended December 31, 2002 and 2003 for any other services.

AGGREGATE NON-AUDIT FEES

The aggregate non-audit fees billed by PwC for services rendered to the Fund, the Adviser, and any entity controlling, controlled by, or under common control with the Adviser that provides ongoing services to the Fund for the fiscal years ended December 31, 2002 and 2003 were \$248,000 and \$46,250, respectively.

The Audit Committee considered whether the services described above, including all non-audit services rendered to the Fund, the Adviser or an affiliate of the Adviser that provides ongoing services to the Fund, were compatible with maintaining the independence of PwC. The Audit Committee pre-approves: (i) all audit and non-audit services to be rendered to the Fund by PwC; and (ii) all non-audit services relating to the operations and financial reporting of the Fund provided by PwC to the Adviser or any affiliate thereof that provides ongoing services to the Fund (collectively, "Covered Services"). The Audit Committee has adopted pre-approval procedures authorizing a member of the Audit Committee to pre-approve from time to time, on behalf of the Audit Committee, all Covered Services to be provided by PwC which are not otherwise pre-approved at a meeting of the Audit Committee, provided that such delegate reports to the full Audit Committee at its next meeting. The pre-approval procedures do not include delegation of the Audit Committee's responsibilities to management. Pre-approval has not been waived with respect to any of

ADDITIONAL INFORMATION

OTHER MATTERS

The Board of Directors of the Fund knows of no matters to be presented at the Meeting other than those specified in the accompanying Notice of Annual Meeting. However, if any other matter is properly presented before the Meeting, it is the intention of the persons named as proxies to vote in accordance with their best judgment.

EXPENSES

The Fund will bear the expense of the Meeting, including preparation, printing and mailing of the enclosed form of proxy and accompanying Notice of Annual Meeting and this Proxy Statement. The Fund, upon request, will reimburse banks, brokers and others for their reasonable expenses in forwarding proxy solicitation material to the beneficial owners of the Fund's common stock. In order to obtain the necessary quorum at the Meeting, supplementary solicitation may be made by mail, telephone or personal interviews by officers or employees of the Fund and/or Adviser, or their affiliates.

VOTE REQUIRED

The election of Directors for the Fund requires a plurality of the votes cast at the Meeting by the shareholders of the Fund. Pursuant to the Fund's Articles of Incorporation, the Conversion Proposal must be approved by the affirmative vote of a majority of the outstanding shares of the Fund. The following principles of Maryland law apply to the voting of shares of common stock at the Meeting. The presence in person or by proxy of shareholders entitled to vote a majority of the outstanding shares will constitute a quorum. Shares represented by proxy or in person at the Meeting, including shares represented by proxies that reflect abstentions and broker non-votes (hereinafter defined), will be counted as present in the determination of a quorum. With respect to the election of directors, an abstention does not constitute a vote "for" or "against" and will be disregarded in calculating the votes cast as to such matter, and "broker non-votes" (i.e., where a broker or nominee submits a proxy specifically indicating the lack of discretionary authority to vote on a matter) will be treated in the same manner as abstentions. With respect to the Conversion Proposal, the adoption of which requires the affirmative vote of a majority of the Fund's outstanding shares, an abstention or broker non-vote will have the effect of a vote "against" the matter. It is anticipated that votes will be tabulated by EquiServe Trust Co., N.A., the Funds' transfer agent.

31

PROPOSALS FOR 2005 MEETING

Any proposals of shareholders that are intended to be presented at the Fund's 2005 Annual Meeting of Shareholders must be received at such Fund's principal executive offices no later than December 6, 2005, and must comply with all other legal requirements in order to be included in the Fund's proxy statement and form of proxy for that meeting.

