#### Rite Aid Corporation

##### Our Business

We are the second largest retail drugstore chain in the United States, based on number of stores, and the third largest based on revenues. As of September 1, 2001, we operated 3,594 drugstores in 29 states across the

## Edgar Filing: RITE AID CORP - Form 424B3

country and in the District of Columbia. We have a first or second place market position, based on revenues, in 34 of the 65 major U.S. metropolitan markets in which we operate. During fiscal 2001, we generated \$14.5 billion in revenues and we generated \$7.4 billion in revenues in our first half of fiscal 2002. Since the beginning of fiscal 1997, we have purchased 1,554 stores, relocated 952 stores, opened 469 new stores and remodeled 435 stores. As a result, we believe we have one of the most modern store bases in the industry.

In our stores, we sell prescription drugs and a wide assortment of other merchandise, which we call "front-end" products. In fiscal 2001, our pharmacists filled more than 204 million prescriptions, which accounted for 59.5% of our total sales. In the first half of fiscal 2002, pharmacy sales accounted for 61.3% of our total sales. We believe that our pharmacy operations will continue to represent a significant part of our business due to favorable industry trends, including an aging population, increased life expectancy and the discovery of new and better drug therapies. We offer approximately 24,600 front-end products, including over-the-counter medications, health and beauty aids, personal care items, cosmetics, household items, beverages, convenience foods, greeting cards, photo processing, seasonal merchandise and numerous other everyday and convenience products, which accounted for the remaining 40.5% of our total sales in fiscal 2001. We distinguish our stores from other national chain drugstores, in part, through our private label brands and our strategic alliance with General Nutrition Companies, Inc. ("GNC"), a leading retailer of vitamin and mineral supplements. We offer over 1,500 products under the Rite Aid private label brand, which contributed approximately 10% of our front-end sales in fiscal 2001.

### Background

Under prior management, we were engaged in an aggressive expansion program from 1997 until 1999. During that period, we purchased 1,554 stores, relocated 866 stores, opened 445 new stores, remodeled 308 stores and acquired PCS Health Systems, Inc. These activities had a significant negative impact on our operating results and financial condition, severely strained our liquidity and increased our indebtedness to \$6.6 billion as of February 26, 2000, which contributed to our inability to access the financial markets. A resulting decrease in revenue due to inventory shortages, reduction in advertising and uncompetitive prices on front-end products led to a decline in customer traffic, which had a negative impact on our store operations. In October 1999, we announced that we had identified accounting irregularities and our former chairman and chief executive officer resigned. In November 1999, our former auditors resigned and withdrew their previously issued opinions on our financial statements for fiscal 1998 and fiscal 1999. We needed to restate our financial statements and develop accounting systems and controls that would allow us to manage our business and accurately report the results of our operations.

In December 1999, a new management team was hired, and since that time we have been addressing our business, operational and financial challenges. In response to our situation, new management has:

- o Reduced our indebtedness from \$6.6 billion as of February 26, 2000 to \$3.7 billion as of September 1, 2001, after giving effect to the Refinancing (described below);

## Edgar Filing: RITE AID CORP - Form 424B3

- o Improved front-end same store sales growth from a negative 2.2% in fiscal 2000 to a positive 6.5% in fiscal 2001 by improving store conditions and product pricing and launching a competitive marketing program;
- o Improved same store sales growth from 8.0% in the first half of fiscal 2001 to 9.1% in the first half of fiscal 2002 and front-end same store sales growth from 4.8% in the first half of 2001 to 5.0% in the first half of 2002;
- o Restated our financial statements for fiscal 1998 and fiscal 1999, as well as engaged Deloitte & Touche LLP as our new auditors to audit our fiscal years beginning with fiscal 1998;
- o Continued developing and implementing a comprehensive plan, which is ongoing, to address problems with our accounting systems and controls, and also resumed normal financial reporting;
- o Significantly reduced the amount of our indebtedness maturing prior to March 2005; and
- o Addressed out-of-stock inventory levels and strengthened our vendor relationships.

### Refinancing Transactions

On June 27, 2001, we completed a comprehensive \$3.2 billion refinancing package (the "Refinancing") that includes a new \$1.9 billion senior secured credit facility underwritten by Citicorp North America, Inc., The Chase Manhattan Bank, Credit Suisse First Boston and Fleet Retail Finance, Inc. As a result of the Refinancing, we have significantly reduced our debt and the amount of our debt maturing prior to March 2005.

Simultaneously with or prior to the closing of the new credit facility, we completed the following transactions, which also form part of the Refinancing:

- o \$552.0 million in private placements of our common stock.
- o An exchange with a financial institution of \$152.025 million of our 10.5% senior secured notes due 2002 for \$152.025 million of new 12.5% senior secured notes due 2006. The 12.5% senior secured notes due 2006 are secured by a second lien on the collateral securing the new credit facility.
- o Private exchanges of common stock for \$303.5 million of our bank debt and 10.5% senior secured notes due 2002.
- o A synthetic lease transaction with respect to two of our distribution centers in the amount of approximately \$106.9 million.
- o \$150 million in a private placement of new 11.25% senior notes due 2008.
- o The reclassification of \$850.8 million of capital leases as operating leases.
- o An operating lease that we entered into with respect to our aircraft for approximately \$25.6 million.
- o A tender offer whereby we accepted for payment \$174.5 million of our 10.5% senior secured notes due 2002 at 103.25% of their principal amount.

With the proceeds of the Refinancing, we repaid our previous senior secured credit facility, our PCS and RCF credit facilities and our secured exchange

## Edgar Filing: RITE AID CORP - Form 424B3

debt. As a result of the Refinancing, our remaining debt due before March 2005 consists of \$152.0 million of our 5.25% convertible subordinated notes due 2002, \$107.8 million of our 6.00% dealer remarketable securities due 2003, \$21.9 million of our 10.5% senior secured

5

notes due 2002 and amortization of the new credit facility. We expect to use internally generated funds to retire both the 5.25% notes and the dealer remarketable securities at maturity and to meet the amortization payments under the new credit facility.

### Risk Factors

accept any Old Notes tendered for exchange, the Old Notes will be returned to the registered holder at our expense promptly after the expiration or termination of the exchange offer. In the case of Old Notes tendered by book-entry transfer into the exchange agent's account at The Depository Trust Company, any withdrawn or unaccepted Old Notes will be credited to the tendering holder's account at DTC. For further information regarding the withdrawal of tendered Old Notes, see the "The Exchange Offer--Terms of the Exchange Offer; Period for Tendering Old Notes" beginning on page 24 and the "The Exchange Offer--Withdrawal Rights" beginning on page 27.

- o tender your Old Notes by using the book-entry transfer procedures described below and transmitting a properly completed and duly executed letter of transmittal, with any required signature guarantees, or an agent's message instead of the letter of transmittal, to the exchange agent. In order for a book-

entry transfer to constitute a valid tender of your Old Notes in the exchange offer, BNY Midwest Trust Company, as exchange agent, must receive a confirmation of book-entry transfer of your Old Notes into the exchange agent's account at DTC prior to the expiration or termination of the exchange offer. For more information regarding the use of book-entry transfer procedures,

8

including a description of the required agent's message, see the discussion below under the caption "The Exchange Offer--Book-Entry Transfers" beginning on page 26.

Guaranteed Delivery Procedures. . . . . If you are a registered holder of Old Notes and wish to tender your Old Notes in the exchange offer, but

- o the Old Notes are not immediately available,
- o time will not permit your Old Notes or other required documents to reach the exchange agent before the expiration or termination of the exchange offer, or

ownership of the Old Notes in your name or obtain a properly completed bond power from the person in whose name the Old Notes are registered.

### Material Federal Income Tax

Considerations. . . . .

The exchange of the Old Notes for New Notes in the exchange offer will not be a taxable transaction for United States Federal income tax purposes. See the discussion below under the caption "Material Federal Income Tax Considerations" beginning on page 69 for more information regarding the tax consequences to you of the exchange offer.

Use of Proceeds . . . . .

We will not receive any cash proceeds from the exchange offer.

Exchange Agent. . . . .

BNY Midwest Trust Company is the exchange agent for the exchange offer. You can find the address and telephone number of the exchange agent below under the caption "The Exchange Offer--Exchange Agent" beginning on page 29.

Resales . . . . .

Based on interpretations by the staff of the SEC, as set forth in no-action letters issued to the third parties, we believe that the New Notes you receive in the exchange

9

offer may be offered for resale, resold or otherwise transferred without compliance with the registration and prospectus delivery provisions of the Securities Act. However, you will not be able to freely transfer the New Notes if:

- o you are our "affiliate," as defined in Rule 405 under the Securities Act;
- o you are not acquiring the New Notes in the exchange offer in the ordinary course of your business;
- o you have an arrangement or understanding with any person to participate in the distribution , as defined in the Securities Act, of the New Notes, you will receive in the exchange offer; or

dealer that received New Notes for its own account in the exchange offer in exchange for Old Notes that were acquired as a result of market-making or other trading activities.

If you fall within one of the exceptions listed above, you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction involving the New Notes. See the discussion below under the caption "The Exchange Offer--Procedures for Tendering Old Notes" beginning on page 24 for more information.

10

### CONSEQUENCES OF NOT EXCHANGING OLD NOTES

If you do not exchange your Old Notes in the exchange offer, your Old Notes will continue to be subject to the restrictions on transfer described in the legend on the certificate for your Old Notes. In general, you may offer or sell your Old Notes only:

- o if they are registered under the Securities Act and applicable state securities laws;
- o if they are offered or sold under an exemption from registration under the Securities Act and applicable state securities laws; or
- o if they are offered or sold in a transaction not subject to the Securities Act and applicable state securities laws.

We do not currently intend to register the Old Notes under the Securities Act. Under some circumstances, however, holders of the Old Notes, including holders who are not permitted to participate in the exchange offer or who may not freely resell New Notes received in the exchange offer, may require us to file, and to cause to become effective, a shelf registration statement covering resales of Old Notes by these holders. For more information regarding the consequences of not tendering your Old Notes and our obligation to file a shelf registration statement, see "The Exchange Offer--Consequences of Exchanging or Failing to Exchange Old Notes" beginning on page 29 and "Description of the New Notes--Registration Rights Agreement" beginning on page 48.

### RISK FACTORS

You should consider carefully the following factors, as well as the other information set forth or incorporated by reference in this prospectus, before tendering your Old Notes in the exchange offer. When we use the term "Notes" in this prospectus, the term includes the Old Notes and the New Notes.

#### Risks related to the Exchange Offer and holding the New Notes

Holders who fail to exchange their Old Notes will continue to be subject to restrictions on transfer.

If you do not exchange your Old Notes for New Notes in the exchange offer, you will continue to be subject to the restrictions on transfer of your Old Notes described in the legend on the certificates for your Old Notes. The restrictions on transfer of your Old Notes arise because we issued the Old Notes under exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws. In general, you may only offer or sell the Old Notes if they are registered under the Securities Act and applicable state securities laws, or offered and sold under an exemption from these requirements. We do not plan to register the Old Notes under the Securities Act. For further information regarding the consequences of tendering your Old Notes in the exchange offer, see the discussions below under the captions "The Exchange Offer--Consequences of Exchanging or Failing to Exchange Old Notes" and "Material Federal Income Tax Considerations."

You must comply with the exchange offer procedures in order to receive new, freely tradable notes.

Delivery of New Notes in exchange for Old Notes tendered and accepted for exchange pursuant to the exchange offer will be made only after timely receipt by the exchange agent of the following:

- o certificates for Old Notes or a book-entry confirmation of a book-entry transfer of Old Notes into the Exchange Agent's account at DTC, New York, New York as depository, including an Agent's Message (as defined) if the tendering holder does not deliver a letter of transmittal,

## Edgar Filing: RITE AID CORP - Form 424B3

- o a completed and signed letter of transmittal (or facsimile thereof), with any required signature guarantees, or, in the case of a book-entry transfer, an Agent's Message in lieu of the letter of transmittal, and
- o any other documents required by the letter of transmittal.

Therefore, holders of Old Notes who would like to tender Old Notes in exchange for New Notes should be sure to allow enough time for the Old Notes to be delivered on time. We are not required to notify you of defects or irregularities in tenders of Old Notes for exchange. Old Notes that are not tendered or that are tendered but we do not accept for exchange will, following consummation of the exchange offer, continue to be subject to the existing transfer restrictions under the Securities Act and, upon consummation of the exchange offer, certain registration and other rights under the registration rights agreement will terminate. See "The Exchange Offer--Procedures for Tendering Old Notes" and "The Exchange Offer--Consequences of Exchanging or Failing to Exchange Old Notes."

Some holders who exchange their Old Notes may be deemed to be underwriters.

If you exchange your Old Notes in the exchange offer for the purpose of participating in a distribution of the New Notes, you may be deemed to have received restricted securities and, if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

Since the New Notes are effectively subordinated to all of our secured debt and the liabilities of our subsidiaries, we may not have sufficient assets to pay amounts owed on the New Notes if a default occurs.

The New Notes are general unsecured senior obligations that rank equal in right of payment with all of our existing and future unsecured and unsubordinated debt. The New Notes are effectively subordinated to all

14

of our secured debt to the extent of the value of the assets securing that debt. Also, the Notes are structurally subordinated to all obligations of our subsidiaries.

We are a holding company with no direct operations. Our principal assets are the equity interests we hold in our operating subsidiaries. As a result, we are dependent upon dividends and other payments from our subsidiaries to generate the funds necessary to meet our financial obligations, including the payment of principal of and interest on our outstanding debt. Our subsidiaries are legally distinct from us and have no obligation to pay amounts due on the Notes or to make funds available to us for such payment. As of September 1, 2001, we had approximately \$3.4 billion of indebtedness to which the New Notes would have been structurally subordinated in right of payment.

