**PINNACLE BANKSHARES CORPORATION AND SUBSIDIARY**

**Notes to Consolidated Financial Statements**

**June 30, 2008 (Unaudited)**

**(In thousands of dollars, except share and per share data)**

**(1) General**

The unaudited consolidated financial statements include the accounts of Pinnacle Bankshares Corporation ( Bankshares ) and its wholly-owned subsidiary, The First National Bank of Altavista (the Bank ), (collectively the Company ). All material intercompany accounts and transactions have been eliminated. The unaudited consolidated financial statements conform to accounting principles generally accepted in the United States of America and to general banking industry practices. In the opinion of the Company's management, the accompanying unaudited consolidated financial statements contain all adjustments of a normal recurring nature, necessary to present fairly the financial position as of June 30, 2008 and the results of operations for the three months and six months ended June 30, 2008 and 2007 and cash flows for the six-month periods ended June 30, 2008 and 2007.

These interim period consolidated financial statements and financial information should be read in conjunction with the consolidated financial statements and notes thereto included in Bankshares' 2007 Annual Report to Shareholders and additional information supplied in the 2007 Annual Report on Form 10-K.

The results of operations for the interim period ended June 30, 2008 are not necessarily indicative of the results to be expected for the full year ending December 31, 2008.

The Company has a single reportable segment for purposes of segment reporting.

**(2) Cash and Cash Equivalents**

For purposes of reporting cash flows, cash and cash equivalents include cash on hand, amounts due from banks, interest-bearing deposits, and federal funds sold.

**(3) Securities**

The amortized costs, gross unrealized gains, gross unrealized losses, and fair values for securities at June 30, 2008 and December 31, 2007, are shown in the table below. As of June 30, 2008, securities with amortized costs of \$2,820 and fair values of \$2,833 were pledged as collateral for public deposits.

**Table of Contents****(4) Allowance for Loan Losses**

Activity in the allowance for loan losses for the six months ended June 30, 2008 and 2007, and for the year ended December 31, 2007 are as follows:

|                           | June 30,<br>2008 | December 31,<br>2007 | June 30,<br>2007 |
|---------------------------|------------------|----------------------|------------------|
| Balance at January 1,     | \$ 1,720         | \$ 1,770             | \$ 1,770         |
| Provision for loan losses | 295              | 462                  | 191              |
| Loans charged off         | (172)            | (646)                | (226)            |
| Recoveries                | 53               | 134                  | 84               |
| Balance at end of period, | \$ 1,896         | \$ 1,720             | \$ 1,819         |

**(5) Net Income Per Share**

Basic net income per share excludes dilution and is computed by dividing income available to common stockholders by the weighted-average number of common shares outstanding for the period. Diluted net income per share reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock or resulted in the issuance of common stock that then shared in the earnings of the Company.

The following is a reconciliation of the numerators and denominators of the basic and diluted net income per share computations for the periods indicated:

|   | Net Income<br>(Numerator) | Shares<br>(Denominator) | Per<br>Share<br>Amount |
|---|---------------------------|-------------------------|------------------------|
| <b>Three Months Ended June 30, 2008</b> |                           |                         |                        |
| Basic net income per share              | \$ 552                    | 1,485,089               | \$ 0.37                |
| Effect of dilutive stock options        |                           | 4,384                   |                        |
| Diluted net income per share            | \$ 552                    | 1,489,473               | \$ 0.37                |

|   | Net Income<br>(Numerator) | Shares<br>(Denominator) | Per<br>Share<br>Amount |
|---|---------------------------|-------------------------|------------------------|

| Basic net income per share       | \$ 1,228                  | 1,474,199               | \$ 0.83             |
| Effect of dilutive stock options |                           | 13,124                  |                     |
| Diluted net income per share     | \$ 1,228                  | 1,487,323               | \$ 0.82             |

**(6) Comprehensive Income**

The following table presents comprehensive income for the interim periods indicated below:

|   | Three Months Ended |               |
|---|--------------------|---------------|
|   | June 30, 2008      | June 30, 2007 |
| Net income  | \$ 552             | \$ 660        |
| Change in net unrealized gains on available-for sale securities, net of deferred income taxes | (143)              | (107)         |
| Total comprehensive income  | \$ 409             | \$ 553        |

|   | Six Months Ended |               |
|---|------------------|---------------|
|   | June 30, 2008    | June 30, 2007 |
| Net income  | \$ 1,045         | \$ 1,228      |
| Change in net unrealized gains on available-for sale securities, net of deferred income taxes | (26)             | (90)          |
| Total comprehensive income  | \$ 1,019         | \$ 1,138      |

