Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(d) Election of a Director

On September 24, 2007, the Board of Directors (the Board) of VMware, Inc. (VMware) appointed Renee J. James as a member of the Board, effective immediately, to fill a vacancy resulting from an increase in the size of the Board. Ms. James will serve as a Group II, Class I director. Ms. James will not join any Committees of the Board at this time. Ms. James is Vice President and General Manager, Software and Solutions Group of Intel Corporation (Intel).

In July 2007, VMware entered into a stock purchase agreement (Stock Purchase Agreement) with Intel, pursuant to which Intel, through its affiliate, Intel Capital Corporation (Intel Capital), agreed to purchase 9.5 million shares of VMware's Class A common stock at \$23.00 per share for an aggregate purchase price of \$218.5 million. Pursuant to the Stock Purchase Agreement, we agreed that our Board of Directors would appoint a new Board member, an Intel executive to be designated by Intel and acceptable to our Board. Ms. James was selected as a director pursuant to this agreement between Intel Capital and VMware. Due to Intel Capital's investment in VMware, Ms. James has elected not to receive any compensation for her services as a member of the Board, and has also elected not to be reimbursed for her reasonable expenses in connection with her attendance at Board meetings. Intel Capital's purchase of the 9.5 million shares of Class A common stock closed in August 2007.

VMware does business with Intel on a regular basis on the same or similar terms as would be negotiated with other third parties and anticipates that it will continue to do so in the future. VMware's base virtualization platform virtualizes Intel architecture.
