Questions and Answers

Although we encourage you to read the enclosed Proxy Statement in its entirety, we include this Question and Answer section to provide some background information and brief answers to several questions you might have about the enclosed proposals. In this Proxy Statement, we refer to Viisage Technology, Inc. as Viisage, the Company, we, our and us.

Q. What proposals are stockholders being asked to consider at the upcoming Meeting?

A. We are seeking approval of our proposals for (1) the issuance and sale to L-1 Investment Partners LLC or its designated affiliates (L-1) of 19,047,619 shares of our common stock at \$5.25 per share, with gross proceeds from the sale of the shares (before fees and expenses) to us of \$100 million, and the issuance to L-1 of warrants exercisable for 4,000,000 shares of common stock at \$5.50 per share, for no additional consideration, and (2) an amendment to our certificate of incorporation to effect a 1-for-2.5 reverse split of the issued and outstanding shares of Viisage common stock. We refer to these proposals as the Proposals throughout this Proxy Statement. We describe the Proposals and the investment by L-1 in greater detail below.

Q. How is the L-1 investment structured?

A. On October 5, 2005 we entered into an Investment Agreement with L-1 which provides for the issuance and sale by us to L-1 of shares of our common stock and the issuance to L-1 of warrants exercisable for shares of our common stock. Pursuant to the Investment Agreement, subject to the fulfillment of certain terms and conditions including stockholder approval of the L-1 investment, we agreed to sell to L-1 19,047,619 shares of common stock at \$5.25 per share and to issue to L-1 warrants exercisable for 4,000,000 shares of common stock, which are exercisable based on certain vesting conditions, at \$5.50 per share.

Q. How will Viisage use the proceeds of the L-1 investment?

A. The sale of the shares to L-1 will result in gross proceeds to Viisage of \$100 million. The Investment Agreement provides that \$85 million of the proceeds will be used to finance acquisitions, of which Viisage anticipates \$35 million will be used as part of the consideration to be paid for the acquisition of Integrated Biometric Technology as described below under Agreements to Acquire Integrated Biometric Technology . The remainder of the proceeds will be used for working capital purposes.

Q. What other rights will L-1 receive from Viisage?

A. Under the terms of the Investment Agreement, L-1 will have the following rights after the closing:

Mr. Robert V. LaPenta, the founder and chief executive officer of L-1, will be appointed Chairman of the Viisage board of directors.

L-1 will have the right to nominate two additional board members, each of whom must be independent as defined in the relevant rules of the Nasdaq National Market on which our common stock is listed.

Mr. LaPenta will become the chair of a new five-member Strategic Committee of the Viisage board of directors, with the right to appoint two of the other four members of that committee, only one of whom may be an L-1 board designee.

Edgar Filing: VIISAGE TECHNOLOGY INC - Form DEF 14A

\$85 million of the \$100 million proceeds from the sale of the shares must be used for acquisitions unless otherwise approved by Mr. LaPenta.

Commencing one year after the closing of the transaction, L-1 will have the right on two occasions to demand that we file a registration statement covering the resale of the shares of our common stock held by L-1 and the shares of our common stock issuable upon exercise of the warrants.

Table of Contents

Q. Why is Viisage seeking stockholder approval of the L-1 investment and the reverse stock split?

- A. Stockholder approval of the L-1 investment and the reverse stock split is a condition to the Company's and L-1's obligation to consummate the L-1 investment. Stockholder approval for the L-1 investment is not required by the rules of the Nasdaq National Market on which our common stock is listed because L-1 has agreed to purchase the shares at a price in excess of the market price of our common stock. However, because of the strategic importance of the L-1 investment and as a matter of good corporate governance, we have agreed with L-1 that stockholder approval of the L-1 investment will be a condition to closing. Viisage is incorporated under the laws of the State of Delaware. Under Delaware law, stockholder approval is required to amend our certificate of incorporation in order to effect the reverse stock split. The Investment Agreement provides, upon the closing, for the size of the board to be increased by three members and for the existing directors to appoint Mr. LaPenta and L-1's additional two nominees to the board to fill the three vacancies. You are not being asked to vote for the election of Mr. LaPenta or L-1's additional two nominees to the board. The two additional nominees have not yet been designated by L-1.

Q. Why is Viisage entering into the L-1 investment?

- A. Our growth strategy includes growing through acquisitions and operationally integrating those acquisitions quickly to provide enhanced identity solutions, and also growing organically through the continued development of our leading advanced technology identity solutions. The L-1 investment is expected to enable us to accelerate our growth strategy. The cash obtained from the L-1 investment will be used to both support our business operations as well as provide funding for acquisitions, such as the acquisition of Integrated Biometric Technology described below under "Agreements to Acquire Integrated Biometric Technology." Furthermore, L-1 agreed to make the investment at a time when its purchase price per share was at a premium to the market price of our shares.

Q. Why has Viisage chosen to initiate a reverse stock split?

- A. On November 15, 2005, our common stock closed at \$5.77 per share. We believe that, at this price, our common stock may not appeal to brokerage firms that are reluctant to recommend lower priced securities to their clients. Investors may also be dissuaded from purchasing lower priced stocks because the brokerage commissions, as a percentage of the total transaction, tend to be higher for such stocks. Moreover, the analysts at many brokerage firms do not monitor the trading activity or otherwise provide coverage of lower priced stocks. In addition, we believe that many investment funds are either prohibited by their charters or reluctant to invest in lower priced stocks. As such, we believe that the expected increase in the trading price of our common stock following the reverse stock split will help to increase investors' interest in our common stock.

We also believe that a higher stock price may help the Company attract and retain qualified employees. We believe that some potential employees may be less likely to work for a company with a low stock price, regardless of size of the company's market capitalization. If the reverse stock split successfully increases the per share price of our common stock, we believe this increase will enhance the Company's ability to attract and retain qualified employees.

Q. What is the effect of the reverse stock split?

- A. The reverse stock split, if approved and implemented, would reduce the number of our outstanding shares of common stock as of November 11, 2005, the record date for the special meeting, from 48,147,492 to 19,258,996. Our total number of shares authorized for issuance would remain at 75,000,000. Accordingly the reverse stock split will significantly increase the ability of our Board of Directors to issue additional shares without further stockholder action. After giving effect to the L-1 investment, the Company could potentially issue up to 48,121,956 additional shares. Other than pursuant to existing employee stock awards, and as described herein under "Agreements to Acquire Integrated Biometric Technology," the Company has no current plans, proposals or arrangements to issue any of such additional shares. However, if the Company were to issue such additional shares, current stockholders could incur significant additional dilution.

Table of Contents

Q. What if the Proposals are not approved?

- A. If the proposal for the L-1 investment does not receive stockholder approval, the Viisage board of directors will reconsider whether to consummate the investment. Because stockholder approval is not required, the board may determine that consummation of the investment is in the best interests of the Company and proceed with the closing. Stockholder approval of the amendment to our certificate of incorporation to effect the reverse stock split is required under Delaware law. Therefore, if this proposal does not receive stockholder approval, the certificate of incorporation will not be amended and the reverse stock split will not be effected. Stockholder approval of the L-1 investment and the reverse stock split is a condition to the Company's and L-1's obligation to consummate the L-1 investment, but these conditions may be waived by the Company and L-1.

Q. Will the L-1 investment dilute stockholders' ownership interest in Viisage?

- A. Our stockholders will incur an immediate and significant dilution of their percentage of stock ownership in Viisage if the L-1 investment is consummated. As of November 11, 2005, the record date for the special meeting, 48,147,492 shares of our common stock were outstanding. If the L-1 investment is consummated (assuming no issuance of any shares between the date hereof and the closing), a total of 67,195,111 shares of our common stock will be outstanding upon the closing. Stockholders immediately prior to the closing will incur dilution, upon the consummation of the investment, of approximately 40% (approximately 48% if the total of 4,000,000 shares issuable upon exercise in full of the warrants to be granted to L-1 are included).

However, as we explained above in the answer to the question "Why is Viisage entering into the L-1 investment", on the date that we entered into the Investment Agreement with L-1, the price at which L-1 committed to purchase the shares represented a premium to the then-current market price of our common stock so the value of our current stockholders' investment in the Company would not be diluted.

Q. What percentage of Viisage common stock will L-1 own after the investment?

- A. As of November 11, 2005, the record date for the special meeting, 48,147,492 shares of our common stock were outstanding. If the L-1 investment is consummated (assuming no issuance of any shares between the date hereof and the closing), a total of 67,195,111 shares of our common stock will be outstanding upon the closing, of which 19,047,619 shares, or 28.3%, will be owned by L-1. Assuming that the conditions to vesting of the warrants were met and the warrants were exercised in full upon the closing, L-1 would own 23,047,619 shares, or 32.4%, of our outstanding common stock. The foregoing share numbers and percentages do not give effect to the proposed reverse stock split.

Q. Where can I find additional information? Who can help answer my questions?

- A: You should carefully review the entire Proxy Statement, which contains important information regarding the Proposals, before voting on the Proposals. We filed a current report on Form 8-K with the Securities and Exchange Commission on October 11, 2005, which contains a summary of the L-1 investment and which attaches each of the relevant agreements to the L-1 investment as exhibits. Certain of these exhibits are also attached for your convenience as Annexes to this Proxy Statement. We strongly encourage you to carefully review the Form 8-K and the exhibits thereto describing the L-1 investment. The section under the heading "Where You Can Find Additional Information," beginning on page 21 of this Proxy Statement, describes additional sources to obtain this Proxy Statement, our public filings under the Securities Exchange Act of 1934 (including the Form 8-K described above), and other information about Viisage.

If you would like copies of the Form 8-K filed on October 11, 2005 (including the exhibits thereto) or additional copies of this Proxy Statement, free of charge, or if you have questions about the L-1 investment, the reverse stock split or the procedures for voting your shares, you should contact: Viisage Technology, Inc., Attention: Investor Relations, 296 Concord Road, Billerica, MA 01821, Telephone: (978) 932-2200, or send an e-mail request to investor@viisage.com.

PROXY STATEMENT FOR THE SPECIAL MEETING OF STOCKHOLDERS

TO BE HELD DECEMBER 16, 2005

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed Proxy is solicited on behalf of the board of directors (the Board of Directors or the Board) of Viisage Technology, Inc., a Delaware corporation (Viisage), at a Special Meeting of Stockholders to be held on December 16, 2005 at 10:00 a.m., local time, and at any adjournment, continuation or postponement of the meeting, referred to throughout this Proxy Statement as the Meeting, for the purposes set forth herein and in the accompanying Notice of Special Meeting of Stockholders. The Meeting will be held at the offices of our outside counsel, Choate, Hall & Stewart LLP, Two International Place, Boston MA 02110.

These proxy solicitation materials are first being mailed or given on or about November 21, 2005 to all stockholders entitled to vote at the meeting.

Purpose of Meeting

As described above, the purpose of the Meeting is to obtain approval for the Proposals and such other business as may properly come before the meeting, including any adjournment or postponement thereof.

Quorum and Voting

The representation, in person or by proxy, of at least a majority of the outstanding shares of the Company's common stock entitled to vote at the Meeting is necessary to establish a quorum. Assuming the presence of a quorum, the affirmative vote of the holders of a majority of the common stock present in person or represented by proxy and entitled to vote at the Meeting will be required to approve the Proposal for the L-1 investment. The proposed amendment to our certificate of incorporation must be approved by the affirmative vote of the holders of at least a majority of the outstanding shares of our common stock. Shares of common stock represented in person or by proxy (including broker non-votes (as defined below) and shares that abstain or do not vote with respect to one or more of the matters to be voted upon) will be counted for the purpose of determining whether a quorum exists. If a quorum is not present, the Meeting will be adjourned until a quorum is obtained. Mr. Buddy Beck, one of our directors, and Lau Technologies, which in the aggregate hold approximately 23.2% of our outstanding common stock, have entered into agreements with L-1 pursuant to which they have agreed to vote their shares in favor of the L-1 investment and the amendment to our certificate of incorporation.

Record Date and Shares Outstanding

Only stockholders who owned shares of our common stock at the close of business on November 11, 2005, referred to in this Proxy Statement as the Record Date, are entitled to notice of, and to vote at, the Meeting. Each share of common stock outstanding on the Record Date is entitled to one vote on the matters to be voted on at the Meeting. As of the Record Date, 48,147,492 shares of Viisage's common stock were outstanding and entitled to vote.

Voting Shares Held in Street Name

If the shares you own are held in street name by a bank or brokerage firm, your bank or brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. In order to vote your shares, you will need to follow the directions your bank or brokerage firm provides you. Many banks and brokerage firms also offer the option of voting over the Internet or by telephone, instructions for which would be provided by your bank or brokerage firm on your vote instruction form.

Table of Contents

If your shares are held in street name, you must bring an account statement or letter from your brokerage firm or bank showing that you are the beneficial owner of the shares as of the record date in order to be admitted to the Meeting on the record date. To be able to vote your shares held in street name at the Meeting, you will need to obtain a proxy card from the holder of record.

Broker Non-Votes

If your shares are held in street name, your bank or brokerage firm will be prohibited under applicable regulations from using its discretion to vote your shares on the Proposals. If your broker instructs us that you have not provided instructions on how to vote on the Proposals, your shares will be treated as broker non-votes with respect to the Proposals.

Vote Required

Approval of L-1 Investment. The affirmative vote of the holders of a majority of the shares present or represented by proxy at the Meeting is needed to approve the consummation of the L-1 investment. Abstentions will have the effect of negative votes on this proposal. For shares held in street name, broker non-votes will have no effect on the outcome of this proposal because your bank or broker does not have the authority to vote your shares on this proposal absent instructions from you.

Amendment to Certificate of Incorporation. The affirmative vote of the holders of a majority of the outstanding shares of our common stock is needed to approve the amendment of our certificate of incorporation. Abstentions will have the effect of a negative vote on this proposal. For shares held in street name, broker non-votes will also have the effect of a negative vote on this proposal because your bank or broker does have the authority to vote your shares on this proposal absent instructions from you.

Revocability of Proxies

A shareholder who returns a proxy card may revoke it at any time before the shareholder's shares are voted at the Meeting by written notice to the Secretary of the Company received prior to the Meeting, by executing and returning a later-dated proxy, or by voting by ballot at the Meeting.

Householding of Meeting Materials

Some banks, brokers and other nominee record holders may be participating in the practice of householding proxy statements. This means that only one copy of our proxy statement may have been sent to multiple stockholders in your household. We will promptly deliver a separate copy of this proxy statement to you if you contact us at Viisage Technology, Inc., 296 Concord Road, Billerica, MA 01821, Attn: Investor Relations or by calling Investor Relations at (978) 932-2200, or by sending an e-mail request to investor@viisage.com. If you want to receive separate copies of the proxy statement in the future, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker, or other nominee record holder, or you may contact us at the above address or telephone number.

INFORMATION IN THIS PROXY STATEMENT

Unless otherwise specifically noted, all of the share numbers in this Proxy Statement are based on 48,147,492 shares of common stock outstanding as of November 11, 2005, the record date for the Meeting. When referencing the number of shares of common stock that will be owned by L-1 following the consummation of the L-1 investment and the prices at which the shares and warrants will be issued, we have not taken into account the reverse stock split.

PROPOSAL 1:

APPROVAL OF L-1 INVESTMENT

Background of the L-1 Investment

On June 17, 2005, Bernard Bailey, the Company's Chief Executive Officer, reported to our Board of Directors that he had been approached on June 13, 2005 by investment bankers representing L-1 who expressed an interest on the part of L-1 in making a strategic equity investment in the Company to be used largely to fund acquisitions. The Board expressed interest in exploring a transaction with L-1 given Mr. LaPenta's background and experience in the consolidation of the defense sector. The Board also viewed L-1's approach as timely given its own ongoing evaluation, with the assistance of USBX Advisory Services LLC ("USBX") and management, of potential acquisition targets that might complement the Company's strategy for providing customers with a complete identifications solution.