The persons named as proxies for the 2005 Annual Meeting of Shareholders will, with respect to the proxies in effect at such meeting, have discretionary authority to vote on any matter presented by a shareholder for action at that meeting unless the Fund receives notice of the matter by February 19, 2005. If the Fund receives such timely notice, these persons will not have this authority except as provided in the applicable rules of the Securities and Exchange

THE ZWEIG TOTAL RETURN FUND, INC.
AUDIT COMMITTEE CHARTER
(SEPTEMBER 2003)

I. Purpose

- A. The Audit Committee is appointed by the Board of Directors (the "Board") of The Zweig Total Return Fund, Inc. (the "Fund") for the following purposes:
1. to oversee the accounting and financial reporting processes of the Fund and its internal controls and, as the Audit Committee deems appropriate, to inquire into the internal controls of certain third-party service providers;
 2. to oversee the quality and integrity of the Fund's financial statements and the independent audit thereof;
 3. to oversee, or, as appropriate, assist Board oversight of, the Fund's compliance with legal and regulatory requirements that relate to the Fund's accounting and financial reporting, internal controls and independent audits; and
 4. to approve, prior to the appointment, the engagement of the Fund's independent auditor and, in connection therewith, to review and evaluate the qualifications, independence and performance of the Fund's independent auditor.
- B. While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Fund's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. This is the responsibility of the Fund's investment adviser ("Management") and the independent auditor. Nor is it the duty of the Audit Committee to assure compliance with laws and regulations and/or the Fund's Code of Ethics.

II. Audit Committee Structure, Composition and Operations

- A. The Audit Committee shall consist of at least three members, all of whom shall be directors of the Fund. Each member of the Audit Committee shall be appointed by the full Board.
- B. The members of the Audit Committee shall meet the independence and experience requirements of the New York Stock Exchange. All members of the Audit Committee must have been determined by

A-1

the Board to be "financially literate" as required by the New York Stock Exchange Listed Company Manual.

- C. All members of the Audit Committee shall meet the "independence" requirement of Rule 10A-3(b)(1) under the Securities Exchange Act of 1934. None of the members of the Audit Committee shall be an "interested person" of the Fund, as defined in Section 2(a)(19) of the Investment Company Act of 1940, as amended.
- D. The Audit Committee shall meet on a regular basis and at least 4 times annually, although it may hold special meetings as it deems necessary or advisable. The chair or a majority of the members shall be authorized to call a meeting of the Audit Committee and send notice thereof.
- E. The Audit Committee shall ordinarily meet in person. However, individual members may attend telephonically, and entire meetings may be held by telephone conference. The Audit Committee may act by written consent of the members to the extent permitted by law and the Fund's bylaws.
- F. The Audit Committee may select one of its members to be the chair and may also select one of its members to be a vice chair.
- G. A majority of the members of the Audit Committee shall constitute a quorum for the transaction of business at any meeting of the Audit Committee. The action of a majority of the members of the Audit Committee at a meeting at which a quorum is present shall be the action of the Audit Committee.

III. Authority, Responsibilities and Duties

The Audit Committee shall have the following responsibilities and duties. The Board has granted the Audit Committee the authority to fully and effectively carry out these responsibilities and duties and will provide the Audit Committee with sufficient funding to competently perform all of the following, including, without limitation, funding (i) for ordinary administrative expenses, (ii) to appropriately compensate advisors employed by the Audit Committee, and (iii) to compensate the Fund's independent auditor.

- A. The Audit Committee shall report regularly to the full board of directors.
- B. The Audit Committee may request any officer or employee of the Fund, counsel to the independent directors, the Fund's outside counsel and independent auditor to attend a meeting of the Audit Committee or to meet with any members of, or consultants to, the Audit Committee. The Audit Committee shall meet separately,

A-2

periodically with Management, with internal auditors (or other personnel responsible for the internal audit function) and with independent auditors.

- C. The Audit Committee shall have the authority to retain special legal,

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

accounting or other consultants to advise the Audit Committee as it deems necessary to carry out its duties.

