PROXY STATEMENT

FOR THE

2004 ANNUAL MEETING OF STOCKHOLDERS

ABOUT THE MEETING

General

The enclosed proxy is solicited on behalf of the Board of Directors of Exponent, Inc., a Delaware corporation. The Annual Meeting of Stockholders will be held at the Company's principal executive office, 149 Commonwealth Drive, Menlo Park, California 94025, on Wednesday, June 2, 2004 at 9:30 a.m., PDT. The telephone number for this location is (650) 326-9400.

What is the Purpose of the Annual Meeting?

At the Company's Annual Meeting, stockholders will act upon matters outlined in the accompanying notice of the meeting and transact such other business that may properly come before the meeting.

Who is Entitled to Vote?

Only stockholders of record at the close of business on the Record Date, April 16, 2004, receive notice of the Annual Meeting and are entitled to vote at the Annual Meeting. Each outstanding share entitles its holder to cast one vote on each matter to be voted upon.

Please note that if you hold your shares in street name, that is, through a broker or other nominee, you will need to bring a copy of a brokerage statement reflecting your stock ownership on the Record Date. If you do not vote your proxy, your brokerage firm may either vote your shares on routine matters, such as election of directors, or leave your shares without a vote. We encourage you to provide instructions to your brokerage firm by voting your proxy. This ensures your shares will be voted at the meeting.

Edgar Filing: EXPONENT INC - Form DEF 14A

The proxy solicitation materials will be mailed on or about May 4, 2004, together with the Company's Annual Report for the period ended January 2, 2004, to all stockholders entitled to vote at the meeting.

How Do I Vote?

You have four ways to vote. You may return the proxy card by mail, vote by telephone, vote via the internet, or vote in person. To vote by mail, you must sign your proxy card and send it in the enclosed prepaid, addressed envelope. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct. If you return a signed card but do not provide voting instructions, your shares will be voted as recommended by the Board of Directors:

- for the nine named nominees; and
- for the ratification of the appointment of KPMG LLP, as the Company's auditors.

If you choose to vote by telephone or via the internet, please review the back of the proxy card for instructions on how to do so. You do not need to mail in your proxy card if you vote by telephone or via the internet. Some brokers may not provide telephone or internet voting.

If you choose to vote in person, you will have an opportunity to do so at the Annual Meeting. You may either bring your proxy card to the Annual Meeting, or if you do not bring your proxy card, the Company will pass out written ballots to anyone who was a stockholder as of the Record Date.

Table of Contents

What if I Change My Mind After I Return My Proxy Card?

You may revoke your proxy and change your vote at any time before the polls close at the Annual Meeting. You may do this by signing another proxy with a later date, voting by telephone or via the internet, or by voting in person at the Annual Meeting. Your proxy with the latest date is counted.

What Does it Mean if I Receive More than One Proxy Card?

It means you have multiple accounts with the transfer agent and/or with brokers. Please provide voting instructions for all proxy cards you receive.

What Constitutes a Quorum?

The presence, in person or by properly executed proxy, of the holders of a majority of the shares of common stock outstanding as of the Record Date constitutes a quorum at the Annual Meeting. Shares that voted For, Against, or Withheld on the proposals are treated as being present at the meeting for purposes of establishing a quorum and are deemed to be votes cast at the Annual Meeting with respect to the proposals. Abstentions and broker non-votes will be included for purposes of determining whether a quorum of shares is present at the Annual Meeting. However, abstentions and broker non-votes will not be included in the tabulation of the voting results on the election of directors or on issues requiring approval of a majority of the votes duly cast. Signed, unmarked proxy cards are voted as recommended by the Board of Directors. A plurality of the votes duly cast is required for the election of directors. The affirmative vote of a majority of the votes duly cast is required for the ratification of the appointment of independent auditors.

As of the Record Date, a total of 7,396,993 shares of the Company's common stock, \$.001 par value, were issued and outstanding. For information regarding security ownership by management and by the beneficial owners of more than 5% of the Company's common stock, see Stock Ownership. The closing price of the Company's common stock on the NASDAQ National Market on the Record Date was \$22.80 per share.

