Business Report for the 5th Fiscal Year

(from April 1, 2006 to March 31, 2007)

- 1. Matters Regarding the Current State of the Company
- (1) Developments and Results of Operations, etc. of Mizuho Financial Group

Financial and Economic Environment

Looking back over the global economic climate during the fiscal year ended March 31, 2007, the overall trend in the worldwide economy, including the U.S., Europe and Asia, was improving steadily as a whole. The Japanese economy showed sustained growth, supported by robust exports and continuous strength in capital expenditures against a backdrop of steady improvement in corporate performance. Consumer prices remained positive with a rise in domestic corporate goods prices due to stronger global commodity markets. To that end, the Bank of Japan, meanwhile, decided to follow-up on its ending of zero interest rates in July 2006 by raising the operating target of money market operations (the uncollateralized overnight call rate) by another 0.25% to around 0.5% in February 2007.

As for the Japanese financial and capital markets, stock prices held firm backed by robust corporate performance. In spite of a temporary rise in long-term interest rates early in the fiscal year in the wake of the lifting of the quantitative easing policy, rates remained on a downward trend during the latter half of the period in response to the declining trends in U.S. interest rates, etc.

Financial institutions continue to develop individual strategies utilizing their respective strengths to the full. In response to the changing economic environment, the ability of Mizuho Financial Group (the Group) to secure a competitive edge over our rivals and to consolidate profitability even further are likely to become ever more important.

Main Businesses of the Group

The Group is composed of Mizuho Financial Group, Inc. (MHFG), 133 consolidated subsidiaries and 19 affiliates under the equity method. The Group engages in banking, securities, trust, asset management and other financial businesses.

Developments and Results of Operations

The Group has steadily developed its Business Portfolio Strategy and Corporate Management Strategy as action programs under its business strategy, the Channel to Discovery Plan, in order to gain recognition as a global financial group. Through these efforts, our ADRs are now listed on the New York Stock Exchange, and we have acquired status as a U.S. Financial Holding Company. Moreover, as of July 2006, we have completed repayment of the public funds extended in March 1998 and March 1999.

[Business Portfolio Strategy]

The three global groups established on the basis of customer needs (the Global Corporate Group, Global Retail Group, and Global Asset & Wealth Management Group) worked to further improve profitability by utilizing their respective characteristics.

(Global Corporate Group)

Mizuho Corporate Bank, Ltd. (MHCB) strongly expanded its global reach in order to establish a complete support system to meet various customer needs both in Japan and overseas. To further reinforce its overseas network, MHCB proceeded to deploy overseas business bases by opening branches in New Delhi, Wuxi, Brussels (*1) and Ho Chi Minh City while entering into strategic alliances with influential foreign financial institutions in Thailand, South Korea, Kazakhstan, Mexico and other countries. Next, in pursuing syndicated loan transactions, a field in which the Group leads the market in Japan, MHCB made efforts to arrange syndicated loans for foreign corporations raising funds in Japan and improved its business operations on a global scale through the deployment of staff dedicated to syndicated loans in New York, London and Hong Kong. Further, in December 2006, MHCB together with MHFG acquired the status as a Financial Holding Company (FHC) under the U.S. Bank Holding Company Act from the regulatory authority so that we can engage in comprehensive investment banking businesses such as underwriting and dealing corporate bonds, equities and other types of securities through subsidiaries, etc.

Mizuho Securities Co., Ltd. (MHSC) improved its internal controls through organizational changes, etc. and developed advanced services based on the three pillars of its operations, which are, corporate bonds, equities and investment banking. MHSC also strengthened its domestic sales network through collaborations with regional banks in the area of securities brokerage. Further, in March 2007, MHSC entered into an agreement to merge with Shinko Securities Co., Ltd. in January 2008, subject to approval at the general shareholders meeting and clearance from the relevant authorities, in order to offer competitive cutting-edge financial services on a global basis.

^{*1} Brussels Branch Branch of Mizuho Corporate Bank Nederland N.V.

(Global Retail Group)

In order to provide individual customers with ample convenience and security, Mizuho Bank, Ltd. (MHBK) launched a new settlement service using mobile phones and increased the number of corporate partners for the Mizuho Mileage Club

(a membership service with more than three million members) and introduced a biometric authentication system (finger vein pattern authentication) for ATM transactions. MHBK also commenced deployment of Mizuho Personal Squares, a new type of small branch based on needs of individual customers. To further enhance its consulting business, MHBK started providing comprehensive services for investments of retirement allowances, trained and deployed more financial consultants to offer various proposals and increased the number of Premium Salons, booths in branches that specialize in private consultations, to 250 in total. In addition to developing trust agency functions, MHBK increased the number of Planet Booths, joint branches with Mizuho Investors Securities Co., Ltd., to 100 and thereby further developed a one-stop service structure capable of responding to customer needs in banking, trusts and securities. MHBK endeavored to implement the utmost measures to meet the diverse needs of housing loan customers by expanding housing loan centers to sell loans in collaboration with real estate agents, holding frequent weekday after hours and weekend consultations, working proactively to shorten screening periods and offering housing loans with a sickness security rider covering the three major life-threatening diseases. Concerning card loans, MHBK began accepting applications via the Internet in order to improve customer service.

For corporate customers, MHBK proactively responded to the financial requirements of customers by assigning more staff with expertise in working with new loans, by using the Mizuho Business Financial Center, an entity that primarily engages in loans for small-scale enterprises, etc. Further, in collaboration with other group companies, MHBK offered wide-ranging solutions for customer business strategies such as successions of business, M&A, business-to-business matching services and advisory services on overseas expansion.

(Global Asset & Wealth Management Group)

Mizuho Trust & Banking Co., Ltd. (MHTB) focused further on the strengthening of its Trust & Asset management businesses such as pensions, asset management, real estate, securitization, trust & custody, and stock transfer agency businesses. As a result, gross profits from its Trust & Asset management businesses exceeded JPY 100 billion. MHTB maintained strong performance particularly in its real estate, trust and custody, and pensions and asset management businesses by providing highly specialized products and cooperating with other group companies.

Mizuho Private Wealth Management Co., Ltd., a company established to provide customers in Japan with full-fledged private banking services, has been providing comprehensive and integrative services comparable to those found in the U.S. and Europe in compliance with Japanese legal regulations.

In March 2007, Dai-Ichi Kangyo Asset Management Co., Ltd. and Fuji Investment Management Co., Ltd., our two asset management subsidiaries, entered into an agreement to merge in July 2007, subject to clearance from relevant authorities and other relevant procedures. The merger is expected to enable them to more appropriately respond to diversifying and ever more sophisticated customer needs.

[Corporate Management Strategy]

As part of the corporate management strategy outlined in the Channel to Discovery Plan, we listed our ADRs (American Depositary Receipts) (*2) on the New York Stock Exchange in November 2006 as a means of enhancing the transparency of our corporate governance and raising investor confidence in our company to a higher level. While preparing for the listing, we sought not only to comply with disclosure standards in Japan, but also to develop a system for financial disclosure based on U.S. GAAP, one of the global standards for leading global companies, and established disclosure and internal control practices in compliance with the U.S. Sarbanes-Oxley Act, recognized as the strictest accounting and reporting standards in the world today.

As for CSR (corporate social responsibility) activities, MHFG has been providing support for financial education through activities such as Mizuho-sponsored courses and lectures organized by key personnel dispatched from group companies to Waseda University, Hitotsubashi University and Keio University. We also carried out joint research in financial education with Tokyo Gakugei University. Further, we agreed to establish and start Mizuho-sponsored courses and lectures at Tokyo University and Kyoto University in fiscal 2007. MHCB also decided to become the first overseas company to establish a scholarship system for junior high schools in China, as a means of assisting fundamental education. MHCB readopted the now reinforced Equator Principles (*3), a set of international standards voluntarily adopted by banks that engage in large-scale international development projects, to monitor and assess whether impacts on the environment and local communities have been duly considered in plans for project finance transactions. Aiming to become a bank that is easy for anyone to use regardless of age, gender or disability, MHBK made its branches barrier-free, placed whiteboards at teller windows for the speech-impaired, and trained its officers and employees to respond more effectively to aged and handicapped customers.

Under our brand strategy, we actively promoted our brand slogan, Channel to Discovery, both internally and externally. The slogan represents the role the Group will play, not only to realize today s dreams, but also to discover new possibilities that lie ahead and to create a better future.

*2 ADR (American Depositary Receipt)

ADRs are securities of foreign companies issued for trading in the U.S. market in place of the companies underlying stocks. As ADRs are registered with the SEC (Securities and Exchange Commission) as U.S. securities, they are traded, settled and held in custody in substantively the same manner as shares of U.S. companies.

*3 Equator Principles

The Equator Principles are international standards uniformly employed by private banks, in their role as lenders, to monitor and assess whether project finance transactions have taken into consideration the impact they may have on the local natural environment and community.

[Results of Operations for fiscal 2006]

Implementation of various measures to enhance profitability have led to steady increases in income from Customer Groups, including the priority areas such as our retail and international sector businesses. Meanwhile, as a result of an increase in credit-related costs and the recording of a loss related to stocks, with respect to the consolidated figures (133 consolidated subsidiaries and 19 affiliates under the equity method) for this fiscal year although Ordinary Income increased from the previous fiscal year to JPY 4,099.6 billion, Ordinary Profits and Net Income decreased to JPY 748.1 billion and JPY 620.9 billion, respectively.

