AMREP CORPORATION AND SUBSIDIARIES

Notes to Consolidated Financial Statements (Unaudited)

BASIS OF PRESENTATION

The accompanying unaudited consolidated financial statements have been prepared by AMREP Corporation (the “Company”) pursuant to the rules and regulations of the Securities and Exchange Commission (the “SEC”) for interim financial information, and do not include all the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. The Company, through its subsidiaries, is primarily engaged in four business segments: the Subscription Fulfillment Services business operated by Palm Coast Data LLC (“Palm Coast”) and its subsidiary, FulCircle Media, LLC (“FulCircle”), the Newsstand Distribution Services business and the Product Packaging and Fulfillment Services and Staffing businesses operated by Kable Media Services, Inc. and its subsidiaries (“Kable”) (the Subscription Fulfillment Services business, the Newsstand Distribution Services business and the Product Packaging and Fulfillment Services and Staffing businesses are collectively referred to as “Media Services”) and the real estate business operated by AMREP Southwest Inc. (“AMREP Southwest”) and its subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation.

In the opinion of management, these unaudited consolidated financial statements include all adjustments, which are of a normal recurring nature, considered necessary to reflect a fair presentation of the results for the interim periods presented. The results of operations for such interim periods are not necessarily indicative of what may occur in future periods. Unless otherwise qualified, all references to 2015 and 2014 are to the fiscal years ending April 30, 2015 and 2014 and all references to the first quarter of 2015 and 2014 mean the fiscal three month periods ended July 31, 2014 and 2013.

The unaudited consolidated financial statements herein should be read in conjunction with the Company’s annual report on Form 10-K for the year ended April 30, 2014, which was filed with the SEC on July 29, 2014.

(7)

FAIR VALUE MEASUREMENTS

The Financial Instruments Topic of the Financial Accounting Standards Board Accounting Standards Codification requires disclosure of fair value information about financial instruments, whether or not recognized in the balance sheet, for which it is practicable to estimate that value. The Topic excludes all nonfinancial instruments from its disclosure requirements. Accordingly, the aggregate fair value amounts presented do not represent the underlying value of the Company. The following methods and assumptions are used in estimating fair value disclosure for financial instruments. The carrying amounts of cash and cash equivalents, trade receivables and trade payables approximate fair value because of the short maturity of these financial instruments. Debt that bears variable interest rates indexed to prime or LIBOR also approximates fair value as it re-prices when market interest rates change.

At July 31, 2014 and April 30, 2014, the estimated fair values of the Company's long-term, fixed-rate notes payable were \$17,758,000 and \$17,739,000 compared with carrying amounts of \$19,474,000 and \$19,545,000.

(8)

BENEFIT PLANS

Retirement plan

The Company has a defined benefit retirement plan for which accumulated benefits were frozen and future service credits were curtailed as of March 1, 2004. The Company has secured \$5,019,000 of accrued pension-related obligations with first lien mortgages on certain real property in favor of the Pension Benefit Guaranty Corporation (the "PBGC"). On an annual basis, the Company is required to provide updated appraisals on each mortgaged property and, if the appraised value of the mortgaged properties is less than two times the amount of the accrued pension-related obligations secured by the mortgages, the Company is required to make a payment to its pension plan in an amount equal to one-half of the amount of the shortfall. During the first quarter of 2015, there was no change in the appraised value of the mortgaged property that required the Company to make any additional payments to its pension plan.

Equity compensation plan

In 2006, the board of directors of the Company adopted and the shareholders approved the AMREP Corporation 2006 Equity Compensation Plan (the "Equity Plan") that provides for the issuance of up to 400,000 shares of common stock of the Company to employees of the Company and its subsidiaries and non-employee members of the board of directors of the Company pursuant to incentive stock options, nonqualified stock options, stock appreciation rights, stock awards, stock units and other stock-based awards.

During the first quarter of 2015, the board of directors of the Company issued to employees 12,000 shares of restricted common stock under the Equity Plan ("restricted shares"). The restricted shares vest in equal 4,000 share installments on July 8, 2015, 2016 and 2017 and are expected to vest assuming a zero forfeiture rate over the vesting term. Shares of restricted common stock that are issued under the Equity Plan are considered to be issued and outstanding as of the grant date and have the same dividend and voting rights as other common stock. Compensation expense related to the restricted shares is recognized over the vesting period based on the fair value of the shares as of the date of grant. The fair value of the restricted shares is determined based on the trading price of the shares of the Company's common stock on the date of grant, which was \$6.90 per share for the 12,000 shares awarded, or an aggregate grant date fair value of \$83,000 which will be charged to expense over the vesting term.

