Item 1.01 Entry into a Material Definitive Agreement

On July 20, 2012, NRG Energy, Inc., a Delaware corporation ("NRG"), Plus Merger Corporation, a Delaware corporation and a direct wholly owned subsidiary of NRG ("Merger Sub"), and GenOn Energy, Inc. a Delaware corporation ("GenOn"), entered into an Agreement and Plan of Merger (the "Merger Agreement"). The following description of the Merger Agreement does not purport to be a complete description and is qualified in its entirety by reference to the full text of the Merger Agreement, which is attached hereto as Exhibit 2.1 and is incorporated herein by reference.

Upon the terms and subject to the conditions set forth in the Merger Agreement, which has been approved by the boards of directors of NRG and GenOn, Merger Sub will merge with and into GenOn (the "Merger"), with GenOn continuing as the surviving corporation and a wholly owned subsidiary of NRG. The Merger is intended to qualify as a tax-free reorganization under the Internal Revenue Code of 1986, as amended (the "Code"), so that none of GenOn, NRG, Merger Sub or any of the GenOn stockholders generally will recognize any gain or loss in the transaction, except that GenOn stockholders will recognize gain with respect to cash received in lieu of fractional shares of NRG common stock.

Upon the closing of the Merger, each issued and outstanding share of GenOn common stock, par value \$0.001 per share, other than cancelled shares, will automatically be converted into the right to receive 0.1216 shares of common stock of NRG (the "Exchange Ratio"), except that cash will be paid in lieu of fractional shares. Based on NRG's and GenOn's closing share price on July 20, the transaction represents a 20.6% premium to GenOn's stockholders. GenOn stock options (other than options granted in 2012, which are not subject to acceleration of vesting) will immediately vest and will generally convert upon completion of the Merger into stock options with respect to NRG common stock, after giving effect to the Exchange Ratio. In addition, the Merger Agreement provides that GenOn's outstanding restricted stock units (other than restricted stock units granted in 2012, which are not subject to acceleration of vesting) will immediately vest and will be exchanged for the merger consideration.

The Merger Agreement also provides that, upon the closing of the Merger, the board of directors of the combined company will be comprised of 16 members, consisting of (a) the 12 current directors of NRG and (b) four of GenOn's current directors. Upon completion of the Merger, Howard E. Cosgrove, the current Chairman of the Board of NRG, will continue in that role at the combined company, and David Crane, currently a director and the Chief Executive Officer and President of NRG, will continue in those roles at the combined company. Edward R. Muller, currently the Chairman, Chief Executive Officer and President of GenOn, will serve as Vice Chairman of the Board of Directors of the combined company.

Completion of the Merger is subject to various customary conditions, including, among others, (a) approval by NRG stockholders of the issuance of NRG common stock in the Merger and the amendment to NRG's certificate of incorporation to allow the size of NRG's Board of Directors to be increased to 16, (b) adoption of the Merger Agreement by GenOn stockholders, (c) effectiveness of the registration statement for the shares of NRG common stock to be issued in the Merger, and the approval of the listing of such shares on the New York Stock Exchange, and (d) receipt of all required regulatory approvals, including approvals of the Federal Energy Regulatory Commission, the Public Utility Commission of Texas (the "PUCT"), the New York Public Service Commission (the "NYPSC") (or the determination by the PUCT and/or the NYPSC that no approval is required), expiration or termination of the applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, the filing of notices with the California Public Utilities Commission and the applicable determination from the Nuclear Regulatory Commission for the approval of license transfer (or a determination that no such approval is required). Each party's obligation to consummate the Merger is also subject to certain additional customary conditions, including (i) subject to certain exceptions, the accuracy of the representations and warranties of the other party, (ii) performance in all material respects by the other party of its obligations under the Merger Agreement and (iii) the receipt by such party of an opinion from its counsel to the effect that the Merger will qualify as a reorganization within the meaning of the Code.

Edgar Filing: GenOn Energy, Inc. - Form 425

The Merger Agreement contains customary representations, warranties and covenants of NRG and GenOn, including, among others, covenants (a) to conduct their respective businesses in the ordinary course during the interim period between the execution of the Merger Agreement and completion of the Merger, (b) not to engage in

certain material transactions during the interim period except with the consent of the other party, (c) that NRG will convene and hold a meeting of its stockholders to consider and vote upon the approval of the issuance of NRG common stock in the Merger and the approval and adoption of the charter amendment, (d) that GenOn will convene and hold a meeting of its stockholders to consider and vote upon the adoption of the Merger Agreement, and (e) that the parties use their respective reasonable best efforts to take all actions necessary to obtain all governmental and regulatory approvals and consents (except that neither party shall take any action that constitutes or would reasonably be expected to constitute, cause or result in a material adverse effect on either party). Each of NRG and GenOn is also subject to restrictions on its ability to solicit alternative acquisition proposals and to provide information to, and engage in discussion with, third parties regarding such proposals, except under limited circumstances to permit NRG's and GenOn boards of directors to comply with their respective fiduciary duties.

