**Harrah's Entertainment Reports Record Results For 2004 Second Quarter;
Revenues, Property EBITDA, Earnings Per Share Increase**

LAS VEGAS, July 21, 2004 Harrah's Entertainment, Inc. (NYSE:HET) today reported record second-quarter revenues of \$1.13 billion, up 4.5 percent from revenues of \$1.08 billion in the 2003 second quarter.

Property Earnings Before Interest, Taxes, Depreciation and Amortization (Property EBITDA) rose 6.2 percent to a second-quarter record of \$301.1 million from Property EBITDA of \$283.6 million in the year-earlier period. Second-quarter Adjusted Earnings Per Share increased to a record 79 cents, up 6.8 percent from the 74 cents achieved in 2003's second-quarter.

Property EBITDA and Adjusted EPS are not Generally Accepted Accounting Principles (GAAP) measurements but are commonly used in the gaming industry as measures of performance and as a basis for valuation of gaming companies. In addition, analysts' per-share earnings estimates for gaming companies are comparable to Adjusted EPS. Reconciliations of Adjusted EPS to GAAP EPS and Property EBITDA to income from operations are attached to this release.

Second-quarter income from operations rose 10.4 percent to a record \$202.4 million from \$183.3 million in the year-earlier quarter. Second-quarter net income was a record \$90.2 million, up 17.6 percent from \$76.7 million in the 2003 second quarter. Diluted earnings per share from continuing operations for the 2004 second quarter was 79 cents, 14.5 percent higher than the 69 cents achieved in the 2003 second quarter.

Strong Demand, Diversification Drive Growth

"The second quarter proved the effectiveness of our unique loyalty strategy, which is focused on the delivery of superior service and recognition to more customers in more markets than any other casino operator," said Gary Loveman, Harrah's Entertainment's president and chief executive officer. "The marketing and technological capabilities we use to promote customer loyalty helped boost cross-market play that benefited our Southern Nevada operations in particular, leading to another quarter of

same-store sales growth. We plan to apply these same capabilities to the properties we will add to our portfolio when we close on the Caesars transaction."

On July 15, Harrah's signed a definitive agreement to acquire Caesars Entertainment, Inc., which operates 28 casinos, including 17 in the United States. Caesars has a significant presence in Las Vegas, Atlantic City and Mississippi. The transaction is expected to take about a year to complete.

Second-quarter 2004 same-store revenues increased 4.6 percent over the year-ago period. Cross-market play gaming by customers at Harrah's properties other than their "home" casino rose 11.9 percent from the second quarter of 2003. Tracked play gaming by customers using the company's Total Rewards player cards increased 8.5 percent from the year-ago second quarter.

For the 2004 first half, revenues rose 4.6 percent to \$2.24 billion from \$2.14 billion in the year-ago period. Property EBITDA increased to \$588.6 million, up 3.8 percent from \$567.3 million in the 2003 first half. Adjusted EPS was \$1.55, 4.0 percent higher than the \$1.49 achieved in the first six months of 2003.

First-half income from operations was \$390.4 million, up 4.5 percent from \$373.7 million in the 2003 first half. Net income rose 9.0 percent to \$172.0 million from \$157.8 million in the first six months of 2003. First-half diluted earnings per share was \$1.52, up 6.3 percent from \$1.43 in the 2003 first half.

Among second-quarter highlights:

The company sold \$750 million of unsecured 5.50 percent Senior Notes, due July 2010, in a private-placement transaction. Net proceeds were used to reduce outstanding debt and for general corporate purposes. As part of the transaction, Harrah's became the first major casino company to include a minority investment-banking firm in a debt offering.

Harrah's also reduced the interest rate, extended the maturity date and increased the borrowing capacity of its bank credit facilities to \$2.5 billion from \$1.9625 billion; the agreement also allows an increase in the total borrowing capacity up to \$3 billion if Harrah's and its bank lenders agree.

Harrah's hosted the largest World Series of Poker ever, attracting more than 13,000 players who generated a total prize pool of nearly \$50 million, more than double the 2003 total. On July 6, ESPN began airing an unprecedented 22 hours of original 2004 World Series programming that is expected to be repeated throughout the year.

The new permanent casino at Louisiana Downs opened, raising the total number of slot machines at the facility to more than 1,400 and adding significantly enhanced non-gaming amenities for customers.

Construction began on a \$142 million, 450-room luxury hotel tower at Harrah's New Orleans. The 26-story tower is expected to open in early 2006.

Harrah's received Pennsylvania regulatory approval to buy a 50 percent ownership interest in Chester Downs & Marina, L.L.C., which is licensed to develop a harness-racing facility near Philadelphia. Early in the third quarter, the Pennsylvania Legislature passed and the governor signed a bill allowing up to 3,000 slot machines at each of eight race tracks and four stand-alone slot parlors, with the potential for adding 2,000 more slots at each of those locations.

