SKRM Interactive, Inc.
(formerly SKREEM ENTERTAINMENT CORPORATION)
(A DEVELOPMENT STAGE COMPANY)
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

Note 1 - BASIS OF PRESENTATION

The accompanying unaudited consolidated financial statements of SKRM Interactive, Inc. formerly SKREEM ENTERTAINMENT CORPORATION have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10QSB and Item 310(b) of Regulation S-B. Certain information and footnote disclosures normally in financial statements prepared in accordance with generally accepted accounting principles have been or omitted pursuant to the rules and regulations of the Securities and Exchange Commission; however, management believes the disclosures which are made are adequate to make the information presented not misleading. Management believes that all adjustments have been made to the financial statements as are necessary to the fair statement of the results of the interim period. These consolidated financial statements and footnotes should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-KSB for the year ended March 31, 2007, and Management's Discussion and Analysis of Financial Condition and Results of Operations. Certain prior year amounts have been reclassified to conform to the current year presentation.

Note 2 - GOING CONCERN

The accompanying consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. SKRM Interactive sustained losses of \$818,664 and \$433,538 for the three months ended June 30, 2007 and June 30, 2006, respectively. The Company had an accumulated deficit of \$9,043,062 as of June 30, 2007. These factors raise substantial doubt about the ability of SKRM Interactive to continue as a going concern for a reasonable period of time. SKRM Interactive is highly dependent on its ability to continue to obtain investment capital and loans from an affiliate and shareholder in order to fund the current and planned operating levels. No assurance can be given that SKRM Interactive will be successful in these efforts.

The consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should SKRM Interactive be unable to continue as a going concern.

Note 3 - REGISTRATION RIGHTS AGREEMENT

The Company has not filed its Registration Statement with the SEC as of the date of this filing. Since the Company has not been able to file its Registration Statement in a timely manner, the Company has recorded a liability of \$84,000. The liability represents the Company's obligation under its registration rights agreement to its note holders as partial relief for damages. The Company has included in the consolidated statement of operations the expense of \$36,000 within its general and administrative expenses for the three months ended June 30, 2007. The liability of \$84,000 will continue to increase by approximately \$12,000 each month until the Registration Statement becomes effective or the note holders are paid in full. The Company may pay the obligation in cash or in common stock. If the payment is made in common stock, the Company is required to use the conversion rate of \$1.27. The Company plans to file its Registration Statement with the SEC by August 31, 2007.

Note 4 - DERIVATIVE LIABILITES

Edgar Filing: SKRM Interactive, Inc. - Form 10QSB

The impact of the application of SFAS No. 133 and EITF 00-19 in regards to the derivative liabilities on the balance sheet is presented below. The change in fair value of the derivative liabilities from March 31, 2007 to June 30, 2007 is reflected as either a gain or loss in the consolidated statement of operations.

Description	June 30, 2007	March 31, 2007
Derivative liability - single compound embedded derivatives Within the convertible notes	\$ 26,319	\$ 27,210
Derivative liability - warrants	1,843,890	1,369,035
Total	\$ 1,870,209	\$ 1,396,245

Derivative Liability - Single Compound Embedded Derivatives within Convertible Notes

SKRM Interactive, Inc. valued the single compound embedded derivatives within the convertible notes based on a probability weighted discounted cash flow model. The value at inception of the single compound embedded derivative liability was \$139,286 and was bifurcated from the debt host contract and recorded as a derivative liability.

The compound embedded derivative liability was measured at fair value again at June 30, 2007 and the change in fair value was recorded as a gain in the amount of \$891 in the consolidated statement of operations.

The assumptions used within the model are included below:

Probability-Weighted Expected Cash Flow Methodology - Assumptions: Single Compound Embedded Derivative within Convertible Note

Description	June 30, 2007	March 31, 2007
Risk-free interest rate	4.89%	4.54%
Default status	10.00%	10.00%
Alternative financing available and exercised	1.00%	1.00%
Trading volume, gross monthly rate increase	1.00%	1.00%
Annual growth rate of stock price	22.05%	21.76%
Future projected volatility	125.85%	100.00%

Derivative Liabilities - Warrants

The warrants were valued at June 30, 2007 for \$1,843,890 and the change in fair value was recorded as a loss in the amount of \$474,855 in the consolidated statement of operations.