On June 15, 2005, Mr. LaPenta, James DePalma and Joseph Paresi of L-1 attended a management presentation at the Company and thereafter a meeting with our Chief Executive Officer and Chairman at which L-1 outlined the parameters of a proposed strategic investment in the Company. Those parameters included a substantial purchase of common stock at a premium to the market price, Mr. LaPenta's appointment as Chairman of our Board, and the appointment by L-1 of additional independent directors to our Board. Our Chief Executive Officer and Chairman viewed this proposed strategic investment favorably given Mr. LaPenta's experience in the growth of L-3 Communications, Inc. and further, given that private investments in publicly-traded stock (commonly referred to as "PIPE" transactions) with a purely financial focus are often priced at a discount to market.

On June 17, 2005, the Board asked Board member Charles Levine, working with USBX, our outside counsel Choate, Hall & Stewart LLP and our general counsel Elliot Mark, to explore potential investment terms with L-1. These representatives of the Company met with L-1 and their investment bankers and outside counsel, Weil, Gotshal & Manges LLP, in New York City on July 8, 2005 at which time L-1 presented a proposed term sheet for a \$60 million investment in the Company. The Company, through counsel, responded with revised terms on July 12, 2005, that dealt with issues including pricing and board representation.

Our Chairman and Mr. LaPenta resumed the negotiations via telephone conferences on August 9 and August 18, 2005. They discussed L-1's vision of the Company as an attractive platform for growth in the identification sector and an increase in the size of the investment in our common stock to \$100 million. Following those telephone conferences, our Chairman and Mr. LaPenta exchanged various written proposals during late August and September regarding principal terms of the proposed investment. During the course of those exchanges, our Board held telephonic meetings on September 8, 2005, September 14, 2005 and September 23, 2005 during which it considered the principal terms of the proposed investment including the pricing of comparable strategic investments. Also during September 2005, representatives of L-1 visited the Company's headquarters and met with the Company's management to conduct due diligence. With input from our Board and assistance of legal counsel, our Chairman continued to lead the negotiations with L-1 which resulted in a term sheet that was approved by our Board at a meeting held on September 30, 2005.

The Board also approved the execution and delivery of a definitive investment agreement and related transaction documents pursuant to which L-1 would purchase 19,047,619 shares of our common stock at \$5.25 per share and be issued warrants to purchase an aggregate of 4,000,000 shares of our common stock at an exercise price of \$5.50 per share. On October 5, 2005, our Board received the opinion of USBX as to the fairness of the consideration to be received by the Company from L-1. The Investment Agreement and certain of the related transaction documents were executed and delivered by the parties on October 5, 2005.

Background on L-1 and Mr. LaPenta

Mr. LaPenta formed L-1, a private investment management firm, in June 2005. Its stated mission is to acquire or make significant investments in well-positioned public and private companies, with the objective of

Table of Contents

building these companies into industry leaders through collaborative development and execution of aggressive growth strategies. Mr. LaPenta has more than 30 years of experience as an executive, most recently serving as president of L-3 Communications Corporation, which he co-founded in 1997. With annual revenue approaching \$10 billion, L-3 Communications began as a leveraged buyout of certain advanced electronics businesses from Lockheed Martin Corporation, which had merged with Loral Corporation in 1996. Mr. LaPenta was the chief financial officer of Loral at the time of the merger. During Mr. LaPenta's seven-year tenure with L-3 Communications, the company completed more than 60 acquisitions.

Reasons for the L-1 Investment

In reaching its decision to approve the L-1 investment and in determining that the private placement is fair to, and in the best interests of, Viisage and its stockholders, our Board of Directors carefully considered a number of factors. In addition, the Board consulted with Viisage's senior management as well as outside advisors and obtained a fairness opinion from USBX, a copy of which is attached as *Annex D*. In view of the complexity and wide variety of information and factors considered in connection with its evaluation of the L-1 investment, the Board of Directors did not find it practicable to and did not quantify or otherwise assign relative or specific weights to the factors it considered in reaching its determination. Instead, the material factors considered by the Board are set forth below:

Our growth strategy includes growing through acquisitions and operationally integrating those acquisitions quickly to provide enhanced identity solutions, and also growing organically through the continued development of our advanced technology identity solutions. The L-1 investment is expected to enable us to accelerate our growth strategy.

The cash obtained from the L-1 investment will be used to both support our business operations as well as provide funding for acquisitions.

The most critical factors in evaluating the L-1 investment were the amount of capital that could be raised through the investment, the quality of the investor, and Mr. LaPenta's skill and experience in building a successful company through acquisitions.

At the time we entered into the Investment Agreement, the price at which L-1 committed to purchase shares of our common stock represented a premium to the then-current market price of our shares.

The Board also evaluated the obligations that Viisage will agree to in order to complete the L-1 investment.

Opinion of Viisage's Financial Advisor

Pursuant to a letter agreement dated as of July 17, 2005, the Board engaged USBX Advisory Services LLC (USBX) to act as its financial advisor. At a meeting of the Board on October 5, 2005, USBX rendered its oral opinion, subsequently confirmed in writing and referred to in this proxy statement as the USBX opinion, that, as of October 5, 2005, the consideration to be received by the Company pursuant to the L-1 investment, net of the value of the warrants to be issued to L-1, was fair to the Company and its shareholders from a financial point of view. The USBX opinion was based upon and subject to certain assumptions, qualifications, limitations and factors described in the USBX opinion.

USBX's opinion, which describes the assumptions made, matters considered and limitations on the review undertaken by USBX, is attached as *Annex D* to this proxy statement. You are urged to, and should, read the USBX opinion carefully in its entirety. USBX's

opinion was directed solely to our Board and addresses only the fairness to the Company and our shareholders of the consideration to be received by the Company pursuant to the L-1 investment from a financial point of view. The USBX opinion does not address any other aspect of the L-1 investment and does not constitute a recommendation to any

Table of Contents

director, shareholder or other person as to how to vote or act with respect to the L-1 investment. The summary of the USBX opinion set forth in this proxy statement is qualified in its entirety by reference to the full text of that opinion.

In connection with rendering its opinion, USBX, among other things:

1. Reviewed the Company's annual reports to shareholders on Form 10-K for the three fiscal years ended December 31, 2004 and all 10-Q filings since the date of the Company's most recent 10-K (December 31, 2004);
2. Reviewed financial forecasts and projections prepared by the Company's management;
3. Reviewed the Company's proxy statement on Schedule 14A dated September 7, 2005;
4. Reviewed copies of the Investment Agreement and form of Warrant;
5. Reviewed relevant information disclosures made by the Company to L-1 during the course of the due diligence inquiries of which it was aware;
6. Met with the key members of the senior management from the Company to discuss the operations, financial condition, future prospects and projected operations and performance of the Company, and met with outside counsel to discuss;
7. Visited certain facilities and business offices of the Company;
8. Participated in certain briefings given by the Company to L-1;
9. Reviewed certain other publicly available financial data for certain companies that it deemed comparable to the Company and the terms of recent transactions that it considered comparable to the L-1 investment, including, without limitation, publicly available prices and premiums paid; and
10. Conducted such other studies, analyses and inquiries as it deemed appropriate.

Edgar Filing: VIISAGE TECHNOLOGY INC - Form DEF 14A

USBX utilized various valuation methodologies and conducted various analyses in rendering its opinion. These methodologies and analyses were presented to our Board at its meeting on October 5, 2005. The following is a summary of the methodologies and financial analyses used by USBX in arriving at its opinion, but does not purport to be a complete description of the methodologies used or analyses performed by USBX:

1. *Stock Performance Analysis.* USBX reviewed the daily historical volume and trading prices of our common stock and of the stock of other companies that USBX deemed relevant precedent, taking into account the trading patterns of the Company's stock over time.

2. *Public Company Precedent Analysis.* USBX compared financial information of the Company with publicly available information for certain companies selected by USBX as relevant precedent.

3. *Transaction Precedent Analysis.* USBX analyzed a number of precedent transactions. Even though USBX assumed that the L-1 investment did not constitute a change of control of the Company, USBX reviewed precedents involving both control investments such as acquisition and merger transactions and non-control private investments in public equity with investors who were either financial investors or strategic investors.

4. *Research Analyst Opinion.* USBX took into account the current sentiment of research analysts who were covering the Company.

5. *Valuation of Warrants.* USBX utilized an industry accepted standard approach to valuing warrants based on a Black-Scholes methodology.

6. *Cash Flows Analysis.* USBX analyzed the discounted present value of the Company's forecasted cash flows.

Table of Contents

USBX did not explicitly assign any relative weights to the various analyses considered. No transaction utilized as a precedent in the transaction precedent analysis was identical to the L-1 investment. In evaluating the precedent transactions and companies, USBX made numerous assumptions with respect to the performance of the industry in which the Company operates and general economic conditions, many of which are beyond our control. Hence, a purely mathematical analysis is not a meaningful method of using precedent transaction data.

USBX assumed, without independent verification, that the financial forecasts and projections provided by us, and upon which it relied, were reasonably prepared and reflected the best currently available estimates of the future financial results and condition of the Company, and that such projections provided a reasonable basis for its opinion. USBX also assumed that there had been no material change in the assets, financial condition or business of the Company since the date of the most recent financial statements made available to it. USBX further relied upon the assurance of management of the Company that they are unaware of any facts that would make the information provided to USBX incomplete or misleading in any respect. USBX assumed that the transactions contemplated by the Investment Agreement will be consummated as described in the Investment Agreement in the form reviewed by USBX and that all representations and warranties therein of the parties thereto are true and accurate in all respects. USBX also assumed that the L-1 investment did not constitute a change of control of the Company.

USBX did not independently verify the accuracy and completeness of the information supplied to it with respect to the Company and does not assume any responsibility with respect to it. USBX did not meet with knowledgeable representatives of the Company's independent accounting firm and did not make any physical inspection of any of the properties or assets of the Company. USBX's opinion was necessarily based on business, economic, market and other conditions as they existed and could be evaluated by it as of the date of the USBX opinion. It should be understood that subsequent developments may affect the USBX opinion and USBX does not have any obligation to update, revise or reaffirm the USBX opinion.

Our Board asked USBX to opine on the fairness to the Company and its shareholders of the cash consideration to be received by the Company pursuant to the Investment Agreement, net of the value of the Warrants. The USBX opinion does not address the relative merits of the L-1 investment as compared to other business strategies that might be available to the Company, nor does it address the underlying business decision of the Company to proceed with the L-1 investment. USBX did not make or take into account any independent appraisal or valuation of any of our assets or liabilities, contingent or otherwise. USBX did not opine on any legal, tax or accounting issues concerning the L-1 investment, or any terms of the L-1 investment, including, without limitation, terms concerning the use of proceeds, the vesting and exercisability of the Warrants, and control or governance of the Company or its Board following the consummation of the L-1 investment.

The preparation of a fairness opinion is a complex process involving determinations as to the most appropriate and relevant methods of financial analysis and the application of these methods to the particular circumstances and, therefore, is not necessarily susceptible to partial analysis or summary description. Selecting portions of the analysis or the summary set forth above, without considering the analysis as a whole, could create an incomplete view of the processes underlying the USBX opinion. In arriving at its opinion, USBX considered the results of all of its analyses as a whole and did not attribute any particular weight to any analysis or factor considered by it; rather, USBX made its determination as to fairness on the basis of its experience and professional judgment after considering the results of all such analyses. Certain USBX analyses are based upon forecasts of future results and are not necessarily indicative of actual future results, which may be significantly more or less favorable than suggested by such analyses. The foregoing summary does not purport to be a complete description of the analyses performed by USBX. Additionally, analyses relating to the value of businesses or securities are not appraisals. Accordingly, such analyses and estimates are inherently subject to substantial uncertainty.

USBX did not recommend any specific consideration to the Board or that any specific consideration constituted the only appropriate consideration with respect to the Investment Agreement and the L-1 investment.

Table of Contents

In addition, USBX's opinion and presentation to the Board was one of many factors taken into consideration by the Board in making its decision to approve the Investment Agreement and the L-1 investment. Consequently, the USBX analyses as described above should not be viewed as determinative of the opinion of the Board with respect to the value of the Company or whether our Board would have been willing to agree to different consideration.

USBX acted as financial advisor to our Board, received a customary fee from the Company upon delivery of its opinion and may receive an additional fee upon the closing of the L-1 investment. USBX will also be reimbursed for its reasonable and customary expenses, and it and related parties will be indemnified against certain liabilities, including liabilities under the federal securities laws, in connection therewith. USBX was not requested to provide, or to identify potential sources of, financing to the Company or to explore alternatives to the L-1 investment in any respect. Except as set forth in the preceding sentence, no limitations were imposed on USBX by the Company with respect to the investigations made or procedures followed by USBX in rendering its opinion.

USBX and its affiliates in the future may provide investment banking, financial and advisory services to the Company, L-1 or their affiliates unrelated to the proposed L-1 investment, for which services they expect to receive compensation.

Terms of the L-1 Investment

THIS SUMMARY OF THE TERMS OF THE L-1 INVESTMENT IS INTENDED TO PROVIDE YOU WITH BASIC INFORMATION CONCERNING THE TRANSACTION; HOWEVER, IT IS NOT A SUBSTITUTE FOR REVIEWING THE INVESTMENT AGREEMENT AND THE FORMS OF WARRANT IN THEIR ENTIRETY, WHICH WE HAVE INCLUDED AS ANNEXES A, B and C, RESPECTIVELY, TO THIS PROXY STATEMENT. THE FORM OF REGISTRATION RIGHTS AGREEMENT, THE VOTING AGREEMENTS AND THE LOCK-UP AGREEMENT WERE FILED AS EXHIBITS TO THE FORM 8-K THAT WE FILED WITH THE SECURITIES AND EXCHANGE COMMISSION ON OCTOBER 11, 2005. YOU SHOULD READ THIS SUMMARY IN CONJUNCTION WITH ALL SUCH DOCUMENTS.

Terms of the Investment Agreement

Securities to be issued to L-1 at the Closing. At the closing of the transaction, Viisage will: (i) issue and sell to L-1 19,047,619 shares of Viisage's common stock at \$5.25 per share (the "Shares") and (ii) issue to L-1 warrants to purchase an aggregate of 4,000,000 shares of Viisage common stock at an exercise price of \$5.50 per share (the "Warrants"), the terms of which are described in more detail below under the heading "Terms of the Warrants".

Use of Proceeds. The sale of the Shares will result in gross proceeds to Viisage of \$100 million. The Investment Agreement provides that \$85 million of the proceeds will be used to finance acquisitions, of which Viisage anticipates \$35 million will be used as part of the consideration to be paid for the acquisition of Integrated Biometric Technology described below. The remainder of the proceeds will be used for working capital purposes.

Board Composition; Strategic Committee. Upon consummation of the transaction: (i) the size of the Viisage board will be increased by three positions; (ii) Mr. Robert V. LaPenta, founder and chief executive officer of L-1, will become a member and chairman of the Viisage board; and (iii) L-1 will have the right to designate two additional individuals for election to the Viisage board who will qualify as independent directors for

Edgar Filing: VIISAGE TECHNOLOGY INC - Form DEF 14A

Nasdaq listing purposes. The two additional nominees have not yet been designated by L-1. If L-1's ownership drops below 20% of the Company's outstanding shares but remains above 15%, L-1 will have the right to designate only one additional member of the Viisage board. In addition, the Viisage board will establish a strategic committee that will consist of Mr. LaPenta, as chair, two other directors appointed by Mr. LaPenta, only one of

whom may be a director designated by L-1, Denis K. Berube, and the chief executive officer of Viisage. The strategic committee will evaluate and make recommendations to the Viisage board regarding mergers and acquisitions and other strategic initiatives. L-1 will no longer be entitled to the rights set forth in the foregoing provisions of this paragraph in the event that its ownership interest in the Company drops below 15% of the Company's outstanding shares.

