ABOUT THIS PROSPECTUS

This prospectus is part of a resale registration statement that we filed with the Securities and Exchange Commission, or SEC, using a shelf registration process. The selling stockholders may offer and sell under this prospectus, from time to time, an aggregate of up to 9,642,857 shares of our common stock. You should read this prospectus, including the documents incorporated by reference, as well as any post-effective amendments to the registration statement of which this prospectus is a part, before you make any investment decision.

On February 17, 2009, we and certain of our direct and indirect subsidiaries (collectively, the Debtors) filed voluntary petitions in the United States Bankruptcy Court for the District of New Jersey in Camden, New Jersey (the Bankruptcy Court) seeking relief under the provisions of Chapter 11 of Title 11 of the United States Code (the Bankruptcy Code). On May 7, 2010, the Bankruptcy Court entered an order (the Confirmation Order) confirming the Supplemental Modified Sixth Amended Joint Plan of Reorganization Under Chapter 11 of the Bankruptcy Code (the Plan of Reorganization) proposed by the Debtors and the Ad Hoc Committee (the Ad Hoc Committee) of certain holders of the Debtors' 8.5% Senior Secured Notes due 2015 (the Second Lien Notes), as filed with the Bankruptcy Court, in final form, on May 7, 2010.

On July 16, 2010 (the Consummation Date), the Plan of Reorganization became effective and the transactions contemplated by the Plan of Reorganization were consummated. The holders of claims under our pre-petition first lien credit agreement have appealed the Confirmation Order. That appeal was filed on May 17, 2010 and is currently pending before the United States District Court for the District of New Jersey (the District Court). Following the Consummation Date, we filed a motion to dismiss the appeal in the District Court on the grounds of equitable mootness as a result of the Plan of Reorganization becoming effective.

The selling stockholders named herein acquired the shares offered by this prospectus pursuant to the Plan of Reorganization, including in accordance with the Backstop Agreement, both of which are more fully described herein and in the documents incorporated by reference herein. We agreed to use commercially reasonable efforts to register for resale the shares of our common stock covered by this prospectus.

In connection with the Plan of Reorganization, the Debtors were required to prepare projected financial information to demonstrate to the Bankruptcy Court the feasibility of the Plan of Reorganization and the ability of the Debtors to continue operations upon emergence from bankruptcy. Neither these projections, which are contained in a form of the disclosure statement prepared in connection with the Plan of Reorganization that was previously filed with the SEC (the Disclosure Statement), nor any form of the Disclosure Statement, should be considered or relied upon in connection with the purchase of our common stock. Neither the projections nor any form of the Disclosure Statement were prepared for the purpose of any offering of our common stock and have not been updated on an ongoing basis. The projections reflect numerous assumptions concerning our anticipated future performance and prevailing and anticipated market and economic conditions at the time they were prepared that were and continue to be beyond our control and that may not materialize. Projections are inherently subject to uncertainties and to a wide variety of significant business, economic and competitive risks, including those risks discussed under Risk Factors in this prospectus and incorporated by reference herein. Our actual results will vary from those contemplated by the projections and the variations may be material. As a result, you should not rely upon the projections or any form of the Disclosure Statement in deciding whether to invest in our common stock.

Except as otherwise noted or suggested by context, all references to our common stock and the capitalization of the Company contained in this prospectus mean our common stock outstanding and the capitalization of Trump Entertainment Resorts, Inc. from and after the Consummation Date.

The selling stockholders may only offer to sell, and seek offers to buy, shares of our common stock in jurisdictions where offers and sales are permitted. Unless otherwise indicated, the information contained in this prospectus speaks only as of the date of this prospectus.

Table of Contents

Certain consolidated financial statements incorporated by reference herein have been prepared in accordance with Topic 852 Reorganizations of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) (ASC 852), and on a going concern basis, which contemplates continuity of operations, realization of assets and liquidation of post-petition liabilities in the ordinary course of business. In accordance with ASC 852, the financial statements for the periods presented distinguish transactions and events that are directly associated with the reorganization from the ongoing operations of the Company.

In addition, the historical financial information incorporated by reference in this prospectus reflects the historical consolidated results of operations and financial condition of the Company for the periods presented. That financial information does not reflect, among other things, any effects of the transactions contemplated by the Plan of Reorganization or any fresh-start accounting, which the Company expects to adopt following the Consummation Date. Accordingly, such historical financial information may not be representative of the Company s results of operations or financial condition after the Consummation Date.

Recent Events

Emergence from Chapter 11

On February 17, 2009, we and the other Debtors filed voluntary petitions in the Bankruptcy Court seeking relief under the provisions of Chapter 11 of the Bankruptcy Code. These Chapter 11 cases are being jointly administered under the caption *In re: TCI 2 Holdings, LLC, et al Debtors, Chapter 11 Case Nos.: 09-13654 through 09-13658 through 09-13664 (JHW)* (the Chapter 11 Cases).

On May 7, 2010, the Bankruptcy Court entered the Confirmation Order, confirming the Plan of Reorganization, as filed with the Bankruptcy Court, in final form, on May 7, 2010. The disclosure statement relating to a prior version of the Plan of Reorganization was approved by the Bankruptcy Court previously in the Chapter 11 Cases (AHC/Debtor Disclosure Statement).

On July 16, 2010, the Consummation Date, the Plan of Reorganization became effective and the transactions contemplated by the Plan of Reorganization were consummated.

The holders of claims under our pre-petition first lien credit agreement have appealed the Confirmation Order. That appeal was filed on May 17, 2010 and is currently pending before the District Court. We have filed a motion to dismiss the appeal in the District Court on the grounds of equitable mootness as a result of the Plan of Reorganization becoming effective.

The following is a summary of the transactions that occurred pursuant to the Plan of Reorganization. This summary only highlights certain of the substantive provisions of the Plan of Reorganization and is not intended to be a complete description of, or a substitute for a full and complete reading of, the Plan of Reorganization. This summary is qualified in its entirety by reference to the full text of the Plan of Reorganization.

Pursuant to the Plan of Reorganization, on the Consummation Date, the following occurred:

We, TER Holdings and certain of our other subsidiaries (the Subsidiary Guarantors), each as reorganized pursuant to the Plan of Reorganization, entered into an Amended and Restated Credit Agreement (the Amended and Restated Credit Agreement) with Beal Bank, SSB, as collateral agent and administrative agent, and Icahn Partners LP, Icahn Partners Master Fund LP, Icahn Partners Master Fund II LP and Icahn Partners Master Fund III LP, as initial lenders. The indebtedness under the Amended and Restated Credit Agreement represents term loans, in the total principal amount, as of the Consummation Date, of approximately \$356.4 million, of which, as of the Consummation Date, \$334.0 million comprised the Interest Bearing Component (as defined in the Amended and Restated Credit Agreement) and approximately \$22.4 million comprised the Non-Interest Component (as defined in the Amended and Restated Credit Agreement).