Black-Scholes Option Pricing Model Assumptions -

Description	June 30, 2007	March 31, 2007
Risk-free interest rate	4.96%	4.58%
Expected warrant life	6.42 years	6.67 years
Expected volatility	141.90%	119.82%
Dividends	none	none
Exercise pricing reset probability	10%	-

The Company felt it was necessary to consider a possible reset of its exercise price for the warrants due the probability of the Company issuing new debt with additional equity or derivative instruments. The issuance of new debt could trigger a reset price for the warrants from an exercise price of \$1.75 to \$0.20. The Company has placed a probability of this event occurring at 10%.

Note 5 - SUPPLEMENTAL DISCLOSURES OF CASH FLOW INFORMATION

For the three months ended June 30, 2007, the Company paid \$100 in interest expense and \$0 in income taxes and had no non-cash transactions.

The Company paid \$0 interest expense and \$0 in income taxes for the three months ended June 30, 2006.

The Company has included in its discontinued operations for the three months ended June 30, 2006, a one-year agreement with Hobson, Bowersock, & Associates, LLC (HLB) in which HLB prepared and implemented a promotional campaign for the Company. The Company issued 250,000 shares of common stock and recorded \$250,000 in advertising expense.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

This report contains forward looking statements within the meaning of Section 27a of the Securities Act of 1933 and Section 21e of the Securities Exchange Act of 1934. These forward looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from historical results or anticipated results, including those set forth under "Risk Factors" in this Management's Discussion and Analysis of

Financial Condition and Results of Operations" and elsewhere in this report. The following discussion and analysis should be read in conjunction with "Selected Financial Data" and the Company's financial statements and notes thereto included elsewhere in this report.

Plan of Operation

On February 5, 2007, we spun off our wholly owned subsidiary SKREEM Entertainment Corporation ("SKREEM") whose business was to find and manage artists in the music industry.

We currently have a Letter of Intent to acquire 75% of the stock of Sector 10 Services USA, Inc. ("Sector 10"), a Washington corporation, for 50,000,000 newly issued shares and 15,000,000 issued and outstanding shares owned by Jeffery Martin, a major shareholder.

Sector 10 seeks to become the leading provider of pre-deployed emergency life response equipment across all major US cities. Sector 10 is the exclusive provider of Pericles LogiX System in the United States. Sector 10's core focus is on the first response solutions, utilizing two lines of patented products, Mobile Response Units ("MRU") and Stationary Response Units ("SRU").

As of July 31, 2007, Sector 10 expects to complete its audit within 30 days as required by the Letter of Intent and SKRM expects to close the transaction 30 days thereafter.

GOING CONCERN

Our notes to the consolidated financial statements disclose that the cash flow of the Company has been absorbed in operating activities and has incurred net losses for the three months, and have a working capital deficiency. In the event that funding from internal sources or from public or private financing is insufficient to fund the business at current levels, we will have to substantially cut back our level of spending which could substantially curtail our operations. These factors raise substantial doubt about our ability to continue as a going concern. Our going concern uncertainty may affect our ability to raise additional capital, and may also affect our relationships with suppliers and customers. Investors should carefully examine our financial statements.

Results of Operations for the Three Months Ended June 30, 2007 as Compared to the Three Months Ended June 30, 2006

Revenues -

The Company's had no revenues for the three months ended June 30, 2007; however, we are actively pursuing opportunities for revenue growth in the near future.

We do not have revenue relating to SKRM for the three months ended June 30, 2006. Our discontinued operations had revenues of \$66,695 which were comprised of revenue from licensing agreements and sales of records for this same period.

Operating Expenses -

SKRM had no operating expenses for the three months ended June 30, 2007 and 2006, respectively.

Our discontinued operations had operating expenses of \$323,105 for the three months ended June 30, 2006. The operating expenses related to the support of our artists touring in Germany and other countries.

