(Relating To Preliminary Prospectus Dated July 3, 2006)

WNS (Holdings) Limited

On July 20, 2006, WNS (Holdings) Limited filed Amendment No. 1 to its Registration Statement on Form F-1 to revise and update certain disclosures that had been provided in its preliminary prospectus dated July 3, 2006. Certain of the disclosures in the preliminary prospectus included in Amendment No. 1 to the Registration Statement that revised the disclosure in the preliminary prospectus dated July 3, 2006 are set forth below. References to we, us, our and the company are used in the manner described in the preliminary prospectus dated July 3, 2006.

Updates to information relating to AVIVA contracts

Subsequent to the issuance of our preliminary prospectus on July 3, 2006, we executed an agreement with AVIVA to postpone the start of its option exercise period with respect to our Pune facility from November 18, 2006 to December 30, 2007. This information was updated on pages 9 and 10 of our preliminary prospectus contained in our Amendment No. 1 filing.

Updates to outstanding share and option information

In our Amendment No. 1 filing, we updated certain information relating to our outstanding shares and options from as of June 20, 2006 to as of June 30, 2006, being a more recent practicable date.

As of June 20, 2006, we had 3,899,758 ordinary shares issuable upon exercise of outstanding options and 66,018 ordinary shares reserved for future issuance under our Stock Incentive Plan. As of June 30, 2006, we had 3,875,655 ordinary shares issuable upon exercise of outstanding options and 90,121 ordinary shares reserved for future issuance under our Stock Incentive Plan. This change of 24,103 ordinary shares arose from the forfeiture of options previously issued but unexercised and the crediting back of this amount into our pool of available ordinary shares reserved for future issuance under our Stock Incentive Plan.

In addition, since the issuance of our preliminary prospectus on July 3, 2006, the number of ordinary shares issuable upon exercise of options to be effective upon the completion of this offering and restricted share units to be issued effective upon the completion of this offering has decreased marginally, due to lesser amounts being granted to employees. The amounts to be issued to directors and officers have remained unchanged. The total amount of 3,000,000 ordinary shares reserved for future issuance under our 2006 Incentive Award Plan described in our preliminary prospectus now includes 522,000 (decreased from 600,000) ordinary shares issuable upon exercise of options to be effective upon the completion of this offering (of which 320,000 (unchanged) are to be issued to certain of our directors and executive officers and 202,000 (decreased from 280,000) are to be issued to other employees) and 261,000 (decreased from 300,000) restricted share units to be issued effective upon the completion of this offering (of which 160,000 (unchanged) are to be issued to certain of our directors and executive officers and 101,000 (decreased from 140,000) are to be issued to other employees).

See pages 6, 26, 28, 85, 93 and 119 of our preliminary prospectus included in the Amendment No. 1 filing.

Corrections in Management's Discussion and Analysis

In our Amendment No. 1 filing, we corrected two computational errors in the disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations. Amendments to Principal and Selling Shareholder Information

In our Amendment No. 1 filing, we updated and clarified certain information relating to our outstanding principal and selling shareholders. In particular, we set forth in greater detail the individual holdings of the three separate legal entities within the Warburg Pincus group which are the legal owners of the shares being sold in the offering, and disclosed the trust ownership structure for another of our selling shareholders, Theodore Agnew. We also included additional footnotes 4 and 5 to reflect recent transfers of shares and options to trusts controlled by Ramesh Shah and Neeraj Bhargava. See pages 90 to 93 of our preliminary prospectus included in our Amendment No. 1 filing.

Other minor amendments

In addition to the changes described above, we also updated the exchange rate information from June 30, 2006 to July 19, 2006 (see pages 29 and 30 of our preliminary prospectus included in our Amendment No. 1 filing). We also corrected a small number of minor typographical errors and made a small number of conforming changes.