Results of operations for the major subsidiaries were as follows:

Ordinary Income Ordinary Profits Company Name (Operating Income) **Net Income** Consolidated Results of MHFG 4,099.6 748.1 620.9 **MHBK** 1,264.2 179.0 206.2 **MHCB** 1,804.2 313.6 323.1 **MHTB** 241.5 79.7 68.8 **MHSC** 135.9 45.2 27.8

(Note)

The calculated figures for the major subsidiaries are on a non-consolidated basis.

(JPY billion)

The Group maintains its financial soundness at a high level, as our consolidated capital adequacy ratio (BIS Capital Ratio) as of March 31, 2007 was maintained at a sufficient level of 12.48%(*4) and the non-performing loan ratio for the three banks (MHBK, MHCB and MHTB combined) was at a low level as of the same date.

In accordance with our capital policy, in July 2006, we repaid in full the public funds and repurchased and cancelled MHFG s common stock held by Mizuho Financial Strategy Co., Ltd. (approximately JPY 130.0 billion). In January 2007, we issued JPY 400.0 billion of non-dilutive preferred debt securities through an overseas special purpose subsidiary to reinforce the capital base.

In view of our consolidated financial results, the level of Retained Earnings and other factors, we proposed increasing the year-end cash dividends per share of common stock for fiscal 2006 to JPY 7,000. We also proposed making dividend payments on preferred stock as prescribed.

In the future, we will place our management emphasis on ROE (*5) from the perspective of effective utilization of our capital and consider returning profits to the shareholders while maintaining and strengthening our capital base.

Based on market conditions, our earnings trend and other factors, we will set up a limit for repurchasing our common stock and start repurchasing those shares for the purpose of, among other things, offsetting the potential dilutive effect of the conversion of the Eleventh Series Class XI Preferred Stock in consideration of the possibility that the number of shares of our common stock will increase after the commencement of the conversion period from July, 2008. We plan to cancel all the common stock repurchased.

*4 12.48%

This is calculated in accordance with the Basel II regulations (new standard). (If calculated in accordance with the Basel I (former standard), 11.58%)

*5 ROE (Return on Equity)

A financial measure of the effectiveness with which a company uses its equity, etc. to acquire profits.

Issues to be Addressed by the Group

In order to achieve total and final completion of its Channel to Discovery Plan, promoted as a business strategy since fiscal 2005, and to increase corporate value significantly, the Group will further advance its Business Portfolio Strategy in which the three global groups established based on the basis of customer needs within the Group strive to improve profitability by exploiting their respective characteristics. We will strive also to win the further confidence of domestic and overseas customers by developing a Corporate Management Strategy by careful consideration of customer perspectives and by establishing a solid compliance structure and advanced risk management system.

[Business Portfolio Strategy]

(The Global Corporate Group)

MHCB will continue to reinforce the global strategy it has pursued to date, in order to respond more promptly and sophisticatedly to the increasingly advanced and global management and financial issues engaging our customers. More specifically, having acquired its status as a FHC under the U.S. Bank Holding Company Act in December 2006, MHCB intends to strengthen further its operations in the Americas and expand its comprehensive investment banking business by combining banking and securities services. MHCB will also move forward with preparations for establishing banking subsidiaries in China now that it has acquired approval from local authorities (granted in December 2006), while striving to expand further its branch networks in the Americas, Asia, Europe, Middle East and other regions. MHCB will also accelerate efforts for full-scale deployment of forefront asset management services targeting domestic and foreign institutional investors.

MHSC will aim to become a market leader in securities and investment banking businesses offering the most suitable solutions to a wide range of customer needs and intensively pursuing group synergy by actively promoting mutual collaboration within the group. In addition, by virtue of its merger with Shinko Securities Co., Ltd. scheduled for January 2008, MHSC intends quickly to attain the highest capabilities in product development, financial technology and marketing.

(The Global Retail Group)

MHBK will actively deploy Personal Squares (branches based on needs of individual customers) in order to increase the strength of its products and services, further improve the Mizuho Mileage Club membership service, expand channels and develop new products for personal loans, and reinforce its asset management consulting functions to meet a wide range of customer needs. In the small and medium-sized enterprise market, MHBK aims to offer the most suitable solutions tailored to ever more diverse and sophisticated customer needs by reinforcing its M&A and business inheritance advisory functions, support for initial public stock offerings and customers overseas business operations and so on. In addition to taking these measures, MHBK continuously strives to establish a stable revenue base by decisively streamlining its headquarters organization, transferring personnel to branches, and deepening and strengthening its customer relationships even further.

(The Global Asset & Wealth Management Group)

MHTB plans to embark on various new types of trust businesses as it develops new products and reinforces its consulting strengths within a climate strongly influenced by the easing of regulatory controls, the revision of the Trust Business Law and so on. MHTB plans to expand its market share by employing a trust agency system and further strengthening business collaborations with group companies, and thereby becoming the most trusted bank by customers and clients.

Mizuho Private Wealth Management Co., Ltd., as a full-fledged private banking company, aims to establish long-term relationships with customers by providing optimal, high-quality comprehensive and integrative products and services tailored to the needs of individual customers.

In addition, Dai-Ichi Kangyo Asset Management Co., Ltd. and Fuji Investment Management Co., Ltd. will merge in July 2007 to form a new company called Mizuho Asset Management Co., Ltd. This new company will strive to meet a wide range of customer needs as a central player in the asset management business of the Group, together with DLIBJ ASSET MANAGEMENT CO., LTD.

[Corporate Management Strategy]

In order to establish solid internal control systems, the Group will promote strengthening its compliance systems by establishing a business structure that will enable the Group to identify issues of concern at an early stage, adopt the amended regulations for international standard regarding the soundness of banks, or Basel II, and further strengthen disclosure and internal control practices in compliance with the U.S. Sarbanes-Oxley Act.

In promoting CSR, the Group will particularly emphasize and focus on five different themes involvement in environmental awareness, supporting financial education, enhancement of corporate governance, implementation of highly-responsive communications and promotion of a group-wide approach to CSR all of which are significant themes in order for the Group to coexist and develop with the community. In supporting financial education, we will make appropriate and extensive contributions towards helping primary, secondary and high school students.

In our efforts to become a financial partner that helps customers shape their future and achieve their dreams (an ideal implicit in the Group brand slogan, Channel to Discovery), the Group will work to further increase our corporate value by steadily implementing the Business Portfolio Strategy and Corporate Management Strategy so as to enhance our competitiveness and profitability and to fulfill our social responsibilities and public duties. We sincerely look forward to the continuing support of our shareholders.

(Notes)

- 1. Amounts less than JPY one million are rounded down.
- 2. The audit contract between MHFG and the Independent Auditor does not separate the compensation for the audit under the Company Law from the compensation for the audit under the Securities and Exchange Law. Moreover, it is practically impossible to separate the two. Accordingly, the above amount is the total of such compensation.

In addition, because the amounts of compensation to be paid under the audit contract have not yet been determined, approximate amounts are used for the calculations.

3. The total amount of cash and other proprietary benefits to be paid by MHFG, its majority-owned consolidated subsidiaries and other consolidated subsidiaries, to the Independent Auditor of MHFG is JPY 4,239 million.

If the amounts to be paid under the audit contract concluded by MHFG, its majority-owned consolidated subsidiaries and other consolidated subsidiaries with the Independent Auditor have not yet been determined, approximate amounts are used for the calculations.

(2) Other Matters regarding the Independent Auditor

a. Policy for Determination of Dismissal or Non-reappointment of the Independent Auditor

Dismissal of the Independent Auditor is discussed at the Board of Directors meeting and the Board of Corporate Auditors meeting if the Independent Auditor falls under any of the events set forth in the Items of Article 340, Paragraph 1 of the Company Law.

Non-reappointment of the Independent Auditor is discussed at the Board of Directors meeting and the Board of Corporate Auditors meeting by comprehensively considering various factors, including the performance of duties and the quality of the audits by the Independent Auditor.

b. Principal Majority-owned Subsidiaries and other Subsidiaries Audited by any Certified Public Accountant or Audit Corporation other than the Independent Auditor of MHFG.

Mizuho International plc and ten other companies of MHFG s principal majority-owned subsidiaries and other subsidiaries are subject to audits (limited to the audits under the provisions of the Company Law or the Securities and Exchange Law (including any foreign law equivalent to either of these laws)) by audit corporations (including entities in a form equivalent thereto in the relevant foreign country) other than the Independent Auditor of MHFG.

6. Structure to Ensure Appropriate Conduct of Operations

MHFG has resolved matters regarding its Structure for Ensuring Appropriate Conduct of Operations prescribed by the Company Law of Japan and the Enforcement Regulations of the Company Law of Japan, as summarized below.