Because the obligations under our credit facility, our 10.5% senior notes due 2002 and our 12.5% secured notes due 2006 are secured obligations, guaranteed by substantially all of our subsidiaries, failure to comply with those obligations or our inability to pay that indebtedness when due would entitle those creditors immediately to foreclose on certain of our assets in the case of our new credit facility, and substantially all of the assets of our subsidiaries, which serve as collateral. In this event, those secured lenders would be entitled to be repaid in full from the proceeds of the liquidation of those assets before those assets would be available for distribution to other creditors, and, lastly to the holders of capital stock of our subsidiaries, including Rite Aid Corporation.

## Edgar Filing: RITE AID CORP - Form 424B3

Holders of the New Notes will only be creditors of Rite Aid Corporation and not of our subsidiaries. The ability of our creditors, including you, to participate in any distribution of assets of any of our subsidiaries upon liquidation or bankruptcy will be subject to the prior claims of that subsidiary's creditors, including trade creditors, and any prior or equal claim of any equity holder of that subsidiary. As a result, you may receive less, proportionately, than our secured creditors and the creditors of our subsidiaries.

We may be unable to purchase the New Notes upon a change of control.

Upon a change of control event, we would be required to offer to purchase the New Notes for cash at a price equal to 101% of their aggregate principal amount, plus accrued and unpaid interest, if any. The terms of the New Notes may not protect you if we undergo a highly leveraged transaction, reorganization, restructuring, merger or similar transaction that may adversely affect you unless the transaction is included within the definition of a change of control.

A change of control under the terms of the New Notes is likely to constitute an event of default under our new credit facility. If this occurs, then the lenders under our new credit facility may declare their debt immediately due and payable. The same could be true of any future debt incurred by our subsidiaries pursuant to credit facilities with banks or other institutional lenders. We cannot assure you that we will have the financial resources necessary to repurchase the New Notes and satisfy other payment obligations that could be triggered upon a change of control. If we do not have sufficient financial resources to effect a change of control offer, we would be required to seek additional financing from outside sources to repurchase the New Notes. We cannot assure you that financing would be available to us on satisfactory terms.

You may find it difficult to sell your notes.

There is no existing trading market for the New Notes. We do not intend to apply for listing or quotation of the New Notes on any exchange. Therefore, we do not know the extent to which investor interest will lead to the development of a trading market or how liquid that market might be, nor can we make any assurances regarding the ability of New Note holders to sell their New Notes, the amount of New Notes to be outstanding following the exchange offer or the price at which the New Notes might be sold. As a result, the market price of the New Notes could be adversely affected. Historically, the market for non-investment grade debt, such as the New Notes, has been subject to disruptions that have caused substantial volatility in the prices of such securities. Any such disruptions may have an adverse affect on holders of the New Notes.

15

Holders of the Old Notes participating in the exchange offer will not recognize gain or loss in the exchange.

The exchange of Old Notes for New Notes in the exchange offer will not be a taxable transaction to holders for U.S. federal income tax purposes. See the discussion under the caption "Material Federal Income Tax Considerations".

### Risks Related to Our Financial Condition

We are highly leveraged. Our substantial indebtedness will severely limit cash flow available for our operations and could adversely affect our ability to

## Edgar Filing: RITE AID CORP - Form 424B3

service debt or obtain additional financing if necessary.

After giving effect to the Refinancing, we had, as of September 1, 2001 \$3.7 billion of outstanding indebtedness (including current maturities but excluding letters of credit) and stockholders' equity of \$453.2 million. We also have additional borrowing capacity under our revolving credit facility of \$423.9 million. Our debt obligations will continue to adversely affect our operations in a number of ways and our cash flow is insufficient to service our debt, which may require us to borrow additional funds for that purpose, restructure or otherwise refinance that debt. Our earnings were insufficient to cover our fixed charges for fiscal 2001 by \$1.2 billion. After giving effect to the Refinancing on a pro forma basis, we estimate that our earnings would have been insufficient to cover our fixed charges for fiscal 2001.

Our high level of indebtedness will continue to restrict our operations. Among other things, our indebtedness will:

- o limit our ability to obtain additional financing;
- o limit our flexibility in planning for, or reacting to, changes in the markets in which we compete;
- o place us at a competitive disadvantage relative to our competitors with less indebtedness;
- o render us more vulnerable to general adverse economic and industry conditions; and
- o require us to dedicate substantially all of our cash flow to service our debt.

In fiscal 2000 we experienced operational and financial difficulties, resulting in disputes with suppliers and vendors. These disputes were based primarily on our level of indebtedness and led to more restrictive vendor contract terms. Although we believe that our prior disputes with suppliers and vendors have been largely resolved, any future material deterioration in our operational or our financial situation could again impact vendors' and suppliers' willingness to do business with us. Our ability to make payments on our debt, depends upon our ability to substantially improve our future operating performance, which is subject to general economic and competitive conditions and to financial, business and other factors, many of which we cannot control. If our cash flow from our operating activities is insufficient, we may take certain actions, including delaying or reducing capital or other expenditures, attempting to restructure or refinance our debt, selling assets or operations or seeking additional equity capital. We may be unable to take any of these actions on satisfactory terms or in a timely manner. Further, any of these actions may not be sufficient to allow us to service our debt obligations or may have an adverse impact on our business. Our existing debt agreements, limit our ability to take certain of these actions. Our failure to earn enough to pay our debts or to successfully undertake any of these actions could have a material adverse effect on us.

Some of our debt, including borrowings under our new credit facility, is based upon variable rates of interest, which could result in higher interest expense in the event of increases in interest rates.

Approximately \$378.5 million of our outstanding indebtedness as of September 1, 2001, following the Refinancing, bears an interest rate that varies depending upon LIBOR and is not covered by interest rate swap contracts that expire in 2002. If we borrow additional amounts under our senior secured facility, the interest

rate on those borrowings will vary depending upon LIBOR. If LIBOR rises, the interest rates on this outstanding debt will also increase. Therefore an increase in LIBOR would increase our interest payment obligations under these outstanding loans and have a negative effect on our cash flow and financial condition.

The covenants in our outstanding indebtedness impose restrictions that may limit our operating and financial flexibility.

The covenants in the instruments governing our outstanding indebtedness, including our credit facility, restrict our ability to incur liens and debt, pay dividends, make redemptions and repurchases of capital stock, make loans, investments and capital expenditures, prepay, redeem or repurchase debt, engage in mergers, consolidations, asset dispositions, sale-leaseback transactions and affiliate transactions, change our business, amend certain debt and other material agreements, issue and sell capital stock of subsidiaries, restrict distributions from subsidiaries and grant negative pledges to other creditors.

Moreover, if we are unable to meet the terms of the financial covenants or if we breach any of these covenants, a default could result under one or more of these agreements. A default, if not waived by our lenders, could result in the acceleration of our outstanding indebtedness and cause our debt to become immediately due and payable. If acceleration occurs, we would not be able to repay our debt and it is unlikely that we would be able to borrow sufficient additional funds to refinance such debt. Even if new financing is made available to us, it may not be available on terms acceptable to us.

If we were required to obtain waivers of defaults, we may incur significant fees and transaction costs. In fiscal 2000, we were required to obtain waivers of compliance with, and modifications to, certain of the covenants contained in our senior credit and loan agreements and public indentures. In connection with obtaining certain of such waivers and modifications, we paid significant fees and transaction costs.

#### Risks Related to our Operations

Major lawsuits have been brought against us and certain of our subsidiaries, and there are currently pending both civil and criminal investigations by the U.S. Securities and Exchange Commission, the United States Attorney and an investigation by the United States Department of Labor. In addition to any fines or damages that we might have to pay, any criminal conviction against us may result in the loss of licenses and contracts that are material to the conduct of our business, which would have a negative effect on our results of operations, financial condition and cash flows.

There are several major ongoing lawsuits and investigations in which we are involved. These include, in addition to the investigations described below, several class action lawsuits. While some of these lawsuits have been settled, we are unable to predict the outcome of any of these matters at this time. If any of these cases result in a substantial monetary judgment against us or is settled on unfavorable terms, our results of operations, financial condition and cash flows could be materially adversely affected.

There are currently pending both civil and criminal governmental investigations by the SEC and the United States Attorney concerning our financial reporting and other matters. In addition, an investigation has also been commenced by the U.S. Department of Labor concerning our employee benefit plans, including our principal 401(k) plan, which permitted employees to

## Edgar Filing: RITE AID CORP - Form 424B3

purchase our common stock. Purchases of our common stock under the plan were suspended in October 1999. In January 2001, we appointed an independent trustee to represent the interests of these plans in relation to the company and to investigate possible claims the plans may have against us. Both the independent trustee and the Department of Labor have asserted that the plans may have claims against us. These investigations are ongoing and we cannot predict their outcomes. If we were convicted of any crime, certain licenses and government contracts, such as Medicaid plan reimbursement agreements, that are material to our operations may be revoked, which would have a material adverse effect on our results of operations and financial condition. In addition, substantial penalties, damages, or other monetary remedies assessed against us could also have a material adverse effect on our results of operations, financial condition and cash flows.

17

Given the size and nature of our business, we are subject from time to time to various lawsuits which, depending on their outcome, may have a negative impact on our results of operations, financial condition and cash flows.

We are substantially dependent on a single supplier of pharmaceutical products to sell products to us on satisfactory terms. A disruption in this relationship would have a negative effect on our results of operations, financial condition and cash flows.

We obtain approximately 93% of our pharmaceutical supplies from a single supplier, McKesson HBOC, Inc., pursuant to a long-term contract. Pharmacy sales represented approximately 59.5% of our total sales during fiscal 2001, and, therefore, our relationship with McKesson HBOC is important to us. Any significant disruptions in our relationship with McKesson HBOC would make it difficult for us to continue to operate our business, and would have a material adverse effect on our results of operations, financial condition and cash flows.

Our auditors have identified numerous "reportable conditions", which relate to our internal accounting systems and controls, which systems and controls may be insufficient. Improvements to our internal accounting systems and controls could require substantial resources.

An audit of our financial statements for fiscal 1998 and fiscal 1999, following a previous restatement, concluded in July 2000 and resulted in an additional restatement of fiscal 1998 and fiscal 1999. Following its review of our books and records, our management concluded that further steps were needed to establish and maintain the adequacy of our internal accounting systems and controls. In connection with the above audits of our financial statements, Deloitte & Touche LLP advised us that it believed there were numerous "reportable conditions" under the standards established by the American Institute of Certified Public Accountants which relate to our accounting systems and controls that could adversely affect our ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. In order to address the reportable conditions identified by Deloitte & Touche LLP, we are developing and implementing comprehensive, adequate and reliable accounting systems and controls. If, however, we determine that our internal accounting systems and controls require additional improvements beyond those identified, or if the changes we are implementing are inadequate, we may need to commit additional substantial resources, including time from our management team, to implement new systems and controls, which could affect the timeliness of our financial or management reporting.

## Edgar Filing: RITE AID CORP - Form 424B3

We need to continue to improve our operations in order to improve our financial condition, but our operations will not improve if we cannot continue to effectively implement our business strategy or if they are negatively affected by general economic conditions.

Our operations during fiscal 2000 were adversely affected by a number of factors, including our financial difficulties, inventory shortages, allegations of violations of the law, including drug pricing issues, disputes with suppliers and uncertainties regarding our ability to produce audited financial statements. To improve operations, new management developed and in fiscal 2001 began implementing and continues to implement, a business strategy to improve our stores and enhance our relationships with our customers by improving the pricing of products, providing more consistent advertising through weekly circulars, eliminating inventory shortages and out-dated inventory, resolving issues and disputes with our vendors, and developing programs intended to provide better customer service and purchasing prescription files and other means. If we are not successful in implementing our business strategy, or if our business strategy is not effective, we may not be able to continue to improve our operations. In addition, any adverse change in general economic conditions can adversely affect consumer buying practices and reduce our sales of front-end products, which are our higher margin products, and cause a proportionately greater decrease in our profitability. Failure to continue to improve operations or a decline in general economic conditions would adversely affect our results of operations, financial condition and cash flows and our ability to make principal or interest payments on our debt.

18

We cannot assure you that management will be able to successfully manage our business or successfully implement our strategic plan. This could have a material adverse effect on our business and the results of our operations, financial condition and cash flows.

In December 1999, we hired a new management team to address our business, operational financial and accounting challenges. Our management team has considerable experience in the retail industry. Nonetheless, we cannot assure you that our management will be able successfully to manage our business or successfully implement our strategic business plan. This could have a material adverse effect on our results of operations, financial condition and cash flows.

We are dependent on our management team, and the loss of their services could have a material adverse effect on our business and the results of our operations or financial condition.

The success of our business is materially dependent upon the continued services of our chairman and chief executive officer, Robert G. Miller, and the other members of our management team. The loss of Mr. Miller or other key personnel could have a material adverse effect on the results of our operations, financial condition and cash flows. Additionally, we cannot assure you that we will be able to attract or retain other skilled personnel in the future.

### Risks Related to our Industry

The markets in which we operate are very competitive and further increases in competition could adversely affect us.

We face intense competition with local, regional and national companies,

## Edgar Filing: RITE AID CORP - Form 424B3

including other drugstore chains, independently owned drugstores, supermarkets, mass merchandisers, discount stores and mail order pharmacies. We may not be able to effectively compete against them because our existing or potential competitors may have financial and other resources that are superior to ours. In addition, we may be at a competitive disadvantage because we are more highly leveraged than our competitors. Because many of our stores are new, their ability to achieve profitability depends on their ability to achieve a critical mass of customers. While customer growth is often achieved through purchases of prescription files from existing pharmacies, our ability to achieve this critical mass through purchases of prescription files could be confined by liquidity constraints. Although in the recent past, our competitiveness has been adversely affected by problems with inventory shortages, uncompetitive pricing and customer service, we have taken steps to address these issues. We believe that the continued consolidation of the drugstore industry will further increase competitive pressures in the industry. As competition increases, a significant increase in general pricing pressures could occur which would require us to increase our sales volume and to sell higher margin products and services in order to remain competitive. We cannot assure you that we will be able to continue effectively to compete in our markets or increase our sales volume in response to further increased competition.

Changes in third-party reimbursement levels for prescription drugs could reduce our margins and have a material adverse effect on our business.

