## AMREP CORPORATION AND SUBSIDIARIES

Notes to Consolidated Financial Statements (Unaudited)

Nine Months Ended January 31, 2015 and 2014

(1)

### **BASIS OF PRESENTATION**

The accompanying unaudited consolidated financial statements have been prepared by AMREP Corporation (the “Company”) pursuant to the rules and regulations of the Securities and Exchange Commission (the “SEC”) for interim financial information, and do not include all the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. The Company, through its subsidiaries, is primarily engaged in three business segments: the Fulfillment Services business operated by Palm Coast Data LLC (“Palm Coast”) and its subsidiary, FulCircle Media, LLC (“FulCircle”), the Staffing Services business operated by Kable Staffing Resources LLC (“Staffing Services”) and the real estate business operated by AMREP Southwest Inc. (“AMREP Southwest”) and its subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation. Refer to Note 2 for subsidiaries of the Company as of January 31, 2015 that are classified as held for sale and accounted for as discontinued operations.

In the opinion of management, these unaudited consolidated financial statements include all adjustments, which are of a normal recurring nature, considered necessary to reflect a fair presentation of the results for the interim periods presented. The results of operations for such interim periods are not necessarily indicative of what may occur in future periods. Unless otherwise qualified, all references to 2015 and 2014 are to the fiscal years ending April 30, 2015 and 2014 and all references to the third quarter and first nine months of 2015 and 2014 mean the fiscal three and nine month periods ended January 31, 2015 and 2014.

The unaudited consolidated financial statements herein should be read in conjunction with the Company’s annual report on Form 10-K for the year ended April 30, 2014, which was filed with the SEC on July 29, 2014.

### **Recently Issued Accounting Pronouncements**

In May 2014, the Financial Accounting Standards Board issued Accounting Standards Update (“ASU”) 2014-09, *Revenue from Contracts with Customers*, which establishes a comprehensive revenue recognition standard under GAAP for virtually all industries. The new standard will apply for annual periods beginning after December 15, 2016, including interim periods therein. Early adoption is prohibited. The Company is currently evaluating the impact of ASU 2014-09 on its consolidated financial statements.

**DISCONTINUED OPERATIONS**

On February 9, 2015, American Investment Republic Co. (“Seller”), a subsidiary of the Company, entered into a stock purchase agreement (the “Stock Purchase Agreement”) with DFI Holdings, LLC (“Distribution Buyer”) and KPS Holdco, LLC (“Products Buyer”, and together with Distribution Buyer, the “Buyers”), where each Buyer was controlled by Michael P. Duloc. The closing of the transactions contemplated by the Stock Purchase Agreement occurred on February 9, 2015 (the “Closing Date”). Pursuant to ASU 2014-08, “Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity”, which the Company elected to adopt in 2015, the transaction meets the criteria of assets held for sale as of January 31, 2015 and, as such, is reported as discontinued operations in the accompanying financial statements.

Prior to the Closing Date, Mr. Duloc was the chief executive officer and president of the Company Group (defined below) and certain other subsidiaries of the Company and was a principal executive officer of the Company. In connection with the closing of the transactions contemplated by the Stock Purchase Agreement, effective on February 9, 2015, Mr. Duloc was removed as an officer of each direct and indirect subsidiary of the Company and ceased to be a principal executive officer of the Company. Mr. Duloc is the son-in-law of Nicholas G. Karabots, a significant shareholder of the Company. Mr. Duloc's spouse, who is Mr. Karabots' daughter, is an officer of one of Mr. Karabots' companies to which the Company Group and Palm Coast provide services.

Pursuant to the Stock Purchase Agreement, Products Buyer acquired, through the purchase of all of the capital stock of Kable Product Services, Inc., the Company's Product Packaging and Fulfillment Services business. Immediately following such acquisition, pursuant to the Stock Purchase Agreement, Distribution Buyer acquired, through the purchase of all of the capital stock of Kable Media Services, Inc. ("KMS"), the Company's Newsstand Distribution Services business operated by KMS's direct and indirect subsidiaries, namely Kable Distribution Services, Inc. ("Kable Distribution"), Kable News Company, Inc., Kable News International, Inc. and Kable Distribution Services of Canada, Ltd. (the entities acquired by Buyers are collectively referred to as the "Company Group").

Consideration for Buyers acquiring the Company Group included Buyers paying Seller \$2,000,000, which consisted of \$400,000 of cash paid by Buyers on the Closing Date and \$1,600,000 paid by execution by Buyers of a secured promissory note, dated as of the Closing Date (the "Buyer Promissory Note").

As a result of the transaction, other than (i) the elimination of substantially all of the intercompany amounts of the Company Group due to or from the Company and its direct and indirect subsidiaries (not including the Company Group) through offset and capital contribution and (ii) certain other limited items identified in the Stock Purchase Agreement and the agreements entered into in connection with the Stock Purchase Agreement, the Company Group retained all of its pre-closing assets, liabilities, rights and obligations. At January 31, 2015, the Company Group had assets of \$11,482,000 and liabilities of \$20,377,000, which included \$13,158,000 of negative working capital with respect to Kable Distribution. The negative working capital of Kable Distribution represented its net payment obligation due to publisher clients and other third parties. The Company expects to recognize a pretax gain of between \$9,000,000 to \$10,000,000 on its financial statements as a result of the transaction in the fourth quarter of fiscal year 2015.

