PART I

Item 1. Description of Business

Organization

a. Corporate History.

CoConnect, Inc. (formerly known as Advanced Wireless Communications, Inc.) (the "Company") was incorporated in Alabama in December 1997 to take over the assets of related business involved in reorganizations through bankruptcies. In 1997, we acquired Mobile Limited Liability Company as part of the confirmation by the U.S. Bankruptcy Court for the Northern District of Texas of a Plan of Reorganization of Mobile Limited Liability Company. We acquired all of the assets of Digital Wireless Systems ("DWSI") on August 6, 2000, as part of the consummation of DWSI's confirmed Plan of Reorganization under Chapter 11 of the U.S. Bankruptcy Code. Lack of funding forced us to abandon plans to revive the operations of both companies.

In 2000, we acquired three operating subsidiaries, Daybreak Auto Recovery, Inc., Rap Group and Voltage Vehicles. In 2002, we rescinded these acquisitions, and in October 2004 cancelled the common shares that were to be issued for the acquisitions, which shares had been held in escrow. During 2002 and 2003, the Company had no operations other than to continue its efforts to liquidate certain telecommunications licenses, the only assets of the Company, in order to pay creditors who had judgments arising out of the bankruptcies.

In August of 2004, we moved our domicile to Nevada and changed our name to Advanced Wireless Communications, Inc.

On October 5, 2004, we signed a definitive agreement with Heritage Communications, Inc. ("Heritage") and acquired an exclusive license for the marketing and distribution of products over Heritage's proprietary high-speed wireless network.

On January 28, 2005, we executed a share exchange agreement with Heritage and its stockholders. The share exchange agreement closed on February 23, 2005 and superseded the exclusive license with Heritage by making Heritage our wholly owned subsidiary.

In February 2005, we changed our name to CoConnect, Inc.

On July 14, 2005, we rescinded the Share Exchange Agreement with Heritage due to material omissions and misrepresentations had been made by Heritage. As a result of the rescission, the Company cancelled the 30 million shares of common stock previously issued to the shareholders of Heritage.

On December 21, 2005, we purchased through our newly formed wholly-owned subsidiary, Phoenix Asset Acquisition Corporation, selected assets of Phoenix Systems Corp. ("Phoenix"). The terms of the purchase include the issuance of 8 million shares of our common stock, 2 million of which are being held in escrow until certain performance measures are achieved; a \$50,000 cash payment and the assumption of approximately \$374,000 of Phoenix liabilities and approximately \$49,000 in real property leases. At December 31, 2005, the Phoenix acquisition was mutually rescinded. The financial statements have been stated as if the transaction never happened.

b. Current Business Operations.

Our previous business model focused on the exploration of VoIP technology. VoIP is the delivery of voice information in the language of the Internet, i.e., as digital packets instead of the current circuit protocols of the copper-based phone networks. In VoIP systems analog voice messages are digitized and transmitted as a stream of data (not sound) packets that are reassembled and converted back into a voice signal at their destination. VoIP allows telephony users to bypass long-distance carrier charges by transporting those data packets just like other Internet information.

Although we are still investigating the profitability of pursuing the VoIP Technology business, management is of the belief that there may be more value for our shareholders if we were able to (i) attract a more substantial operating company and engage in a merger or business combination of some kind, or (ii) acquire assets or shares of an entity actively engaged in business which generates revenues. We have several acquisitions in mind and are investigating the candidates to determine whether or not they will add value to the Company for the benefit of our shareholders. Our Board of Directors intends to obtain certain assurances of value of the target entity's assets prior to consummating such a transaction. Any business combination or transaction will likely result in a significant issuance of shares and substantial dilution to our present stockholders.

We do not intend to restrict our consideration to any particular business or industry segment, and we may consider, among others, finance, brokerage, insurance, transportation, communications, research and development, service, natural resources, manufacturing or high-technology business. Of course, because we have limited resources, the scope and number of suitable candidates to merge with, will be limited accordingly. Because we may participate in a business opportunity with a newly organized firm or with a firm which is entering a new phase of growth, it should be emphasized that we may incur further risk due to the failure of the target's management to have proven its abilities or effectiveness, or the failure to establish a market for the target's products or services, or the failure to prove or predict profitability.

Personnel

As of December 31, 2007, we had no employees.

Item 2. Description of Properties

We currently do not own any real property nor do we lease any real property. We receive mail at the office of Mr. Baum, our interim CEO at 2038 Corte Del Nogal, Suite 110, Carlsbad, California, 92011.

