and

Item 7.01 Regulation FD Disclosure.

The following information is furnished pursuant to both Item 2.02 and Item 7.01:

On December 18, 2008, Worthington Industries, Inc. (the "Registrant") issued a news release reporting results for the three- and six-month periods ended November 30, 2008. A copy of the news release (the "Release") is furnished herewith as Exhibit 99.1 and is incorporated herein by reference.

Item 2.06 Material Impairments.

In the Release, the Registrant announced that a charge in the amount of \$96,943,000 was recorded as of November 30, 2008 for the impairment of goodwill for the Metal Framing segment. The combined impact of the declining economy, particularly on the construction market, and the decreasing results at the Metal Framing segment caused management of the Registrant to reconsider key assumptions used in previous valuations to support the goodwill balance reported for the Metal Framing segment. After reviewing these assumptions and reviewing the fair value of the remaining assets, it was determined in connection with the review of the financial statements as of and for the three-months ended November 30, 2008, that the value of the Metal Framing business no longer supported the goodwill balance. The goodwill impairment charge, which is a non-cash charge, negatively impacted earnings per diluted share by an estimated \$1.07.

Item 9.01 Financial Statements and Exhibits.