The following agreements, each dated as of the Closing Date, were entered into in connection with the Stock Purchase Agreement:

· Buyer Promissory Note. Buyers entered into the Buyer Promissory Note, which requires Buyers to pay Seller \$1,600,000 in 24 equal monthly instalments, commencing on February 1, 2016, with interest due and payable

monthly commencing on March 1, 2015. Interest accrues at a rate per annum determined on the first business day of each month equal to three percent plus the “prime rate,” as published in The Wall Street Journal. The Buyer Promissory Note contains customary events of default and representations, warranties and covenants provided by Buyers to Seller, and is secured by a pledge of substantially all of the personal property of Buyers and the Company Group, *pari passu* with other secured obligations owed by Buyers and the Company Group to Seller under the Stock Purchase Agreement and the agreements entered into in connection with the Stock Purchase Agreement.

Transition Services Agreement. Seller and Buyers entered into a transition services agreement pursuant to which certain transition services will be provided for a limited time by Buyers to Seller and its affiliates and by Seller to the Company Group.

Releases. (a) Seller entered into a release agreement in favor of the Company Group and its affiliates and (b) the Company Group, Buyers and Mr. Duloc entered into release agreements in favor of Seller and its affiliates. Subject to certain limited exceptions, each of the release agreements releases all claims that the releasing party may have against the parties being released.

Line of Credit. Seller provided the Company Group with a secured revolving line of credit pursuant to a line of credit promissory note (the "Line of Credit"). The Line of Credit permits the Company Group to borrow from Seller up to a maximum principal amount of \$2,000,000 from the Closing Date until May 11, 2015, \$1,500,000 from May 12, 2015 until August 5, 2016 and \$1,000,000 from August 6, 2016 until February 9, 2017, with interest due and payable monthly commencing on March 1, 2015.

The principal amount permitted to be borrowed under the Line of Credit is subject to the following borrowing base: (a) from the Closing Date until May 11, 2015, (i) 50% of eligible accounts receivable of the Company Group and (ii) 45% of eligible unbilled receivables of Kable Distribution and from May 12, 2015 until February 9, 2017, (i) 50% of eligible accounts receivable of the Company Group and (ii) 30% of eligible unbilled receivables of Kable Distribution.

Amounts outstanding under the Line of Credit accrue interest at a rate per annum as determined on the first business day of each month equal to three percent plus the "prime rate," as published in The Wall Street Journal. Amounts available but not advanced under the Line of Credit accrue "unused" fees at a rate of 1.0% per annum, payable on the first day of each month. The Line of Credit contains customary events of default and representations, warranties and covenants provided by the Company Group to Seller, and is secured by a pledge of substantially all of the personal property of Buyers and the Company Group, pari passu with other secured obligations owed by Buyers and the Company Group to Seller under the Stock Purchase Agreement and the agreements entered into in connection with the Stock Purchase Agreement.

Guaranty of Company Group. Buyers, the Company Group and Seller entered into a guaranty agreement pursuant to which Buyers and the Company Group guaranteed the full and prompt payment and performance of all agreements, covenants and obligations of Buyers or any member of the Company Group, including under the Stock Purchase Agreement, the Line of Credit, the Buyer Promissory Note and the other agreements entered into in connection with the Stock Purchase Agreement.

Security Agreement. Buyers, the Company Group and Seller entered into a security agreement pursuant to which Buyers and the Company Group pledged and granted a security interest in substantially all of their personal property to Seller in order to secure the obligations of each Buyer and each member of the Company Group, including under the Stock Purchase Agreement, the Line of Credit, the Buyer Promissory Note and the other agreements entered into in connection with the Stock Purchase Agreement.

The Company and its remaining direct and indirect subsidiaries retained their obligations under the Company's defined benefit retirement plan, without any funding acceleration or other changes in any of the obligations thereunder as a result of the sale of the Company Group. In addition, a subsidiary of the Company retained its ownership of a warehouse used by Kable Product Services, Inc. in its operations, which remains subject to a market rate lease with Kable Product Services, Inc. with a term that expires in November 2018 and remains subject to a mortgage note payable to a third party lender with a maturity date of February 2018 and an outstanding principal balance of \$4,118,000.

**PNC Credit Facility**

Palm Coast Data Holdco, Inc., Palm Coast, FulCircle and Staffing Services (collectively, the “PNC Borrowers”), each an indirect subsidiary of the Company, are parties to a revolving credit and security agreement with PNC Bank, N.A. (the “PNC Credit Facility”). The PNC Credit Facility provides the PNC Borrowers with a revolving credit loan and letter of credit facility that matures on May 12, 2015. The PNC Borrowers’ obligations under the PNC Credit Facility are secured by substantially all of their assets other than real property. On February 9, 2015, the PNC Borrowers

entered into the fifth amendment (the “Fifth Amendment”) to the PNC Credit Facility. The Fifth Amendment provided PNC’s consent to the Stock Purchase Agreement (and the related agreements and transactions) (refer to Note 2 above), removed each member of the Company Group that was a party to the PNC Credit Facility as a borrower under the PNC Credit Facility, released the collateral of such member that was pledged as security for the obligations under the PNC Credit Facility and reduced the maximum loan amount available under the PNC Credit Facility from \$15,000,000 to \$7,500,000. No other material terms of the PNC Credit Facility changed in connection with the Fifth Amendment.

At January 31, 2015, the borrowing availability of all of the borrowers under the PNC Credit Facility (including the Company Group) was \$7,349,000. At January 31, 2015, there was \$1,321,000 outstanding against this availability as the result of borrowings by the Company Group, which amount is included in the Company’s discontinued operations in liabilities held for sale in the accompanying financial statements. At January 31, 2015, the borrowing availability of the borrowers under the PNC Credit Facility other than the Company Group was \$3,781,000. The highest amount borrowed under the PNC Credit Facility during the first nine months of 2015 was \$6,569,000 and the interest rate at January 31, 2015 was 3.17%.

