Invests primarily in Australian and Asian debt securities.

Annual Report

October 31, 2006

Letter to Shareholders

December 18, 2006

Dear Shareholder,

We present this Annual Report which covers the activities of Aberdeen Asia-Pacific Income Fund, Inc. (the Fund) for the year ended October 31, 2006. The Fund's investment objective is to seek current income. The Fund may also achieve incidental capital appreciation.

As used in this report, the term total investments does not include securities purchased with cash collateral received as a result of securities on loan.

Net Asset Value Performance

The Fund's total return based on net asset value (NAV) was 9.5% over the year ended October 31, 2006 and 9.3% per annum since inception, assuming the reinvestment of distributions.

Share Price Performance

The Fund's share price increased by 5.9% over the year, from \$5.76 on October 31, 2005 to \$6.10 on October 31, 2006. The Fund's share price on October 31, 2006 represented a discount of 5.6% to the NAV per share of \$6.46 on that date, compared with a discount of 8.9% to the NAV per share of \$6.32 on October 31, 2005. At the date of this letter, the share price was \$6.25 representing a discount of 4.3% to the NAV per share of \$6.53.

Asia: 42.0% of Total Investments Invested in Asian Debt Securities

As of October 31, 2006, the Fund held 42.0% of its total investments in Asian debt securities (including New Zealand). Of the Fund's total investments, 27.9% were held in U.S. dollar denominated bonds issued by foreign issuers, bringing the Fund's total U.S. dollar exposure to 37.5%.

Credit Quality: 78.6% of Total Investments Rated or Deemed Equivalent to A or Better

The credit quality of the Fund's total investments has been maintained. As of October 31, 2006, 78.6% of the portfolio was invested in securities where either the issue or the issuer was rated A or better, or judged by Aberdeen Asset Management Asia Limited (the Investment Manager) to be of equivalent quality.

Distributions

Edgar Filing: ABERDEEN ASIA-PACIFIC INCOME FUND INC - Form N-CSR

Distributions to common shareholders for the twelve months ended October 31, 2006 totaled 42 cents per share. Based on the share price of \$6.10 on October 31, 2006, the distribution rate over the twelve months then ended was 6.9%. Since all distributions are paid after deducting applicable withholding taxes, the effective distribution rate may be higher for those U.S. investors who are able to claim a tax credit.

On December 13, 2006, the Board of Directors authorized a monthly distribution of 3.5 cents per share, payable on January 12, 2007 to all shareholders of record as of December 29, 2006.

The Board's policy is to provide investors with a stable monthly distribution out of current income, supplemented by realized capital gains and, to the extent necessary, paid-in capital. It is the Board's intention that the monthly distribution of 3.5 cents per share be maintained for twelve months, beginning with the July 2006 distribution payment. This policy is subject

to regular review at the Board's quarterly meetings, unless market conditions require an earlier evaluation. The next review is scheduled to take place in March 2007.

Portfolio Holdings Disclosure

The Fund files its complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-Q. The Fund's Forms N-Q are available on the SEC's website at <http://www.sec.gov> and may be reviewed and copied at the SEC's Public Reference Room in Washington, D.C. Information about the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330. The Fund makes the information on Form N-Q available to shareholders on the Fund's website or upon request and without charge by calling Investor Relations toll-free at 1-800-522-5465.

Proxy Voting

A description of the policies and procedures that the Fund uses to determine how to vote proxies relating to portfolio securities, and information regarding how the Fund voted proxies relating to portfolio securities during the twelve months ended June 30, 2006, is available: (i) upon request and without charge by calling Investor Relations toll-free at 1-800-522-5465; and (ii) on the SEC's website at <http://www.sec.gov>.

Quarterly Reports to Shareholders

In 2004, in an effort to reduce Fund expenses, the Fund discontinued the printing and mailing of quarterly reports to shareholders for the three-month periods ending January 31 and July 31, and instead posted such reports on the Fund's website. The Board of Directors has determined that the Fund will no longer prepare formal quarterly reports for the periods ending January 31 and July 31, but, as noted above, shareholders will be able to obtain essential information about the Fund for such periods through the Fund's reports on Form N-Q, available on the Fund's website or upon request and without charge by calling Investor Relations toll-free at 1-800-522-5465. Semi-annual and annual reports to shareholders will continue to be prepared and mailed to shareholders.

2

Your Board's policy is to provide investors with a stable monthly distribution out of current income, supplemented by realized capital gains and, to the extent necessary, paid-in capital.

The Fund is subject to U.S. corporate, tax and securities laws. Under U.S. tax accounting rules, the amount of distributable income for each fiscal period depends on the actual exchange rates during the entire year between the U.S. dollar and the currencies in which Fund assets are denominated and on the aggregate gains and losses realized by the Fund during the entire year.

Therefore, the exact amount of distributable income for each fiscal year can only be determined as of the end of the Fund's fiscal year, October 31. However, under the U.S. Investment Company Act of 1940, the Fund may be required to indicate the sources of certain distributions to shareholders. This estimated distribution composition may vary from month to month because it may be materially impacted by future realized gains and losses on securities and fluctuations in the value of the currencies in which Fund assets are denominated.