Sales of prescription drugs, as a percentage of sales, and the percentage of prescription sales reimbursed by third parties, have been increasing and we expect them to continue to increase. In fiscal 2001, sales of prescription drugs represented 59.5% of our sales and we were reimbursed by third-party payors for approximately 90.3% of all of the prescription drugs that we sold. In the first half of fiscal 2002, sales of prescription drugs represented 61.3% of our sales and we were reimbursed by third-party payors for approximately 91.9% of all the prescription drugs that we sold. During fiscal 2001, the top five third-party payors accounted for approximately 26.4% of our total sales. Any significant loss of third-party provider business could have a material adverse effect on our business and results of operations. Also, these third-party payors could reduce the levels at which they will reimburse us for the prescription drugs that we provide to their members. Furthermore, if Medicare is reformed to include prescription benefits, we may be reimbursed for some prescription drugs at prices lower than our current retail prices. If third-party payors reduce their reimbursement levels or if Medicare covers prescription drugs at reimbursement levels lower than our current

19

retail prices, our margins on these sales would be reduced, and the profitability of our business and our results of operations, financial condition and cash flows could be adversely affected.

We are subject to governmental regulations, procedures and requirements; our noncompliance or a significant regulatory change could adversely affect our business, the results of our operations or our financial condition.

Our pharmacy business is subject to federal, state, and local regulation. These include local registrations of pharmacies in the states where our pharmacies are located, applicable Medicare and Medicaid regulations, and prohibitions against paid referrals of patients. Failure to properly adhere to these and other applicable regulations could result in the imposition of civil and criminal penalties and could adversely affect the continued operation of our business. Furthermore, our pharmacies could be affected by federal and state reform programs, such as healthcare reform initiatives which could, in

## Edgar Filing: RITE AID CORP - Form 424B3

turn, negatively affect our business. The passing of these initiatives or any new federal or state programs could adversely affect our results of operations, financial condition and cash flows.

Certain risks are inherent in the provision of pharmacy services; our insurance may not be adequate to cover any claims against us.

Pharmacies are exposed to risks inherent in the packaging and distribution of pharmaceuticals and other healthcare products, such as with respect to improper filling of prescriptions, labeling of prescriptions and adequacy of warnings. Although we maintain professional liability and errors and omissions liability insurance from time to time, claims result in the payment of significant amounts, some portions of which are not funded by insurance. We cannot assure you that the coverage limits under our insurance programs will be adequate to protect us against future claims, or that we will maintain this insurance on acceptable terms in the future. Our results of operations, financial condition or cash flows may be adversely affected if in the future our insurance coverage proves to be inadequate or unavailable or there is an increase in liability for which we self insure or we suffer reputational harm as a result of an error or omission.

We will not be able to compete effectively if we are unable to attract, hire and retain qualified pharmacists.

There is a nationwide shortage of qualified pharmacists. In response, we have implemented improved benefits and training programs in order to attract, hire and retain qualified pharmacists. However, we may not be able to attract, hire and retain enough qualified pharmacists. This could adversely affect our operations.

20

### USE OF PROCEEDS

We will not receive any cash proceeds from the exchange offer. Any Old Notes that are properly tendered and exchanged pursuant to the exchange offer will be retired and cancelled.

### RATIO OF EARNINGS TO FIXED CHARGES

We have calculated the ratio of earnings to fixed charges in the following table by dividing earnings by fixed charges. For this purpose, earnings include pre-tax income from continuing operations plus fixed charges. Fixed charges include interest, whether expensed or capitalized, amortization of debt expense, preferred stock dividend requirement and that portion of rental expense which is representative of the interest factor in those rentals. The ratio of earnings to fixed charges data is presented for four fiscal years. As previously discussed in our Form 10-K dated May 21, 2001 and our Form 10-K/A dated October 11, 2000, substantial time, effort and expense was required over a six month period to review, assess, reconcile, prepare and audit our financial statements for the 2000, 1999 and 1998 fiscal years. We believe it would require an unreasonable effort and expense to conduct a similar process related to the 1997 fiscal year.

## SELECTED CONSOLIDATED FINANCIAL INFORMATION

The following selected consolidated financial data should be read in conjunction with the financial statements and related notes incorporated by reference in this prospectus. Annual selected consolidated financial information is presented for four fiscal years. The selected consolidated financial data for the twenty-six week periods ended September 1, 2001 and August 26, 2000 are unaudited and not necessarily indicative of the results to be expected for the full year. The unaudited interim selected consolidated financial data reflects all adjustments (consisting primarily of normal recurring adjustments except as described in the footnotes to the interim condensed consolidated financial statements) which are, in the opinion of our

management, necessary to present fairly the financial data for the interim periods. As previously discussed in our Form 10-K dated May 21, 2001 and our Form 10-K/A dated October 11, 2000, substantial time, effort and expense was required over a six month period to review, assess, reconcile, prepare and audit our financial statements for the 2000, 1999 and 1998 fiscal years. We believe it would require an unreasonable effort and expense to conduct a similar process related to the 1997 fiscal year. ### THE EXCHANGE OFFER

#### Terms of the Exchange Offer; Period for Tendering Old Notes

Subject to terms and conditions, we will accept for exchange Old Notes which are properly tendered on or prior to the Expiration Date and not withdrawn as permitted below. As used herein, the term "Expiration Date" means 5:00 p.m., New York City time, on December 14, 2001. We may, however, in our sole discretion, extend the period of time during which the exchange offer is open. The term "Expiration Date" means the latest time and date to which the exchange offer is extended.

As of the date of this prospectus, \$150 million principal amount of Old Notes are outstanding. This prospectus, together with the letter of transmittal, is being sent to all holders of Old Notes known to us. Our obligation to accept Old Notes for exchange pursuant to the exchange offer is subject to certain obligations as set forth under "--Conditions to the Exchange Offer."

We expressly reserve the right, at any time, to extend the period of time during which the exchange offer is open, and delay acceptance for exchange of any Old Notes, by giving oral or written notice of such extension to the holders thereof as described below. During any such extension, all Old Notes previously tendered will remain subject to the exchange offer and may be accepted for exchange by us. Any Old Notes not accepted for exchange for any reason will be returned without expense to the tendering holder as promptly as practicable after the expiration or termination of the exchange offer.

Old Notes tendered in the exchange offer must be in denominations of principal amount of \$1,000 and any integral multiple thereof.

We expressly reserve the right to amend or terminate the exchange offer, and not to accept for exchange any Old Notes, upon the occurrence of any of the conditions of the exchange offer specified under "--Conditions to the Exchange Offer." We will give oral or written notice of any extension, amendment, non-acceptance or termination to the holders of the Old Notes as promptly as practicable. Such notice, in the case of any extension, will be issued by means of a press release or other public announcement no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled

Expiration Date.

### Procedures for Tendering Old Notes

The tender to us of Old Notes by you as set forth below and our acceptance of the Old Notes will constitute a binding agreement between us and you upon the terms and subject to the conditions set forth in this prospectus and in the accompanying letter of transmittal. Except as set forth below, to tender Old Notes for exchange pursuant to the exchange offer, you must transmit a properly completed and duly executed letter of transmittal, including all other documents required by such letter of transmittal or, in the case of a book-entry transfer, an agent's message in lieu of such letter of transmittal, to BNY Midwest Trust Company, as exchange agent, at the address set forth below under "Exchange Agent" on or prior to the Expiration Date. In addition, either:

- o certificates for such Old Notes must be received by the exchange agent along with the letter of transmittal,
- o a timely confirmation of a book-entry transfer (a "book-entry confirmation") of such Old Notes, if such procedure is available, into the exchange agent's account at DTC pursuant to the procedure for book-entry transfer described beginning on page 26 must be received by the exchange agent, prior to the Expiration Date, with the letter of transmittal or an agent's message in lieu of such letter of transmittal, or
- o the holder must comply with the guaranteed delivery procedures described below.

The term "agent's message" means a message, transmitted by DTC to and received by the exchange agent and forming a part of a book-entry confirmation, which states that DTC has received an express acknowledgment from the tendering participant stating that such participant has received and agrees to be bound by the letter of transmittal and that we may enforce such letter of transmittal against such participant.

24

The method of delivery of Old Notes, letters of transmittal and all other required documents is at your election and risk. If such delivery is by mail, it is recommended that you use registered mail, properly insured, with return receipt requested. In all cases, you should allow sufficient time to assure timely delivery. No letter of transmittal or Old Notes should be sent to us.

Signatures on a letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed unless the Old Notes surrendered for exchange are tendered:

- o by a holder of the Old Notes who has not completed the box entitled "Special Issuance Instructions" or "Special Delivery Instructions" on the letter of transmittal or
- o for the account of an Eligible Institution (as defined below)

In the event that signatures on a letter of transmittal or a notice of withdrawal are required to be guaranteed, such guarantees must be by a firm which is a member of the Securities Transfer Agent Medallion Program, the Stock Exchanges Medallion Program or the New York Stock Exchange Medallion Program (each such entity being hereinafter referred to as an "Eligible Institution"). If Old Notes are registered in the name of a person other than

## Edgar Filing: RITE AID CORP - Form 424B3

the signer of the letter of transmittal, the Old Notes surrendered for exchange must be endorsed by, or be accompanied by a written instrument or instruments of transfer or exchange, in satisfactory form as we or the exchange agent determine in our sole discretion, duly executed by the registered holders with the signature thereon guaranteed by an Eligible Institution.

We or the exchange agent in our sole discretion will make a final and binding determination on all questions as to the validity, form, eligibility (including time of receipt) and acceptance of Old Notes tendered for exchange. We reserve the absolute right to reject any and all tenders of any particular old note not properly tendered or to not accept any particular old note which acceptance might, in our judgment or our counsel's, be unlawful. We also reserve the absolute right to waive any defects or irregularities or conditions of the exchange offer as to any particular old note either before or after the Expiration Date (including the right to waive the ineligibility of any holder who seeks to tender Old Notes in the exchange offer). Our or the exchange agent's interpretation of the terms and conditions of the exchange offer as to any particular old note either before or after the Expiration Date (including the letter of transmittal and the instructions thereto) will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of Old Notes for exchange must be cured within a reasonable period of time, as we determine. We are not, nor is the exchange agent or any other person, under any duty to notify you of any defect or irregularity with respect to your tender of Old Notes for exchange, and no one will be liable for failing to provide such notification.

If the letter of transmittal is signed by a person or persons other than the registered holder or holders of Old Notes, such Old Notes must be endorsed or accompanied by powers of attorney signed exactly as the name(s) of the registered holder(s) that appear on the Old Notes.

If the letter of transmittal or any Old Notes or powers of attorneys are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing. Unless waived by us or the exchange agent, proper evidence satisfactory to us of their authority to so act must be submitted with the letter of transmittal.

By tendering Old Notes, you represent to us that the New Notes acquired pursuant to the exchange offer are being obtained in the ordinary course of business of the person receiving such New Notes, whether or not such person is the holder and that neither the holder nor such other person has any arrangement or understanding with any person, to participate in the distribution of the New Notes. If you are our "affiliate," as defined under Rule 405 under the Securities Act, and engage in or intend to engage in or have an arrangement or understanding with any person to participate in a distribution of such New Notes to be acquired pursuant to the exchange offer, you or any such other person:

- o could not rely on the applicable interpretations of the staff of the SEC and
- o must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

Each broker-dealer that receives New Notes for its own account in exchange for Old Notes, where such Old Notes were acquired by such broker-dealer as a

## Edgar Filing: RITE AID CORP - Form 424B3

result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such New Notes. See "Plan of Distribution." The letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

### Acceptance of Old Notes for Exchange; Delivery of New Notes

Upon satisfaction or waiver of all of the conditions to the exchange offer, we will accept, promptly after the Expiration Date, all Old Notes properly tendered and will issue the New Notes promptly after acceptance of the Old Notes. See "--Conditions to the Exchange Offer." For purposes of the exchange offer, we will be deemed to have accepted properly tendered Old Notes for exchange if and when we give oral (confirmed in writing) or written notice to the exchange agent.

The holder of each Old Note accepted for exchange will receive a new note in the amount equal to the surrendered Old Note. Accordingly, registered holders of New Notes on the relevant record date for the first interest payment date following the consummation of the exchange offer will receive interest accruing from the most recent date to which interest has been paid on the Old Notes. Holders of New Notes will not receive any payment in respect of accrued interest on Old Notes otherwise payable on any interest payment date, the record date for which occurs on or after the consummation of the exchange offer.

In all cases, issuance of New Notes for Old Notes that are accepted for exchange will be made only after timely receipt by the exchange agent of:

- o certificates for such Old Notes or a timely book-entry confirmation of such Old Notes into the exchange agent's account at DTC,
- o a properly completed and duly executed letter of transmittal or an agent's message in lieu thereof, and
- o all other required documents.

If any tendered Old Notes are not accepted for any reason set forth in the terms and conditions of the exchange offer or if Old Notes are submitted for a greater principal amount than the holder desires to exchange, such unaccepted or non-exchanged Old Notes will be returned without expense to the tendering holder (or, in the case of Old Notes tendered by book-entry transfer into the exchange agent's account at DTC pursuant to the book-entry procedures described below, such non-exchanged Old Notes will be credited to an account maintained with DTC) as promptly as practicable after the expiration or termination of the exchange offer.

### Book-Entry Transfers

For purposes of the exchange offer, the exchange agent will request that an account be established with respect to the Old Notes at DTC within two business days after the date of this prospectus, unless the exchange agent already has established an account with DTC suitable for the exchange offer. Any financial institution that is a participant in DTC may make book-entry delivery of Old Notes by causing DTC to transfer such Old Notes into the exchange agent's account at DTC in accordance with DTC's procedures for transfer. Although delivery of Old Notes may be effected through book-entry transfer at DTC, the letter of transmittal or facsimile thereof or an agent's message in lieu thereof, with any required signature guarantees and any other required documents, must, in any case, be transmitted to and received by the exchange agent at the address set forth under "--Exchange Agent" on or prior

## Edgar Filing: RITE AID CORP - Form 424B3

to the Expiration Date or the guaranteed delivery procedures described below must be complied with.

