Gilat Signs Agreement with Bulgarian Petroleum Company TRANSAT Skystar 360E Satellite-based VSAT network to support 450 gas stations as well as 30 bank branches and other sites

Petah Tikva, Israel, June 26, 2003 Gilat Satellite Networks Ltd. (NASDAQ: GILTF) announced today that it has signed an agreement with the Bulgarian company TRANSAT to deploy a Skystar 360E hub and VSAT network with sites throughout Bulgaria. TRANSAT, and its parent company, Petrol Bulgaria, plan to provide support for a variety of applications in Bulgaria and Eastern Europe through this private satellite-based VSAT network. The equipment will be delivered during the course of the third quarter of 2003.

The TRANSAT agreement includes a Skystar 360E hub and 511 remote sites as well as SCPC link termination. The network will provide data connectivity to 450 gas stations, 17 corporate regional branches, 30 bank branches and other applications.

The Skystar 360E platform offers a flexible, two-way, satellite-based solution enabling interactive broadband IP and multicasting applications. With DVB standards and extensive IP capabilities, the Skystar 360E supports virtually any data and IP multicast application.

Mr. Mincho Pankov, Executive Director of TRANSAT JSC, said, "TRANSAT relies on Gilat's rich experience in the deployment and support of these networks. The geographic proximity of Bulgaria to Israel, as well as our excellent economic relations are strategically important to us. We were impressed by the quick and precise response of the Gilat team and look forward to a fruitful and mutually profitable relationship."

Shimon Teller, Gilat's Marketing Director, Special Projects, said, "Gilat has found in TRANSAT a hard working, professional team who clearly defined their requirements and long term goals for Bulgaria and the East European region. With the support of its mother company, Petrol Bulgaria, TRANSAT is an ideal partner for Gilat. The parties expect to enhance and expand their collaboration to other applications, in and beyond the territory of Bulgaria."

About Gilat Satellite Networks Ltd.

Gilat Satellite Networks Ltd., with its global subsidiaries Spacenet Inc., Gilat Latin America, Inc. and rStar Corporation (RTRCE), is a leading provider of telecommunications solutions based on Very Small Aperture Terminal (VSAT) satellite network technology with nearly 400,000 VSATs shipped worldwide. Gilat markets the Skystar Advantage, DialAw@y IP, FaraWay, Skystar 360E and SkyBlaster* 360 VSAT products in more than 70 countries around the world. The Company provides satellite-based, end-to-end enterprise networking and rural telephony solutions to customers across six continents, and markets interactive broadband data services. The Company is a joint venture partner in SATLYNX, a provider of two-way satellite broadband services in Europe with SES Global and Alcatel Space and SkyBridge LP, subsidiaries of Alcatel. Skystar Advantage(R), DialAw@y IP(TM) and FaraWay(TM) are trademarks or registered trademarks of Gilat Satellite Networks Ltd. or its subsidiaries. Visit Gilat at www.gilat.com. (*SkyBlaster is marketed in the United States by StarBand Communications Inc. under its own brand name.)