The Rhode Island Legislature approved a November referendum on development of a Harrah's-owned casino venture with the Narragansett Tribe in West Warwick. The governor subsequently vetoed the bill, and Harrah's is awaiting further legislative developments.

The National Indian Gaming Commission approved a seven-year extension of Harrah's management contract for Harrah's Cherokee, which is owned by the Eastern Band of Cherokee Indians.

Market Metrix, LLC named Harrah's the top-ranked casino operator in the measurement firm's latest quarterly customer-satisfaction survey of 35,000 American consumers. The company's Web

Edgar Filing: CAESARS ENTERTAINMENT INC - Form 425

site, www.harrahs.com, also received the No. 1 ranking in the Hotel Reservations Web Site category.

On July 1, just after the end of the second quarter, Harrah's completed its approximately \$1.45 billion acquisition of Horseshoe Gaming Holding Corp., which operates casino-entertainment facilities in Hammond, Indiana; Tunica, Mississippi; and Bossier City, Louisiana. The transaction raised Harrah's U.S. portfolio of owned or managed properties to 28.

"Our second-quarter operating results were highlighted by stellar performances at several properties and a continuation of the positive same-store momentum that has gained steam since late last year," Loveman said. "Those gains were driven by the successful execution of the customer-loyalty strategy that distinguishes Harrah's from other operators.

"In particular, continued refinements to our Total Rewards player-card program contributed to the increases in cross-market and tracked play," Loveman said. "And by the end of the second quarter, we'd completed conversions on almost 90 percent of the slot machines we plan to change to Fast Cash, the coinless slot system that has proven so popular with our players.

"There were also several recent developments that position us better than ever to deliver sustainable long-term earnings growth through a variety of means," Loveman said. "The Horseshoe Gaming acquisition enhances our position as the leading distributor of casino entertainment in the United States a position that will benefit the customers of both enterprises.

"We were delighted to welcome the more than 7,300 Horseshoe employees to the Harrah's family," Loveman said. "They've done a terrific job of delivering on the promises the Horseshoe brand makes to its customers, and we look forward to working with and learning from them.

"During the second quarter, our industry-leading financial strength and investment-grade credit rating enabled us to sell \$750 million of senior notes and increase our bank borrowing capacity," Loveman said.

"We are continuing to grow our existing properties," he said. "During the second quarter, for example, we opened our permanent casino at Louisiana Downs and began construction on a 450-room luxury hotel at Harrah's New Orleans. And we are scheduled to open a 200-room hotel at Harrah's St. Louis later this quarter, adding to the substantially expanded food and beverage facilities that opened in the second quarter. Finally, Harrah's North Kansas City is developing a 206-room hotel tower and casino expansion that will include four new restaurants and a second parking garage.

"We're extremely excited about the Caesars transaction, which will solidify our position as the preeminent distributor of casino entertainment," Loveman said. "We will gain first-class assets in three major markets Las Vegas, Atlantic City and Mississippi that have stable tax environments and casino-entertainment clusters that draw customers from other areas.

"We will combine into one company three of the most storied brands in gaming Caesars, Horseshoe and Harrah's, all with a great tradition of success," Loveman said. "And we'll strengthen our reputation for customer-service excellence by uniting the best management and employee teams in the gaming industry.

"We believe there is a big opportunity for us to apply our capabilities to enhance the value of the Caesars assets, deliver long-term gains to shareholders and provide rewarding careers to employees," Loveman said. "Our employees have enjoyed great successes using those tools, and we believe the Caesars team will be equally successful.

"We admire what Caesars' management and employees have accomplished without having access to the industry-leading marketing and technological capabilities that have driven strong same-store sales gains at Harrah's over the past three years," Loveman said. "We're confident they'll find our capabilities will help them achieve similar results.

"In the past three months, we have recorded continued same-store revenue growth, increased earnings, seen a number of potential development projects enter the pipeline, added three premier

casinos to our portfolio and announced an acquisition that would double our size and provide superior growth opportunities," Loveman said. "I believe our future has never looked brighter."

Continued strong cross-market play at Harrah's Las Vegas and the Rio and new entertainment attractions in Lake Tahoe propelled Harrah's West Region to record results.

Southern Nevada revenues rose 23.2 percent, income from operations gained 54.6 percent and Property EBITDA increased 35.6 percent from the 2003 second quarter.

Northern Nevada revenues rose 5.2 percent to a record level from the second quarter last year, while income from operations gained 18.3 percent and Property EBITDA was 14.7 percent higher.

"With each Southern Nevada property posting record results and Lake Tahoe performing well, we continue to be enthusiastic about the West Region outlook," said Tim Wilmott, Harrah's chief operating officer.