- D. The Audit Committee shall be directly responsible for the appointment, compensation, retention and oversight (including resolution of disagreements between Management and the auditor regarding financial reporting) of any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Fund. Each such registered public accounting firm shall report directly to the Audit Committee and shall be ultimately responsible to the Audit Committee and the Board.
1. This power shall include the authority to establish the scope of services, including non-audit related services to the Fund or Management, to be provided by the independent auditor and to approve all fees paid to the independent auditor.
 2. After the Audit Committee has selected the independent auditor, its selection will be ratified by the Fund's independent directors.
- E. The Audit Committee shall review the annual audited financial statements with Management and the independent auditor, including major issues regarding the accounting and auditing principles and practices and including any related disclosures.
- F. The Audit Committee shall confer with the Board annually regarding the Board's determination of (i) whether any member of the Audit Committee has accounting or related financial management expertise, as required by Section 303.01(B)(2)(c) of the New York Stock Exchange Listed Company Manual, and (ii) whether the Audit Committee includes an "audit committee financial expert" as defined in the instructions to Item 3 on SEC Form N-CSR.
- G. The Audit Committee shall review an analysis prepared by management and the independent auditor of significant financial reporting issues and judgments made in connection with the preparation of the Fund's financial statements.
- H. The Audit Committee shall review major changes to the Fund's auditing and accounting principles and practices as suggested by the independent auditor or Management.
- A-3
- I. The Audit Committee shall receive periodic written reports (on not less than an annual basis) from the independent auditor regarding the auditor's independence, discuss such reports with the auditor, and if so determined by the Audit Committee, recommend that the Board take action to satisfy itself of the independence of the auditor. Such reports shall address any relationships between the independent auditors and the Fund or affiliated persons of the Fund.
1. In connection with this review, the Audit Committee will review all non-audit services to the Fund or Management performed by the independent auditor and the fees earned for such services.
- J. The Audit Committee shall receive annual written reports from the independent auditor describing (i) the Fund's internal quality-control procedures, and (ii) any material issues raised by the most recent

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

internal quality-control review of the Fund or by any governmental or professional authorities, within the preceding five years, respecting the one or more independent audits carried out by the Fund and any steps taken to deal with any such issues.

- K. The Audit Committee shall discuss and review the Fund's policies with respect to risk assessment and risk management.
- L. The Audit Committee shall evaluate together with the Board the performance of the independent auditor and, if so determined by the Audit Committee, recommend that the Board replace the independent auditor.
- M. The Audit Committee shall meet with the independent auditor prior to the audit to review the planning and staffing of the audit.
- N. The Audit Committee shall discuss with the independent auditor the matters required by Statement on Auditing Standards No. 61 (as amended by Statement on Auditing Standards No. 90) relating to the conduct of the audit and shall review with the independent auditor any problems or difficulties the auditor may have encountered and any management letter provided by the auditor and the Fund's response to that letter. Such review should include any difficulties encountered in the course of the audit work, including any restrictions on the scope of activities or access to required information.
- O. The Audit Committee shall review with the Fund's principal executive officer and principal financial officer in connection with their annual certifications on Form N-CSR any significant deficiencies or material weaknesses in the design or operation of the Fund's disclosure controls and procedures and any reported

A-4

evidence of fraud involving Management or other employees who have a significant role in the Fund's disclosure controls and procedures.

- P. The Audit Committee shall prepare or cause to be prepared the report of the Audit Committee required by the rules of the Securities and Exchange Commission to be included in the Fund's annual proxy statement.
- Q. The Audit Committee shall review with counsel legal matters that may have a material impact on the financial statements, the Fund's compliance policies and any material reports or inquiries received from regulators or government agencies.
- R. The Audit Committee shall establish procedures for the receipt, retention, and treatment of complaints received by the Fund relating to the Fund's accounting, internal accounting controls, and auditing matters. Such procedures shall include procedures for the confidential, anonymous submission by officers and employees of the Fund or Management of concerns related to questionable accounting or auditing matters of the Fund.
 - 1. The Audit Committee shall have the authority to investigate, or to initiate an investigation of improprieties or suspected improprieties in connection with the Fund's accounting or financial reporting.
 - 2. The Audit Committee shall confer with the Board regarding the

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

Fund's and Management's approach to the Securities and Exchange Commission's standards of professional conduct for attorneys adopted under Section 307 of the Sarbanes-Oxley Act of 2002.

- S. The Audit Committee shall review with the independent auditor any audit problems or difficulties and management's response.
- T. The Audit Committee shall review any proposed hiring of employees or former employees of the independent auditor by Management.
- U. The Audit Committee shall perform such other functions and have such powers as may be necessary or appropriate in the efficient and lawful discharge of the foregoing.