Item 3. Legal Proceedings

During 2006 the Company was involved in several lawsuits. As disclosed in our 8-K filing with the Securities and Exchange Commission on January 23, 2007, the Company and Heritage Communications, Inc., parties to consolidated lawsuits in the State of Utah, Third District Court, Civ. Nos. 05-091-1718 and 05-091-2224, agreed that all allegations about the parties made in prior filings with the Securities and Exchange Commission and all allegations made in lawsuits between the parties have been completely settled and resolved by all parties, and the lawsuits have been settled with prejudice.

Item 4. Submission of Matters to a Vote of Security Holders

None.

PART II

Item 5: Market for Registrant's Common Equity and Related Stockholder Matters

(a) Market Information.

The common stock of the Company, \$.001 par value, is currently traded over the counter and is listed on the OTC Bulletin Board under the symbol "CCNN" The availability of historical trading prices of our common stock is limited, with periods of little or no trading activity. The following table sets forth the available approximate range of high and low closing prices for the common stock of the Company during the periods indicated. The quotations presented reflect inter-dealer prices, without retail markup, markdown, or commissions, and may not necessarily represent actual transactions in the common stock.

2007	Low	High
First Quarter	\$.50	.90
Second Quarter	.29	.90
Third Quarter	.21	1.01
Fourth Quarter	.05	.20

On February 29, 2008 the closing quotation for our common stock was \$0.04 per share. As reflected by the high and low prices on the foregoing table, the trading price of the common stock of the Company can be volatile with dramatic changes over short periods. The trading price may reflect imbalances in the supply and demand for shares of the Company, market reaction to perceived changes in the industry in which the Company sells products and services, general economic conditions, and other factors. Investors are cautioned that the trading price of the common stock can change dramatically based on changing market perceptions that may be unrelated to the Company and its activities.

(b) Approximate number of equity security holders.

The approximate number of record holders of the Company's common stock as of February 15, 2008 was 4,688, which does not include shareholders whose stock is held through securities position listings.

(c) Dividends.

The Company did not declare or pay any cash dividends on its common stock during the past two fiscal years.

(d) Securities authorized for issuance under equity compensation plans.

We currently do not have any stock option or other equity compensation plans.

(e) Recent sales of unregistered securities.

On January 17, 2007, the Company issued 10,000,000 shares of its common stock at market value of \$.01 for deferred compensation for 2006.

On February 16, 2007, the Company canceled 1,500,000 shares of its common stock that had been issued in 2006.

On February 16, 2007, the Company issued 1,750,000 shares of its common stock at market value of \$.01 for consulting services rendered.

On February 16, 2007, the Company issued 5,500,000 shares of its common stock at market value of \$.01 for legal services rendered.

On February 16, 2007, the Company issued 250,000 shares of its common stock at market value of \$.01 for consulting services rendered.

The Company canceled 14,000,000 shares of its common stock issued in a previous period on July 2, 2007.

On July 13, 2007, the Company affected a 1 for 20 reverse split.

The Company issued 75,000,000 shares of its common stock for cancellation of a note payable with a related party on September 23, 2007.

On October 30, 2007, the Company entered into a stock sale agreement whereby the Company sold 70,000,000 shares of common stock to a private investor for a total purchase price of \$155,096.

On October 30, 2007, the Company entered into a settlement and release agreement and issued 1,400,000 shares of common stock to creditors in exchange for full release of liability.

(f) Purchases of equity securities by the small business issuer and affiliated purchasers.

During the year ended December 31, 2007, neither the Company nor any of its affiliates purchased any equity securities of the Company or on behalf of the Company.

Item 6. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis should be read in conjunction with our audited consolidated financial statements and related notes included in this report. This report contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. The statements contained in this report that are not historic in nature, particularly those that utilize terminology such as "may," "will," "should," "expects," "anticipates," "estimates," "believes," or "plans" or comparable terminology are forward-looking statements based on current expectations and assumptions.

The forward-looking events discussed in this report, the documents to which we refer you and other statements made from time to time by us or our representatives, may not occur, and actual events and results may differ materially and are subject to risks, uncertainties and assumptions about us. For these statements, we claim the protection of the "bespeaks caution" doctrine. All forward-looking statements in this document are based on information currently available to us as of the date of this report, and we assume no obligation to update any forward-looking statements. Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the actual results to differ materially from any future results, performance or achievements expressed or implied by such forward-looking statements.

