#### ANEEL APPROVES A 16.67% TARIFF INCREASE AT ESCELSA S

#### ANNUAL TARIFF READJUSTMENT PROCESS

The Brazilian electricity regulator, ANEEL, approved today a 16.67% annual tariff readjustment index for Escelsa, for the period from August 2006 to July 2007.

Considering the financial adjustments included in the last period stariffs (non-recurring items), which are associated to the recovery of tariff differences incurred in the past, the current tariff readjustment results in an effective average tariff increase of 11.40% to be applied to Escelsa stariffs from August 2006.

Within an annual tariff readjustment process, ANEEL recognizes in the tariffs of the distribution companies the pass-through of some cost components incurred in the previous twelve months, namely i) the annual change in non-controllable costs (  $Parcela\ A$  ) and ii) the adjustment of the controllable costs (  $Parcela\ B$  ) to inflation (IGP-M) corrected by an X Factor. In addition, the regulator also recognizes financial adjustments, which usually correspond to the recovery, for a twelve months period, of the non-controllable costs incurred in the past that were not covered through the tariffs.

Escelsa: 2006 Tariff Readjustment Index
