Item 8.01 Other Events

On October 2, 2015, the Global Defense & National Security Systems, Inc. (the “Company”) issued a press release announcing that stockholders of record at the close of business on the date when the Company’s proposed business combination with STG Group, Inc. is consummated (the “Record Date”), which is expected to be October 28, 2015, will be entitled to receive 1 share of the Company’s common stock (the “Dividend Shares”) for every 2.25 shares of the Company’s common stock (the “Common Stock”) held by such stockholders as of the Record Date. Global Defense & National Security Holdings LLC (the “Sponsor”), with respect to the shares of Common Stock currently held by the Sponsor and any shares that may be acquired by the Sponsor upon any conversion of the convertible promissory notes currently held by the Sponsor, and the stockholders of STG Group, Inc. (the “STG Stockholders”), have agreed to forfeit any Dividend Shares they would be entitled to in exchange for no consideration. Payment of the Dividend Shares is contingent upon the closing of the Company’s proposed business combination with STG Group, Inc. (“STG”) and will be made as soon as practicable after the closing of the business combination with STG Group, Inc. (the “Business Combination”). A copy of the press release is being provided as Exhibit 99.1 to this Current Report.

In connection with the special meeting of the stockholders to amend the Company’s amended and restated certificate of incorporation to extend the time that the Company has to complete its business combination from October 24, 2015 to November 24, 2015, and the special meeting of the stockholders to approve the business combination with STG (the “Transaction Special Meeting”), the Company’s public stockholders will have the right to redeem their shares of the Company’s common stock for their pro rata share of the aggregate amount then on deposit in the trust account resulting from the Company’s initial public offering (net of taxes payable). As of September 29, 2015, this would have amounted to approximately \$10.61 per share. In its preliminary proxy statement on Schedule 14A that the Company filed on September 21, 2015 in connection with the Transaction Special Meeting (the “Proxy Statement”), the Company presented three alternative scenarios which demonstrate the effects of such stockholder redemptions. In light of the Company’s plans to distribute the Dividend Shares immediately after the closing of the Business Combination, the Company has revised the three scenarios, as follows:

Assuming Minimum Redemption: In general, shares of the Company’s Common Stock sold in a private placement will also count toward satisfying the Control Requirement (as defined in the Stock Purchase Agreement dated June 8, 2015, by and among the Company, STG, the Sponsor, the STG Stockholders and Simon Lee as Stockholder Representative (the “Business Combination Agreement”)) along with any public shares held by the purchaser(s) in such private placement. This scenario assumes (1) 7.1% of public shares (427,309) are redeemed and (2) we reissue these shares in a private placement of 427,309 shares to one or more investors who also own or acquire at least 4,273,090 public shares. Under the Business Combination Agreement, without the consent of the Stockholder Representative (as defined in the Business Combination Agreement), the size of any such private placement may not exceed the number of public shares subject to redemption.

Assuming 67.5% Redemption: This presentation assumes that Company stockholders exercise their redemption rights with respect to 4,067,653 public shares, which is the minimum number of shares redeemable (without a private placement of common stock) to satisfy one of the conditions to STG’s obligation to close, which requires that the transaction qualifies for the tax treatment described in the Business Combination Agreement. The transaction will

qualify for this tax treatment if it meets the Control Requirement (as defined in the Business Combination Agreement), which means that the STG Stockholders, the Sponsor and any other person who receives shares of the Company's common stock in connection with an equity financing completed in connection with the closing, will collectively own at least 80% of the outstanding shares of the Company's common stock immediately following the closing.

Assuming Maximum Redemption: Following approval of the Pre-Business Combination Net Tangible Asset Charter Proposal (as described in the Proxy Statement), the Company's amended and restated certificate of incorporation will provide that it cannot consummate a Business Combination if, after stockholder redemptions, its net tangible assets will be less than \$5,000,001. To meet this requirement, approximately \$12.4 million will be required to remain in the Company's trust account following redemptions by the stockholders. At this level of redemptions, the 8,578,199 new shares of the Company's common stock to be issued to the STG Stockholders and the maximum 445,161 shares held by the Sponsor to be contributed by the Sponsor to the Company and to be issued to STG in connection with the Business Combination comprise approximately 69.5% of the total shares outstanding and Sponsor holds approximately 17.6% of the total shares outstanding, and the remaining shares are held by the public. This scenario assumes that the Company's public stockholders will exercise the maximum redemption rights subject to potential redemption so that the Company's net tangible assets are \$5,000,001.

The below chart shows the number of shares of the Company's common stock that would be held by the public stockholders, STG Stockholders and the Sponsor under each of the three scenarios described above following the distribution of the Dividend Shares and forfeiture of the Dividend Shares by the Sponsor and STG Stockholders:

	Minimum Redemption	Ownership Interest	67.5% Redemption	Ownership Interest	Maximum Redemption	Ownership Interest		
Public Stockholders	8,701,229	43.5	% 2,825,731	20.0	% 1,682,570	13.0	%	
STG Stockholders	9,023,360	45.1	% 9,023,360	63.9	% 9,023,360	69.5	%	
Sponsor	2,279,564	11.4	% 2,279,564	16.1	% 2,279,564	17.5	%	
Total shares outstanding	20,004,153		14,128,655		12,985,494