Termination Fee. If either Viisage or L-1 breaches or fails to perform in any material respect any of its representations or obligations under the Investment Agreement and the breach or failure is not cured within ten days after notice from the other party, the breaching party will be required to pay the other party \$4,000,000 as a termination fee plus up to \$1,000,000 of actual out-of-pocket expenses incurred by the other party. Viisage also shall be required to pay the termination fee and up to \$1,000,000 of L-1's actual out-of-pocket expenses if the Viisage board fails to make or withdraws its recommendation to the stockholders that they approve the investment or if Viisage materially breaches its obligations relating to the non-solicitation of competing transactions.

Right of First Offer. L-1 will have a pro rata right to participate in any future private sales of securities by Viisage, other than securities that are issued in sales customarily excluded from such right, namely securities issued (i) to employees, directors, consultants and other service providers for the primary purpose of soliciting or retaining their services; (ii) pursuant to an underwritten public offering; (iii) pursuant to the conversion or exercise of convertible or exercisable securities outstanding on the date hereof; (iv) as consideration in connection with a bona fide business acquisition by the Company; (v) to an entity as a component of any business relationship with such entity for purposes of (A) joint venture, technology licensing or development activities, (B) distribution, supply or manufacture of the Company's products or services or (C) any other arrangements involving corporate partners that are primarily for purposes other than raising capital; or (vi) to financial institutions or lessors in connection with commercial credit arrangements, equipment financings or similar transactions.

Indemnification. Viisage and L-1 have granted each other customary indemnification rights with respect to breaches or violations of representations, warranties, covenants and agreements contained in the Investment Agreement.

Closing Conditions; Termination Rights. The Investment Agreement contains closing conditions and termination rights for the benefit of the Company and L-1 that are customary for transactions of this type.

Conflicts of Interest. To the extent that a conflict arises as between L-1 and its affiliates on the one hand, and the Company on the other hand, regarding potential investment opportunities, L-1's portfolio companies or affiliates, or otherwise, then L-1 is required to bring the potential conflict and a proposed resolution to the attention of the Company's board of directors and the applicable advisory board representing the interests of L-1 and its affiliates. If it is determined that a conflict exists, the independent members of the respective boards shall decide on a resolution, which could include Mr. LaPenta recusing himself from any active involvement (other than as passive investor) on behalf of the Company or L-1 or its affiliates in the matter giving rise to the conflict.

Lock-Up. Except in connection with a Change of Control (as defined in the Investment Agreement), L-1 has agreed not to, without prior written approval of the Company, directly or indirectly, sell, offer or agree to sell, contract to sell, grant any option for the sale of, make any short sale, pledge, or enter into any hedging transaction that could result in a transfer of, or otherwise dispose of (1) the Shares, (2) the Warrants or (3) the shares of common stock issuable upon exercise of the Warrants, in each case for a period of one year following the closing.

Terms of the Warrants

Exercise Period. The Warrants will be exercisable in cash at any time between the date on which the transaction is consummated (the Closing Date) and the third anniversary thereof.

Table of Contents

Vesting. Warrants to purchase (i) 3,200,000 shares of Viisage common stock will vest on a pro rata basis when and if acquisitions involving the payment of aggregate consideration of \$125 million are consummated; (ii) 533,333 shares of Viisage common stock will vest when and if Viisage's gross revenues for any four-quarter period are equal to or greater than \$200 million; and (iii) 266,667 shares of Viisage common stock will vest when and if Viisage's gross revenues for any four-quarter period are equal to or greater than \$300 million. Vesting of 100% of the Warrants will be accelerated in connection with a change of control transaction. Upon consummation of the acquisition of Integrated Biometric Technology described below, approximately 1,536,000 warrants will vest based upon the \$60 million purchase price.

Methods of Exercise. The Warrants may be exercised in whole or in part by the holder, in cash, at all times during the exercise period, by delivering the Warrants to the Company together with a notice of exercise and the then-applicable exercise price in exchange for the shares issuable thereunder and if applicable, a new warrant representing the unexercised portion of the Warrant.

Exercise Price; Adjustment to Exercise Price and Number of Shares. The exercise price of the Warrants is initially \$5.50 per share. The exercise price of and the number of shares issuable under the warrants are subject to customary adjustments in certain events, including without limitation, the reverse stock split described under Proposal 2 below, reclassification of the Company's securities, subdivision or combination of shares of Viisage, stock dividends and other distributions of Viisage.

Registration Rights. Registration rights relating to the shares of our common stock issuable upon exercise of the Warrants are described in more detail below under the heading "Terms of the Registration Rights Agreement".

Terms of the Registration Rights Agreement

The Shares, Warrants and shares of Viisage common stock issuable upon exercise of the Warrants are not registered under the Securities Act or any state securities laws. Viisage has granted registration rights to L-1 for the Shares and the shares of common stock issuable upon the exercise of the Warrants pursuant to a registration rights agreement under the terms of which, at any time after the first anniversary of the Closing Date, Viisage will, upon receipt of written requests from L-1 or its permitted transferees, file up to two registration statements with the SEC covering the resale of the shares and the shares issuable upon exercise of the warrants.

Terms of the Voting Agreements

In connection with the transaction, each of Lau Acquisition Corp. ("Lau") and Mr. Buddy Beck, Vice Chairman of the Board, have entered into voting agreements ("Voting Agreements") with Viisage pursuant to which they have agreed, solely in their capacity as shareholders, to vote all of their issued and outstanding shares of common stock in favor of the transaction. As of the Record Date, Lau and Mr. Beck owned approximately 23.2% of Viisage's issued and outstanding common stock. Lau and Mr. Beck have granted Viisage an irrevocable proxy to vote all their issued and outstanding shares of Viisage common stock in favor of the transaction. Each Voting Agreement will terminate upon the earlier to occur of (a) the closing of the transaction, or (b) the date that the Investment Agreement terminates under its own terms.

Terms of the Lock-Up Agreement

Edgar Filing: VIISAGE TECHNOLOGY INC - Form DEF 14A

Lau has entered into a lock-up agreement with Viisage (the Lock-Up Agreement) pursuant to which Lau has agreed not to sell more than 300,000 of its shares of Viisage common stock during any twelve month period prior to the first anniversary of the closing of the transaction unless the sale involves a change in control transaction.

Agreements to Acquire Integrated Biometric Technology

On November 4, 2005, L-1 entered into an acquisition agreement with Integrated Biometric Technology, Inc. (IBT Parent) and its wholly-owned subsidiary, Integrated Biometric Technology LLC (IBT) to acquire

Table of Contents

60% of the outstanding membership interests of IBT for \$35 million in cash and to acquire the remaining 40% on or before January 30, 2006 for an additional \$25 million. If IBT achieves revenues of \$75 million for the year ended December 31, 2006, L-1 would be obligated to pay an additional \$10 million in cash to IBT.

IBT provides products, services and systems that automate the electronic processing of fingerprints for criminal background checks and searches with the Federal Bureau of Investigation's Integrated Automated Fingerprint Identification System (IAFIS). IBT's proprietary software and processes are used to perform background screening for applicants, such as parties seeking a new job or individuals seeking to provide a service such as transporting hazardous materials. For example, pursuant to the USA PATRIOT Act, effective May 30, 2005, the estimated 2.7 million commercial drivers that transport hazardous materials are required to undergo background screening. In 2004, the US Transportation Security Administration (TSA) awarded a multi-million dollar contract to IBT under which IBT has deployed a network of electronic fingerprint capture devices throughout the United States to process applicants and provide criminal background checks and screening for hazardous materials transportation licenses in 34 states in support of the USA PATRIOT Act mandate.

L-1 has assigned its rights under the acquisition agreement to an affiliate which in turn has entered into an assignment and assumption agreement with Viisage, under which Viisage would acquire all of the L-1 affiliate's interests and obligations regarding its purchase of membership interests of IBT, subject to the consummation of the L-1 investment in Viisage and customary closing conditions. Pursuant to the assignment and assumption agreement with the L-1 affiliate, Viisage will pay \$35 million to the L-1 affiliate for its previously purchased 60% interest in IBT.

On November 15, 2005, Viisage entered into a merger agreement with IBT, IBT Parent and the shareholders of IBT Parent under which Viisage will issue to the shareholders of IBT Parent 5,000,000 authorized but unissued shares of common stock of Viisage (to be adjusted for the reverse stock split) for all of the outstanding capital stock of IBT Parent. The only asset of IBT Parent at the time of the merger will be the 40% interest in IBT not previously purchased by L-1. In addition, the merger agreement provides that the shareholders of IBT Parent will be eligible to receive from Viisage an additional amount for each share of Viisage common stock issued in the merger, equal to the amount, if any, by which \$5.00 (or \$7.00 in the event that revenues of IBT for the year ended December 31, 2006 exceed \$75 million) exceeds the average of the closing bid prices of Viisage common stock during the month of February 2007, as reported on the NASDAQ Stock Market, in each case as adjusted for any stock splits. Any difference would be paid in additional shares of Viisage common stock, provided that if the average of the closing bid prices for Viisage common stock during the month of February 2007 is less than \$2.50, the difference to be paid will be determined as if the average price were \$2.50.

The foregoing description does not purport to be a complete statement of the parties' rights and obligations under the acquisition agreement, the assignment and assumption agreement, the merger agreement and the transactions contemplated thereby or a complete explanation of the material terms thereof.

Upon the completion of the acquisition of IBT as described above, Viisage will issue to L-1, 1,100,000 warrants with an exercise price of \$5.50 per share for strategic advice, due diligence and other services relating to this transaction. 700,000 of the warrants will have a term of three years and be fully vested upon grant. If during any of 2006, 2007 or 2008, the IBT business generates earnings before interest, taxes, depreciation and amortization (EBITDA) of \$6 million or more, the remaining 400,000 warrants would vest. These warrants would have a term of three years from the date of vesting.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE APPROVAL OF THE SALE AND ISSUANCE TO L-1 OF 19,047,619 SHARES OF OUR COMMON STOCK AT \$5.25 PER SHARE AND THE ISSUANCE TO L-1 OF WARRANTS TO PURCHASE AN AGGREGATE OF 4,000,000 SHARES OF OUR COMMON STOCK AT AN EXERCISE PRICE OF \$5.50 PER SHARE.

PROPOSAL 2: AMENDMENT TO RESTATED CERTIFICATE OF INCORPORATION TO EFFECT A 1-FOR-2.5 REVERSE SPLIT OF THE COMPANY'S OUTSTANDING COMMON STOCK

Proposed Reverse Stock Split

The Company's Board of Directors has approved, and recommended that the Company's stockholders approve, an amendment to the Company's certificate of incorporation to effect a 1-for-2.5 reverse split (the Reverse Split) of the issued and outstanding shares of Viisage common stock. The Reverse Split, if approved by the stockholders and implemented, would not change the number of authorized shares of common stock or preferred stock of the Company. If the Reverse Split is approved by the stockholders and implemented, each 2.5 outstanding shares of our common stock would be combined into one outstanding share of our common stock, and each stockholder would receive cash in lieu of any fraction of a share the stockholder would otherwise be entitled to receive. You are being asked to approve the Reverse Split at the Meeting.

If the Stockholders approve the Reverse Split, the Company will amend its certificate of incorporation. The complete text of the amendment that would be filed with the Secretary of State of the State of Delaware to effect the Reverse Split is set forth in *Annex E* to this Proxy Statement, provided that this text is subject to amendment to include any changes required by the Secretary of State of the State of Delaware, or that the Company's Board of Directors deems necessary or advisable to effect the Reverse Split as described in this Proxy Statement, and to include the date upon which the Reverse Split is to become effective.

If approved by the stockholders and implemented, the Reverse Split will become effective at 5:00 p.m. on the effective date set forth in the amendment to the Company's certificate of incorporation. If the stockholders approve the Reverse Split, the effective date will be established by the Company prior to the filing of the amendment in light of applicable notice requirements. To avoid the existence of fractional shares of our common stock, following the Reverse Split, stockholders who would otherwise be entitled to receive a fractional share of our common stock will instead receive cash as described in more detail below. The par value of the Company's common stock would remain unchanged at \$0.001 as would the number of authorized shares. As of November 11, 2005, the Company had 75,000,000 shares of our common stock authorized of which 48,147,492 shares were issued and outstanding. Assuming no change in the number of outstanding shares of our common stock from that date until the date the Reverse Split is implemented, the Company would have 75,000,000 shares of our common stock authorized of which 19,258,996 shares would be issued and outstanding after implementation of the Reverse Split.

If for any reason the Company's Board of Directors deems it advisable, the Board of Directors may abandon the Reverse Split at any time, before, during or after the Meeting and prior to the filing of the certificate of amendment with the Secretary of State of the State of Delaware, without further action by the Company's stockholders. Approval of the Reverse Split requires the affirmative vote of the holders of a majority of the shares of our common stock outstanding as of the Record Date, voting as a single class.

Reasons for the Reverse Stock Split

The Board of Directors believes that the Reverse Split is in the best interest of the stockholders. On November 15, 2005, the Company's common stock closed at \$5.77 per share. The Board of Directors believes that, at this price, the Company's common stock may not appeal to brokerage firms that are reluctant to recommend lower priced securities to their clients. Investors may also be dissuaded from purchasing lower priced stocks because the brokerage commissions, as a percentage of the total transaction, tend to be higher for such stocks. Moreover, the analysts at many brokerage firms do not monitor the trading activity or otherwise provide coverage of lower priced stocks. In addition, the Board of Directors believes that most investment funds are either prohibited by their charters or reluctant to invest in lower priced stocks. As such, the Board of Directors believes that the expected increase in the trading price of the our common stock following the Reverse Split will help to

increase investors' interest in our common stock.

Table of Contents

The Board of Directors further believes that a higher stock price may help the Company attract and retain qualified employees. The Board of Directors believes that some potential employees may be less likely to work for a company with a low stock price, regardless of size of the company's market capitalization. If the Reverse Stock Split successfully increases the per share price of our common stock, the Board of Directors believes this increase will enhance the Company's ability to attract and retain qualified employees.

Although the Board of Directors believes that the Reverse Split will produce a sufficiently high trading price for the Company's common stock, many other factors, such as the Company's financial results, market conditions and the state of the Company's primary industry may adversely affect the market price of our common stock. As a result, the market price of our common stock may decline in the future. Any increase in liquidity of our common stock due to a higher price per share may be partially or entirely offset by a reduction in liquidity due to the fewer number of shares issued and outstanding after the proposed Reverse Split. Furthermore, the Reverse Split will increase the number of our common stock holdings that are not divisible by 100, which may make these shares more difficult to sell and result in higher selling costs.

Effect of the Reverse Split

General

If the Reverse Split is approved by the stockholders and implemented by the Board of Directors, the principal effect will be to decrease the number of outstanding shares of Viisage common stock. Each 2.5 shares of our common stock immediately prior to the Reverse Split would become one share of our common stock immediately after the Reverse Split. Proportionate voting rights and other rights of the holders of our common stock will not be affected by the Reverse Split, other than as a result of the elimination of fractional shares. For example, a holder of 3% of the voting power of our common stock immediately prior to the Reverse Split will continue to hold approximately 3% of the voting power of our common stock immediately after the Reverse Split.

The reverse stock split, if approved and implemented, would reduce the number of our outstanding shares of common stock as of November 11, 2005, the record date for the Meeting, from 48,147,492 to 19,258,996. Our total number of shares authorized for issuance would remain at 75,000,000. Accordingly the reverse stock split will significantly increase the ability of our Board of Directors to issue additional shares without further stockholder action. After giving effect to the L-1 investment, the Company could potentially issue up to 48,121,956 additional shares. Other than pursuant to existing employee stock awards, and as described herein under *Agreements to Acquire Integrated Biometric Technology*, the Company has no current plans, proposals or arrangements to issue any of such additional shares. However, if the Company were to issue such additional shares, current stockholders could incur significant additional dilution. The number of stockholders of record will not be effected by the Reverse Split except to the extent that accounts are eliminated due to the treatment of fractional shares.

The Company expects that if the Reverse Split is approved and implemented, and the Company continues to meet Nasdaq's requirements for continued listing, our common stock will continue to trade on the Nasdaq National Market after the Reverse Split under the symbol *VISG* (except that for the first 20 days after the Reverse Split the letter *D* will be appended to the trading symbol indicating that a stock split has recently occurred).

Effect on Employee or Director Equity Incentive Plans or Purchase Plans

Edgar Filing: VIISAGE TECHNOLOGY INC - Form DEF 14A

As of November 11, 2005, options to purchase 5,147,796 shares of Viisage common stock were outstanding under the Company's employee or director equity incentive plans and purchase plans approved by the Board. These employee or director equity incentive plans or purchase plans approved by the Board include provisions for adjustments to the number of shares and exercise price in the case of an event like the Reverse Split. If the Reverse Split is implemented, each outstanding option to purchase shares of our common stock would be automatically adjusted by decreasing the number of shares underlying the option and increasing the exercise price appropriately.

Table of Contents

For example, assuming the Reverse Split was implemented on November 11, 2005, there would be reserved for future issuance upon exercise of outstanding options a total of approximately 2,059,118 shares of our common stock after the Reverse Split. Each outstanding option would thereafter evidence the right to purchase 40% of the shares of the Company's common stock previously covered thereby, and the exercise price per share would be 2.5 times the previous exercise price. In addition, the number of shares of our common stock which remain available for future issuance under the Company's employee or director equity incentive plans or purchase plans approved by the Board will be reduced by the same ratio as the Reverse Split.

Effect on Warrants

As of November 11, 2005, there were outstanding warrants to purchase 812,469 shares of the Company's common stock with exercise prices ranging from \$10.46 per share to \$12.35 per share. All of these outstanding warrants include provisions for adjustments to the number of shares and exercise price in the case of an event like the Reverse Split. Similar to the Company's outstanding options, if the Reverse Split is implemented, each outstanding warrant to purchase shares of our common stock would be automatically adjusted by decreasing the number of shares underlying the warrant and increasing the exercise price appropriately.

Procedure for Implementing the Reverse Split

Fractional Shares

The Company does not intend to issue fractional shares in connection with the Reverse Split. A stockholder who would be entitled to receive fractional shares because the number of shares of our common stock held by the stockholder is not evenly divisible by 2.5 will be entitled, upon surrender to the Company's transfer agent of certificates representing the pre-Reverse Split shares of our common stock, to cash payments (without interest) in lieu of the fractional shares to which the stockholder would otherwise be entitled. The amount of cash to be paid in lieu of issuing fractional shares of our common stock will be based on the closing price of our common stock on the Nasdaq on the effective date of the Reverse Split. The ownership of a fractional interest will not give the holder any voting, dividend or other rights, except to receive this cash payment.

Stockholders should be aware that, under the laws of various states, sums due for fractional interests that are not timely claimed after the Reverse Split may be required to be paid to a designated state agent, unless the Company or its transfer agent has received correspondence concerning ownership of these funds within specified time periods. Thereafter, stockholders otherwise entitled to receive these funds will have to obtain them directly from the state to which they were paid.

Notice; Optional Exchange of Stock Certificates

If the Reverse Split is implemented, stockholders may request that their existing stock certificates be exchanged for new certificates. As soon as practicable after the Reverse Split, the Company's transfer agent will send a notice to each stockholder of record on the date the Reverse Split is implemented advising holders that the Reverse Split has been implemented, notifying each such holder of the number of shares of our common stock they hold after the Reverse Split, and advising holders of the procedure for surrendering certificates representing shares of our common stock prior to the Reverse Split in exchange for certificates representing shares of our common stock after the Reverse Split if they so desire. Stockholders will not have to pay a transfer or other fee in connection with the exchange of certificates.

YOU SHOULD NOT SEND YOUR STOCK CERTIFICATES NOW. IF YOU WISH TO EXCHANGE YOUR STOCK CERTIFICATES, YOU SHOULD SEND THEM ONLY AFTER YOU RECEIVE THE NOTICE FROM THE COMPANY'S TRANSFER AGENT.

As soon as practicable after the surrender to the transfer agent of any certificate which represents shares of our common stock, together with a duly executed letter of transmittal and any other documents the transfer agent may specify, the transfer agent will deliver to the person in whose name such certificate was issued, certificates representing the number of full shares of our common stock into which the shares of our common stock

Table of Contents

represented by the surrendered certificate have been reclassified. Each certificate representing shares of our common stock will continue to bear any legends restricting the transfer of those shares that were borne by surrendered certificates representing shares of our common stock held prior to the Reverse Split. In connection with the reverse stock split, our common stock will have a new CUSIP number assigned to it. This new CUSIP number will appear on any new stock certificates issued representing shares of our common stock after the Reverse Split.

If not surrendered as described above, each certificate which immediately prior to the Reverse Split represented shares of our common stock will be deemed at and after the Reverse Split to represent the number of full shares of our common stock contemplated by the Reverse Split and the right to receive cash for any fractional shares.

Any stockholder whose certificate for our common stock has been lost, destroyed or stolen, and who wishes to receive a certificate representing the shares of our common stock into which such shares of our common stock have been reclassified, shall receive a new certificate upon compliance with such requirements as the Company and the transfer agent customarily apply in connection with lost, stolen or destroyed certificates.

Accounting Effects of the Reverse Stock Split

Following the effective date of the Reverse Split, the par value of the our common stock will remain at \$0.001 per share, and the number of outstanding shares of our common stock will be reduced by the reverse stock split ratio. Accordingly, the aggregate par value of the issued and outstanding shares of our common stock, and therefore the capital account associated with our common stock, will be reduced, and the additional paid-in capital (capital paid in excess of the par value) will be increased in a corresponding amount for statutory and accounting purposes. If the Reverse Split is effected, all share and per share information in the Company's financial statements will be restated to reflect the effects of the Reverse Split for all periods presented in future filings with the Securities and Exchange Commission. Total stockholders' equity will remain unchanged.

Federal Income Tax Consequences of the Reverse Stock Split

The following discussion generally describes some of the federal income tax consequences of the Reverse Split to stockholders of the Company who hold their common stock as a capital asset. The following discussion does not address any foreign, state, local or alternative minimum income tax consequences. Moreover, the federal income tax consequences of the Reverse Split will vary among stockholders. The actual consequences for each stockholder will depend upon the specific facts and circumstances pertaining to each stockholder's acquisition and ownership of their common stock, and the following discussion does not address tax consequences that may apply to stockholders in light of their particular circumstances or in light of special rules applicable to such stockholders.

THUS, THE COMPANY MAKES NO REPRESENTATIONS CONCERNING THE TAX CONSEQUENCES FOR ANY OF ITS STOCKHOLDERS AND RECOMMENDS THAT EACH STOCKHOLDER CONSULT WITH HIS OR HER OWN TAX ADVISOR CONCERNING THE TAX CONSEQUENCES OF THE REVERSE SPLIT, INCLUDING FEDERAL, STATE, LOCAL OR FOREIGN INCOME OR OTHER TAX.

The Company has not sought and will not seek an opinion of counsel or a ruling from the Internal Revenue Service regarding the federal income tax consequences of the proposed Reverse Split. However, the Company believes that, because the Reverse Split is not part of a plan to

Edgar Filing: VIISAGE TECHNOLOGY INC - Form DEF 14A

periodically increase a stockholder's proportionate interest in the assets or earnings and profits of the Company, the proposed Reverse Split will have the following federal income tax effects:

1. A stockholder will not recognize taxable gain or loss as a result of the Reverse Split, except to the extent a stockholder receives cash in lieu of fractional shares. Cash payments in lieu of fractional shares

Table of Contents

should be treated as if the fractional shares were issued to the stockholder and then redeemed by the Company for cash. A stockholder receiving such a payment should consult his or her own tax advisor regarding the tax effect of the redemption (i.e. sale treatment or dividend treatment) in light of his or her particular facts and circumstances.

2. In the aggregate, a stockholder's basis in the stockholder's common stock immediately after the Reverse Split will equal the stockholder's basis in the shares of common stock held by the stockholder immediately prior to the Reverse Split (excluding the basis, if any, properly allocated to fractional shares for which the stockholder is entitled to receive cash), and a stockholder's holding period with respect to our common stock after the Reverse Split will include the stockholder's holding period prior to the Reverse Split.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSAL TO AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION TO EFFECT A 1-FOR-2.5 REVERSE SPLIT.

The subsidiaries of the Company (the **Subsidiaries**) consist of Biometrica Systems, Inc., Viisage Technology AG, Trans Digital Technologies Corporation, Imaging Automation, Inc. and VIDS Acquisition Corp. Each Subsidiary is duly organized, validly existing and in good standing under the laws of its jurisdiction of formation and is qualified to do business as a foreign entity in each jurisdiction in which qualification is required, except where failure to so qualify would not have a Material Adverse Effect.

and upon the exercise of options and warrants outstanding on such date. The issued and outstanding shares of the Company's Common Stock have been duly authorized and validly issued, are fully paid and nonassessable, have been issued in compliance with all federal and state securities laws and were not issued in violation of or subject to any preemptive rights or other rights to subscribe for or purchase securities. Except as set forth in *Schedule 2.2* or as contemplated by this Agreement, the Company does not have outstanding any options to purchase, or any preemptive rights or other rights to subscribe for or to purchase, any securities or obligations convertible into, or any contracts or commitments to issue or sell, shares of its capital stock and there are no agreements or commitments obligating the Company to repurchase, redeem, or otherwise acquire capital stock or other securities of the Company. Except as set forth in *Schedule 2.2* or as contemplated by this Agreement, there are no agreements to which the Company is a party or by which it is bound with respect to the voting (including without limitation voting trusts or proxies), registration under the Securities Act, or sale or transfer (including without limitation agreements relating to pre-emptive rights, rights of first refusal, co-sale rights or drag-along rights) of any securities of the Company. With respect to each Subsidiary, (i) the Company owns 100% of the Subsidiary's capital stock, (ii) all the issued and outstanding shares of the Subsidiary's capital stock have been duly authorized and validly issued, are fully paid and nonassessable, have been issued in compliance with applicable federal and state securities laws, and were not issued in violation of or subject to any preemptive rights or other rights to subscribe for or purchase securities, (iii) there are no outstanding options to purchase, or any preemptive rights or other rights to subscribe for or to purchase, any securities or obligations convertible into, or any contracts or commitments to issue or sell, shares of any Subsidiary's capital stock, and (iv) there are no agreements or commitments obligating any Subsidiary of the Company to repurchase, redeem, or otherwise acquire capital stock or other securities of the Company or its Subsidiaries.

2.3 Issuance, Sale and Delivery of the Securities. The Shares, the Warrants and Warrant Shares have been duly authorized and, when issued, delivered and paid for in accordance with the terms hereof, the Warrants, the Shares and the Warrant Shares, respectively, will be duly authorized, validly issued, fully paid and nonassessable. No further approval or authorization of the Board of Directors of the Company will be required for the issuance and sale of the Securities to be sold by the Company as contemplated herein.

2.4 Due Execution, Delivery and Performance of the Transaction Documents. The Company has full legal right, corporate power and authority to enter into this Agreement, the First Warrant, the Second Warrant, the Registration Rights Agreement (as defined in Section 5.1(e) below) and the Lau Technologies Lock-Up Agreement (as defined in Section 5.1(f) below) (all such agreements and documents are collectively referred to herein as the **Transaction Documents**) and perform the transactions contemplated by the Transaction Documents. The Transaction Documents have been duly authorized, executed and delivered by the Company. Subject to the approval of the Company's stockholders, the making and performance of the Transaction Documents by the Company and the consummation of the transactions therein contemplated will not (i) violate any provision of the organizational documents of the Company, (ii) result in the creation of any lien, charge, security interest or encumbrance upon any assets of the Company pursuant to the terms or provisions of, or will not conflict with, result in the breach or violation of, or constitute, either by itself or upon notice or the passage of time or both, a default under any agreement, mortgage, deed of trust, lease, franchise, license, indenture, permit or other instrument to which the Company or any Subsidiary is a party or by which the Company or its properties, or any Subsidiary or such Subsidiary's properties, may be bound or affected, or (iii) violate any statute or any authorization, judgment, decree, order, rule or regulation of any court or any regulatory body, administrative agency or other governmental body applicable to the Company or any Subsidiary or any of their respective properties, in the case of clause (ii) which would, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect. No consent, approval, authorization or other order of any court, regulatory body, administrative agency or other governmental body is required for the execution and delivery of the Transaction Documents or the consummation of the transactions contemplated thereby, other than such as have been made or obtained and except for compliance with the Blue Sky laws and federal securities laws applicable to the offering of the Securities. Upon their execution and delivery, and assuming the valid execution thereof by the Purchaser and the other parties thereto, the Transaction Documents will constitute the valid and binding obligations of the Company, enforceable in accordance with their respective terms, except as

Table of Contents

enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting creditors' and contracting parties' rights generally and except as enforceability may be subject to general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law). For purposes of this Agreement, the term **Material Adverse Effect** shall mean: (a) a material adverse effect on the financial condition, properties, business or results of operations of the Company and the Subsidiaries, taken as a whole, or (b) a material adverse effect on the ability of the Company to perform its material obligations under this Agreement; provided, however, that a Material Adverse Effect shall not include any event, change, effect, development, condition or occurrence arising out of or relating to (i) general economic or political conditions in the United States of America, (ii) conditions generally applicable to the industry in which the Company operates (except, in the case of clauses (i) and (ii) above, if the event, change, effect, development, condition or occurrence disproportionately impacts the business, assets or financial condition of the Company and the Subsidiaries, taken as a whole), and (iii) the public announcement of this Agreement or the consummation of the transactions contemplated hereby. A reduction in market price of the Company's Common Stock on the Nasdaq National Market shall not, in and of itself, constitute a Material Adverse Effect.

2.5 Board Approval. The Board of Directors of the Company has, as of the date of this Agreement, at a meeting duly called and held, duly adopted resolutions to (i) approve the Transaction Documents and the consummation of the transactions contemplated thereby (including the issuance of the Securities), (ii) direct that this Agreement be submitted to a vote of the Company's stockholders, and (iii) recommend that the Company's stockholders approve this Agreement.

2.6 Valid Offering. Assuming the accuracy of the representations and warranties of Purchaser set forth in *Article III*, the offer, sale, and issuance of the Securities will be exempt from the registration requirements of the Securities Act and will have been registered or qualified (or are exempt from registration and qualification) under the registration or qualification requirements of all applicable state securities Laws. Neither the Company nor any Person acting on its behalf will knowingly take any action that would cause the loss of any such exemption.

2.7 No Defaults. The Company is not in violation or default of any provision of its certificate of incorporation or bylaws, or other organizational documents, or, except as to defaults, violations and breaches which, individually or in the aggregate, would not reasonably be expected to be material to the financial condition, properties, business or results of operation of the Company and its Subsidiaries, taken as a whole, in breach of or default with respect to any provision of any agreement, judgment, decree, order, mortgage, deed of trust, lease, franchise, license, indenture, permit or other instrument to which it is a party or by which it or any of its properties are bound; and, except as set forth in Schedule 2.7, there does not exist any state of fact which, with notice or lapse of time or both, would constitute an event of default on the part of the Company as defined in such documents, except such defaults which individually or in the aggregate would not reasonably be expected to be material to the financial condition, properties, business or result of operation of Company and its Subsidiaries, taken as a whole.

2.8 Properties. Each of the Company and its Subsidiaries has good and marketable title to all the properties and assets reflected as owned by it in the consolidated financial statements included in Company's most recently filed Form 10-Q other than those which have been disposed of since the date of such financial statements, free and clear of all liens, mortgages, pledges, charges or encumbrances of any kind except (i) those, if any, reflected in such consolidated financial statements (including the notes thereto), or (ii) those which are not material in amount and do not adversely affect the use made and proposed to be made of such property by the Company. All leased properties of the Company and its Subsidiaries are held under valid and binding leases, with such exceptions as are not materially significant in relation to the business of the Company and its Subsidiaries. The Company or a Subsidiary owns or leases all such properties as are necessary in all material respects to the Company's operations as now conducted.

The Purchaser has consulted such legal, tax and investment advisors as it, in its sole discretion, has deemed necessary or appropriate in connection with its purchase of Securities.

3.5 Access to Information; Due Diligence Complete. The Purchaser acknowledges that it has had a reasonable opportunity to inspect and evaluate the assets, liabilities, business and prospects of the Company and each Subsidiary. The Purchaser has sufficient experience in evaluating and investing in companies similar to the Company and each Subsidiary so that it is capable of evaluating the merits and risks of the transactions contemplated by the Transaction Documents and of protecting its own interests. The Purchaser has requested all information, made all inquiries, made inspection, received responses and done all other things it deems appropriate in evaluating the transactions contemplated by the Transaction Documents.

3.6 Information in Proxy Statement. The information supplied by the Purchaser for inclusion in the Proxy Statement shall not, on the date the Proxy Statement is first mailed to the Company's stockholders, at the time of the Company Stockholders' Meeting and at the Closing, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they are made, not false or misleading. If at any time prior to the Closing, any event or information should be discovered by the Purchaser which should be set forth in a supplement to the Proxy Statement, the Purchaser shall promptly inform the Company of the same. Notwithstanding the foregoing, the Purchaser makes no representation or warranty with respect to any information supplied by the Company which is contained in the Proxy Statement.

3.7 Restrictive Legend. The Purchaser understands that, subject to Section 4.4 (Lock-Up Agreement), until such time as a registration statement covering the Securities has been declared effective or the Securities may be sold pursuant to Rule 144 under the Securities Act without any restriction as to the number of securities as of a particular date that can then be immediately sold, the Securities shall bear a restrictive legend in substantially the following form (and a stop-transfer order may be placed against transfer of the certificates for the Securities):

THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED. THE SECURITIES MAY NOT BE SOLD, TRANSFERRED OR ASSIGNED IN THE ABSENCE OF AN EFFECTIVE REGISTRATION STATEMENT FOR THE SECURITIES UNDER SAID ACT, OR AN OPINION OF COUNSEL, IN FORM, SUBSTANCE AND SCOPE REASONABLY ACCEPTABLE TO THE COMPANY, THAT REGISTRATION IS NOT REQUIRED UNDER SAID ACT OR UNLESS SOLD PURSUANT TO RULE 144 UNDER SAID ACT.

3.8 *Sufficient Funds*. The Purchaser currently has sufficient funds to consummate the purchase of the Shares and such funds will remain available at the Closing.

Table of Contents**ARTICLE IV****COVENANTS***4.1 Board Representation.*

(a) On or prior to the Closing Date, the Board of Directors of the Company shall be expanded by three positions thereby creating three vacancies on the Board. Mr. Robert LaPenta shall be appointed, immediately following the Closing Date, to fill one of these vacancies as a member and Chairman of the Board, serving in a non-executive capacity. If Mr. Robert LaPenta is unable or ceases to serve on the Board for any reason, the Purchaser shall have the right to recommend to the Governance and Nominating Committee for nomination by the Board one new director (to replace Mr. Robert LaPenta as a member of the Board), who need not qualify as an independent director (as that term is defined in Rule 4200 of the National Association of Securities Dealers, Inc. or any comparable regulation to which the Company may be subject from time to time) (**Independent Director**), and who shall be the successor Chairman of the Board if approved by the Board (provided that if such individual is rejected by the Board, the Purchaser shall have the right to recommend up to two more candidates to serve as successor Chairman, subject to Board approval, and provided further that if the Board rejects such two additional candidates, Purchaser will retain the rights set forth below to continue recommending candidates to replace Mr. LaPenta, but not as Chairman of the Board). The Purchaser shall have the right to recommend two additional directors to the Governance and Nominating Committee for nomination by the Board to fill the remaining two vacancies created by the expansion, which directors, upon appointment, must each qualify as an Independent Director for all Committee purposes. If one or more candidates recommended by the Purchaser pursuant to this Section are rejected by the Committee or the Board, the Purchaser shall have an ongoing right to recommend candidates to fill the aforementioned vacancies until three candidates are qualified and accepted and there are no remaining vacancies on the Board. Each director recommended to the Board by the Purchaser is referred to herein as a **Purchaser Designee**. For so long as Purchaser owns, in the aggregate, at least 20% of the outstanding shares of Common Stock of the Company (the **Required Interest**), the Purchaser shall be entitled to nominate three Purchaser Designees to the Company's Board of Directors. In the event that the Purchaser owns an interest in the Company that is less than the Required Interest but equal to or greater than 15% of the outstanding shares of Common Stock of the Company (the **Minimum Interest**), and Purchaser currently has three Purchaser Designees serving on the Board of Directors, then, unless otherwise agreed by a majority of the Board other than the Purchaser Designees, the Purchaser shall cause one of the two Purchaser Designees who are independent directors to resign within ten (10) business days, the Board of Directors shall be reduced by one member and thereafter the Purchaser shall be entitled to nominate two members to the Company's Board of Directors (until such time as the aggregate interest owned by Purchaser shall be less than the Minimum Interest, whereupon Purchaser shall, unless otherwise agreed by a majority of the Board other than the Purchaser Designees, within ten (10) business days cause the remaining two Purchaser Designees to resign and the Purchaser shall have no further rights under this Section 4.1). At least ninety (90) days prior to each annual meeting of stockholders at which Purchaser Designees will stand for election, the Purchaser shall provide written notice to the Company indicating the Purchaser Designees that it will nominate at such annual meeting, and such notice shall set forth as to each person proposed for nomination all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Exchange Act (including such person's written consent to being named in the related proxy statement as a nominee and to serving as a director if elected).

(b) The Company shall use its reasonable best efforts at all times to take such action as is necessary to ensure that the Governance and Nominating Committee of the Board of Directors (or the full Board if there is no such committee) of the Company shall nominate and recommend to the stockholders of the Company that the stockholders of the Company shall elect the Purchaser Designees to the Board of Directors. As a condition precedent to the inclusion of any Purchaser Designee on any slate of nominees to be recommended to stockholders by the Board of Directors pursuant to Section 4.1(a), the Governance and Nominating Committee of the Board (or the full Board if there is no such committee) may review the

information provided pursuant to Section 4.1(a) to evaluate in good faith such Purchaser Designee's character and fitness to serve as a director. If the Governance and Nominating Committee of the Board (or the full Board if there is no such committee) determines in good faith that any such Purchaser Designee lacks the character or fitness to serve as a director based on applicable legal and reasonable commercial standards, the Governance and Nominating Committee of the Board (or the full Board if there is no such committee) shall inform the Purchaser of such determination, and the Purchaser shall then have the right to propose alternative Purchaser Designees in accordance with Section 4.1(a) above reasonably acceptable to the Company. All Purchaser Designees elected to the Board of Directors shall receive, during the period in which they serve, any and all benefits provided to the other non-executive members of the Board of Directors of the Company.

(c) Mr. Robert LaPenta shall have the right to invite representatives of the Purchaser to attend, but not vote, as observers at the open portion of each meeting of the Board of Directors, including telephonic meetings, *provided* that each such representative has executed and delivered to the Company a confidentiality agreement in a form reasonably satisfactory to the Company.

(d) The Board shall establish a new Strategic Committee consisting of the following five (5) directors so long as they remain members of the Board: Mr. Robert LaPenta as Chair of the Committee, Mr. Denis Berube, the Company's Chief Executive Officer serving ex-officio, and two other directors recommended by Mr. Robert LaPenta, only one of whom may be a Purchaser Designee. The Board shall adopt a charter in substantially the form of *Exhibit E* hereto (the **Strategic Committee Charter**), which shall serve as the directive of the Strategic Committee. The Strategic Committee Charter shall not be amended without the approval of the Chair of the Strategic Committee, which approval shall not be unreasonably withheld. The Strategic Committee may, and it is anticipated that the Strategic Committee will, retain consultants and other service providers, including affiliates of the Purchaser, to provide support to the Strategic Committee and to management, on terms and conditions that are approved by a majority of the disinterested members of the Board of Directors.

(e) Subject to availability on reasonable terms and at a reasonable cost, for so long as any Purchaser Designee remains on the Board of Directors, the Company shall maintain directors' and officers' liability insurance with an insurer which maintains a rating of not less than A- by Fitch or A.M. Best with at least the current level of coverage and, in addition, shall consult in good faith with Purchaser with respect to (i) the renewal of existing policies and (ii) side A excess terms and conditions coverage in an amount reasonably satisfactory to Purchaser.

(f) Mr. Robert LaPenta and each Purchaser Designee shall be required to comply with the same policies and restrictions as each of the other members of the Board including but not limited to the Company's Governance Policy, Insider Trading Policy and Code of Ethics and Standards of Conduct.

(g) Notwithstanding anything herein to the contrary, the responsibility and authority of the Board shall not be altered as a result of the transactions contemplated by this Agreement and the Board shall continue to act in accordance with the Company's certificate of incorporation, bylaws, the Company's Governance Policy and the various committee charters. The current Board members shall remain in office, though it is anticipated that the size of the Board may be reduced to ten through attrition, as determined by the Board. The current Chairman of the Board, Mr. Denis K. Berube, shall remain a director and, in accordance with Section 4.1(d) above, shall be appointed as a member of the Strategic Committee. The current Chief Executive Officer, Mr. Bernard C. Bailey, shall continue in such capacity subject to the terms and conditions of any employment agreement he may have with the Company, shall remain a director and shall serve as an ex-officio member of the Strategic Committee.

(h) It is understood and agreed that the Company's Board of Directors is subject to fiduciary duties under applicable law, and that the Company's stockholders have rights with respect to the composition of the Board of Directors under applicable law and the Company's organizational documents. Accordingly, for purposes of this Section 4.1, all obligations of the Company under paragraphs (a), (b) and (d) hereof shall be deemed to be to use reasonable best efforts to cause the intended action to be taken, recognizing that the

Company cannot guaranty what action its Board of Directors or stockholders may take in the future. In the event that the Board of Directors of the Company shall not cause any action to be taken under paragraphs (a), (b) and (d) hereof, the Purchaser shall be entitled to the following remedies:

(i) A full acceleration of the vesting of the Warrants so as to make the Warrants immediately exercisable; and

(ii) Upon each failure to comply with the provisions of paragraphs (a), (b) and (d) hereof, to appoint an additional director to the Board of Directors of the Company. Such director shall resign immediately after the default is cured to the Purchaser's reasonable satisfaction.

4.2 Efforts. The Company and Purchaser will use their reasonable best efforts to cause the conditions specified in Article V hereof to be satisfied as soon as practicable. At and from time to time after the Closing, at the request of any party hereto, the other party shall execute and deliver such additional certificates, instruments, and other documents and take such other actions as such party may reasonably request in order to carry out the purposes of this Agreement.

4.3 Lock-Up Agreement. Except in connection with a Change of Control (as defined below), the Purchaser shall not, without prior written approval of the Company, directly or indirectly, sell, offer or agree to sell, contract to sell, grant any option for the sale of, make any short sale, pledge, or enter into any hedging transaction that could result in a transfer of, or otherwise dispose of (1) the Shares, (2) the Warrants or (3) the shares of Common Stock issuable upon exercise of the Warrants, in each case, for a period commencing as of the Closing and ending on the first anniversary of the Closing. For purposes of this Agreement, a **Change of Control** shall mean (x) the consummation of any of the following transactions: (i) the sale, lease, exchange, conveyance or other disposition of all or substantially all of the Company's property or business, (ii) the merger of the Company into or its consolidation with any other entity in which the Company is not the surviving entity (other than a wholly-owned subsidiary of the Company) or (iii) any transaction (including a merger or other reorganization) or series of related transactions, in which more than 50% of the voting power of the Company is disposed of; or (y) individuals who, immediately after giving effect to the Closing, constitute the Board (the **Incumbent Directors**) cease for any reason to constitute at least a majority of the Board, provided that any person becoming a director subsequent to such date, whose election or nomination for election was approved by a vote of at least a majority of the Incumbent Directors then on the Board (either by a specific vote or by approval of the proxy statement of the Company in which such person is named as a nominee for director) shall be an Incumbent Director.

4.4 Conduct of the Business.

(a) Between the date hereof and the Closing Date, the Company will, and will cause its Subsidiaries to, (i) conduct the business of the Company and its Subsidiaries only in the ordinary course of business consistent with past practice in all material respects, (ii) maintain in good repair all of the material assets and properties of the Company and its Subsidiaries consistent with past practices, and (iii) preserve intact in all material respects the current business operations of the Company and its Subsidiaries, keep available the services of the officers and employees of the Company and its Subsidiaries, and preserve the Company's and each of its Subsidiary's relationships with customers, suppliers, licensors, and others having business relationships with the Company or any of its Subsidiaries, consistent with past practices.

(b) Without limiting the generality of *Section 4.5(a)*, and except as otherwise expressly provided in this Agreement, neither the Company nor any of its Subsidiaries will, without the prior written consent of Purchaser:

(iii) (A) split, combine, or reclassify any shares of its capital stock; (B) declare, set aside, or pay any dividend or make any other distribution or payment (whether in cash, stock, or property or any combination thereof) in respect of its capital stock; (C) make any other actual, constructive, or deemed distribution in respect of any shares of its capital stock or otherwise make any payments to stockholders in their capacity as such; or (D) redeem, repurchase, or otherwise acquire any securities of the Company or any of its Subsidiaries;

(iv) fail to comply in any material respect with any material Law;

(v) adopt or become obligated to contribute to (i) any employee benefit plan (as defined in Section 3(3) of ERISA) subject to Title IV of ERISA, (ii) a multiemployer plan (as defined in Section 3(37) of ERISA), or (iii) any welfare benefit plan (as defined in Section 3(1) of ERISA) providing for Retiree Benefits;

(vi) intentionally take any action, or knowingly omit to take any action, that would or would reasonably be expected to result in (i) any representation or warranty of the Company set forth in *Article II* becoming untrue or (ii) any of the conditions to the obligations of Purchaser set forth in *Section 5.2* not being fully satisfied; or

(vii) agree or commit to agree (in writing or otherwise) to do any of the foregoing.

4.5 Preparation of Proxy Statement; Stockholders Meeting.

(a) As promptly as practicable following the date of this Agreement, the Company shall prepare and file with the SEC a Proxy Statement. The Company shall use reasonable best efforts to have the Proxy Statement cleared by the SEC and its staff under the Exchange Act, as promptly as practicable after such filing. The Company shall cause the Proxy Statement to be mailed to holders of Company Common Stock as promptly as practicable after Proxy Statement is cleared by the SEC. Without limiting any other provision herein, the Proxy Statement will contain such information and disclosure so that the Proxy Statement conforms in form and substance to the requirements of the Exchange Act.

(b) The Company shall promptly notify Purchaser of the receipt of any comments from the SEC or its staff and of any request by the SEC or its staff for amendments or supplements to the Proxy Statement or for additional information and shall supply the Purchaser with copies of all correspondence between the Company or any of its representatives and the SEC or its staff. The Company and the Purchaser shall cooperate with each other and provide to each other all information necessary in order to prepare the Proxy Statement as expeditiously as practicable.

(c) If at any time prior to the stockholders vote there shall occur any event with respect to the Company or any of Company Subsidiaries, or with respect to other information supplied by Company for inclusion in the Proxy Statement, which event is required to be described in an amendment of or a supplement the Proxy Statement, such event shall be so described, and such amendment or supplement shall be promptly filed with the SEC and, as required by Law, disseminated to the stockholders of the Company.

(d) The Company shall, as soon as practicable following the date hereof, duly call, give notice of, convene and hold a meeting of its stockholders (the **Company Stockholders Meeting**) for the purpose of seeking the Requisite Stockholder Vote. The Company shall, through the Board of Directors, recommend to its stockholders that they give the Requisite Stockholder Vote, except to the extent that the Board of Directors shall have withdrawn or modified its recommendation of this Agreement.

4.6 *Non-Competition*. Until the earlier of the termination of this Agreement in accordance with Article VI or the Closing Date, the Purchaser will not make any equity investment in any entity in the identification solutions

or biometrics markets without the Company's prior written consent, other than potential investments that have been identified by the Purchaser to the Company in writing prior to the date of this Agreement.

4.7 No Shop Agreement. Until the earlier of the termination of this Agreement in accordance with Article VI or the Closing Date, the Company will not, and will not cause nor permit any of its Subsidiaries or affiliates or any of its or their directors, officers, employees, agents or representatives to, (a) negotiate, authorize, recommend, enter into or propose to enter into, with any person other than the Purchaser or persons designated by the Purchaser, any transaction involving (directly or indirectly) an issuance, sale or acquisition of 5% or more of any class or series of securities of the Company or any of its Subsidiaries, a sale or lease of material assets by the Company or any of its Subsidiaries (other than in the ordinary course of the Company's business consistent with past custom and practice), or any merger, recapitalization, business combination, strategic alliance, joint venture or similar transaction involving the Company or any of its Subsidiaries (a **Competing Transaction**), (b) continue to engage in any pending discussions or negotiations with any third party concerning any previously proposed Competing Transaction, (c) encourage, solicit or initiate discussions, negotiations or submissions of proposals, indications of interest or offers in respect of a Competing Transaction, or (d) furnish or cause to be furnished to any person any information in furtherance of a Competing Transaction. Notwithstanding the foregoing, nothing contained in this Agreement shall prevent the Company or the Company's Board of Directors between the date of this Agreement and prior to the date of the meeting of the Company's stockholders at which they will vote on the transactions contemplated by this Agreement from (A) providing information in response to a request therefor by a Person who has made an unsolicited bona fide written Acquisition Proposal (as defined below); (B) engaging in any negotiations or discussions with any person who has made an unsolicited bona fide written Acquisition Proposal; or (C) recommending such an Acquisition Proposal to the stockholders of the Company, if and only to the extent that, (i) in each such case referred to in clause (A), (B) or (C) above, the Company's Board of Directors determines in good faith (after consultation with outside legal counsel) and by a majority vote of the Board that such action would be required in order for the directors to comply with their respective fiduciary duties under applicable law, (ii) in each such case referred to in clause (A) or (B) above, the Company's Board of Directors also determines in good faith that such Acquisition Proposal, if accepted, is reasonably likely to lead to a Superior Proposal (as defined below), and (iii) in the case referred to in clause (C) above, (w) the Company's Board of Directors also determines in good faith and by a majority of the Board that such Acquisition Proposal is a Superior Proposal, (x) the Company's Board of Directors has given the Purchaser two (2) business days' prior written notice of its intention to recommend such Acquisition Proposal to the stockholders of the Company, (y) the Company's Board of Directors has considered any changes to this Agreement (if any) proposed by the Purchaser, and (z) the Company's Board of Directors has determined in good faith and by a majority vote of the Board, after consultation with the Company's outside legal counsel, that such unsolicited proposal remains a Superior Proposal even after the changes proposed by the Purchaser. Nothing contained in this Agreement shall prevent the Company or the Company's Board of Directors from complying with its disclosure obligations under Rule 14d-9 or 14e-2 promulgated under the Exchange Act with regard to an Acquisition Proposal. If the Company receives any inquiry, proposal, indication of interest or offer with respect to a Competing Transaction, the Company will promptly notify the Purchaser of the same and the terms thereof in writing.

For purposes of this Agreement, an **Acquisition Proposal** shall mean (1) a bona fide proposal by any person (other than the Purchaser) to the Company or its stockholders to engage in any Competing Transaction, (2) a public statement by any person (other than the Purchaser) to the Company or its stockholders of such person's intention to make a proposal to engage in a Competing Transaction or (3) the filing by any person (other than the Purchaser) of an application or notice with any governmental authority to engage in a Competing Transaction. A **Superior Proposal** shall be a bona fide Acquisition Proposal that is reasonably likely to be consummated, taking into account all legal, financial and regulatory aspects of the proposal (including any break-up fees, expense reimbursement provisions and conditions to consummation) and the Person making the proposal and, if consummated, is reasonably likely to result in a transaction more favorable to the Company's stockholders from a financial point of view than the transactions contemplated hereby.

4.8 *Standstill*. Until the earliest of (i) the termination of this Agreement in accordance with *Article VI*, (ii) the Closing Date or (iii) a third party publicly making an Acquisition Proposal, the Purchaser will not, and will not cause nor permit any of its subsidiaries or affiliates or any of its or their directors, officers, employees, agents or representatives, directly or indirectly, without the prior written consent of the Company, to (a) acquire, agree to acquire or make any proposal to acquire, directly or indirectly, any voting securities of the Company (other than pursuant to this Agreement) or substantially all of the assets of the Company, (b) propose to enter into, directly or indirectly, any merger, consolidation, recapitalization, business combination or other similar transaction involving the Company, (c) make, or in any way participate in any solicitation of proxies (as such terms are used in the proxy rules of the SEC) to vote, or seek to advise or influence any person with respect to the voting of any voting securities of the Company, (d) form, join or in any way participate in a group (within the meaning of Section 13(d)(3) of the Exchange Act) with respect to any voting securities of the Company, (e) otherwise act, alone or in concert with others, to seek to control the Board of Directors of the Company, (f) publicly disclose any intention, plan or arrangement inconsistent with the foregoing, or (g) knowingly advise, assist or encourage any other persons in connection with any of the foregoing.

4.9 *Injunctive Relief*. Each party acknowledges that any breach or threatened breach of the provisions of Sections 4.1, 4.5(d), 4.6, 4.7, 4.8 or 4.16 of this Agreement will cause irreparable injury to the other party for which an adequate monetary remedy does not exist. Accordingly, in the event of any such breach or threatened breach, the non-breaching party shall be entitled, in addition to the exercise of other remedies, to seek and (subject to court approval) obtain injunctive relief, without necessity of posting a bond, restraining the breaching party from committing such breach or threatened breach. The right provided under this Section 4.10 shall be in addition to, and not in lieu of, any other rights and remedies available to the parties.

4.10 *Access to Information*. The Purchaser shall have the following management rights as long as it continues to beneficially own the Shares or the Warrants: (a) to receive the same information as is provided to members of the Board and the board of directors of its majority-owned subsidiaries; and (b) to access any other Company information as approved by the Board, subject to the Company's insider policies and applicable regulatory requirements. Further, Purchaser will be permitted to consult on a regular basis with Company management with respect to the business and affairs of the Company and the Subsidiaries and, if requested by Purchaser, exercise other management rights as are necessary to qualify the securities of the Company owned by Purchaser as a venture capital investment within the plan asset regulations under ERISA (Department of Labor Regulation 2510.3-101).

4.11 *Conflicts of Interest*. The Purchaser and the Company recognize that Mr. Robert LaPenta shall have, as a director, fiduciary responsibilities, duties and obligations to the Company and its stockholders. The Purchaser and the Company also recognize that Mr. Robert LaPenta has fiduciary responsibilities, duties and obligations to the Purchaser and its affiliates (including its general and limited partners). To the extent that a conflict arises regarding potential investment opportunities, the Purchaser's portfolio, companies or affiliates, or otherwise, then the Purchaser shall bring the potential conflict and a proposed resolution to the attention of the Company's Board of Directors and the applicable advisory board representing the interests of the Purchaser and its affiliates. If it is determined that a conflict exists, the independent members of the respective boards shall decide on a resolution which could include Mr. Robert LaPenta recusing himself from any active involvement (other than as passive investor) on behalf of Company or the Purchaser or its affiliates in the matter giving rise to the conflict (the **Conflict Policy**). Provided that all the material facts relating to the conflict are disclosed by Mr. LaPenta to the Board and Mr. LaPenta adheres to the resolution of the conflict that is approved by the majority of the disinterested members of the Board, Mr. LaPenta will be presumed, with respect to such conflict, to (i) have satisfied and fulfilled the fiduciary duty of a director and stockholder, (ii) have acted in good faith and in a manner that Mr. LaPenta reasonably believes to be in or not opposed to the best interest of the Company and (iii) not have breached his duty of loyalty to the Company or derived an improper benefit therefrom. This provision shall not relieve the Board of its fiduciary obligations to the Company and its shareholders including, without limitation, its obligations under Section 145(d) of the Delaware General Corporation Law.

4.12 *Covenants.*

(a) Each party hereto shall take all commercially reasonable steps necessary or desirable, and proceed diligently and in good faith and shall use its reasonable best efforts to obtain, as promptly as practicable, (i) all authorizations, consents, orders and approvals of all Governmental Entities that may be or become necessary for such party's execution and delivery of, and the performance of its obligations pursuant to, this Agreement and the other Transaction Documents, including without limitation under the HSR Act, and (ii) all approvals and consents required under all Contracts to which the Company or any of its Subsidiaries is a party to consummate the transactions contemplated hereby. Each party will cooperate fully (including, without limitation, by providing all information the other party reasonably requests) with the other parties in promptly seeking to obtain all such authorizations, consents, orders and approvals. All filing fees required to be paid in connection with any filing under the HSR Act shall be paid by the Company.

(b) Each party hereto shall promptly inform the other party of any communication from any Governmental Entity regarding any of the transactions contemplated by this Agreement. If any party or affiliate thereof receives a request for additional information or documentary material from any such Governmental Entity in respect of the transactions contemplated hereby, then such party will endeavor in good faith to make, or cause to be made, as soon as reasonably practicable and after consultation with the other party, an appropriate response in compliance with such request.

4.13 *Pre-Closing Information Rights.* Until the earlier of the termination of this Agreement pursuant to Article VI or the Closing Date, the Company will permit the authorized representatives of the Purchaser full and free access, at all times during regular working hours, and upon reasonable advance notice, to any of the properties of the Company, including its books and records, and to discuss its affairs, finances and accounts with the Company's officers, agents and representative.

4.14 *Public Announcements.* The Company and Purchaser will consult with each other and will mutually agree (the agreement of each party not to be unreasonably withheld) upon the content and timing of any press release or other public statement in respect of the transactions contemplated hereby and shall not issue any such press release or make any such public statement prior to such consultation and agreement, except as may be required by applicable law.

4.15 *Termination of Purchaser's Rights.* The Purchaser's rights and the Company's obligations under Section 4.1 shall terminate in the event that the Purchaser does not own at least the Minimum Interest.

4.16 *Right of First Refusal for New Securities.*

(a) The Company hereby grants to the Purchaser a right of first refusal to purchase shares of any New Securities (as defined below) which Company may, from time to time, propose to sell and issue. Such right of first refusal shall allow Purchaser to purchase a pro rata portion of the New Securities proposed to be issued, determined with reference to the aggregate number of outstanding shares of Common Stock held by the Purchaser or its permitted transferees before the proposed issuance of New Securities. The right of first refusal granted hereunder shall terminate if unexercised within 15 Business Days after receipt of the notice described in Section 4.16(b) below. **New Securities** shall mean any authorized but unissued shares, and any treasury shares, of capital stock of Company and all rights, options or warrants to purchase capital stock, and securities of any type whatsoever that are, or may become, convertible into capital stock; *provided, however*, that the term **New Securities** does not include securities issued (i) to employees, directors, consultants and other service providers for the primary purpose of soliciting or retaining their services; (ii) pursuant to an underwritten public offering; (iii) pursuant to the conversion or exercise of convertible or exercisable securities outstanding on the date hereof; (iv) as consideration in connection with a bona fide business acquisition by the Company; (v) to an entity as a

arrangements involving corporate partners that are primarily for purposes other than raising capital; or (vi) to financial institutions or lessors in connection with commercial credit arrangements, equipment financing or similar transactions; provided, that in the case of the foregoing clauses (i), (iv), (v) and (vi), such arrangements shall have been approved by a majority of the Board of Directors of the Company. Prior to commencing any underwritten public offering of securities, the Company shall consult with Purchaser to determine whether Purchaser desires to participate in such capital raising transaction.

(b) If the Company proposes to issue New Securities, it shall give the Purchaser written notice thereof, describing the New Securities, the number thereof to be issued, the purchase price therefor and the terms upon which Company proposes to issue the same. The Purchaser shall have 15 Business Days from the date such notice is given to determine whether to purchase all or any portion of the Purchaser's pro rata share of such New Securities for the purchase price and upon the terms specified in the notice by giving written notice to the Company and stating therein the number of New Securities to be purchased.

(c) If the Purchaser has not elected to purchase all of the New Securities proposed to be issued (within the time period for notifying the Company set forth above), then the Company shall have 90 calendar days in which to complete the proposed issuance of the portion of the New Securities not purchased by the Purchaser at a price not less than that contained in the notice previously given to the Purchaser and on terms and conditions not more favorable to the third party than those contained in such notice. If, at the end of such 90-calendar day period, the Company has not completed such issuance of New Securities, the Company shall no longer be permitted to issue such New Securities pursuant to this Section 4.16 without again fully complying with all of the provisions of this Section 4.16.

ARTICLE V

CONDITIONS TO CLOSING

5.1 The Company's obligation to complete the purchase and sale of the Securities and deliver such stock certificates and Warrants to the Purchaser at the Closing shall be subject to the following conditions, any one or more of which may be waived by the Company (to the extent legally permissible):

(a) *Payment of Purchase Price.* The Company shall have received same-day funds in the full amount of the purchase price for the Securities being purchased hereunder;

(b) *Representations and Warranties True.* The representations and warranties made by the Purchaser shall be true and correct in all material respects as of the Closing, except to the extent such representations and warranties expressly related to any earlier date, in which case such representations and warranties shall be true and correct in all material respects on and as of such earlier date or for changes contemplated by this Agreement;

ARTICLE VII

INDEMNIFICATION

7.1 *Survival*. The representations, warranties, covenants and agreements contained herein shall survive the Closing and any investigation or finding made by or on behalf of the Purchaser or the Company. No action for a breach of the representations and warranties contained herein shall be brought more than 18 months following the Closing Date, except for claims of which Company has been notified with reasonable specificity by the Purchaser, or claims of which the Purchaser has been notified with reasonable specificity by the Company, within such 18-month period.

7.2 *Limits on Claims*. The parties' indemnification obligations under this Agreement shall be subject to the following:

(a) Neither party shall have any obligation to indemnify or hold harmless the other party unless, and only to the extent that, the aggregate amount of Losses incurred by the such other party exceeds \$1,000,000;

(b) Neither party shall have any obligation to make indemnification payments hereunder that exceed in the aggregate \$15,000,000;

(c) Neither party shall have any obligation to indemnify the other party for consequential damages, punitive or exemplary damages, special damages, lost profits, unrealized expectations or other similar items, nor shall any damages be calculated using a multiplier or any other similar method having a similar effect.

In determining the foregoing thresholds and in otherwise determining the amount of any Losses for which a party is entitled to assert a claim for indemnification hereunder, the amount of any such Losses shall be determined (i) disregarding any materiality, Material Adverse Effect or similar qualifiers contained in this Agreement or any other Transaction Document or in any other certificate or document delivered pursuant to this Agreement, (ii) after deducting therefrom the amount of any insurance proceeds (after giving effect to any applicable deductible or retention), and other third party recoveries actually received by such party in respect of such Losses (which proceeds and recoveries each party agrees to use commercially reasonable efforts to obtain), and (iii) net of the amount of any tax benefit (reduced by the amount of taxes paid or

payable by the indemnified party which are attributable to the receipt of the indemnification payment, insurance proceeds or third party recoveries) actually realized related thereto. If an indemnification payment is received by a party, and such party later receives insurance proceeds, other third party recoveries, or actually received any tax benefits, in respect of the related Losses, such party shall immediately pay to the indemnifying party a sum equal to the lesser of (y) the actual amount of such insurance proceeds, or other third party recoveries, and tax benefits (reduced by the amount of taxes paid or payable by the indemnified party which are attributable to the receipt of the indemnification payment, insurance proceeds or third party recoveries) or (z) the actual amount of the indemnification payment previously paid by the indemnifying party with respect to such Losses.