Real Estate Loan

AMREP Southwest has a loan with a company owned by Nicholas G. Karabots, a significant shareholder of the Company and in which another director of the Company has a 20% participation. The loan had an outstanding principal amount of \$14,237,000 at January 31, 2015, is scheduled to mature on December 1, 2017, bears interest payable monthly at 8.5% per annum and is secured by a mortgage on all real property of AMREP Southwest in Rio Rancho, New Mexico and by a pledge of the stock of its subsidiary, Outer Rim Investments, Inc. The total book value of the real property collateralizing the loan was approximately \$66,234,000 as of January 31, 2015. No payments of principal are required until maturity, except that the following amounts are required to be applied to the payment of the loan: (a) 25% of the net cash proceeds from any sales of real property by AMREP Southwest and (b) 25% of any royalty payments received by AMREP Southwest under the oil and gas lease described in Note 8.

Other Notes Payable

Other notes payable consist of a mortgage note payable with an outstanding principal balance of \$4,119,000 on a warehouse with a maturity date of February 2018 and an interest rate of 6.35%, and \$197,000 of an asset financing loan with a maturity date of December 2015 and an interest rate of 9.0%. The amount of Other notes payable due within one year totals \$323,000.

**DEFERRED REVENUE**

During the second quarter of 2015, AMREP Southwest and one of its subsidiaries (collectively, "ASW") entered into an Oil and Gas Lease and the Addendum thereto (collectively, the "Lease") with Thrust Energy, Inc. and Cebolla Roja, LLC (collectively, the "Lessee"). Pursuant to the Lease, ASW leased to Lessee all minerals and mineral rights owned by ASW or for which ASW has executive rights in and under approximately 55,000 surface acres of land in Sandoval County, New Mexico (the "Leased Premises") for the purpose of exploring for, developing, producing and marketing oil and gas. As partial consideration for entering into the Lease, the Lessee paid approximately \$1,010,000 to ASW. The Lease will be in force for an initial term of four years and for as long thereafter as oil or gas is produced and marketed in paying quantities from the Leased Premises or for additional limited periods of time if Lessee undertakes certain operations or makes certain de minimis shut-in royalty payments. In addition, Lessee may extend the initial term of the Lease for an additional four years by paying ASW another payment of approximately \$1,010,000. The Lease does not require Lessee to drill any oil or gas wells.

Lessee has agreed to pay ASW a royalty on oil and gas produced from the Leased Premises of 1/7th of the gross proceeds received by Lessee from the sale of such oil and gas to an unaffiliated third party of Lessee or 1/7th of the market value of the oil and gas if sold to an affiliate of Lessee. ASW's royalty will be charged with 1/7th of any expenses to place the oil and gas, if any, in marketable condition after it is brought to the surface. Amounts payable

under the Lease will not be reduced by any payments made to other holders of mineral rights or other production royalty payment interests in the Leased Premises, other than payments pursuant to rights granted by ASW in deeds transferring portions of the Leased Premises to third parties, primarily in the 1960s and 1970s. ASW and Lessee may assign, in whole or in part, their interests in the Lease. The oil and gas from ASW's mineral rights will not be pooled or unitized with any other oil and gas except as required by law. Lessee has assumed all risks and liabilities in connection with Lessee's activities under the Lease and agreed to indemnify ASW with respect thereto. No royalties were received by ASW during the third quarter and first nine months of 2015.

In addition, on September 8, 2014, AMREP Southwest entered into a Consent Agreement (the “Consent Agreement”) with the mortgage holder on certain portions of the Leased Premises, pursuant to which the mortgage holder provided its consent to AMREP Southwest entering into the Lease and agreed to enter into a subordination, non-disturbance and attornment agreement with Lessee. Pursuant to the Consent Agreement, AMREP Southwest agreed to pay the mortgage holder (a) 25% of any royalty payments received by AMREP Southwest under the Lease with respect to oil and gas produced from the Leased Premises, which will be credited against any outstanding loan amounts due to the mortgage holder from AMREP Southwest, and such payments will cease upon payment in full of such outstanding loan amounts and (b) a separate consent fee of \$100,000, which will not be credited against the outstanding loan amounts due to the mortgage holder from AMREP Southwest.

Revenue from this transaction is being recorded over the lease term and approximately \$57,000 and \$95,000 were recognized during the third quarter and first nine months of 2015, which is included in Other revenues in the accompanying financial statements. At January 31, 2015, there remained \$815,000 of deferred revenue.

El Dorado Utilities, Inc. (“El Dorado”), a subsidiary of the Company, has a lease agreement for a warehouse facility owned by El Dorado in Fairfield, Ohio, with Kable Product Services, Inc., a member of the Company Group sold February 9, 2015 (refer to Note 2). At the inception of the lease in November 2008, El Dorado recorded deferred revenue and Kable Product Services, Inc. recorded an Other asset amount, which amounts were being amortized over the lease term and, prior to January 31, 2015, were eliminated in consolidation. As a result of the sale of the Company Group, the deferred rent revenue is no longer eliminated in consolidation and is included in Other liabilities in the accompanying balance sheet. The amount of El Dorado’s deferred rent revenue totaled \$1,070,000 and \$1,157,000 at January 31, 2015 and April 30, 2014.

**FAIR VALUE MEASUREMENTS**

The Financial Instruments Topic of the Financial Accounting Standards Board Accounting Standards Codification requires disclosure of fair value information about financial instruments, whether or not recognized in the balance sheet, for which it is practicable to estimate that value. The Topic excludes all nonfinancial instruments from its disclosure requirements. Accordingly, the aggregate fair value amounts presented do not represent the underlying value of the Company. The following methods and assumptions are used in estimating fair value disclosure for financial instruments. The carrying amounts of cash and cash equivalents, trade receivables and trade payables approximate fair value because of the short maturity of these financial instruments. Debt that bears variable interest rates indexed to prime or LIBOR also approximates fair value as it re-prices when market interest rates change.

At January 31, 2015 and April 30, 2014, the estimated fair values of the Company’s long-term, fixed-rate notes payable were \$16,711,000 and \$17,739,000 compared with carrying amounts of \$18,553,000 and \$19,545,000.

(10)

**BENEFIT PLANS**

**Retirement plan**

The Company has a defined benefit retirement plan for which accumulated benefits were frozen and future service credits were curtailed as of March 1, 2004. The Company has secured \$5,019,000 of accrued pension-related obligations with first lien mortgages on certain real property in favor of the Pension Benefit Guaranty Corporation (the “PBGC”). On an annual basis, the Company is required to provide updated appraisals on each mortgaged property and, if the appraised value of the mortgaged properties is less than two times the amount of the accrued pension-related obligations secured by the mortgages, the Company is required to make a payment to its pension plan in an amount equal to one-half of the amount of the shortfall. During the third quarter and first nine months of 2015, there was no change in the appraised value of the mortgaged property that required the Company to make any additional payments to its pension plan.

As disclosed in Note 2, in connection with the sale of certain of the Companies subsidiaries on February 9, 2015, the Company and its remaining direct and indirect subsidiaries retained their obligations under the Company’s defined benefit retirement plan, without any funding acceleration or other changes in any of the obligations thereunder as a result of the sale transaction.

**Equity compensation plan**

In 2006, the board of directors of the Company adopted and the shareholders approved the AMREP Corporation 2006 Equity Compensation Plan (the “Equity Plan”) that provides for the issuance of up to 400,000 shares of common stock of the Company to employees of the Company and its subsidiaries and non-employee members of the board of directors of the Company pursuant to incentive stock options, nonqualified stock options, stock appreciation rights, stock awards, stock units and other stock-based awards.

Shares of restricted common stock that are issued under the Equity Plan (“restricted shares”) are considered to be issued and outstanding as of the grant date and have the same dividend and voting rights as other common stock. Compensation expense related to the restricted shares is recognized over the vesting period of each grant based on the fair value of the shares as of the date of grant. The fair value of each grant of restricted shares is determined based on the trading price of the Company’s common stock on the date of such grant, and this amount will be charged to expense over the vesting term of the grant.

No shares vested or were issued during the third quarter of 2015. During the first nine months of 2015, 6,000 shares of common stock issued under the Equity Plan vested leaving 30,000 shares issued under the Equity Plan that have not vested. For the third quarter and first nine months of 2015, the Company recognized \$29,000 and \$95,000 of compensation expense related to all shares of common stock issued under the Equity Plan. As of January 31, 2015, there was \$108,000 of total unrecognized compensation expense related to shares of common stock issued under the Equity Plan, which is expected to be recognized over the remaining vesting term not to exceed three years.

(11)

**SHAREHOLDERS' EQUITY**

During the quarter ended July 31, 2014, the Company and its indirect subsidiaries, Kable Distribution and Palm Coast, entered into the Settlement Agreement with a significant customer resulting in the issuance by the Company to that customer of 825,000 shares of its common stock. See further detail regarding the Settlement Agreement in Note 12. As a result of the issuance of these shares, the Company increased its common stock account by \$83,000 and its contributed capital account by \$4,191,000.

(12)

**GAIN FROM SETTLEMENT**

During the quarter ended July 31, 2014, the Company and its indirect subsidiaries, Kable Distribution and Palm Coast, entered into the Settlement Agreement with a significant customer, Heinrich Bauer (USA) LLC ("Bauer").

Kable Distribution and Bauer were parties to an ordinary course of business contract pursuant to which Kable Distribution distributed certain magazines of Bauer in return for a commission. Palm Coast and Bauer were parties to an ordinary course of business contract pursuant to which Palm Coast provided certain fulfillment services to Bauer in return for service fees. During the first quarter of 2014, Kable Distribution received notice that its ordinary course of business contract with Bauer, which provided Kable Distribution with a substantial amount of negative working capital liquidity, would not be renewed upon its scheduled expiration in June 2014.

Pursuant to the Settlement Agreement, Kable Distribution agreed to eliminate the commission paid by Bauer to Kable Distribution for distribution services through expiration of the contract period at June 30, 2014 and to amend the payment procedures with respect to amounts received by Kable Distribution from wholesalers or retailers relating to the domestic sale by Kable Distribution of Bauer magazines to such wholesalers or retailers; Palm Coast agreed to reduce certain fees charged to Bauer for fulfillment services, with Bauer agreeing to extend the term of its fulfillment agreement to at least December 31, 2018; and the Company agreed to issue to Bauer 825,000 shares of common stock of the Company, with a fair market value of \$4,274,000 and which represented approximately 10.3% of the outstanding shares of common stock of the Company following such issuance, with Bauer agreeing to not sell or transfer such shares for a period of six months. In return for such consideration, Bauer released all claims it may have had against each of Kable Distribution, Palm Coast, the Company and its related persons, other than the obligations of Kable Distribution, Palm Coast and the Company under the Settlement Agreement, the future obligations of Kable Distribution under its distribution agreement as amended by the Settlement Agreement and the future obligations of Palm Coast under its fulfillment agreement as amended by the Settlement Agreement. In particular, the Settlement Agreement transferred to Bauer all amounts and accounts receivable owing from wholesalers to Kable Distribution relating to the domestic sale by Kable Distribution of Bauer magazines (\$22,626,000) and released Kable Distribution from having to pay the accounts payable owed to Bauer relating to the domestic sale by Kable Distribution of Bauer magazines other than to the extent amounts had been received by Kable Distribution or Bauer on or after May 14, 2014 from wholesalers or retailers relating to the domestic sale by Kable Distribution of Bauer magazines to such wholesalers or retailers (\$38,214,000). After considering the value of the various components of the Settlement Agreement, Kable Distribution recorded a pretax gain of \$11,155,000 during the first quarter of 2015, which is included in income (loss) from discontinued operations.

As discussed in Note 2, the results of operations of Kable Distribution are included in discontinued operations in the accompanying financial statements.

**(13)**

**IMPAIRMENT OF ASSETS**

During the quarter ended July 31, 2014, the Company's Fulfillment Services business recognized a \$925,000 impairment charge relating to the discontinuance of the development of certain software. The impairment charge included previously capitalized software costs, internal labor costs and third party consulting costs.

## **Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

### **INTRODUCTION**

The Company, through its subsidiaries, is primarily engaged in three business segments: the Fulfillment Services business operated by Palm Coast Data LLC ("Palm Coast") and its subsidiary, FulCircle Media, LLC ("FulCircle"), the Staffing Services business operated by Kable Staffing Resources LLC ("Staffing Services") and the real estate business operated by AMREP Southwest Inc. ("AMREP Southwest") and its subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation. The Company's foreign sales and activities are not significant.

Prior to February 9, 2015, the Company was also engaged in the Newsstand Distribution Services business and the Product Packaging and Fulfillment Services business, operated by Kable Media Services, Inc., Kable Distribution Services, Inc. ("Kable Distribution"), Kable News Company, Inc., Kable News International, Inc., Kable Distribution Services of Canada, Ltd. and Kable Product Services, Inc. (collectively, the "Company Group"). On February 9, 2015, the Company Group was sold (refer to Note 2 in the footnotes to the financial statements included in this Form 10-Q for more detail). As of January 31, 2015, these subsidiaries were classified as held for sale and accounted for as discontinued operations in the financial statements included in this Form 10-Q.

The following provides information that management believes is relevant to an assessment and understanding of the Company's consolidated results of operations and financial condition. The information contained in this section should be read in conjunction with the unaudited consolidated financial statements and related notes thereto appearing elsewhere in this quarterly report on Form 10-Q and with the Company's annual report on Form 10-K for the year ended April 30, 2014, which was filed with the Securities and Exchange Commission on July 29, 2014 (the "2014 Form 10-K"). Many of the amounts and percentages presented in this section have been rounded for convenience of presentation. Unless otherwise qualified, all references to 2015 and 2014 are to the fiscal years ending April 30, 2015 and 2014 and all references to the third quarter and first nine months of 2015 and 2014 mean the fiscal three and nine month periods ended January 31, 2015 and 2014.

### **CRITICAL ACCOUNTING POLICIES AND ESTIMATES**

Management's discussion and analysis of financial condition and results of operations is based on the accounting policies used and disclosed in the 2014 consolidated financial statements and accompanying notes that were prepared in accordance with accounting principles generally accepted in the United States of America and included as part of the 2014 Form 10-K. The preparation of those consolidated financial statements required management to make estimates and assumptions that affected the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual amounts or results could differ from those estimates.

The critical accounting policies, assumptions and estimates are described in Part II, “Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations, Critical Accounting Policies and Estimates” in the 2014 Form 10-K. There have been no changes in these accounting policies.

The significant accounting policies of the Company are described in Note 1 to the consolidated financial statements contained in the 2014 Form 10-K. Information concerning the Company’s implementation and the impact of recent accounting standards issued by the Financial Accounting Standards Board is included in the notes to the consolidated financial statements contained in the 2014 Form 10-K. The Company did not adopt any accounting policy in the third quarter of 2015 that had a material impact on its consolidated financial statements.

## **RESULTS OF OPERATIONS**

For the third quarter of 2015, the Company’s continuing operations recorded net income of \$201,000, or \$0.03 per share, compared to net income of \$290,000 or \$0.04 per share, for the third quarter of 2014. For the first nine months of 2015, the Company’s continuing operations had a net loss of \$532,000, or \$0.07 per share, compared to a net loss of \$583,000, or \$0.08 per share, for the same period of 2014. The results for the first nine months of 2015 included a non-cash impairment charge of \$925,000 (\$583,000 after tax, or \$0.07 per share), reflecting the discontinuance of the development of certain software in the Company’s Fulfillment Services business. Revenues from continuing operations were \$16,084,000 and \$47,734,000 for the third quarter and first nine months of 2015 compared to \$20,252,000 and \$55,703,000 for the same periods in the prior year.

Revenues from the Company’s Fulfillment Services operations decreased from \$15,843,000 and \$44,849,000 for the third quarter and first nine months of 2014 to \$10,832,000 and \$34,544,000 for the same periods in 2015. Magazine publishers are the principal customers of these operations, and these customers have continued to be negatively impacted by increased competition from new media sources, alternative technologies for the distribution, storage and consumption of media content, weakness in advertising revenues, increases in paper costs, printing costs and postal rates and weakness in the U.S. economy. The result has been reduced magazine subscription sales, which has caused publishers to close some magazine titles, change subscription fulfillment providers and seek more favorable terms from Palm Coast and their competitors when contracts are up for bid or renewal. Revenues from Fulfillment Services operations are expected to decline further in the first and second quarters of fiscal 2016 due to client losses that are already known. Operating expenses for Fulfillment Services decreased from \$12,391,000 and \$36,920,000 for the third quarter and first nine months of 2014 to \$9,420,000 and \$28,693,000 for the same periods in 2015, primarily attributable to lower payroll and benefits, as well as lower supplies expense, consulting costs, and facilities and equipment expenses.

Revenues from the Company’s Staffing Services operations increased from \$2,749,000 and \$7,445,000 for the third quarter and first nine months of 2014 to \$3,174,000 and \$7,836,000 for the same periods in 2015, due to increased business with both existing and new clients. Operating expenses for Staffing Services increased from \$ 2,846,000 and

\$7,517,000 for the third quarter and first nine months of 2014 to \$3,087,000 and \$7,586,000 for the same periods in 2015 as a result of the increased business.

Revenues from the Company's Real Estate land sales were \$1,861,000 and \$4,758,000 for the third quarter and first nine months of 2015 compared to \$1,443,000 and \$2,867,000 for the same periods of 2014. For the third quarter and first nine months of 2015 and 2014, the Company's land sales in New Mexico were as follows:

The average gross profit percentage on land sales was 55.8% and 32.1% for the third quarter and first nine months of 2015 compared to 3.0% and 9.7% for the same periods of 2014. As a result of many factors, including the nature and timing of specific transactions and the type and location of land being sold, revenues, average selling prices and related average gross profits from land sales can vary significantly from period to period and prior results are not necessarily a good indication of what may occur in future periods.

Other revenues consist primarily of revenues from the rental of a warehouse in Fairfield, Ohio. Other revenues were \$217,000 for the third quarter of 2015 and 2014. Other revenues increased from \$542,000 for the first nine months of 2014 to \$596,000 for the same period of 2015, primarily as a result of AMREP Southwest and one its subsidiaries entering into an oil and gas lease during the second quarter of 2015. For further detail regarding the oil and gas lease, refer to Note 8 in the footnotes to the financial statements included in this Form 10-Q.

Other operating expenses decreased from \$552,000 and \$1,623,000 for the third quarter and first nine months of 2014 to \$238,000 and \$1,006,000 for the same periods of 2015, primarily due to reduced real estate taxes and land maintenance costs at AMREP Southwest.

General and administrative expenses of Fulfillment Services operations declined to \$1,005,000 and \$3,224,000 for the third quarter and first nine months of 2015, compared to \$1,260,000 and \$3,904,000 for the same periods of 2014, primarily due to lower payroll and benefit costs. Real estate operations and corporate general and administrative expenses decreased \$134,000 and \$237,000 in the third quarter and first nine months of 2015 compared to the same periods in 2014, primarily due to reduced legal costs.

Interest expense for continuing operations was \$410,000 and \$1,239,000 for the third quarter and first nine months of 2015, compared to \$434,000 and \$1,309,000 for the same periods of 2014, primarily due to a declining principal loan balance at AMREP Southwest.

The Company's effective tax rate for continuing operations was 23.3% and 38.1% for the third quarter and first nine months of 2015 compared to 26.2% and 44.7% for the same periods of 2014. The Company expects to utilize federal net operating loss carryforwards of approximately \$14,400,000 as of April 30, 2014 to offset current taxable income. The total tax effect of gross unrecognized tax benefits in the accompanying financial statements at both January 31, 2015 and April 30, 2014 was \$58,000, which, if recognized, would have an impact on the effective tax rate. The Company believes it is reasonably possible that the liability for unrecognized tax benefits will not change in the next twelve months.

## **LIQUIDITY AND CAPITAL RESOURCES**

The Company's primary sources of funding for working capital requirements are cash flow from operations and a revolving credit facility between certain subsidiaries and a bank (the "PNC Credit Facility"). Prior to the sale described below under Discontinued Operations, a third primary source of funding for the Company's working capital requirements was provided by working capital made available to the Company by the terms of customer contracts. The Company's liquidity is affected by many factors, including some that are based on normal operations and some that are related to the industries in which the Company operates and the economy generally. Except as described below, there have been no material changes to the Company's liquidity and capital resources as reflected in the Liquidity and Capital Resources section of Management's Discussion and Analysis of Financial Condition and Results of Operations in the 2014 Form 10-K.

### **Discontinued Operations**

As described in Note 2 in the footnotes to the financial statements included in this Form 10-Q, the Company's Product Packaging and Fulfillment Services business and the Company's Newsstand Distribution Services business were sold on February 9, 2015. As of January 31, 2015, these businesses were classified as held for sale and accounted for as discontinued operations in the financial statements included in this Form 10-Q. In connection with the sale, the Product Packaging and Fulfillment Services business and the Newsstand Distribution Services business retained substantially all of their pre-closing assets, liabilities, rights and obligations. At January 31, 2015, the Company Group had assets of \$11,482,000 and liabilities of \$20,377,000, which included \$13,158,000 of negative working capital with respect to Kable Distribution further described below. The Company expects to recognize a pretax gain of between \$9,000,000 to \$10,000,000 on its financial statements as a result of the transaction in the fourth quarter of fiscal year 2015.

The Company's Newsstand Distribution Services business, which was operated by Kable Distribution, had negative working capital included in assets and liabilities held for sale of approximately \$13,158,000 at January 31, 2015, which included outstanding borrowings by Kable Distribution of \$1,321,000 under the PNC Credit Facility. The negative working capital of Kable Distribution represented its net payment obligation due to publisher clients and other third parties, which amount will vary from period to period based on the level of magazine distribution. The negative working capital of Kable Distribution is calculated by deducting (a) the sum of the cash held by Kable Distribution plus the accounts receivable (net of estimated magazine returns to Kable Distribution) owed to Kable Distribution from wholesalers, retailers and other third parties from (b) the accounts payable (net of estimated magazine returns to publishers) and accrued expenses owed by Kable Distribution to publisher clients and other third parties plus outstanding bank borrowings of Kable Distribution under the PNC Credit Facility.

During the first quarter of 2015, the Company and its indirect subsidiaries, Kable Distribution Services and Palm Coast, entered into a settlement agreement (the "Settlement Agreement") with a significant customer, Heinrich Bauer

(USA) LLC (“Bauer”). Kable Distribution and Bauer were parties to an ordinary course of business contract pursuant to which Kable Distribution distributed certain magazines of Bauer in return for a commission. Palm Coast and Bauer were parties to an ordinary course of business contract pursuant to which Palm Coast provided certain fulfillment services to Bauer in return for service fees. During the first quarter of 2014, Kable Distribution received notice that its ordinary course of business contract with Bauer, which provided Kable Distribution with a substantial amount of negative working capital liquidity, would not be renewed upon its scheduled expiration in June 2014.

Pursuant to the Settlement Agreement, Kable Distribution agreed to eliminate the commission paid by Bauer to Kable Distribution for distribution services through expiration of the contract period at June 30, 2014 and to amend the payment procedures with respect to amounts received by Kable Distribution from wholesalers or retailers relating to the domestic sale by Kable Distribution of Bauer magazines to such wholesalers or retailers; Palm Coast agreed to reduce certain fees charged to Bauer for fulfillment services, with Bauer agreeing to extend the term of its fulfillment agreement to at least December 31, 2018; and the Company agreed to issue to Bauer 825,000 shares of common stock of the Company, which represented approximately 10.3% of the outstanding shares of common stock of the Company following such issuance, with Bauer agreeing to not sell or transfer such shares for a period of six months. In return for such consideration, Bauer released all claims it may have had against each of Kable Distribution, Palm Coast, the Company and its related persons, other than the obligations of Kable Distribution, Palm Coast and the Company under the Settlement Agreement, the future obligations of Kable Distribution under its distribution agreement as amended by the Settlement Agreement and the future obligations of Palm Coast under its fulfillment agreement as amended by the Settlement Agreement. In particular, the Settlement Agreement transferred to Bauer all amounts and accounts receivable owing from wholesalers to Kable Distribution relating to the domestic sale by Kable Distribution of Bauer magazines (\$22,626,000) and released Kable Distribution from having to pay the accounts payable owed to Bauer relating to the domestic sale by Kable Distribution of Bauer magazines other than to the extent amounts had been received by Kable Distribution or Bauer on or after May 14, 2014 from wholesalers or retailers relating to the domestic sale by Kable Distribution of Bauer magazines to such wholesalers or retailers (\$38,214,000). After considering the value of the various components of the Settlement Agreement, Kable Distribution recorded a pretax gain of \$11,155,000 during the first quarter of 2015.

#### Equity Issuance

During the first quarter of 2015, the Company and its indirect subsidiaries, Kable Distribution and Palm Coast, entered into the previously-described Settlement Agreement with a significant customer resulting in the issuance by the Company of 825,000 shares of its common stock. As a result of the issuance of these shares, the Company increased its common stock account by \$83,000 and its contributed capital account by \$4,191,000.

#### Operating Activities

Receivables, net decreased from \$12,409,000 at April 30, 2014 to \$9,982,000 at January 31, 2015 due to the timing of the collection of receivables and lower business volumes for the Fulfillment Services operations. Accounts payable, net and accrued expenses decreased from \$12,982,000 at April 30, 2014 to \$11,079,000 at January 31, 2015, primarily due to lower business volumes and the timing of payment to vendors.

Real estate inventory decreased from \$71,289,000 at April 30, 2014 to \$68,687,000 at January 31, 2015 as a result of land sales by AMREP Southwest. Property, plant and equipment decreased from \$17,222,000 at April 30, 2014 to \$15,793,000 at January 31, 2015, primarily due to a \$925,000 impairment adjustment in the first quarter of 2015 and

normal depreciation of fixed assets.

Other liabilities and deferred revenue increased from \$4,215,000 at April 30, 2014 to \$4,944,000 at January 31, 2015 as a result of deferred revenue related to the oil and gas lease entered into by AMREP Southwest and one of its subsidiaries during the second quarter of 2015.

### Investing Activities

Capital expenditures for continuing operations totaled \$731,000 for the first nine months of 2015 and \$267,000 for the same period of 2014, primarily for the Fulfillment Services business.

