Edgar Filing: DUPONT E I DE NEMOURS & CO - Form DEFA14A

The message below was sent to certain shareholders of E. I. du Pont de Nemours and Company (DuPont) on May 8, 2015.

Dear Fellow Shareholder,

We're just a few days away from the Annual Meeting and I am reaching out to ask for your vote. We have met with many of our shareholders over the past several months and have received valuable input along the way. With your support comes significant responsibility and I, along with our entire Board and management team, take that seriously.

Since I became CEO in 2009, we have been executing a plan that we are confident is working as you can see clearly if you look at our returns and the results of the business that will comprise the next generation DuPont (see below). That said, we know that our work is not done.

The Board, management team and I are committed to taking advantage of our market opportunities while aggressively reducing costs and obtaining efficiencies. To help us in this effort, we have enlisted two recognized change agents with track records of value creation, Ed Breen and Jim Gallogly. We are confident that we have the right team and the right plan and look forward to continuing our conversations with you.

I hope we can count on your support.

Sincerely,

Ellen J. Kullman

Chair of the Board and Chief Executive Officer

Use of Non-GAAP Measures: This letter contains certain non-GAAP measurements that management believes are meaningful to investors because they provide insight with respect to operating results of the company and additional metrics for use in comparison to competitors. These measures should not be viewed as an alternative to GAAP measures of performance. Furthermore, these measures may not be consistent with similar measures provided by other companies. This data should be read in conjunction with previously published company reports on Forms 10-K, 10-Q, and 8-K. These reports, along with reconciliations of non-GAAP measures to GAAP are available on the Investor Center of www.dupont.com under Key Financials & Filings. Reconciliations of non-GAAP measures to GAAP are provided below.

Forward Looking Statements

This document contains forward-looking statements which may be identified by their use of words like plans, expects, will, believes, intends, estimates, anticipates or other words of similar meaning. All statements that address expectations or projections about the future, including statements about the company's strategy for growth, product development, regulatory approval, market position, anticipated benefits of recent acquisitions, timing of anticipated benefits from restructuring actions, outcome of contingencies, such as litigation and environmental matters, expenditures and financial results, are forward looking statements. Forward-looking statements are not guarantees of future performance and are based on certain assumptions and expectations of future events which may not be realized. Forward-looking statements also involve risks and uncertainties, many of which are beyond the company's control. Some of the important factors that could cause the company's actual results to differ materially from those projected in any such forward-looking statements are: fluctuations in energy and raw material prices; failure to develop and market new products and optimally manage product life cycles; ability to respond to market acceptance, rules, regulations and policies affecting products based on biotechnology; significant litigation and environmental matters; failure to appropriately manage process safety and product stewardship issues; changes in laws and regulations or political conditions; global economic and capital markets conditions, such as inflation, interest and currency exchange rates; business or supply disruptions; security threats, such as acts of sabotage, terrorism or war, weather events and natural disasters; ability to protect and enforce the company's intellectual property rights; successful integration of acquired businesses and separation of underperforming or non-strategic assets or businesses and successful completion of the proposed spinoff of the Performance Chemicals segment including ability to fully realize the expected benefits of the proposed spinoff. The company undertakes no duty to update any forward-looking statements as a result of future developments or new information.

1. Source: Thomson Reuters Datastream, (12/31/2008 – 12/31/2014). Total shareholder return is calculated as the appreciation or depreciation of a particular share, plus any dividends, over a given period, expressed as a percentage of the share's value at the beginning of the period. Closing prices are adjusted for spin-offs, stock splits, rights and special dividends.
 2. Segment sales include transfers and exclude Performance Coatings, Performance Chemicals and Other; Compounded Annual Growth Rate (CAGR) is calculated from 12/31/08 – 12/31/14. Segment adjusted operating margin is based on total segment sales and segment adjusted operating earnings, excluding Performance Chemicals and Other/Pharma. Segment adjusted operating earnings are calculated using segment pre-tax operating income excluding significant items; calculations include certain corporate expenses and exclude adjusted operating earnings of Performance Chemicals and Pharma/Other. Calculation is from 12/31/08 vs. 12/31/14. Adjusted operating EPS compound annual growth rate is calculated from 12/31/08 – 12/31/14 and is defined as diluted earnings per share from continuing operations excluding non-operating pension/OPEB costs, significant items, Performance Chemicals and Pharma. As required under U.S. GAAP, EPS from continuing operations excludes Performance Coatings for all periods presented. Reconciliations of non-GAAP measures to GAAP are included above.
 3. Source: Thomson Reuters Datastream, calculated from undisturbed date prior to Trian Partner or designee appointed to the Board through resignation or 4/30/15. Comparison versus S&P 500 index.