7.3 Indemnification by the Company. From and after the Closing Date, subject to any applicable limitations set forth in Section 7.1 and Section 7.2, the Company shall indemnify and hold the Purchaser and its affiliates,

Table of Contents

and their respective officers, directors, stockholders, partners, managers, members, employees, agents, and representatives (the **Purchaser Indemnified Parties**) harmless from and against all claims, liabilities, obligations, costs, damages, losses and expenses (including reasonable attorneys fees) of any nature (each a **Loss** and collectively, **Losses**) arising out of or relating to any breach or violation of the representations, warranties, covenants or agreements of the Company set forth in this Agreement or any other Transaction Document or in any other certificate or document delivered by the Company pursuant to this Agreement (in each case disregarding for this purpose any materiality, Material Adverse Effect or similar qualifiers contained herein or therein).

7.4 Indemnification by the Purchaser. From and after the Closing Date, subject to any applicable limitations set forth in Section 7.1 and Section 7.2, the Purchaser shall indemnify and hold the Company and its affiliates, and their respective officers, directors, stockholders, partners, managers, members, employees, agents, and representatives (the **Company Indemnified Parties**) harmless from and against all Losses arising out of or relating to any breach or violation of the representations, warranties, covenants or agreements of the Purchaser set forth in this Agreement or any other Transaction Document or in any other certificate or document delivered by the Purchaser pursuant to this Agreement (in each case disregarding for this purpose any materiality, material adverse effect or similar qualifiers contained herein or therein).

7.5 Procedure for Indemnification. Any party making a claim for indemnification hereunder shall promptly notify the indemnifying party of the claim in writing, describing the claim in reasonable detail, the amount thereof, and the basis therefor; *provided*, however, that the failure to provide prompt notice shall not relieve the indemnifying party of its indemnification obligations hereunder, except to the extent that the indemnifying party is actually prejudiced by the failure to give such prompt notice. The party from whom indemnification is sought shall respond to each such claim within thirty (30) days of receipt of such notice. No action shall be taken pursuant to the provisions of this Agreement or otherwise by the party seeking indemnification until the later of (i) the expiration of the 30-day response period (unless reasonably necessary to protect the rights of the party seeking indemnification), or (ii) 30 days following the termination of the 30-day response period if a response, received within such 30-day period by the party seeking indemnification, requests an opportunity to cure the matter giving rise to indemnification (and, in such event, the amount of such claim for indemnification shall be reduced to the extent so cured).

7.6 Remedies Exclusive. Subject to Sections 4.1(h) and 4.9 hereof, the remedies provided in this Article VII shall be the exclusive remedies of the parties hereto after the Closing in connection with the transactions contemplated by this Agreement, including without limitation any breach or non-performance of any representation, warranty, covenant or agreement contained herein or in any other Transaction Document or in any other certificate or document delivered pursuant to this Agreement. Subject to Sections 4.1(h) and 4.9 hereof, no party may commence any suit, action or proceeding against any other party hereto with respect to the subject matter of this Agreement, whether in contract, tort or otherwise, except to enforce such party's express rights under this Article VII.

7.7 Right of Set-Off. If the indemnifying party has not satisfied in cash any indemnification obligation owed by them hereunder, the party seeking indemnification may, at its discretion, satisfy the unpaid portion of such obligation by, to the extent permitted by law, setting-off against any amounts due and owing from the party seeking indemnification to the indemnifying party.

7.8 No Double Recovery. Notwithstanding the fact that any party may have the right to assert claims for indemnification under or in respect of more than one provision of this Agreement or another agreement entered into in connection herewith in respect of any fact, event, condition or circumstance, no party shall be entitled to recover the amount of any Losses suffered by such party more than once under all such agreements in respect of such fact, event, condition or circumstance.

COMMON STOCK PURCHASE WARRANT

3,200,000 SHARES

Warrant No. []

Dated: [CLOSING DATE]

1. *Number of Shares Subject to Warrant.* FOR VALUE RECEIVED, subject to the terms and conditions herein set forth, L-1 Investment Partners LLC (the **Holder**) is entitled to purchase from Viisage Technology, Inc., a Delaware corporation (the **Company**), up to Three Million Two Hundred Thousand (3,200,000) shares (the **Warrant Shares**) of the Company's common stock, par value \$0.001 per share (the **Common Stock**), at a price per share equal to Five Dollars and Fifty Cents (\$5.50) per share (the **Warrant Price**), upon exercise of this Common Stock Purchase Warrant (the **Warrant**) pursuant to the provisions set forth herein.

This Warrant is issued pursuant to that certain Investment Agreement dated as of October 5, 2005 between the Company and the Holder (the **Investment Agreement**). The Holder is subject to certain restrictions and entitled to certain rights as set forth in the Investment Agreement and that certain Registration Rights Agreement of even date herewith by and among the Company and the Holder (the **Registration Rights Agreement**).

2. *Exercisability.*

(a) Subject to Sections 2(b), 4, 7 and 8, this Warrant shall be exercisable for that number of Warrant Shares determined by multiplying (i) the aggregate number of Warrant Shares issuable hereunder by (ii) a fraction, the numerator of which is the Cumulative Transaction Value (as defined below) and the denominator of which is \$125 million. For purposes of this Warrant, the **Cumulative Transaction Value** as of any given date shall mean the aggregate Consideration (as defined below) paid to acquisition targets in Qualified Transactions (as defined below) as of such date. The **Consideration** paid in a Qualified Transaction shall be the total fair market value (on the date of payment) of all consideration paid by the Company to an acquisition target or its security holders in connection with a Qualified Transaction, *plus* the principal amount of any long-term indebtedness for borrowed money of such acquisition target assumed by the Company. The fair market value of any securities (whether debt or equity) or other property paid to an acquisition target shall be determined under the merger or other acquisition agreement between the Company and the acquisition target, or if not provided for therein, shall be as follows: (i) the value of securities that are freely tradable in an established public market will be determined on the basis of the average closing market prices on the twenty trading days prior to

Edgar Filing: VIISAGE TECHNOLOGY INC - Form DEF 14A

the public announcement of the Qualified Transaction; and (ii) the value of securities that are not freely tradable or have no established public market, and the value of consideration that consists of other property, shall be the fair market value as determined in good faith by the Board of Directors of the Company. A **Qualified Transaction** shall be of the following: (i) a sale, lease, license, exchange, conveyance or other disposition of all or substantially all of an

acquisition target's property or business to the Company, it being understood that for purposes of this clause (i), an acquisition target may be a division or line of business of any entity (ii) a merger of an acquisition target into, or its consolidation with, the Company such that the Company is the surviving entity or (iii) any transaction (including a merger or other reorganization) or series of related transactions, in which the Company acquires more than 50% of the voting power of an acquisition target.

(b) Notwithstanding anything herein to the contrary, immediately prior to a Change of Control, this Warrant shall become fully exercisable with respect to all the Warrant Shares. For purposes of this Warrant, a **Change of Control** shall mean the consummation of any of the following transactions: (i) the sale, lease, exchange, conveyance or other disposition of all or substantially all of the property or business of the Company, (ii) the merger of the Company into or its consolidation with any other entity in which the Company is not the surviving entity (other than a wholly-owned subsidiary of the Company) or (iii) any transaction (including a merger or other reorganization) or series of related transactions, in which more than 50% of the voting power of the Company is disposed of or (iv) individuals who, immediately after giving effect to the Closing, constitute the Board (the **Incumbent Directors**) cease for any reason to constitute at least a majority of the Board, *provided* that any person becoming a director subsequent to such date, whose election or nomination for election was approved by a vote of at least a majority of the Incumbent Directors then on the Board (either by specific vote or by approval of the proxy statement of the Company in which such person is named as a nominee for director) shall be an Incumbent Director.

3. *Adjustment of Exercise Price and Number of Shares.* The number of shares of Common Stock issuable upon exercise of this Warrant (or any shares of stock or other securities or property at the time receivable or issuable upon exercise of this Warrant) and the Warrant Price therefor are subject to adjustment upon the occurrence of the following events:

(a) *Adjustment for Subdivisions, Stock Dividends and Combinations.* In case the Company shall at any time subdivide the outstanding shares of the Common Stock or shall issue a stock dividend with respect to the Common Stock, the Warrant Price in effect immediately prior to such subdivision or the issuance of such dividend shall be proportionately decreased, and the number of Warrant Shares for which this Warrant may be exercised immediately prior to such subdivision or the issuance of such dividend shall be proportionately increased. In case the Company shall at any time combine the outstanding shares of the Common Stock, the Warrant Price in effect immediately prior to such combination shall be proportionately increased, and the number of Warrant Shares for which this Warrant may be exercised immediately prior to such combination shall be proportionately decreased. In each of the foregoing cases, the adjustment shall be effective at the close of business on the date of such subdivision, dividend or combination, as the case may be.

(b) *Reclassifications, Exchanges, Substitutions, In-Kind Distributions.* Upon any reclassification, exchange, substitution or other event that results in a change of the number and/or class of the securities issuable upon exercise or conversion of this Warrant or upon the payment of a dividend in securities or property other than shares of Common Stock, the Holder shall be entitled to receive, upon exercise of this Warrant, the number and kind of securities and property that Holder would have received if this Warrant had been exercised immediately before the record date for such reclassification, exchange, substitution, or other event or immediately prior to the record date for such dividend. The Company or its successor shall promptly issue to Holder a new warrant for such new securities or other property. The new warrant shall provide for adjustments which shall be as nearly equivalent as may be practicable to the adjustments provided for in this Section 3 including, without limitation, adjustments to the Warrant Price and to the number of securities or property issuable upon exercise or conversion of the new warrant. The provisions of this Section 3(b) shall similarly apply to successive reclassifications, exchanges, substitutions, or other events and successive dividends.

(c) *Certificate of Adjustment.* In each case of an adjustment or readjustment of the Warrant Price, the Company, at its own expense, shall cause its Chief Financial Officer to compute such adjustment or readjustment in accordance with the provisions hereof and prepare a certificate showing such adjustment or

readjustment, and shall mail such certificate, by first class mail, postage prepaid, to the Holder. The certificate shall set forth such adjustment or readjustment, showing in detail the facts upon which such adjustment or readjustment is based. No adjustment of the Warrant Price shall be required to be made unless it would result in an increase or decrease of at least one cent, but any adjustments not made because of this sentence shall be carried forward and taken into account in any subsequent adjustment otherwise required hereunder.

(d) *Fractional Shares.* No fractional shares shall be issuable upon exercise or conversion of the Warrant and the number of shares to be issued shall be rounded down to the nearest whole share. If a fractional share interest arises upon any exercise or conversion of the Warrant, the Company shall eliminate such fractional share interest by paying the Holder an amount computed by multiplying the fractional interest by the fair market value of a full share.

4. *Termination.* This Warrant shall terminate and no longer be exercisable at 5:00 p.m., Boston time, on [THREE-YEAR ANNIVERSARY OF CLOSING DATE].

5. *No Shareholder Rights.* This Warrant, by itself, as distinguished from any Warrant Shares purchased hereunder, shall not entitle the Holder to any of the rights of a shareholder of the Company.

6. *Reservation of Stock.* The Company will reserve from its authorized and unissued Common Stock a sufficient number of shares to provide for the issuance of the Warrant Shares upon the exercise or conversion of this Warrant. Issuance of this Warrant shall constitute full authority to the Company's officers who are charged with the duty of executing stock certificates to execute and issue the necessary certificates for the Warrant Shares issuable upon the exercise or conversion of this Warrant.

7. *Exercise of Warrant.* Subject to Sections 2, 4, and 8, this Warrant may be exercised in whole or in part by the Holder, at any time from and after the date hereof and prior to the termination of this Warrant, by the surrender of this Warrant at the principal office of the Company, together with the Notice of Exercise (attached hereto as Attachment 1) and, in the event the Warrant or the Warrant Shares shall not be registered under the Securities Act of 1933, as amended (the **Securities Act**), the Investment Representation Letter (attached hereto as Attachment 2), each duly completed and executed, specifying that portion of the Warrant that is to be exercised and accompanied by payment in full of the Warrant Price by wire transfer or certified check with respect to the Warrant Shares being purchased. This Warrant shall be deemed to have been exercised immediately prior to the close of business on the date of its surrender for exercise as provided above, and the person entitled to receive the Warrant Shares issuable upon such exercise shall be treated for all purposes as the holder of such shares of record as of the close of business on such date. As promptly as practicable after such date, the Company shall issue and deliver to the person or persons entitled to receive the same a certificate or certificates for the number of full Warrant Shares issuable upon such exercise.

8. *Change of Control Transactions.* Prior to a Change of Control, the Company shall send a written notice of the same to the Holder. The Holder shall have twenty (20) days from the date of such notice to exercise this Warrant in accordance with Section 7. If within such twenty (20) day period any portion of this Warrant shall not have been exercised, then, upon the consummation of the Change of Control, the unexercised portion of the Warrant shall be deemed forfeited.

9. *Charges, Taxes and Expenses.* The Company shall cause the issuance and delivery of certificates for the Warrant Shares to the Holder without charge for any issue or transfer tax, withholding tax, transfer agent fee or other incidental tax or expense in respect of the issuance of such certificates, all of which taxes and expenses shall be paid by the Company; provided, however, that the Company shall not be required to pay any tax which may be payable in respect of any transfer involved in the registration of any certificates for Warrant Shares or Warrants in a name other than that of the Holder. The Holder shall be responsible for all other tax liability that may arise as a result of holding or transferring this

Warrant or receiving Warrant Shares upon exercise hereof.

10. *Replacement of Warrant.* If this Warrant is mutilated, lost, stolen or destroyed, the Company shall issue or cause to be issued in exchange and substitution for and upon cancellation hereof, or in lieu of and substitution for this Warrant, a new warrant (the **New Warrant**), but only upon receipt of evidence reasonably satisfactory to the Company of such loss, theft or destruction and customary and reasonable bond or indemnity, if requested. Applicants for a New Warrant under such circumstances shall also comply with such other reasonable regulations and procedures and pay such other reasonable third-party costs as the Company may prescribe.

11. *Transfer of Warrant.* This Warrant and the Warrant Shares issuable upon exercise of this Warrant shall be freely transferable, subject to compliance with this Section 11, the Investment Agreement, the Registration Rights Agreement and all applicable laws, including, but not limited to the Securities Act. If, at the time of the surrender of this Warrant in connection with any transfer of this Warrant or the resale of the Warrant Shares, this Warrant or the Warrant Shares, as applicable, shall not be registered under the Securities Act, the Company may require, as a condition of allowing such transfer (i) that the Holder or transferee of this Warrant or the Warrant Shares as the case may be, furnish to the Company a written opinion of counsel that is reasonably acceptable to the Company to the effect that such transfer may be made without registration under the Securities Act (provided that, in the event that the Warrant or Warrant Shares are to be transferred to an affiliate of the Holder, no such written opinion of such Holder's counsel shall be required; provided further that, the Holder and/or the proposed transferee shall provide any documentation and/or back-up certificates reasonably requested by counsel to the Company in order that counsel to the Company may render any opinion as may be required by the Company's transfer agent), (ii) that the Holder or transferee execute and deliver to the Company an investment representation letter in form and substance acceptable to the Company and substantially in the form attached as Attachment 2 hereto and (iii) in the event that the Holder has elected to transfer registration rights to such transferee, the transferee shall agree in writing to be bound by all of the terms and obligations under, and to receive all of the benefits under, the Registration Rights Agreement as a holder of Warrant Shares thereunder.