No shares of common stock issued under the Equity Plan vested during the first quarter of 2015. For the first quarter of 2015, the Company recognized \$36,000 of compensation expense related to all shares of common stock issued under the Equity Plan. As of July 31, 2014, there was \$167,000 of total unrecognized compensation expense related to shares of common stock issued under the Equity Plan, which is expected to be recognized over the remaining vesting term.

(9)

SHAREHOLDERS' EQUITY

During the first quarter of 2015, the Company and its indirect subsidiaries, Kable Distribution and Palm Coast, entered into the Settlement Agreement with a significant customer resulting in the issuance by the Company to that customer of 825,000 shares of its common stock. See further detail regarding the Settlement Agreement in Note 10. As a result of the issuance of these shares, the Company increased its common stock account by \$83,000 and its contributed capital account by \$4,191,000.

(10)

GAIN FROM SETTLEMENT

During the first quarter of 2015, the Company and its indirect subsidiaries, Kable Distribution and Palm Coast, entered into the Settlement Agreement with a significant customer, Heinrich Bauer (USA) LLC ("Bauer").

Kable Distribution and Bauer were parties to an ordinary course of business contract pursuant to which Kable Distribution distributed certain magazines of Bauer in return for a commission. Palm Coast and Bauer are parties to an ordinary course of business contract pursuant to which Palm Coast provides certain fulfillment services to Bauer in return for service fees. During the first quarter of 2014, Kable Distribution received notice that its ordinary course of business contract with Bauer, which provided Kable Distribution with a substantial amount of negative working capital liquidity, would not be renewed upon its scheduled expiration in June 2014. See further detail regarding the negative working capital of Kable Distribution in Note 5.

Pursuant to the Settlement Agreement, Kable Distribution agreed to eliminate the commission paid by Bauer to Kable Distribution for distribution services through expiration of the contract period at June 30, 2014 and to amend the payment procedures with respect to amounts received by Kable Distribution from wholesalers or retailers relating to the domestic sale by Kable Distribution of Bauer magazines to such wholesalers or retailers; Palm Coast agreed to reduce certain fees charged to Bauer for fulfillment services, with Bauer agreeing to extend the term of its fulfillment agreement to at least December 31, 2018; and the Company agreed to issue to Bauer 825,000 shares of common stock of the Company, with a fair market value of \$4,274,000 and which represented approximately 10.3% of the outstanding shares of common stock of the Company following such issuance, with Bauer agreeing to not sell or transfer such shares for a period of six months. In return for such consideration, Bauer released all claims it may have had against each of Kable Distribution, Palm Coast, the Company and its related persons, other than the obligations of Kable Distribution, Palm Coast and the Company under the Settlement Agreement, the future obligations of Kable Distribution under its distribution agreement as amended by the Settlement Agreement and the future obligations of Palm Coast under its fulfillment agreement as amended by the Settlement Agreement. In particular, the Settlement Agreement transferred to Bauer all amounts and accounts receivable owing from wholesalers to Kable Distribution relating to the domestic sale by Kable Distribution of Bauer magazines (\$22,626,000) and released Kable Distribution from having to pay the accounts payable owed to Bauer relating to the domestic sale by Kable Distribution of Bauer magazines other than to the extent amounts had been received by Kable Distribution or Bauer on or after May 14, 2014 from wholesalers or retailers relating to the domestic sale by Kable Distribution of Bauer magazines to such wholesalers or retailers (\$38,214,000). After considering the value of the various components of the Settlement

Agreement, Kable Distribution recorded a gain of \$11,155,000 during the first quarter of 2015.

(11)

IMPAIRMENT OF ASSETS

During the first quarter of 2015, the Company's Subscription Fulfillment Services business recognized a \$925,000 impairment charge relating to the discontinuance of the development of certain software. The impairment charge included previously capitalized software costs, internal labor costs and third party consulting costs.