IV. Annual Performance Evaluation

The Audit Committee shall perform a review and evaluation, at least annually, of the performance of the Audit Committee and its members, including a review of the compliance of the Audit Committee with this Charter. In addition, the Audit Committee shall review and reassess,

A-5

at least annually, the adequacy of this Charter and recommend to the Board any improvements to this Charter that the Audit Committee considers necessary or valuable. The Audit Committee shall conduct such evaluations and reviews in such manner as it deems appropriate. The Board shall adopt and approve this Charter and may amend it as the Board deems appropriate.

A-6

EXHIBIT B

THE ZWEIG TOTAL RETURN FUND, INC. NOMINATING COMMITTEE CHARTER

PURPOSE

The purposes of the Committee are to identify individuals qualified to become Board members and to recommend that the Board select particular director nominees.

COMMITTEE COMPOSITION

The Committee shall be composed of three (3) or more members of the Board of Directors of the Fund, each of whom shall be an Independent Director and not an interested person (as such term is defined by section 2(a)(19) of the Investment Company Act of 1940, as amended (the "1940 Act")). The Board shall select the members of the Committee. Other directors of the Fund, while not serving as members of the Committee, nonetheless may have a role in the nominating process by identifying and recommending potential candidates to the Committee for its consideration, and by otherwise assisting the Committee in the discharge of its responsibilities.

BOARD NOMINATIONS

1. The Committee shall recommend to the Board director nominees for election at the Stockholders' annual meeting. Additionally, in the event of any vacancies on or additions to the Board, the Committee shall evaluate the qualifications of candidates and make nominations for membership on the

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

Board. The Committee may also recommend that a vacancy in the membership of the Board not be filled based on the then current Board's size, composition and structure. In carrying out its responsibilities under this paragraph, the Committee shall have sole authority to retain and terminate any search firm to be used to identify director candidates, including sole authority to approve the search firm's fees and other retention terms.

2. Persons nominated as Independent Directors may not be "interested persons" of the Fund as that term is defined in the 1940 Act. With respect to such nominees, the Committee shall carefully evaluate their independence from any investment adviser or other principal service provider to the Fund. The Committee shall also consider the effect of any relationships beyond those delineated in the 1940 Act that might impair the independence of a prospective Independent Director.

B-1

3. In assessing the qualifications of a potential candidate for Independent Director membership on the Board, the Committee shall consider such other factors, as it may deem relevant.

COMMITTEE NOMINATIONS

1. The Committee shall review and make recommendations from time to time to the Board regarding the nature and duties of Board committees, including: (i) committee member qualifications; (ii) committee member appointment, removal or replacement in the event of a vacancy; (iii) committee structure and operations (including authority to delegate to subcommittees); and (iv) committee reporting to the Board.
2. The Committee shall make recommendations to the Board concerning the responsibilities or establishment of Board committees.

OTHER POWERS AND RESPONSIBILITIES

1. The Committee shall meet as necessary in connection with any vacancy on or addition to the Board and otherwise from time to time as it deems appropriate to perform its responsibilities.
2. The Committee shall have the resources and authority appropriate to discharge its responsibilities. It shall consult with counsel to the Fund concerning the requirements of the 1940 Act applicable to the selection and qualification of Independent Directors.
3. The Committee shall recommend to the Board any revisions or modifications to this Charter that the Committee deems necessary or appropriate to the effective exercise of its responsibilities.
4. The Committee shall prepare and maintain minutes of the resolutions adopted at all meetings and provide copies thereof to the Board within a reasonable period of time following each meeting.

(2) The Corporation may issue fractional shares. Any fractional share shall carry proportionately the rights of a whole share including, without limitation, the right to vote and the right to receive dividends. The holder of a fractional share shall not, however, have the right to receive a certificate evidencing it.

(3) All persons who shall acquire shares of capital stock in the Corporation shall acquire the same subject to the provisions of the Charter and the By-Laws of the Corporation.

(4) No holder of stock of the Corporation by virtue of being such a holder shall have any right to purchase or subscribe for any shares of the Corporation's capital stock or any other security that the Corporation may issue or sell (whether out of the number of shares authorized by the Charter or out of any shares of the Corporation's capital stock that the Corporation may acquire) other than a right that the Board of Directors in its discretion may determine to grant.