For the 2004 first half, West Region revenues were up 13.4 percent, income from operations rose 38.3 percent and Property EBITDA gained 24.2 percent from the first half of 2003.

The North Central Region's second-quarter results benefited from legislation lowering the gaming-tax rate affecting the Bluffs Run racetrack casino in Iowa. The company had been accruing gaming taxes at a higher rate as it awaited the resolution of the rate issue, and recorded a \$3.7 million adjustment of the first-quarter accrual due to the reduction in the tax rate. The company also adjusted its tax accrual for prior periods by \$16.6 million, and recorded this component of the adjustment to the write-downs, reserves and recoveries account. The prior-periods component is excluded from Adjusted EPS.

Second-quarter North Central Region revenues were flat, while income from operations rose 40.3 percent and Property EBITDA increased 11.3 percent.

Strong gains at Harrah's East Chicago and Metropolis facilities offset lower results stemming from the revised operations model implemented at Harrah's Joliet following last year's Illinois tax increase. As a result, combined Illinois and Indiana second-quarter revenues fell 2.1 percent, but income from operations rose 9.3 percent, and Property EBITDA was 8.6 percent higher.

The company's two Iowa properties posted record second-quarter results, with revenues 6.8 percent higher than in the year-ago period. Income from operations more than tripled and Property EBITDA increased 66.4 percent due in part to the tax-accrual adjustment.

Combined second-quarter revenues at Harrah's two Missouri properties were about level with the 2003 second quarter's, but income from operations declined 21.1 percent and Property EBITDA decreased 10.1 percent. Improved results at St. Louis were more than offset by declines in Kansas City, which faced increased competition due to significant expansions by two of the three competitors in that market.

For the 2004 first half, North Central Region revenues were flat, income from operations was 5.5 percent higher and Property EBITDA was down 3.0 percent from the 2003 first half.

At Harrah's Louisiana and Mississippi properties, revenues rose 3.8 percent, income from operations increased 2.2 percent and Property EBITDA was 0.5 percent higher than in the year-ago second quarter.

The 2004 second quarter included results from Harrah's Shreveport through May 19, when that property was sold to another operator, and from Louisiana Downs, where 900 slot machines were introduced in late May 2003; the total was increased to just over 1,400 in May 2004.

"Combined, our New Orleans and Lake Charles, Louisiana, properties posted double-digit gains in revenues and income from operations," Wilcott said.

First-half revenues for the South Central properties rose 7.9 percent, income from operations increased 2.3 percent and Property EBITDA was flat compared with the first half of 2003.

Managed Properties And Other Items

Second-quarter management-fee revenues were down 20.6 percent from the year-ago period due to lower fee schedules associated with contract extensions.

Second-quarter development costs rose to \$6.1 million from \$3.6 million in the 2003 second quarter.

Corporate expense was level with the 2003 second quarter. Interest expense was 1.2 percent higher than in the 2003 second quarter.

During the second quarter, Harrah's Entertainment made a \$10 million endowment to The Harrah's Foundation, a non-profit corporation that provides charitable contributions to qualifying organizations in communities served by Harrah's. The \$10 million expense resulting from this action is recorded in write-downs, reserves and recoveries. Also included in write-downs, reserves and recoveries is the \$16.6 million adjustment of the prior period gaming tax accruals for the Bluffs Run property resulting from the passage of legislation lowering the gaming-tax rate.

The effective income tax rate after minority interest for the 2004 second quarter was 37.1 percent, similar to the full year 2003 and the first quarter of 2004.

On July 1, the company's Horseshoe Gaming subsidiary called for redemption of all \$535 million of its outstanding 8⁵/₈ percent Senior Subordinated Notes, due July 2009. Noteholders will receive a redemption price equal to 104.313 percent of the principal amount of the notes, plus accrued and unpaid interest through the redemption date of August 2, 2004.

Property EBITDA (earnings before interest, taxes, depreciation and amortization) consists of Income from operations before depreciation and amortization, writedowns, reserves and recoveries, project opening costs, corporate expense, income/(losses) on interests in nonconsolidated affiliates, venture restructuring costs and amortization of intangible assets. Property EBITDA is a

supplemental financial measure used by management, as well as industry analysts, to evaluate our operations. However, Property EBITDA should not be construed as an alternative to Income from operations (as an indicator of our operating performance) or to Cash flows from operating activities (as a measure of liquidity) as determined in accordance with generally accepted accounting principles. All companies do not calculate EBITDA in the same manner. As a result, Property EBITDA as presented by our Company may not be comparable to similarly titled measures presented by other companies.