Critical Accounting Policies.

Our critical and significant accounting policies, including the assumptions and judgments underlying them, are disclosed in the Notes to the Financial Statements. These policies have been consistently applied in all material respects and address such matters as revenue recognition and depreciation methods. The preparation of the financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates. The accounting treatment of a particular transaction is specifically dictated by accounting principles, generally accepted in the United States of America, with no need for management's judgment in their application. There are also areas in which management's judgment in

selecting any viable alternative would not produce a materially different result. See our audited financial statements and notes thereto which contain accounting policies and other disclosures required by accounting principles, generally accepted in the United States of America.

Results of Operations

Revenues

	2007	2006
Total Sales	\$0	\$0

We had no revenues for the year ended December 31, 2007 or for the year ended December 31, 2006.

Operating Expenses.

	Year Ended December 31	
	2007	2006
Operating Expense	(\$590,071)	(\$859,220)

Total costs and expenses of \$590,071 for the year ended December 31, 2007 consisted of \$415,753 in consulting expenses, \$1,469 in depreciation expense, and \$172,850 in general and administrative expenses.

Total costs and expenses of \$859,220 for the year ended December 31, 2007 consisted of \$830,814 in consulting expenses, \$979 in depreciation expense, and \$27,427 in general and administrative expenses.

Net Profit (Loss).

	Year Ended December 31	
	2007	2006
Net Profit (Loss)	(\$179,360)	(\$931,414)

For the year ended December 31, 2007, we sustained net losses of \$179,360 as compared with net losses of \$931,414 for the year ended December 31, 2006.

No provision for income taxes has been recorded in the accompanying financial statements due to the net losses of the Company. Because of the bankruptcy proceedings and significant changes in ownership of its common stock, the

Company has not determined the amount of net operating loss carryforwards that may be available to offset future taxable income of the Company. If there have been substantial changes in the Company's ownership, as defined in the Internal Revenue Code and related Regulations, there may be substantial annual limitations of the amount of net operating loss carryforwards, which could be utilized by the Company.

Liquidity and Capital Resources

At December 31, 2007, the Company had assets of \$0. There were liabilities of \$88,853 comprised of \$34,040 in accounts payable and \$54,813 in notes payable. Current assets of \$0 and current liabilities of \$88,853, resulted in a working capital deficiency of \$88,853. The Company reported total stockholders' deficit of \$89,040 at December 31, 2006.

The accompanying condensed consolidated financial statements have been prepared assuming that the Company will continue as a going concern. Because of recurring operating losses and the excess of current liabilities over current assets, there is substantial doubt about the Company's ability to continue as a going concern. The Company's continuation as a going concern is dependent on attaining profitable operations through business acquisitions, restructuring its financial arrangements, and obtaining additional outside financing as needed.

We intend to retain any future earnings to retire any existing debt, finance the expansion of our business and any necessary capital expenditures, and for general corporate purposes.

Forward-Looking Statements

The Company, from time to time, may publish forward-looking statements relating to such matters as anticipated financial performance, business prospects, technological development, new products, research and development activities and similar matters. The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements. In order to comply with the terms of the safe harbor, the Company notes that a variety of factors could cause the Company's actual results and experience to differ materially from the anticipated results or other expectations expressed in any of the Company's forward-looking statements. The risks and uncertainties that may affect the operations, performance, development and results of the Company's business include, but are not limited to, the following: (a) the failure to obtain additional borrowed and/or equity capital on favorable terms for acquisitions and expansion; (b) adverse changes in federal and state laws, or other matters affecting the Company's business; (c) the demand for the Company's products and services; and (d) other risks detailed in the Company's Securities and Exchange Commission filings.

This Form 10-KSB contains and incorporates by reference certain "forward-looking statements" within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act with respect to results of operations and businesses of the Company. All statements, other than statements of historical facts, included in this Form 10-QKB, including those regarding market trends, the Company's financial position, business strategy, projected costs, and plans and objectives of management for future operations, are forward-looking statements. In general, such statements are identified by the use of forward-looking words or phrases including, but not limited to, "intended, will, should, may, expect, anticipate, estimates, projects" or the negative thereof or variations thereon or similar terminology.