Corporate Governance and Nominating Committee

As described in the table above, the Corporate Governance and Nominating Committee of the Board identifies individuals qualified to become Board members, recommends that the Board select the director nominees for the next annual meeting of stockholders, and oversees the Board's annual evaluation of its performance. The committee is also responsible for developing and recommending to the Board a set of corporate governance guidelines applicable to the Company and for periodically reviewing such guidelines. The members of the Corporate Governance and Nominating Committee are all independent directors within the meaning of applicable NASDAQ listing standards. The responsibilities of this committee are set forth in the Corporate Governance and Nominating Committee Charter, which is available on the Company's website at: <http://www.exponent.com/investors/corpgovernance.html>.

The information below describes the criteria and process that the Corporate Governance and Nominating Committee uses to evaluate future candidates to the Board of Directors.

Criteria for Nomination to the Board of Directors. The Corporate Governance and Nominating Committee will consider the appropriate balance of experience, skills and characteristics required of the Board of Directors, and will seek to insure that at least a majority of the directors are independent under the rules of the NASDAQ National Market, and that members of the Audit Committee meet the financial literacy requirements under the rules of the NASDAQ National Market and at least one of them qualifies as an audit committee financial expert under the rules of the Securities and Exchange Commission (SEC). Nominees for director will be recommended to the Board on the basis of the appropriate size, function and needs of the Board, taking into account that the Board as a whole shall have competency in the following areas: (i) industry knowledge; (ii) accounting and finance; (iii) business judgment; (iv) management; (v) leadership; (vi) business strategy; and (vii) corporate governance.

Stockholders' Proposals for Nominees. The Corporate Governance and Nominating Committee will consider written proposals from stockholders for nominees for director. Any such nominations should be submitted to the Corporate Governance and Nominating Committee c/o the Secretary of the Company and should include (at a minimum) the following information: (a) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); (b) the name(s) and address(es) of the stockholder(s) making the nomination and the number of shares of the Company's common stock which are owned beneficially and of record by such stockholder(s); and (c) appropriate biographical information and a statement as to the qualifications of the nominee, and should be submitted in the time frame described in the Bylaws of the Company and under the caption, "Stockholder Proposals for the 2005 Annual Meeting."

Process for Identifying and Evaluating Nominees. The Corporate Governance and Nominating Committee believes the Company is well served by its current directors, and in the ordinary course will re-nominate incumbent directors who continue to be qualified for Board Service and are willing to continue as directors. If an incumbent director is not standing for re-election, or if a vacancy on the Board occurs between annual stockholder meetings, the Corporate Governance and Nominating Committee will seek out potential candidates for Board appointment who meet the criteria for selection as a nominee and have the specific qualities or skills being sought. Director candidates will be selected based on input from members of the Board, senior management of the Company and, if the Corporate Governance and Nominating Committee deems appropriate, a third-party search firm. The Corporate Governance and Nominating Committee will evaluate each candidate's qualifications and check relevant references. In addition, such candidates will be interviewed by at least one member of the Corporate Governance and Nominating Committee. Candidates meriting serious consideration will meet with all members of the Board. Based on this input, the Corporate Governance and Nominating Committee will evaluate which of the prospective candidates is qualified to serve as a director and whether the committee should recommend to the Board that this candidate be appointed to fill a current vacancy on the Board, or presented for approval of the stockholders, as appropriate.

Table of Contents

The Company has never received a proposal from a stockholder to nominate a director. Although the Corporate Governance and Nominating Committee has not adopted a formal policy with respect to stockholder nominees, the committee expects that the evaluation process for a stockholder nominee would be similar to the process outlined above.

Board Nominees for the 2004 Annual Meeting. Each of the nominees listed in the proxy statement is a current director standing for re-election.

How to Contact the Board of Directors. Interested parties wishing to contact the non-management directors of the Company may do so by writing to them at the following address: Corporate Secretary, 149 Commonwealth Drive, Menlo Park, CA 94025. All letters received will be categorized and processed by the Company's Corporate Secretary, and then forwarded to the Company's non-management directors.