In addition, at NRG's request and upon the terms and subject to the conditions of the Merger Agreement, GenOn will commence a change of control tender offer for each series of GenOn's outstanding notes due 2014, 2017, 2018 and 2020, conditioned on the completion of the Merger (the "Change in Control Offers"). In addition, upon the terms and subject to the conditions of the Merger Agreement, NRG may, at its election following consultation with GenOn, commence a tender offer for cash or an exchange offer for securities for all or any portion of GenOn's outstanding notes due 2014, 2017, 2018 and 2020, conditioned on the completion of the Merger (the "NRG Debt Offers" and, together with the Change in Control Offers, the "Debt Offers"). NRG may, upon the terms and subject to the conditions of the Merger Agreement, elect to also undertake a consent solicitation to alter the terms of any of GenOn's remaining notes due 2014, 2017, 2018 and 2020 outstanding after such tender or exchange offers. NRG intends to fund the Debt Offers and the related fees, commissions and expenses with a combination of funds available at each company (including funds available under existing credit facilities) and, to the extent necessary, new financing. NRG has obtained commitment letters from Credit Suisse Securities (USA) LLC and Morgan Stanley Senior Funding, Inc. to fund up to \$1.6 billion under a new senior secured term loan facility (the "Financing"), to the extent such funds are necessary to consummate the Debt Offers. NRG has agreed to use reasonable best efforts to obtain the Financing, to the extent required, and GenOn has agreed to use reasonable best efforts to cooperate in NRG's efforts to obtain the Financing. There are no financing conditions to the Merger and the Merger is not conditioned upon the completion of the Debt Offers or the funding of the Financing.

The Merger Agreement contains certain termination rights for both NRG and GenOn, including in specified circumstances in connection with an alternative acquisition proposal that has been determined to be a superior offer. Upon termination of the Merger Agreement, under specified circumstances (including in connection with a superior offer), NRG may be required to pay a termination fee of \$120 million to GenOn and GenOn may be required to pay NRG a termination fee of \$60 million to NRG. In addition, if the Merger Agreement is terminated (i) because NRG's stockholders do not approve the issuance of NRG common stock in the Merger or the amendment to NRG's certificate of incorporation, then NRG will be obligated to reimburse GenOn for its reasonable out-of-pocket fees and expenses incurred in connection with the Merger Agreement, or (ii) because GenOn's stockholders do not adopt the Merger Agreement, then GenOn will reimburse NRG for its reasonable out-of-pocket fees and expenses incurred in connection with the Merger Agreement, in each case of (i) and (ii), subject to a cap of \$10 million if no alternative acquisition proposal has been publicly announced and no third party has publicly announced or communicated an intention to make an alternative acquisition proposal prior to the stockholders' meeting, or \$25 million in all other circumstances. Such expense reimbursement may be deducted from the termination fee, if applicable.

The Merger Agreement has been included to provide security holders with information regarding its terms. It is not intended to provide any other factual information about NRG, GenOn or their respective subsidiaries and affiliates. The Merger Agreement contains representations and warranties by each of the parties to the Merger Agreement. These representations and warranties were made solely for the benefit of the other parties to the Merger Agreement and (a) are not intended to be treated as categorical statements of fact, but rather as a way of allocating risk to one of the parties if those statements prove to be inaccurate, (b) may have been qualified in the Merger Agreement by confidential disclosure schedules that were delivered to the other party in connection with the signing of the Merger Agreement, which disclosure schedules contain information that modifies, qualifies and creates exceptions to the representations, warranties and covenants set forth in the Merger Agreement, (c) may be subject to standards of materiality applicable to the parties that differ from what might be viewed as material to stockholders and (d) were made only as of the date of the Merger Agreement or such other date or dates as may be specified in

the Merger Agreement. Accordingly, you should not rely on the representations, warranties and covenants or any descriptions thereof as characterizations of the actual state of facts or condition of GenOn or NRG.