(12) SUBSEQUENT EVENT

On September 8, 2014, AMREP Southwest and one of its subsidiaries (collectively, “ASW”) entered into an Oil and Gas Lease and the Addendum thereto (collectively, the “Lease”) with Thrust Energy, Inc. and Cebolla Roja, LLC (collectively, the “Lessee”).

Pursuant to the Lease, ASW leased to Lessee all minerals and mineral rights owned by ASW or for which ASW has executive rights in and under approximately 55,000 surface acres of land in Sandoval County, New Mexico (the “Leased Premises”) for the purpose of exploring for, developing, producing and marketing oil and gas. As partial consideration for entering into the Lease, the Lessee paid approximately \$1,010,000 to ASW. The Lease will be in force for an initial term of four years and for as long thereafter as oil or gas is produced and marketed in paying quantities from the Leased Premises or for additional limited periods of time if Lessee undertakes certain operations or makes certain de minimis shut-in royalty payments. In addition, Lessee may extend the initial term of the Lease for an additional four years by paying ASW another payment of approximately \$1,010,000. The Lease does not require Lessee to drill any oil or gas wells.

Lessee has agreed to pay ASW a royalty on oil and gas produced from the Leased Premises of 1/7th of the gross proceeds received by Lessee from the sale of such oil and gas to an unaffiliated third party of Lessee or 1/7th of the market value of the oil and gas if sold to an affiliate of Lessee. ASW’s royalty will be charged with 1/7th of any expenses to place the oil and gas, if any, in marketable condition after it is brought to the surface. Amounts payable under the Lease will not be reduced by any payments made to other holders of mineral rights or other production royalty payment interests in the Leased Premises, other than payments pursuant to rights granted by ASW in deeds transferring portions of the Leased Premises to third parties, primarily in the 1960s and 1970s. ASW and Lessee may assign, in whole or in part, their interests in the Lease. The oil and gas from ASW’s mineral rights will not be pooled or unitized with any other oil and gas except as required by law. Lessee has assumed all risks and liabilities in connection with Lessee’s activities under the Lease and agreed to indemnify ASW with respect thereto.

In addition, on September 8, 2014, AMREP Southwest entered into a Consent Agreement (the “Consent Agreement”) with the mortgage holder on certain portions of the Leased Premises, pursuant to which the mortgage holder provided its consent to AMREP Southwest entering into the Lease and agreed to enter into a subordination, non-disturbance and attornment agreement with Lessee. Pursuant to the Consent Agreement, AMREP Southwest agreed to pay the mortgage holder (a) 25% of any royalty payments received by AMREP Southwest under the Lease with respect to oil and gas produced from the Leased Premises, which will be credited against any outstanding loan amounts due to the mortgage holder from AMREP Southwest, and such payments will cease upon payment in full of such outstanding loan amounts and (b) a separate consent fee of \$100,000, which will not be credited against the outstanding loan amounts due to the mortgage holder from AMREP Southwest.

(a) Revenue information provided for each segment includes amounts grouped as Other in the accompanying consolidated statements of operations. Corporate and Other is net of intercompany eliminations.

The Company uses EBITDA (which the Company defines as income before net interest expense, income taxes, (b) depreciation and amortization, and non-cash gain on settlement and impairment charges) in addition to net income (loss) as a key measure of profit or loss for segment performance and evaluation purposes.

During the third quarter of 2014, the Company determined that, based on the characterization of certain transactions that occurred in prior periods, no intersegment interest income or expense relating to such transactions would be appropriate. As a result, the intersegment interest income and expense relating to such transactions has been removed from the presentation above for the first quarter of 2014 and there was no effect on the reported EBITDA, which the Company uses as a key measure for segment performance and evaluation purposes.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

INTRODUCTION

The Company, through its subsidiaries, is primarily engaged in four business segments: the Subscription Fulfillment Services business operated by Palm Coast Data LLC ("Palm Coast") and its subsidiary, FulCircle Media, LLC ("FulCircle"), the Newsstand Distribution Services business and the Product Packaging and Fulfillment Services and Staffing businesses operated by Kable Media Services, Inc. and its subsidiaries ("Kable") (the Subscription Fulfillment Services business, the Newsstand Distribution Services business and the Product Packaging and Fulfillment Services and Staffing businesses are collectively referred to as "Media Services") and the real estate business operated by AMREP Southwest Inc. ("AMREP Southwest") and its subsidiaries. The Company's foreign sales and activities are not significant.