Table of Contents

We entered into a registration rights agreement (the Registration Rights Agreement), pursuant to which we agreed to file the registration statement of which this prospectus is a part with the SEC no later than 30 days after the Consummation Date, and to use our commercially reasonable efforts to cause the registration statement to be declared effective by 60 days after the Consummation Date. The registration statement registers the resale of our new common stock issued pursuant to the Plan of Reorganization and held by the Backstop Parties (as defined below) and other eligible holders of new common stock who received such stock pursuant to the exemption from registration under Section 4(2) of the Securities Act to the extent such holders elect to have their shares registered for resale.

We and TER Holdings entered into an amended and restated services agreement (the Services Agreement) with Donald J. Trump (Mr. Trump) and Ivanka Trump (Ms. Trump), and along with Mr. Trump, the Trump Parties), which amends, restates and supersedes the previous services agreement entered into among us, TER Holdings and Mr. Trump in 2005.

We, TER Holdings and certain of our subsidiaries (collectively, the Licensee Entities) entered into a Second Amended and Restated Trademark License Agreement with the Trump Parties (the Trademark License Agreement), which amends, restates and supersedes the previous trademark license agreement among us, TER Holdings and Mr. Trump and provides that the Trump Parties grant the Licensee Entities a royalty-free license to use certain trademarks, service marks, names, domain names and related intellectual property associated with the name Trump and the Trump Parties (the Trump Parties Intellectual Property) in connection with our casino and gaming activities relating to our three existing casino properties in Atlantic City, New Jersey (Trump Taj Mahal, Trump Plaza and Trump Marina), subject to certain terms and conditions. The Trademark License Agreement will be in effect from the Consummation Date until terminated pursuant to the terms of the Trademark License Agreement, including upon 30 days notice by TER Holdings, failure to use the Licensed Marks (as defined in the Trademark License Agreement) for 90 days, a sale of all of the casino properties, the use by the Licensee Entities of any of the Trump Parties Intellectual Property in a manner inconsistent with the Trademark License Agreement or certain defaults by the Licensee Entities of the terms and provisions therein.

Aggregate capital contributions of \$225.0 million in new equity (in exchange for 7,500,000 shares of our common stock, or 70% of our common stock) were made pursuant to a rights offering to holders of the Second Lien Notes and general unsecured claims (the Rights Offering), which was backstopped by members of the Ad Hoc Committee and/or their affiliates (the Backstop Parties) (who received 20% of our common stock as a backstop fee in consideration for their agreement to provide such backstop commitment).

The holders of claims under the \$493.3 million pre-petition senior secured facility entered into by us on December 21, 2007 received, in full and final satisfaction of their claims, (i) \$125.0 million in cash from the proceeds of the Rights Offering and (ii) the new secured term loans (the Term Loans) in the total principal amount of approximately \$356.4 million on modified terms approved by the Bankruptcy Court pursuant to the Amended and Restated Credit Agreement.

In exchange for the waiver of certain claims held by the Trump Parties, The Trump Organization, ACE Entertainment Holdings, Inc. and each of their respective affiliates or entities under the control, directly or indirectly, of the Trump Parties (collectively, the DJT Parties) against the Debtors, and in consideration of the Trump Parties entering into the Trademark License Agreement and the Services Agreement with certain of the Debtors, and in accordance with the terms of a plan support agreement dated as of November 16, 2009, entered into among the DJT Parties and the members of the Ad Hoc Committee, as approved by the Bankruptcy Court (the DJT Settlement Agreement), 535,714 shares of our common stock (representing 5% of our common stock), along with warrants (the DJT

Warrants) to purchase up to an additional 535,714 shares (or 5% of our common stock) at an exercise price of \$123.74 per share, subject to certain antidilution adjustments, and exercisable for a five-year period, were issued to Mr. Trump.

The indebtedness evidenced by the Second Lien Notes and the indenture pursuant to which such notes were issued were canceled and a pro rata distribution of 535,714 shares of our common stock (representing 5% of our common stock) was made to holders of Second Lien Notes.

General unsecured creditors received the lesser of (a) \$0.0078 per \$1.00 of the principal or face amount of allowed general unsecured claims or (b) such holder's pro rata share of \$1.206 million.

A cash distribution was made in an amount of \$0.0012 per \$1.00 of the principal or face amount of Second Lien Note Claims or allowed general unsecured claims to those holders of Second Lien Notes (other than the Backstop Parties) and general unsecured creditors who were not eligible to participate in the Rights Offering or did not elect to subscribe for our new common stock in the Rights Offering.

There was no recovery under the Plan of Reorganization for stockholders or any other holder of equity interests held prior to the Consummation Date, and all equity interests in the Company and all limited partnership interests in TER Holdings were canceled on the Consummation Date pursuant to the Plan of Reorganization.

Upon the effectiveness of the Plan of Reorganization on the Consummation Date, a total of 10,714,286 shares of new common stock of TER were issued to various parties.

In addition, on the Consummation Date, five of the six then-current members of the Company's Board of Directors were deemed to have resigned from their positions as directors of the Company, and a new board of directors was appointed consisting of seven members, six of whom had not been directors of the Company prior to the Consummation Date.

Information regarding the assets and liabilities of the Debtors is contained in the documents incorporated by reference herein and in the AHC/Debtor Disclosure Statement.

Following consummation of the Plan of Reorganization, TER Holdings and Trump Entertainment Resorts Funding, Inc. each filed a Form 15 with the SEC to terminate its filing obligations under the Securities Exchange Act of 1934, as amended, or the Exchange Act. TER continues to be a reporting company under the Exchange Act.

RISK FACTORS

Investing in our common stock involves substantial risk. You should consider carefully all of the information set forth in this prospectus and the documents incorporated by reference herein, unless expressly provided otherwise, and, in particular, the risk factors described herein, in our Annual Report on Form 10-K for the year ended December 31, 2009 and subsequently filed Quarterly Reports on Form 10-Q, filed with the SEC and incorporated by reference into this prospectus. The risks described in any document incorporated by reference herein are not the only ones we face, but are considered to be the most material. There may be other unknown or unpredictable economic, business, competitive, regulatory or other factors that could have material adverse effects on our future results. Past financial performance may not be a reliable indicator of future performance and historical trends should not be used to anticipate results or trends in future periods.

Risks Related to Our Business

Current conditions in the global markets and general economic pressures may adversely affect consumer spending and our business and results of operations.