Forward-looking statements are based on the Company's current expectations. Although the Company believes that the expectations reflected in such forward-looking statements are reasonable, there can be no assurance that such expectations will prove to be correct. Because forward-looking statements involve risk and uncertainty, the Company's actual results could differ materially. Important factors that could cause actual results to differ materially from the Company's expectations are disclosed hereunder and elsewhere in this Form 10-KSB. These forward-looking statements represent the Company's judgment as of the date of this Form 10-KSB. All subsequent written and oral forward-looking statements attributable to the Company are expressly qualified in their entirety by the Cautionary Statements. The Company disclaims, however, any intent or obligation to update its forward-looking statements.

Report of Independent Registered Public Accounting Firm

CoConnect, Inc.
(A Development Stage Company)

We have audited the accompanying balance sheets of CoConnect, Inc., (A Development Stage Company) as of December 31, 2007 and 2006 and the related statements of income, changes in stockholders' equity, and cash flows for each of the two years in the period ended December 31, 2007. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conduct our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 2 the Company has not generated significant revenues or profits to date. This factor among others raises substantial doubt the Company will be able to continue as a going concern. The Company's continuation as a going concern depends upon its ability to generate sufficient cash flow to conduct its operations and its ability to obtain additional sources of capital and financing. The accompanying consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty. Management's plans concerning this matter are also discussed in Note 2.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company at December 31, 2007 and 2006, and the results of its operations and its cash flows for each of the two years in the period ended December 31, 2007, in conformity with U.S. generally accepted accounting standards.

COCONNECT, INC.
Notes to the Financial Statements
December 31, 2007

Note 1 - Organization And History of the Company

CoConnect, Inc. (the “Company”) was incorporated in Alabama in December 1997 to take over the assets of related businesses involved in reorganizations through bankruptcies. In 1997, the Company acquired Mobile Limited Liability Company (Mobile) as part of the confirmation by the U.S. Bankruptcy Court for the Northern District of Texas of a Plan of Reorganization of Mobile. The Company acquired all of the assets of Digital Wireless Systems (“DSWI”) on August 6, 2000, as part of the consummation of DSWI’s confirmed Plan of Reorganization under Chapter 11 of the U.S. Bankruptcy Code. Lack of funding forced the Company to abandon plans to revive the operations of both companies.

In 2000, the Company acquired three operating subsidiaries, Daybreak Auto Recovery, Inc., Rap Group, and Voltage Vehicles. In 2002, the Company rescinded these acquisitions and in October 2004 cancelled the common shares that were issued for the acquisitions, which shares had been held in escrow. During 2002 and 2003, the Company had no operations other than to continue its efforts to liquidate certain telecommunications licenses, the only assets of the Company, in order to pay creditors who had judgments arising out of the bankruptcies.

In August 2004, the Company changed its domicile to Nevada, and changed its name to Advanced Wireless Communications, Inc.

On October 5, 2004, the Company signed a definitive agreement with Heritage Communications, Inc. (“Heritage”) and acquired an exclusive license for the marketing and distribution of telecommunications products over Heritage’s proprietary high-speed wireless network.

The Company changed its name to CoConnect, Inc. on January 31, 2005.

Acquisition of Heritage Communications, Inc. and Rescission of Agreement

On January 28, 2005, the Company executed a Share Exchange Agreement (the “Agreement”) with Heritage Communications, Inc. (“Heritage”) and its shareholders. The Company acquired all of the outstanding shares of Heritage in exchange for 30 million shares of the Company’s common stock as provided by the Agreement.

As part of the Agreement, Heritage provided warranties and representations that, among other items, it had no undisclosed outstanding indebtedness and that it had filed all federal, state and local tax returns which were required and that Heritage had paid all taxes, interest and penalties, if any, due and payable related to its tax liabilities.

Subsequent to the Agreement being executed, the Company determined that material omissions and misrepresentations had been made by Heritage. As a result of these omissions and misrepresentations, the Company rescinded the Agreement on July 14, 2005. As a result of the rescission, the Company issued a cancel order to the transfer agent on the 30 million shares of common stock previously issued to the shareholders of Heritage. The stock has been recorded at par value.

Acquisition of Phoenix Asset Systems Corp and Rescission of the Agreement

On December 17, 2005, the Company executed a Purchase Agreement (the "Agreement") with Phoenix Asset Systems Corp. ("Phoenix") and its shareholders. The Company acquired assets of Phoenix and assumed liabilities in exchange \$50,000 in cash and 8,000,000 shares of the Company's common stock.

The Companies mutually rescinded the Agreement and the shares were returned to the Company's office for cancellation.

Failed Plan of Merger with Boomj.com, Inc.