**(7) Fair Value Measurement**

Effective January 1, 2008, the Company adopted the provisions of Statement of Financial Accounting Standards ( SFAS ) No. 157, *Fair Value Measurements*. SFAS No. 157, which was issued in September 2006, establishes a framework for using fair value. It defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

In accordance with SFAS No. 157, the Company groups its financial assets and financial liabilities in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. The most significant instruments that the Company measure at fair value include securities available for sale. All instruments fall into Level 2 of the fair value hierarchy. Valuation methodologies for the fair value hierarchy are as follows:

Level 1 Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange, are the quoted prices for the assets and liabilities. The Company has no Level 1 assets or liabilities on June 30, 2008.

## **Table of Contents**

Level 2 Valuations for assets and liabilities are obtained from readily available pricing sources via independent providers for market transactions involving similar assets or liabilities. The Company's principal market for these securities is the secondary institutional markets and valuations are based on observable market data in those markets. Level 2 securities include U.S. Government agency obligations, state and municipal bonds, mortgage-backed securities and corporate debt obligations.

Level 3 Valuations for assets and liabilities are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and are not based on market exchange, dealer, or broker-traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining fair value assigned to such assets and liabilities. The Company has no Level 3 assets or liabilities on June 30, 2008.

The following is a description of valuation methodologies used for assets and liabilities recorded at fair value.

### **Available-for-sale Securities**

Available-for-sale securities are recorded at fair value on a recurring basis. Fair value measurement is based upon quoted prices, if available, and would be included as a Level 1 asset. The Company currently carries no Level 1 securities. If quoted prices are not available, fair values are measured using independent pricing models or other model-based valuation techniques such as the present value of future cash flows, adjusted for the securities rating, prepayment assumptions and other factors such as credit loss assumptions. These would be classified as Level 2 assets. The Company's entire available-for-sale securities portfolio is classified as Level 2 securities. The Company currently carries no Level 3 securities in which fair value is determined using unobservable inputs.

### **Loans**

The Company does not record loans at fair value on a recurring basis. However, from time to time, a loan is considered impaired and an allowance for loan losses is established. Loans for which it is probable that payment of interest and principal will not be made in accordance with the contractual terms of the loan agreement are considered impaired. Once a loan is identified as individually

## **Table of Contents**

impaired, management measures impairment in accordance with SFAS No. 114, *Accounting by Creditors for Impairment of a Loan*. The fair value of impaired loans is estimated using one of several methods, including collateral value, market value of a similar debt, liquidation value and discounted cash flows. Those impaired loans not requiring an allowance represent loans at which fair value of the expected repayments or collateral exceed the recorded investments in such loans. At June 30, 2008, substantially all of the impaired loans were evaluated based on the fair value of the collateral. In accordance with SFAS No. 157, impaired loans for which an allowance is established based on the fair value of the collateral require classification in the fair value hierarchy. When the fair value of the collateral is based on an observable market price or a current appraised value, the Company records the impaired loan as a nonrecurring Level 2 asset. When an appraised value is not available or management determines the fair value of the collateral is further impaired below the appraised value and there is no observable market price, the Company records the impaired loan as a nonrecurring Level 3 asset. Impaired loans totaled \$529 at June 30, 2008 with a specific loss allowance totaling \$97.

## **Foreclosed Assets**

Foreclosed assets are adjusted to fair value upon transfer of the loans to foreclosed assets. Subsequently, foreclosed assets are carried at the lower of carrying value or fair value. Fair value is based upon independent market prices, appraised values of the collateral or management's estimation of the value of the collateral. When the fair value of the collateral is based on observable market price or a current appraised value, the Company records the foreclosed asset as a nonrecurring Level 2 asset. When an appraised value is not available or management determines the fair value of the collateral is further impaired below the appraised value and there is no observable market price, the Company records the foreclosed asset as a nonrecurring Level 3 asset. There were no fair value adjustments pertaining to foreclosed assets and one foreclosed property valued at \$239 as of June 30, 2008.

