Report of Independent Registered Public Accounting Firm

The Pension, Savings and Flexible Compensation Committee of First Horizon National Corporation:

We have audited the accompanying statements of net assets available for benefits of First Tennessee National Corporation Savings Plan and Trust (the Plan) as of December 31, 2004 and 2003, and the related statement of changes in net assets available for benefits for the year ended December 31, 2004. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2004 and 2003, and the changes in its net assets available for benefits for the year ended December 31, 2004, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic 2004 financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic 2004 financial statements taken as a whole.

**FIRST TENNESSEE NATIONAL CORPORATION
SAVINGS PLAN AND TRUST**

Notes to Financial Statements
December 31, 2004 and 2003

(1) Plan Description

The following description of First Tennessee National Corporation Savings Plan and Trust (the Plan), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan established April 23, 1978, for qualified employees of First Horizon National Corporation, formerly First Tennessee National Corporation, and certain affiliates (the Company) to provide a savings plan for those employees. First Tennessee National Corporation changed its name effective April 21, 2004. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Since inception, the Plan agreement has been amended periodically to conform with provisions of ERISA and other laws and regulations. The Plan is administered by the Savings Committee. Nationwide Trust Company, FSB (NTC) serves as Trustee of the Plan. Pursuant to the Plan document, certain retirees are allowed to segregate and direct their accounts into investments outside the boundaries of investment options available to active participants and defer payment of benefits. These accounts are presented in a single line item in the financial statements and are trusted by First Tennessee Bank National Association (FTBNA), the Company's primary affiliate. The 401(k) Company serves as recordkeeper of the Plan.

(a) Contributions

Under the terms of the Plan, full-time employees are eligible to participate in the Plan immediately. Part-time employees are eligible to participate upon completion of twelve months of service in which they have worked 1,000 hours of service. A participant may authorize payroll deductions from 1% to 100% of eligible pay (subject to certain legal limitations) as contributions, to be invested as authorized by the participant. The Plan allows participants to make pre-tax contributions

Edgar Filing: FIRST HORIZON NATIONAL CORP - Form 11-K

(from 1% to 90% of eligible pay) and after-tax contributions (from 1% to 10% of eligible pay). Participants may also rollover amounts representing distributions from other defined benefit and/or defined contribution plans. Participants direct their contributions into various investment options offered by the Plan and may elect to change their investment authorizations at any time.

The Company makes two types of contributions on behalf of participants to the Plan Company matching contributions and Company savings contributions. After one year of service all participants are eligible for matching contributions. All participants receive 50% of the first 1% to 6% of participant pre-tax contributions invested in the First Tennessee National Corporation Stock Fund (ESOP), except First Horizon Home Loan participants. First Horizon Home Loan participants receive 50% of the first 1% to 6% of participant pre-tax contributions invested in any of the investment options.

The Company provides Flexible Dollars to employees to spend on benefits or to deposit into the Plan. Participants' Flexible Dollars deposited into the Plan are identified as Company savings contributions and are not eligible for matching contributions. All Company contributions, and allocated earnings or losses thereon, are 100% vested.

(b) Payment of Benefits

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's interest in their account, or installment payouts, as defined. For termination of service for other reasons, a participant may receive the value of the interest in their account as a lump-sum distribution. The Plan also provides for in-service and hardship withdrawals. A participant may request a withdrawal of all or part of their after-tax, rollover and Profit Sharing contributions at any time. Upon obtaining the age of 59 ½, a participant may request a withdrawal of all or a portion of the value of their account. In-service withdrawals are limited to four such withdrawals during a calendar year. Hardship withdrawals are allowed at any time for certain financial needs, as defined. Account balances invested in the ESOP may be received in the form of shares of stock. Also, annually, a participant may request a withdrawal of certain contributions invested in the ESOP in the form of First Horizon National Corporation stock.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and Plan earnings, and is charged with an allocation of asset management fees, Plan losses and certain other recordkeeping expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. General purpose loan terms range from 6 to 60 months and primary residence loan terms range from 6 to 120 months. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate at the time of the participant's request of the loan. Principal and interest is paid ratably through payroll deductions. Up to three loans may be outstanding at one time, but participants can have only one general purpose loan and one primary residence loan per calendar year.

(2) Summary of Significant Accounting Policies

(a) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(b) Investment Valuation and Income Recognition

Investments in mutual funds and the money market funds are stated at fair value based on the closing net asset value of shares held by the Plan at year end. The investment in the common/collective trust (stable value funds) is stated at fair value as determined by the issuer based on the fair value of the underlying investments. Investments in common stocks are valued at the last reported sales price on the last business day of the year. U.S. government agency securities are valued at the mean of the bid and ask prices on the last business day of the year. Loans to participants are stated at the unpaid principal balance, which the Plan's management believes approximates fair value.

Investment transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis and is recognized when earned. Dividend income is accrued on the ex-dividend date. Realized gains and losses from investment transactions are reported on the average cost method. Investment income includes unrealized appreciation and depreciation of investments.

Pursuant to the Plan document, certain retirees are allowed to segregate and direct the investment of their accounts and defer payment of benefits. These investments are individually valued according to the accounts and are presented in a single line item in the financial statements.

(c) Reclassification

Certain amounts in the 2003 financial statements have been reclassified to conform to the 2004 presentation.

(d) Contributions

Participant contributions are recognized when withheld, and Employer contributions are recognized when due. Rollovers are recognized when approved by the Plan Sponsor.

(e) Benefit Payments

Benefits paid to participants or beneficiaries are recognized when requested and approved for payment.

**FIRST TENNESSEE NATIONAL CORPORATION
SAVINGS PLAN AND TRUST**

Notes to Financial Statements
December 31, 2004 and 2003

(f) Administrative Expenses

Administrative expenses are recognized when incurred.

(3) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(4) Tax Status of Plan

The Internal Revenue Service (IRS) has determined and informed the Plan Sponsor by a letter dated October 24, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receipt of such letter; however, the Plan's management believes that the Plan remains in compliance with the applicable requirements of the IRC.

The income tax payable of \$11,206 and \$15,462 as of December 31, 2004 and 2003, respectively, represents participant taxes for early withdrawal. These taxes are withheld by the Plan Sponsor on behalf of the participant and remitted to the IRS.

(5) Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Highland Capital Management Corporation and Martin & Company, Inc., wholly-owned subsidiaries of the Plan Sponsor. Therefore, transactions related to these mutual funds, as well as transactions related to FHNC common stock, qualify as party-in-interest transactions. In 2004 and 2003, FTBNA, an affiliated company, charged trustee fees of \$646 and \$500,322, respectively. These amounts are reflected in administrative expenses in the accompanying financial statements.

(6) Investments