### Guaranteed Delivery Procedures

If you desire to tender your Old Notes and your Old Notes are not immediately available, or time will not permit your Old Notes or other required documents to reach the exchange agent before the Expiration Date, a tender may be effected if:

26

- o the tender is made through an Eligible Institution,
- o prior to the Expiration Date, the exchange agent received from such Eligible Institution a notice of guaranteed delivery, substantially in the form we provide (by telegram, telex, facsimile transmission, mail or hand delivery), setting forth your name and address, the amount of Old Notes tendered, stating that the tender is being made thereby and guaranteeing that within three New York Stock Exchange ("NYSE") trading days after the date of execution of the notice of guaranteed delivery, the certificates for all physically tendered Old Notes, in proper form for transfer, or a book-entry confirmation, as the case may be, together with a properly completed and duly executed appropriate letter of transmittal or facsimile thereof or agent's message in lieu thereof, with any required signature guarantees and any other documents required by the letter of transmittal will be deposited by such Eligible Institution with the exchange agent, and
- o the certificates for all physically tendered Old Notes, in proper form for transfer, or a book-entry confirmation, as the case may be, together with a properly completed and duly executed appropriate letter of transmittal or facsimile thereof or agent's message in lieu thereof, with any required signature guarantees and all other documents required by the letter of transmittal, are received by the exchange agent within three NYSE trading days after the date of execution of the notice of guaranteed delivery.

### Withdrawal Rights

You may withdraw your tender of Old Notes at any time prior to the Expiration Date. To be effective, a written notice of withdrawal must be received by the exchange agent at one of the addresses set forth under "--Exchange Agent." This notice must specify:

- o the name of the person having tendered the Old Notes to be withdrawn,
- o the Old Notes to be withdrawn (including the principal amount of such Old Notes), and
- o where certificates for Old Notes have been transmitted, the name in which such Old Notes are registered, if different from that of the withdrawing holder.

If certificates for Old Notes have been delivered or otherwise identified to the exchange agent, then, prior to the release of such certificates, the withdrawing holder must also submit the serial numbers of the particular certificates to be withdrawn and a signed notice of withdrawal with signatures guaranteed by an Eligible Institution, unless such holder is an Eligible Institution. If Old Notes have been tendered pursuant to the procedure for book-entry transfer described above, any notice of withdrawal must specify the

## Edgar Filing: RITE AID CORP - Form 424B3

name and number of the account at DTC to be credited with the withdrawn Old Notes and otherwise comply with the procedures of DTC.

We or the exchange agent will make a final and binding determination on all questions as to the validity, form and eligibility (including time of receipt) of such notices. Any Old Notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offer. Any Old Notes tendered for exchange but not exchanged for any reason will be returned to the holder without cost to such holder (or, in the case of Old Notes tendered by book-entry transfer into the exchange agent's account at DTC pursuant to the book-entry transfer procedures described above, such Old Notes will be credited to an account maintained with DTC for the Old Notes) as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn Old Notes may be retendered by following one of the procedures described under "--Procedures for Tendering Old Notes" above at any time on or prior to the Expiration Date.

### Conditions to the Exchange Offer

Notwithstanding any other provision of the exchange offer, we are not required to accept for exchange, or to issue New Notes in exchange for, any Old Notes and may terminate or amend the exchange offer, if any of the following events occur prior to acceptance of such Old Notes:

27

- (a) there is threatened, instituted or pending any action or proceeding before, or any injunction, order or decree has been issued by, any court or governmental agency or other governmental regulatory or administrative agency or commission,
  - (1) seeking to restrain or prohibit the making or consummation of the exchange offer or any other transaction contemplated by the exchange offer, or assessing or seeking any damages as a result thereof, or
  - (2) resulting in a material delay in our ability to accept for exchange or exchange some or all of the Old Notes pursuant to the exchange offer;

or any statute, rule, regulation, order or injunction has been sought, proposed, introduced, enacted, promulgated or deemed applicable to the exchange offer or any of the transactions contemplated by the exchange offer by any government or governmental authority, domestic or foreign, or any action has been taken, proposed or threatened, by any government, governmental authority, agency or court, domestic or foreign, that in our sole judgment might, directly or indirectly, result in any of the consequences referred to in clauses (1) or (2) above or, in our reasonable judgment, might result in the holders of New Notes having obligations with respect to resales and transfers of New Notes which are greater than those described in the interpretation of the SEC referred to on the cover page of this prospectus, or would otherwise make it inadvisable to proceed with the exchange offer; or

- (b) there has occurred:
  - (1) any general suspension of or general limitation on prices for, or trading in, securities on any national securities exchange or in the over-the-counter market,

## Edgar Filing: RITE AID CORP - Form 424B3

- (2) any limitation by a governmental agency or authority which may adversely affect our ability to complete the transactions contemplated by the exchange offer,
  - (3) a declaration of a banking moratorium or any suspension of payments in respect of banks in the United States or any limitation by any governmental agency or authority which adversely affects the extension of credit, or
  - (4) a commencement of a war, armed hostilities or other similar international calamity directly or indirectly involving the United States, or, in the case of any of the foregoing existing at the time of the commencement of the exchange offer, a material acceleration or worsening thereof; or
- (c) any change (or any development involving a prospective change) has occurred or is threatened in our business, properties, assets, liabilities, financial condition, operations, results of operations or prospects and our subsidiaries taken as a whole that, in our reasonable judgment, is or may be adverse to us, or we have become aware of facts that, in our reasonable judgment, have or may have adverse significance with respect to the value of the Old Notes or the New Notes;

which in our reasonable judgment in any case, and regardless of the circumstances (including any action by us) giving rise to any such condition, makes it inadvisable to proceed with the exchange offer and/or with such acceptance for exchange or with such exchange.

The foregoing conditions are for our sole benefit and may be asserted by us regardless of the circumstances giving rise to any condition or may be waived by us in whole or in part at any time in our reasonable discretion. Our failure at any time to exercise any of the foregoing rights will not be deemed a waiver of any such right and each such right will be deemed an ongoing right which may be asserted at any time.

In addition, we will not accept for exchange any Old Notes tendered, and no New Notes will be issued in exchange for any such Old Notes, if at such time any stop order is threatened or in effect with respect to the Registration Statement, of which this prospectus constitutes a part, or the qualification of the indenture under the Trust Indenture Act.

DELIVERY OF THE LETTER OF TRANSMITTAL TO AN ADDRESS OTHER THAN AS SET FORTH ABOVE OR TRANSMISSION OF SUCH LETTER OF TRANSMITTAL VIA FACSIMILE OTHER THAN AS SET FORTH ABOVE DOES NOT CONSTITUTE A VALID DELIVERY OF THE LETTER OF TRANSMITTAL.

### Fees and Expenses

The principal solicitation is being made by mail by BNY Midwest Trust Company, as exchange agent. We will pay the exchange agent customary fees for its services, reimburse the exchange agent for its reasonable out-of-pocket expenses incurred in connection with the provision of these services and pay other registration expenses, including fees and expenses of the trustee under the indenture relating to the notes, filing fees, blue sky fees and printing and distribution expenses. We will not make any payment to brokers, dealers or others soliciting acceptances of the exchange offer.

Additional solicitation may be made by telephone, facsimile or in person by our and our affiliates' officers and regular employees and by persons so engaged by the exchange agent.

### Accounting Treatment

We will record the New Notes at the same carrying value as the Old Notes, as reflected in our accounting records on the date of the exchange. Accordingly, we will not recognize any gain or loss for accounting purposes. The expenses of the exchange offer will be amortized over the term of the New Notes.

### Transfer Taxes

You will not be obligated to pay any transfer taxes in connection with the tender of Old Notes in the exchange offer unless you instruct us to register New Notes in the name of, or request that Old Notes not tendered or not accepted in the exchange offer be returned to, a person other than the registered tendering holder. In those cases, you will be responsible for the payment of any applicable transfer tax.

### Consequences of Exchanging or Failing to Exchange Old Notes

If you do not exchange your Old Notes for New Notes in the exchange offer, your Old Notes will continue to be subject to the provisions of the indenture relating to the notes regarding transfer and exchange of the Old Notes and the restrictions on transfer of the Old Notes described in the legend on your certificates. These transfer restrictions are required because the Old Notes were issued under an exemption from, or in

transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws. In general, the Old Notes may not be offered or sold unless registered under the Securities Act, except under an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We do not plan to register the Old Notes under the Securities Act. Based on interpretations by the staff of the SEC, as

## Edgar Filing: RITE AID CORP - Form 424B3

set forth in no-action letters issued to third parties, we believe that the New Notes you receive in the exchange offer may be offered for resale, resold or otherwise transferred without compliance with the registration and prospectus delivery provisions of the Securities Act. However, you will not be able to freely transfer the New Notes if:

- o you are our "affiliate," as defined in Rule 405 under the Securities Act;
- o you are not acquiring the New Notes in the exchange offer in the ordinary course of your business,
- o you have an arrangement or understanding with any person to participate in the distribution, as defined in the Securities Act, of the New Notes you will receive in the exchange offer, or
- o you are a participating broker-dealer.

We do not intend to request the SEC to consider, and the SEC has not considered, the exchange offer in the context of a similar no-action letter. As a result, we cannot guarantee that the staff of the SEC would make a similar determination with respect to the exchange offer as in the circumstances described in the no-action letters discussed above. Each holder, other than a broker-dealer, must acknowledge that it is not engaged in, and does not intend to engage in, a distribution of New Notes and has no arrangement or understanding to participate in a distribution of New Notes. If you are our affiliate, are engaged in or intend to engage in a distribution of the New Notes or have any arrangement or understanding with respect to the distribution of the New Notes you will receive in the exchange offer, you may not rely on the applicable interpretations of the staff of the SEC and you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction involving the New Notes. If you are a participating broker-dealer, you must acknowledge that you will deliver a prospectus in connection with any resale of the New Notes. In addition, to comply with state securities laws, you may not offer or sell the New Notes in any state unless they have been registered or qualified for sale in that state or an exemption from registration or qualification is available and is complied with. The offer and sale of the New Notes to "qualified institutional buyers"--as defined in Rule 144A of the Securities Act--is generally exempt from registration or qualification under state securities laws. We do not plan to register or qualify the sale of the New Notes in any state where an exemption from registration or qualification is required and not available.

30

### DESCRIPTION OF THE NEW NOTES

We will issue the New Notes under the Indenture, dated June 27, 2001, among BNY Midwest Trust Company, the trustee, us and our subsidiaries that will guarantee the New Notes. This is the same Indenture under which the Old Notes were issued.

Several terms used in this description are defined as set forth under "--Certain Definitions." In this description, the words "we," "us," "our" and similar expressions refer only to Rite Aid Corporation and not to any of our subsidiaries.

The following description is only a summary of the material provisions of the Indenture. We urge you to read the Indenture because it, not this

## Edgar Filing: RITE AID CORP - Form 424B3

description, defines your rights as holders of the New Notes. You may request copies of the Indenture at our address set forth under the heading "Where You Can Find More Information."

### New Notes Versus Old Notes

The New Notes are substantially identical to the Old Notes, except that the transfer restrictions and registration rights relating to the Old Notes do not apply to the New Notes.

### Principal, Maturity and Interest

The New Notes will mature on July 1, 2008. We are issuing \$150.0 million aggregate principal amount of New Notes now.

Interest on the New Notes will accrue at a rate of 11 1/4% per annum and will be payable semi-annually in arrears on January 1 and July 1, commencing on January 1, 2002. We will pay interest to those persons who were holders of record on the June 15 or December 15 immediately preceding each interest payment date.

Interest on the New Notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

### Ranking

The New Notes will be:

- o our senior unsecured obligations; and
- o equal in ranking ("pari passu") with all of our existing and future unsubordinated, unsecured debt.

We only have a stockholder's claim in the assets of our subsidiaries. This stockholder's claim is junior to the claims that creditors of our subsidiaries have against our subsidiaries. Holders of the New Notes will only be our creditors. Our Subsidiaries conduct substantially all of our operations and own a substantial portion of our assets. All the existing and future liabilities of these subsidiaries, including any claims of trade creditors and preferred stockholders, will be effectively senior to the New Notes. Further, because a significant portion of our debt is guaranteed by our Subsidiaries and those guarantees are secured by the assets of our Subsidiaries, the holders of that debt will be effectively senior to the New Notes.

Our subsidiaries have significant liabilities, including contingent liabilities. As of September 1, 2001, after giving effect to the Refinancing Transactions, we had approximately \$3.4 billion of indebtedness to which the New Notes would have been structurally subordinated in right of payment. This amount includes the \$1.7 billion of debt guaranteed by our Subsidiaries. The Indenture contains limitations on the amount of additional Debt that we and the Restricted Subsidiaries may incur. However, the amounts of this additional Debt could nevertheless be substantial and it may be incurred by our Subsidiaries.

The New Notes are our obligations exclusively. As our subsidiaries conduct substantially all our operations, our ability to service our debt, including the New Notes, is dependent upon the earnings of our subsidiaries, and their ability to distribute those earnings as dividends, loans or other payments to us. Certain

laws restrict the ability of our subsidiaries to pay us dividends or make loans and advances to us. Any of the situations described above could make it more difficult for us to service our debt.

The New Notes will be our unsecured obligations. Our Secured Debt will be effectively senior to the New Notes to the extent of the value of the assets securing this Debt.

See "Risk Factors--Risks related to the Exchange Offer and holding the New Notes" and "Description of Other Indebtedness."

#### Optional Redemption

We may choose to redeem the New Notes at any time. If we do so, we may redeem all or any portion of the New Notes, at once or over time, after giving the required notice under the Indenture.

To redeem the New Notes prior to July 1, 2005, we must pay a redemption price equal to 100% of the principal amount of the New Notes to be redeemed plus the Applicable Premium as of, and accrued and unpaid interest, if any, to, the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date). Any notice to holders of New Notes of such a redemption needs to include the appropriate calculation of the redemption price, but does not need to include the redemption price itself. The actual redemption price must be set forth in an Officers' Certificate delivered to the Trustee no later than two business days prior to the redemption date.