The distributions for the fiscal year ended October 31, 2006 were comprised of 87% net investment income and 13% return of paid-in-capital.

In January 2007, a Form 1099-DIV will be sent to shareholders, which will state the amount and composition of distributions and provide information with respect to their appropriate tax treatment for the 2006 calendar year.

Aberdeen Asia-Pacific Income Fund, Inc.

Dividend Reinvestment and Cash Purchase Plan

We invite you to participate in the Fund's Dividend Reinvestment and Cash Purchase Plan (the Plan) which allows you to automatically reinvest your distributions in shares of the Fund's common stock at favorable commission rates. Distributions made under the Plan are taxable to the same extent as are cash distributions. The Plan also enables you to make additional cash investments in shares of at least \$100 per transaction, with a maximum of \$10,000 per month, and an aggregate annual limit of \$120,000. Under this arrangement, The Bank of New York (the Plan Agent) will purchase shares for you on the American Stock Exchange or otherwise on the open market on or before the investment date. The investment date is the 15th day of each month, but if such date is not a business day, the preceding business day.

As a participant in the Plan, you will benefit from:

Automatic reinvestment - the Plan Agent will automatically reinvest your distributions, allowing you to gradually grow your holdings in the Fund;

Lower costs - shares are purchased on your behalf under the Plan at low brokerage rates. Brokerage on share purchases is currently 2 cents per share;

Convenience - the Plan Agent will hold your shares in non-certificated form and will provide a detailed plan account statement of your holdings at the end of each month.

To request a brochure containing information on the Plan, together with an enrollment form, please contact the Plan Agent, The Bank of New York, Shareholder Relations Department, P.O. Box 11258, Church Street Station, New York, NY 10286 or call toll free on 1-800-432-8224.

Report of the Investment Manager

Share Price Performance

On October 31, 2006, the Fund's share price was \$6.10, which represented a discount of 5.6% to the NAV per share of \$6.46. As of December 18, 2006, the share price was \$6.25, representing a discount of 4.3% to the NAV per share of \$6.53.

Auction Market Preferred Stock (AMPS)

The Fund's \$600 million of AMPS continued to be well bid at the regular auctions. The average interest rate paid was 4.683% over the year ended October 31, 2006, compared with an interest rate of 4.8234% for 30-day U.S. commercial paper over the same period. These rates were higher than for the preceding year. The key driver of the increase in the AMPS interest rates was a general rise in market interest rates following the U.S. Federal Reserve's tightening of monetary policy on six occasions by a cumulative 1.5% during the year ended October 31, 2006.

Over the year ended October 31, 2006, the impact of the AMPS on the net asset value attributable to common shareholders was positive. Bond movements made a negative contribution, as ongoing inflation concerns placed upward pressure on global bond yields. However, this negative effect was mitigated by the locking in of fixed rates on 80% of the AMPS, pursuant to the interest rate swap agreement referred to below, prior to the U.S. Federal Reserve commencing its current monetary policy tightening cycle. The Fund's locking in of fixed rates on a portion of the AMPS has meant that the differential between the AMPS funding rates and the yields at which the Fund invests remained positive despite the rise in U.S. short term interest rates. Currency movements also made a positive contribution as the Australian dollar and most Asian currencies posted strong gains over the year.

These factors, in combination, produced a gain of 1.6% due to AMPS over the year ended October 31, 2006.

The Fund has entered into an interest rate swap agreement, based on an initial aggregate notional amount of \$480,000,000, which represented 80% of the total AMPS outstanding. A portion of the interest rate swaps, with a nominal value of \$96 million, expired on October 31, 2006. Upon expiration, the unhedged portion of the AMPS increased from a nominal value of \$120 million to \$216 million, and the coverage of the interest rate swaps decreased from 80% to 64% of the outstanding AMPS. Under the terms of the agreement as currently in effect, the Fund receives a floating rate of interest (one month USD-LIBOR BBA rate) and pays fixed rates of interest for the terms and based upon the notional amounts set forth below:

Remaining Term as of October 31, 2006	Amount (in \$ Million)	Fixed Rate Payable (%)
48 months	96	4.055
24 months	144	3.540
12 months	144	3.160

Aberdeen Asia-Pacific Income Fund, Inc.

Report of the Investment Manager (continued)

A significant risk associated with interest rate swaps is the risk that the counterparty may default or file for bankruptcy, in which case the Fund would bear the risk of loss of the amount expected to be received under the swap agreement. There can be no assurance that the Fund will have an interest rate swap in place at any given time nor can there be any assurance that, if an interest rate swap is in place, it will be successful in hedging the Fund's interest rate risk with respect to the AMPS. The implementation of this strategy is at the discretion of the AMPS Hedging Committee of the Board of Directors.

PORTFOLIO COMPOSITION

(1) Based upon average shares outstanding.

(2) Less than \$0.005 per share.

(3) Total investment return is calculated assuming a purchase of common stock on the first day and a sale on the last day of each period reported. Dividends and distributions, if any, are assumed, for purposes of this calculation, to be reinvested at prices obtained under the Fund's dividend reinvestment plan. Total investment return does not reflect brokerage commissions.