This document includes "forward-looking statements" intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995. You can identify these statements by the fact that they do not relate strictly to historical or current facts. These statements contain words such as "may," "will," "project," "might," "expect," "believe," "anticipate," "intend," "could," "would," "estimate," "continue" or "pursue," or the negative or other variations thereof or comparable terminology. In particular, they include statements relating to, among other things, future actions, strategies, future performance, future financial results of Harrah's and Caesars and Harrah's anticipated acquisition of Caesars. These forward-looking statements are based on current expectations and projections about future events.

Investors are cautioned that forward-looking statements are not guarantees of future performance or results and involve risks and uncertainties that cannot be predicted or quantified and, consequently, the actual performance or results of Caesars and Harrah's may differ materially from those expressed or implied by such forward-looking statements. Such risks and uncertainties include, but are not limited to, the following factors as well as other factors described from time to time in our reports filed with the Securities and Exchange Commission (including the sections entitled "Risk Factors" and

"Management's Discussion and Analysis of Financial Condition and Results of Operations" contained therein): financial community and rating agency perceptions of Harrah's and Caesars', the effects of economic, credit and capital market conditions on the economy in general, and on gaming and hotel companies in particular; construction factors, including delays, zoning issues, environmental restrictions, soil and water conditions, weather and other hazards, site access matters and building permit issues; the effects of environmental and structural building conditions relating to our properties; the ability to timely and cost-effectively integrate into Harrah's operations the companies that it acquires, including with respect to its acquisition of Caesars; access to available and feasible financing, including financing for Harrah's acquisition of Caesars, on a timely basis; changes in laws (including increased tax rates), regulations or accounting standards, third-party relations and approvals, and decisions of courts, regulators and governmental bodies; litigation outcomes and judicial actions, including gaming legislative action, referenda and taxation; the ability of our customer-tracking, customer loyalty and yield-management programs to continue to increase customer loyalty and same store sales; our ability to recoup costs of capital investments through higher revenues; acts of war or terrorist incidents; abnormal gaming holds; and the effects of competition, including locations of competitors and operating and market competition.

Any forward-looking statements are made pursuant to the Private Securities Litigation Reform Act of 1995 and, as such, speak only as of the date made. Harrah's and Caesars disclaim any obligation to update the forward-looking statements. You are cautioned not to place undue reliance on these forward-looking statements which speak only as of the date stated, or if no date is stated, as of the date of this press release.

Additional Information about the Acquisition and Where to Find It

In connection with the Acquisition, Caesars and Harrah's intend to file relevant materials with the Securities and Exchange Commission (SEC), including a registration statement on Form S-4 that will contain a prospectus and a joint proxy statement. INVESTORS AND SECURITY HOLDERS OF HARRAH'S AND CAESARS ARE URGED TO READ THE PROSPECTUS AND JOINT PROXY STATEMENT WHEN THEY BECOME AVAILABLE BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION ABOUT HARRAH'S, CAESARS AND THE ACQUISITION. The proxy statement, prospectus and other relevant materials (when they become available), and any other documents filed by Harrah's or Caesars with the SEC, may be obtained free of charge at the SEC's web site at www.sec.gov. In addition, investors and security holders may obtain free copies of the documents filed with the SEC by Harrah's by directing a written request to: Harrah's, One Harrah's Court, Las Vegas, Nevada 89119, Attention: Investor Relations or Caesars Entertainment, Inc., 3930 Howard Hughes Parkway, Las Vegas, Nevada 89109, Attention: Investor Relations. Investors and security holders are urged to read the proxy statement, prospectus and the other relevant materials when they become available before making any voting or investment decision with respect to the Acquisition.

Harrah's, Caesars and their respective executive officers and directors may be deemed to be participants in the solicitation of proxies from the stockholders of Caesars and Harrah's in connection with the Acquisition. Information about those executive officers and directors of Harrah's and their ownership of Harrah's common stock is set forth in the Harrah's Form 10-K for the year ended December 31, 2003, which was filed with the SEC on March 5, 2004, and the proxy statement for Harrah's 2004 Annual Meeting of Stockholders, which was filed with the SEC on March 4, 2004. Information about the executive officers and directors of Caesars and their ownership of Caesars common stock is set forth in the proxy statement for Caesars' 2004 Annual Meeting of Stockholders, which was filed with the SEC on April 16, 2004. Investors and security holders may obtain additional information regarding the direct and indirect interests of Harrah's, Caesars and their respective executive officers and directors in the Acquisition by reading the proxy statement and prospectus regarding the Acquisition when it becomes available.

This communication shall not constitute an offer to sell or the solicitation of an offer to sell or the solicitation of an offer to buy any securities, nor shall there be any sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction. No offering of securities shall be made except by means of a prospectus meeting the requirements of Section 10 of the Securities Act of 1933, as amended.