Code of Business Conduct and Corporate Governance

The Board of Directors has adopted a Code of Business Conduct and Ethics, which applies to all of the Company's employees, officers and members of the Board of Directors. The Company has also adopted a Code of Ethics applicable to its senior financial officers, including its Chief Executive Officer, Chief Financial Officer and Controller. Copies of both documents are available on the Company's website at: <http://www.exponent.com/investors/corpgovernance.html>. The Company intends to disclose any waivers from these codes in a report on Form 8-K filed with the SEC.

Members of the Board of Directors who are employees of the Company do not receive additional compensation for their services as directors of the Company.

Non-employee members of the Board of Directors receive:

- an annual cash retainer of \$24,000;
- \$2,000 for attending each meeting of the Board of Directors;
- \$5,000 for service on the Human Resources Committee;

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The following Report of the Audit Committee of the Board of Directors does not constitute soliciting material and should not be considered filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

The Audit Committee of the Board of Directors is responsible for general oversight of the Company's financial accounting and reporting process. The committee's primary responsibilities fall into three broad categories:

- first, the committee is charged with monitoring the preparation of quarterly and annual financial reports by the Company's management, including discussions with management and the Company's outside auditors about draft annual financial statements and key accounting and reporting matters;
- second, the committee is responsible for matters concerning the relationship between the Company and its outside auditors, including their appointment or removal; approving the scope of their audit services and related fees, as well as any other services being provided to the Company; and determining whether the outside auditors are independent (based in part on the annual letter provided to the Company pursuant to *Independence Standards Board Standard No. 1*); and
- third, the committee in consultation with management and the independent auditors considers the integrity of the Company's financial reporting processes and controls regarding finance, accounting and legal compliance.

The committee's responsibilities are presented in detail in the complete charter of the committee. The charter reflects standards set forth in the applicable SEC regulations and the NASDAQ National Market rules. Audit Committee members are independent as defined by these regulations and rules. The Board of Directors has determined that Mr. Riggins is an audit committee financial expert as such term is defined by these rules and regulations.

The committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention it considers necessary or appropriate to each of the matters assigned to it under the committee's charter. To carry out its responsibilities, the committee met eight times during fiscal 2003.

In overseeing the preparation of the Company's financial statements, the committee met with both management and the Company's outside auditors to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues. Management advised the committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the committee discussed the statements with both management and the outside auditors. The committee's review included discussion with the outside auditors of matters required to be discussed pursuant to *Statement on Auditing Standards No. 61 (Communication With Audit Committees)*, which includes:

- methods used to account for significant and unusual transactions;
-

Edgar Filing: EXPONENT INC - Form DEF 14A

the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;

- the process used by management in formulating particularly sensitive accounting estimates and the basis for auditors' conclusions regarding the reasonableness of those estimates; and
- disagreements with management, if any, over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

With respect to the Company's outside auditors, the committee, among other things, discussed with KPMG LLP matters relating to its independence, including the disclosures made to the committee as required by the *Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees)*.

Table of Contents

On the basis of these reviews and discussions, the committee recommended to the Board of Directors that the Board approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended January 2, 2004, for filing with the SEC.

- (1) All options in this table were granted under the 1999 Stock Option Plan. All options under this plan have exercise prices equal to the fair market value on the date of grant. The options generally become exercisable over a period of four years at a rate of 25% per year and expire 10 years from the date of grant.
- (2) In 2003, the Company granted options to employees to purchase 248,459 shares of common stock.
- (3) Potential realizable value assumes that the stock price increases from the date of grant until the end of the option term (10 years) at the annual rate specified (5% and 10%), minus the exercise price of the option. Annual compounding results in total gross appreciation of 63% (at 5% per year) and 159% (at 10% per year). The assumed annual rates of appreciation are specified in SEC rules and do not represent the Company's estimate or projection of future stock price growth. The Company does not necessarily agree that this method can properly determine the value of an option.

What is the Value of the Options held by the Named Officers?

The following table shows information concerning the shares exercised and the number of shares exercisable and unexercisable as of January 2, 2004. Also reported are values for in-the-money options that represent the positive spread between the respective exercise prices of outstanding stock options and the fair market value of the Company's common stock as of January 2, 2004.