General and Administrative Expenses -

General and administrative expenses were \$325,629 for the three months ended June 30, 2007. These expenses are made up in large part by compensation expense to a major shareholder of \$234,897, accounting fees of \$43,873, consulting and professional fees of \$24,845 and additional expense relating to our 2% penalty for the late filing of our registration statement.

General and administrative expenses were \$0 for the three months ended June 30, 2006. Our discontinued operations had general and administrative expenses of \$149,352 which were mainly attributed to salaries, professional fees and delivery expenses.

Interest Expense -

Interest expense for the three months ended June 30, 2007 was \$19,071. The interest expense is comprised of \$1,946 of amortization of deferred financing costs, \$4,086 of accretion of debt discount, \$12,939 relating to the convertible notes payable and \$100 relating to a notes payable to a major shareholder.

Interest expense for the three months ended June 30, 2006 was \$0 for SKRM. Our discontinued operations had interest expense of \$27,776 which was attributed to interest due on our notes payable during this period.

Change in Fair Value of Derivatives

The change in fair value of our derivatives for the three months ended June 30, 2007 was a loss of \$473,964. The loss is comprised of (a) the fair value of our single compound embedded derivatives within the convertible notes decreased in value by \$891, and (b) the fair value of our warrants increased by \$474,855, with a net change of \$473,964 for the period. Our warrants increased in value due to a change in one of our assumptions within the valuation model. We felt it was necessary to consider a possible reset of the exercise price of the warrants due to a small possibility of the Company issuing new debt with additional equity or derivative instruments.

The change in fair value of our derivatives for the three months ended June 30, 2006 was \$0. We did not have any embedded or freestanding derivatives during this period. Our discontinued operations also did not have any embedded or freestanding derivatives during this same period.

Discontinued Operations

Our discontinued operations are only reflected in the three months ended June 30, 2006. The discontinued operations for our wholly owned subsidiary SKREEM Entertainment Corporation ("SKREEM") had a net loss of \$433,538 for the three months ended June 30, 2006. SKREEM's core business was to find and management artist in the music industry. SKREEM was spun-off on February 5, 2007 into its own separate and distinct company.

Liquidity and Capital Resources

As of June 30, 2007, SKRM had cash of \$397 and a deficit in working capital of \$1,995,157 and we believe this is not sufficient to meet our working capital requirements for the coming year.

We have financed our operations almost exclusively through the sale of our common shares to investors and borrowers. We expect to finance operations through the sale of equity in the foreseeable future as we receive minimal revenue from our current business operations. There is no guarantee that we will be successful in arranging financing on acceptable terms.

We anticipate that up to \$375,000 of additional working capital will be required over the next 9 months to meet our budgeted needs for the current fiscal year. We do not have sufficient cash on hand to meet these anticipated obligations.

We do not currently have any arrangements for financing and we may not be able to find such financing if required. Obtaining additional financing would be subject to a number of factors, including investor sentiment. Market factors may make the timing, amount, terms or conditions of additional financing unavailable to us.

Our continuation as a going concern is dependent upon continued financial support from our shareholders and other related parties.

Total Assets -

SKRM currently has \$99,768 in total assets as of June 30, 2007. Our total assets are comprised of (a) \$397 in cash, (b) \$14,123 due from our affiliate and (c) \$85,248 of deferred financing costs.

Total Liabilities -

SKRM currently has \$2,035,384 in total liabilities as of June 30, 2007. Our total liabilities are comprised of (a) \$145,395 of accounts payable and accrued liabilities, (b) \$1,870,209 of derivative liabilities, (c) \$8,500 in notes payable to an affiliate, and (d) a net balance of \$11,280 on our callable convertible notes payable, with the callable convertible notes having a notional balance of \$600,000 and \$588,720 of discount to the debt still remaining to be accreted.

Operating Activities -

Cash used in operations for the three months ended June 30, 2007 was \$374,884. Operating activities were affected by non-cash expenses of \$473,964 for the change in fair value of the derivative liabilities and \$6,032 of amortized deferred financing costs and accreted discounts on the convertible notes. Operating activities were also affected by the change in accounts payable and accrued liabilities of \$9,015 and the change in the amount due to an affiliate by \$27,201.

