Non-GAAP net loss for the fourth quarter of 2008 was \$1.8 million, or \$0.04 per diluted share, compared to Non-GAAP net income of \$6.2 million, or \$0.15 per diluted share, in the fourth quarter of 2007.

Revenues for the twelve month period ended December 31, 2008 were \$267.5 million, compared to \$282.6 million in the comparable period of 2007. Net loss for the twelve month period ended December 31, 2008 was \$1.1 million or \$0.03 per diluted share, compared to net income of \$10.1 million or \$0.24 per diluted share in the same period of 2007. At the end of 2008, the Company announced the successful execution of new agreements with the Ministry of Colombia, putting an end to long negotiations and clearing the way for the Company to be able to release \$24 million from its restricted cash during 2009 and 2010. The net loss in the 2008 GAAP results includes an impairment of the Company's long lived assets and other charges in an amount of \$5 million relating to these new agreements (compared to \$12.2 million recorded in 2007 relating to operations in Colombia).

For a detailed reconciliation of GAAP to non-GAAP financial information and for more information regarding Gilat's use of non-GAAP financial measures, please see the table titled "Reconciliation between GAAP and non-GAAP statements of operations" as well as the notes contained in this press release.

Gilat's Chief Executive Officer and Chairman of the Board Amiram Levinberg said, "Entering 2009, our business remains steady and the Company is in a strong financial position, situating us well for both potential acquisition opportunities and ongoing business. Our fourth quarter ended relatively on par with the previous quarter in terms of revenues and down from last year's revenues which was not unexpected in the context of the current economic environment. Our management targets for 2009 are to increase revenues while improving profitability and generating free cash flow."

(1) The attached summary financial statements were prepared in accordance with U.S. Generally Accepted Accounting Principles (GAAP). The attached summary financial statements for the fourth quarter of 2008 are unaudited. To supplement the consolidated financial statements presented in accordance with GAAP, the Company presents Gilat's net income (loss), EBITDA and earnings (loss) per diluted share, before the impact of impairment of long lived assets and other charges, before expenses related to the merger transaction, before expenses related to cost reduction initiatives, before other income net of tax and before stock based compensation expenses, which is the non-cash stock based compensation expenses as per SFAS 123 (R). Non-GAAP presentations of net income (loss), EBITDA and earnings (loss) per share are provided to enhance the understanding of the Company's historical financial performance and comparability between periods.

(2) Operating income (loss) before depreciation, amortization, non cash stock based compensation expenses as per SFAS 123(R) and exceptional items such as the impact of an impairment of long lived assets and other charges ('EBITDA'), is presented because it is a measure commonly used and is presented solely in order to improve the understanding of the Company's operating results and to provide further perspective on these results. EBITDA, however, should not be considered as an alternative to operating income (loss) or net income (loss) for the period as an indicator of the operating performance of the Company.

Similarly, EBITDA should not be considered as an alternative to cash flows from operating activities as a measure of liquidity. EBITDA is not a measure of financial performance under generally accepted accounting principles and may

Edgar Filing: GILAT SATELLITE NETWORKS LTD - Form 6-K

not be comparable to other similarly titled measures for other companies. EBITDA may not be indicative of the historic operating results of the Company; nor is it meant to be predictive of potential future results. Reconciliation between the Company's Operating income (loss) and EBITDA is presented in the attached summary financial statements.