- (1) Structure to ensure that the duties of directors and employees are executed in compliance with laws, regulations and the Articles of Incorporation
- * MHFG has set forth its structure to ensure that the duties of its directors and employees are executed in compliance with laws, regulations and the Articles of Incorporation in compliance-related rules such as the Basic Policy of Compliance and Compliance Manual.
- * More specifically, MHFG has established complete compliance as a basic principle of management, has determined the compliance-management structure and created the Compliance Manual, has formulated compliance programs each fiscal year for implementation of specific plans for complete compliance, and has periodically followed up on the status of the implementation of such plans.
- * The Board of Directors of MHFG resolved that the structure under the above Basic Policy of Compliance, etc. is the company s structure to ensure that the directors and employees execute their duties in compliance with laws, regulations and the Articles of Incorporation.
- (2) Structure concerning the safekeeping and management of information on the execution of duties by the directors
- * MHFG has established a structure for the safekeeping, management, etc. of information through its information-management-related rules, including the company s Information Security Policy, and the safekeeping and management of information in connection with the execution of duties by the company s directors has also been carried out in accordance with these rules.
- * More specifically, MHFG has fixed the period for retention of information, such as the minutes of the Board of Directors Meetings, Executive Management Committee meetings and other various committee meetings and materials related thereto, as well as *ringisho* (or approval documents) and reports, and has carried out other necessary matters relating to the safekeeping and management thereof.
- * The Board of Directors of MHFG resolved that the structure under the above Information Security Policy, etc. is the structure concerning the safekeeping and management of information on the execution of duties by the directors.
- (3) Rules and other structure for managing risk of loss
- * MHFG has established structure for managing its risk of loss through its risk-management-related rules, including the company s basic policy towards various risk management procedures, such as the company s Basic Policy for Comprehensive Risk Management.
- * More specifically, MHFG has defined various types of risk and has determined strategies to improve its business structure and develop human resources for risk management in order to evaluate risk qualitatively and quantitatively. Moreover, MHFG has implemented comprehensive risk management to control risk within limits acceptable to management.
- * The Board of Directors of MHFG resolved that the structure under the above Basic Policy for Comprehensive Risk Management, etc. is the rules and other structure for managing the risk of loss.

(4) Structure to ensure the efficient execution of director s duties

- * MHFG has established a structure to ensure the efficient execution of directors duties through its rules, such as the Bylaws Regarding the Board of Directors, Bylaws Regarding the Executive Management Committee, Bylaws Regarding the Business Policy Committee, Organization Regulations and Authorization Regulations.
- * More specifically, MHFG has determined the criteria for matters to be resolved or reported to the Board of Directors, assignment of each organization, decision-making authority in accordance with the importance of matters, etc. MHFG also has established an Executive Management Committee and several Business Policy Committees. Thus, MHFG has ensured that the directors execute their duties efficiently on a company-wide basis.
- * The Board of Directors of MHFG resolved that the structure under the above Bylaws Regarding the Board of Directors, etc. is the structure to ensure the efficient execution of directors duties.
- (5) Structure to ensure the propriety of business operations within the corporate group consisting of MHFG and its subsidiaries
- * MHFG has established a structure to ensure the propriety of business operations within the corporate group through its Group Management Administration Regulations, etc.
- * More specifically, MHFG directly administers the management of its principal banking subsidiaries and other core group companies in accordance with the Group Management Administration Regulations, and principal banking subsidiaries and other core group companies administer the management of subsidiaries and affiliates other than the principal banking subsidiaries and other core group companies in accordance with standards established by MHFG.
- * The Board of Directors of MHFG resolved that the structure under the above Group Management Administration Regulations, etc. is the structure to ensure the propriety of business operations in the corporate group consisting of MHFG and its subsidiaries.
- (6) Matters concerning employees posted as assistants to the corporate auditors when the corporate auditors so require
- * The Organization Regulations of MHFG specify matters concerning employees posted as assistants to the corporate auditors to assist the latter in performing their duties.
- * More specifically, MHFG has designated the Corporate Auditors Office as being in charge of matters concerning assistance in the performance of the corporate auditors duties and matters concerning the secretariat for the Board of Corporate Auditors. The Head of the Corporate Auditors Office manages this office s business under the instructions of the corporate auditors.
- * The Board of Directors of MHFG resolved that the matters specified in the above Organization Regulations are matters concerning employees posted as assistants to the corporate auditors if the corporate auditors so require.
- (7) Matters concerning measures for ensuring that employees who assist the corporate auditors remain independent from the directors
- * The supplementary provisions of the Bylaws Regarding the Board of Directors specify matters concerning the measures for ensuring that employees who assist the corporate auditors remain independent from the directors.

* More specifically, any change in personnel and/or organizational that relates to employees who assist the corporate auditors in performing the latter s duties shall be subject to prior consultation with a corporate auditor nominated by the Board of Corporate Auditors.

- * The Board of Directors of MHFG resolved that matters specified in the above supplementary provisions of the Bylaws Regarding the Board of Directors are matters concerning the measures for ensuring that employees who assist the corporate auditors remain independent from the directors.
- (8) Structure under which the directors and employees report to the corporate auditors and other structure concerning reports to the corporate auditors
- * MHFG has established a structure under which the directors and employees report to the corporate auditors in the Bylaws Regarding the Board of Directors, the Bylaws Regarding the Executive Management Committee, etc.
- * More specifically, MHFG has regulations governing attendance by the corporate auditors in the Board of Directors Meetings, Executive Management Committee meetings, etc. MHFG also maintains procedures for circulating the *ringisho* (or approval documents) to be approved by the President among the corporate auditors, for reporting information received through the compliance hot-line, for reporting the results of internal audits and so on.
- * The Board of Directors of MHFG resolved that the structure under the above Bylaws Regarding the Board of Directors, etc is the structure under which the directors and employees report to the corporate auditors and the other structure concerning reports to the corporate auditors.
- (9) Other structure to ensure the effectiveness of audits by the corporate auditors
- * MHFG has established a structure for ensuring the effectiveness of audits by the corporate auditors in the Basic Policy for Internal Audit, etc.
- * More specifically, the internal audit division, corporate auditors and accounting auditors exchange opinions and information on a regular basis and whenever else required as a means of strengthening cooperation in efforts to enhance the effectiveness and efficiency of the overall audit function.
- * The Board of Directors of MHFG resolved that the structure under the above Basic Policy for Internal Audit, etc. is the other structure for ensuring the effectiveness of the audits by the corporate auditors.

b) Majority-owned non-consolidated subsidiaries, other non-consolidated subsidiaries and affiliates not under the equity method: Name of principal company:

Asian-American Merchant Bank Limited

Majority-owned non-consolidated subsidiaries, other non-consolidated subsidiaries and affiliates not under the equity method are excluded from the scope of the equity method since such exclusion has no material effect on MHFG s consolidated financial statements in terms of Net Income/Net Loss (amount corresponding to MHFG s equity position), Retained Earnings (amount corresponding to MHFG s equity position) and others.

- 4. Fiscal Years of Majority-owned Consolidated Subsidiaries and Other Consolidated Subsidiaries
 - a) Balance sheet dates of majority-owned consolidated subsidiaries and other consolidated subsidiaries are as follows:

September 30 2 companies
October 31 1 company
December 31 45 companies
March 31 63 companies
The day before the last business day of June 22 companies

b) Majority-owned consolidated subsidiaries and other consolidated subsidiaries with balance sheet dates of September 30, October 31 and the day before the last business day of June were consolidated based on their tentative financial statements as of and for the period ended December 31. Other majority-owned consolidated subsidiaries and other consolidated subsidiaries were consolidated based on their financial statements as of and for the period ended their respective balance sheet dates.

The necessary adjustments have been made to the financial statements for any significant transactions that took place between their respective balance sheet dates and the date of the consolidated financial statements.

- 5. Evaluation of Assets and Liabilities of Majority-owned Consolidated Subsidiaries and Other Consolidated Subsidiaries
 Assets and liabilities of majority-owned consolidated subsidiaries and other consolidated subsidiaries, including the portion attributable to
 minority shareholders, are valued at fair value as of the respective date of acquisition.
- 6. Amortization of Goodwill

As a rule, goodwill is amortized over a period up to 20 years under the straight-line method. If the amount has no material impact on MHFG s consolidated financial statements, the entire amount is amortized in the period of occurrence.

NOTES TO CONSOLIDATED BALANCE SHEET

- 1. Amounts less than one million yen are rounded down.
- 2. Trading transactions intended to take advantage of short-term fluctuations and arbitrage opportunities in interest rates, currency exchange rates, market prices of securities and related indices are recognized on a trade date basis and recorded in Trading Assets or Trading Liabilities on the consolidated balance sheet. Securities and other monetary claims held for trading purposes are stated at fair value at the consolidated balance sheet date. Derivative financial products, such as swaps, futures and option transactions, are stated at their fair values, assuming that such transactions were terminated and settled at the consolidated balance sheet date.
- 3. Bonds held to maturity are stated at amortized cost (straight-line method) and determined by the moving average method. Investments in majority-owned non-consolidated subsidiaries, other non-consolidated subsidiaries and affiliates, which are not under the equity method, are stated at acquisition cost and determined by the moving average method. Other Securities which have readily determinable fair value are stated at fair value. Fair value of Japanese stocks with a quoted market price is determined based on the average quoted market price over the month preceding the consolidated balance sheet date. Fair value of securities other than Japanese stocks is determined at the quoted market price if available, or other reasonable value at the consolidated balance sheet date (cost of securities sold is calculated primarily by the moving average method). Other Securities which do not have readily determinable fair value are stated at acquisition cost or amortized cost and determined by the moving average method. The net unrealized gains on Other Securities are included directly in Net Assets, net of applicable income taxes after excluding gains and losses as a result of the fair-value hedge method.
- 4. Securities which are held as trust assets in Money Held in Trust accounts are valued in the same way as given in Note 3.
- 5. Derivative transactions (other than transactions for trading purposes) are valued at fair value.
- 6. Depreciation of buildings is computed mainly by the straight-line method, and that of equipment is computed mainly by the declining-balance method, and the applicable share of estimated annual depreciation costs for the period is recorded based on the following range of useful lives.

Buildings: 3 years to 50 years

Equipment: 2 years to 20 years

- 7. Amortization of Intangible Fixed Assets is computed by the straight-line method. Development costs for internally-used software are capitalized and amortized over their estimated useful lives of mainly five years as determined by MHFG and consolidated subsidiaries.
- 8. Deferred assets are treated as follows:
 - (1) Bond issuance costs are expensed as incurred.
 - (2) Until the previous fiscal year, debenture issuance costs were capitalized and amortized over a certain period not exceeding the maximum period stipulated by the former Enforcement Regulations of the Commercial Code of Japan. However, in accordance with the application of the Tentative Solution on Accounting for Deferred Assets (the Accounting Standards Board of Japan (ASBJ) Report No. 19, August 11, 2006) effective from the fiscal year ending upon or after the public announcement of such, MHFG adopted the new accounting standard commencing with this fiscal year. The effect of the change mentioned above on the consolidated balance sheet is immaterial. Debenture issuance costs booked on the consolidated balance sheet as of March 31, 2006

are amortized under the straight-line method within a certain period by applying the previous accounting method based on the tentative measure stipulated in the ASBJ report.

- (3) Until the previous fiscal year, bond discounts and debenture discounts were capitalized and amortized under the straight-line method over the term of the bonds and debentures. However, in accordance with the partial revision of Accounting Standards for Financial Instruments (the Business Accounting Deliberation Council, January 22, 1999) as of August 11, 2006 (ASBJ Statement No. 10) and the application effective from the fiscal year ending upon or after the public announcement of such, MHFG adopted the revised accounting standard commencing with this fiscal year, and bonds and debentures were stated at amortized cost (straight-line method). The effect of this application on the consolidated balance sheet is immaterial. Bond discounts and debenture discounts booked on the consolidated balance sheet as of March 31, 2006 are amortized under the straight-line method over the term of the bond and debenture by applying the previous accounting method and the unamortized balance is directly deducted from bonds and debentures, based on the tentative measure stipulated in the Tentative Solution on Accounting for Deferred Assets (ASBJ Report No. 19, August 11, 2006).
- 9. Assets and Liabilities denominated in foreign currencies and accounts of overseas branches of domestic majority-owned consolidated banking subsidiaries and trust banking subsidiary are translated into Japanese yen primarily at the exchange rates in effect at the consolidated balance sheet date, with the exception of the investments in majority-owned non-consolidated subsidiaries, other non-consolidated subsidiaries and affiliates not under the equity method, which are translated at historical exchange rates.Assets and Liabilities denominated in foreign currencies of the majority-owned consolidated subsidiaries and other consolidated subsidiaries, except for the transactions mentioned above, are translated into Japanese yen primarily at the exchange rates in effect at the consolidated balance sheet dates.
- 10. Reserves for Possible Losses on Loans of major domestic majority-owned consolidated subsidiaries and other consolidated subsidiaries are maintained in accordance with internally established standards for write-offs and reserve provisions.

For claims extended to obligors that are legally bankrupt under the Bankruptcy Law, Special Liquidation under the Company Law or other similar laws (Bankrupt Obligors), and to obligors that are effectively in similar conditions (Substantially Bankrupt Obligors), reserves are maintained at the amounts of claims net of direct write-offs described below and expected amounts recoverable from the disposition of collateral and the amounts recoverable under guarantees. For claims extended to obligors that are not yet legally or formally bankrupt but are likely to be bankrupt (Intensive Control Obligors), reserves are maintained at the amounts deemed necessary based on overall solvency analyses of the amounts of claims net of expected amounts recoverable from the disposition of collateral and the amounts recoverable under guarantees.

For claims extended to Intensive Control Obligors and Obligors with Restructured Loans (defined in Note 29 below) and others, if the exposure to an obligor exceeds a certain specific amount, reserves are provided as follows: (i) if future cash flows of the principal and interest can be reasonably estimated, the discounted cash flow method is applied, under which the reserve is determined as the difference between the book value of the loan and its present value of future cash flows discounted using the contractual interest rate before the loan was classified as a Restructured Loan, and (ii) if future cash flows of the principal and interest cannot be reasonably estimated, reserves are provided for the losses estimated for each individual loan.

For claims extended to other obligors, reserves are maintained at rates derived from historical credit loss experience and other factors. Reserve for Possible Losses on Loans to Restructuring Countries are maintained in order to cover possible losses based on analyses of the political and economic climates of the countries

All claims are assessed by each claim origination department in accordance with the internally established Self-assessment Standard, and the results of the assessments are verified and examined by the independent examination departments. Reserves for Possible Losses on Loans are provided for on the basis of such verified assessments.

In the case of claims to Bankrupt Obligors and Substantially Bankrupt Obligors, which are collateralized or guaranteed by a third party, the amounts deemed uncollectible (calculated by deducting the anticipated proceeds from the sale of collateral pledged against the claims and amounts that are expected to be recovered from guarantors of the claims) are written off against the respective claims balances. The total directly written-off amount was ¥536,916 million.

The claims above include corporate bonds which are guaranteed by domestic majority-owned consolidated banking subsidiaries and are issued by private placement (Article 2, Paragraph 3 of the Securities and Exchange Law) and others in securities.

Other majority-owned consolidated subsidiaries and other consolidated subsidiaries provide the amount necessary to cover the loan losses based upon past experience and other factors for general claims and the assessment for each individual loan for other claims.

- 11. Reserve for Possible Losses on Investments is maintained to provide against possible losses on investments in securities, after taking into consideration the financial condition and other factors concerning the investee company.
- 12. Reserve for Bonus Payments, which is provided for future bonus payments to employees, is maintained at the amount accrued at the end of the fiscal year, based on the estimated future payments.
- 13. Reserve for Employee Retirement Benefits (including Prepaid Pension Cost), which is provided for future benefit payments to employees, is recorded as the required amount, based on the projected benefit obligation and the estimated plan asset amounts at the end of the fiscal year. Unrecognized actuarial differences are recognized as income or expenses from the following fiscal year under the straight-line method over a certain term within the average remaining service period of the employees of the respective fiscal year.
- 14. Until the previous fiscal year, MHFG and certain domestic majority-owned consolidated subsidiaries and other consolidated subsidiaries recognized director and corporate auditor retirement benefits as expenses at the time of payment. However, in accordance with the public announcement of the Accounting Standard for Directors Bonus (ASBJ Statement No. 4, November 29, 2005) and the Auditing Treatment relating to Reserve defined under the Special Tax Measurement Law, Reserve defined under the Special Law and Reserve for Director and Corporate Auditor Retirement Benefits (The Japanese Institute of Certified Public Accountants (JICPA) Auditing and Assurance Practice Committee Report No. 42, April 13, 2007), these benefits are recorded as Reserve for Director and Corporate Auditor Retirement Benefits at the required amount at the end of the fiscal year, based on internally established standards. As a result, Ordinary Profits and Income before Income Taxes and Minority Interests, both decreased by ¥5,788 million, compared with the corresponding amounts under the previously applied method.
- 15. Reserve for Contingencies is maintained to provide against possible losses from contingencies, which are not covered by other specific reserves in off-balance transactions, trust transactions and others. The balance is an estimate of possible future losses, on an individual basis, considered to require a reserve.
- 16. Finance leases of MHFG and domestic majority-owned consolidated subsidiaries and other consolidated subsidiaries that do not involve transfer of ownership to the lessee are accounted for as operating leases.
- 17. Consolidated subsidiaries apply the deferred method, the fair-value hedge method or the exceptional accrual method for interest rate swaps as hedge accounting methods.

The portfolio hedge for a large volume of small-value monetary claims and liabilities of domestic majority-owned consolidated banking subsidiaries and trust banking subsidiaries is accounted for by the method stipulated in the Accounting and Auditing Treatment relating to Adoption of Accounting Standards for Financial Instruments for Banks (JICPA Industry Audit Committee Report No.24). The effectiveness of hedging activities for the portfolio hedge for a large volume of small-value monetary claims and liabilities is assessed as follows:

- (i) as for hedging activities to offset market fluctuation risks, the effectiveness is assessed by bracketing both the hedged instruments, such as deposits and loans, and the hedging instruments, such as interest-rate swaps, in the same maturity bucket.
- (ii) as for hedging activities to fix the cash flows, the effectiveness is assessed based on the correlation between a base interest rate index of the hedged cash flow and that of the hedging instrument.

The effectiveness of the individual hedge is assessed based on the correlation between the fluctuation in the market or cash flows of the hedged instruments and that of the hedging instruments.

Net Deferred Hedge Losses, net of Taxes recorded on the consolidated balance sheet resulted from the application of the macro-hedge method based on the Tentative Accounting and Auditing Treatment relating to Adoption of Accounting Standards for Financial Instruments for Banks (JICPA Industry Audit Committee Report No.15), under which the overall interest rate risks inherent in loans, deposits and others are controlled on a macro-basis using derivatives transactions. These deferred hedge gains/losses are amortized as interest income or interest expenses over the remaining maturity and average remaining maturity of the respective hedging instruments. The unamortized amounts of gross deferred hedge losses and gross deferred hedge gains on the macro-hedges, before net of applicable income taxes, at the end of the fiscal year were \(\frac{\pmature{2}}{2}\)41,602 million and \(\frac{\pmature{2}}{2}\)29,553 million, respectively.

18. Domestic majority-owned consolidated banking subsidiaries and trust banking subsidiary apply the deferred method of hedge accounting to hedge foreign exchange risks associated with various financial assets and liabilities denominated in foreign currencies as stipulated in the Accounting and Auditing Treatment relating to Adoption of Accounting Standards for Foreign Currency Transactions for Banks (JICPA Industry Audit Committee Report No.25). The effectiveness of the hedge is assessed by confirming both the amount for the foreign currency position of the hedging instruments of currency-swap transactions, exchange swap transactions and similar transactions as the method of hedging the foreign exchange risks of monetary claims and liabilities denominated in foreign currency are equivalent.

In addition to the above methods, these subsidiaries apply the deferred method or the fair-value hedge method to portfolio hedges of the foreign exchange risks associated with investments in majority-owned subsidiaries, other subsidiaries and affiliates in foreign currency and Other Securities in foreign currency (except for bonds) identified as hedged items in advance, as long as the amount of foreign currency payables of spot and forward foreign exchange contracts exceeds the amount of acquisition cost of the hedged foreign securities in foreign currency.

- 19. Inter-company interest rate swaps, currency swaps and similar derivatives among consolidated companies or between trading accounts and other accounts, which are designated as hedges, are not eliminated and related gains and losses are recognized in the statement of income or deferred under hedge accounting, because these inter-company derivatives are executed according to the criteria for appropriate outside third-party cover operations which are treated as hedge transactions objectively in accordance with JICPA Industry Audit Committee Reports Nos. 24 and 25.
- 20. With respect to MHFG and its domestic majority-owned consolidated subsidiaries and other consolidated subsidiaries, Japanese consumption taxes and local consumption taxes are excluded from transaction amounts.
- 21. Reserves under Special Laws are recorded as follows: Reserve for Contingent Liabilities from Futures Transactions: ¥104 million

This reserve is maintained pursuant to Article 81 of the Financial Futures Transaction Law.

Reserve for Contingent Liabilities from Securities Transactions: $\S 2,575$ million

This reserve is maintained pursuant to Article 51 of the Securities and Exchange Law.

Monetary claims to directors and corporate auditors of MHFG concerning transactions between the relevant parties amounted to ¥29 million (non-consolidated basis).

- 23. Investments in subsidiaries and affiliates amounted to ¥93,336 million (excluding majority-owned consolidated subsidiaries and other consolidated subsidiaries).
- 24. Accumulated depreciation of Tangible Fixed Assets amounted to ¥705,047 million.
- 25. The book value of Tangible Fixed Assets adjusted for gains on sales of replaced assets and others amounted to ¥42,659 million.
- 26. In addition to Fixed Assets booked on the consolidated balance sheet, certain computers are used on the basis of finance lease contracts that do not involve transfer of ownership to the lessee.
- Loans and Bills Discounted include Loans to Bankrupt Obligors of ¥30,838 million and Non-Accrual Delinquent Loans of ¥633,107 million.

Loans to Bankrupt Obligors are loans, excluding loans written-off, on which delinquencies in payment of principal and/or interest have continued for a significant period of time or for some other reason there is no prospect of collecting principal and/or interest (Non-Accrual Loans), as per Article 96, Paragraph 1, Item 3, Subsections 1 to 5 or Item 4 of the Corporate Tax Law Enforcement Ordinance (Government Ordinance No. 97, 1965).

Non-Accrual Delinquent Loans represent non-accrual loans other than (i) Loans to Bankrupt Obligors and (ii) loans for which interest payments have been deferred in order to assist or facilitate the restructuring of the obligors.

28. Balance of Loans Past Due for Three Months or More: \(\frac{1}{2}\)10.458 million

Loans Past Due for Three Months or More are loans for which payments of principal and/or interest have not been received for a period of three months or more beginning with the next day following the last due date for such payments, and which are not included in Loans to Bankrupt Obligors, or Non-Accrual Delinquent Loans.

29. Balance of Restructured Loans: ¥517,986 million

Restructured Loans represent loans on which contracts were amended in favor of obligors (e.g. reduction of, or exemption from, stated interest, deferral of interest payments, extension of maturity dates, renunciation of claims) in order to assist or facilitate the restructuring of the obligors. Loans to Bankrupt Obligors, Non-Accrual Delinquent Loans and Loans Past Due for Three Months or More are not included.

30. Total balance of Loans to Bankrupt Obligors, Non-Accrual Delinquent Loans, Loans Past Due for Three Months or More and Restructured Loans: ¥1,192,392 million

The amounts given in Notes 27 through 30 are gross amounts before deduction of amounts for the Reserves for Possible Losses on Loans.

- 31. In accordance with JICPA Industry Audit Committee Report No. 24, bills discounted are accounted for as financing transactions, although the banking subsidiaries have rights to sell or pledge these bankers—acceptances, commercial bills, documentary bills and foreign exchange bills. The face value amount of these bills amounted to ¥861,428 million.
- 32. The following assets were pledged as collateral:

Trading Assets: ¥4,260,215 million

Securities:	¥11,394,744 million
Loans and Bills Discounted:	¥5,887,983 million
Other Assets:	¥1,405 million
Tangible Fixed Assets:	¥211 million

The following liabilities were collateralized by the above assets:

Deposits:	¥640,082 million
Call Money and Bills Sold:	¥2,143,279 million
Payables under Repurchase Agreements:	¥5,604,841 million
Guarantee Deposits Received under Securities Lending Transactions:	¥5,238,721 million
Borrowed Money:	¥2,985,346 million
Other Liabilities:	¥8 623 million

In addition to the above, the settlement accounts of foreign and domestic exchange transactions or derivatives transactions and others were collateralized, and margins for futures transactions were substituted by Cash and Due from Banks of ¥7,428 million, Trading Assets of ¥306,986 million, Securities of ¥2,973,539 million and Loans and Bills Discounted of ¥360,776 million.

None of the assets was pledged as collateral in connection with borrowings by majority-owned non-consolidated subsidiaries, other non-consolidated subsidiaries and affiliates and affiliates.

Other Assets includes guarantee deposits of ¥120,724 million, collateral pledged for derivatives transactions of ¥489,876 million, margins for futures transactions of ¥25,814 million and other guarantee deposits of ¥3,888 million.

33. In accordance with the Land Revaluation Law (Proclamation No.34 dated March 31, 1998), land used for business operations of domestic consolidated banking subsidiaries was revalued. The applicable income taxes on the entire excess of revaluation is included in Deferred Tax Liabilities for Revaluation Reserve for Land under Liabilities, and the remainder, net of applicable income taxes, is stated as Revaluation Reserve for Land, net of Taxes included in Net Assets.

Revaluation date: March 31, 1998

Revaluation method as stated in Article 3, Paragraph 3 of the above law: Land used for business operations was revalued by calculating the value on the basis of the valuation by road rating stipulated in Article 2, Item 4 of the Enforcement Ordinance relating to the Land Revaluation Law (Government Ordinance No.119 promulgated on March 31, 1998) with reasonable adjustments to compensate for sites with long depth and other factors, and also on the basis of the appraisal valuation stipulated in Item 5.

The difference at the consolidated balance sheet date between the total fair value of land for business operation purposes, which has been revalued in accordance with Article 10 of the above-mentioned law, and the total book value of the land after such revaluation was ¥139,972 million.

- 34. Borrowed Money includes subordinated borrowed money of ¥745,002 million with a covenant that performance of the obligation is subordinated to that of other obligations.
- 35. Bonds and Notes include subordinated bonds of ¥2,117,302 million.
- 36. Liabilities for guarantees on corporate bonds included in Securities, which were issued by private placement (Article 2, Paragraph 3 of the Securities and Exchange Law) amounted to ¥1,583,072 million.

Commencing with this fiscal year, the respective amounts of Acceptances and Guarantees and Customers Liabilities for Acceptances and Guarantees relating to the liabilities for guarantees are netted, excluding the amounts guaranteed by the Credit Guarantee Corporations which have already been netted, in accordance with the revision of the appendix forms of Banking Law Enforcement Regulations (Ministry of Finance Ordinance No. 10, 1982) by the Cabinet Office Ordinance to Amend Part of Banking Law Enforcement Regulations (Cabinet Office Ordinance No. 38, April 17, 2007) effective from the fiscal year which began on or after April 1, 2006.

As a result, both Acceptances and Guarantees and Customers Liabilities for Acceptances and Guarantees decreased by ¥1,537,996 million, compared with corresponding amounts under the previously applied method.

37. The principal amounts of money trusts and loan trusts with contracts indemnifying the principal amounts, which are entrusted to domestic majority-owned consolidated trust banking subsidiaries, were \mathbb{\pmu}987,910 million and \mathbb{\pmu}172,055 million, respectively.

38. Net Assets per share of common stock: ¥336,937.64

Guidance for Accounting Standards for Net Earning per Share (ASBJ Guidance No.4, September 25, 2002) revised on January 31, 2006 took effect as of the fiscal year that ended upon or after the enforcement of the Company Law. Accordingly, MHFG has applied the above guidance starting this fiscal year, and included Net Deferred Hedge Losses, net of Taxes for calculation of net assets per share. As a result, Net Assets per share of common stock declined by ¥9,566.77 compared with corresponding amount under the previously applied method.

39. Figures for fair value and unrealized gains (losses) on securities are as follows. In addition to Securities on the consolidated balance sheet, trading securities, negotiable certificates of deposit (NCDs), commercial paper and certain other items in Trading Assets, NCDs in Cash and Due from Banks, certain items in Other Debt Purchased and certain items in Other Assets are also included. The same inclusion applies through Note 42 inclusive.

Amount included in Net Unrealized Gains on Other Securities, net of Taxes:

¥ 1,550,515 million

Certain Other Securities which have readily determinable fair value are devalued to the fair value, and the difference between the acquisition cost and the fair value is treated as the loss for the fiscal year (devaluation), if the fair value (primarily the closing market price at the consolidated balance sheet date) has significantly deteriorated compared with the acquisition cost (including amortized cost), and unless it is deemed that there is a possibility of a recovery in the fair value. The amount of devaluation for the fiscal year was ¥3,247 million.

The criteria for determining whether a security s fair value has significantly deteriorated are outlined as follows:

Securities whose fair value is 50% or less of the acquisition cost

Securities whose fair value exceeds 50% but is 70% or less of the acquisition cost and the quoted market price maintains

a certain level or lower

44. Unsecured securities loaned that allow borrowers to sell amounted to ¥5,093 million and were included in trading securities under Trading Assets.

A portion of unsecured borrowed securities, securities purchased under resale agreements and securities borrowed with cash collateral have the right to sell or repledge. Among them, the total of securities repledged was \mathbb{\xi}8,769,615 million, securities re-loaned was \mathbb{\xi}262 million and securities neither repledged nor re-loaned was \mathbb{\xi}5,528,908 million, respectively.

45. Overdraft protection on current accounts and contracts for the commitment line for loans are contracts by which banking subsidiaries are bound to extend loans up to the prearranged amount, at the request of customers, unless the customer is in breach of contract conditions. The unutilized balance of these contracts amounted to ¥53,899,937 million. Of this amount, ¥44,504,074 million relates to contracts in which the original contractual maturity is one year or less, or which are unconditionally cancelable at any time.

Since many of these contracts expire without being exercised, the unutilized balance itself does not necessarily affect future cash flows. A provision is included in many of these contracts that entitles the banking subsidiaries to refuse the execution of loans, or reduce the maximum amount under contracts when there is a change in the financial situation, necessity to preserve a claim or other similar reasons. The banking subsidiaries obtain, moreover, real estate, securities or others as collateral at the time the contract is entered into, if needed, and periodically monitor customers business conditions, based on and in accordance with internally established standards, and take measures to control credit risks such as amendments to contracts, if needed.

- 46. The appendix forms of Banking Law Enforcement Regulations (Ministry of Finance Ordinance No. 10, 1982) have been revised by the Cabinet Office Ordinance to Amend Part of Detailed Enforcement Regulations on Mutual Loan Business Law and Banking Law (Cabinet Office Ordinance No. 60, April 28, 2006), following the application of Accounting Standards for Presentation of Net Assets in the Balance Sheet (ASBJ Statement No. 5, December 9, 2005) and Guidance on Accounting Standards for Presentation of Net Assets in the Balance Sheet (ASBJ Guidance No. 8, December 9, 2005) effective from the fiscal year ending on or after the enforcement date of the Company Law. In accordance with the application of the revised Banking Law Enforcement Regulations commencing with the fiscal year beginning on or after April 1, 2006, presentation of account items has been changed as follows:
- Former Shareholders Equity is presented as Net Assets and classified into Shareholders Equity, Valuation and Translation Adjustments and Minority Interests.

The amount corresponding to former Shareholders Equity as of the end of this fiscal year was ¥5,022,335 million.

- (2) The net realized and unrealized losses from hedging instruments formerly included in Other Assets as deferred hedge losses are presented as Net Deferred Hedge Losses, net of Taxes included in Valuation and Translation Adjustments, net of applicable income taxes.
- (3) Minority Interests formerly listed after Liabilities is included in Net Assets.
- (4) Former Premises and Equipment is classified into Tangible Fixed Assets, Intangible Fixed Assets and Other Assets.
- (a) As a result, building, land and equipment formerly included in Premises and Equipment are presented as Buildings, Land and Other Tangible Fixed Assets included in Tangible Fixed Assets, and suspense payment for construction formerly included in the said account is presented as Construction in Progress included in Tangible Fixed Assets.

In addition, premium of guarantee deposits and premium formerly included in Premises and Equipment is presented in Other Intangible Fixed Assets included in Intangible Fixed Assets, and guarantee deposits are presented in Other Assets.

- (b) Software and other items formerly included in Other Assets are presented in Software and Other Intangible Fixed Assets included in Intangible Fixed Assets.
- (5) Amortization of consolidation differences formerly recognized as Other under Other Ordinary Expenses is included as amortization of intangible fixed assets in General and Administrative Expenses under Ordinary Expenses.
- 47. In response to the Practical Solution on Application of Control Criteria and Influence Criteria to Investment Associations (ASBJ Report No. 20, September 8, 2006) effective from the fiscal year ending upon or after the public announcement, MHFG adopted the new accounting standard commencing with this fiscal year. This adoption has no effect on the consolidated balance sheet since investment associations deemed other subsidiaries in the ASBJ report had already been consolidated.
- 48. Accounting Standards for Treasury Shares and Appropriation of Legal Reserve (ASBJ Statement No. 1, February 21, 2002) and Guidance on Accounting Standards for Treasury Shares and Appropriation of Legal Reserve (ASBJ Guidance No. 2, February 21, 2002) were partially revised as of December 27, 2005 and August 11, 2006. Given that the revisions apply to procedures stipulated by the Company Law, MHFG has applied the above standards and guidance commencing with this fiscal year. The effect of this application on the consolidated balance sheet is immaterial.

- Income or expenses on trading transactions are recognized on a trade date basis and are recorded in Trading Income or Trading Expenses
 on the consolidated statement of income.

Trading Income and Trading Expenses include the interest received and the interest paid during the fiscal year, the gains or losses resulting from any change in the value of securities and other monetary claims between the beginning and the end of the fiscal year, and the gains or losses resulting from any change in the value of financial derivatives between the beginning and the end of the fiscal year, assuming they were settled at the end of the fiscal year.

- 5. Other Ordinary Income includes gains on sales of stocks of ¥231,265 million.
- Other Ordinary Expenses includes losses on devaluation of stocks of ¥335,790 million and losses on write-offs of loans of ¥67,141 million.
- Other Extraordinary Gains includes gains on cancellation of employee retirement benefit trust of ¥125,961 million and reversal of reserve for contingencies of ¥28,257 million.
- 8. The differences between the recoverable amount and the book value of the following assets were recognized as Losses on Impairment of Fixed Assets included in Extraordinary Losses during the fiscal year:

			Mill	ions of yen
Area	Principal purpose of u	ise	Type	Losses
Tokyo Metropolitan	Branch premises to be closed	3 branches	Land, Buildings	¥ 1,299
Area	Idle assets	32 items	and Premises, etc.	
	Branch premises	1 branch	Land, Buildings	
Other	Idle assets	61 items	and Premises, etc.	¥ 2,981

Domestic majority-owned consolidated banking subsidiaries, trust banking subsidiary and certain domestic majority-owned consolidated subsidiaries recognize Losses on Impairment of Fixed Assets for branch premises to be closed, branch premises and idle assets. For the purposes of identifying impaired assets in such cases, the individual asset is assessed as a unit. The recoverable amount is calculated based on net realizable value. Net realizable value is calculated based on the valuation by road rating with reasonable adjustments to compensate for sites with long depth and other factors, the appraisal value and others, less estimated cost of disposition.

Pursuant to Article 444, Paragraph 4 of the Company Law, we have audited the consolidated balance sheet, the consolidated statement of income, the consolidated statement of changes in net assets and the notes to the consolidated financial statements of Mizuho Financial Group, Inc. (the Company) applicable to the fiscal year from April 1, 2006 through March 31, 2007. These consolidated financial statements are the responsibility of the Company s management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position and results of operations of the Mizuho Financial Group, which consisted of the Company and consolidated subsidiaries, applicable to the fiscal year ended March 31, 2007 in conformity with accounting principles generally accepted in Japan.

We have no interest in the Company which should be disclosed in compliance with the Certified Public Accountants Law.