## **Goodwill**

Goodwill is subject to impairment testing. Goodwill is tested for impairment by determining the market and book value of the Company's stock. As such, the Company classifies goodwill as a nonrecurring Level 1 asset. There were no fair value adjustments related to goodwill of \$539 at June 30, 2008.

## Table of Contents

Below is a table that presents information about certain assets and liabilities measured at fair value on a recurring basis:

| Description                   | Total Carrying<br>Amount in<br>the<br>Consolidated<br>Balance<br>Sheet<br>6/30/2008 | Assets/Liabilities<br>Measured at Fair<br>Value<br>6/30/2008 | Fair Value Measurements at June 30, 2008   |   |  |

### (8) Stock Options

The Company has two incentive stock option plans. The 1997 Incentive Stock Plan (the "1997 Plan"), pursuant to which the Company's Board of Directors may grant stock options to officers and key employees, became effective as of May 1, 1997. The 1997 Plan authorizes grants of options to purchase up to 50,000 shares of the Company's authorized but unissued common stock. Accordingly, 50,000 shares of authorized but unissued common stock were reserved for use in the 1997 Plan. All stock options are granted with an exercise price equal to the stock's fair market value at the date of grant. At June 30, 2008, there were no additional shares available for grant under the 1997 Plan as the plan expired on May 1, 2007.

A summary of stock option information follows:

|                                  | Number of<br>Shares | Range<br>of Per<br>Share Price | Weighted-<br>Aggregate<br>Per Share<br>Price | Aggregate<br>Option<br>Price |
|----------------------------------|---------------------|--------------------------------|--|------------------------------|
| Outstanding at December 31, 2007 | 17,000              | \$ 14.00-14.75                 | \$ 14.33                                     | \$ 244                       |
| Outstanding at June 30, 2008     | 17,000              | \$ 14.00-14.75                 | \$ 14.33                                     | \$ 244                       |

The 2004 Incentive Stock Plan (the "2004 Plan"), pursuant to which the Company's Board of Directors may grant stock options to officers and key employees, was approved by shareholders on April 13, 2004 and became effective as of May 1, 2004. The 2004 Plan authorizes grants of options to purchase up to 100,000 shares of the Company's authorized but unissued common stock. Accordingly, 100,000 shares of authorized but unissued common stock were reserved for use in the 2004 Plan. All stock options are to be granted with an exercise price equal to the stock's fair market value at the date of grant, expiring ten years from the date of grant. At June 30, 2008, no options had been granted under the 2004 Plan and all 100,000 shares were available for grant under the 2004 Plan.

Effective January 1, 2006, the Company adopted SFAS No. 123(R), *Share-Based Payment*, using the modified prospective method and, accordingly, did not restate the consolidated statements of operations for periods prior to January 1, 2006. This pronouncement amended SFAS No. 123, *Accounting for Stock-Based Compensation*, and superseded Accounting Principles Board

## **Table of Contents**

(APB) Opinion No. 25, *Accounting for Stock Issued to Employees*. Under SFAS No. 123(R), the Company measures compensation cost for all stock-based awards at fair value on the date of grant and recognizes compensation expense in the consolidated statements of income over the service period in which the awards are expected to vest. The stock-based compensation expensed to salaries and employee benefits was \$0 in the first half of 2008 as compared to \$3 in the first half of 2007.

### **(9) Subsequent Declaration of Cash Dividend**

On July 8, 2008 the Board of Directors declared a quarterly cash dividend in the amount of \$0.15 per common share payable on August 1, 2008 to shareholders of record as of July 18, 2008.

### **(10) Impact of Recently Issued Accounting Standards**

In February 2007, the Financial Accounting Standards Board ( FASB ) issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities including an amendment of FASB Statement No. 115*. SFAS No. 159 permits entities to elect to measure eligible financial instruments at fair value. An entity must report unrealized gains and losses on items for which the fair value option has been elected in earnings at each subsequent reporting date, and recognize upfront costs and fees related to those items in earnings as incurred and not on a deferred basis. Unrealized gains and losses on items for which the fair value option has been elected must be reported in earnings at each subsequent reporting date. The fair value option can be applied instrument by instrument; however, the election is irrevocable. The Company's adoption of SFAS No. 159 on January 1, 2008 had no financial impact because the Company did not elect the fair value option for any of its financial assets or liabilities.