Our performance depends on the impact of economic conditions on levels of consumer spending. As a result of the present weak economic conditions in the United States, Europe and much of the rest of the world, the uncertainty over the duration of such weakness and the prospects for recovery, consumers are continuing to curb discretionary spending, which is having an effect on our business. An extended duration or deterioration in current economic conditions could have a further material adverse impact on our financial condition and results of operations.

To operate our business and ultimately to restructure our capital structure, we will require a significant amount of cash.

Our ability to satisfy our obligations and fund capital expenditures will depend on our ability to generate cash in the future, which is, in part, subject to general economic, financial, competitive, legislative, regulatory and other factors beyond our control. The risk is heightened by the fact that our current operations are in a single market. While additional cash for operations and capital expenditures were provided under the Plan of Reorganization, we cannot assure you that our business will generate sufficient cash flow from operations or that future financing will be available to us in an amount sufficient to enable us to operate our business and restructure our business. These challenges are exacerbated by adverse conditions in the general economy and the tightened credit market.

Our industry is intensely competitive.

The gaming industry is highly competitive and is expected to become more competitive in the future. New entrants to the Atlantic City market have announced plans to develop casinos in the future. We also face competition from other forms of legalized gaming, such as state sponsored lotteries, racetracks, off-track wagering and video lottery and video poker terminals. In addition, online gaming, despite its current illegality in the United States, is a growing sector in the gaming industry. Legislation has been introduced in New Jersey and certain other states that, if passed and enacted into law, would permit certain forms of online gaming. We are unable to assess the impact that online gaming will have on our operations in the future and there is no assurance that the impact will not be materially adverse.

Our success could depend upon the success of our strategic capital expenditure plan.

Many of our existing competitors in Atlantic City have recently completed significant development projects. We have completed a strategic capital expenditure plan at each of our properties, which included the construction of the Chairman Tower at Trump Taj Mahal. From time to time, capital expenditures, such as room

Table of Contents

refurbishments, amenity upgrades and new gaming equipment, are necessary to enhance the competitiveness of our properties. Our ability to successfully compete will also be dependent upon our ability to develop and implement effective marketing campaigns. To the extent we are unable to successfully develop and implement these types of marketing initiatives, we may not be successful in competing in our market.

Gaming is a regulated industry and changes in the law could have a material adverse effect on our operations.

Gaming in New Jersey is regulated extensively by federal and state regulatory bodies, including the New Jersey Casino Control Commission (the CCC) and state and federal taxing, law enforcement and liquor control agencies. We and several of our officers and other qualifiers have received the licenses, permits and authorizations required to operate our properties. In June 2007, the CCC renewed our licenses to operate Trump Taj Mahal, Trump Plaza and Trump Marina until June 2012. Failure to maintain or obtain the requisite casino licenses would have a material adverse effect on our business. See Business Regulatory and Licensing in our Annual Report on Form 10-K for the year ended December 31, 2009.

If new gaming regulations are adopted in the jurisdictions in which we operate, such regulations could impose restrictions or costs that could have a significant adverse effect on us. From time to time, various proposals have been introduced by the legislature of New Jersey that, if enacted, could adversely affect the tax, regulatory, operations or other aspects of the gaming industry and our financial performance. Legislation of this type may be enacted in the future. For example, in July 2010, the Governor of New Jersey announced plans for state-appointed authority to take charge of Atlantic City's casino and entertainment district; the impact of this plan on us is not yet clear.

Pennsylvania, New York and other nearby states have enacted gaming legislation that may harm us, and other states may do so in the future.

In July 2004, the Pennsylvania legislature enacted the Race Horse Development and Gaming Act which authorizes the Control Board to permit a total of up to 61,000 slot machines in up to 14 different licensed locations in Pennsylvania, seven at racetracks (each with up to 5,000 slot machines), five at slot parlors (two in Philadelphia, one in Pittsburgh and two elsewhere, each with up to 5,000 slot machines) and two at established resorts (each with up to 500 slot machines). Three of the racetrack sites, Pocono Downs, Parx Casino and Chester Downs and three slot parlors, two in Philadelphia and one in Bethlehem, are located in our market area. Slot machine operations commenced in late 2006 at the racetracks and in May 2009 at the slot parlor in Bethlehem. As of early 2010, approximately 12,000 slot machines were operating at these locations. One of the Philadelphia slot parlors commenced construction in October 2009 and is expected to open in mid-2010 with approximately 1,700 slot machines. No agreement has yet been reached on who will operate the other Philadelphia facility. The transaction is contingent on approval from Pennsylvania gaming regulators.

In January 2010, table game legislation was signed into Pennsylvania law which allows up to 250 table games at each of the 12 larger authorized casinos and up to 50 table games at each of the remaining two smaller authorized casinos. Pennsylvania table games became operational during July 2010. Competition from the Pennsylvania area casinos that are currently operational has adversely impacted Atlantic City casinos, including our casinos. Pennsylvania table games and the potential opening of additional Pennsylvania casinos could further adversely impact Atlantic City casinos, including our casinos.

In 2001, the New York Legislature authorized the installation of video lottery terminals (VLTs) at various horse racing facilities in New York. The VLT facility at Yonkers Raceway opened in late 2006 and now operates 5,300 VLTs. In August 2010, the New York State Division of the Lottery recommended Genting New York LLC for a license to operate a new casino at the Aqueduct Racetrack in Queens, New York, which will feature approximately 4,500 VLTs. The transaction is contingent on approval from New York's legislature and governor. Additionally, at various times there have been discussions about allowing VLTs at the Belmont racetrack. These

Table of Contents

locations are less than 15 miles from Manhattan. The 2001 legislation also authorized the Governor of New York to negotiate compacts authorizing the operation of up to six Native American casino facilities, including slot machines. Three have now been located in the western part of New York and outside of our primary market area but the remaining three, if approved and developed, are required by law to be located in either Sullivan or Ulster County, adjoining counties, which are approximately 100 miles northwest of Manhattan. Additionally, the Shinnecock Indian Nation of the Southampton area of eastern Long Island was recently provisionally approved for federal recognition; the Shinnecock Indian Nation have indicated that they intend to operate a casino in their territory. Competition from the VLT facilities at Aqueduct Racetrack and Yonkers Raceway and from potential Native American casinos as may be authorized and operated in Sullivan or Ulster County could adversely impact Atlantic City casinos, including our casinos.

In addition, other states near New Jersey, including Maryland, either have or are currently contemplating gaming legislation. The net effect of gaming facilities in such other states, when operational, on the Atlantic City gaming market, including our properties, cannot be predicted. Since our market is primarily a drive-in market, legalized gaming in one or more states neighboring or within close proximity to New Jersey could have a material adverse effect on the Atlantic City gaming market overall, including our properties.

Other enacted legislation, including local anti-smoking regulations, may have an adverse impact on our operations.