REPORT OF THE HUMAN RESOURCES COMMITTEE OF THE BOARD OF DIRECTORS

The Human Resources Committee of the Board of Directors establishes the general compensation policies for all employees and oversees the specific compensation plans for officers of the Company, including the President and CEO. The Committee is composed of the six non-employee directors. No executive officers of the Company are included on the Human Resources Committee.

What is the Company's Philosophy of Executive Compensation?

The Company's compensation program for executives consists of three elements:

- base salary;
- bonus based on performance; and
- stock option and restricted stock unit awards.

Compensation of the Company's officers, including the President and CEO, is based on the profitability of the Company, the individual achievements of the officer and the competitive environment. Individual performance assessments are based on both objective and subjective appraisals of financial performance, professional accomplishments and leadership that meet the level of excellence demanded by the Company.

What is the Timing of Compensation Changes?

Performance reviews of officers and employees are typically completed within three months after the close of each year. Hence, compensation changes for 2004 were based on 2003 results. These compensation changes went into effect March 27, 2004. Bonuses based on 2003 performance were paid on March 12, 2004.

What was the Human Resources Committee's Basis for the CEO's Compensation in fiscal 2003?

The committee determined Mr. Gaulke's compensation based on the profitability of the Company, his leadership and the competitive environment.

What is the basis for determining the executive's compensation?

Salaries. The Company strives to provide base salaries commensurate with comparable executives and private consultants. However, the unique nature of the Company's business makes direct comparisons difficult as many competitors are sole practitioners or in private partnerships. In consideration of their responsibilities for both managing the Company and/or providing direct consulting services which generate significant Company revenue, the Human Resources Committee believes the officers' salaries are competitive with those earned by executives and consultants of similar background, capability and technical expertise.

Bonuses. For the year ended January 2, 2004, the bonus plan was continued for all employees, including officers. The Company bonus pool was tied to corporate profitability. Up to 30% of each officer's bonus for the year ended January 2, 2004 was settled in vested stock unit awards. Under these awards each officer has the right to receive shares of the Company's common stock four years from the date of grant. Mr. Gaulke, President and CEO, recommends individual officer bonuses based on the officer's financial performance, professional accomplishments and leadership. The Human Resources Committee reviews and approves the bonuses for each officer and the bonus pool. Additionally, they determine the bonuses for all inside directors, including the President and CEO, the Chairman, and the Chief Technical Officer of the Company.

Stock Options and Restricted Stock Unit Awards. The Human Resources Committee believes that stock ownership programs reward officers for maximizing stockholder value and encourage retention of key employees. Fiscal 2003 options were granted at the market price on the date of grant and vest over a four-year period. For the year ended January 2, 2004, up to 30% of each officer's bonus was settled in vested stock unit awards. An equal number of restricted stock unit awards were granted to each officer on March 12, 2004. These restricted stock unit awards vest on March 12, 2008.

Table of Contents

Executive Compensation. The Human Resources Committee reviewed the performance of the President and CEO, Michael R. Gaulke; the Chairman, Roger L. McCarthy, Ph.D.; and the CTO, Subbaiah V. Malladi, Ph.D., during 2003. In addition, the Human Resources Committee reviewed and approved the 2003 salary recommendations for all other officers.

How is the Company Addressing Internal Revenue Code Limits on Deductibility of Compensation?

Section 162(m) of the Internal Revenue Code (IRC) generally disallows a tax deduction to public corporations for compensation over \$1,000,000 paid for any fiscal year to the corporation's Chief Executive Officer and four most highly compensated executive officers as of the end of any fiscal year. However, the statute exempts qualifying performance-based compensation from the deduction limit if certain requirements are met. The Company's 1999 Incentive Stock Option Plan enables compensation recognized in connection with the exercise of options to qualify as an exception to the deduction limit. The Committee will continue to evaluate the issues relating to executive compensation and will take appropriate action where necessary. The Committee's policy is to qualify its executive compensation for deductibility under applicable tax laws, where possible.