"Applicable Premium" means, with respect to any New Note on any redemption date, the greater of (i) 1.0% of the principal amount of such New Note and (ii) the excess of (A) the present value at such redemption date of (1) the redemption price of such Note at July 1, 2005 (such redemption price being set forth in the table below) plus (2) all required interest payments due on such Note through July 1, 2005 (excluding accrued but unpaid interest), computed using a discount rate equal to the Treasury Rate on such redemption date plus 75 basis points over (B) the principal amount of such New Note.

"Treasury Rate" means, as of any redemption date, the yield to maturity as of such redemption date of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15 (519) that has become publicly available at least two business days prior to the redemption date (or, if such statistical release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from the redemption date to July 1, 2005; provided, however, that if the period from the redemption date to July 1, 2005 is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year shall be used.

Beginning on July 1, 2005, the New Notes may be redeemed at the redemption prices set forth below, plus accrued and unpaid interest, if any, to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date). The following prices are for New Notes redeemed during the 12-month period commencing on July 1 of the years set forth below, and are expressed as percentages of principal amount:

## Edgar Filing: RITE AID CORP - Form 424B3

REDEMPTION YEAR -----	PRICE -----
2005	105.625%
2006	102.813%
2007 and thereafter	100.000%

In addition, at any time and from time to time, prior to July 1, 2004, we may redeem up to a maximum of 35% of the original aggregate principal amount of the New Notes (including Additional Notes, if any) with the proceeds of one or more Equity Offerings, at a redemption price equal to 111.25% of the principal amount thereof, plus accrued and unpaid interest thereon, if any, to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date); provided, however, that after giving effect to any such redemption, at least 65% of the original aggregate principal amount of the New Notes (including Additional Notes, if any) remains outstanding. Any such

32

redemption shall be made within 75 days of the completion of such Equity Offering upon not less than 30 nor more than 60 days' prior notice.

If the optional redemption date is on or after a record date and on or before the relevant interest payment date, the accrued and unpaid interest, if any, will be paid to the person or entity in whose name the Note is registered at the close of business on that record date, and no additional interest will be payable to holders whose New Notes shall be subject to redemption.

### Sinking Fund

There will be no mandatory sinking fund payments for the New Notes.

### Repurchase at the Option of Holders Upon a Change of Control

Upon the occurrence of a Change of Control, each holder of the New Notes will have the right to require us to repurchase all or any part of such holder's New Notes pursuant to the offer described below (the "Change of Control Offer") at a purchase price (the "Change of Control Purchase Price") equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the purchase date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date). If the purchase date is on or after a record date and on or before the relevant interest payment date, the accrued and unpaid interest, if any, will be paid to the person or entity in whose name the Note is registered at the close of business on that record date, and no additional interest will be payable to holders whose New Notes shall be subject to redemption.

Within 30 days following any Change of Control, we shall:

- (a) cause a notice of the Change of Control Offer to be sent at least once to the Dow Jones News Service or similar business news service in the United States; and
- (b) send, by first-class mail, with a copy to the Trustee, to each holder of the New Notes, at such holder's address appearing in the register for the New Notes, a notice stating:

## Edgar Filing: RITE AID CORP - Form 424B3

- (1) that a Change of Control has occurred and a Change of Control Offer is being made pursuant to the covenant entitled "Repurchase at the Option of Holders Upon a Change of Control" and that all New Notes timely tendered will be accepted for payment;
- (2) the Change of Control Purchase Price and the purchase date, which shall be, subject to any contrary requirements of applicable law, a business day no earlier than 30 days nor later than 60 days from the date such notice is mailed;
- (3) the circumstances and relevant facts regarding the Change of Control (including, to the extent reasonably practicable, information with respect to pro forma historical income, cash flow and capitalization after giving effect to the Change of Control); and
- (4) the procedures that holders of the New Notes must follow in order to tender their New Notes (or portions thereof) for payment, and the procedures that holders of the New Notes must follow in order to withdraw an election to tender the New Notes (or portions thereof) for payment.

We will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of the New Notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the covenant described above, we will comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under this covenant by virtue of such compliance.

The Change of Control repurchase feature is a result of negotiations between us and the Initial Purchasers. Management has no present intention to engage in a transaction involving a Change of Control, although it is possible that we would decide to do so in the future. Subject to the covenants described below, we could, in the future, enter into transactions, including acquisitions, refinancings or other recapitalizations,

33

that would not constitute a Change of Control under the Indenture, but that could increase the amount of debt outstanding at such time or otherwise affect our capital structure or credit ratings.

The definition of Change of Control includes a phrase relating to the sale, transfer, assignment, lease, conveyance or other disposition of "all or substantially all" our assets. Although there is a developing body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, if we dispose of less than all our assets by any of the means described above, the ability of a holder of the New Notes to require us to repurchase its New Notes may be uncertain. In such a case, holders of the New Notes may not be able to resolve this uncertainty without resorting to legal action.

The Senior Credit Facility provides that the occurrence of certain of the events that would constitute a Change of Control would constitute a default under such facility.

Other future debt we incur may contain prohibitions of events that would

## Edgar Filing: RITE AID CORP - Form 424B3

constitute a Change of Control or that would require such debt to be repurchased upon a Change of Control. Moreover, the exercise by holders of New Notes of their right to require us to repurchase their New Notes could cause a default under existing or future debt we incur, even if the Change of Control itself does not result in a default under existing or future debt, due to the financial effect of such repurchase on us. Finally, our ability to pay cash to holders of New Notes upon a repurchase may be limited by our financial resources at the time of such repurchase. Therefore, we cannot assure you that sufficient funds will be available when necessary to make any required repurchases. Our failure to purchase New Notes in connection with a Change of Control would result in a default under the Indenture. Such a default would, in turn, constitute a default under our existing debt, and may constitute a default under future debt as well. Our obligation to make an offer to repurchase the New Notes as a result of a Change of Control may be waived or modified at any time prior to the occurrence of such Change of Control with the written consent of the holders of a majority in aggregate principal amount of the outstanding New Notes. See "--Amendments and Waivers."

### Restrictive Covenants

Limitation on Debt. We will not, and will not permit any Restricted Subsidiary to, incur, directly or indirectly, any Debt unless, after giving effect to the application of the proceeds thereof, no Default or Event of Default would occur as a consequence of such Incurrence and no Default or Event of Default would be continuing following such Incurrence and application of proceeds and either:

- (1) after giving effect to the Incurrence of such Debt and the application of the proceeds thereof, the Consolidated Interest Coverage Ratio would be greater than (i) if such Incurrence occurs within two years of the Issue Date, 1.75 to 1.00 or (ii) if such Incurrence occurs at any time thereafter, 2.00 to 1.00 provided that, if such Debt is Debt of a Restricted Subsidiary then, simultaneously with the Incurrence of such Debt, the Restricted Subsidiary executes and delivers a supplemental indenture providing for a full and unconditional Guarantee of payment of the New Notes by such Restricted Subsidiary; or
- (2) such Debt is Permitted Debt.

The term "Permitted Debt" is defined to include the following:

- (g) Debt under Interest Rate Agreements entered into by us or a Restricted Subsidiary for the purpose of limiting interest rate risk in the ordinary course of the financial management of us or such Restricted Subsidiary and not for speculative purposes, provided that the obligations under such agreements are directly related to payment obligations on Debt otherwise permitted by the terms of this covenant;

For purposes of determining compliance with this covenant, (1) in the event that an item of Debt meets the criteria of more than one of the types of Debt described herein, we, in our sole discretion, will classify such item of Debt at the time of Incurrence and only be required to include the amount and type of such Debt in one of the above clauses and (2) we will be entitled at the time of such Incurrence to divide and classify an item of Debt in more than one of the types of Debt described herein; provided, however, that (x) all outstanding Debt under the Senior Credit Facility immediately following the Issue Date will be deemed to have been incurred pursuant to clause (b) of the second paragraph of this covenant and (y) any Permitted Debt may later be reclassified as having been Incurred pursuant to any other clause of the second paragraph

36

of this covenant to the extent such Debt could be Incurred pursuant to such clause at the time of such reclassification.

Limitation on Restricted Payments. We will not make, and will not permit any Restricted Subsidiary to make, directly or indirectly, any Restricted Payment if at the time of, and after giving effect to, such proposed Restricted Payment:

based upon Fair Market Value) would exceed an amount equal to the sum of:

- (1) 50% of the aggregate amount of Consolidated Net Income accrued during the period (treated as one accounting period) from the beginning of the first fiscal quarter that commences after the Issue Date occurs to the end of the most recent fiscal quarter for which financial statements have been filed with the SEC (or if the aggregate amount of Consolidated Net Income for such period shall be a deficit, minus 100% of such deficit); plus
- (2) 100% of Capital Stock Sale Proceeds; plus
- (3) the sum of:
  - (A) the aggregate net cash proceeds received by us or any Restricted Subsidiary from the issuance or sale after the Issue Date of convertible or exchangeable Debt that has been converted into or exchanged for Capital Stock (other than Disqualified Stock) of us; and
  - (B) the aggregate amount by which Debt (other than Subordinated Obligations) of us or any Restricted Subsidiary is reduced on our consolidated balance sheet after the Issue Date upon the conversion or exchange of any Debt (other than convertible or exchangeable debt issued or sold after the Issue Date) for our Capital Stock (other than Disqualified Stock);

excluding, in the case of clause (A) or (B):

- (x) any such Debt issued or sold to us or a Subsidiary of us or an employee stock ownership plan or trust established by us or any such Subsidiary for the benefit of their employees; and

## Edgar Filing: RITE AID CORP - Form 424B3

Notwithstanding the foregoing limitation, we may:

- (a) pay dividends on its Capital Stock within 60 days of the declaration thereof if, on said declaration date, such dividends could have been paid in compliance with the Indenture; provided, however, that at the time of such payment of such dividend, no other Default or Event of Default shall have occurred and be continuing (or result therefrom); provided further, however, that such dividend shall be included in the calculation of the amount of Restricted Payments;
- (b) purchase, repurchase, redeem, legally defease, acquire or retire for value our Capital Stock or Subordinated Obligations in exchange for, or out of the proceeds of the substantially concurrent sale of, our Capital Stock (other than Disqualified Stock and other than Capital Stock issued or sold to any of our Subsidiaries of the Company or an employee stock ownership plan or trust established by us or any such Subsidiary for the benefit of their employees); provided, however, that:
  - (1) such purchase, repurchase, redemption, legal defeasance, acquisition or retirement shall be excluded in the calculation of the amount of Restricted Payments; and
  - (2) the Capital Stock Sale Proceeds from such exchange or sale shall be excluded from the calculation pursuant to clause (c) (2) above;
- (c) purchase, repurchase, redeem, legally defease, acquire or retire for value any Subordinated Obligations in exchange for, or out of the proceeds of the substantially concurrent sale of, Permitted Refinancing Debt; provided, however, that such purchase, repurchase, redemption, legal defeasance, acquisition or retirement shall be excluded in the calculation of the amount of Restricted Payments;
- (d) so long as no Default or Event of Default shall have occurred or be continuing, declare and pay dividends to the holders of Series B Preferred Stock, Series C Preferred Stock, Class A Cumulative Preferred Stock, Class C Cumulative Preferred Stock and Class D Cumulative Preferred Stock outstanding on the Issue Date or issued after the Issue Date solely in payment of dividends on the same class of stock; provided, however, that such dividends shall be included in the calculation of the amount of Restricted Payments;
- (e) so long as no Default or Event of Default has occurred and is continuing the repurchase or other acquisition of shares of or options to purchase shares of, Capital Stock of us or any of our Subsidiaries from employees, former employees, directors or former directors of us or any of our Subsidiaries (or permitted transferees of such employees, former employees, directors or former directors), pursuant to the terms of the agreements (including employment agreements) or plans (or amendments thereto) approved by the Board of Directors under which such individuals purchase or sell or are granted the option to purchase or sell, shares of such Capital Stock; provided, however, that the aggregate amount of such repurchases and other acquisitions shall not exceed \$10 million; provided further, however, that such repurchases and other acquisitions shall be included in the calculation of the amount of Restricted Payments;
- (f) make payments not to exceed \$1 million in the aggregate to enable us to make payments to holders of our Capital Stock in lieu of the

## Edgar Filing: RITE AID CORP - Form 424B3

issuance of fractional shares of our Capital Stock; provided, however, that such payments shall be included in the calculation of the amount of Restricted Payments; and

- (g) make any other Restricted Payments not to exceed an aggregate amount of \$25 million; provided, however, that such payments shall be included in the calculation of the amount of Restricted Payments.

Limitation on Liens. We will not, and will not permit any Restricted Subsidiary to, directly or indirectly, Incur or suffer to exist, any Lien (other than Permitted Liens) upon any of its Property (including Capital Stock of a Restricted Subsidiary), whether owned at the Issue Date or thereafter acquired, or any interest therein or any income or profits therefrom, unless we have made or will make effective provision whereby the New Notes will be secured by such Lien equally and ratably with (or prior to) all of our other Debt or any Restricted Subsidiary secured by such Lien.

38

Limitation on Asset Sales. We will not, and will not permit any Restricted Subsidiary to, directly or indirectly, consummate any Asset Sale unless:

- (a) we or such Restricted Subsidiary receive consideration at the time of such Asset Sale at least equal to the Fair Market Value of the Property subject to such Asset Sale;
- (b) at least 75% of the consideration paid to us or such Restricted Subsidiary in connection with such Asset Sale is in the form of Qualified Consideration; and
- (c) we deliver an Officers' Certificate to the Trustee certifying that such Asset Sale complies with the foregoing clauses (a) and (b).

The Net Available Cash (or any portion thereof) from Asset Sales may be applied by us or a Restricted Subsidiary, to the extent we or such Restricted Subsidiary elect (or is required by the terms of any Debt):

- (a) to Repay the Credit Facilities, the Existing 10.5% Notes, the New 12.5% Notes or any other Debt of us or any Restricted Subsidiary secured by a Lien on our Property or any of our Restricted Subsidiaries of (excluding, in any such case, any Debt owed to of our or any of our Affiliates ); or
- (b) to reinvest in Additional Assets or Expansion Capital Expenditures (including by means of an Investment in Additional Assets or Expansion Capital Expenditures by a Restricted Subsidiary with Net Available Cash received by us or another Restricted Subsidiary); provided, however, that the Net Available Cash (or any portion thereof) from Asset Sales from us to any Subsidiary must be reinvested in Additional Assets or Expansion Capital Expenditures of us.