(5) The Board of Directors shall have authority by resolution to classify and reclassify any authorized but unissued shares of capital stock from time to time by setting or changing in any one or more respects the preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends, qualifications or terms or conditions of redemption of the capital stock.

(6) Notwithstanding any provision of law requiring any action to be taken or authorized by the affirmative vote of the holders of a greater proportion of the votes of all classes or of any class of stock of the Corporation, such action shall be effective and valid if taken or authorized by the affirmative vote of a majority of the total number of votes entitled to be cast thereon, except as otherwise provided in the Charter.

(7) On each matter submitted to a vote of the stockholders, each holder of a share of stock shall be entitled to one vote for each such share standing in such holder's name upon the books of the Corporation regardless of the class thereof, and all shares of all classes shall vote together as a single class; provided, however, that (i) when the Maryland General Corporation Law or the Investment Company Act of 1940, as amended, requires that a class vote separately with respect to a given matter, the separate voting requirements of the applicable law shall govern with respect to the affected class or classes: (ii) in the event that the separate vote requirement referred to in (i) above applies with respect to one or more classes, then, subject to (iii) below, the shares of all other classes shall vote as one single class; and (iii) as to any matter, which, in the judgment of the Board of Directors (which shall be conclusive and binding for all purposes), does not affect the interests of a particular class, such class shall not be entitled to any vote and only the holders of shares of the affected class or classes shall be entitled to vote.

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

(8) To the extent permitted by law, each holder of shares of the Corporation's stock shall be entitled to require the Corporation to redeem all or any part of the shares of stock of the Corporation standing in the name of the holder on the books of the Corporation, and all shares of stock issued by the Corporation shall be subject to redemption by the Corporation, at the redemption price of the shares as in effect from time to time as may be determined by or pursuant to the direction of the Board of Directors of the Corporation in accordance with the provisions of Article VI(5) (v), less the amount of any applicable redemption charge, deferred sales charge or other amount imposed by the Board of Directors (to the extent consistent with applicable law), subject to the right of the Board of Directors of the Corporation to suspend the right of redemption or postpone the date of payment of the redemption price in accordance with provisions of applicable law. The Board of Directors may impose a redemption charge, deferred sales charge or other amount on the redemption of such shares of Common Stock issued and outstanding immediately prior to these Articles of Amendment and Restatement becoming effective even though the Board may choose not to impose a similar redemption charge, deferred sales charge or other amount on the redemption of other shares of the same class or other classes of Common Stock that are issued after the effective date of these Articles of Amendment and Restatement. The proceeds of the redemption of a share

C-3

(including a fractional share) of any class of stock of the Corporation shall be reduced by the amount of any redemption charge, deferred sales charge or other amount payable on such redemption pursuant to the terms of issuance of such shares or otherwise imposed by the Board of Directors. Without limiting the generality of the foregoing, the Corporation shall, to the extent permitted by applicable law, have the right at any time, at the Corporation's option, to redeem, in whole or in part, the shares owned by any holder of stock of the Corporation (i) if the value of the shares in the account maintained by the Corporation or its transfer agent for any class of stock for the stockholder is below an amount determined from time to time by the Board of Directors of the Corporation (the "Minimum Account Balance") and (a) the stockholder has been given notice of the redemption and has failed to make additional purchases of shares in an amount sufficient to bring the value in his account to at least the Minimum Account Balance before the redemption is effected by the Corporation or (b) the redemption is with respect to fees to be paid by the stockholder to the Corporation for failing to maintain the Minimum Account Balance or (ii) the Board of Directors has otherwise determined that it is in the best interests of the Corporation to redeem the shares. Notwithstanding any other provision of this Article V(8), if certificates representing the redeemed shares have been issued, the redemption price need not be paid by the Corporation until such certificates are presented in proper form for transfer to the Corporation or the agent of the Corporation appointed for such purpose; however, the redemption shall be effective in accordance with the action of the Board of Directors, regardless of whether or not such presentation has been made. Payment of the redemption price shall be made in cash by the Corporation at the time and in the manner as may be determined from time to time by the Board of Directors of the Corporation unless, in the opinion of the Board of Directors, which shall be conclusive, conditions exist that make payment wholly in cash unwise or undesirable; in such event the Corporation may make payment wholly or partly by securities or other property included in the assets allocable to the class of the shares for which redemption is being sought, the value of which shall be determined as provided by the Board of Directors in accordance with the provisions of Article VI(5) (v).