In 2006, the New Jersey Legislature adopted the New Jersey Smoke-Free Air Act. The law prohibits the smoking of tobacco in structurally enclosed indoor public places and workplaces in New Jersey, including licensed casino hotels. The law permits smoking within the perimeter of casino and casino simulcasting areas, and permits 20% of hotel guest rooms to be designated as smoking rooms.

In 2007, an ordinance in Atlantic City became effective which extended smoking restrictions under the New Jersey Smoke-Free Air Act. This ordinance mandated that casinos restrict smoking to designated areas of up to 25% of the casino floor. In 2008, Atlantic City's City Council unanimously approved an amendment to the ordinance, banning smoking entirely on all casino gaming floors and casino simulcasting areas, but allowing smoking in separately exhausted, non-gaming, smoking lounges. However, Atlantic City's City Council subsequently announced that it would not consider a full smoking ban in casinos until at least the end of 2011, due to, among other things, the weakened economy and increased competition in adjoining states.

Bills are pending in the New Jersey Senate and Assembly which, if enacted, would repeal the gaming area exemption from the smoking ban provided for in the New Jersey Smoke-Free Air Act. This proposed ban on smoking in the casino and casino simulcasting areas could adversely affect the Atlantic City casinos, including our casinos.

We might not be successful in pursuing additional gaming ventures in existing or emerging gaming markets. We would not have the right to use the Trump brand in connection with any such additional gaming ventures.

We are continuously looking to grow our business and diversify our cash flow by actively pursuing opportunities to capitalize on the Trump brand in connection with our existing properties in Atlantic City, New Jersey. In addition, we expect to explore opportunities to expand our activities and asset base in additional gaming markets. Under the terms of our Trademark License Agreement with the Trump Parties, our right to use the Trump brand and related intellectual property is limited to our three existing properties, and accordingly the Trump brand and related intellectual property would not be available for our use in connection with any other activities we may undertake in the future. Competition for gaming opportunities that are or are expected to become available in additional jurisdictions is expected to be intense, and many of our known or anticipated competitors for available gaming licenses have greater resources and economies of scale than we do. We cannot assure you that we will be successful in pursuing additional gaming ventures or developing additional gaming facilities.

Table of Contents

Our business is subject to a variety of other risks and uncertainties.

In addition to the risk factors described above, our financial condition and results of operations could be affected by many events that are beyond our control, such as:

capital market conditions that could (i) affect our ability to raise capital and access capital markets and (ii) raise our financing costs in connection with refinancing debt or pursuing other financing alternatives;

war, future acts of terrorism and their impact on capital markets, the economy, consumer behavior and operating expenses;

competition from existing and potential new competitors in Atlantic City and other markets (including online gaming), which is likely to increase over the next several years;

regulatory changes;

state tax law changes that increase our tax liability; and

other risks described from time to time in periodic reports filed by us with the SEC.

Occurrence of any of these risks could materially adversely affect our operations and financial condition.

Furthermore, we have minimal operations, except for our ownership of TER Holdings and its subsidiaries. We depend on the receipt of sufficient funds from our subsidiaries to meet our financial obligations. The ability of our subsidiaries to make payments to TER may also be restricted by the CCC.

Changes in the cost of electricity and other energy could affect our business.

We are a large consumer of electricity and other energy. Accordingly, increases in energy costs, may have a negative impact on our operating results. Additionally, higher energy and gasoline prices which affect our customers may result in reduced visitation to our resorts and may have an adverse effect on our business because we are primarily a drive-in market.

Our cash flows from operating activities are seasonal in nature.

Spring and summer are traditionally the peak seasons for our properties, while autumn and winter are non-peak seasons. Consequently, in the past, our operating results for the quarters ending in March and December have not been as strong as for the quarters ending in June and September. Excess cash from operations during peak seasons is used, in part, to subsidize operations during non-peak seasons. Performance in non-peak seasons is usually dependent on favorable weather and the long-weekend holiday calendar. In the event that we are unable to generate excess cash in one or more peak seasons, we may not be able to subsidize operations during non-peak seasons, if necessary, which would have an adverse effect on our business.

Risks Related to Our Emergence From Bankruptcy

Our actual financial results may vary significantly from the projections filed with the Bankruptcy Court.

In connection with the Plan of Reorganization, we were required to prepare projected financial information to demonstrate to the Bankruptcy Court the feasibility of the Plan of Reorganization and our ability to continue operations upon emergence from bankruptcy. The projections reflect numerous assumptions concerning anticipated future performance and prevailing and anticipated market and economic conditions that were and continue to be beyond our control and that may not materialize. Projections are inherently subject to uncertainties and to a wide variety

Edgar Filing: TRUMP ENTERTAINMENT RESORTS, INC. - Form S-1

of significant business, economic and competitive risks. Our actual results may vary from those contemplated by the projections and the variation may be material. Neither the projections nor any version of the AHC/Debtor Disclosure Statement should be considered or relied upon.

Because our pro forma consolidated financial statements reflect preliminary fresh start accounting adjustments expected to be made upon emergence from bankruptcy, and because of the effects of the transactions that became effective pursuant to the Plan of Reorganization, financial information in the pro forma financial statements and post-emergence financial statements will not be comparable to our financial information from prior periods.

Upon our emergence from bankruptcy during the third quarter of 2010, we adopted fresh start accounting, pursuant to which our reorganization value, which represents the fair value of the entity before considering liabilities and approximates the amount a willing buyer would pay for the assets of the entity immediately after the reorganization, was allocated to the fair value of assets. The amount remaining after allocation of the reorganization value to the fair value of identified tangible and intangible assets, if any, would be reflected as goodwill, which would be subject to periodic evaluation for impairment. We are currently determining the fair value of our assets and liabilities in connection with fresh start accounting. Further, under fresh start accounting, the accumulated deficit will be eliminated. In addition to fresh start accounting, our consolidated financial statements subsequent to the Consummation Date will reflect all effects of the transactions consummated on the Consummation Date pursuant to the Plan of Reorganization. Thus, our balance sheets and statements of operations data are not comparable in many respects to our consolidated balance sheets and consolidated statements of operations data for periods prior to the adoption of fresh start accounting and prior to taking into account the effects of the reorganization, and therefore the financial information incorporated by reference into this prospectus may not be indicative of future financial information. The lack of comparable historical financial information may discourage investors from purchasing our common stock, which could make it more difficult for you to sell your common stock.

Because the Confirmation Order is subject to a pending appeal, any reversal, modification or vacatur of the Confirmation Order that is ordered or that may result from that appeal may materially adversely affect us and our stockholders and may result in the reversal of some or all of the transactions that were consummated pursuant to the Plan of Reorganization, possibly including the issuance of common stock on the Consummation Date.