(4) Ratios calculated on the basis of income, expenses and preferred share dividends applicable to both the common and preferred shares relative to the average net assets of common shareholders. Ratios of net investment income before preferred stock dividends to average net assets of common shareholders are 6.35%, 6.16%, 5.74%, 7.08%, and 8.18%, respectively.

(5) Includes expenses of both preferred and common stock.

Notes to Financial Statements

Aberdeen Asia-Pacific Income Fund, Inc. (the Fund) was incorporated in Maryland on March 14, 1986 as a closed-end, non-diversified management investment company. The Fund's investment objective is to seek current income. The Fund may also achieve incidental capital appreciation. The Fund will seek to achieve its investment objective through investment in Australian and Asian debt securities. In order to comply with a rule adopted by the Securities and Exchange Commission under the Investment Company Act of 1940 regarding fund names, the Board of Directors has adopted an investment policy that, for as long as the name of the Fund remains Aberdeen Asia-Pacific Income Fund, Inc., it shall be the policy of the Fund normally to invest at least 80% of its net assets plus the amount of any borrowings for investment purposes, in Asian debt securities, Australian debt securities and New Zealand debt securities. This 80% investment policy is a non-fundamental policy of the Fund and may be changed by the Board of Directors upon 60 days prior written notice to shareholders. There can be no assurance that the Fund will achieve its objectives. The ability of issuers of debt securities held by the Fund to meet their obligations may be affected by economic developments in a specific industry, country or region.

Note 1. Accounting Policies

The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements.

Basis of Presentation:

The financial statements of the Fund are prepared in accordance with accounting principles generally accepted in the United States of America, using the United States dollar as both the functional and reporting currency. However, the Australian dollar is the functional currency for Federal tax purposes (see Taxes below).

Securities Valuation:

The Fund's Board of Directors has adopted Pricing and Valuation Procedures (the Procedures) to be used in determining the value of the assets held by the Fund. In accordance with the Procedures, investments are stated at value. Investments for which market quotations are readily available are valued at the last trade price on the date of determination as obtained from a pricing source. If no such trade price is available, such investments are valued at the quoted bid price or the mean between the quoted bid and asked price on the date of determination as obtained from a pricing source.

Short-term securities which mature in more than 60 days are valued at current market quotations. Short-term securities which mature in 60 days or less are valued at amortized cost, which approximates market value.

Securities for which market quotations are not readily available (including investments which are subject to limitations as to their sale) are to be valued at fair value. As a general rule, whether or not the Fund is required to fair value price an asset is dependent on the ready availability of current market quotes or, even if readily available, the reliability of

Notes to Financial Statements (continued)

such quotes. Any assets for which market quotations are not readily available or for which available prices are not reliable, shall be determined in a manner that most fairly reflects the asset's (or group of assets') fair value (i.e., the amount that the Fund might reasonably expect to receive for the asset upon its current sale) on the valuation date, based on a consideration of all available information.

The Procedures provide that in certain instances, including without limitation, if there is a stale price for a portfolio security, in an emergency situation, or if a significant event occurs after the close of trading of a portfolio security, but before the calculation of the Fund's net asset value, the security may be valued at its fair value.

Repurchase Agreements:

In connection with transactions in repurchase agreements with U.S. financial institutions, it is the Fund's policy that its custodian/counterparty segregates the underlying collateral securities, the value of which exceeds the principal amount of the repurchase transaction, including accrued interest. To the extent that any repurchase transaction exceeds one business day, the collateral is valued on a daily basis to determine its adequacy. If the seller defaults and the value of the collateral declines or if bankruptcy proceedings are commenced with respect to the seller of the security, realization of the collateral by the Fund may be delayed or limited.

Foreign Currency Translation:

Foreign currency amounts are translated into United States dollars on the following basis:

- (i) market value of investment securities, other assets and liabilities at the exchange rates at the end of the reporting period;
- (ii) purchases and sales of investment securities, income and expenses at the rates of exchange prevailing on the respective dates of such transactions.

The Fund isolates that portion of the results of operations arising from changes in the foreign exchange rates due to fluctuations in the market prices of the securities held at the end of the reporting period. Similarly, the Fund isolates the effect of changes in foreign exchange rates from the fluctuations arising from changes in the market prices of portfolio securities sold during the reporting period.

Net realized foreign exchange gains/(losses) include realized foreign exchange gains/(losses) from sales and maturities of portfolio securities, sales of foreign currencies, currency gains/(losses) realized between the trade and settlement dates on securities transactions, the difference between the amounts of interest, discount and foreign withholding taxes recorded on the Fund's books and the U.S. dollar equivalent amounts actually received or paid. Net unrealized foreign exchange gains/(losses) include changes in the value of portfolio securities and other assets and liabilities arising as a result of changes in the exchange rate.

Notes to Financial Statements (continued)

Accumulated net realized and unrealized foreign exchange gains/(losses) shown in the composition of net assets represent foreign exchange gains/(losses) for book purposes that may not have been recognized for tax purposes.

Foreign security and currency transactions may involve certain considerations and risks not typically associated with those of domestic origin, including unanticipated movements in the value of the foreign currency relative to the U.S. dollar.

The exchange rate at October 31, 2006 was US\$0.77 to A\$1.00.

Securities Transactions and Investment Income:

Securities transactions are recorded on the trade date. Realized and unrealized gains/(losses) from security and currency transactions are calculated on the identified cost basis. Interest income is recorded on an accrual basis. Discounts and premiums on securities purchased are accreted or amortized on an effective yield basis over the estimated lives of the respective securities. Expenses are recorded on the accrual basis.

Derivative Financial Instruments:

The Fund is authorized to use derivatives to manage both currency and interest rate risk for global debt securities. Losses may arise due to changes in the value of the contract if the counterparty does not perform under the contract. The use of derivative instruments involves, to varying degrees, elements of market risk in excess of the amount recognized in the Statement of Assets and Liabilities.

Interest Rate and Currency Swaps:

The Fund may engage in certain swap transactions in order to obtain a desired return at a lower cost than if the Fund had invested directly in the asset that yielded the desired return or to hedge the AMPS.

An interest rate swap is an agreement between two parties which involves the exchange of floating and fixed rate payments (an interest rate and currency swap involves the exchange of interest rate payments in another currency) for a specified period of time. Interest rate and currency swaps involve the accrual and exchange of payments between the parties. These payments are recorded as realized gain/(loss).

During the term of the swap, changes in the value of the swap are recognized as unrealized appreciation or depreciation by marking-to-market to reflect the fair market value of the swap. When the swap is terminated, the Fund will record a realized gain/(loss) equal to the difference, if any, between the proceeds from (or cost of) the closing transaction and the Fund's basis in the contract. The Fund is exposed to credit risk in the event of non-performance by the counterparty to the swap. However, the Fund does not anticipate non-performance by any counterparty.

Foreign Forward Currency Exchange Contracts:

Edgar Filing: ABERDEEN ASIA-PACIFIC INCOME FUND INC - Form N-CSR

A forward currency contract involves an obligation to purchase and sell a specific currency at a future date, which may be any fixed number of days from the date of the contract agreed upon

by the parties, at a price set at the time of the contract. The foreign currency contract is marked-to-market daily and the change in market value is recorded by the Fund as unrealized appreciation or depreciation. When the forward currency contract is closed, the Fund records a realized gain or loss equal to the difference between the value at the time it was opened and the value at the time it was closed. Risks arise from unanticipated movements in the value of the foreign currency relative to the functional currencies and from potential inability of counterparties to meet the terms of their contracts.

Futures Contracts:

A futures contract is an agreement between two parties to buy and sell a security for a set price on a future date. Upon entering into a contract, the Fund deposits and maintains as collateral such initial margin as required by the exchange on which the transaction is effected. Pursuant to the contract, the Fund agrees to receive from or pay to the broker an amount of cash equal to the daily fluctuation in the value of the contract. Such receipts or payments are known as variation margin and are recorded by the Fund as unrealized appreciation or depreciation. When the contract is closed, the Fund records a realized gain or loss equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed.

Securities Lending:

The Fund's investment policies permit the Fund to lend to banks and broker-dealers, portfolio securities with an aggregate market value of up to 15% of the Fund's total assets, when it deems advisable. Pursuant to a securities lending agreement (" Agreement ") between the Fund and State Street Bank and Trust Company (" State Street "), any loans made under the Agreement must be secured by collateral (consisting of any combination of currency and securities issued or guaranteed by the U.S. Government or its agencies, or irrevocable letters of credit or other high-quality debt securities) in an amount at least equal (on a daily marked-to-market basis) to the current market value of the securities loaned. An amendment to the Agreement provides that the cash collateral may be invested in State Street Navigator Prime Portfolio, an affiliate of State Street, and proceeds from this investment are divided 70% to the Fund and 30% to State Street.

The Agreement also provides that the Fund may terminate the loans at any time and demand the return of the securities, and that the Fund will continue to receive all interest, dividends and other distributions obtained on any of the loaned securities and will continue to have voting rights with respect to the securities.

If the Fund makes investments with cash collateral received for securities loaned, the Fund records the investments in the portfolio of investments and records a corresponding liability in the statement of assets and liabilities.

In the event the Fund lends its portfolio securities, the Fund may be exposed to counterparty risk, which may result in the delay in recovery of the loaned securities or possible loss of rights in the collateral should the borrower become insolvent. However, under the amendment to the Agreement, State Street will indemnify the Fund in the case of borrower default.

Distributions:

It is the Fund's current policy to pay distributions from net investment income supplemented by net realized foreign exchange gains, net realized short-term capital gains and return of capital distributions if necessary, on a monthly basis. The Fund will also declare and pay distributions at least annually from net realized gains on investment transactions and net realized foreign exchange gains, if any. Distributions to common shareholders are recorded on the ex-dividend date. Distributions to preferred shareholders are accrued on a daily basis and are determined as described in Note 6.

Income distributions and capital and currency gains distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America. These differences are primarily due to differing treatments for foreign currencies, loss deferrals and recognition of market discount and premium.

Recent Accounting Pronouncements:

In July 2006, the Financial Accounting Standards Board (FASB) issued Interpretation No. 48 (FIN 48) entitled Accounting for Uncertainty in Income Taxes - an interpretation of FASB Statement No. 109 . FIN 48 prescribes the minimum recognition threshold a tax position must meet in connection with accounting for uncertainties in income tax positions taken or expected to be taken by an entity including mutual funds before being measured and recognized in the financial statements. FIN 48 is effective for fiscal years beginning after December 15, 2006. The Fund will adopt FIN 48 during the fiscal 2008 year-end and the impact on the Fund's financial statements, if any, is currently being assessed.

In addition, in September 2006, Statement of Financial Accounting Standards No. 157, *Fair Value Measurements* (SFAS 157), was issued and is effective for fiscal years beginning after November 15, 2007. SFAS 157 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. The impact of the adoption of SFAS 157 on the Fund's financial statement disclosures is currently being evaluated.

Taxes:

For Federal income and excise tax purposes, substantially all of the Fund's transactions are accounted for using the Australian dollar as the functional currency. Accordingly, only realized currency gains and losses resulting from the repatriation of Australian dollars into U.S. dollars and realized currency gains and losses on transactions in New Zealand dollars or Asian country currencies are recognized for U.S. tax purposes.

No provision has been made for United States of America Federal income taxes because it is the Fund's policy to meet the requirements of the United States of America Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its taxable income to shareholders.

Reclassification of Capital Accounts:

For the year ended October 31, 2006, the Fund decreased distributions in excess of net investment income by \$46,487,508, increased accumulated net realized loss on investment transactions by \$27,249,008, increased accumulated net realized foreign exchange losses by \$4,703,462 and decreased paid-in capital in excess of par by \$14,535,038. These reclassifications are a result of permanent differences primarily attributable to foreign currency transactions, amortization methods on fixed income securities and accounting for swap agreements. Net investment income, net realized loss and net assets were not affected by this change.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Note 2. Agreements

Aberdeen Asset Management Asia Limited (the *Investment Manager*) serves as investment manager to the Fund and Aberdeen Asset Management Limited (the *Investment Adviser*) serves as investment adviser to the Fund, pursuant to a management agreement and an advisory agreement, respectively. The Investment Adviser is an indirect wholly-owned subsidiary of the Investment Manager, which is a direct wholly-owned subsidiary of Aberdeen Asset Management PLC.

The Investment Manager makes investment decisions on behalf of the Fund on the basis of recommendations and information furnished to it by the Investment Adviser, including the selection of and the placement of orders with brokers and dealers to execute portfolio transactions on behalf of the Fund.

The management agreement provides the Investment Manager with a fee, payable monthly, at the following annual rates: 0.65% of the Fund's average weekly total net assets of common and preferred shareholders up to \$200 million, 0.60% of such assets between \$200 million and \$500 million, 0.55% of such assets between \$500 million and \$900 million, 0.50% of such assets between \$900 million and \$1.75 billion and 0.45% of such assets in excess of \$1.75 billion.

The Investment Manager pays fees to the Investment Adviser for its services rendered. The Investment Manager informed the Fund that it paid \$2,721,787 to the Investment Adviser during the year ended October 31, 2006.

Aberdeen Asset Management Inc. (*AAMI*), an affiliate of the Investment Manager and the Investment Adviser, is the Fund's Administrator, pursuant to an agreement under which AAMI receives a fee at an annual rate of 0.12% of the Fund's average weekly net assets of both common and preferred shareholders up to \$900 million, 0.08% of such assets between \$900 million and \$1.75 billion and 0.06% of such assets in excess of \$1.75 billion.

Notes to Financial Statements (continued)

Under terms of an Investor Relations Services Agreement, AAMI serves as the Fund's investor relations services provider. This agreement provides AAMI with a monthly retainer fee of \$10,000 plus out-of-pocket expenses. During the year ended October 31, 2006, the Fund incurred fees of \$123,092 for the services of AAMI. Investor relations fees and expenses in the Statement of Operations include certain out-of-pocket expenses.

Note 3. Portfolio Securities

Purchases and sales of investment securities, other than short-term investments, for the year ended October 31, 2006 aggregated \$422,915,432 and \$476,175,102, respectively.

Note 4. Tax Information

The tax character of distributions paid during the fiscal years ended October 31, 2006 and October 31, 2005 was as follows:

	<u>October 31, 2006</u>	<u>October 31, 2005</u>
Distributions paid from:		
Ordinary Income	\$ 125,578,532	\$ 112,962,565
Tax Return of Capital	14,535,038	16,775,312
	<u> </u>	<u> </u>
Total Tax Character of Distributions	<u>\$ 140,113,570</u>	<u>\$ 129,737,877</u>

As of October 31, 2006, the components of accumulated earnings on a tax basis were as follows:

Overdistributed ordinary income-net	\$ (9,961,220)
Undistributed long-term capital gains-net	
	<u> </u>
Total overdistributed earnings	\$ (9,961,220)
Capital loss carryforward	(44,536,212)*
Unrealized gain/(losses)-net	22,646,632**
	<u> </u>
Total accumulated earnings/(losses)-net	<u>\$ (31,850,800)</u>

* On October 31, 2006, the Fund had a net capital loss carryforward of \$44,536,212, of which \$19,311,010 expires in 2010, \$2,085,000 expires in 2012, \$11,159,376 expires in 2013 and \$11,980,826 expires in 2014. This amount will be available to offset like amounts of any future taxable gains.

Edgar Filing: ABERDEEN ASIA-PACIFIC INCOME FUND INC - Form N-CSR

** The difference between book-basis and tax-basis unrealized appreciation/depreciation is attributable to the difference between book and tax amortization methods for premiums and discounts on fixed income securities, differing treatments for foreign currencies, the tax deferral of straddles and the realization of unrealized gains on certain futures and forward contracts.

The United States Federal income tax basis of the Fund's investments and the net unrealized depreciation as of October 31, 2006 were as follows:

<u>Tax Basis of Investments</u>	<u>Appreciation</u>	<u>Depreciation</u>	<u>Net Unrealized Depreciation</u>
\$ 2,374,303,576	\$ 53,984,501	\$ 60,343,922	\$ 6,359,421

Aberdeen Asia-Pacific Income Fund, Inc.

Notes to Financial Statements (concluded)

Note 5. Common Stock

There are 400 million shares of \$0.01 par value common stock authorized. At October 31, 2006, there were 265,073,644 common shares issued and outstanding.

On March 1, 2001, the Board of Directors approved a stock repurchase program. The stock repurchase program allows the Fund to repurchase up to 10% of its outstanding common stock in the open market during any 12-month period, if and when the discount to NAV is at least 10%. For the years ended October 31, 2006 and October 31, 2005, the Fund did not repurchase any shares through this program.

Note 6. Preferred Stock

The 24,000 shares of Auction Market Preferred Stock (AMPS) outstanding consist of nine series as follows: Series A 3,000 shares, Series B 3,000 shares, Series C 2,000 shares, Series D 4,000 shares, Series E 2,000 shares, Series F 2,000 shares, Series G 3,000 shares, Series H 2,500 shares and Series I 2,500 shares. The AMPS have a liquidation value of \$25,000 per share plus any accumulated but unpaid dividends whether or not declared. The AMPS have rights as set forth in the Fund's Articles of Amendment and Restatement.

Dividends on each series of AMPS are cumulative at a rate typically reset every 28 days for Series A through D and every seven days for Series E through I based on the results of an auction. Dividend rates ranged from 3.70% to 5.41% during the year ended October 31, 2006. Under the Investment Company Act of 1940, the Fund may not declare dividends or make other distributions on shares of common stock or purchase any such shares if, at the time of the declaration, distribution or purchase, asset coverage with respect to the outstanding AMPS would be less than 200%.

The AMPS are redeemable at the option of the Fund, in whole or in part, on any dividend payment date at \$25,000 per share plus any accumulated but unpaid dividends, whether or not declared. The AMPS are also subject to mandatory redemption at \$25,000 per share plus any accumulated but unpaid dividends whether or not declared if certain requirements relating to the composition of the assets and liabilities of the Fund as set forth in the Articles are not satisfied.

The holders of AMPS have voting rights equal to the holders of common stock (one vote per share) and will vote together with holders of shares of common stock as a single class. However, holders of AMPS are also entitled to elect two of the Fund's directors.

Note 7. Subsequent Events

Subsequent to October 31, 2006, the Fund declared a monthly distribution of 3.5 cents per share payable on December 15, 2006 and January 12, 2007 to common shareholders of record as of November 30, 2006 and December 29, 2006, respectively.

Edgar Filing: ABERDEEN ASIA-PACIFIC INCOME FUND INC - Form N-CSR

Subsequent to October 31, 2006, dividends and distributions declared and paid on Preferred Stock totaled \$3,773,230 for the nine outstanding preferred share series in the aggregate through December 18, 2006.

Report of Independent Registered Public Accounting Firm

To the Shareholders and Board of Directors of

Aberdeen Asia-Pacific Income Fund, Inc.

In our opinion, the accompanying statement of assets and liabilities, including the portfolio of investments, and the related statements of operations and of changes in net assets and the financial highlights present fairly, in all material respects, the financial position of Aberdeen Asia-Pacific Income Fund, Inc. (the Fund) at October 31, 2006, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as financial statements) are the responsibility of the Fund s management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities at October 31, 2006 by correspondence with the custodian and brokers, provide a reasonable basis for our opinion.

Dividend Reinvestment and Cash Purchase Plan (unaudited)

Common shareholders may elect to have all distributions automatically reinvested in Fund shares pursuant to the Fund's Dividend Reinvestment and Cash Purchase Plan (the "Plan"). Generally, shareholders who do not participate in the Plan will receive distributions in cash paid by check in United States dollars mailed directly to the shareholders of record (or if the shares are held in street or other nominee name, then to the nominee) by The Bank of New York (the "Plan Agent"). A shareholder whose shares are held by a broker or nominee that is unable to participate in the Plan may request to have his shares re-registered in his own name to participate in the Plan.

The Plan Agent serves as agent for the shareholders in administering the Plan. Distributions payable to Plan participants will be promptly invested. If the Fund declares a distribution payable in stock to shareholders who are not Plan participants, then Plan participants will receive that distribution in newly issued shares of the Fund's common stock on identical terms and conditions.

In every other case, Plan participants will receive shares on the following basis: if on payable date, the market price of the Fund's common stock plus any applicable brokerage commission is equal to or exceeds the NAV, Plan participants will receive newly-issued shares of the Fund's common stock valued at the greater of NAV or 95% of the then-current market price. If, on the other hand, the NAV plus any brokerage commission, exceeds the market price at such time, the Plan Agent will buy shares of common stock in the open market. If the market price plus any applicable brokerage commission exceeds NAV as last determined before the Plan Agent has completed its purchases, the Plan Agent will suspend making open market purchases and shall invest the balance available in newly-issued shares valued at the greater of NAV or 95% of the then-current market value. All reinvestments are in full and fractional shares carried to four decimal places.

There is no direct charge to participants for reinvesting distributions, except for brokerage commissions. The Plan Agent's fees for the handling of the reinvestment of distributions are paid by the Fund. There will be no brokerage commissions charged with respect to shares issued directly by the Fund. However, each participant will pay a pro-rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases. Purchases and sales may be made through a broker affiliated with the Plan Agent. The automatic reinvestment of distributions does not relieve participants of any Federal income tax that may be payable on such distributions.

The Plan also allows participants to make voluntary cash investments by sending additional funds by a check drawn on a U.S. bank, in U.S. dollars, payable to the Plan Agent. Additional voluntary cash investments must be in an amount of at least \$100, with a maximum of \$10,000 per month, with an aggregate annual limit of \$120,000 for the purchases of shares of the Fund's common stock on the open market. Voluntary cash investments will be invested on or before the 15th day of the month, and in no event more than 45 days after such date except where temporary curtailment or suspension of purchases is necessary to comply with applicable provisions of the federal securities laws. Cash

Aberdeen Asia-Pacific Income Fund, Inc.

Dividend Reinvestment and Cash Purchase Plan (unaudited) (concluded)

investments may be commingled with the funds held by the Plan Agent for other shareholders of the Fund, and the average price (including brokerage commissions) of all shares purchased by the Plan Agent will be the price per share allocated to each participant. In the event a participant's voluntary cash investment check is returned unpaid for any reason, the participant will be charged a \$20.00 return fee.

Participants in the Plan may withdraw some or all of their shares from the Plan upon written notice or pursuant to telephonic procedures established by the Plan Agent and will receive stock certificates for all full shares. The Plan Agent will convert any fractional shares to cash at the then-current market price, less a sales fee, and send a check to the participant for the proceeds. The sales fee payable will be the lesser of \$10 or the net proceeds from the sale of the fractional share. If the transaction fee and commissions exceed the proceeds from the sale of a fractional share, participants will receive a transaction advice instead of a check. If by giving proper notice to the Plan Agent, participants request cash in lieu of shares upon any withdrawal from the Plan, the Plan Agent will sell the shares and send the participant the proceeds less a sales fee of \$10 plus brokerage commissions of \$0.10 per share.

The Fund or Plan Agent reserves the right to amend or terminate the Plan either in full or partially upon 90 days' written notice to shareholders of the Fund.

All correspondence concerning the Plan should be directed to the Plan Agent, The Bank of New York, Shareholder Relations Department, P.O. Box 11258, Church Street Station, New York, NY 10286, or by calling 1-800-432-8224.

Item 2 Code of Ethics

- (a) As of October 31, 2006, the Registrant had adopted a Code of Ethics that applies to its principal executive officer, principal financial officer or persons performing similar functions.

- (b) For purposes of this Item, the term Code of Ethics means written standards that are reasonably designed to deter wrongdoing and promote:
 - (1) Honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
 - (2) Full, fair, accurate, timely, and understandable disclosure in reports and documents that a registrant files with, or submits to, the Commission and in other public communications made by the Registrant;
 - (3) Compliance with applicable governmental laws, rules, and regulations;
 - (4) The prompt internal reporting of violations of the code to an appropriate person or persons identified in the code; and
 - (5) Accountability for adherence to the code.

(c) During the period covered by this report, there were no material changes to the Code of Ethics referred to in 2(b) above.

(d) During the period covered by this report, there were no waivers to the provisions of the Code of Ethics referred to in 2(b) above.

(e) Not applicable.

(f) A copy of the Code of Ethics has been filed with this Form N-CSR as Item 12(a)(1). Copies of the Code of Ethics may be requested free of charge by calling toll free on 1-800-522-5465.

Item 3 Audit Committee Financial Expert.

The Board of Directors of the Registrant has designated David Elsum, Peter Sacks and John Sheehy as Audit Committee Financial Experts. Mr. Elsum, Mr. Sacks and Mr. Sheehy are all considered by the Board to be independent directors as interpreted under this Item 3.

Item 4 Principal Accountant Fees and Services.

(a) (d) Below is a table reflecting the fee information requested in Items 4(a) through (d):

	(a)	(b) ¹	(c) ²	(d)
Fiscal Year ended	Audit Fees	Audit-Related Fees	Tax Fees	All Other Fees
October 31, 2006	\$ 128,500	\$ 9,500	\$ 6,700	Nil
October 31, 2005	\$ 195,100	\$ 9,500	\$ 6,100	Nil

¹ The Audit-Related Fees are for reviewing the Basic Maintenance Tests carried out in respect of the Registrant's Auction Market Preferred Stock.

² The Tax Fees are for the completion of the Registrant's federal and state tax returns.

(e) Below are the Registrant's Pre-Approval Policies and Procedures:

(1) Audit Committee Pre-Approval Policies and Procedures

Refer to Exhibit A.

(2) None of the services described in each of paragraphs (b) through (d) of this Item involved a waiver of the pre-approval requirement by the Audit Committee pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X.

(f) Not applicable.

(g) Non-Audit Fees

	Fiscal Year Ended	Fiscal Year Ended
	October 31, 2006	October 31, 2005
Registrant	\$ 13,400	\$ 15,600
Registrant's Investment Manager	Nil	Nil

- (h) The Registrant's Audit and Valuation Committee of the Board of Directors has considered whether the provision of non-audit services that were rendered to the Registrant's investment adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the Registrant that were not pre-approved pursuant to paragraph (c)(7)(ii) of Rule 2-01 of Regulation S-X is compatible with maintaining the principal accountant's independence and has concluded that it is.

Item 5 Audit Committee of Listed Registrants.

- (a) The Registrant has a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended.

For the fiscal year ended October 31, 2006, the audit committee members were:

David Elsum

Peter D. Sacks

John T. Sheehy

- (b) Not applicable.

Item 6 Schedule of Investments.

Included as part of the Report to Shareholders filed under Item 1 of this Form N-CSR

Item 7 Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies.

Pursuant to the Registrant's Proxy Voting Policy and Procedures, the Registrant has delegated responsibility for its proxy voting to its Investment Manager and Investment Adviser, provided that the Registrant's Board has the opportunity to periodically review the Investment Manager's and Investment Adviser's proxy voting policies and material amendments thereto. The Registrant's Board of Directors most recently ratified the proxy voting policies of the Investment Manager and Investment Adviser in March 2006.

The proxy voting policies of the Registrant are referenced Exhibit B and Investment Manager and Investment Adviser are referenced Exhibit C.

(3) Aberdeen recognizes the need to provide a competitive compensation package in order to attract and retain high calibre staff. In addition to an attractive base salary and performance-related bonus, investment professionals also receive a competitive benefits package and participation in a company-wide stock ownership plan. Key executives participate in a substantial stock option plan; also cash-backed and equity-backed long-term incentive plans. The Portfolio Manager does not receive compensation from additional sources. In addition, the Portfolio Manager receives no difference in compensation between work done for the Registrant or other accounts. A description of the various compensation plans is provided below:

Executive Share Option Plan. The Aberdeen Group has an executive share option plan. Options are granted based on assessment of the individual's expected contribution to future Aberdeen Group performance. Options are granted for no consideration. Options granted may only be exercised once the Aberdeen Group's Remuneration Committee is satisfied that the prescribed performance criteria are met. The criteria have been chosen as being reflective of success in the industry sector within which the Aberdeen Group operates. The criteria have also been deemed to be appropriate in order to achieve the goal of delivering good returns to clients and shareholders alike.

Share Incentive Plan. The Share Incentive Plan is intended to encourage ownership of shares of Aberdeen PLC by employees of the Aberdeen Group, and is available to all executive directors and employees of the Aberdeen Group, thus aligning their interests with those of the shareholders. All executive directors and employees who have been employed for a minimum period of 12 months may participate in the Share Incentive Plan.

Pension. The Aberdeen Group offers a contributory money purchase pension plan to which the employer's contribution is 15% of basic salary and the employee contributes 5%. Once an employee becomes a member of the Aberdeen Group's pension plan, the Aberdeen Group will provide life insurance coverage that provides death-in-service benefits.

Deferred Bonus. During 2003, the Aberdeen Group implemented a deferred bonus plan designed to encourage the retention of certain key employees identified as critical to the Aberdeen Group's achievement of its long-term goals. An employee benefit trust was established and funded for the purpose of paying potential awards under this plan. Deferred payments made in the form of cash bonuses will be paid to qualifying employees over a three year period from 2004 to 2006.

Long Term Incentive Plan (LTIP). The LTIP is administered by an independent professional trustee. Under the LTIP, an award made by the trustee to an eligible participant may take one of the following two forms:

1. The right to acquire a specified number of shares. The number of shares which may be acquired will be determined by the performance of the Aberdeen Group over the relevant measurement period; or
2. The acquisition of shares by a participant at the time the award is made. The participant's ownership of any shares is contingent upon the satisfaction of the Aberdeen Group's performance targets.

In each case, the rules of the LTIP will ensure that the participant does not acquire ownership of the relevant shares until the end of the measurement period and then only to the extent that the performance targets have been satisfied.

Performance is reviewed on a formal basis once a year and this review influences individual staff members' subsequent remuneration. The review process looks at all of the ways in which an individual has contributed to the organization, and specifically, in the case of investment managers, to the investment team. Discretionary bonuses are based on a combination of the team and the individual's performance, as well as industry comparatives and the Aberdeen Group's performance as a whole. The weighting of these factors varies and overall participation in team meetings, generation of original research ideas and contribution to presenting the team externally are also contributory factors. Discretionary bonuses generally range from 10% to 50% of a portfolio manager's annual salary; equity incentives could provide a substantially greater part of compensation over the longer term (3 years or more).
