On December 23, 2014, Lime Energy Co. (the *Company*) entered into a Securities Purchase Agreement (the *Purchase Agreement*) with Bison Capital Partners IV, L.P. (*Bison*) (the transactions contemplated by the Purchase Agreement, collectively, the *Transaction*). The Company intends to use the proceeds from the Transaction to fund the Company's working capital and for other general corporate purposes.

Series C Stock

Pursuant to the terms of the Purchase Agreement, on December 23, 2014 (the *Closing Date*), Bison acquired 10,000 shares of Series C Convertible Preferred Stock of the Company (the *Series C Stock*) for an aggregate amount of \$10,000,000 (the *Purchase Price*). The Series C Stock ranks, with respect to payment of dividends and distribution of assets upon the liquidation, winding-up or dissolution of the Company, senior to the Common Stock, whether now outstanding or hereafter issued, and to each other class or series of capital stock of the Company, including any series of preferred stock established after the Closing Date. Each share of Series C Stock accrues a semi-annual dividend of 12-1/2% per annum on the original per share issue price of the Series C Stock (\$1,000.00) plus the aggregate amount of dividends accrued and unpaid (the *Preferred Dividend*). The Company may not pay dividends to any other series of capital stock of the Company unless the holders of the Series C Stock first receive a payment equal to the greater of any accrued but unpaid Preferred Dividend and the dividend that the holders of the Series C Stock would have received on an as-converted to Common Stock basis. In the event of a liquidation, dissolution or other deemed liquidation event of the Company, each share of Series C Stock is entitled to be paid from the assets of the Company that are available to the stockholders of the Company an amount equal to the original issue price of such share plus any accrued but unpaid dividends on such share. The Series C Stock may convert, at the holder's option, into that number of shares of Common Stock equal to dividing the conversion value of the Series C Stock by the conversion price of the Series C Stock; provided that the Series C Stock may not convert into in excess of 19.99% of the outstanding Common Stock prior to the effective date the stockholders of the Company approve the removal of this cap and a similar cap on voting rights described below (the *Stockholder Approval Date*). As of the date of issuance, the conversion value of the Series C Stock was equal to the original issue price of a share of the Series C Stock and the conversion price of the Series C Stock was equal to \$2.40. Both the conversion value and the conversion price are subject to adjustment as set forth in the Certificate of Designation filed on December 23, 2014 (the *Certificate of Designation*), including upon certain dilutive issuances of securities by the Company.

The Series C Stock votes with the common stock of the Company (*Common Stock*) on matters presented to the stockholders of the Company. Each share of Series C Stock is entitled to cast the number of votes equal to the original issue price of such share divided by \$2.40; provided that the voting power of the Series C Stock will not exceed 19.99% of the voting power of the outstanding Common Stock prior to the Stockholder Approval Date. The holders of the Series C Stock are entitled to nominate and elect that number of directors (each a *Preferred Director*) of the Company that is consistent with the voting power held by the holders of the Series C Stock as of the date the Series C Stock was issued; provided that holders of the Series C Stock are not entitled to nominate and elect any Preferred Director if such holders own less than 16.36% of the number of shares of the Series C Stock issued on December 23, 2014; provided further, that provided that no Preferred Director may be elected if such election would cause the Company to violate any law or corporate governance requirement of any securities exchange on which Common Stock is listed. Each Preferred Director may be removed by the holders of the Series C Stock,

or upon cause, by the holders of a majority of the Company's outstanding voting power. The holders of the Series C Stock are also entitled to one additional board observer. In addition to the ability of the holders of Series C Stock to vote alongside the holders of Common Stock, the holders of a majority of the Series C Stock must also provide their consent before the Company may take certain actions, including incurring certain amounts of indebtedness, entering into transactions with related persons, entering into new lines of business, modifying the provisions of the Series C Stock, and issuing any securities that are pari passu or senior to the Series C Stock.

At any time after the fourth anniversary of the Closing Date, the Company has the right to redeem all but not less than all of the Series C Stock for an amount equal to the original issue price of the shares plus all accrued but unpaid dividends, effective 30 days after giving notice thereof to the holder(s) of the Series C Stock. During such 30-day period, the holders of the Series C Stock may convert the Series C Stock to Common Stock in lieu of receiving the redemption payment. At any time after the fourth anniversary of the Closing Date, a holder of Series C Stock has the right to require the Company to redeem all or a portion of its Series C Stock for an amount equal to the original issue price of the shares plus all accrued but unpaid dividends. In the event the Company fails to make the required redemption payment by the date fixed for such payment, the dividend rate will increase to 15% per annum and increase an additional 1% per annum each quarter until paid.

Purchase Agreement

The Purchase Agreement provides, among other things, representations and warranties from both the Company and Bison. The Company must indemnify Bison and its affiliates from losses, damages and claims arising out of a breach by the Company of any of its representations and warranties set forth in the Purchase Agreement or in connection with the Transaction. Bison and its affiliates may receive no more than the Purchase Price, plus fees and expenses incurred in connection with an indemnifiable claim, as a result of the Company's indemnification obligation. The Company also agreed to pay from the Purchase Price certain fees and expenses of Bison incurred in the Transaction.

Shareholder Agreement

In connection with the Transaction, the Company, Bison, Richard Kiphart and The John Thomas Hurvis Revocable Trust entered into a Shareholder and Investor Rights Agreement dated as of December 23, 2014 (the "Shareholder Agreement"). Pursuant to the terms of the Shareholder Agreement, in the event the Company proposes to issue new securities (subject to certain exceptions), the Company must allow Bison to purchase a proportion of the new securities equal to the number of shares of Common Stock beneficially owned by Bison divided by the total number of shares of Common Stock outstanding on a fully-diluted basis.

The Shareholder Agreement also provides Bison with operational consent rights and director appointment rights that apply so long as Bison holds at least five percent (5%) of the total voting power of the Company. The stockholders of the Company party to the Shareholders Agreement have agreed to vote in favor of Bison's director appointees. The Shareholder Agreement entitles Bison to appoint one director to the Company's Compensation Committee and any new board committee that is established other than the Audit Committee or the Governance and Nominating Committee, and also entitles Bison to receive certain financial information. Bison may not, subject to certain exceptions in the Shareholder Agreement, acquire additional shares of Common Stock or seek to influence the management of the Company without the Company's consent. Such restrictions will no longer have effect upon certain changes of control of the Company.

If, on the fifth anniversary of the Closing Date or any succeeding anniversary of such date, ten percent (10%) of the average daily trading volume of Common Stock is less than the number of shares of Common Stock beneficially owned by Bison divided by 240, then Bison may require the Company to initiate a sale process. Subject to the terms of the Shareholder Agreement, the stockholders of the Company party to the Shareholders Agreement have agreed to vote in favor of and otherwise support such a sale. If such a sale is not consummated within nine (9) months, Bison has the right to require the Company to purchase, subject to the terms of the Shareholder Agreement, all or any portion of its Series C Stock or Common Stock into which such Series C Stock has converted, for a per share price generally equal to the average closing price of the Common Stock for the sixty (60) trading days immediately preceding giving notice of exercise of such right, with such price payable on the Series C Stock on the basis of the number of such shares of Common Stock into which the Series C Stock is then convertible. Notwithstanding the foregoing, if the Company's board of directors has approved a sale that would result in Bison receiving sufficiently liquid proceeds from the sale and Bison does not execute an agreement to support such sale, the purchase price for Bison's securities subject to such right will instead be based on the redemption price provided in the Certificate of Designation.

Registration Rights Agreement

Also on December 23, 2014 and in connection with the Transaction, the Company, Bison and certain other stockholders of the Company entered into a Registration Right Agreement (the "Registration Rights Agreement"). Pursuant to the Registration Rights Agreement, Bison is entitled to certain registration rights in connection with the Common Stock into which its shares of Series C Stock may convert, including the right to demand the registration of such shares at any time after December 23, 2015 and rights to include such shares in other registration statements filed by the Company. Additionally, certain other stockholders of the Company are entitled to include certain of their shares of Common Stock in a registration statement filed by the Company. The Company has agreed to indemnify the other parties to the Registration Rights Agreement in connection any claims related to their sale of securities under a registration statement, subject to certain exceptions.

The description of the Transaction and the agreements and documents described herein is not intended to be complete and is qualified in its entirety by the complete text of the Certificate of Designation, the Purchase Agreement, the Shareholders Agreement and the Registration Rights Agreement, copies of which are attached as exhibits 3.1, 10.1, 10.2 and 10.3, respectively, and are incorporated herein by reference. A copy of the press release announcing the Transaction is attached hereto as Exhibit 99.1.

Conversion of Outstanding Preferred Stock and Convertible Notes; Cancellation of Warrants

Effective December 22, 2014, the holders of the Company's Series A Preferred Stock and Series B Preferred Stock converted all of the shares thereof into shares of Common Stock, such that there are no issued or outstanding shares of the Company's Series A Preferred Stock or Series B Preferred Stock. Such holders include directors Richard P. Kiphart and Christopher W. Capps and The John Thomas Hurvis Revocable Trust dated March 8, 2002, a major stockholder. Mr. Kiphart is also a major stockholder.

Also effective December 22, 2014, the holders of the Company's Subordinated Secured Convertible Pay-In-Kind Notes and warrants converted such notes for shares of Common Stock and cancelled such warrants, such that all of the Company's obligations under such Subordinated Secured Convertible Pay-In-Kind Notes and warrants have terminated.