Pursuant to the Confirmation Order and the Plan of Reorganization, we emerged from Chapter 11 bankruptcy protection on the Consummation Date, at which time various transactions were consummated, including, among other things, the issuance of shares of new common stock, including all the shares of common stock covered by this Prospectus. The holders of claims arising under our pre-petition first lien credit agreement, which are entities affiliated with Icahn Partners, and our prepetition first lien agent, Beal Bank, have appealed the Confirmation Order. That appeal was filed on May 17, 2010 and is currently pending before the District Court. We believe that the appeal lacks merit and intend to vigorously contest it. In addition, following the Consummation Date, we filed a motion to dismiss the appeal in its entirety in the District Court on the grounds of equitable mootness as a result of the Plan of Reorganization becoming effective, asserting that the Plan of Reorganization involved a complex series of inextricably linked transactions, was substantially consummated, the Confirmation Order was not the subject of a stay pending appeal, and appellate relief would unravel the Plan of Reorganization, prejudice the interests of numerous parties, and be against public policy. In the event that the appeal is not dismissed in its entirety, it is possible that the District Court may reverse, modify or vacate the Confirmation Order, in whole or in part, and/or remand the matter to the Bankruptcy Court for further proceedings. Any such action could materially adversely affect us and our stockholders. While we cannot predict the nature of any such relief that might be ordered by the District Court in connection with the appeal, it is possible that such relief might include, among other things, reversal or modifications to the terms of the Amended and Restated Credit Agreement or other agreements entered into on the Consummation Date; reversal or modification of the DJT Settlement Agreement (as defined in the Plan of Reorganization); or reversal or modification of some or all of the transactions that were consummated pursuant to the Plan of Reorganization, possibly including the issuance of common stock on the Consummation Date, in which event the common stock covered by this Prospectus, including any common stock that has been purchased pursuant to this Prospectus, might cease to be outstanding.

Other Risks Related to Our Common Stock

Our principal stockholders will continue to have substantial control over us after this offering which could limit your ability to influence the outcome of key transactions, including a change of control.

Our principal stockholders, directors and executive officers, and entities affiliated with them, own approximately 49.7% of the outstanding shares of our common stock. As a result, these stockholders, if acting together, would be able to influence or control matters requiring approval by our stockholders, including the election of directors and the approval of mergers or other extraordinary transactions. They may also have interests that differ materially from yours and may vote in a way with which you disagree and which may be adverse to your interests. In addition, we have elected to opt out of Section 203 of the Delaware General Corporation Law, which prohibits a publicly-held Delaware corporation from engaging in a business combination with an interested stockholder, and we will be able to enter into such transactions with our principal stockholders. The concentration of ownership may have the effect of delaying, preventing or deterring a change of control of our company, could deprive our stockholders of an opportunity to receive a premium for their common stock as part of a sale of our company and might ultimately affect the market price of our common stock.

We expect that our stock price will fluctuate significantly, which could cause the value of your investment to decline, and you may not be able to resell your shares at or above the price at which our common stock was purchased by the Backstop Parties under the Plan of Reorganization or the price at which you acquire your shares.

Securities markets worldwide have experienced, and are likely to continue to experience, significant price and volume fluctuations. This market volatility, as well as general economic, market or political conditions, could reduce the market price of our common stock regardless of our operating performance. The trading price of our common stock is likely to be volatile and subject to wide price fluctuations in response to various factors, including:

market conditions in the broader stock market;

actual or anticipated fluctuations in our quarterly financial and operating results;

introduction of new products or services by us or our competitors;

issuance of new or changed securities analysts' reports or recommendations;

investor perceptions of us and the gaming industry;

sales, or anticipated sales, of large blocks of our stock;

additions or departures of key personnel;

regulatory or political developments;

litigation and governmental investigations; and

Edgar Filing: TRUMP ENTERTAINMENT RESORTS, INC. - Form S-1

changing economic conditions.

These and other factors may cause the market price and demand for our common stock to fluctuate substantially, which may limit or prevent investors from readily selling their shares of common stock and may otherwise negatively affect the liquidity of our common stock. In addition, in the past, when the market price of a stock has been volatile, holders of that stock have sometimes instituted securities class action litigation against the company that issued the stock. If any of our stockholders brought a lawsuit against us, we could incur substantial costs defending the lawsuit. Such a lawsuit could also divert the time and attention of our management from our business, which could significantly harm our profitability and reputation.

Table of Contents

If securities or industry analysts do not publish research or reports about our business, if they adversely change their recommendations regarding our stock or if our results of operations do not meet their expectations, our stock price and trading volume could decline.

If a trading market for our common stock were to arise, such trading market will be influenced by the research and reports that industry or securities analysts publish about us and/or our business. If one or more of these analysts cease coverage of our company or fail to publish reports on us regularly, we could lose visibility in the financial markets, which in turn could cause our stock price or trading volume to decline. Moreover, if one or more of the analysts who cover us downgrade our stock, or if our results of operations do not meet their expectations, our stock price could decline.

There is no existing market for our common stock and we do not know if one will develop, so you may be unable to sell at or near ask prices or at all if you need to sell your shares to raise money or otherwise desire to liquidate your shares.

There is no public market for our common stock issued pursuant to the Plan of Reorganization. We cannot predict the extent to which investor interest in our company will lead to the development of an active trading market or how liquid that market might become. If an active trading market does not develop, our stockholders may have difficulty selling any shares of our common stock that they own. This may also make it more difficult for us to raise additional capital.

Some provisions of Delaware law, our amended and restated certificate of incorporation (Certificate of Incorporation) and our amended and restated bylaws (Bylaws) may deter third parties from acquiring us and diminish the value of our common stock.

Our Certificate of Incorporation and Bylaws provide for, among other things:

restrictions on the ability of our stockholders to call a special meeting;

restrictions on the ability of our stockholders to remove a director or fill a vacancy on the board of directors;

our ability to issue preferred stock with terms that the board of directors may determine, without stockholder approval;

the absence of cumulative voting in the election of directors; and

advance notice requirements for stockholder proposals and nominations.

These provisions in our Certificate of Incorporation and Bylaws may discourage, delay or prevent a transaction involving a change of control of our company that is in the best interest of our minority stockholders. Even in the absence of a takeover attempt, the existence of these provisions may adversely affect the prevailing market price of our common stock if they are viewed as discouraging future takeover attempts.

We do not anticipate paying any cash dividends for the foreseeable future.

We currently intend to retain our future earnings, if any, for the foreseeable future, to repay indebtedness and to fund the development and growth of our business. We do not intend to pay any dividends to holders of our common stock and the agreements governing our credit facilities prohibit our payment of dividends. As a result, capital appreciation in the price of our common stock, if any, will be your only source of gain on an investment in our common stock.