Audit Report on the Consolidated Financial Statements

The Board of Corporate Auditors, upon deliberation, prepared this audit report regarding the consolidated financial statements (consolidated balance sheet, consolidated statements of income, consolidated statements of changes in shareholders—equity and notes to the consolidated financial statements) for the 5th fiscal year from April 1, 2006 to March 31, 2007, based on the audit reports prepared by each Corporate Auditor and hereby reports as follows:

1. Auditing Method Employed by Corporate Auditors and the Board of Corporate Auditors and Details Thereof
The Board of Corporate Auditors established an auditing policy and auditing plans, including assignment of the duties of each Corporate
Auditor, received from each Corporate Auditor reports on the execution of audits and results thereof, and in addition, received from the
Directors, etc., and the independent auditors reports on the performance of their duties and, when necessary, requested explanations regarding such reports.

In accordance with the auditing standards for Corporate Auditors established by the Board of Corporate Auditors, each Corporate Auditor, based on the auditing plans, has received from the Directors, employees and other related persons reports on the consolidated financial statements and, when necessary, requested explanations regarding such reports.

In addition, the Corporate Auditors monitored and examined whether the independent auditors maintain their independence and carry out audits in an appropriate manner. The Corporate Auditors received from the independent auditors reports on the performance of their duties and, when necessary, requested explanations regarding those reports. The Corporate Auditors also received notification from the independent auditors regarding the Structure for ensuring appropriate execution of the duties of the independent auditors (as enumerated in each Item of Article 159 of the Company Calculation Regulations). When necessary, the Corporate Auditors requested explanations on such notification.

Audit Results

In our opinion, the method and results of the audit employed and rendered by Ernst & Young ShinNihon, the independent auditors, are fair and reasonable.

[NOTES TO NON-CONSOLIDATED FINANCIAL STATEMENTS]

BASIS FOR PRESENTATION AND PRINCIPLES OF PREPARATION OF FINANCIAL STATEMENTS

1. Valuation of Securities

Investments in subsidiaries and affiliates and Other Securities which do not have readily determinable fair value are stated at acquisition cost and determined by the moving average method.

Depreciation and Amortization of Fixed Assets

(a) Tangible Fixed Assets

Depreciation of Buildings is computed by the straight-line method, and that of Equipment is computed by the declining-balance method with the following range of useful lives.

Buildings: 4 years to 47 years

Equipment: 2 years to 17 years

(b) Intangible Fixed Assets

Trademarks are amortized under the straight-line method over ten years.

Development costs for internally-used software are capitalized and amortized under the straight-line method over their estimated useful lives of mainly five years.

Capitalization and Amortization of Deferred Assets

Establishment Costs and Start-Up Costs are capitalized and amortized under the straight-line method over five years.

4. Reserves

- (a) Reserve for Bonus Payments, which is provided for future bonus payments to employees, is maintained at the amount accrued at the end of the fiscal year, based on the estimated future payments
- (b) Reserve for Employee Retirement Benefits, which is provided for future benefit payments to employees, is recorded as the required amount, based on the projected benefit obligation and the estimated plan asset amounts at the end of the fiscal year. Unrecognized actuarial differences are recognized as income or expenses from the following fiscal year under the straight-line method over a certain term (ten years) within the average remaining service period of the employees of the respective fiscal year.
- (c) Reserve for Director and Corporate Auditor Retirement Benefits, which is provided for future retirement benefit payments to directors and corporate auditors, is recorded as the required amount at the end of the fiscal year, based on internally established standards.

 (Changes in Basis for Presentation and Principles of Preparation of Financial Statements)

Until the previous fiscal year, MHFG recognized director and corporate auditor retirement benefits as expenses at the time of payment. However, in accordance with the public announcement of the Accounting Standard for Directors Bonus (the Accounting Standards Board of Japan (ASBJ) Statement No. 4, November 29, 2005) and the Auditing Treatment relating to Reserve defined under the Special Tax Measurement Law, Reserve defined under the Special Law and Reserve for Director and Corporate Auditor Retirement Benefits (The Japanese Institute of Certified Public Accountants (JICPA) Auditing and Assurance Practice Committee Report No. 42, April 13, 2007), these benefits are recorded as Reserve for Director and Corporate Auditor Retirement Benefits at the required amount at the end of the fiscal year, based on internally established standards. As a result, Ordinary Profits and Income before Income Taxes, both decreased by ¥648 million, compared with the corresponding amounts under the previously applied method.

_	-
`	Leases

Finance leases that do not involve transfer of ownership to the lessee are accounted for as operating leases.

Consumption Taxes and Local Consumption Taxes

Consumption taxes and local consumption taxes are excluded from transaction amounts.

CHANGES IN BASIS FOR PRESENTATION AND PRINCIPLES OF PREPARATION OF FINANCIAL STATEMENTS

1. Accounting Standards for Presentation of Net Assets in the Balance Sheet

Accounting Standards for Presentation of Net Assets in the Balance Sheet (ASBJ Statement No. 5, December 9, 2005) and Guidance on Accounting Standards for Presentation of Net Assets in the Balance Sheet (ASBJ Guidance No. 8, December 9, 2005) were applied effective from this fiscal year. The amount corresponding to former Shareholders Equity as of the end of this fiscal year was ¥3,176,404 million.

2. Accounting Standards for Treasury Shares and Appropriation of Legal Reserve

Accounting Standards for Treasury Shares and Appropriation of Legal Reserve (ASBJ Statement No. 1, February 21, 2002) and Guidance on Accounting Standards for Treasury Shares and Appropriation of Legal Reserve (ASBJ Guidance No. 2, February 21, 2002) were partially revised as of December 27, 2005 and August 11, 2006. Given that the revisions apply to procedures stipulated by the Company Law, MHFG has applied the above standards and guidance commencing with this fiscal year. The effect of this application on the non-consolidated balance sheet is immaterial.

Mutsuo Emi Certified Public Accountant Designated and Operating Partner

Tetsuya Mogi Certified Public Accountant Designated and Operating Partner

Pursuant to Article 436, Section 2, Paragraph 1 of the Company Law, we have audited the balance sheet, the statement of income, the statement of changes in net assets, the notes to the financial statements and the related supplementary schedules of Mizuho Financial Group, Inc. (the Company) applicable to the 5th fiscal year from April 1, 2006 through March 31, 2007. These financial statements and the related supplementary schedules are the responsibility of the Company s management. Our responsibility is to express an opinion on these financial statements and the related supplementary schedules based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and the related supplementary schedules are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and the related supplementary schedules. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements and the related supplementary schedules. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements and the related supplementary schedules referred to above present fairly, in all material respects, the financial position and results of operations of Mizuho Financial Group, Inc. applicable to the 5th fiscal year ended March 31, 2007 in conformity with accounting principles generally accepted in Japan.

We have no interest in the Company which should be disclosed in compliance with the Certified Public Accountants Law.

Audit Report

The Board of Corporate Auditors, upon deliberation, prepared this audit report regarding the performance of duties of the Directors of the Company during the 5th fiscal year from April 1, 2006 to March 31, 2007, based on the audit reports prepared by each Corporate Auditor and hereby reports as follows:

1. Auditing Method Employed by Corporate Auditors and the Board of Corporate Auditors and Details Thereof
The Board of Corporate Auditors established an auditing policy and auditing plans, including assignment of the duties of each Corporate
Auditor, received from each Corporate Auditor reports on the execution of audits and results thereof, and in addition, received from the
Directors, etc., and the independent auditors reports on the performance of their duties and, when necessary, requested explanations regarding
such reports.

In accordance with the auditing standards for Corporate Auditors established by the Board of Corporate Auditors, each Corporate Auditor, based on the auditing plans, has endeavored to gather information and create an improved environment for auditing. Each Corporate Auditor also attended meetings of the Board of Directors and other important meetings, received from the Directors, employees and other related persons reports on the performance of their duties and when necessary, requested explanations regarding such reports. Also, each Corporate Auditor inspected important authorized documents and associated information and examined the business and financial position of the Company. In addition, each Corporate Auditor monitored and examined the content of resolutions made by the Board of Directors regarding the establishment of structures, to ensure that the performance of duties by the Directors will be in compliance with the laws and regulations of Japan and with the Company s Articles of Incorporation and other structures as provided for in Article 100, Paragraphs 1 and 3 of the Enforcement Regulations of the Company Law of Japan, to ensure that the Company s operation will be conducted appropriately. Moreover, each Corporate Auditor monitored and examined the status of such structures that have been established in compliance with such resolutions (internal control systems).

As for the subsidiaries of the Company, each Corporate Auditor has shared information with the directors and corporate auditors and other related persons of the subsidiaries and, when necessary, received reports from the subsidiaries regarding their businesses. Based on the foregoing method, we examined the business report and the supplementary schedules for this fiscal year.

In addition, the Corporate Auditors also monitored and examined whether the independent auditors maintain their independence and carry out audits in an appropriate manner. The Corporate Auditors received from the independent auditors reports on the performance of their duties and, when necessary, requested explanations regarding those reports. The Corporate Auditors also received notification from the independent auditors regarding the Structure for ensuring appropriate execution of the duties of the independent auditors (as enumerated in each Item of Article 159 of the Company Calculation Regulations). When necessary, the Corporate Auditors requested explanations on such notification. Based on the foregoing method, the Corporate Auditors reviewed the financial statements for this fiscal year (non-consolidated balance sheet, non-consolidated statements of income, non-consolidated statements of changes in shareholders equity and notes to the non-consolidated financial statements) and supplementary schedules thereto.