rules and regulations thereunder and applicable rules and regulations of NASD Inc. and from time to time reflected in the registration statement of the Corporation (the "Corporation's Registration Statement"), shares of a particular class of stock of the Corporation may be automatically converted into shares of another class of stock of the Corporation based on the relative net asset values of such classes at the time of conversion, subject, however, to any conditions of conversion that

C-4

may be imposed by the Board of Directors (or with the authorization of the Board of Directors, by the officers of the Corporation) and reflected in the Corporation's Registration Statement. 2.5 Zweig may terminate this Agreement immediately in full if (a) the Company has been enjoined (other than temporary suspensions of not more than ninety-one (91) days) by the Securities and Exchange Commission, the National Association of Securities Dealers, Inc. or any other industry regulatory authority from acting as an investment adviser to the Funds or (b) the Company has engaged in a continuing violation of a material provision of this Agreement, which violation has continued for a period of at

D-5

least thirty (30) days after a written notice of such violation was delivered to the Company specifying the claimed violation, or (c) Zweig reasonably determines that, as a result of new regulatory requirements or developments applicable to persons or entities engaged (or affiliated with those engaged) in the business of acting as investment advisers to and/or sponsors of collective investment vehicles that are exempt from registration under the Investment Company Act of 1940, Zweig's continued performance of its Services under this Agreement would have a material adverse effect upon the business of Zweig's Affiliates.

3. COMPENSATION

3.1 For so long as this Agreement remains in effect with respect to a Fund, for the Services to be provided by Zweig under this Agreement with respect to such Fund the Company will pay Zweig an annual fee (the "Fees") equal to forty percent (40.0%) of the investment advisory fees actually received by the Company from such Fund in respect of investment advisory services performed by the Company for such Fund (which shall in no event be deemed to include administration, servicing, distribution or other fees that may be received by the Company from such Fund); PROVIDED, HOWEVER, that the aggregate Fees payable by the Company to Zweig hereunder in respect of the twelve-month period ending on March 1, 2005 shall not be less than

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

\$3,000,000 if:

- (i) Both Funds remain closed-end investment companies (within the meaning of the Investment Company Act of 1940) for the entirety of such 12-month period; PROVIDED, HOWEVER, that, in the event a Fund ceases to be a closed-end investment company with an effective date (for such open-ending) prior to March 1, 2005, the minimum Fee requirement set forth in this Section 3.1 above shall still apply in respect of such 12-month period, but such \$3,000,000 level shall be adjusted as follows: the \$3,000,000 shall be bifurcated between the Funds in proportion to their respective aggregate net assets as of the last business day immediately prior to the effective date for such open-ending, such that (a) the portion of the \$3,000,000 relating to the Fund that continues to be a closed-end investment company will continue to apply in full in respect of such 12-month period, and (b) the portion of the \$3,000,000 relating to the Fund that ceases to be a closed-end investment company shall no longer apply for that portion of such 12-month period falling on or after the effective date of such open-ending (provided that a ratable portion thereof shall continue to apply in respect of that portion of such 12-month period falling prior to the effective date of such open-ending, based

D-6

upon the number of days elapsed in such 12-month period falling prior to such effective date);