Pending application of Net Available Cash pursuant to this covenant, which shall not be required in respect of an Asset Sale if the Net Available Cash from such Asset Sale is less than \$1 million, such Net Available Cash shall be invested in Temporary Cash Investments or applied to temporarily reduce revolving credit indebtedness. If the Net Available Cash from an Asset Sale equals or exceeds \$1 million, any Net Available Cash from such Asset Sale not applied in accordance with the preceding paragraph within 270 days from the date of the receipt of such Net Available Cash or that is not segregated from

## Edgar Filing: RITE AID CORP - Form 424B3

our general funds for investment in identified Additional Assets in respect of a project that shall have been commenced, and for which binding contractual commitments have been entered into, prior to the end of such 270-day period and that shall not have been completed or abandoned shall constitute "Excess Proceeds;" provided, however, that the amount of any Net Available Cash that ceases to be so segregated as contemplated above and any Net Available Cash that is segregated in respect of a project that is abandoned or completed shall also constitute "Excess Proceeds" at the time any such Net Available Cash ceases to be so segregated or at the time the relevant project is so abandoned or completed, as applicable; provided further, however, that the amount of any Net Available Cash that continues to be segregated for investment and that is not actually reinvested within 24 months from the date of the receipt of such Net Available Cash shall also constitute "Excess Proceeds."

When the aggregate amount of Excess Proceeds exceeds \$20.0 million (taking into account income earned on such Excess Proceeds, if any), we will be required to make an offer to purchase (the "Prepayment Offer") the New Notes which offer shall be in the amount of the Allocable Excess Proceeds, on a pro rata basis according to principal amount at maturity, at a purchase price equal to 100% of the principal amount thereof, plus accrued and unpaid interest, if any, to the purchase date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), in accordance with the procedures (including prorating in the event of oversubscription) set forth in the Indenture. To the extent that any portion of the amount of Net Available Cash remains after compliance with the preceding sentence and provided that all holders of the New Notes have been given the opportunity to tender their New Notes for purchase in accordance with the Indenture, we or such Restricted Subsidiary may use such remaining amount for any purpose permitted by the Indenture and the amount of Excess Proceeds will be reset to zero.

The term "Allocable Excess Proceeds" will mean the product of:

- (a) the Excess Proceeds; and
- (b) a fraction,

39

- (1) the numerator of which is the aggregate principal amount of the New Notes outstanding on the date of the Prepayment Offer; and
- (2) the denominator of which is the sum of the aggregate principal amount of the New Notes outstanding on the date of the Prepayment Offer and the aggregate principal amount of our other Debt outstanding on the date of the Prepayment Offer that is pari passu in right of payment with the New Notes and subject to terms and conditions in respect of Asset Sales similar in all material respects to the covenant described hereunder and requiring us to make an offer to purchase such Debt or otherwise repay such Debt at substantially the same time as the Prepayment Offer.

Within five business days after we are obligated to make a Prepayment Offer as described in the preceding paragraph, we will send a written notice, by first-class mail, to the holders of New Notes, accompanied by such information regarding the Company and its Subsidiaries as we in good faith believe will enable such holders to make an informed decision with respect to such Prepayment Offer. Such notice shall state, among other things, the purchase

## Edgar Filing: RITE AID CORP - Form 424B3

price and the purchase date, which shall be, subject to any contrary requirements of applicable law, a business day no earlier than 30 days nor later than 60 days from the date such notice is mailed.

We will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of New Notes pursuant to the covenant described hereunder. To the extent that the provisions of any securities laws or regulations conflict with provisions of the covenant described hereunder, we will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the covenant described hereunder by virtue thereof.

Limitation on Restrictions on Distributions from Restricted Subsidiaries. We will not, and will not permit any Restricted Subsidiary to, directly or indirectly, create or otherwise cause or suffer to exist any consensual restriction on the right of any Restricted Subsidiary to:

- (a) pay dividends, in cash or otherwise, or make any other distributions on or in respect of its Capital Stock, or pay any Debt or other obligation owed, to us or any other Restricted Subsidiary;
- (b) make any loans or advances to us or any other Restricted Subsidiary; or
- (c) transfer any of its Property to us or any other Restricted Subsidiary.

The foregoing limitations will not apply:

- (1) with respect to clauses (a), (b) and (c), to restrictions:
  - (A) in effect on the Issue Date including those under the Refinancing Transactions;
  - (B) relating to Debt of a Restricted Subsidiary and existing at the time it became a Restricted Subsidiary if such restriction was not created in connection with or in anticipation of the transaction or series of transactions pursuant to which such Restricted Subsidiary became a Restricted Subsidiary or was acquired by us;
  - (C) that result from the Refinancing of Debt Incurred pursuant to an agreement referred to in clause (1) (A) or (B) above or in clause (2) (A) or (B) below, provided such restriction is no less favorable to the holders of New Notes in any material respect, as reasonably determined by the Board of Directors (as evidenced by a resolution of the Board of Directors), than those under the agreement evidencing the Debt so Refinanced;
  - (D) resulting from the Incurrence of any Permitted Debt described in the second paragraph of the covenant described under "--Limitation on Debt," provided that (i) the restriction is no less favorable to the holders of New Notes in any material respect, as reasonably determined by the Board of Directors (as evidenced by a resolution of the Board of Directors), than the restrictions of the same type contained in the Indenture and (ii) the Board of Directors determines (as evidenced by a resolution of the Board of Directors) in

good faith that such restrictions will not impair the ability of us to make payments of principal and interest on the New Notes when due;

- (E) existing by reason of applicable law; or
- (F) any contractual requirements incurred with respect to Qualified Receivables Transactions relating exclusively to a Receivables Entity that, in the good faith determination of our Board of Directors, are customary for Qualified Receivables Transactions; and

(2) with respect to clause (c) only, to restrictions:

- (A) relating to Debt that is permitted to be Incurred and secured without also securing the New Notes pursuant to the covenants described under "--Limitation on Debt" and "--Limitation on Liens" that limit the right of the debtor to dispose of the Property securing such Debt;
- (B) encumbering Property at the time such Property was acquired by us or any Restricted Subsidiary, so long as such restriction relates solely to the Property so acquired and was not created in connection with or in anticipation of such acquisition;
- (C) resulting from customary provisions restricting subletting or assignment of leases or customary provisions in other agreements that restrict assignment of such agreements or rights thereunder; or
- (D) customary restrictions contained in agreements relating to the sale or other disposition of Property limiting the transfer of such Property pending the closing of such sale.

Limitation on Transactions with Affiliates. We will not, and will not permit any Restricted Subsidiary to, directly or indirectly, conduct any business or enter into or suffer to exist any transaction or series of transactions (including the purchase, sale, transfer, assignment, lease, conveyance or exchange of any Property or the rendering of any service) with, or for the benefit of, any of our Affiliates (an "Affiliate Transaction"), unless:

- (a) the terms of such Affiliate Transaction are:
  - (1) set forth in writing;
  - (2) in the best interest of us or such Restricted Subsidiary, as the case may be; and
  - (3) no less favorable to us or such Restricted Subsidiary, as the case may be, than those that could be obtained in a comparable arm's-length transaction with a Person that is not one of our Affiliates;
- (b) if such Affiliate Transaction involves aggregate payments or value in excess of \$25.0 million, the Board of Directors (including a majority of the disinterested members of the Board of Directors) approves such Affiliate Transaction and, in its good faith judgment,

## Edgar Filing: RITE AID CORP - Form 424B3

believes that such Affiliate Transaction complies with clauses (a)(2) and (3) of this paragraph as evidenced by a Board Resolution promptly delivered to the Trustee; and

- (c) if such Affiliate Transaction involves aggregate payments or value to the Affiliate in excess of \$50.0 million in any 12-month period, we obtain a written opinion from an Independent Financial Advisor to the effect that the consideration to be paid or received in connection with such Affiliate Transaction is fair, from a financial point of view, to us and the Restricted Subsidiaries, taken as a whole.

Notwithstanding the foregoing limitation, we or any Restricted Subsidiary may enter into or suffer to exist the following:

- (a) any transaction or series of transactions between us and one or more Restricted Subsidiaries or between two or more Restricted Subsidiaries in the ordinary course of business, provided that no more than 5% of the total voting power of the Voting Stock (on a fully diluted basis) of any such Restricted Subsidiary is owned by any of our Affiliates (other than a Restricted Subsidiary);

41

- (b) any Restricted Payment permitted to be made pursuant to the covenant described under "---Limitation on Restricted Payments" or any Permitted Investment (other than pursuant to clauses (a)(iii), (b), (g), (h), (i), (k) or (l) of the definition of "Permitted Investment");
- (c) the payment of compensation (including amounts paid pursuant to employee benefit plans) for the personal services of and related indemnities provided to officers, directors, consultants and employees of us or any of the Restricted Subsidiaries, so long as the Board of Directors in good faith shall have approved the terms thereof and deemed the services theretofore or thereafter to be performed for such compensation to be fair consideration therefor;
- (d) loans and advances to employees made in the ordinary course of business and consistent with our past practices or those of such Restricted Subsidiary, as the case may be, provided that such loans and advances do not exceed \$25 million in the aggregate at any one time outstanding;
- (e) any transaction effected as part of a Qualified Receivables Transaction or any transaction involving the transfer of accounts receivable of the type specified in the definition of "Credit Facilities" and permitted under clause (b) of the second paragraph of the covenant described under "---Limitation on Debt;"
- (f) payments of customary fees by us or any of our Restricted Subsidiaries to Leonard Green & Partners L.P. or any of its Affiliates made for any corporate advisory services or financial advisory, financing, underwriting or placement services or in respect of other investment banking activities including, without limitation, in connection with acquisitions or divestitures, which are approved by a majority of the Board of Directors in good faith;
- (g) if such Affiliate Transaction is with any Person solely in its capacity as a holder of Debt or Capital Stock of us or any of our Restricted Subsidiaries, where such Person is treated no more favorably than any other holder of such Debt or Capital Stock of us or any of our Restricted Subsidiaries; and

## Edgar Filing: RITE AID CORP - Form 424B3

- (h) any agreement as in effect on the Issue Date or any amendment thereto (so long as such amendment is not disadvantageous to the holders of the New Notes in any material respect) or any transaction contemplated thereby.

Limitation on Sale and Leaseback Transactions. We shall not, and shall not permit any Restricted Subsidiary to, enter into any Sale and Leaseback Transaction with respect to any Property unless:

- (a) we or such Restricted Subsidiary would be entitled to:
  - (1) Incur Debt in an amount equal to the Attributable Debt with respect to such Sale and Leaseback Transaction pursuant to the covenant described under "--Limitation on Debt;" and
  - (2) create a Lien on such Property securing such Attributable Debt without also securing the New Notes pursuant to the covenant described under "--Limitation on Liens," and
- (b) such Sale and Leaseback Transaction is effected in compliance with the covenant described under "--Limitation on Asset Sales," provided that such Sale and Leaseback Transaction constitutes an Asset Sale.

Designation of Restricted and Unrestricted Subsidiaries. The Board of Directors may designate any of our Subsidiaries to be an Unrestricted Subsidiary if:

- (a) the Subsidiary to be so designated does not own any Capital Stock or Debt of, or own or hold any Lien on any Property of, us or any other Restricted Subsidiary; and
- (b) either:
  - (1) the Subsidiary to be so designated has total assets of \$1,000 or less; or
  - (2) such designation is effective immediately upon such entity becoming one of our Subsidiaries.

42

Unless so designated as an Unrestricted Subsidiary, any Person that becomes one of our Subsidiaries will be classified as a Restricted Subsidiary; provided, however, that such Subsidiary shall not be designated a Restricted Subsidiary and shall be automatically classified as an Unrestricted Subsidiary if either of the requirements set forth in clauses (x) and (y) of the second immediately following paragraph will not be satisfied after giving pro forma effect to such classification as a Restricted Subsidiary or if such Person is a Subsidiary of an Unrestricted Subsidiary.

Except as provided in the first sentence of the preceding paragraph, no Restricted Subsidiary may be redesignated as an Unrestricted Subsidiary. In addition, neither we nor any Restricted Subsidiary shall at any time be directly or indirectly liable for any Debt that provides that the holder thereof may (with the passage of time or notice or both) declare a default thereon or cause the payment thereof to be accelerated or payable prior to its Stated Maturity upon the occurrence of a default with respect to any Debt, Lien or other obligation of any Unrestricted Subsidiary (including any right to take enforcement action against such Unrestricted Subsidiary).

## Edgar Filing: RITE AID CORP - Form 424B3

The Board of Directors may designate any Unrestricted Subsidiary to be a Restricted Subsidiary if, immediately after giving pro forma effect to such designation, (x) we could Incur at least \$1.00 of additional Debt pursuant to clause (1) of the first paragraph of the covenant described under "--Limitation on Debt," and (y) no Default or Event of Default shall have occurred and be continuing or would result therefrom.

Any such designation or redesignation by the Board of Directors will be evidenced to the Trustee by filing with the Trustee a Board Resolution giving effect to such designation or redesignation and an Officers' Certificate that:

(a) certifies that such designation or redesignation complies with the foregoing provisions; and

(b) gives the effective date of such designation or redesignation,

such filing with the Trustee to occur within 45 days after the end of our fiscal quarter in which such designation or redesignation is made (or, in the case of a designation or redesignation made during the last fiscal quarter of our fiscal year, within 90 days after the end of such fiscal year).