### Financing Activities

Palm Coast Data Holdco, Inc., Palm Coast, FulCircle and Staffing Services (collectively, the “PNC Borrowers”), each an indirect subsidiary of the Company, are parties to a revolving credit and security agreement with PNC Bank, N.A. (the “PNC Credit Facility”). The PNC Credit Facility provides the PNC Borrowers with a revolving credit loan and letter of credit facility that matures on May 12, 2015. The PNC Borrowers’ obligations under the PNC Credit Facility are secured by substantially all of their assets other than real property. On February 9, 2015, the PNC Borrowers entered into the fifth amendment (the “Fifth Amendment”) to the PNC Credit Facility. The Fifth Amendment provided PNC’s consent to the Stock Purchase Agreement (and the related agreements and transactions) (refer to Note 2 in the footnotes to the financial statements included in this Form 10-Q), removed each member of the Company Group that was a party to the PNC Credit Facility as a borrower under the PNC Credit Facility, released the collateral of such member that was pledged as security for the obligations under the PNC Credit Facility and reduced the maximum loan amount available under the PNC Credit Facility from \$15,000,000 to \$7,500,000. No other material terms of the PNC Credit Facility changed in connection with the Fifth Amendment.

At January 31, 2015, the borrowing availability of all of the borrowers under the PNC Credit Facility (including the Company Group) was \$7,349,000. At January 31, 2015, there was \$1,321,000 outstanding against this availability as the result of borrowings by the Company Group, which amount is included in the Company’s discontinued operations in liabilities held for sale in the accompanying financial statements. At January 31, 2015, the borrowing availability of the borrowers under the PNC Credit Facility other than the Company Group was \$3,781,000. The highest amount borrowed under the PNC Credit Facility during the first nine months of 2015 was \$6,569,000 and the interest rate at January 31, 2015 was 3.17%.

AMREP Southwest has a loan with a company owned by Nicholas G. Karabots, a significant shareholder of the Company and in which another director of the Company has a 20% participation. The loan had an outstanding principal amount of \$14,237,000 at January 31, 2015, is scheduled to mature on December 1, 2017, bears interest payable monthly at 8.5% per annum, and is secured by a mortgage on all real property of AMREP Southwest in Rio Rancho and by a pledge of the stock of its subsidiary, Outer Rim Investments, Inc. The total book value of the real property collateralizing the loan was approximately \$66,234,000 as of January 31, 2015. No payments of principal are required until maturity, except that the following amounts are required to be applied to the payment of the loan: (a) 25% of the net cash proceeds from any sales of real property by AMREP Southwest and (b) 25% of any royalty payments received by AMREP Southwest under the oil and gas lease entered into by AMREP Southwest and one of its subsidiaries during the second quarter of 2015.

At January 31, 2015, the borrowers under both the PNC Credit Facility and the AMREP Southwest loan were in compliance with the covenants of each facility.

Other notes payable consist of a mortgage note payable with an outstanding principal balance of \$4,119,000 on a warehouse with a maturity date of February 2018 and an interest rate of 6.35%, and \$197,000 of an asset financing loan with a maturity date of December 2015 and an interest rate of 9.0%. The amount of Other notes payable due within one year totals \$323,000.

### **Statement of Forward-Looking Information**

The Private Securities Litigation Reform Act of 1995 (the “Act”) provides a safe harbor for forward-looking statements made by or on behalf of the Company. The Company and its representatives may from time to time make written or oral statements that are “forward-looking”, including statements contained in this report and other filings with the Securities and Exchange Commission, reports to the Company’s shareholders and news releases. All statements that express expectations, estimates, forecasts or projections are forward-looking statements within the meaning of the Act. In addition, other written or oral statements, which constitute forward-looking statements, may be made by or on behalf of the Company. Words such as “expects”, “anticipates”, “intends”, “plans”, “believes”, “seeks”, “estimates”, “projects”, “forecasts”, “may”, “should”, variations of such words and similar expressions are intended to identify such forward-looking statements. These statements are not guarantees of future performance and involve certain risks, uncertainties and contingencies that are difficult to predict. All forward-looking statements speak only as of the date of this report or, in the case of any document incorporated by reference, the date of that document. All subsequent written and oral forward-looking statements attributable to the Company or any person acting on behalf of the Company are qualified by the cautionary statements in this section. Many of the factors that will determine the Company’s future results are beyond the ability of management to control or predict. Therefore, actual outcomes and results may differ materially from what is expressed or forecasted in or suggested by such forward-looking statements.

The forward looking statements contained in this report include, but are not limited to, statements regarding (i) the expected gain as a result of the sale of the Company Group and (ii) the expected decline in revenues from Fulfillment Services operations in the first and second quarters of fiscal 2016. The Company undertakes no obligation to update or publicly release any revisions to any forward-looking statement to reflect events, circumstances or changes in expectations after the date of such forward-looking statement, or to make any other forward-looking statements, whether as a result of new information, future events or otherwise.

### **Item 4. Controls and Procedures**

#### **Evaluation of Disclosure Controls and Procedures**

The Company’s management, with the participation of the Company’s chief financial officer and the other person whose certifications accompany this quarterly report, has evaluated the effectiveness of the Company’s disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934) as of the end of the period covered by this report. As a result of such evaluation, the chief financial officer and such other person have concluded that such disclosure controls and procedures are effective to provide reasonable assurance that the information required to be disclosed in the reports the Company files or submits under the Securities Exchange Act of 1934 is (i) recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission’s rules and forms, and (ii) accumulated and communicated to the Company’s management, including its chief financial officer and such other person, as appropriate to allow timely decisions regarding

disclosure. The Company believes that a control system, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the control system are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.

### **Changes in Internal Control over Financial Reporting**

No change in the Company's system of internal control over financial reporting occurred during the most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting.