On March 23, 2007, we entered into a Loan Agreement (the "Loan Agreement") with Richard Ferguson ("Ferguson") and David O. Black ("Black") whereby Ferguson and Black were to provide \$25,000 each to pay the Company's debts. It was agreed that upon a successful merger or acquisition Ferguson and Black would be repaid out of proceeds received from the merger or acquisition together with 10% interest. In the event there was not a merger or acquisition acceptable to a majority of the Board of Directors within 180 days of the Loan Agreement, Ferguson and Black were to be immediately issued 50% of the authorized but unissued common stock of the Company; half of the shares to be issued to Ferguson and half of the shares to be issued to Black.

On August 7, 2007 we entered into an Agreement and Plan of Reorganization (the "Plan") with CoConnect Sub, Inc., a newly-formed Nevada corporation (hereinafter "CoConnect Sub") and Boomj.com, Inc., a Nevada corporation (hereinafter "BOOMJ"), pursuant to which CoConnect Sub agreed to merge with and into BOOMJ (the "Merger"). The proposed closing date for the Merger was August 31, 2007. BOOMJ was granted an extension to September 20, 2007 in which to send a non-refundable deposit. Said deposit was never received. On September 21, 2007, the merger between BOOMJ and the Company was cancelled due to lack of performance and failure to meet any of the objectives set forth in the Plan. Pursuant to the terms of the March 23, 2007 Loan Agreement, on September 23, 2007 Ferguson and Black were each issued 37,500,000 shares of our common stock.

Note 2 - Summary of Significant Accounting Policies

a. Accounting Method

The financial statements are prepared using the accrual method of accounting. The Company has elected a December 31 year-end.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

c. Cash and Cash Equivalents

Cash equivalents include short-term, highly liquid investments with maturities of three months or less at the time of acquisition.

d. Going Concern Considerations

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. Because of the recurring operating losses and the excess of current liabilities over current assets, there is substantial doubt about the Company's ability to continue as a going concern. As of December 31, 2007 the company had

convertible notes payable of \$55,000 that were in default status, due to an inability to make required payments. The Company's continuation as a going concern is dependent on attaining profitable operations, restructuring its financial obligations, and obtaining additional outside financing. The Company has funded losses from operations primarily from the issuance of debt and the sale of the Company's common stock. The Company believes that the issuance of debt and the sale of the Company's common stock will continue to fund operating losses in the short-term until the Company can generate revenues sufficient to fund its operations.

e. Income Taxes

The Company accounts for income taxes under the provisions of Statement of Financial Accounting Standards (SFAS) No. 109, Accounting for Income Taxes, using the liability method. The estimated future tax effect of differences between the basis in assets and liabilities for tax and accounting purposes is accounted for as deferred taxes. In accordance with the provisions of SFAS No. 109, a valuation allowance would be established to reduce deferred tax assets if it were more likely than not that all or some portion of such deferred tax assets would not be realized. A full allowance against deferred tax assets was provided as of December 31, 2007.

At December 31, 2007, the Company had net operating loss carryforwards of approximately \$11,438,380 that may be offset against future taxable income through 2025. No tax benefits have been reported in the financial statements, because the potential tax benefits of the net operating loss carry forwards are offset by a valuation allowance of the same amount.

Net deferred tax assets (liabilities) consist of the following components:

	December 31, 2007	December 31, 2006
Operating loss\$ carryforwards	3,889,496	3,841,356
Valuation allowance	(3,889,496)	(3,841,356)
Net deferred tax assets\$ (liabilities)	-	-

Due to the change in ownership provisions of the Tax Reform Act of 1986, net operating loss carryforwards for Federal income tax reporting purposes are subject to annual limitations. Should a change in ownership occur, net operating loss carryforwards may be limited as to use in the future.

g. Basic Net Loss per Share of Common Stock

In accordance with Financial Accounting Standards No. 128, "Earnings per Share," basic net loss per common share is based on the weighted average number of shares outstanding during the periods presented. Diluted earnings per share is computed using weighted average number of common shares plus dilutive common share equivalents outstanding during the period. There is a total of \$55,000 in convertible bonds currently outstanding, which are convertible into common stock at the lesser of \$0.01 or 50% of the average of the three lowest closing bid prices during the preceding thirty trading days, the common stock equivalents resulting from the issuance of these stock options have not been included in the per share calculations because such inclusion would be anti-dilutive.

h. Recent Accounting Pronouncements

On April 14, 2005, the Securities and Exchange Commission issued an announcement amending the compliance dates for the FASB's SFAS 123R that addresses accounting for equity based compensation arrangements. Under SFAS 123R registrants would have been required to implement the standard as of the beginning of the first interim or annual period that begins after June 15, 2005. The Commission's new rule will allow companies to implement SFAS 123R at the beginning of the next fiscal year after June 15, 2005. The Company adopted SFAS 123R in the first quarter 2006.