Limitation on Guarantees by Restricted Subsidiaries. We shall not permit any Restricted Subsidiary to Guarantee the payment of any of our Debt or Capital Stock (other than Guarantees of Debt incurred under clause (a), (b), (c), (d) or (1) of the second paragraph of the covenant described under "Restrictive Covenants--Limitation on Debt" or Guarantees permitted pursuant to clause (j) of such second paragraph or Guarantees permitted by clause (s) of such second paragraph as it relates to clause (d) of such second paragraph), except that a Restricted Subsidiary may Guarantee our Debt provided that:

(a) such Debt and the Debt represented by such Guarantee is permitted by the covenant described under "Restrictive Covenants--Limitation on Debt;"

(b) such Restricted Subsidiary simultaneously executes and delivers a supplemental indenture to the indenture providing for a Guarantee of payment of the New Notes by such Restricted Subsidiary and such Guarantee of our Debt:

(1) unless such Debt is a Subordinated Obligation, shall be pari passu (or subordinate) in right of payment to and on substantially the same terms as (or less favorable to such Debt than) such Restricted Subsidiary's Guarantee with respect to the New Notes; and

(2) if such Debt is a Subordinated Obligation, shall be subordinated in right of payment to such Restricted Subsidiary's Guarantee with respect to the New Notes to at least the same extent as such Debt is subordinated to the New Notes; and

(c) such Restricted Subsidiary shall deliver to the trustee an Opinion of Counsel to the effect that:

(1) such Guarantee of the New Notes has been duly executed and authorized; and

(2) such Guarantee of the New Notes constitutes a valid, binding and enforceable obligation of such Restricted Subsidiary, except insofar as enforcement thereof may be limited by

bankruptcy, insolvency or similar laws (including, without limitation, all laws relating to fraudulent transfers) and except insofar as enforcement thereof is subject to general principles of equity.

Merger, Consolidation and Sale of Property

We will not merge, consolidate or amalgamate with or into any other Person (other than a merger of a Wholly Owned Restricted Subsidiary into us) or sell, transfer, assign, lease, convey or otherwise dispose of all or substantially all its Property in any one transaction or series of transactions unless:

- (a) we will be the surviving Person (the "Surviving Person") or the Surviving Person (if other than us) formed by such merger, consolidation or amalgamation or to which such sale, transfer, assignment, lease, conveyance or disposition is made will be a corporation organized and existing under the laws of the United States of America, any State thereof or the District of Columbia;
- (b) the Surviving Person (if other than us) expressly assumes, by supplemental indenture in form satisfactory to the Trustee, executed and delivered to the Trustee by such Surviving Person, the due and punctual payment of the principal of, and premium, if any, and interest on, all the New Notes, according to their tenor, and the due and punctual performance and observance of all the covenants and conditions of the Indenture to be performed by us;
- (c) in the case of a sale, transfer, assignment, lease, conveyance or other disposition of all or substantially all of our Property, such Property shall have been transferred as an entirety or virtually as an entirety to one Person;
- (d) immediately before and after giving effect to such transaction or series of transactions on a pro forma basis (and treating, for purposes of this clause (d) and clause (e) below, any Debt that becomes, or is anticipated to become, an obligation of the Surviving Person or any Restricted Subsidiary as a result of such transaction or series of transactions as having been Incurred by the Surviving Person or such Restricted Subsidiary at the time of such transaction or series of transactions), no Default or Event of Default shall have occurred and be continuing;
- (e) immediately after giving effect to such transaction or series of transactions on a pro forma basis, either (i) we or the Surviving Person, as the case may be, would be able to Incur at least \$1.00 of additional Debt under clause (1) of the first paragraph of the covenant described under "---Restrictive Covenants--Limitation on Debt" or (ii) the Surviving Person would have a Consolidated Interest Coverage Ratio which is not less than the Consolidated Interest Coverage Ratio of the Company immediately prior to such transaction or series of transactions; and
- (f) we shall deliver, or cause to be delivered, to the Trustee, in form and substance reasonably satisfactory to the Trustee, an Officers' Certificate and an Opinion of Counsel, each stating that such transaction and the supplemental indenture, if any, in respect thereto comply with this covenant and that all conditions precedent herein provided for relating to such transaction have been

## Edgar Filing: RITE AID CORP - Form 424B3

satisfied.

The Surviving Person shall succeed to, and be substituted for, and may exercise every right and power of us under the Indenture, but the predecessor Company in the case of:

- (a) a sale, transfer, assignment, conveyance or other disposition (unless such sale, transfer, assignment, conveyance or other disposition is of all of our assets as an entirety or virtually as an entirety); or
- (b) a lease,

shall not be released from any obligation to pay the principal of, premium, if any, and interest on, the New Notes.

### SEC Reports

Notwithstanding that we may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, we will file with the Commission and provide the Trustee and holders of New Notes with

44

such annual reports and such information, documents and other reports as are specified in Sections 13 and 15(d) of the Exchange Act and applicable to a U.S. corporation subject to such Sections, such information, documents and reports to be so filed and provided at the times specified for the filing of such information, documents and reports under such Sections; provided, however, that we will not be so obligated to file such information, documents and reports with the Commission if the Commission does not permit such filings.

### Events of Default

Events of Default in respect of the New Notes include:

- (1) failure to make the payment of any interest on the New Notes when the same becomes due and payable, and such failure continues for a period of 30 days;
- (2) failure to make the payment of any principal of, or premium, if any, on, any of the New Notes when the same becomes due and payable at its Stated Maturity, upon acceleration, redemption, optional redemption, required repurchase or otherwise;
- (3) failure to comply with the covenant described under "--Merger, Consolidation and Sale of Property;"
- (4) failure to comply with any other covenant or agreement in the New Notes or in the Indenture (other than a failure that is the subject of the foregoing clause (1), (2) or (3)) and such failure continues for 30 days after we are given written notice as provided below;
- (5) a default under any Debt by us or any Restricted Subsidiary that results in acceleration of the final maturity of such Debt, or failure to pay any such Debt at final maturity (giving effect to applicable grace periods), in an aggregate amount greater than \$35 million or its foreign currency equivalent at the time (the "cross acceleration provisions");

## Edgar Filing: RITE AID CORP - Form 424B3

- (6) any judgment or judgments for the payment of money in an aggregate amount in excess of \$35 million (or its foreign currency equivalent at the time) that shall be rendered against us or any Restricted Subsidiary and that shall not be waived, satisfied or discharged for any period of 30 consecutive days during which a stay of enforcement shall not be in effect (the "judgment default provisions"); and
- (7) certain events involving bankruptcy, insolvency or reorganization of us or any Significant Subsidiary (the "bankruptcy provisions").

A Default under clause (4) is not an Event of Default until the Trustee or the holders of not less than 25% in aggregate principal amount of the New Notes then outstanding notify us of the Default and we do not cure such Default within the time specified after receipt of such notice. Such notice must specify the Default, demand that it be remedied and state that such notice is a "Notice of Default."

We shall deliver to the Trustee, within 30 days after the occurrence thereof, written notice in the form of an Officers' Certificate of any event that with the giving of notice and the lapse of time would become an Event of Default, its status and what action we are taking or propose to take with respect thereto.

If an Event of Default with respect to the New Notes (other than an Event of Default resulting from certain events involving bankruptcy, insolvency or reorganization with respect to us) shall have occurred and be continuing, the Trustee or the registered holders of not less than 25% in aggregate principal amount of the New Notes then outstanding may declare to be immediately due and payable the principal amount at maturity of all the New Notes then outstanding, plus accrued but unpaid interest to the date of acceleration. In case an Event of Default resulting from certain events of bankruptcy, insolvency or reorganization with respect to us shall occur, such amount with respect to all the New Notes shall be due and payable immediately without any declaration or other act on the part of the Trustee or the holders of the New Notes. After any such acceleration, but before a judgment or decree based on acceleration is obtained by the Trustee, the registered holders of a majority in aggregate principal amount of the New Notes then outstanding may, under certain

45

circumstances, rescind and annul such acceleration if all Events of Default, other than the nonpayment of accelerated principal, premium or interest, have been cured or waived as provided in the Indenture.

Subject to the provisions of the Indenture relating to the duties of the Trustee, in case an Event of Default shall occur and be continuing, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the holders of the New Notes, unless such holders shall have offered to the Trustee reasonable indemnity. Subject to such provisions for the indemnification of the Trustee, the holders of a majority in aggregate principal amount of the New Notes then outstanding will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee with respect to the New Notes.

No holder of New Notes will have any right to institute any proceeding with respect to the Indenture, or for the appointment of a receiver or trustee, or for any remedy thereunder, unless:

## Edgar Filing: RITE AID CORP - Form 424B3

- (a) such holder has previously given to the Trustee written notice of a continuing Event of Default;
- (b) the registered holders of at least 25% in aggregate principal amount of the New Notes then outstanding have made written request and offered reasonable indemnity to the Trustee to institute such proceeding as trustee; and
- (c) the Trustee shall not have received from the registered holders of a majority in aggregate principal amount of the New Notes then outstanding a direction inconsistent with such request and shall have failed to institute such proceeding within 60 days.

However, such limitations do not apply to a suit instituted by a holder of any Note for enforcement of payment of the principal of, and premium, if any, or interest on, such Note on or after the respective due dates expressed in such Note.

### Amendments and Waivers

Subject to exceptions, the Indenture may be amended with the consent of the registered holders of a majority in aggregate principal amount of the New Notes then outstanding (including consents obtained in connection with a tender offer or exchange offer for the New Notes) and any past default or compliance with any provisions may also be waived (except a default in the payment of principal, premium or interest and certain covenants and provisions of the Indenture which cannot be amended without the consent of each holder of an outstanding Note) with the consent of the registered holders of at least a majority in aggregate principal amount of the New Notes then outstanding. However, without the consent of each holder affected thereby, no amendment may, among other things:

- (1) reduce the amount of New Notes whose holders must consent to an amendment or waiver;
- (2) reduce the rate of or extend the time for payment of interest on any Note;
- (3) reduce the principal of or extend the Stated Maturity of any Note;
- (4) make any Note payable in money other than that stated in the Note;
- (5) impair the right of any holder of the New Notes to receive payment of principal of and interest on such holder's New Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such holder's New Notes;
- (6) subordinate the New Notes to any of our other obligations;
- (7) reduce the premium payable upon the redemption of any Note or change the time at which any Note may be redeemed, as described under "-- Optional Redemption;"
- (8) reduce the premium payable upon a Change of Control or, at any time after a Change of Control has occurred amend the definition of Change of Control or change the time at which the Change of

Control Offer relating thereto must be made or at which the New Notes must be repurchased pursuant to such Change of Control Offer;

## Edgar Filing: RITE AID CORP - Form 424B3

and

- (9) at any time after the Company is obligated to make a Prepayment Offer with the Excess Proceeds from Asset Sales, change the time at which such Prepayment Offer must be made or at which the New Notes must be repurchased pursuant thereto.

Without the consent of any holder of the New Notes, we and the Trustee may amend the Indenture to:

- o cure any ambiguity, omission, defect or inconsistency;
- o provide for the assumption by a successor corporation of our obligations under the Indenture;
- o provide for uncertificated New Notes in addition to or in place of certificated New Notes (provided that the uncertificated New Notes are issued in registered form for purposes of Section 163(f) of the Code, or in a manner such that the uncertificated New Notes are described in Section 163(f)(2)(B) of the Code);
- o add Guarantees with respect to the New Notes;
- o secure the New Notes, add to our covenants for the benefit of the holder of the New Notes or surrender any right or power conferred upon us;
- o make any change that does not adversely affect the rights of any holder of the New Notes; or
- o make any change to comply with any requirement of the Commission in connection with the qualification of the Indenture under the Trust Indenture Act.

The consent of the holders of the New Notes is not necessary to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment. After an amendment becomes effective, we are required to mail to each registered holder of the New Notes at such holder's address appearing in the Security Register a notice briefly describing such amendment. However, the failure to give such notice to all holders of the New Notes, or any defect therein, will not impair or affect the validity of the amendment.

### Defeasance

We may at any time terminate all its obligations under the New Notes and the Indenture ("legal defeasance"), except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the New Notes, to replace mutilated, destroyed, lost or stolen New Notes and to maintain a registrar and paying agent in respect of the New Notes.

We may at any time terminate:

- (1) our obligations under the covenants described under "--Repurchase at the Option of Holders Upon a Change of Control" and "--Restrictive Covenants;"
- (2) the operation of the cross acceleration provisions, the judgment default provisions, and the bankruptcy provisions with respect to Significant Subsidiaries described under "--Events of Default" above; and

## Edgar Filing: RITE AID CORP - Form 424B3

- (3) the limitations contained in clause (e) under the first paragraph of "--Merger, Consolidation and Sale of Property" above ("covenant defeasance").

We may exercise our legal defeasance option notwithstanding our prior exercise of the covenant defeasance option.

If we exercise our legal defeasance option, payment of the New Notes may not be accelerated because of an Event of Default. If we exercise our covenant defeasance option, payment of the New Notes may not be accelerated because of an Event of Default specified in clause (4) (with respect to the covenants described

47

under "--Restrictive Covenants"), (5), (6) or (7) (with respect only to Significant Subsidiaries), under "--Events of Default" above or because of our failure to comply with clause (e) under the first paragraph of "--Merger, Consolidation and Sale of Property" above.

The legal defeasance option or the covenant defeasance option may be exercised only if:

- (a) we irrevocably deposit in trust with the Trustee money or U.S. Government Obligations for the payment of principal of and interest on the New Notes to maturity or redemption, as the case may be;
- (b) we deliver to the Trustee a certificate from a nationally recognized firm of independent certified public accountants expressing their opinion that the payments of principal and interest when due and without reinvestment on the deposited U.S. Government Obligations plus any deposited money without investment will provide cash at such times and in such amounts as will be sufficient to pay principal and interest when due on all the New Notes to maturity or redemption, as the case may be;
- (c) 123 days pass after the deposit is made and during the 123-day period no Default described in clause (7) under "--Events of Default" occurs with respect to us or any other Person making such deposit which is continuing at the end of the period;
- (d) no Default or Event of Default has occurred and is continuing on the date of such deposit and after giving effect thereto;
- (e) such deposit does not constitute a default under any other agreement or instrument binding on us;
- (f) we deliver to the Trustee an Opinion of Counsel to the effect that the trust resulting from the deposit does not constitute, or is qualified as, a regulated investment company under the Investment Company Act of 1940;
- (g) in the case of the legal defeasance option, we deliver to the Trustee an Opinion of Counsel stating that:
  - (1) we have received from the Internal Revenue Service a ruling; or
  - (2) since the date of the Indenture there has been a change in the applicable Federal income tax law, to the effect, in either case, that, and based thereon such Opinion of Counsel shall confirm that, the holders of the New Notes will not recognize

## Edgar Filing: RITE AID CORP - Form 424B3

income, gain or loss for Federal income tax purposes as a result of such defeasance and will be subject to Federal income tax on the same amounts, in the same manner and at the same time as would have been the case if such defeasance has not occurred;

- (h) in the case of the covenant defeasance option, we deliver to the Trustee an Opinion of Counsel to the effect that the holders of the New Notes will not recognize income, gain or loss for Federal income tax purposes as a result of such covenant defeasance and will be subject to Federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred; and
- (i) we deliver to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that all conditions precedent to the defeasance and discharge of the New Notes have been complied with as required by the Indenture.

### Registration Rights Agreement

We have filed the registration statement of which this prospectus forms a part and are conducting the exchange offer in accordance with our obligations under a registration rights agreement between us, the Trustee and the Initial Purchaser of the Old Notes. Holders of the New Notes will not be entitled to any registration rights with respect to the New Notes.

48

Except during the continuance of an Event of Default, the Trustee will perform only such duties as are specifically set forth in the Indenture. During the existence of an Event of Default, the Trustee will exercise such of the rights and powers vested in it under the Indenture and use the same degree of care and skill in its exercise as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

### Book-Entry System

The New Notes will be initially issued in the form of one or more Global Securities registered in the name of The Depository Trust Company ("DTC") or its nominee.

Upon the issuance of a Global Security, DTC or its nominee will credit the accounts of Persons holding through it with the respective principal amounts of the New Notes represented by such Global Security purchased by such Persons in the Offering. Such accounts shall be designated by the Initial Purchasers. Ownership of beneficial interests in a Global Security will be limited to Persons that have accounts with DTC ("participants") or Persons that may hold interests through participants. Any Person acquiring an interest in a Global Security through an offshore transaction in reliance on Regulation S of the Securities Act may hold such interest through Cedel or Euroclear. Ownership of beneficial interests in a Global Security will be shown on, and the transfer of that ownership interest will be effected only through, records maintained by DTC (with respect to participants' interests) and such participants (with respect to the owners of beneficial interests in such Global Security other than participants). The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to transfer beneficial interests in a Global Security.

Payment of principal of and interest on New Notes represented by a Global Security will be made in immediately available funds to DTC or its nominee, as the case may be, as the sole registered owner and the sole holder of the New Notes represented thereby for all purposes under the Indenture. The Company has been advised by DTC that upon receipt of any payment of principal of or interest on any Global Security, DTC will immediately credit, on its book-entry registration and transfer system, the accounts of participants with payments in amounts proportionate to their respective beneficial interests in the principal or face amount of such Global Security as shown on the records of DTC. Payments by participants to owners of beneficial interests in a Global Security held through such participants will be governed by standing instructions and customary practices as is now the case with securities held for customer accounts registered in "street name" and will be the sole responsibility of such participants.

A Global Security may not be transferred except as a whole by DTC or a nominee of DTC to a nominee of DTC or to DTC. A Global Security is exchangeable for certificated New Notes only if:

- (a) DTC notifies the Company that it is unwilling or unable to continue as a depository for such Global Security or if at any time DTC ceases to be a clearing agency registered under the Exchange Act;
- (b) the Company in its discretion at any time determines not to have all the New Notes represented by such Global Security; or
- (c) there shall have occurred and be continuing a Default or an Event of

## Edgar Filing: RITE AID CORP - Form 424B3

Default with respect to the New Notes represented by such Global Security.

Any Global Security that is exchangeable for certificated New Notes pursuant to the preceding sentence will be exchanged for certificated New Notes in authorized denominations and registered in such names as DTC or any successor depository holding such Global Security may direct. Subject to the foregoing, a Global Security is not exchangeable, except for a Global Security of like denomination to be registered in the name of DTC or any successor depository or its nominee. In the event that a Global Security becomes exchangeable for certificated New Notes,

- (a) certificated New Notes will be issued only in fully registered form in denominations of \$1,000 or integral multiples thereof;
- (b) payment of principal of, and premium, if any, and interest on, the certificated New Notes will be payable, and the transfer of the certificated New Notes will be registerable, at the office or agency of the Company maintained for such purposes; and
- (c) no service charge will be made for any registration of transfer or exchange of the certificated New Notes, although the Company may require payment of a sum sufficient to cover any tax or governmental charge imposed in connection therewith.

67

So long as DTC or any successor depository for a Global Security, or any nominee, is the registered owner of such Global Security, DTC or such successor depository or nominee, as the case may be, will be considered the sole owner or holder of the New Notes represented by such Global Security for all purposes under the Indenture and the New Notes. Except as set forth above, owners of beneficial interests in a Global Security will not be entitled to have the New Notes represented by such Global Security registered in their names, will not receive or be entitled to receive physical delivery of certificated New Notes in definitive form and will not be considered to be the owners or holders of any New Notes under such Global Security. Accordingly, each Person owning a beneficial interest in a Global Security must rely on the procedures of DTC or any successor depository, and, if such Person is not a participant, on the procedures of the participant through which such Person owns its interest, to exercise any rights of a holder under the Indenture. The Company understands that under existing industry practices, in the event that the Company requests any action of holders or that an owner of a beneficial interest in a Global Security desires to give or take any action which a holder is entitled to give or take under the Indenture, DTC or any successor depository would authorize the participants holding the relevant beneficial interest to give or take such action and such participants would authorize beneficial owners owning through such participants to give or take such action or would otherwise act upon the instructions of beneficial owners owning through them.

DTC has advised us that DTC is a limited-purpose trust company organized under the Banking Law of the State of New York, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered under the Exchange Act. DTC was created to hold the securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC's participants include securities

## Edgar Filing: RITE AID CORP - Form 424B3

brokers and dealers (which may include the Initial Purchasers), banks, trust companies, clearing corporations and certain other organizations some of whom (or their representatives) own DTC. Access to DTC's book-entry system is also available to others, such as banks, brokers, dealers and trust companies, that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

Although DTC has agreed to the foregoing procedures in order to facilitate transfers of interests in Global Securities among participants of DTC, it is under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Company, the Trustee or the Initial Purchasers will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

### MATERIAL FEDERAL INCOME TAX CONSIDERATIONS

#### Exchange Offer

The exchange of an Old Note for a New Note pursuant to the exchange offer will not constitute a "significant modification" of the Old Note for U.S. federal income tax purposes and, accordingly, the New Note received will be treated as a continuation of the Old Note in the hands of such holder. As a result, there will be no U.S. federal income tax consequences to a Holder who exchanges an Old Note for a New Note pursuant to the exchange offer and any such holder will have the same adjusted tax basis and holding period in the New Note as it had in the Old Note immediately before the exchange. A holder who does not exchange its Old Notes for New Notes pursuant to the exchange offer will not recognize any gain or loss, for U.S. federal income tax purposes, upon consummation of the exchange offer.

#### Certain United States Federal Income Tax Considerations for Non-United States Holders

The following is a general discussion of certain United States federal income and estate tax consequences of the ownership and disposition of New Notes by an owner of New Notes that, for United States federal income tax purposes, is not a United States person (a "Non-U.S. Holder"). This discussion is based upon the United States federal tax law now in effect, which is subject to change, possibly retroactively. For purposes of the following discussion a Non-U.S. Holder is:

- o an individual that is not a citizen or resident of the United States;
- o a corporation or other entity treated as a corporation for United States federal income tax purposes organized or created under non-United States law; or
- o an estate or trust that is not taxable in the United States on its worldwide income.

The tax treatment of the holders of the New Notes may vary depending upon their particular situations. United States persons acquiring New Notes are subject to rules different from those discussed below. In addition, certain other holders (including insurance companies, tax exempt organizations, financial institutions, broker-dealers, banks making a loan in the ordinary

## Edgar Filing: RITE AID CORP - Form 424B3

course of business, holders of 10% of the voting power in us, and holders who are "controlled foreign corporations" with respect to us) may be subject to special rules not discussed below. Prospective investors are urged to consult their tax advisors regarding the United States federal tax consequences of acquiring, holding, and disposing of New Notes as well as any tax consequences that may arise under the laws of any foreign, state, local, or other taxing jurisdiction.

### Withholding Taxes

Generally, payments of principal and interest on the New Notes will not be subject to United States withholding taxes.

However, for the exemption from withholding taxes to apply to you, one of the following requirements must be met.

- o You provide a completed Form W-8BEN (or substitute form) to the bank, broker or other intermediary who holds the Notes. The Form W-8BEN contains your name, address and a statement that you are the beneficial owner of the New Notes and that you are not a United States Holder.
- o You hold your New Notes directly through a "qualified intermediary", and the qualified intermediary has sufficient information in its files indicating that you are not a United States Holder. A qualified intermediary is a bank, broker or other intermediary that (1) is either a U.S. or non-U.S. entity, (2) is acting out of a non-U.S. branch or office and (3) has signed an agreement with the United States Internal Revenue Service providing that it will administer all or part of the United States withholding rules under specified procedures.

69

- o You are entitled to an exemption from withholding tax on interest under a tax treaty between the United States and your country of residence. To claim this exemption, you must generally complete Form W-8BEN and claim this exemption on the form. In some cases, you may instead be permitted to provide documentary evidence of your claim to the intermediary, or a qualified intermediary may already have some or all of the necessary evidence in its files.
- o The interest income on the New Notes is effectively connected with the conduct of your trade or business in the United States, and is not exempt from United States tax under a tax treaty. To claim this exemption, you must complete Form W-8ECI.

Even if you meet one of the above requirements, interest paid to you will be subject to withholding tax under any of the following circumstances:

- o The withholding agent or an intermediary knows or has reason to know that you are not entitled to an exemption from withholding tax. Specific rules apply for this test.
- o The United States Internal Revenue Service notifies the withholding agent that information that you or an intermediary provided concerning your status is false.
- o An intermediary through which you hold the New Notes fails to comply with the procedures necessary to avoid withholding taxes on the New Notes. In particular, an intermediary is generally required to forward a copy of your Form W-8BEN (or other documentary information concerning your

status) to the withholding agent for the New Notes. However, if you hold your New Notes through a qualified intermediary-or if there is a qualified intermediary in the chain of title between yourself and the withholding agent for the New Notes-the qualified intermediary will not generally forward this information to the withholding agent.

Interest payments made to you will generally be reported to the IRS and to you on Form 1042-S. However, this reporting does not apply to you if one of the following conditions applies:

- o You hold your New Notes directly through a qualified intermediary and the applicable procedures are complied with.
- o You file Form W-8ECI.

The rules regarding withholding are complex and vary depending on your individual situation. They are also subject to change. In addition, special rules apply to certain types of Holders, including partnerships, trusts, and other entities treated as pass-through entities for United States federal income tax purposes. We suggest that you consult with your tax advisor regarding the specific methods for satisfying these requirements.

### Sale or Retirement of Notes

If you sell a New Note or it is redeemed, you will not be subject to federal income tax on any gain unless one of the following applies:

- o The gain is connected with a trade or business that you conduct in the United States.
- o You are an individual, you are present in the U.S. for at least 183 days during the year in which you dispose of the New Note, and certain other conditions are satisfied.
- o The gain represents accrued interest, in which case the rules for interest would apply.

### U.S. Trade or Business

If you hold your New Note in connection with a trade or business that you are conducting in the United States:

- o Any interest on the New Note, and any gain from disposing of the New Note, generally will be subject to income tax as if you were a United States Holder.

- o If you are a corporation, you may be subject to the "branch profits tax" on your earnings that are connected with your U.S. trade or business, including earnings from the New Note. This tax is 30%, but may be reduced or eliminated by an applicable income tax treaty.

### Estate Taxes

If you are an individual, your New Notes will not be subject to U.S. estate tax when you die. However, this rule only applies if, at your death, payments on the New Notes were not connected to a trade or business that you were conducting in the United States.

### Information Reporting and Backup Withholding

Information reporting and backup withholding apply to Non-United States Holders as follows:

- o Principal and interest payments you receive will be automatically exempt from the usual rules if you are a Non-United States Holder exempt from withholding tax on interest, as described above. The exemption does not apply if the withholding agent or an intermediary knows or has reason to know that you should be subject to the usual information reporting or backup withholding rules. In addition, as described above, interest payments made to you may be reported to the Internal Revenue Service on Form 1042-S.
- o Sale proceeds you receive on a sale of your New Notes through a broker may be subject to information reporting and/or backup withholding if you are not eligible for an exemption. In particular, information reporting and backup withholding may apply if you use the United States office of a broker, and information reporting (but not backup withholding) may apply if you use the foreign office of a broker that has certain connections to the United States. We suggest that you consult your tax advisor concerning information reporting and backup withholding on a sale.

### PLAN OF DISTRIBUTION

Each broker-dealer that receives New Notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such New Notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of New Notes received in exchange for Old Notes where such Old Notes were acquired as a result of market-making activities or other trading activities. We have agreed that, for a period of 180 days after the expiration of the exchange offer, we will make this prospectus, as amended or supplemented, available to any broker-dealer for use in connection with any such resale.

We will not receive any proceeds from any sale of New Notes by broker-dealers. New Notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the New Notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or at negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer or the purchasers of any such New Notes. Any broker-dealer that resells New Notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of New Notes may be deemed to be an "underwriter" within the meaning of the Securities Act and any profit of any such resale of New Notes and any commission or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

For a period of 180 days after the expiration of the exchange offer, we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that request such documents in the letter of transmittal. We have agreed to pay all expenses incident to the exchange offer (including the expenses of one counsel for the holders of the Old Notes) other than commissions or concessions of any broker-dealer and will indemnify the holders of the Old Notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.