USE OF PROCEEDS

UNAUDITED PRO FORMA CONDENSED CONSOLIDATED FINANCIAL INFORMATION

The following unaudited pro forma condensed consolidated financial information (the Pro Forma Financial Information) sets forth selected historical consolidated financial information for Trump Entertainment Resorts and its subsidiaries. The historical data provided for the year ended December 31, 2009 is derived from the Company's audited consolidated financial statements which have been incorporated by reference into this prospectus. The historical data provided as of and for the six months ended June 30, 2010 is derived from the Company's unaudited condensed consolidated financial statements which have been incorporated by reference into this prospectus.

The Pro Forma Financial Information is provided for informational and illustrative purposes only. These tables should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations, and the consolidated financial statements and related notes in our Annual Report on Form 10-K for the year ended December 31, 2009 and the Quarterly Reports on Form 10-Q for the three months ended March 31, 2010 and June 30, 2010, which have been incorporated by reference into this prospectus. In addition, the historical financial statements of the Company will not be comparable to the financial statements of TER following its emergence from Chapter 11 due to the effects of the consummation of the Plan of Reorganization, as well as adjustments for fresh-start accounting.

The Pro Forma Financial Information gives effect to the following categories of adjustments as if such transactions had occurred on January 1, 2009 for the unaudited pro forma condensed consolidated statements of operations, and on June 30, 2010 for the unaudited pro forma condensed consolidated balance sheet. Each of these adjustments is described more fully below and within the notes of the Pro Forma Financial Information:

the effectiveness of the Plan of Reorganization and the implementation of the transactions contemplated by the Plan of Reorganization; and

the adoption of fresh-start accounting, in accordance with Topic 852 Reorganizations of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC)(ASC 852).

The Pro Forma Financial Information does not purport to represent what reorganized TER's actual results of operations or financial position would have been had the Plan of Reorganization become effective or had the other transactions described above occurred on January 1, 2009 or June 30, 2010, as the case may be. In addition, the dollar amount of new equity and stockholders' equity on the unaudited pro forma condensed consolidated balance sheet is not an estimate of the market value of the Common Stock of TER as of the Consummation Date or at any other time. We make no representations as to the market value, if any, of the Common Stock of TER following our emergence from Chapter 11 on the Consummation Date.

Reorganization Adjustments

The Effects of the Plan column in the Pro Forma Financial Information gives effect to the consummation of the Plan of Reorganization and the implementation of the transactions contemplated by the Plan of Reorganization, including the discharge of administrative claims and of estimated claims allowed by the Bankruptcy Court upon confirmation and our recapitalization upon emergence from Chapter 11 on the Consummation Date.

For additional information regarding the Effects of the Plan Adjustments, see the notes to the Pro Forma Financial Information.

Fresh-Start and Other Pro Forma Adjustments

The Fresh-Start and Other Pro Forma Adjustments column of the Pro Forma Financial Information gives effect to preliminary fresh-start accounting adjustments in accordance with ASC 852 and other pro forma

adjustments as described in more detail below. The Company's reorganization value will be allocated to the fair value of assets in conformity with ASC Topic 805 Business Combinations (ASC 805). The fresh-start adjustments are based on an assumed enterprise value of \$459 million, as determined by the Bankruptcy Court and prior to giving effect to the Plan of Reorganization. Under ASC 805, reorganization value is generally allocated first to tangible assets and identifiable intangible assets, and lastly to excess reorganization value (i.e., goodwill).

The asset valuations used in this prospectus represent current estimates based on data available. However, updates to these valuations will be completed as of the fresh-start adoption date based on the results of asset and liability valuations, as well as the related calculation of deferred income taxes. The differences between the actual valuations and the current estimated valuations used in preparing the Pro Forma Financial Information may be material and will be reflected in our future balance sheets and may affect amounts, including depreciation and amortization expense, which we will recognize in our statement of operations post-emergence. In addition, the Company may recognize certain non-recurring expenses subsequent to the Consummation Date related to its Chapter 11 reorganization. As such, the Pro Forma Financial Information may not accurately represent our post-emergence financial condition or results from operations and any differences may be material.

For additional information regarding the Fresh-Start and Other Pro Forma Adjustments, see the notes to the Pro Forma Financial Information.

* In accordance with ASC 852, the Company ceased recording contractual interest expense related to the Second Lien Notes on October 7, 2009.

- (d) Pursuant to the Plan of Reorganization, all limited partnership interests in TER Holdings were cancelled on the Consummation Date. As a result, the net loss attributable to the non-controlling interest reflecting Mr. Trump's limited partnership interest in TER Holdings has been eliminated.

- (e) Pursuant to the Plan of Reorganization, 10,714,286 shares of reorganized TER's common stock (par value of \$.001 per share and 20,000,000 shares authorized) were issued and outstanding on the Consummation Date.

In addition, on the Consummation Date, partly in exchange for entering into the Amended and Restated Services Agreement and the Second Amended and Restated Trademark License Agreement, Mr. Trump received the DJT Warrant exercisable for 535,714 shares of reorganized TER's common stock at an exercise price of \$123.74 per share, subject to certain anti-dilution provisions. The DJT Warrant expires five years from the Consummation Date.

For purposes of the Company's diluted pro forma loss per share calculations, the Company has excluded the DJT Warrant from the diluted shares outstanding as the exercise of the DJT Warrant would be anti-dilutive.

Fresh-Start and Other Pro Forma Adjustments

- (f) In accordance with ASC 852, the Company is required to allocate its reorganization value to the fair value of its assets and liabilities. For purposes of the pro forma income statements, the Company currently estimates that the carrying value of its property and equipment and other long-lived assets exceeds its fair value by approximately \$658,479 and \$20,870, respectively. The amount of the reorganization value assigned to property and equipment and other long-lived assets (and the related pro forma calculation of depreciation and amortization expense) is preliminary and subject to the completion of appraisals to determine the fair market value of the tangible and intangible assets.

Table of Contents

- (g) These pro forma adjustments eliminate intangible and other asset impairment charges and the related income tax benefit recognized during the second quarter of 2009 as a comparable impairment charge, and related tax benefit, would have been recorded upon the adoption of fresh start accounting.

- (h) These pro forma adjustments eliminate reorganization expenses recognized by TER during the year ended December 31, 2009 and the six months ended June 30, 2010 in connection with the Chapter 11 Cases.