The following provides information that management believes is relevant to an assessment and understanding of the Company's consolidated results of operations and financial condition. The information contained in this section should be read in conjunction with the unaudited consolidated financial statements and related notes thereto appearing elsewhere in this quarterly report on Form 10-Q and with the Company's annual report on Form 10-K for the year ended April 30, 2014, which was filed with the Securities and Exchange Commission on July 29, 2014 (the "2014 Form 10-K"). Many of the amounts and percentages presented in this section have been rounded for convenience of presentation. Unless otherwise qualified, all references to 2015 and 2014 are to the fiscal years ending April 30, 2015 and 2014 and all references to the first quarter of 2015 and 2014 mean the fiscal three month periods ended July 31, 2014 and 2013.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Management's discussion and analysis of financial condition and results of operations is based on the accounting policies used and disclosed in the 2014 consolidated financial statements and accompanying notes that were prepared in accordance with accounting principles generally accepted in the United States of America and included as part of the 2014 Form 10-K. The preparation of those consolidated financial statements required management to make estimates and assumptions that affected the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual amounts or results could differ from those estimates.

The critical accounting policies, assumptions and estimates are described in Part II, "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations, Critical Accounting Policies and Estimates" in the 2014 Form 10-K. There have been no changes in these accounting policies.

The significant accounting policies of the Company are described in Note 1 to the consolidated financial statements contained in the 2014 Form 10-K. Information concerning the Company's implementation and the impact of recent accounting standards issued by the Financial Accounting Standards Board is included in the notes to the consolidated financial statements contained in the 2014 Form 10-K. The Company did not adopt any accounting policy in the first quarter of 2015 that had a material impact on its consolidated financial statements.

RESULTS OF OPERATIONS

For the first quarter of 2015, the Company recorded net income of \$6,264,000, or \$0.82 per share, compared to a net loss of \$687,000, or \$0.11 per share, in the first quarter of 2014. The results for the first quarter of 2015 included a non-cash pre-tax gain on a settlement agreement with a significant customer of \$11,155,000 (\$7,028,000 after tax, or \$0.92 per share) offset in part by a non-cash impairment charge of \$925,000 (\$583,000 after tax, or \$0.08 per share), reflecting the discontinuance of the development of certain software in the Company's Subscription Fulfillment Services business. Revenues were \$17,928,000 in the first quarter of 2015 compared to \$20,509,000 for the same period in the prior year.

Revenues from the Company's Media Services operations decreased from \$20,278,000 for the first quarter of 2014 to \$17,516,000 for the same period in 2015. Magazine publishers are the principal customers of these operations, and these customers have continued to be negatively impacted by increased competition from new media sources, alternative technologies for the distribution, storage and consumption of media content, weakness in advertising revenues, increases in paper costs, printing costs and postal rates and weakness in the U.S. economy. The result has been reduced subscription and newsstand magazine sales, which has caused publishers to close some magazine titles, change subscription fulfillment providers or newsstand distribution providers and seek more favorable terms from Palm Coast and Kable and their competitors when contracts are up for bid or renewal. As a consequence of these and other factors, revenues from Subscription Fulfillment Services operations decreased from \$13,993,000 for the first quarter of 2014 to \$11,945,000 for the same period of 2015, while revenues from Newsstand Distribution Services operations decreased from \$1,985,000 for the first quarter of 2014 to \$1,347,000 for the same period of 2015. Revenues from Product Packaging and Fulfillment Services and Staffing operations decreased from \$4,300,000 for the first quarter of 2014 to \$4,224,000 for the same period in 2015, due primarily to decreased revenues in the temporary staffing business. Media Services operating expenses decreased by \$3,191,000, from \$17,728,000 for the first quarter of 2014 (87.4% of Media Services revenues) to \$14,537,000 for the first quarter of 2015 (83.0% of Media Services revenues), primarily attributable to lower (i) payroll and benefits (\$1,667,000), (ii) supplies expense (\$639,000), (iii) facilities and equipment expense (\$307,000) and (iv) consulting costs (\$198,000).

Revenues from land sales at AMREP Southwest and its subsidiaries were \$384,000 for the first quarter of 2015 compared to \$228,000 for the same period of 2014. For the first quarter of 2015 and 2014, the Company's land sales in Rio Rancho were as follows:

	Three Months Ended July 31, 2014			2013		
	Acres Sold	Revenues (in 000s)	Revenues Per Acre (in 000s)	Acres Sold	Revenues (in 000s)	Revenues Per Acre (in 000s)
Developed Residential	0.5	\$ 172	\$ 344	0.6	\$ 180	\$ 300

Edgar Filing: AMREP CORP. - Form 10-Q

Commercial	0.8	212	265	-	-	-
Total Developed	1.3	384	295	0.6	180	300
Undeveloped	-	-	-	4.6	48	10
Total	1.3	\$ 384	\$ 295	5.2	\$ 228	\$ 44

Results for the first quarter of 2015 and 2014 were substantially lower than the Company experienced prior to fiscal 2009 in its principal market of Rio Rancho, New Mexico, due to the severe decline in the real estate market in the greater Albuquerque-metro and Rio Rancho areas that began late in fiscal 2008. The average gross profit percentage on land sales was 42% for the first quarter of 2015 and 17% for the first quarter of 2014. As a result of many factors, including the nature and timing of specific transactions and the type and location of land being sold, revenues, average selling prices and related average gross profits from land sales can vary significantly from period to period and prior results are not necessarily a good indication of what may occur in future periods.

General and administrative expenses of Media Services operations were \$1,728,000 for the first quarter of 2015 (9.9% of Media Services revenues), or a decrease of \$81,000 compared to \$1,809,000 for the first quarter of 2014 (8.9% of Media Services revenues), primarily due to reduced payroll and benefit costs (\$191,000) and consulting costs (\$134,000), which were partially offset by increased legal expenses (\$197,000) and equipment costs (\$63,000). Real estate operations and corporate general and administrative expenses decreased \$23,000 in the first quarter of 2015 compared to the same period in 2014.

The Company's effective tax rate was 36.9% for the first quarter of both 2015 and 2014. The total tax effect of gross unrecognized tax benefits in the accompanying financial statements at both July 31, 2014 and April 30, 2014 was \$58,000, which, if recognized, would have an impact on the effective tax rate. The Company believes it is reasonably possible that the liability for unrecognized tax benefits will not change in the next twelve months.

LIQUIDITY AND CAPITAL RESOURCES

The Company's primary sources of funding for working capital requirements are cash flow from operations, a revolving credit facility between the Company's Media Services businesses and a bank (the "Media Services Credit Facility") and working capital made available to the Company by the terms of customer contracts. The Company's liquidity is affected by many factors, including some that are based on normal operations and some that are related to the industries in which the Company operates and the economy generally. Except as described below, there have been no material changes to the Company's liquidity and capital resources as reflected in the Liquidity and Capital Resources section of Management's Discussion and Analysis of Financial Condition and Results of Operations in the 2014 Form 10-K.

Gain From Settlement

During the first quarter of 2015, the Company and its indirect subsidiaries, Kable Distribution Services, Inc. ("Kable Distribution") and Palm Coast, entered into a settlement agreement (the "Settlement Agreement") with a significant customer, Heinrich Bauer (USA) LLC ("Bauer").

Kable Distribution and Bauer were parties to an ordinary course of business contract pursuant to which Kable Distribution distributed certain magazines of Bauer in return for a commission. Palm Coast and Bauer are parties to an ordinary course of business contract pursuant to which Palm Coast provides certain fulfillment services to Bauer in return for service fees. During the first quarter of 2014, Kable Distribution received notice that its ordinary course of business contract with Bauer, which provided Kable Distribution with a substantial amount of negative working capital liquidity, would not be renewed upon its scheduled expiration in June 2014. See further detail regarding the negative working capital of Kable Distribution in Note 5 in the accompanying financial statements included in this

Form 10-Q.

14

Pursuant to the Settlement Agreement, Kable Distribution agreed to eliminate the commission paid by Bauer to Kable Distribution for distribution services through expiration of the contract period at June 30, 2014 and to amend the payment procedures with respect to amounts received by Kable Distribution from wholesalers or retailers relating to the domestic sale by Kable Distribution of Bauer magazines to such wholesalers or retailers; Palm Coast agreed to reduce certain fees charged to Bauer for fulfillment services, with Bauer agreeing to extend the term of its fulfillment agreement to at least December 31, 2018; and the Company agreed to issue to Bauer 825,000 shares of common stock of the Company, which represented approximately 10.3% of the outstanding shares of common stock of the Company following such issuance, with Bauer agreeing to not sell or transfer such shares for a period of six months. In return for such consideration, Bauer released all claims it may have had against each of Kable Distribution, Palm Coast, the Company and its related persons, other than the obligations of Kable Distribution, Palm Coast and the Company under the Settlement Agreement, the future obligations of Kable Distribution under its distribution agreement as amended by the Settlement Agreement and the future obligations of Palm Coast under its fulfillment agreement as amended by the Settlement Agreement. In particular, the Settlement Agreement transferred to Bauer all amounts and accounts receivable owing from wholesalers to Kable Distribution relating to the domestic sale by Kable Distribution of Bauer magazines (\$22,626,000) and released Kable Distribution from having to pay the accounts payable owed to Bauer relating to the domestic sale by Kable Distribution of Bauer magazines other than to the extent amounts had been received by Kable Distribution or Bauer on or after May 14, 2014 from wholesalers or retailers relating to the domestic sale by Kable Distribution of Bauer magazines to such wholesalers or retailers (\$38,214,000). After considering the value of the various components of the Settlement Agreement, Kable Distribution recorded a gain of \$11,155,000 during the first quarter of 2015.

Media Services

The Company's Newsstand Distribution Services business, which is operated through Kable Distribution, had negative working capital of approximately \$10,273,000 at July 31, 2014 and had outstanding borrowings of \$2,115,000 at July 31, 2014 under the Media Services Credit Facility. The negative working capital of Kable Distribution represents the net payment obligation due to publisher clients and other third parties, which amount will vary from period to period based on the level of magazine distribution. The negative working capital of Kable Distribution is calculated by deducting (a) the sum of the cash held by Kable Distribution plus the accounts receivable (net of estimated magazine returns to Kable Distribution) owed to Kable Distribution from wholesalers, retailers and other third parties from (b) the accounts payable (net of estimated magazine returns to publishers) and accrued expenses owed by Kable Distribution to publisher clients and other third parties. During the first quarter of 2015, the Company and its indirect subsidiaries, Kable Distribution and Palm Coast, entered into the Settlement Agreement with a significant customer, which significantly contributed to the reduction of negative working capital and outstanding borrowings at Kable Distribution from approximately \$27,863,000 at April 30, 2014 to approximately \$12,388,000 at July 31, 2014.

Equity Issuance

During the first quarter of 2015, the Company and its indirect subsidiaries, Kable Distribution and Palm Coast, entered into the Settlement Agreement with a significant customer resulting in the issuance by the Company of

825,000 shares of its common stock. As a result of the issuance of these shares, the Company increased its common stock account by \$83,000 and its contributed capital account by \$4,191,000.

Operating Activities

Receivables, net decreased from \$43,497,000 at April 30, 2014 to \$22,431,000 at July 31, 2014 and accounts payable, net and accrued expenses decreased from \$74,636,000 at April 30, 2014 to \$33,308,000 at July 31, 2014, primarily due to the Settlement Agreement.

Real estate inventory increased from \$71,289,000 at April 30, 2014 to \$71,563,000 at July 31, 2014.

Investing Activities

Capital expenditures increased from \$54,000 for the first quarter of 2014 to \$408,000 for the same period in 2015, primarily for the Media Services business.

Financing Activities

The Media Services Credit Facility provides the Media Services businesses with a revolving credit loan and letter of credit facility of up to \$15,000,000 that matures on May 12, 2015. At July 31, 2014, the borrowing availability under the Media Services Credit Facility was \$11,074,000, and there was \$2,629,000 outstanding against this availability. The highest amount borrowed during the first quarter of 2015 was \$3,198,000 and the interest rate at July 31, 2014 was 3.16%. The borrowers' obligations under the Media Services Credit Facility are secured by substantially all of their assets other than real property.

AMREP Southwest has a loan with a company owned by Nicholas G. Karabots, a significant shareholder of the Company and in which another director of the Company has a 20% participation. The loan had an outstanding principal amount of \$15,099,000 at July 31, 2014, is scheduled to mature on December 1, 2017, bears interest payable monthly at 8.5% per annum, and is secured by a mortgage on all real property of AMREP Southwest in Rio Rancho and by a pledge of the stock of its subsidiary, Outer Rim Investments, Inc. The total book value of the real property collateralizing the loan was approximately \$69,119,000 as of July 31, 2014. No payments of principal are required until maturity, except that the following amounts are required to be applied to the payment of the loan: (a) 25% of the net proceeds from any sales of real property by AMREP Southwest and (b) 25% of any royalty payments received by AMREP Southwest under the Oil and Gas Lease discussed in Note 12 in the footnotes that accompany the financial statements included in this Form 10-Q.

At July 31, 2014, the borrowers under both the Media Services Credit Facility and the AMREP Southwest loan were in compliance with the covenants of each facility.

Other notes payable consist of a mortgage note payable with an outstanding principal balance of \$4,178,000 on a warehouse with a maturity date of February 2018 and an interest rate of 6.35%, and \$197,000 of an asset financing loan with a maturity date of December 2015 and an interest rate of 9.0%. The amount of Other notes payable due within one year totals \$221,000.

Future Payments Under Contractual Obligations

The Company is obligated to make future payments under various contracts, including its debt agreements and lease agreements, and is subject to certain other commitments and contingencies. The table below summarizes significant contractual cash obligations as of July 31, 2014 for the items indicated (in thousands):

Contractual Obligations	Total	Less than 1 year	1 – 3 years	3 – 5 years	More than 5 years
Notes payable	\$22,103	\$ 2,849	\$366	\$18,888	\$ -
Operating leases	1,767	1,025	742	-	-
Other	2,745	2,687	58	-	-
Total	\$26,615	\$ 6,561	\$1,166	\$18,888	\$ -

Other in the above table includes \$2,527,000 for the possible required return of grant monies received from the State of Florida.

In addition to the items included in the table, Kable Distribution had negative working capital of approximately \$10,273,000 at July 31, 2014. For further details regarding the negative working capital, see Note 5 in the footnotes that accompany the financial statements included in this Form 10-Q.

Any additional future defined benefit pension plan contributions necessary to satisfy the minimum statutory funding requirements are not included in the table and are dependent upon various factors, including actual plan asset investment returns and discount rates applied.

Refer to the notes to the consolidated financial statements included in this quarterly report on Form 10-Q and in the 2014 Form 10-K for additional information on long-term debt, other liabilities, pension contributions, taxes, commitments and contingencies.

Statement of Forward-Looking Information

The Private Securities Litigation Reform Act of 1995 (the “Act”) provides a safe harbor for forward-looking statements made by or on behalf of the Company. The Company and its representatives may from time to time make written or oral statements that are “forward-looking”, including statements contained in this report and other filings with the Securities and Exchange Commission, reports to the Company’s shareholders and news releases. All statements that express expectations, estimates, forecasts or projections are forward-looking statements within the meaning of the Act. In addition, other written or oral statements, which constitute forward-looking statements, may be made by or on behalf of the Company. Words such as “expects”, “anticipates”, “intends”, “plans”, “believes”, “seeks”, “estimates”, “projects”, “forecasts”, “may”, “should”, variations of such words and similar expressions are intended to identify such forward-looking statements. These statements are not guarantees of future performance and involve certain risks, uncertainties and contingencies that are difficult to predict. All forward-looking statements speak only as of the date of this report or, in the case of any document incorporated by reference, the date of that document. All subsequent written and oral forward-looking statements attributable to the Company or any person acting on behalf of the Company are qualified by the cautionary statements in this section. Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Company's management, with the participation of the Company's chief financial officer and the other persons whose certifications accompany this quarterly report, has evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934) as of the end of the period covered by this report. As a result of such evaluation, the chief financial officer and such other persons have concluded that such disclosure controls and procedures are effective to provide reasonable assurance that the information required to be disclosed in the reports the Company files or submits under the Securities Exchange Act of 1934 is (i) recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and (ii) accumulated and communicated to the Company's management, including its chief financial officer and such other persons, as appropriate to allow timely decisions regarding disclosure. The Company believes that a control system, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the control system are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.

Changes in Internal Control over Financial Reporting

No change in the Company's system of internal control over financial reporting occurred during the most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting.