Cash used in operations for the three months ended June 30, 2006 was \$0. Cash used in discontinued operations for this same period was \$139,230.

Investing Activities -

Cash from our investing activities for the three months ended June 30, 2007 was \$400,000. We received payment from Weaver Interactive, Inc. for a notes receivable in the amount of \$400,000 in April of 2007.

Cash used in investing activities for the three months ended June 30, 2006 was \$0. Our discontinued operations used \$373 for this same period in investing activities.

Financing Activities -

Cash used in financing activities for the three months ended June 30, 2007 was \$26,500. Our financing activities for this period are comprised of (a) payments made by a shareholder on a notes payable of \$35,000 and (b) proceeds from a new notes payable of \$8,500.

Cash used in financing for the three months ended June 30, 2006 was \$0. Our discontinued operations provided \$84,695 in cash for financing activities for this same period which was provided by new promissory notes to SKREEM.

RISK FACTORS

Our business is subject to many risk factors, including the following (references to "our," "us," "we," and words of similar meaning in these Risk Factors refer to the Company).

WE HAVE NOT PAID ANY CASH DIVIDENDS IN THE PAST AND HAVE NO PLANS TO ISSUE CASH DIVIDENDS IN THE FUTURE, WHICH COULD CAUSE THE VALUE OF OUR COMMON STOCK TO HAVE A LOWER VALUE THAN OTHER SIMILAR COMPANIES WHICH DO PAY CASH DIVIDENDS.

We have not paid any cash dividends on our common stock to date and do not anticipate any cash dividends being paid to holders of our common stock in the foreseeable future. While our dividend policy will be based on the operating results and capital needs of the business, it is anticipated that any earnings will be retained to finance our future expansion. As we have no plans to issue cash dividends in the future, our common stock could be less desirable

to other investors and as a result, the value of our common stock may decline, or fail to reach the valuations of other similarly situated companies who have historically paid cash dividends in the past.

THE MARKET FOR OUR COMMON STOCK MAY BE VOLATILE.

The market for our common stock has historically been volatile and we anticipate that such market will continue to be subject to wide fluctuations in response to several factors, including, but not limited to:

- (1) actual or anticipated variations in our results of operations;
- (2) our ability or inability to generate new revenues;
- (3) increased competition; and
- (4) conditions and trends in our industry.

Our common stock is traded on the over-the-counter Bulletin Board under the symbol "SKMI.OB." In recent years, the stock market in general has experienced extreme price fluctuations that have often times been unrelated to the operating performance of the affected companies. Similarly, the market price of our common stock may fluctuate significantly based upon factors unrelated or disproportionate to our operating performance. These market fluctuations, as well as general economic, political and market conditions, such as recessions, interest rates or international currency fluctuations may adversely affect the market price of our common stock.

IF WE ARE LATE IN FILING OUR QUARTERLY OR ANNUAL REPORTS WITH THE SEC, WE MAY BE DE-LISTED FROM THE OVER-THE-COUNTER BULLETIN BOARD.

Pursuant to new Over-The-Counter Bulletin Board ("OTCBB") rules relating to the timely filing of periodic reports with the SEC, any OTCBB issuer which fails to file a periodic report (Form 10-QSB's or 10-KSB's) by the due date of such report (not withstanding any extension granted to the issuer by the filing of a Form 12b-25), three (3) times during any twenty-four (24) month period is automatically de-listed from the OTCBB. Such removed issuer would not be re-eligible to be listed on the OTCBB for a period of one-year, during which time any subsequent late filing would reset the one-year period of de-listing. If we are late three times in any twenty-four (24) month period and are de-listed from the OTCBB, our securities may become worthless and we may be forced to curtail or abandon our business plan.

OUR COMMON STOCK IS A "PENNY STOCK," AND COMPLIANCE WITH REQUIREMENTS FOR DEALING IN PENNY STOCKS MAY MAKE IT DIFFICULT FOR HOLDERS OF OUR COMMON STOCK TO RESELL THEIR SHARES.