Table of Contents**Reorganization Adjustments**

- (i) The adjustment to cash and cash equivalents reflects a net increase of \$52,417 after consummation of the Plan of Reorganization. The significant sources and uses of cash were as follows:

Proceeds from Rights Offering	\$ 225,000
Payment to first lien lenders (pursuant to the Plan of Reorganization)	(125,000)
Payment of accrued interest and fees on first lien indebtedness through Consummation Date	(1,757)
Estimated payment of reorganization expenses	(35,145)
Distribution to holders of Second Lien Notes (other than Backstop Parties and Rights Offering participants)	(580)
Repayment of DIP Note Purchase Agreement	(10,000)
Payment of interest expense on DIP Note Purchase Agreement	(101)
 Estimated net proceeds	 \$ 52,417

Pro forma cash and cash equivalents as of June 30, 2010 include approximately \$15,151 which has been set aside for disputed amounts in connection with the Company's reorganization. Such disputed amounts are subject to a review by the Bankruptcy Court. In addition, the Company's legal and financial advisors and the Ad Hoc Committee's advisors fees are also subject to final fee applications that must be approved by the Bankruptcy Court.

- (j) Reflects the utilization of retainers for payment of professional fees in connection with the Company's reorganization.
- (k) On the Consummation Date, TER Holdings, TER and the subsidiary guarantors, each as reorganized pursuant to the Plan of Reorganization, entered into the Amended and Restated Credit Agreement with Beal Bank, SSB, as collateral agent and administrative agent, and Icahn Partners LP, Icahn Partners Master Fund LP, Icahn Partners Master Fund II LP and Icahn Partners Master Fund III LP, as initial lenders. The indebtedness under the Amended and Restated Credit Agreement represents Term Loans, in the total principal amount, as of the Consummation Date, of approximately \$356,375, of which, \$334,000 comprised the Interest Bearing Component (as defined in the Amended and Restated Credit Agreement) and approximately \$22,375 comprised the Non-Interest Component (as defined in the Amended and Restated Credit Agreement).

The Amended and Restated Credit Agreement requires quarterly principal amortization payments equal to 0.25% of the total Interest Bearing Component of the Term Loans as of the Consummation Date. All indebtedness outstanding under the Amended and Restated Credit Agreement matures on December 31, 2015. Until such maturity date, TER Holdings is required to pay interest on the unpaid principal amount of the Interest Bearing Component of the Term Loans at a fixed rate per annum equal to 12%, payable quarterly in arrears. No interest shall accrue, become due, or be required to be paid with respect to the Non-Interest Component of the Term Loans. Under the Amended and Restated Credit Agreement, the principal balance of the Non-Interest Component of the Term Loans will be reduced by the aggregate amount of interest paid on the Interest Bearing Component from and after the Consummation Date. In addition, the principal balance of the Interest Bearing Component and/or the Non-Interest Component may be subject to reduction, to the extent and in the manner determined by the Bankruptcy Court, in connection with a pending motion made by the Company before the Bankruptcy Court seeking recharacterization of certain amounts previously paid to the lenders under the Company's pre-petition credit agreement.

This adjustment reflects (i) repayment of borrowings outstanding under the DIP Note Purchase Agreement as of June 30, 2010 and (ii) the reclassification of the current and long-term portions of the first lien indebtedness (net of the \$125,000 payment to the first lien lenders).

Table of Contents

The principal balance of the Non-Interest Component of the Term Loans is not reflected within long term debt as the Company believes that, based on current cash flow projections, it is likely that aggregate interest payments will be made in accordance with the Amended and Restated Credit Agreement such that the Non-Interest Component will be extinguished in less than one year.

- (l) The adjustment to accounts payable reflects the amount of accrued professional and other fees associated with the Company's reorganization which were paid on, or subsequent to, the Consummation Date.
- (m) The adjustment reflects (i) the reclassification of accrued interest on the Company's first lien indebtedness which was classified within liabilities subject to compromise on the historical condensed consolidated balance sheet as of June 30, 2010 and (ii) the elimination of accrued interest at June 30, 2010 related to the DIP Note Purchase Agreement.
- (n) This adjustment reflects the following:

Cancellation of Second Lien Notes	\$ (1,248,969)
Cancellation of accrued interest on Second Lien Notes	(149,371)
Reclassification of accrued interest on first lien indebtedness	(110)
Cancellation of amounts due under services agreement with Mr. Trump	(3,000)
Reclassification of accrued professional fees	(4,653)
Cancellation of accrued partnership tax distributions	(1,450)
Balance of first lien indebtedness as of June 30, 2010	(481,375)
	\$ (1,888,928)

- (o) Pursuant to the Plan of Reorganization, the predecessor company's common stock was canceled and common stock of TER was issued on the Consummation Date. Therefore, this adjustment eliminates the \$31 par value of the predecessor company's common stock and records the \$11 aggregate par value of TER's new common stock based upon the issuance of 10,714,286 shares on the Consummation Date.
- (p) The adjustment to additional paid-in capital records the reorganization value of TER equity as of the Consummation Date less the \$11 par value of TER's common stock.
- (q) This adjustment reflects the net effect of the transactions related to the consummation of the Plan of Reorganization on the predecessor company's accumulated deficit.
- (r) Pursuant to the Plan of Reorganization, all limited partnership interests in TER Holdings were cancelled on the Consummation Date. As a result, the non-controlling interest reflecting Mr. Trump's limited partnership interest in TER Holdings has been eliminated.

Fresh-Start and Other Pro Forma Adjustments

- (s) The adjustments to deferred income tax assets and liabilities reflect the tax effect of the pro forma fresh start adjustments, net of adjustments to the valuation allowance.

Pursuant to the Plan of Reorganization, on the Consummation Date, the Company recognized cancellation of indebtedness income, and as a result, will be required to reduce certain tax attributes such as net operating losses (NOLs) and the tax basis of its assets. The reduction of tax attributes and the application of Section 382 of the Internal Revenue Code potentially limiting future tax attributes could result in increased

future tax liabilities for the Company.

- (t) In accordance with ASC 852, the Company is required to allocate its reorganization value to the fair value of its assets and liabilities (including identifiable intangible assets). The amount of the reorganization value assigned to property and equipment and other long-lived assets is preliminary and subject to the completion of appraisals to determine the fair market value of the tangible and intangible assets.

Table of Contents

- (u) This adjustment reflects the estimated reduction in reserves related to the settlement of general liability claims pursuant to the Plan of Reorganization.

- (v) The adjustment to additional paid-in capital eliminates \$467,870 of the predecessor company's additional paid-in capital in accordance with fresh start accounting.

- (w) The predecessor company's accumulated deficit is eliminated in accordance with fresh start accounting.