In May 2005, the FASB issued SFAS No. 154, "Accounting Changes and Error Corrections—a replacement of APB Opinion No. 20 and FASB Statement No. 3" ("SFAS No. 154"). This Statement replaces APB Opinion No. 20, "Accounting Changes" and FASB Statement No. 3, "Reporting Accounting Changes in Interim Financial Statements," and changes the requirements for the accounting for and reporting of a change in accounting principle. SFAS No. 154 applies to all voluntary changes in an accounting principle. It also applies to changes required by an accounting pronouncement in the unusual instance that the pronouncement does not include specific transition provisions. When a pronouncement includes specific transition provisions, those provisions should be followed. SFAS No. 154 is effective for accounting changes and error corrections occurring in fiscal years beginning after December 15, 2005.

SFAS No. 155, "Accounting for Certain Hybrid Financial Instruments—an Amendment of FASB Statements No. 133 and 140" - In February 2006, the Financial Accounting Standards Board (the "FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 155, "Accounting for Certain Hybrid Financial Instruments—an Amendment of FASB Statements No. 133 and 140" ("SFAS 155") to simplify and make more consistent the accounting for certain financial instruments. Namely, SFAS 155 amends SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities" to permit fair value re-measurement for any hybrid financial instrument with an embedded derivative that otherwise would require bifurcation, provided that the whole instrument is accounted for on a fair value basis. SFAS 155 amends SFAS No. 140, "Accounting for the Impairment or Disposal of Long-Lived Assets" to allow for a qualifying special-purpose entity to hold a derivative financial instrument that relates to a beneficial interest other than another derivative financial instrument.

SFAS 155 applies to all financial instruments acquired or issued after the beginning of an entity's first fiscal year that begins after September 15, 2006, with earlier application permitted. Accordingly, the Company will adopt SFAS 155 as of January 1, 2007. The adoption of SFAS 155 is not expected to have any effect on the Company's financial position or results of operations.

In March 2006, the FASB issued SFAS No. 156, "Accounting for Servicing of Financial Assets—an Amendment of FASB Statement No. 140" ("SFAS No. 156"). SFAS No. 156 provides guidance on the accounting for servicing assets and liabilities when an entity undertakes an obligation to service a financial asset by entering into a servicing contract. This statement is effective for all transactions in fiscal years beginning after September 15, 2006. We do not expect that the adoption of SFAS will have a material impact on the financial conditions or results of operations.

In July 2006, the FASB issued FIN 48, "Accounting for Uncertainty in Income Taxes—an interpretation of FASB Statement No. 109" ("FIN 48"). FIN 48 clarifies the recognition threshold and measurement of a tax position taken on a tax return. FIN 48 is effective for fiscal years beginning after December 15, 2006. FIN 48 also requires expanded disclosure with respect to the uncertainty in income taxes. We are currently evaluating the requirements of FIN 48 and

the impact this interpretation may have on our financial statements.

In September 2006, the FASB issued SFAS No. 157, "Fair Value Measurements" ("SFAS 157"), which applies whenever other standards require (or permit) assets or liabilities to be measured at fair value. SFAS 157 established a fair value hierarchy that prioritizes the information used to develop the assumption that market participants would use when pricing an asset or liability. SFAS 157 is effective for fiscal years beginning after November 15, 2007 and interim periods within those fiscal years. We are currently evaluating the impact of adopting SFAS 157 on our financial position, cash flows, and results of operations

In September 2006, the FASB issued SFAS No. 158 ("SFAS 158"), "Employers Accounting for Defined Benefit Pension and Other Postretirement Plans - an amendment of FASB Statements No. 87, 88, 106, and 132(R). SFAS 158 requires a company to recognize the over-funded or under-funded status of its defined benefit postretirement plans (other than a multiemployer plan), measured as of the company's year end, as assets or liabilities in its statement of financial position and to recognize changes in that funded status, net of tax, in the year in which the changes occur through comprehensive income. SFAS 158 requires that the projected benefit obligation be used to measure unfunded liabilities instead of the accumulated benefit obligation for defined benefit plans. Also, companies are required to measure the unfunded liability for retiree medical plans using the accumulated postretirement benefit obligation while in the past there were no minimum liability requirements. SFAS 158 is effective for all fiscal years ending after December 15, 2006 and is required to be adopted in our financial statements for the fiscal year ending December 31, 2006. We have not yet completed our analysis of the effects of this statement on our Statements of Operations or financial position.

Note 3 -Financial Instruments

Statement of Financial Accounting Standards No. 107 (SFAS 107), "Disclosures about Fair Value of Financial Instruments" requires disclosure of the fair value of financial instruments held by the Company. SFAS 107 defines the fair value of a financial instrument as the amount at which the instrument could be exchanged in a current transaction between willing parties. The following methods and assumptions were used to estimate fair value:

The carrying amount of cash equivalents, accounts payable, and accrued expenses approximate fair value due to their short-term nature.

Note 4 - Commitments and Contingencies

Lawsuits

In January 2007, the Company and Heritage Communications, Inc., parties to consolidated lawsuits in the State of Utah, Third District Court, Civ. Nos. 05-091-1718 and 05-091-2224, have agreed that all allegations about the parties made in prior filings with the Securities and Exchange Commission and all allegations made in lawsuits between the parties have been completely settled and resolved by all parties, and the lawsuits have been settled with prejudice. Included in the settlement was a note issued to a previous noteholder for \$137,000 plus accrued interest. However, this liability was not removed from the books until a resolution of claims was signed specifically releasing this claim in the 4th quarter of the year ended 2007.

Note 5 - Statute of Limitations

On May 21, 1997 the Company issued a note for the amount of \$100,000. An additional note was issued for \$75,000 on March 31, 1998 to the same noteholder. Statute of Limitations in the state of Utah for contracts and writings is six years. Therefore, any claim against the company relating to these notes would be barred by the Utah Statute of Limitations. As a result, the company removed the notes from its books and accrued interest.

Note 6 - 0% Convertible Debenture

A \$55,000 0% convertible debenture was issued on October 25, 2007. The note is payable on the first day of the month, beginning on November 1, 2007 and ending on February 1, 2008, the amount of \$13,750 per month. The note is convertible into common stock at \$0.09. This note was issued to serve as a compensation for consulting services provided and to be provided by a third party. As of December 31, 2007 this note was in default due to the non-payment of the required principal payment in excess of \$20,000 for more than twenty days after the due date.

Debt issue with the variable conversion features are considered to be embedded derivatives and are accountable in accordance with FASB 133; Accounting for Derivative Instruments and Hedging Activities. The fair value of the embedded derivative is recorded to derivative liability. This liability is required to be marked each reporting period. The resulting discount on the debt is amortized to interest expense over the life of the related debt. The embedded derivatives issued with the convertible notes payable had no value at date of issuance on October 25, 2007 and at December 31, 2007.

Note 7 - Resolution Of Debt

On February 16th, 2007 a consultant was issued 250,000 shares of stock in exchange of services and cancellation of debt owed to him. The debt however, remained on the books until December 20th, 2007, when the consultant signed a statement specifically releasing all debts owed to him from the Company. Included in this resolution was an advancement made by the consultant to the Company for \$50,000. As a result, the company recorded miscellaneous income of \$50,000 for previous amounts owed to the consultant.

Note 8 – Settlement Agreement

On November 2nd, 2007 the Company entered into a stock sale agreement, whereby the company issued 70,000,000 shares for a purchase price of \$155,096. The proceeds of the stock sale were used to settle outstanding debt and were paid directly to the Company's transfer agent, the State of Utah and to several creditors.

Note 9 - Equity Transactions

During February, 2006, the Company issued 1,300,000 with fair market value of 176,951 to settle a note payable.

During April, 2006, the Company issued 650,000 with fair market value of 176,951 to settle a note payable.

During April of 2006, the Company issued 1,464,531 shares of its common stock at market price of \$.17 for services.

During April of 2006, the Company issued 397,011 shares of its common stock at market price of \$.19 for services.

During April of 2006, the Company sold 150,000 shares of its common stock at a discounted price of \$.10 for cash.

During May of 2006, the Company issued 5,000,000 shares of its common stock at market price of \$.01 for services.

During May of 2006, the Company issued 410,075 shares of its common stock at market price of \$.16 for services.

During August of 2006, the Company canceled 1,500,000 shares of its common stock issued in a prior period.

During August of 2006, the Company issued 1,500,000 shares of its common stock at market price of \$.11 for services.