Currently there is no public market for our common stock. If the common stock is ever listed in the public market in what is known as the over-the-counter market and at least for the foreseeable future, our common stock will be deemed to be a "penny stock" as that term is defined in Rule 3a51-1 under the Securities Exchange Act of 1934. Rule 15g-2 under the Exchange Act requires broker/dealers dealing in penny stocks to provide potential investors with a document disclosing the risks of penny stocks and to obtain from these inventors a manually signed and dated written acknowledgement of receipt of the document before effecting a transaction in a penny stock for the investor's account. Compliance with these requirements may make it more difficult for holders of our common stock to resell their shares to third parties or otherwise, which could have a material adverse effect on the liquidity and market price of our common stock.

Penny stocks are stocks with a price of less than \$5.00 per share unless traded on NASDAQ or a national securities exchange; Penny stocks are also stocks, which are issued by companies with: Net tangible assets of less than \$2.0 million (if the issuer has been in continuous operation for at least three years); or \$5.0 million (if in continuous operation for less than three years); or average revenue of less than \$6.0 million for the last three years.

JEFFREY MARTIN OWNS DIRECTLY AND INDIRECTLY THOUGH RELATED PARTIES APPROXIMATELY 81% OF OUR OUTSTANDING COMMON STOCK, AND HAS SIGNIFICANT INFLUENCE OVER OUR CORPORATE DECISIONS, AND AS A RESULT, IF YOU INVEST IN US, YOUR ABILITY TO AFFECT CORPORATE DECISIONS WILL BE LIMITED.

Jeffrey Martin holds 21,466,818 shares of our common stock, representing approximately 81% of the outstanding shares of our common stock. Accordingly, Mr. Martin will have significant influence in determining the outcome of all corporate transactions or other matters, including mergers, consolidations and the sale of all or substantially all of our assets, and also the power to prevent or cause a change in control even after such conversion and exercise by other investors, as Mr. Martin will likely continue to be our largest shareholder. The interests of Mr. Martin may differ from the interests of the other stockholders and thus result in corporate decisions that are adverse to other shareholders. Additionally, potential investors should take into account the fact that any vote of shares purchased will have limited effect on the outcome of corporate decisions.

WE OWE FOUR INVESTOR A SUBSTANTIAL AMOUNT OF MONEY WHICH WE DO NOT HAVE.

We owe four investors such a substantial of money, which we can not repay at this point. Since we can not repay them we may be subject to legal action to collect such amount(s), which might result in a judgment against us, or other types of enforcement actions. A result of any litigation may be a loss of control over the company, Involuntary bankruptcy or other liquidation attempts.

WE WILL NEED ADDITIONAL CAPITAL TO ALLOW US TO EXPAND OUR BUSINESS PLAN TO IMPLEMENT OUR SALES AND MARKETING PLANS AND SUCH FINANCING MAY BE UNAVAILABLE OR TOO COSTLY.

Our ability to continue our sales and marketing strategies is dependent on our ability to secure financing and allocate sufficient funds required to support our marketing activity. Additional financing may not be available on favorable terms, or even at all. If we raise additional funds by selling stock, the percentage ownership of our then current stockholders will be reduced. If we cannot raise adequate funds to satisfy our capital requirements, we may have to limit our operations significantly. Our ability to raise additional funds may diminish if the public equity markets

become less supportive of the industry. If we raise additional capital through debt offerings, it will have a significant impact on our cash flow.

ITEM 3. CONTROLS AND PROCEDURES

Evaluation of disclosure controls and procedures. Our chief executive officer and our chief financial officer, after evaluating the effectiveness of the Company's "disclosure controls and procedures" (as defined in the Securities Exchange Act of 1934 Rule 13a-14(c) and 15-d-14(c) as of a date (the "Evaluation Date") within 90 days before the filing date of this quarterly report, have concluded that as of the Evaluation Date, our disclosure controls and procedures were not effective to ensure that material information relating to us and our consolidated subsidiaries would be made known to them by others within those entities because of errors in recording debt and related derivative liabilities as well as share-based compensation. We plan on implementing within the next fiscal year adjustments to the procedures for recording financial transactions and tracking expenses to rectify the ineffectiveness of our controls.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

None

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

None

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

None

ITEM 5. OTHER INFORMATION

None