In connection with the purchase of the above-listed securities, the undersigned hereby represents to Viisage Technology, Inc. (the **Company**) as follows:

(a) The securities to be received upon the exercise of the Warrant (the **Warrant Shares**) will be acquired for investment for its own account; not as a nominee or agent, and not with a view to the sale or distribution of any part thereof, and the undersigned has no present intention of selling, granting participation in or otherwise distributing the same, but subject, nevertheless, to any requirement of law that the disposition of its property shall at all times be within its control. (b) The undersigned understands that the Warrant Shares issuable upon exercise of the Warrant at the time of issuance may not be registered under the Securities Act, and applicable state securities laws, on the ground that the issuance of such securities is exempt pursuant to Section 4(2) of the Securities Act and state law exemptions relating to offers and sales not by means of a public offering, and that the Company's reliance on such exemptions is predicated on the undersigned's representations set forth herein.

(c) The undersigned agrees that until the underlying Warrant Shares are subject to an effective registration statement, in no event will it make a disposition of any Warrant Shares acquired upon the exercise of the Warrant unless and until (i) it shall have notified the Company of the proposed disposition and (ii) it shall have either (A) furnished the Company with an opinion of counsel satisfactory to the Company and Company's counsel to the effect that appropriate action necessary for compliance with the Securities Act and any applicable state securities laws has been taken or an exemption from the registration requirements of the Securities Act and such laws is available, and the proposed transfer will not violate any of said laws, or (B) provided such other evidence reasonable satisfactory to the Company that the proposed transfer will not violate any of said laws.

(d) The undersigned acknowledges that an investment in the Company is highly speculative and represents that it is able to fend for itself in the transactions contemplated by this Statement, has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of its investments, and has the ability to bear the economic risks (including the risk of a total loss) of its investment. The undersigned represents that it has had the opportunity to ask questions of the Company concerning the Company's business and assets and to obtain any additional information which it considered necessary to verify the accuracy of or to amplify the Company's disclosures, and has had all questions which have been asked by it satisfactorily answered by the Company.

The Holder is subject to certain restrictions and entitled to certain rights as set forth in the Investment Agreement and that certain Registration Rights Agreement of even date herewith by and among the Company and the Holder (the **Registration Rights Agreement**).

2. *Exercisability.*

(a) This Warrant shall become exercisable as to (i) Five Hundred and Thirty Three Thousand Three Hundred Thirty Three (533,333) Warrant Shares if and when the Company's gross revenues in any four consecutive quarters, as reported on the Company's Form 10-K or 10-Q filed with the Securities and Exchange Commission (the gross revenues for such four-quarter period, the **Gross Revenues**), are equal to or greater than Two Hundred Million Dollars (\$200,000,000), and (ii) Two Hundred Sixty Six Thousand Six Hundred Sixty Seven (266,667) Warrant Shares if and when the Gross Revenues are equal to or greater than Three Hundred Million Dollars (\$300,000,000), in each instance effective as of the filing date of the Form 10-K or 10-Q with the Securities and Exchange Commission.

Edgar Filing: VIISAGE TECHNOLOGY INC - Form DEF 14A

(b) Notwithstanding anything herein to the contrary, immediately prior to a Change of Control, this Warrant shall become fully exercisable with respect to all the Warrant Shares. For purposes of this Warrant, a **Change of Control** shall mean the consummation of any of the following transactions: (i) the sale, lease, exchange, conveyance or other disposition of all or substantially all of the property or business of the Company, (ii) the merger of the Company into or its consolidation with any other entity in which the Company is not the surviving entity (other than a wholly-owned subsidiary of the Company), (iii) any transaction (including a merger or other reorganization) or series of related transactions, in which more than 50% of the voting power of the Company is disposed of or (iv) individuals who, immediately after giving effect to the Closing, constitute the Board (the **Incumbent Directors**) cease for any reason to constitute at least a majority of the Board, *provided* that any person becoming a director subsequent to such date, whose

election or nomination for election was approved by a vote of at least a majority of the Incumbent Directors then on the Board (either by specific vote or by approval of the proxy statement of the Company in which such person is named as a nominee for director) shall be an Incumbent Director.

3. *Adjustment of Exercise Price and Number of Shares.* The number of shares of Common Stock issuable upon exercise of this Warrant (or any shares of stock or other securities or property at the time receivable or issuable upon exercise of this Warrant) and the Warrant Price therefor are subject to adjustment upon the occurrence of the following events:

(a) *Adjustment for Subdivisions, Stock Dividends and Combinations.* In case the Company shall at any time subdivide the outstanding shares of the Common Stock or shall issue a stock dividend with respect to the Common Stock, the Warrant Price in effect immediately prior to such subdivision or the issuance of such dividend shall be proportionately decreased, and the number of Warrant Shares for which this Warrant may be exercised immediately prior to such subdivision or the issuance of such dividend shall be proportionately increased. In case the Company shall at any time combine the outstanding shares of the Common Stock, the Warrant Price in effect immediately prior to such combination shall be proportionately increased, and the number of Warrant Shares for which this Warrant may be exercised immediately prior to such combination shall be proportionately decreased. In each of the foregoing cases, the adjustment shall be effective at the close of business on the date of such subdivision, dividend or combination, as the case may be.

(b) *Reclassifications, Exchanges, Substitutions, In-Kind Distributions.* Upon any reclassification, exchange, substitution or other event that results in a change of the number and/or class of the securities issuable upon exercise or conversion of this Warrant or upon the payment of a dividend in securities or property other than shares of Common Stock, the Holder shall be entitled to receive, upon exercise of this Warrant, the number and kind of securities and property that Holder would have received if this Warrant had been exercised immediately before the record date for such reclassification, exchange, substitution, or other event or immediately prior to the record date for such dividend. The Company or its successor shall promptly issue to Holder a new warrant for such new securities or other property. The new warrant shall provide for adjustments which shall be as nearly equivalent as may be practicable to the adjustments provided for in this Section 3 including, without limitation, adjustments to the Warrant Price and to the number of securities or property issuable upon exercise or conversion of the new warrant. The provisions of this Section 3(b) shall similarly apply to successive reclassifications, exchanges, substitutions, or other events and successive dividends.

(c) *Certificate of Adjustment.* In each case of an adjustment or readjustment of the Warrant Price, the Company, at its own expense, shall cause its Chief Financial Officer to compute such adjustment or readjustment in accordance with the provisions hereof and prepare a certificate showing such adjustment or readjustment, and shall mail such certificate, by first class mail, postage prepaid, to the Holder. The certificate shall set forth such adjustment or readjustment, showing in detail the facts upon which such adjustment or readjustment is based. No adjustment of the Warrant Price shall be required to be made unless it would result in an increase or decrease of at least one cent, but any adjustments not made because of this sentence shall be carried forward and taken into account in any subsequent adjustment otherwise required hereunder.

(d) *Fractional Shares.* No fractional shares shall be issuable upon exercise or conversion of the Warrant and the number of shares to be issued shall be rounded down to the nearest whole share. If a fractional share interest arises upon any exercise or conversion of the Warrant, the Company shall eliminate such fractional share interest by paying the Holder an amount computed by multiplying the fractional interest by the fair market value of a full share.

4. *Termination.* This Warrant shall terminate and no longer be exercisable at 5:00 p.m., Boston time, on [THREE-YEAR ANNIVERSARY OF CLOSING DATE].

Table of Contents

5. *No Shareholder Rights.* This Warrant, by itself, as distinguished from any Warrant Shares purchased hereunder, shall not entitle the Holder to any of the rights of a shareholder of the Company.

6. *Reservation of Stock.* The Company will reserve from its authorized and unissued Common Stock a sufficient number of shares to provide for the issuance of the Warrant Shares upon the exercise or conversion of this Warrant. Issuance of this Warrant shall constitute full authority to the Company's officers who are charged with the duty of executing stock certificates to execute and issue the necessary certificates for the Warrant Shares issuable upon the exercise or conversion of this Warrant.

7. *Exercise of Warrant.* Subject to Sections 2, 4, and 8, this Warrant may be exercised in whole or in part by the Holder, at any time from and after the date hereof and prior to the termination of this Warrant, by the surrender of this Warrant at the principal office of the Company, together with the Notice of Exercise (attached hereto as Attachment 1) and, in the event the Warrant or the Warrant Shares shall not be registered under the Securities Act of 1933, as amended (the **Securities Act**), the Investment Representation Letter (attached hereto as Attachment 2), each duly completed and executed, specifying that portion of the Warrant that is to be exercised and accompanied by payment in full of the Warrant Price by wire transfer or certified check with respect to the Warrant Shares being purchased. This Warrant shall be deemed to have been exercised immediately prior to the close of business on the date of its surrender for exercise as provided above, and the person entitled to receive the Warrant Shares issuable upon such exercise shall be treated for all purposes as the holder of such shares of record as of the close of business on such date. As promptly as practicable after such date, the Company shall issue and deliver to the person or persons entitled to receive the same a certificate or certificates for the number of full Warrant Shares issuable upon such exercise.

8. *Change of Control Transactions.* Prior to a Change of Control, the Company shall send a written notice of the same to the Holder. The Holder shall have twenty (20) days from the date of such notice to exercise this Warrant in accordance with Section 7. If within such twenty (20) day period any portion of this Warrant shall not have been exercised, then, upon the consummation of the Change of Control, the unexercised portion of the Warrant shall be deemed forfeited.

9. *Charges, Taxes and Expenses.* The Company shall cause the issuance and delivery of certificates for the Warrant Shares to the Holder without charge for any issue or transfer tax, withholding tax, transfer agent fee or other incidental tax or expense in respect of the issuance of such certificates, all of which taxes and expenses shall be paid by the Company; provided, however, that the Company shall not be required to pay any tax which may be payable in respect of any transfer involved in the registration of any certificates for Warrant Shares or Warrants in a name other than that of the Holder. The Holder shall be responsible for all other tax liability that may arise as a result of holding or transferring this Warrant or receiving Warrant Shares upon exercise hereof.

10. *Replacement of Warrant.* If this Warrant is mutilated, lost, stolen or destroyed, the Company shall issue or cause to be issued in exchange and substitution for and upon cancellation hereof, or in lieu of and substitution for this Warrant, a new warrant (the **New Warrant**), but only upon receipt of evidence reasonably satisfactory to the Company of such loss, theft or destruction and customary and reasonable bond or indemnity, if requested. Applicants for a New Warrant under such circumstances shall also comply with such other reasonable regulations and procedures and pay such other reasonable third-party costs as the Company may prescribe.

11. *Transfer of Warrant.* This Warrant and the Warrant Shares issuable upon exercise of this Warrant shall be freely transferable, subject to compliance with this Section 11, the Investment Agreement, the Registration Rights Agreement and all applicable laws, including, but not limited to the Securities Act. If, at the time of the surrender of this Warrant in connection with any transfer of this Warrant or the resale of the Warrant Shares, this Warrant or the Warrant Shares, as applicable, shall not be registered under the Securities Act, the Company may require, as a condition of allowing such transfer (i) that the Holder or transferee of this Warrant or the Warrant Shares as the case may be, furnish to the Company a written opinion of counsel that is reasonably acceptable to the Company to the effect that such transfer may be made without registration under the Securities Act (provided that, in the event that the Warrant or Warrant Shares are to be transferred to an affiliate of the

Board of Directors of Viisage Technology Inc.

c/o Viisage Technology Inc.

296 Concord Road, Third Floor

Billerica, MA 01821

Attention: Special Committee of the Board of Directors

Dear Sirs:

We understand that Viisage Technology Inc. (the **Company**) is considering entering into a transaction (the **Transaction**) pursuant to which it will sell to L-1 Investment Partners (the **Investor**) 19,047,619 shares of the Company's Common Stock (**Shares**) at a price of \$5.25 per share (the **Per Share Price**) for a total capital investment of \$100,000,000 (the **Capital Investment**). Under the terms of the agreement to effect the transaction, the Company will grant the Investor warrants to purchase an aggregate of 4,000,000 shares of the Company's Common Stock (the **Warrants**) at a strike price of \$5.50 per share (the **Strike Price**). The Warrants have a term of three years and we assume for the purposes of this Opinion that they fully vest. For the purposes of this letter, **Consideration** shall mean the value of the Capital Investment net of the value of the Warrants.

You have requested our opinion (the **Opinion**) as to the fairness, from a financial point of view, of the Consideration. We are not opining on, and this Opinion does not constitute an opinion with respect to, the Company's underlying business decision to effect the Transaction, any legal, tax or accounting issues concerning the Transaction, or any terms of the Transaction (other than with respect to the number of Shares, the Per Share Price, the Strike Price and the term and number of Warrants as specifically provided above), including, without limitation, terms concerning the use of proceeds, the vesting and exercisability of the Warrants, and control or governance of the Company or its board of directors following the consummation the Transaction. Without limiting the generality of the foregoing, for purposes of this Opinion, we have assumed that the Transaction does not constitute a change of control of the Company.

Edgar Filing: VIISAGE TECHNOLOGY INC - Form DEF 14A

In connection with this Opinion, we have made such reviews, analyses and inquiries as we have deemed necessary and appropriate under the circumstances. Among other things, we have:

1. Reviewed the Company's annual reports to shareholders on Form 10-K for the three fiscal years ended December 31, 2004 and all 10-Q filings since the date of the Company's most recent 10-K (December 31, 2004);
2. Reviewed financial forecasts and projections prepared by the Company's management;
3. Reviewed the Company's proxy statement on Form DEF 14-A dated September 7, 2005;
4. Reviewed copies of the Investment Agreement between the Company and the Investor (the Agreement) and form of Warrant;
5. Reviewed relevant information disclosures made by the Company to the Investor during the course of the due diligence inquiries of which we were aware;

D-1

Special Committee of the Board of Directors

Viisage Technology Inc.

October 5, 2005

6. Met with the key members of the senior management from the Company to discuss the operations, financial condition, future prospects and projected operations and performance of the Company, and met with outside counsel to discuss all known material matters;

7. Visited certain facilities and business offices of the Company;

8. Participated in certain briefings given by the Company to the Investor;

9. Reviewed certain other publicly available financial data for certain companies that we deem comparable to the Company and the terms of recent transactions that we consider comparable to the Transaction, including, without limitation, publicly available prices and premiums paid; and

10. Conducted such other studies, analyses and inquiries as we have deemed appropriate.

We have assumed, without independent verification, that the financial forecasts and projections provided to us, and upon which we have relied, have been reasonably prepared and reflect the best currently available estimates of the future financial results and condition of the Company, and that such projections provide a reasonable basis for our Opinion. During the course of our representation of the Company, no facts have actually come to our attention that would cause us to believe that such assumptions are invalid as a whole. We have also assumed that there has been no material change in the assets, financial condition or business of the Company since the date of the most recent financial statements made available to us. We have further relied upon the assurance of management of the Company that they are unaware of any facts that would make the information provided to us incomplete or misleading in any respect. We have also assumed that the transactions contemplated by the Agreement will be consummated as described in the Agreement in the form reviewed by us and that all representations and warranties therein of the parties thereto are true and accurate in all respects.

We have not independently verified the accuracy and completeness of the information supplied to us with respect to the Company and do not assume any responsibility with respect to it. We have not met with knowledgeable representatives of the Company's independent accounting firm. We have not made any physical inspection or independent appraisal of any of the properties or assets of the Company. Our Opinion is necessarily based on business, economic, market and other conditions as they exist and can be evaluated by us at the date of this letter. It should be understood that subsequent developments may affect this Opinion and that we do not have any obligation to update, revise or reaffirm this Opinion.

We have provided certain advisory services to the Board of Directors of the Company in connection with the Transaction and may receive a fee for such services if the Transaction is consummated. We will receive a fee for providing this Opinion. We do not actively trade the debt or equity securities of the Company for our own accounts or for the accounts of customers. We are regularly engaged in a broad range of

This letter is intended for the benefit and use of the Board of Directors of the Company but does not constitute a recommendation to any director as to how such director should vote with respect to the Transaction or to take any other action in connection with the Transaction or otherwise. This letter is not to be used for any other purpose, or reproduced, disseminated, quoted from or referred to at any time, in whole or in part, without our prior written consent.