## **Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

(Amounts in thousands of dollars, except as otherwise indicated)

### **CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION**

The following discussion is qualified in its entirety by the more detailed information in the unaudited consolidated financial statements and accompanying notes appearing elsewhere in this Form 10-Q. In addition to the historical information contained herein, this report contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements, which are based on certain assumptions and describe future plans, strategies, and expectations of management, are generally identifiable by use of the words believe, expect, intend, anticipate, estimate, project, may, will or

## **Table of Contents**

similar expressions. Although we believe our plans, intentions and expectations reflected in these forward-looking statements are reasonable, we can give no assurance that these plans, intentions, or expectations will be achieved. Our ability to predict results or the actual effect of future plans or strategies is inherently uncertain, and actual results could differ materially from those contemplated. Factors that could have a material adverse effect on our operations and future prospects include, but are not limited to, changes in: interest rates, declining collateral values, general economic conditions, the legislative/regulatory climate, monetary and fiscal policies of the U.S. Government, including policies of the U.S. Treasury and the Board of Governors of the Federal Reserve System, the quality or composition of the loan or investment portfolios, demand for loan products, deposit flows, competition, demand for financial services in our market area and accounting principles, policies and guidelines. These risks and uncertainties should be considered in evaluating forward-looking statements contained herein, and you should not place undue reliance on such statements, which reflect our position as of the date of this report.

## **THE COMPANY**

Pinnacle Bankshares Corporation, a Virginia corporation ( Bankshares ), was organized in 1997 and is registered as a bank holding company under the Bank Holding Company Act of 1956, as amended. Bankshares is headquartered in Altavista, Virginia, and conducts all of its business activities through the branch offices of its wholly-owned subsidiary bank, The First National Bank of Altavista (the Bank ). Bankshares exists primarily for the purpose of holding the stock of its subsidiary, the Bank, and of such other subsidiaries as it may acquire or establish.

The following discussion supplements and provides information about the major components of the results of operations and financial condition, liquidity and capital resources of Bankshares and its subsidiary (collectively the Company ). This discussion and analysis should be read in conjunction with the Company s unaudited consolidated financial statements and accompanying notes.

## **OVERVIEW AND RESULTS OF OPERATIONS**

Total assets at June 30, 2008 were \$303,672, up 8.49% from \$279,913 at December 31, 2007. The principal components of the Company s assets at the end of the period were \$265,291 in net loans and \$17,709 in securities. During the six-month period ended June 30, 2008, net loans increased 13.98% or \$32,539 from \$232,752 at December 31, 2007. The Company s lending activities are a principal source of its income. Also during the six-month period, securities decreased 9.81% or \$1,926 from December 31, 2007.

## **Table of Contents**

Total liabilities at June 30, 2008 were \$276,313, up 9.17% from \$253,097 at December 31, 2007, as a result of an increase in savings and NOW accounts of \$439 or 0.59%, an increase in time deposits of \$8,557 or 5.71% and a decrease in demand deposits of \$1,175 or 4.31% from December 31, 2007. The Company's deposits are provided by individuals and businesses located within the communities the Company serves. The Company also used Federal Home Loan Bank advances of \$15,000 in the first half of 2008 to help fund loan growth.

Total stockholders' equity at June 30, 2008 was \$27,359 including \$22,254 in retained earnings and \$137 of accumulated other comprehensive losses net of the related deferred tax liability, which represents net unrealized losses on available-for-sale securities and the funded status of the Company's defined benefit postretirement plan. At December 31, 2007, total stockholders' equity was \$26,816.

The Company had net income of \$1,045 for the six months ended June 30, 2008, compared with net income of \$1,228 for the comparable period in 2007, a decrease of 14.90%. The Company had net income of \$552 for the three months ended June 30, 2008, compared with net income of \$660 for the comparable period in 2007, a decrease of 16.36%. The decrease in net income for the three and six months ended June 30, 2008 was due to higher overhead costs and loan loss provision expense and compression of the Company's net interest margin.

Profitability as measured by the Company's return on average assets (ROA) was 0.73% for the six months ended June 30, 2008, down from 0.94% for the same period of 2007. Another key indicator of performance, the return on average equity (ROE), for the six months ended June 30, 2008 was 7.70%, down from 9.83% for the six months ended June 30, 2007.

The results of operations for the six months ended June 30, 2008 are not necessarily indicative of the results to be expected for the full year ending December 31, 2008.

### **NET INTEREST INCOME**

Net interest income represents the principal source of earnings for the Company. Changes in the amounts and mix of interest-earning assets and interest-bearing liabilities, as well as their respective yields and rates, have a significant impact on the level of net interest income.

Net interest income was \$5,064 for the six months ended June 30, 2008 compared to \$4,938 for the six months ended June 30, 2007 and is attributable to interest income from loans and securities exceeding the cost associated with interest paid on deposits.

## **Table of Contents**

Net interest income was \$2,594 for the three months ended June 30, 2008 compared to \$ 2,525 for the three months ended June 30, 2007. The net interest margin decreased to 3.75% for the six months ended June 30, 2008, from 4.01% for the six months ended June 30, 2007. Loan yield has fallen at a faster pace than the rate paid for deposits in the past year as the Company is asset sensitive and interest rates fell precipitously in the first quarter of 2008.

Interest income on loans and securities increased 2.78% and 0.87% for the six and three months ended June 30, 2008, respectively, compared to the same periods of 2007 as net loan volume increased by \$41,812 since June 30, 2007 while the yield on loans and securities decreased by 46 basis points in the same time period.

Interest and fees on loans was \$8,646 for the six-month period ended June 30, 2008, up from \$8,138 for the same period in 2007. Interest and fees on loans was \$4,381 for the three-month period ended June 30, 2008, up from \$4,191 for the same period in 2007. Interest from securities and federal funds sold was \$519 for the six months ended June 30, 2008, down from \$779 for the six months ended June 30, 2007. Interest from securities and federal funds sold was \$233 for the three months ended June 30, 2008, down from \$383 for the three months ended June 30, 2007.

Total interest expense increased 3.07% for the six months ended June 30, 2008 and decreased 1.42% for the three months ended June 30, 2008, compared to the same periods of 2007 as deposits have increased by \$18,220 in the past twelve months while the yield on deposits has fallen by 20 basis points in the same time period.

Interest on deposits and borrowed funds was \$4,101 for the six months ended June 30, 2008, up from \$3,979 for the six months ended June 30, 2007. Interest on deposits and borrowed funds was \$2,020 for the three months ended June 30, 2008, down from \$2,049 for the three months ended June 30, 2007.

## **NONINTEREST INCOME**

Noninterest income increased \$172 or 13.59% for the six months ended June 30, 2008 compared to the same period of 2007. Noninterest income increased \$103 or 15.65% for the three months ended June 30, 2008 compared to the same period of 2007. The Company's principal sources of noninterest income are service charges and fees on deposit accounts, particularly transaction accounts, and commissions and fees. The increase for the first six months of 2008 compared to the same period of 2007 was due mainly to a \$34 or 4.96% increase in service charges and a \$56 or 27.86% increase in commissions and fees attributable mainly to commissions on investment sales.

## **Table of Contents**

### **NONINTEREST EXPENSE**

Noninterest expense increased \$459 or 10.90% for the six months ended June 30, 2008 compared to the same period of 2007. Noninterest expense increased \$289 or 13.79% for the three months ended June 30, 2008 compared to the same period of 2007. The increase in noninterest expense for the three and six-month periods is attributed primarily to the effect of overall growth of the Company on personnel expenses and fixed asset costs.

### **ALLOWANCE AND PROVISION FOR LOAN LOSSES**

The Company expensed a provision for loan losses of \$295 in the first six months of 2008 and \$157 in the second quarter of 2008 in recognition of management's estimate of risks inherent with lending activities. Among other factors, management considers the Company's historical loss experience, the size and composition of the loan portfolio, the value and adequacy of collateral and guarantors, non-performing credits, and current and anticipated economic conditions in making its estimate of risk. There are additional risks of future loan losses that cannot be precisely quantified or attributed to particular loans or classes of loans. Since those risks include general economic trends as well as conditions affecting individual borrowers, the allowance for loan losses is an estimate. The allowance is also subject to regulatory examinations and determinations as to adequacy, which may take into account such factors as the methodology used to calculate the allowance. The allowance for loan losses was \$1,896 as of June 30, 2008, representing approximately 0.71% of total loans outstanding, compared to \$1,819 or 0.81% of total loans outstanding as of June 30, 2007. The Company has not experienced a major increase in loan losses during the current economic climate. Management believes the allowance was adequate as of June 30, 2008 to provide for loan losses inherent in the Company's loan portfolio. Management evaluates the reasonableness of the allowance for loan losses on a quarterly basis and adjusts the provision as deemed appropriate. The Company has not experienced a major increase in loan losses during the current economic climate.

### **NON-PERFORMING ASSETS AND IMPAIRED LOANS**

Non-performing assets, which consist of nonaccrual loans and foreclosed properties, were \$768 at June 30, 2008 and \$634 at December 31, 2007. One foreclosed property valued at \$239 was held as of June 30, 2008 and no foreclosed property was held at December 31, 2007. Nonaccrual loans were \$529 at June 30, 2008 and \$634 at December 31, 2007. Loans are generally placed in nonaccrual status when the collection of principal and interest is 90 days or more past due, unless the obligation is both

## **Table of Contents**

well-secured and in the process of collection. A loan is considered an impaired loan when, based on then current information and facts, it is probable that the Company will not be able to collect all amounts due according to the contractual terms of the loan agreement. Impaired loans equaled nonaccrual loans at June 30, 2008.

## **LIQUIDITY**

Liquidity represents an institution's ability to meet present and future financial obligations through either the sale or maturity of existing assets or the acquisition of additional funds from alternative funding sources. The Company's liquidity is provided by cash and due from banks, federal funds sold, investments available for sale, managing investment maturities, interest-earning deposits in other financial institutions and loan repayments. The Company's ability to obtain deposits and purchase funds at favorable rates also affects its liquidity. As a result of the Company's management of liquid assets and its ability to generate liquidity through alternative funding sources, management believes that the Bank maintains overall liquidity that is sufficient to satisfy its depositors' requirements and to meet customers' credit needs. The Company's ratio of liquid assets to deposits and short-term borrowings was 8.49% as of June 30, 2008 and 13.64% as of December 31, 2007. The Company has an established federal funds line with a regional correspondent bank of \$13,680 that had no outstanding balance as of June 30, 2008 and an established line with the FHLB that had \$15,000 outstanding under a total line of \$37,527 as of June 30, 2008. The Company as of August 13, 2008 now has \$5,000 outstanding under the FHLB line. Additional sources of liquidity available to the Company include its capacity to borrow additional funds up to \$11,500 through two other correspondent banks. The Company derives cash flows from its operating, investing, and financing activities. Cash flows of the Company are primarily used to fund loans and securities and are provided by the deposits and borrowings of the Company.

## **CAPITAL**

The Company believes that its financial position at June 30, 2008 reflects liquidity and capital levels adequate to fund anticipated future business expansion. Capital ratios are well above required regulatory minimums for a well-capitalized institution. The assessment of capital adequacy depends on a number of factors such as asset quality, liquidity, earnings performance, and changing competitive conditions and economic forces. The adequacy of the Company's capital is reviewed by management regularly. Management seeks to maintain a capital structure that will assure an adequate level of capital to support anticipated asset growth and to absorb potential losses.

## **Table of Contents**

Stockholders' equity reached \$27,359 at June 30, 2008 compared to \$26,816 at December 31, 2007. At June 30, 2008, the Company's leverage ratio (Tier 1 capital divided by quarterly average assets) was 9.11% compared to 9.54% at December 31, 2007. Each of these ratios exceeded the required minimum leverage ratio of 4%.

### **OFF-BALANCE SHEET ARRANGEMENTS**

There were no material changes in the Company's off-balance sheet arrangements and commitments from the information provided in the Company's Annual Report on Form 10-K for the year ended December 31, 2007. The Company, in the normal course of business, may at times be a party to financial instruments such as standby letters of credit. Standby letters of credit as of June 30, 2008 equaled \$1,200. Other commitments include commitments to extend credit. Not all of these commitments will be acted upon; therefore, the cash requirements will likely be significantly less than the commitments themselves. As of June 30, 2008, the Company had unused loan commitments of \$49,224, including \$34,643 in unused commitments with an original maturity exceeding one year.

### **CRITICAL ACCOUNTING POLICIES**

Certain critical accounting policies affect the more significant judgments and estimates used in the preparation of the consolidated financial statements. The Company's most critical accounting policy relates to the Company's allowance for loan losses, which reflects the estimated losses resulting from the inability of the Company's borrowers to make required loan payments. If the financial condition of the Company's borrowers were to deteriorate, resulting in an impairment of their ability to make payments, the Company's estimates would be updated, and additional provisions for loan losses could be required. Further information regarding the estimates used in determining the allowance for loan losses is contained in the discussions on Allowance and Provision for Loan Losses on page 17 herein and Loans and Allowance for Loan Losses on page 32 of the Company's 2007 Annual Report to Shareholders.

### **RECENT ACCOUNTING PRONOUNCEMENTS**

In September 2006, the FASB issued SFAS No. 157, *Fair Value Measurements*, which establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. SFAS No. 157 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. The adoption of SFAS No. 157 has not had a material effect on the Company's consolidated results of operations or consolidated financial position.

**Table of Contents**

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities including an amendment of FASB Statement No. 115*. SFAS No. 159 permits entities to elect to measure eligible financial instruments at fair value. An entity must report unrealized gains and losses on items for which the fair value option has been elected in earnings at each subsequent reporting date, and recognize upfront costs and fees related to those items in earnings as incurred and not on a deferred basis. Unrealized gains and losses on items for which the fair value option has been elected must be reported in earnings at each subsequent reporting date. The fair value option can be applied instrument by instrument; however, the election is irrevocable. The Company's adoption of SFAS No. 159 on January 1, 2008 had no financial impact because the Company did not elect the fair value option for any of its financial assets or liabilities.

As of August 11, 2008, there are no other new accounting standards issued, but not yet adopted by the Company, which are expected to be applicable to the Company's financial position, operating results or financial statement disclosures.

**Table of Contents**

**Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

Not required.

**Item 4. CONTROLS AND PROCEDURES**

The Company's management evaluated, with the participation of the Chief Executive Officer and Chief Financial Officer, the effectiveness of the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)) as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective as of the end of the period covered by this report to ensure that information required to be disclosed in the reports that the Company files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to the Company's management, including the Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that the Company's disclosure controls and procedures will detect or uncover every situation involving the failure of persons within the Company to disclose material information required to be set forth in the Company's periodic reports.

The Company's management is also responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act). There was no change in the Company's internal control over financial reporting during the most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

**Table of Contents****PART II - OTHER INFORMATION****Item 1. LEGAL PROCEEDINGS**

In the normal course of business, the Company is involved in various legal proceedings. Management believes that the ultimate resolution of these proceedings will not have a material adverse effect on the Company's financial position, liquidity or results of operations.

**Item 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS**

The 2008 Annual Meeting of Shareholders of Pinnacle Bankshares Corporation was held on April 8, 2008.

At the 2008 Annual Meeting, the following persons were elected to serve as Class II directors, to serve until the 2011 Annual Meeting, having received the following votes:

| <b>Name</b>         | <b>For</b> | <b>Withheld</b> |
|---------------------|------------|-----------------|
| James E Burton, IV  | 1,176,910  | 9,845           |
| James P. Kent, Jr.  | 1,138,133  | 48,622          |
| William F. Overacre | 1,174,267  | 12,488          |

The following Class I and III directors continued in office after the 2008 Annual Meeting:

| <b>Class III</b>                      | <b>Class I</b>                        |
|---------------------------------------|---------------------------------------|
| <b>Serving until the 2009 Meeting</b> | <b>Serving until the 2010 Meeting</b> |
| Carroll E. Shelton                    | A. Willard Arthur                     |
| John L. Waller                        | John P. Erb                           |
| Michael E. Watson                     | Robert H. Gilliam, Jr.                |
|                                       | R.B. Hancock, Jr.                     |

No other matters were voted on during the meeting.