Audit Results

- (1) Audit Results on the Business Report, etc.
 - A. In our opinion, the business report and the supplementary schedules fairly represent the Company s condition in conformity with the applicable laws and regulations of Japan as well as the Articles of Incorporation of the Company.
 - B. With regard to the execution of duties by the Directors, we have found no evidence of misconduct or material facts in violation of the applicable laws and regulations of Japan or the Articles of Incorporation of the Company in the course of the execution of duties of the Directors.
 - C. In our opinion, the content of the resolutions of the Board of Directors regarding the internal control systems is appropriate, and furthermore, we have not found anything to be pointed out on the performance of duties of the Directors regarding the internal control systems.
- (2) Results of Audit of the Financial Statements and Supplementary Schedules In our opinion, the method and results of the audit employed and rendered by Ernst & Young ShinNihon, the independent auditors, are fair and reasonable.

Announcement Regarding Repurchase of Own Stock Held by a Subsidiary and Setting up a Limit for Repurchase of Own Stock

We, Mizuho Financial Group, Inc., after receipt of (i) the Audit Report prepared by the Board of Corporate Auditors with respect to the non-consolidated financial statements and the business report, and the supplementary schedules thereof, and (ii) the Audit Report prepared by the Board of Corporate Auditors with respect to the consolidated financial statements, resolved the following matters at the meeting of the Board of Directors, which were subsequently announced to the public.

1. Repurchase of Own Stock Held by a Subsidiary

We, at the meeting of the Board of Directors held on May 22, 2007, resolved to repurchase and cancel our common stock held by Mizuho Financial Strategy Co., Ltd., our subsidiary, and the repurchase and cancellation were completed as described in detail below. This repurchase was made for the purpose of retiring all our shares (261,040.83 shares), which the subsidiary stated above acquired and held at that time in the course of the Business Reorganization in March 2003.

Details of Repurchase and Cancellation

- (1) Type of shares to be repurchased: Shares of common stock of Mizuho Financial Group, Inc.
- (2) Aggregate number of shares to be repurchased: 261,040 shares
- (3) Aggregate amount of repurchase: JPY 221.1 billion
- (4) Date of repurchase and cancellation: Monday, May 28, 2007
- (5) Method of repurchase: Direct purchase

We repurchased and cancelled the fractional shares of our common stock (0.83 shares) based on our Share Handling Regulations. By doing so, we completed the repurchase and cancellation of all our common stock held by our subsidiary stated above.

2. Setting up a Limit for Repurchase of Own Stock

We, at the meeting of the Board of Directors held on May 22, 2007, set up a limit for repurchasing our common stock up to the maximum amount of JPY 150 billion as described below. This repurchase will be made for the purpose of offsetting the potential dilutive effect due to the commencement of the conversion period for the Eleventh Series Class XI Preferred Stock from July 1, 2008.

Details of Repurchase

- (1) Type of shares to be repurchased: Shares of common stock of Mizuho Financial Group, Inc.
- (2) Aggregate number of shares to be repurchased: Up to a maximum of 250,000 shares
- (3) Aggregate amount of repurchase: Up to a maximum of JPY 150 billion
- (4) Period of repurchase: From June 1, 2007 to November 30, 2007

We plan to cancel all the common shares repurchased.

We will continue to consider setting up additional repurchase limits and conducting share repurchases for the same purpose as described above, based on market conditions, our earnings trend and other factors.

(Notes) 1. Three (3) candidates among the above, Messrs. Akihiko Nomiyama, Mitsuo Ohashi and Kanemitsu Anraku, are candidates for outside directors as provided for in Article 2, Paragraph 3, Item 7 of the Enforcement Regulations of the Company Law of Japan.

- Reasons for Appointment of Candidates for Outside Directors, Independence as Outside Directors and Liability Limitation Agreements with Outside Directors.
 - (1) Reasons for Appointment of Candidates for Outside Directors, Independence as Outside Directors
 - a. The Company proposes to appoint Mr. Akihiko Nomiyama based on its conclusion that he will be able to provide various guidance on the general management of the Company from an objective point of view, making use of his abundant experience in his career as President and CEO (Representative Director) and Chairman (Representative Director) of Nippon Mining Holdings, Inc. and his wide-ranging insight gained through his management experience at the same company.
 - b. The Company proposes to appoint Mr. Mitsuo Ohashi since it has concluded he will be able to provide various guidance on the general management of the Company from an objective point of view, making use of his abundant experience at Showa Denko K.K. in which he serves as Director and Chairman of the Board of Directors and his wide-ranging insight gained through his management experience at the same company. A relative within the third degree of Mr. Mitsuo Ohashi is working as an employee of the Company. Two (2) years will have passed since his assumption of office as an Outside Director of the Company at the closing of this ordinary general meeting of shareholders.
 - c. The Company proposes to appoint Mr. Kanemitsu Anraku based on its conclusion that he will be able to provide various guidance on the general management of the Company from an objective point of view, making use of his abundant experience in his career as Executive Vice President (Representative Director) of Nissan Motor Co., Ltd. and his wide-ranging insight gained through his administrative experience at the same company. A relative within the third degree of Mr. Kanemitsu Anraku is working as an employee of Mizuho Trust & Banking Co., Ltd.
 - (2) Liability Limitation Agreements with Outside Directors
 - a. The Company has entered into a liability limitation agreement with Mr. Mitsuo Ohashi, a candidate for Outside Director, a summary of which is provided in the (3) Liability Limitation Agreements of 3. Matters regarding Outside Members of Officers in the Business Report above (page 28).
 - b. Pursuant to the provisions provided for in Article 427, Paragraph 1 of the Company Law of Japan (the Law), the Company is expected to enter into liability limitation agreements with Messrs. Akihiko Nomiyama and Kanemitsu Anraku which will limit the liability provided for in Article 423, Paragraph 1 of the Law to the higher of either (i) the pre-determined amount not less than JPY 20 million or (ii) the amount prescribed in laws and regulations, provided that such Outside Director is bona fide and without gross negligence in performing his duty.

Proposal 4: Appointment of two (2) Corporate Auditors

The term of office of Mr. Yukio Nozaki, Corporate Auditor, will expire at the closing of this ordinary general meeting of shareholders, and Mr. Junichi Iwabuchi will resign from Corporate Auditor at the closing of this ordinary general meeting of shareholders.

Accordingly, the Company proposes the appointment of two (2) Corporate Auditors.

The candidates for Corporate Auditors are as set forth below.

The Board of Corporate Auditors has approved this proposal in advance.

(Notes) 1. Mr. Shigeru Yamamoto, one of the candidates for Corporate Auditor, has accepted to assume the office of Corporate Auditor immediately after the closing of this ordinary general meeting of shareholders following his retirement from his position as Advisor of Mizuho Corporate Bank, Ltd.

- 2. Mr. Yukio Nozaki is a candidate for the outside corporate auditor provided for in Article 2, Paragraph 3, Item 8 of the Enforcement Regulations of the Company Law of Japan.
- 3. Reasons for Appointment of Candidates for Outside Corporate Auditors, Independence as Outside Corporate Auditors and Liability Limitation Agreements with Outside Corporate Auditors.
- (1) Reasons for Appointment of Candidates for Outside Corporate Auditors, Independence as Outside Corporate Auditors

The Company proposes to appoint Mr. Yukio Nozaki based on its conclusion that he will be able to contribute to maintaining and improving the corporate governance level of the Company by making use of his high degree of expertise gained through the experience of his duties as President of the Sendai High Court, President of the Nagoya High Court and as an attorney at law. Although he has not been engaged in management of a company other than in his career as an outside corporate auditor, the Company believes he will fulfill the audit duties of the Company appropriately due to his high degree of expertise. Four (4) years and five (5) months will have passed since his assumption of office as the Outside Corporate Auditor of the Company at the closing of this ordinary general meeting of shareholders.

(2) Liability Limitation Agreements with Outside Corporate Auditors

The Company has entered into a liability limitation agreement with Mr. Yukio Nozaki, a candidate for Outside Corporate Auditor, a summary of which is provided in the (3) Liability Limitation Agreements of 3. Matters regarding Outside Members of Officers in the Business Report above (page 28).

Proposal 5: Grant of retirement allowances to the retiring Directors and the retiring Corporate Auditor

The Company proposes to present the retirement allowance to (i) each of Messrs. Shunichi Asada and Tetsuji Kosaki who will resign from their respective positions as Director shortly, (ii) each of Messrs. Yoshiharu Fukuhara and Glen S. Fukushima who will leave their respective positions as Outside Director at the closing of this ordinary general meeting of shareholders, and (iii) Mr. Junichi Iwabuchi who will resign from Corporate Auditor at the closing of this ordinary general meeting of shareholders, to reward them for their services during their terms of offices, in an amount not exceeding the applicable amount determined in accordance with the Company s established rules. The Company seeks shareholders approval to give discretion to the Board of Directors (with respect to retiring Directors) and the Board of Corporate Auditors (with respect to the retiring Corporate Auditor) to determine the actual amount, timing of presentation, method and related details of the retirement allowance to the aforementioned retiring Directors and retiring Corporate Auditor based on discussions within the relevant board.

The respective brief personal records of the retiring Directors and the retiring Corporate Auditor described above are as follows:
