INFORMATION ABOUT THIS PROXY STATEMENT AND THE ANNUAL MEETING

Why am I receiving these materials?

We are providing these proxy materials in connection with the solicitation by the Board of Directors of Avon Products, Inc. (Avon, the Company, we, us, or our) of proxies to be voted at our Annual Meeting of Shareholders, which will take place on Thursday, May 3, 2007. As a shareholder, you are invited to attend the Annual Meeting and you are entitled and requested to vote on the matters set forth in the Notice of Annual Meeting of Shareholders, which are described in this Proxy Statement. In addition, at the Annual Meeting, we will review the business and operations of the Company and respond to questions from shareholders.

Who may attend the Annual Meeting?

Anyone who was a shareholder as of the close of business on March 15, 2007 may attend the Annual Meeting if you have an admission ticket and photo identification. For shareholders of record, an admission ticket is attached to the proxy card sent with this Proxy Statement. If you plan to attend the Annual Meeting, please vote your proxy but keep the admission ticket and bring it with you to the Annual Meeting. For beneficial owners holding shares in a bank or brokerage account, you can obtain an admission ticket in advance by sending a written request, along with proof of ownership (such as a brokerage statement), to our Investor Relations Department, Avon Products, Inc., 1345 Avenue of the Americas, New York, NY 10105, by mail or by fax to 212-282-6035. We must receive your request at least one week prior to the Annual Meeting to have time to process your request and mail the admission ticket to you. Anyone who arrives without an admission ticket will not be admitted to the Annual Meeting unless it can be verified that the individual was a shareholder of the Company as of March 15, 2007.

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered, with respect to those shares, the shareholder of record, and the proxy materials have been sent directly to you by Avon. If your shares are held in a stock brokerage account or by a bank or other record holder, you are considered the beneficial owner of shares held in street name. The proxy materials have been forwarded to you by your broker, bank or other record holder who is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the right to direct your broker, bank or other record holder on how to vote and you are also invited to attend the Annual Meeting. Your broker, bank or other record holder should have enclosed or provided voting instructions for you to use in directing the voting of your shares.

What is the purpose of this Proxy Statement?

This Proxy Statement describes the matters proposed to be voted on at the Annual Meeting, including the election of directors, the ratification of the appointment of our independent registered public accounting firm, the amendments to our Restated Certificate of Incorporation and By-Laws and, if presented, a proposal by a shareholder, and this Proxy Statement also contains other required information. The Proxy Statement and accompanying proxy card are being mailed on or about March 30, 2007.

Who is entitled to vote?

Only holders of record of Avon's common stock at the close of business on March 15, 2007 are entitled to vote. There were approximately shares of Avon's common stock outstanding on March 15, 2007. Shareholders are currently entitled to vote cumulatively for the election of directors and to cast one vote per share on all other matters. For more information on cumulative voting, see the description on page 4 under Proposal 1 Election of Directors.

Table of Contents

How do I vote my shares in person at the Annual Meeting?

Shares held in your name as the shareholder of record may be voted in person at the Annual Meeting. Shares held beneficially in street name may be voted in person at the Annual Meeting only if you obtain a legal proxy from the broker, bank or other record holder that holds your shares giving you the right to vote the shares. Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instructions as described above so that your vote will be counted if you later decide not to attend the Annual Meeting.

How do I vote my shares without attending the Annual Meeting?

You can vote by filling out the accompanying proxy card and returning it in the return envelope that we have enclosed for you. Also, shareholders can vote by telephone or via the Internet unless you want to cumulate your votes, in which case you must vote by using the proxy card. Voting information is provided on the enclosed proxy card.

If your shares are held in the name of a bank, broker or other record holder, follow the voting instructions on the form that you receive from them. The availability of telephone and Internet voting will depend on the bank's or other record holder's voting process. Your bank, broker or other record holder may not be permitted to exercise voting discretion as to some of the matters to be acted upon. Therefore, please give voting instructions to your bank, broker or other record holder.

How will my proxy be voted?

Your proxy, when properly signed and returned to us, or processed by telephone or via the Internet, and not revoked, will be voted in accordance with your instructions relating to the election of directors, the ratification of the appointment of our independent registered public accounting firm, the amendments to our Restated Certificate of Incorporation and By-Laws and, if presented, an individual shareholder proposal. We are not aware of any other matter that may be properly presented at the meeting. If any other matter is properly presented, the persons named as proxies on the proxy card will have discretion to vote in their best judgment.

What if I don't mark the boxes on my proxy?

Unless you give other instructions on your proxy card, or unless you give other instructions when you cast your vote by telephone or via the Internet, the persons named as proxies will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth with the description of each Proposal in this Proxy Statement. In summary, the Board recommends a vote for the election of directors, the ratification of the appointment of our independent registered public accounting firm, and the amendments to our Restated Certificate of Incorporation and By-Laws, and against the individual shareholder proposal.

May I revoke or change my vote?

Edgar Filing: AVON PRODUCTS INC - Form PRE 14A

If you are a shareholder of record, you may revoke your proxy at any time before it is actually voted by giving written notice of revocation to the Secretary of Avon, by delivering a proxy bearing a later date or by attending and voting in person at the Annual Meeting. Attendance at the Annual Meeting will not cause your previously granted proxy to be revoked unless you specifically make that request. If you are a beneficial owner of shares, you may submit new voting instructions by contacting your bank, broker or other record holder, or, if you have obtained a legal proxy from your bank, broker or other record holder giving you the right to vote your shares, by attending the meeting and voting in person.

Will my vote be made public?

All proxies, ballots and voting materials that identify the votes of specific shareholders will generally be kept confidential, except as necessary to meet applicable legal requirements and to allow for the tabulation of votes and certification of the vote.

Table of Contents

What constitutes a quorum, permitting the meeting to conduct its business?

The presence at the meeting, in person or by proxy, of the holders of a majority of the outstanding shares entitled to vote at the Annual Meeting will constitute a quorum, permitting the meeting to conduct its business. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a bank, broker or other record holder holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. If you do not give instructions to the bank, broker or other record holder holding your shares, it will not have discretionary voting power to vote your shares with respect to Proposals 3 and 4.

How many votes are needed to approve a Proposal?

Under New York law, corporate action taken at a shareholders' meeting is generally based on the votes cast. Votes cast means the votes actually cast for or against a particular proposal, whether in person or by proxy. Therefore, abstentions and broker non-votes generally have no effect in determining whether a proposal is approved by shareholders. Directors are currently elected by a plurality of the votes cast. The approval of Proposals 2 and 4 requires the affirmative vote of a majority of the votes cast at the Annual Meeting. However, the approval of Proposal 3 to amend our Restated Certificate of Incorporation to implement the adoption of a majority vote standard and to eliminate cumulative voting in the election of directors requires the affirmative vote of the majority of all of our outstanding shares, not merely votes cast, and the approval of certain amendments to our By-Laws requires the affirmative vote of 80% of all of our outstanding shares, as described under Proposal 3 Approval of Amendments to the Company's Restated Certificate of Incorporation and By-Laws to Implement the Adoption of a Majority Vote Standard and to Eliminate Cumulative Voting in the Election of Directors.

What if I am a participant in the Avon Personal Savings Account Plan or the Avon Puerto Rico Associates' Savings Plan?

We are also mailing this Proxy Statement and proxy card to participants in the Avon Personal Savings Account Plan and the Avon Puerto Rico Associates' Savings Plan. The trustees of the Plans, as record holders of the shares held in the Plans, will vote the shares allocated to your account under the Plans in accordance with your instructions. Unless your proxy card is received by 11:59 p.m. (New York time) on April 30, 2007 and unless you have specified your instructions, your shares cannot be voted by the trustees.

What is the deadline for voting my shares?

If you hold shares as the shareholder of record, you should complete and return the proxy card as soon as possible, but no later than the closing of the polls at the Annual Meeting. If you vote by telephone or the Internet, your vote must be received by 11:59 p.m. (New York time) on May 2, 2007. If you hold shares in the Avon Personal Savings Account Plan or the Avon Puerto Rico Associates' Savings Plan, as indicated above, your voting instructions must be received by 11:59 p.m. (New York time) on April 30, 2007. If your shares are held in street name, you should return your voting instructions in accordance with the instructions provided by the bank, broker or other record holder who holds the shares on your behalf.

Who will count the vote?

Edgar Filing: AVON PRODUCTS INC - Form PRE 14A

Representatives of our transfer agent, Computershare Trust Company, N.A., will tabulate the votes and act as inspectors of election.

How can I find the voting results of the Annual Meeting?

We intend to announce preliminary voting results at the Annual Meeting and to publish final results in our quarterly report on Form 10-Q for the second quarter of 2007.

PROPOSAL 1 ELECTION OF DIRECTORS

Effective from and after the date of the 2006 Annual Meeting, the Board of Directors has fixed the number of directors at 10. Each nominee elected as a director will hold office until the next succeeding annual meeting or until his or her successor is elected and qualified.

PROPOSAL 1: The Board of Directors has nominated W. Don Cornwell, Edward T. Fogarty, Stanley C. Gault, Fred Hassan, Andrea Jung, Maria Elena Lagomasino, Ann S. Moore, Paul S. Pressler, Paula Stern and Lawrence A. Weinbach for election as directors. All nominees are current members of our Board.

All shares duly voted will be voted for the election of directors as specified by the shareholders. Unless otherwise specified, it is the intention of the persons named on the enclosed proxy card to vote **FOR** the election of all of the nominees, each of whom has consented to serve as a director of the Company if elected. We have no reason to believe that any of the nominees will be unable or decline to serve as a director.

In voting for the election of directors, you are currently entitled to vote cumulatively. Each shareholder is entitled to cast the number of votes equal to the number of shares held of record by the shareholder, multiplied by the number of directors to be elected in the election. You may cast all of such votes in this election for a single nominee, or distribute them among any two or more nominees, as you see fit. If you wish to cumulate your votes, you will need to submit a proxy card or a ballot and indicate the distribution of your votes among the nominees in the space provided on the enclosed proxy card or on your ballot when voting at the Annual Meeting. If votes are not so distributed on the proxy card or ballot, then persons named as proxies may exercise the right to vote your shares represented by such proxy cumulatively and may distribute the votes represented by such proxy among one or more of the nominees listed below in any manner they see fit. Cumulative voting by telephone or via the Internet is not possible. If you hold shares beneficially in street name and wish to cumulate votes, you should contact your bank, broker or other record holder.

If a nominee receives a greater number of votes withheld from his or her election than votes for such election, he or she is required to tender his or her resignation to the Chairman of the Board for consideration by the Nominating and Corporate Governance Committee in accordance with the corporate governance guideline adopted by the Board in January 2006 and described on page 11.

As described under Proposal 3 Approval of Amendments to the Company's Restated Certificate of Incorporation and By-Laws to Implement the Adoption of a Majority Vote Standard and to Eliminate Cumulative Voting in the Election of Directors, the Board of Directors is recommending that the shareholders approve amendments to the Company's Restated Certificate of Incorporation and By-Laws in order to eliminate plurality voting in uncontested elections of directors and to require that a nominee for director in an uncontested election receive a majority of the votes cast with respect to such director's election in order to be elected to the Board. Furthermore, the Board is recommending the elimination of cumulative voting, which the Board believes is incompatible with the adoption of a majority voting standard. If these amendments are approved by the shareholders, they will become effective as of May 3, 2007 and will apply to all director elections following the 2007 Annual Meeting of Shareholders.

Director Independence

The Board of Directors assesses the independence of its members at least annually in accordance with the listing standards of the New York Stock Exchange, the Sarbanes-Oxley Act of 2002 and the regulations of the Securities and Exchange Commission, as well as the Company's Corporate Governance Guidelines available on the Company's investor website (www.avoninvestor.com). As part of its assessment of the independence of the non-management directors, the Board determines whether or not any such director has a material relationship with Avon, either directly or indirectly as a partner, shareholder or officer of an organization that has a relationship with Avon. In making this determination, the Board broadly considers all relevant facts and circumstances and will consider this issue not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation. This consideration will include: (i) the nature of the relationship; (ii) the significance of the relationship to Avon, the other organization and the individual director; (iii) whether or not the relationship is solely a business relationship in the ordinary course of Avon's and the other organization's businesses and does not afford the director any special benefits; and (iv) any commercial, industrial, banking, consulting, legal, accounting, charitable, familial and other relationships; *provided*, that ownership of a significant amount of Avon stock is not, by itself, a bar to independence. In assessing the independence of directors and the materiality of any relationship with Avon and the other organization, the Board has determined that a relationship in the ordinary course of business involving the sale, purchase or leasing of property or services will not be deemed material if the amounts involved, on an annual basis, do not exceed the greater of (i) \$1,000,000 or (ii) one percent (1%) of Avon's revenues or one percent (1%) of the revenues of the other organization involved.

The Company, as is common for major global consumer products companies, regularly advertises through various media, including television and magazines. Some of these advertisements may appear from time to time on television stations owned by or associated with Granite Broadcasting Corp., of which Mr. Cornwell is Chairman and Chief Executive Officer, or in magazines owned by Time Inc., of which Mrs. Moore is Chairman and Chief Executive Officer. In 2006, the aggregate cost of advertisements appearing on such television stations or in such magazines was not material to Avon nor was the associated revenue material to either Granite Broadcasting Corp. or Time Inc.

[Based on the materiality standard described above, none of the relationships between the Company and Mrs. Moore or Mr. Cornwell, respectively, or any of the other non-management directors was material during 2006. The Board of Directors has concluded that each non-management director is independent of the Company.]

Director Nomination Process & Shareholder Nominations

As noted above, the Board of Directors has determined that each member of the Nominating and Corporate Governance Committee is independent as defined by the listing standards of the New York Stock Exchange and the Company's Corporate Governance Guidelines.

The Committee's process for considering all candidates for election as directors, including shareholder-recommended candidates, is designed to ensure that the Committee fulfills its responsibility to recommend candidates that are properly qualified and are not serving any special interest groups, but rather the best interest of all of the shareholders.

Table of Contents

Our Corporate Governance Guidelines and the charter of the Nominating and Corporate Governance Committee require that our directors possess the highest standards of personal and professional ethics, character and integrity and meet the standards set forth in our Corporate Governance Guidelines. In identifying candidates for membership on the Board, the Committee takes into account all factors it considers appropriate, consistent with criteria approved by the Board, which may include professional experience, knowledge, independence, diversity of backgrounds and the extent to which the candidate would fill a present or evolving need on the Board.

If there is a need for a new director because of an open position on the Board or because the Board has determined to increase the total number of directors, the Committee may retain a third-party search firm to locate candidates that meet the needs of the Board at that time. When a search firm is used, the firm typically provides information on a number of candidates, for review and discussion by the Committee. If appropriate, the Committee chair and some or all of the members of the Committee may interview potential candidates. If in these circumstances, the Committee determines that a potential candidate meets the needs of the Board, has the relevant qualifications, and meets the standards set forth in the Company's Corporate Governance Guidelines, the Committee will vote to recommend to the Board the election of the candidate as a director.

The Nominating and Corporate Governance Committee will consider director candidates recommended by shareholders if properly submitted to the Committee. Shareholders wishing to recommend persons for consideration by the Committee as nominees for election to the Board of Directors can do so by writing to the Nominating and Corporate Governance Committee, c/o Corporate Secretary, Avon Products, Inc., 1345 Avenue of the Americas, New York, New York 10105. Recommendations must include the proposed nominee's name, detailed biographical data, work history, qualifications and corporate and charitable affiliations, as well as a written statement from the proposed nominee consenting to be named as a nominee and, if nominated and elected, to serve as a director. The Committee will then consider the candidate and the candidate's qualifications using the criteria as set forth above. The Committee may discuss with the shareholder making the nomination the reasons for making the nomination and the qualifications of the candidate. The Committee may then interview the candidate and may also use the services of a search firm to provide additional information about the candidate prior to making a recommendation to the Board.

In addition, shareholders of record may nominate candidates for election to the Board by following the procedures set forth in our By-Laws. Information regarding these procedures for nominations by shareholders will be provided upon request to the Corporate Secretary of the Company.

Board Policy Regarding Voting for Directors

The Company has a corporate governance guideline whereby any nominee for director who receives a greater number of votes withheld than votes for his or her election in an uncontested election of directors will promptly tender his or her resignation to the Chairman of the Board for consideration by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee will recommend to the Board the action to be taken with respect to such offer of resignation. The Nominating and Corporate Governance Committee will consider all factors deemed relevant by its members including, without limitation, the stated reasons why shareholders withheld votes, the length of service and qualifications of the director whose resignation has been tendered, the director's contributions to the Company, and the Company's Corporate Governance Guidelines. The Board will act on the Nominating and Corporate Governance Committee's recommendation no later than 90 days following the date of the shareholders' meeting where the election occurred, and the Company will promptly publicly disclose the Board's decision whether to accept the resignation as tendered. The above is set forth in the Company's Corporate Governance Guidelines, which are available on the Company's investor website (www.avoninvestor.com).

As described under Proposal 3 Approval of Amendments to the Company's Restated Certificate of Incorporation and By-Laws to Implement the Adoption of a Majority Vote Standard and to Eliminate Cumulative

Table of Contents

Voting in the Election of Directors, the Board of Directors is recommending that the shareholders approve amendments to the Company's Restated Certificate of Incorporation and By-Laws in order to eliminate plurality voting in uncontested elections of directors and to require that a nominee for director in an uncontested election receive a majority of the votes cast with respect to such director's election in order to be elected to the Board. Furthermore, the Board is recommending the elimination of cumulative voting, which the Board believes is incompatible with the adoption of a majority voting standard. If these amendments are approved by the shareholders, the Company will also amend its Corporate Governance Guidelines and Nominating and Corporate Governance Committee charter to reflect the majority vote standard and the elimination of cumulative voting as described under Proposal 3.

Certain Legal Proceedings

In August 2005, a shareholder derivative complaint was filed in the United States District Court for the Southern District of New York, purportedly brought on behalf of Avon entitled *Robert L. Garber, derivatively on behalf of Avon Products, Inc. v. Andrea Jung et al. as defendants, and Avon Products, Inc. as nominal defendant*. An amended complaint was filed in this action in December 2005 in the United States District Court for the Southern District of New York (Master File Number 05-CV-06803) under the caption *In re Avon Products, Inc. Securities Litigation* naming certain of our officers and directors. The amended complaint alleges that defendants' violations of state law, including breaches of fiduciary duties, abuse of control, gross mismanagement, waste of corporate assets and unjust enrichment, between February 2004 and the present, have caused losses to Avon. In February 2006, we filed a motion to dismiss the amended complaint, asserting, among other things, that it failed to state a claim upon which relief may be granted, and the plaintiffs have opposed that motion.

Policies and Procedures for Related Person Transactions

The Company has policies and procedures for the review, approval and ratification of related person transactions as defined under the rules and regulations of the Securities Exchange Act of 1934.

The Company's Code of Business Conduct and Ethics (the "Code"), which is available on the Company's investor website (www.avoninvestor.com), prohibits all conflicts of interest. Under the Code, conflicts of interest occur when private or family interests interfere in any way, or even appear to interfere, with the interests of the Company. The Company's prohibition on conflicts of interest under the Code includes any related person transaction.

The Company's compliance committee, which was established by the Board of Directors and includes members of the Company's senior management, initially reviews all actual or apparent conflicts of interest, or potential conflicts of interest, under the Code. However, under the written charter of the committee, any conflicts of interest that are related person transactions must be forwarded, with a recommendation of how to proceed, to the Board of Directors for review, approval or ratification of the transaction. The Board of Directors shall consider any related person transactions, including the recommendation from the compliance committee, in a manner that best serves the interests of the Company and its shareholders. Any approval or ratification of a related person transaction that requires a waiver of the Code by the Board of Directors shall be disclosed as required.

The Company has multiple processes for reporting conflicts of interests, including related person transactions, to the compliance committee. Under the Code, all employees are required to report any actual or apparent conflict of interest, or potential conflict of interest, to the compliance committee. The Company also annually distributes a questionnaire to its executive officers and members of the Board of Directors requesting certain information regarding, among other things, their immediate family members, employment and beneficial ownership interests, which information is then reviewed for any conflicts of interest under the Code. In addition, the Company's global internal audit function has processes in place, under its written procedure policies, to identify potential conflicts of interest and report them to the compliance committee. One process is its periodic survey of employees, including executive officers, which asks specific questions regarding potential conflicts of interest under the Code, and requires certification of compliance with the Code. The global internal audit function also periodically surveys the Company's global finance function, including accounts payable, for any amounts paid to any member of the Board of Directors, executive officer or 5% shareholder of the Company, and certain of such persons' affiliates. Accounts payable then produces a report of any amounts paid to any such persons, which is then reviewed for any potential conflicts of interest under the Code.

The Company also has other policies and procedures to prevent conflicts of interest, including related person transactions. For example, the Company's Corporate Governance Guidelines, which are available on the Company's investor website (www.avoninvestor.com), require that the Board of Directors assess the independence of its non-management directors at least annually, including a requirement that it determine whether or not any such directors have a material relationship with the Company, either directly or indirectly, as defined therein and as further described

under Director Independence on page 11. In addition, the Company maintains a number of controls and procedures, including a written global policy, for the proper review and approval of contracts and other financial commitments.

AUDIT COMMITTEE REPORT

The Company has a separately designated standing Audit Committee established in accordance with the Securities Exchange Act of 1934. The Audit Committee is composed of four directors whom the Board of Directors has determined meet the independence and financial literacy and expertise standards of the New York Stock Exchange, the Sarbanes-Oxley Act of 2002, the Securities and Exchange Commission and the Company's Corporate Governance Guidelines. The Board has also determined that Lawrence A. Weinbach, the Committee's Chair, is qualified to be an Audit Committee Financial Expert, under the rules of the Securities and Exchange Commission.

The basic function of the Audit Committee is oversight of the integrity of the Company's financial statements, controls and disclosures, the Company's compliance with legal and regulatory requirements, the qualifications and independence of the Company's independent accountants and the performance of the Company's internal audit function and its independent accountants. A copy of the charter of the Audit Committee, which describes this and other responsibilities of the Committee is available on the Company's investor website (www.avoninvestor.com). The Company's management has responsibility for the financial statements and the reporting process, including maintaining effective disclosure controls and procedures. The Company's management is also responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of the Company's internal control over financial reporting. The Company's independent registered public accounting firm, PricewaterhouseCoopers LLP (PwC), is responsible for auditing the financial statements prepared by management and providing their opinions, based on their audit, as to whether the financial statements fairly present, in all material respects, the financial position, results of operations and cash flows of the Company in conformity with generally accepted accounting principles and as to management's assessment of the effectiveness of the Company's internal control over financial reporting. PwC's responsibility is also to design and perform their audit to provide reasonable assurance that the Company's financial statements are free of material misstatements and whether effective internal control over financial reporting was maintained in all material respects. It is not the duty of the Audit Committee, or of any of its members, to conduct separate auditing or accounting reviews or provide independent assurance of the Company's compliance with applicable laws and regulations.

In this context, the Committee has reviewed and discussed with management and PwC the audited financial statements for the year ended December 31, 2006, management's assessment of the effectiveness of the Company's internal control over financial reporting and PwC's evaluation of the Company's internal control over financial reporting. The Committee has also discussed with management and PwC the matters required to be discussed by the rules of the New York Stock Exchange, the Securities and Exchange Commission and the charter of the Audit Committee. The Committee has discussed with PwC the matters required to be discussed by Statement on Auditing Standards No. 61, as amended. The Committee has received the written disclosures and the letter from PwC required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), has considered whether the provision of non-audit services by PwC to the Company is compatible with maintaining PwC's independence and has discussed with PwC its independence, including any relationships that may impact their objectivity and independence.

Based upon the review and discussions described in this report, the members of the Audit Committee recommended to the Board that the audited financial statements for the year ended December 31, 2006 be included in the Company's Annual Report on Form 10-K for 2006 filed with the Securities and Exchange Commission.

PROPOSAL 3 APPROVAL OF AMENDMENTS TO THE COMPANY'S RESTATED CERTIFICATE OF INCORPORATION AND BY-LAWS TO IMPLEMENT THE ADOPTION OF A MAJORITY VOTE STANDARD AND TO ELIMINATE CUMULATIVE VOTING IN THE ELECTION OF DIRECTORS

After careful consideration and a review of those policies widely considered to enhance corporate governance, the Board of Directors (the Board) has decided that it would be in the best interest of the Company and its shareholders to amend the Restated Certificate of Incorporation and By-Laws in order to eliminate plurality voting in uncontested elections of directors and to require that a nominee for director in an uncontested election receive a majority of the votes cast with respect to such director's election in order to be elected to the Board (a majority vote standard). Such a move has recently garnered increased support among shareholders, corporate governance experts and many companies. (See Appendices B and C.)

In order to adopt a majority vote standard, the Company must amend its Restated Certificate of Incorporation to include a specific majority vote provision. An amendment is necessary to implement a majority vote standard because the Restated Certificate of Incorporation, by its silence, currently embraces a plurality vote standard, the default standard under Section 614 of the Business Corporation Law of the State of New York; a deviation from this default is permitted only if specifically annunciated in a corporation's certificate of incorporation.

Furthermore, the Company's Restated Certificate of Incorporation currently provides for cumulative voting in the election of directors. Under cumulative voting, each shareholder is entitled to as many votes as is equal to the number of votes which he would be entitled to cast for the election of directors with respect to his shares of stock multiplied by the number of directors to be elected. A shareholder may cast all such votes for a single candidate or may distribute them among as many candidates as such shareholder chooses. The Board believes that cumulative voting is incompatible with the adoption of a majority vote standard. While a majority vote standard clearly acts to empower the majority, cumulative voting permits minorities to exercise undue influence in director elections. Given this incongruity, the Board believes that the elimination of cumulative voting is appropriate and consistent with the implementation of a majority vote standard.

While the amendment of the Company's Restated Certificate of Incorporation is sufficient to effectuate the adoption of a majority vote standard and the elimination of cumulative voting, the Board's proposal also provides for the adoption of various amendments to the Company's By-Laws. These amendments will serve to clarify the By-Laws by eliminating the unnecessary references to cumulative voting or a plurality vote standard, both of which would have been superseded by the proposed amendment to the Restated Certificate of Incorporation. While some of these amendments to the By-Laws will be implemented by the Board upon passage of this proposal, other amendments may only be adopted if this proposal is approved by vote of the holders of at least 80% of the voting power of all shares of the Company entitled to vote generally in the election of directors, voting together as a single class.

Background of Proposal

As described above, the Board believes that a change to a majority vote standard in uncontested elections is appropriate at this time and will further enhance the Company's governance. Under the Company's current plurality vote standard, a director nominee in a director election can be elected or re-elected with as little as a single affirmative vote, even while a substantial majority of the votes cast are withheld from that director nominee. For example, if 99% of the shares withhold authority to vote for a candidate, a 1% for vote results in the candidate's election or re-election to the Board. The proposed majority vote standard would require that a nominee for director in an uncontested election receive a majority of the votes cast with respect to such director's election in order to be elected to the Board. While a plurality vote standard guarantees the election of a director in an uncontested election, a majority vote standard would mean that uncontested nominees are only elected if a majority of shareholders vote in their favor. The Board believes that the proposed majority vote standard for uncontested elections empowers shareholders, strengthens the director nomination process and enhances director accountability.

Table of Contents

The Board believes that it is inappropriate to establish a majority vote standard while cumulative voting still exists. The Board believes that cumulative voting is philosophically incompatible with a majority vote standard because cumulative voting seeks to empower minorities (*i.e.*, it enables individual shareholders or groups of shareholders with less than a majority of the shares to cumulate their votes to elect directors), while majority voting seeks to empower majorities. Given the Company's 10 person board, under cumulative voting, holders of as little as 10.1% of the shares of the Company's stock could elect an individual director. This aspect of cumulative voting raises an additional problem in that the special interests of the constituencies that are able to elect certain Board members can create partisanship and divisiveness among Board members and impair the Board's ability to operate effectively as a governing body. Such a result is detrimental to the remaining majority of the Company's shareholders.

The Board believes that each director should represent the interest of all shareholders, rather than the interest of a minority shareholder or special constituency. The adoption of a majority vote standard and the elimination of cumulative voting for directors is consistent with the Company's desire to more closely align shareholder interests and Board accountability. Accordingly, the Board, after review and deliberation, determined that, in order to establish a majority vote standard, eliminating cumulative voting of directors is in the best interests of the Company and its shareholders.

Under Section 614 of the Business Corporation Law of the State of New York, the adoption of a majority voting standard in the election of directors requires an amendment to the Restated Certificate of Incorporation. Article VI of the Restated Certificate of Incorporation establishes cumulative voting for director elections. Accordingly, the Board recommends deleting the current text of Article VI in its entirety and replacing it with a majority vote provision.

Upon amending the Restated Certificate of Incorporation to adopt a majority vote standard and to eliminate cumulative voting, several provisions in the Company's By-Laws relating to a plurality vote standard and cumulative voting will become ineffective. Section 601(b) of the Business Corporation Law of the State of New York limits the scope of a corporation's by-laws to those provisions not inconsistent with the corporation's certificate of incorporation. The plurality vote provisions in the By-Laws will become void because Section 614 of the Business Corporation Law of the State of New York empowers the majority voting provision in the Restated Certificate of Incorporation to supersede the default position of plurality voting. Furthermore, those provisions in the By-Laws referring to cumulative voting will become obsolete because the Restated Certificate of Incorporation will no longer provide for cumulative voting; Section 618 of the Business Corporation Law of the State of New York requires that cumulative voting specifically be provided for in a corporation's certificate of incorporation or the right to cumulative voting does not exist. Accordingly, upon the approval of this proposal by a majority of the voting power of all shares of the Company entitled to vote generally in the election of directors, voting together as a single class, the elimination of cumulative voting and establishment of a majority vote standard will become effective without any further action by the Company.

However, in order to clarify the By-Laws of the Company, remove certain By-Law provisions superseded by this proposal and make the majority vote standard fully operable, the Board of Directors plans to exercise its powers under the By-Laws to make the following amendments to the By-Laws:

The removal of the reference to cumulative voting in Section 5 of Article II.

The addition of new Sections 13 and 14 to Article III, requiring that: (1) an incumbent director who fails to receive the affirmative vote of a majority of the votes present and voting in an uncontested election at a meeting of shareholders submit his or her resignation, with such resignation to be considered by the members of the Nominating and Corporate Governance Committee and the Board, other than such incumbent director; and (2) nominees for director complete and deliver to the Secretary a questionnaire detailing certain background information.

Edgar Filing: AVON PRODUCTS INC - Form PRE 14A

The amendment of Section 2 of Article XI to eliminate the prohibition on the Board's ability to amend or repeal by-laws with respect to cumulative voting.

Table of Contents

Moreover, if this proposal also receives the support of at least 80% of the voting power of all shares of the Company entitled to vote generally in the election of directors, voting together as a single class, the following amendments to the By-Laws of the Company will be adopted, which amendments the Board has recommended in order to delete certain By-Law provisions superseded or no longer relevant in light of the adoption of the amendment to the Restated Certificate of Incorporation:

The removal of all references to a plurality vote standard and cumulative voting in Section 1 of Article III.

The deletion of Section 3 of Article XI, which would eliminate all supermajority voting requirements on the power to amend certain sections of Articles III and XI of the By-Laws.

Board Recommendation

After review, the Nominating and Corporate Governance Committee recommended the adoption of the various amendments to the Company's Restated Certificate of Incorporation and By-Laws described above. The Board of Directors agreed with this recommendation and determined that the various amendments are advisable and in the best interests of the Company and its shareholders. Accordingly, the Board has proposed these amendments to the Company's Restated Certificate of Incorporation and By-Laws and recommends that Company shareholders approve such amendments by voting in favor of this proposal.

Vote Required

Under Section 803 of the Business Corporation Law of the State of New York, the proposal to amend Article VI of the Company's Restated Certificate of Incorporation must be approved by a majority of the common stock outstanding as of March 15, 2007, the record date for voting. Abstentions and broker non-votes will be counted as present for purposes of determining if a quorum is present, but will have the same effect as a negative vote on the outcome of this proposal.

Under Section 3 to Article XI of the Company's By-Laws the proposal to amend the various By-Laws described in the second set of bulleted points above must be approved by vote of the holders of at least 80% of the voting power of all shares of the Company entitled to vote generally in the election of directors, voting together as a single class. Abstentions and broker non-votes will be counted as present for purposes of determining if a quorum is present but will have the same effect as a negative vote on the outcome of this proposal.

The Board of Directors recommends a vote FOR approval of the amendments to the Company's Restated Certificate of Incorporation and By-Laws to adopt a majority vote standard and eliminate cumulative voting.

PROPOSAL 4 RESOLUTION REQUESTING BENCHMARKING INCENTIVE COMPENSATION GOALS AGAINST PEER GROUP PERFORMANCE

The Company is informed that the United Brotherhood of Carpenters Pension Fund, whose address and share ownership will be furnished promptly upon receipt of any oral or written request, intends to introduce at the Annual Meeting the following resolution:

RESOLVED: That the shareholders of Avon Products, Inc. (Company) request that the Board of Director s Executive Compensation Committee establish a pay-for-superior-performance standard in the Company s executive compensation plan for senior executives (Plan), by incorporating the following principles into the Plan:

1. The annual incentive or bonus component of the Plan should utilize defined financial performance criteria benchmarked against a disclosed peer group of companies, and provide that an annual bonus should be awarded only when the Company s performance exceeds its peers median or mean performance on the selected financial criteria;
2. The long-term compensation component of the Plan should utilize defined financial and/or stock price performance criteria benchmarked against a disclosed peer group of companies. Options, restricted shares, or other equity or non-equity compensation used in the Plan should be structured so that compensation is received only when the Company s performance exceeds its peers median or mean performance on the selected financial and stock price performance criteria; and
3. Plan disclosure should be sufficient to allow shareholders to determine and monitor the pay and performance correlation established in the Plan.

The proponent has furnished the following statement in support of the resolution:

We feel it is imperative that compensation plans for senior executives be designed and implemented to promote long-term corporate value. A critical design feature of a well-conceived executive compensation plan is a close correlation between the level of pay and the level of corporate performance relative to industry peers. We believe the failure to tie executive compensation to superior corporate performance; that is, performance exceeding peer group performance, has fueled the escalation of executive compensation and detracted from the goal of enhancing long-term corporate value.

We believe that common compensation practices have contributed to excessive executive compensation. Compensation committees typically target senior executive total compensation at the median level of a selected peer group, then they design any annual and long-term incentive plan performance criteria and benchmarks to deliver a significant portion of the total compensation target regardless of the company s performance relative to its peers. High total compensation targets combined with less than rigorous performance benchmarks yield a pattern of superior-pay-for-average-performance. The problem is exacerbated when companies include annual bonus payments among earnings used to calculate supplemental executive retirement plan (SERP) benefit levels, guaranteeing excessive levels of lifetime income through inflated pension payments.

We believe the Company s Plan fails to promote the pay-for-superior-performance principle. Our Proposal offers a straightforward solution: The Compensation Committee should establish and disclose financial and stock price performance criteria and set peer group-related performance benchmarks that permit awards or payouts in its annual and long-term incentive compensation plans only when the Company s performance

exceeds the median of its peer group. A senior executive compensation plan based on sound pay-for-superior-performance principles will help moderate excessive executive compensation and create competitive compensation incentives that will focus senior executives on building sustainable long-term corporate value.

Board of Directors Statement on Proposal 4:

The Board of Directors and Compensation Committee strongly support the concept of performance-based compensation and recognize that there may be circumstances in which peer group benchmarking may be beneficial. The Board does not support Proposal 4, however, as the Board does not believe that the Company should be locked into providing incentive compensation only if performance exceeds peer group benchmarks.

As noted in the Compensation Discussion and Analysis set forth earlier in this Proxy Statement, our executive incentive compensation program is tied to individual and Company performance as well as the performance of our stock. We believe that linking incentive goals to our own performance, rather than the financial performance of peers, is the best way to enhance shareholder value. Peer group companies may be seeking to implement different strategies, or may be impacted by many factors that do not provide comparability, and linking incentives only to a comparison of their performance may have undesirable consequences. For example, the Board does not agree that executives should be awarded an incentive bonus solely because the Company might outperform its peers if we do not achieve our own goals. Conversely, executives may be doing an extraordinary job in the face of unique business challenges, but still not succeed in lifting the Company's performance above the peer group average. Under incentive compensation indexed solely to peer group performance, such extraordinary performance would not be recognized. Senior executives are effectively motivated when their performance-based compensation is directly tied to Avon's performance and not to the performance of peer group companies over which our executives have no control.

The Compensation Committee, composed solely of members of our Board who are independent, already evaluates the compensation of key executives against a compensation peer group with whom we compete for executive talent, and also considers other competitive data. We believe, however, that the Company would be put at a competitive disadvantage in attracting, retaining and motivating senior executives if it is restricted in setting executive incentive compensation as set forth in the Proposal. The Compensation Committee must retain flexibility in choosing incentives to further our corporate goals through our compensation arrangements. If the requested policy were to be put in place, the resulting loss of flexibility and competitiveness could diminish the ability of the Compensation Committee to structure an executive compensation program to achieve that objective.

Our Executive Incentive Plan, approved by shareholders, authorizes the Compensation Committee to select performance measures for executive compensation that may not be published by peer group companies or that may not be able to be compared. These include sales by brand, inventory levels, inventory days outstanding, order fill rate, perfect order rate, consumer and strategic investments and supply chain cost. adoption of the Proposal would require the Compensation Committee to forego the use of these shareholder-approved goals in the future.

In addition, a significant portion of the Company's long-term incentive compensation program consists of stock options and other stock grants. These increase in value only to the extent that Avon's stock also increases in value. [Our 2007 restricted stock unit grants for senior officers included performance criteria as a vesting requirement in addition to a years of service requirement, so that compensation will also be at risk .] Therefore, the Board believes that our executive incentive program is appropriately performance-based and aligns the interest of our executives with that of our shareholders.

In conclusion, the Board believes that mandating that executive compensation be provided only if the performance measures exceed those of a peer group index is unduly restrictive, unnecessary and may result in a competitive disadvantage to the Company. A substantially similar proposal was rejected by shareholders last year.

The Board of Directors recommends that you vote AGAINST Proposal 4.