PLAN OF DISTRIBUTION

The selling stockholders of the common stock and any of their pledgees, donees, transferees and other successors-in-interest may, from time to time, sell any or all of their shares of common stock, including their shares of common stock covered by this prospectus, on the OTC Bulletin Board or any other stock exchange, market or trading facility on which the shares are traded or in private transactions. These sales may be at fixed or negotiated prices. The selling stockholders may use any one or more of the following methods when selling shares:

ordinary brokerage transactions and transactions in which the broker-dealer solicits purchases;

block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

an exchange distribution in accordance with the rules of the applicable exchange;

transactions with or through an underwriter;

privately negotiated transactions;

settlement of short sales entered into after the effective date of the registration statement of which this prospectus is a part;

broker-dealers may agree with the selling stockholders to sell a specified number of such shares at a stipulated price per share;

through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;

a combination of any such methods of sale; or

any other method permitted pursuant to applicable law.

The selling stockholders may also sell shares under Rule 144 under the Securities Act, if available, rather than under this prospectus.

Broker-dealers engaged by the selling stockholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling stockholders (or, if any broker-dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated, but, except as set forth in a supplement to this prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with NASD Rule 2440; and in the case of a principal transaction a markup or markdown in compliance with NASD IM-2440.

In connection with the sale of the common stock or interests therein, the selling stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the common stock in the course of hedging the positions they assume. The selling stockholders may also sell shares of the common stock short and deliver these securities to close out their short positions, or loan or pledge the common stock to broker-dealers that in turn may sell these securities. The selling stockholders may also enter

Edgar Filing: TRUMP ENTERTAINMENT RESORTS, INC. - Form S-1

into option or other transactions with broker-dealers or other financial institutions with respect to shares of common stock, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The selling stockholders and any broker-dealers or agents that are involved in selling the shares may be deemed to be underwriters within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the shares

purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. The selling stockholders have informed us that they do not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the common stock. In no event shall any broker-dealer receive fees, commissions and markups that, in the aggregate, would exceed eight percent (8%).

We are required to pay certain fees and expenses incurred by us incidental to the registration of the shares. We have agreed to indemnify the selling stockholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act. If common stock is sold through underwriters or broker-dealers, the selling stockholders will be responsible for underwriting discounts or commissions or agent's commissions.

Because the selling stockholders may be deemed to be underwriters within the meaning of the Securities Act, they will be subject to the prospectus delivery requirements of the Securities Act including Rule 172 thereunder. In addition, any securities covered by this prospectus which qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than under this prospectus. There is no underwriter or coordinating broker acting in connection with the proposed sale of the resale shares by the selling stockholder.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the resale shares may not simultaneously engage in market making activities with respect to the common stock for the applicable restricted period, as defined in Regulation M, prior to the commencement of the distribution. In addition, the selling stockholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of shares of the common stock by the selling stockholders or any other person. We will make copies of this prospectus available to the selling stockholders and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale.

The selling stockholders may only offer to sell, and seek offers to buy, shares of our common stock in jurisdictions where offers and sales are permitted.

All of the foregoing may affect the marketability of the shares offered hereby this prospectus. This offering will terminate on the date that all shares offered by this prospectus have been sold by the selling stockholders.

Item 14. Indemnification of Directors and Officers.

Section 145 of the Delaware General Corporation Law, or DGCL, provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation by reason of the fact that he is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise), against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. Section 145 further provides that a corporation similarly may indemnify any such person serving in any such capacity who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorney's fees) actually and reasonably incurred in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Delaware Court of Chancery or such other court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all of the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Delaware Court of Chancery or such other court shall deem proper.

The Registrant's bylaws authorize the indemnification of its officers and directors, consistent with Section 145 of the DGCL, as amended. The Registrant intends to enter into indemnification agreements with each of its directors and executive officers. These agreements, among other things, will require the Registrant to indemnify each director and executive officer to the fullest extent permitted by Delaware law, including indemnification of expenses such as attorneys' fees, judgments, fines and settlement amounts incurred by the director or executive officer in any action or proceeding, including any action or proceeding by or in right of us, arising out of the person's services as a director or executive officer.

Table of Contents

Reference is made to Section 102(b)(7) of the DGCL, which enables a corporation in its original certificate of incorporation or an amendment thereto to eliminate or limit the personal liability of a director for violations of the director's fiduciary duty, except (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) pursuant to Section 174 of the DGCL, which provides for liability of directors for unlawful payments of dividends of unlawful stock purchase or redemptions or (iv) for any transaction from which a director derived an improper personal benefit.

The Registrant expects to maintain standard policies of insurance that provide coverage (i) to its directors and officers against loss arising from claims made by reason of breach of duty or other wrongful act and (ii) to the Registrant with respect to indemnification payments that it may make to such directors and officers.

Item 15. Recent Sales of Unregistered Securities.

On the Consummation Date, all existing shares of our old common stock were cancelled pursuant to the Plan of Reorganization. In addition, pursuant to the Plan of Reorganization, on the Consummation Date, (i) aggregate capital contributions of \$225.0 million in new capital (in exchange for 7,500,000 shares of our common stock, or 70% of our common stock) were made pursuant to the Rights Offering, which was backstopped by the Backstop Parties (in exchange for 2,142,858 shares of our common stock, or 20% of our common stock, as a backstop fee in consideration for their agreement to provide such backstop commitment); (ii) in exchange for the waiver of certain claims held by the DJT Parties against the Debtors, and in consideration of the Trump Parties entering into the Trademark License Agreement and the Services Agreement with certain of the Debtors, and in accordance with the DJT Settlement Agreement, 535,714 shares of our common stock (representing 5% of our common stock), along with the DJT Warrants to purchase up to an additional 535,714 shares, or 5%, of our common stock, were issued to Mr. Trump (such DJT Warrants will be exercisable for five years commencing on the Consummation Date at an exercise price of \$123.74 per share); and (iii) a pro rata distribution of 535,714 shares of our common stock (representing 5% of our common stock) was made to all holders of Second Lien Notes. Based on the Confirmation Order and the Plan of Reorganization, the issuance of shares of our common stock and the DJT Warrants (including shares of common stock issuable upon exercise thereof) described in the preceding sentence are exempt from registration requirements of the Securities Act in reliance on Section 4(2) of the Securities Act and/or Section 1145 of the Bankruptcy Code.

Item 17. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act;
- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the

aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(c) The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b) (1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(d) The undersigned hereby undertakes to deliver or cause to be delivered with the prospectus, to each person to whom the prospectus is sent or given, the latest annual report, to security holders that is incorporated by reference in the prospectus and furnished pursuant to and meeting the requirements of Rule 14a-3 or Rule 14c-3 under the Exchange Act; and, where interim financial information required to be presented by Article 3 of Regulation S-X is not set forth in the prospectus, to deliver, or cause to be delivered to each person to whom the prospectus is sent or given, the latest quarterly report that is specifically incorporated by reference in the prospectus to provide such interim financial information.
