Item 4.02.

Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

(a) On May 19, 2009, management of Saratoga Resources, Inc. (the "Company") concluded that the previously filed consolidated financial statements of the Company as of and for the year ended December 31, 2008 needed to be restated.

The restatement results from errors in accounting for the acquisition (the Harvest Acquisition) of Harvest Oil & Gas, LLC and The Harvest Group, LLC. The Company, in reporting the Harvest Acquisition in its Form 10-K for the year ended December 31, 2008, made certain estimates as permitted by SFAS No. 141 Business Combinations. Subsequent to filing the Form 10-K, the Company reassessed the application of SFAS 109, Accounting for Income Taxes related to the Harvest acquisition. During this reassessment, the Company identified an error whereby the tax basis of its oil and gas properties was not properly adjusted. This oversight resulted in a \$5,455,678 error in tax depletion, which caused the deferred tax assets to be overstated by \$3,663,471. In addition, the Company identified an error in the purchase price allocation related to the Harvest Acquisition. This error resulted in an overstatement of depletion and impairment expense by \$4,015,067 and \$978,221, respectively, which will have a corresponding impact on net oil and gas properties and a \$3,865,729 adjustment to deferred tax liabilities. The net impact to income tax expense was \$202,258. In addition, the revised statements of operations and cash flows will reflect a reclass of accretion expense from depletion, where is was previously reported.

We therefore will restate our financial statements for the year ended December 31, 2008 to correct our income tax expense, deferred tax asset and deferred tax liability, oil and gas properties, depletion and impairment expense, net income and retained earnings. The following table illustrates the impact of these adjustments on the previously reported balances:
