Item 1.01 Entry into a Material Definitive Agreement.

The information set forth in Item 2.01 below is incorporated by reference in this item.

Item 2.01 Completion of Acquisition or Disposition of Assets.

On February 28, 2013, Lime Energy Services Co. (LESCO), a Massachusetts corporation and wholly-owned subsidiary of Lime Energy Co., a Delaware corporation (Lime or the Company), sold certain assets, including contracts with customers relating to energy efficiency projects, of its ESCO business to PowerSecure, Inc., a Delaware corporation (PowerSecure) and wholly-owned subsidiary of PowerSecure International, Inc., a Delaware corporation.

The ESCO business involves the design, installation and maintenance of energy conservation measures, primarily as a subcontractor to large energy service company providers, for the benefit of commercial, industrial and institutional customers as end users, as well as a prime contractor directly to such end users. LESCO is retaining its other businesses, including small business direct install and similar programs involving energy efficiency and related projects for utility customers.

The acquisition was consummated pursuant to an Asset Purchase and Sale Agreement, dated as of February 28, 2013 (the Purchase Agreement), by and among LESCO, as the seller, Lime, as the seller's parent, and PowerSecure, as the purchaser. The total purchase price for the assets sold was \$4.0 million in cash, subject to a working capital adjustment, and the assumption of approximately \$9.9 million of liabilities, comprising certain other debts, liabilities and obligations relating to the acquired business and assumed contracts. After application of the working capital adjustment in accordance with the Purchase Agreement, the cash purchase price is approximately \$1.9 million, subject to post-closing confirmation of the working capital adjustment, resulting in an effective purchase price, including the assumption of liabilities, of approximately \$11.8 million. In connection with the acquisition of the ESCO business, PowerSecure assumed certain unfinished contracts and projects in the acquired business, along with the accounts receivables and accounts payables associated with those projects. The assumed contracts will require the consent of the customers to complete the assignment, so PowerSecure and LESCO have entered into a subcontracting arrangement in the interim to facilitate PowerSecure obtaining the rights and benefits, and taking on the duties and obligations, of LESCO under the assumed contracts after the closing.

The acquisition was effective as of the end of the day on February 28, 2013. In connection with the acquisition, PowerSecure entered into certain indemnifications to the surety on the bonds for certain projects that were bonded prior to the closing by LESCO, and will continue to do so after the closing with respect to the assumed contracts until the projects are completed or until the consents are obtained and the bonding can be completed in PowerSecure's name directly.

The Purchase Agreement contains customary representations and warranties as well as indemnification obligations by LESCO and Lime, on the one hand, and by PowerSecure, on the other hand, to each other. In addition, the Purchase Agreement contains a five year covenant not to compete by LESCO and Lime against PowerSecure and its affiliates in the acquired business, subject to certain exceptions related to their retained businesses, and related customary restrictive covenants. The Purchase Agreement contains a five year covenant not to compete by PowerSecure against LESCO and Lime and their affiliates in the retained business relating to small business direct install programs and related customary restrictive covenants, subject to certain exceptions such as for PowerSecure's current business.

Edgar Filing: LIME ENERGY CO. - Form 8-K

The boards of directors of PowerSecure, the board of directors and the sole shareholder of LESCO, and the board of directors of Lime have approved the Purchase Agreement and the transactions contemplated hereby. The foregoing description of the Purchase Agreement is a summary of, and does not purport to be a complete statement of, the Purchase Agreement or the rights and obligations of the parties thereunder, and is qualified in its entirety by reference to the full text of the Purchase Agreement, which is filed herewith as Exhibit 2.1 and incorporated herein by this reference.

Cautionary Note Regarding the Purchase Agreement

The Purchase Agreement has been attached as an exhibit hereto to provide investors with information regarding its terms. In addition, these representations and warranties should not be treated as establishing matters of fact, but rather as a way of allocating risk between the parties. Moreover, certain of the representations and warranties may be subject to limitations agreed upon by the parties to the Purchase Agreement and are qualified by information in confidential disclosure schedules provided by LESCO and Lime to PowerSecure. These representations and warranties may apply standards of materiality in a way that is different from what may be material to investors, and were made only as of the date of the Purchase Agreement or such other date or dates as may be specified in the Purchase Agreement and are subject to more recent developments. Accordingly, investors are not third party beneficiaries under the Purchase Agreement and should not rely on the representations and warranties in the Purchase Agreement as characterizations of the actual state of facts about the LESCO, Lime, PowerSecure, the ESCO business, the assets sold, the assumed contracts or otherwise.