- (ii) Zweig continues to provide Services to the Company hereunder with respect to both Funds for the entirety of such 12-month period; PROVIDED, HOWEVER, that, in the event Zweig ceases to provide Services to the Company with respect to a Fund prior to March 1, 2005, the minimum Fee requirement set forth in this Section 3.1 above shall still apply in respect of such 12-month period, but such \$3,000,000 level shall be adjusted as follows: the \$3,000,000 shall be bifurcated between the Funds in proportion to their respective aggregate net assets as of the last business day immediately prior to the cessation of Zweig's Services provided to the Company with respect to such Fund, such that (a) the portion of the \$3,000,000 relating to the Fund with respect to which Zweig continues to provide Services hereunder will continue to apply in full in respect of such 12-month period, and (b) the portion of the \$3,000,000 relating to the Fund with respect to which Zweig ceases to provide Services hereunder shall no longer apply for that portion of such 12-month period falling on or after the effective date of such cessation of Zweig's Services hereunder with respect to such Fund (provided that a ratable portion thereof shall continue to apply in respect of that portion of such 12-month period falling prior to the effective date of such cessation of Services hereunder, based upon the number of days elapsed in such 12-month period falling prior to such effective date); and
- (iii) The Company's effective advisory fee rate (after taking into account any waivers, reimbursements or other reductions) remains 0.85% per annum with respect to The Zweig Fund, Inc. and 0.70% with respect to The Zweig Total Return Fund, Inc. for the entirety of such 12-month period; PROVIDED, HOWEVER, that, in the event the Company's effective advisory fee rate with respect to a Fund is reduced from such stated percentage prior

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

to March 1, 2005 (other than as a result of any reductions offered by the Company to the Funds primarily for reasons unrelated to these Funds in particular), the minimum Fee requirement set forth in this proviso shall still apply in respect of such 12-month period, but such \$3,000,000 dollar level shall be ratably reduced (based upon the ratio of gross advisory fees that the Company would have received from such Fund absent such reduction in effective fee rate to the gross advisory fees that the Company in fact receives after taking into account such reduction) to

D-7

reflect that portion of such 12-month period for which the Company's effective advisory fee rate with respect to such Fund is less than such stated percentage;

and PROVIDED, FURTHER, that, in the event the Company's effective advisory fee rate with respect to a Fund (after taking into account any waivers, reimbursements or other reductions) is reduced in respect of the 12-month period ending on March 1, 2006 to below 0.85% per annum, in the case of The Zweig Fund, Inc., or 0.70% per annum, in the case of The Zweig Total Return Fund, Inc., in either such case as a result of any reduction thereto offered by the Company to such Fund primarily for reasons unrelated to such Fund in particular, then for any portion of such 12-month period during which Zweig provided Services to the Company hereunder with respect to such Fund whose effective advisory fee rate was so reduced, the Company will pay Zweig an increased percentage of the investment advisory fees actually received by the Company from such Fund such that Zweig receives the same dollar amount of Fees from the Company for such period during which Zweig performed Services for the Company hereunder with respect to such Fund as Zweig would have received from the Company hereunder with respect to such Services absent such reduction in effective fee rate offered by the Company to such Fund.

The Fees with respect to a Fund shall be paid by the Company to Zweig not later than five (5) business days following the Company's receipt of the related investment advisory fees from such Fund.

- 3.2 The Company shall provide or share with Zweig research information, benefits and services, as defined in Section 28(e) of the Securities Exchange Act of 1934, that results, from brokerage transactions implemented by the Company for the benefit of the Funds.
- 3.3 The Company shall not have any liability with respect to the compensation of employees retained by Zweig or by any affiliated entities.
- 3.4 Subject to the Company's compliance with the provisions of Section 2.3 hereof, upon termination of this Agreement for any reason, the Company shall have no further obligations under this Agreement, but Zweig shall continue to be bound by Section 4 and the Company shall continue to be bound by Section 5 hereof.

4. CONFIDENTIALITY OF ZWEIG

- 4.1 Zweig shall not at any time during the period of its engagement with the Company hereunder or after the termination thereof directly or indirectly divulge, furnish, use, publish or make accessible to any person or entity any Confidential Information (as

