Edgar Filing: PORTUGAL TELECOM SGPS SA - Form SC14D9C

Dear All,

Given the number of calls we have received following the announcement on 6 April by the CMVM regarding decisions that must be taken at a special shareholders' meeting and the surrounding press speculation, we thought we should try to clarify certain matters for our shareholders in advance of our AGM scheduled for 21 April:

PT shareholders are allowed at the next AGM to discuss and vote all the proposals issued and recommended by the PT board within the agenda items of the AGM;

PT has already given undertakings that agenda items 7, 8 and 12 and 14 relating to the acquisition of treasury stock, the share buyback proposed by PT and the issue of convertibles shall not be implemented during any tender offer. For the avoidance of doubt, authorisation is sought from shareholders for the share buyback at the AGM for enactment after any tender offer has ended; and

The CMVM statement does not apply to dividends (agenda item 4), namely the Euro 0.475 dividend per share for fiscal year 2005, nor to the share capital increase and reduction covered under agenda items 10 and 11, which should create approximately Euro 1 billion of distributable reserves, after obtaining the necessary approvals.

You can find the various CMVM announcements that have come out recently at www.cmvm.pt. In case you need to clarify any additional matter, do not hesitate to contact us.

Kind regards,

Nuno Prego
