Explanatory Note

NETGEAR, Inc. is furnishing this Amendment No. 1 on Form 8-K/A to amend certain statements made in its Current Report on Form 8-K filed with the Securities and Exchange Commission on February 6, 2019, as described further in Item 2.02 below.

Item 2.02 Results of Operations and Financial Condition.

On February 22, 2019, Arlo Technologies, Inc. ("Arlo") filed a Form 8-K to amend its previously announced financial results for the fourth quarter and year ended December 31, 2018. As a consequence, NETGEAR, Inc.'s consolidated results reported on February 6, 2019, which included Arlo (reported within "Loss from discontinued operations, net of tax"), require amendment. "Loss from discontinued operations, net of tax" increases by \$5.4 million in both the fourth quarter and year ended December 31, 2018, respectively.

The amendment, which increases Arlo's pre-tax loss for the fourth quarter of 2018, results in a \$1.7 million increase to "Provision for income taxes from continuing operations." In addition, the increase in Arlo's pre-tax loss results in an increase to deferred tax assets recorded within discontinued operations, while the corresponding valuation allowances recorded against these assets are shown within continuing operations, in accordance with U.S. GAAP. The increase in Arlo's pre-tax loss does not change the consolidated provision for income tax.

Results from operations as amended for line items impacted by these changes, as well as amounts previously reported on February 6, 2019, are outlined in the table below. Additionally, the amendment to "Provision for income taxes from continuing operations" increases cash used in continuing operations by \$1.7 million in both the fourth quarter and year ended December 31, 2018, respectively. The non-GAAP measures previously reported on February 6, 2019 remain unchanged.