D-8

hereinafter defined) except in connection with the performance of its duties hereunder. Any records of Confidential Information prepared by Zweig or which come into its possession during the term of this Agreement are and remain the property of the Company or its Affiliates, as the case may be, and upon termination of the engagement all such records and copies thereof shall be either left with or returned to such entity. Confidential Information may be shared among the President and Associates or other employees of entities controlled by the President on a need to know basis for purposes of providing the Services to the Company and its Affiliates hereunder. Such Associates and any other employees shall be informed of the confidential nature of such Confidential Information, the President shall direct such Associates and any other employees to treat such information confidentially and the President will be responsible for any breach of this Section 4.1 by himself and by any persons to whom the President provides any Confidential Information. Notwithstanding anything contained herein to the contrary, the Company acknowledges that services overlapping or similar to the Services provided by Zweig, the President and the Associates hereunder are also performed on behalf of the Affiliates of Zweig and such Services are often not exclusively performed by Zweig, the President and the Associates for the Company. Consequently, the work product resulting from the Services is often generated on behalf of both the Company and its Affiliates and the Affiliates of Zweig and is shared among the employees of these entities (the "Shared Work Product"). The Company further acknowledges that the Confidential Information that generates such Shared Work Product may become known to the employees of Zweig's Affiliates. The Company hereby agrees that the disclosure of Confidential Information to the employees of the Zweig Affiliates who shall be deemed employees covered by the fourth sentence of this Section 4.1, to the extent such disclosure is necessary to generate any Shared Work Product, and the use of Shared Work Product by the employees of the Zweig Affiliates, shall in no event be deemed a breach of this Agreement.

Failure to mark any material or information "confidential" shall not affect the confidential nature thereof. All the terms of this Section 4 shall survive the termination of this Agreement. The obligations hereunder shall be in addition to, and not in limitation of, any other obligations of confidentiality the President or the Associates may have to the Company.

- 4.3 At any time when so requested, and upon termination of the engagement under this Agreement for any reason whatsoever and irrespective of whether such termination is voluntary on Zweig's part or not, Zweig will deliver to the Company all information in its possession (whether or not Confidential Information) pertaining exclusively to the Company or any of its Affiliates and, to the extent any such information is Shared Work Product, shall provide copies to the Company with the understanding that Zweig and its Affiliates shall also retain copies of such information.

directly or indirectly divulge, furnish, use, publish or make accessible to any person or entity any Zweig Confidential Information (as hereinafter defined). It is expressly understood that Shared Work Product may be shared among the Company and its Affiliates and their respective employees. The foregoing notwithstanding, the following shall not be considered Zweig Confidential Information: (aa) general skills and experience gained by providing service to the Company and its Affiliates; (bb) information publicly available, or generally known within Zweig's trade or industry, (cc) information independently developed by the Company and its Affiliates and their respective employees; (dd) information which becomes available to the Company and its Affiliates and their respective employees on a non-confidential basis from sources other than Zweig, and (ee) information, materials, property or rights acquired by Phoenix or any Affiliate thereof pursuant to the Acquisition Agreement or other written agreements contemplated thereby, PROVIDED the Company and its Affiliates and their respective employees do not know or have reason to know that such sources are prohibited by

contractual, legal or fiduciary obligation from transmitting the information. All the terms of this Section 5 shall survive the termination of this Agreement,

6. OWNERSHIP OF DOCUMENTS

All memoranda, papers, letters, notes, notebooks and all copies thereof relating exclusively to the business or affairs of the Company that are generated by Zweig or that come into its possession, in each case in connection with its performance of Services to the Company under this Agreement, shall be held by Zweig as the Company property and shall be delivered by Zweig to the Company as the Company may request. To the extent any such memoranda, papers, letters, notes and notebooks are the product of Zweig Confidential Information or are Shared Work Product, the Company understands and agrees that Zweig and its Affiliates shall also retain copies of such documentation and information.

Edgar Filing: ZWEIG TOTAL RETURN FUND INC - Form DEF 14A

If any section, subsection, clause or sentence of this Agreement shall be deemed illegal, invalid or unenforceable under any applicable law, actually applied by any court of competent jurisdiction, such illegality, invalidity or unenforceability shall not affect the legality, validity and enforceability of this Agreement or any other section, subsection, clause or sentence thereof. Where, however, the provisions of any applicable law may be waived, they are hereby waived by the parties to the full extent permitted by such law to the end that this Agreement shall be a valid and binding agreement enforceable in accordance with its terms.

The reorganization of Zweig and its affiliated entities, such that the Services of the President and the Associates are provided through an affiliated entity, shall not constitute a breach, assignment or termination of this Agreement by Zweig.