During August of 2006, the Company issued 500,000 shares of its common stock at market price of \$.11 for services.

During July of 2007, the Company canceled 14,000,000 shares of its common stock as part of a settlement agreement.

During July of 2007, the Company issued a 1 for 20 reverse stock split of its issued common stock.

During July of 2007, the Company canceled 38 shares of its common stock due to DTC rounding of fractional shares.

During September of 2007, the Company issued 37,500,000 shares of its common stock to satisfy a convertible note.

During September of 2007, the Company issued 37,500,000 shares of its common stock to satisfy a convertible note.

During November of 2007, the Company issued 70,000,000 shares of its common stock in a stock purchase agreement.

During November of 2007, the Company issued 1,200,000 shares of its common stock as part of a settlement agreement.

During November of 2007, the Company issued 200,000 shares of its common stock as part of a settlement agreement.

Item 8. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

In January 2005, the Company engaged Chisholm, Bierwolf & Nilson, LLC, Certified Public Accountants, as its independent registered accountants to audit its financial statements for the years ended December 31, 2002, 2003 and 2004. No services were rendered by other independent accountants during these years.

In April, 2006, Chisholm, Bierwolf & Nilson, LLC terminated its services for the Company due to a disagreement in the accounting treatment of assets and liabilities associated with the pending Heritage litigation and due to the filing of the quarterly report for the period ended September 30, 2005 without auditor review.

In April, 2006, the Company engaged Pollard-Kelley Auditing Services, Inc. as its independent registered public accounting firm to audit its financial statements for the year ended December 31, 2005. Pollard-Kelley reviewed the quarterly report for the period ended September 30, 2006 and determined that there were no material defects that would require an amended filing for the quarter.

Item 8A. Controls and Procedures

(A) Evaluation of disclosure controls and procedures

An evaluation was carried out under the supervision of the Company's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act) as of the end of the period covered by this report. The Chief Executive Officer and Chief Financial Officer concluded that the disclosure controls and procedures were deficient.

Because of the inactivity of the Company and lack of operations during the years ended December 31, 2001, 2002, 2003 and portions of the year ended December 31, 2004, the Company did not maintain formal financial books and records. The financial books and records of the Company for these periods were subsequently compiled from documents and records obtained from various sources, including the former presidents of the Company.

During the latter part of 2004 and to the present, the Company has implemented a full accounting system, and continues to implement procedures and controls to ensure that information required to be disclosed by the Company in reports that the Company files or submits under the Securities Exchange Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the SEC.

(B) Changes in internal controls

Other than the matter discussed above, during the period covered by this report, there were no significant changes in the Company's internal controls over financial reporting that have materially affected or are reasonably likely to materially affect the Company's internal controls over financial reporting.

Item 8B. Other Information.

Failed Plan of Merger

On March 23, 2007, we entered into a Loan Agreement (the "Loan Agreement") with Richard Ferguson ("Ferguson") and David O. Black ("Black") whereby Ferguson and Black were to provide \$25,000 each to pay the Company's debts. It was agreed that upon a successful merger or acquisition Ferguson and Black would be repaid out of proceeds received from the merger or acquisition together with 10% interest. In the event there was not a merger or acquisition acceptable to a majority of the Board of Directors within 180 days of the Loan Agreement, Ferguson and Black were to be immediately issued 50% of the authorized but unissued common stock of the Company; half of the shares to be issued to Ferguson and half of the shares to be issued to Black.

On August 7, 2007 we entered into an Agreement and Plan of Reorganization (the "Plan") with CoConnect Sub, Inc., a newly-formed Nevada corporation (hereinafter "CoConnect Sub") and Boomj.com, Inc., a Nevada corporation (hereinafter "BOOMJ"), pursuant to which CoConnect Sub agreed to merge with and into BOOMJ (the "Merger"). The proposed closing date for the Merger was August 31, 2007. BOOMJ was granted an extension to September 20, 2007 in which to send a non-refundable deposit. Said deposit was never received. On September 21, 2007, the merger between BOOMJ and the Company was cancelled due to lack of performance and failure to meet any of the objectives set forth in the Plan. Pursuant to the terms of the March 23, 2007 Loan Agreement, on September 23, 2007 Ferguson and Black were each issued 37,500,000 shares of our common stock.

On October 30, 2007, the Company entered into a release and indemnity agreement with Mssrs. Ferguson and Black whereby they extinguished and released all claims against the company for a total settlement amount of \$2,000.

Changes in Management
