*When we use the words *BGC Partners, the Company, we, us, ours, and our*, we are referring to BGC Partners, Inc. and its consolidated subsidiaries.*

Our Company

We are a leading global financial intermediary to the financial markets specializing in the brokering of a broad range of financial products globally, including fixed income securities, interest rate swaps, foreign exchange, equities, equity derivatives, credit derivatives, commodities, futures, structured products and other instruments. We also provide a full range of services, including trade execution, broker-dealer services, clearing, processing, information, and other back office services, to a broad range of financial and non-financial institutions. Through our eSpeed and BGCantor Market Data brands, we also offer financial technology solutions, market data, and analytics related to select financial instruments and markets. Our customers include many of the world's largest banks, broker-dealers, investment banks, trading firms, hedge funds, governments and investment firms. Our integrated platform is designed to provide flexibility to customers with regard to price discovery, execution and processing of transactions, and enables them to use voice, hybrid, or, where available, fully electronic brokerage services in connection with transactions executed either OTC or through an exchange.

We have offices in New York and London, as well as in Beijing (representative office), Chicago, Copenhagen, Hong Kong, Istanbul, Johannesburg, Mexico City, Moscow, Nyon, Paris, Rio de Janeiro, Sao Paulo, Sarasota, Seoul, Singapore, Sydney, Tokyo and Toronto.

As of June 30, 2010, we had 1,612 brokers and salespeople across approximately 180 desks and products (approximately triple the number we had in October 2004). In 2009, we processed approximately 15.7 million transactions, totaling almost \$125 trillion notional on our hybrid and fully electronic platforms. During the first six months of 2010, we processed approximately 10.6 million transactions, totaling almost \$90.8 trillion notional on our hybrid and fully electronic platforms.

Our Organizational Structure

On April 1, 2008, BGC Partners, LLC, which we refer to as BGC OldCo, and eSpeed, Inc. merged to form BGC Partners. Immediately prior to the merger, pursuant to a separation agreement, Cantor transferred certain assets and liabilities to BGC Partners OldCo and/or its subsidiaries.

We are a holding company and our business is operated through two operating partnerships, which we refer to as the OpCos: BGC U.S., which holds our U.S. businesses, and BGC Global, which holds our non-U.S. businesses. In connection with the separation, BGC Financial Group, Inc. (formerly known as Maxcor Financial Group Inc.) was contributed to BGC Partners OldCo in exchange for BGC Partners OldCo units that became shares of our common stock in the merger, and the remainder of the BGC businesses were contributed to the OpCos in exchange for limited partnership interests in the OpCos. In connection with the merger, eSpeed contributed the eSpeed businesses to the OpCos in exchange for limited partnership interests in the OpCos.

The limited partnership interests of the OpCos are held by us and BGC Holdings, and the limited partnership interests of BGC Holdings are currently held by Cantor, the founding/working partners, and, other partners, including the REU, RPU, PSU and PSI partners. We hold the BGC Holdings general partnership interest and the BGC Holdings special voting limited partnership interest, which entitle us to

remove and appoint the general partner of BGC Holdings, and serve as the general partner of BGC Holdings, which entitles us to control BGC Holdings. BGC Holdings, in turn, holds the BGC U.S. general partnership interest and the BGC U.S. special voting limited partnership interest, which entitle the holder thereof to remove and appoint the general partner of BGC U.S., and the BGC Global general partnership interest and the BGC Global special voting limited partnership interest, which entitle the holder thereof to remove and appoint the general partner of BGC Global, and serves as the general partner of BGC U.S. and BGC Global, all of which entitle BGC Holdings (and thereby us) to control each of BGC U.S. and BGC Global. BGC Holdings holds its BGC Global general partnership interest through a company incorporated in the Cayman Islands, BGC Global Holdings GP Limited.

* Shares of our Class B common stock, \$0.01 par value per share, which we refer to as our Class B common stock, are convertible into shares of our Class A common stock at any time in the discretion of the holder on a one-for-one basis (subject to adjustment). Accordingly, if Cantor converted all of its Class B common stock into Class A common stock, Cantor would hold 32.3% of the voting power and the public stockholders would hold 67.7% of the voting power (and its indirect economic interests in each of BGC U.S. and BGC Global would remain unchanged). This diagram does not reflect Cantor's economic interest in the convertible notes or the 21,689,924 shares of our Class A common stock acquirable by Cantor upon conversion thereof. If Cantor converted all of the convertible notes into shares of our Class A common stock, Cantor would hold 82.1% of the voting power and the public stockholders would hold 17.9% of the voting power (and its indirect economic interests in each of BGC U.S. and BGC Global would be 47.8%). This diagram also does not reflect the 294,090 shares of our Class A common stock remaining to be sold pursuant to the June 2010 sales agreement. In addition, this diagram does not give effect to the request by the holders of approximately 830,000 limited partnership interests to exchange their units for an equal number of shares of our Class A common stock in connection with our partnership redemption and compensation restructuring program.

DIVIDEND POLICY

Our board of directors has authorized a dividend policy which provides that we expect to pay not less than 75% of our post-tax distributable earnings per fully diluted share (defined below) as cash dividends to all common stockholders, with the balance of such distributable earnings to be available to repurchase shares of our Class A common stock or purchase BGC Holdings units or other equity interests in our subsidiaries, including from Cantor, our executive officers, other employees, partners and others. We calculate our post-tax distributable earnings generally as our GAAP income (loss) from continuing operations before minority interest and income taxes and excluding certain non-cash compensation and other non-cash expenses, as well as non-cash undistributed income or non-cash losses from our equity investments, adjusted to assume that such earnings were taxed at the same effective tax rate as BGC Partners, Inc. (please see below for a more detailed definition of post-tax distributable earnings).

Our board of directors and our audit committee have authorized repurchases of our Class A common stock and purchases of BGC Holdings units or other equity interests in our subsidiaries as part of this policy, including those held by Cantor, our executive officers, other employees, partners and others, at the volume weighted-average price over various time periods, or at other negotiated prices, of such securities on the date on which such repurchase or purchase is made. As of August 31, 2010, we had approximately \$97.6 million remaining under this authorization and may continue to actively make repurchases or purchases, or cease to make such repurchases or purchases, from time to time. We expect to pay such dividends, if and when declared by our board of directors, on a quarterly basis. The dividend to stockholders is expected to be calculated based on post-tax distributable earnings allocated to BGC Partners, Inc. and generated over the fiscal quarter ending prior to the record date for the dividend. No assurance can be made, however, that a dividend will be paid each quarter.

The declaration, payment, timing and amount of any future dividends payable by us will be at the sole discretion of our board of directors. We are a holding company, with no direct operations, and therefore we are able to pay dividends only from our available cash on hand and funds received from distributions from BGC U.S. and BGC Global. Our ability to pay dividends may also be limited by regulatory considerations as well as by covenants contained in future financing or other agreements. In addition, under Delaware law, dividends may be payable only out of surplus, which is our net assets minus our liabilities and our capital, or, if we have no surplus, out of our net profits for the fiscal year in which the dividend is declared and/or the preceding fiscal year. Accordingly, any unanticipated accounting, tax or other charges against net income may adversely affect our ability to pay dividends. While we intend to declare and pay dividends quarterly, there can be no assurance that our board of directors will declare dividends at all or on a regular basis or that the amount of our dividends will not change.

Any distributable earnings and other cash of BGC Partners, Inc. not used for dividends will generally be available for repurchases of Class A common stock, purchases of BGC Holdings units or purchases of other equity interests in our subsidiaries. If such repurchases or purchases are made, they will have the effect of reducing the total number of fully diluted shares outstanding, which results in each share of common stock of BGC Partners, Inc. and each partnership unit of BGC Holdings that remains outstanding being eligible to receive an increased share of the distributable earnings of BGC Partners, Inc. and may cause BGC Partners, Inc. to bear certain interest expenses.

Certain Definitions

Revenues for distributable earnings, pre-tax distributable earnings and post-tax distributable earnings are supplemental measures of operating performance which are used by our management to evaluate the financial performance of us and our subsidiaries. We believe that distributable earnings best reflects the operating earnings generated by the Company on a consolidated basis and are the earnings which management considers available for distribution to BGC Partners, Inc. and its common stockholders as well as to holders of BGC Holdings partnership units during any period. As compared with income (loss) from continuing operations before income taxes, net income (loss) for fully diluted shares, and fully diluted earnings (loss) per share, all prepared in accordance with GAAP, distributable earnings calculations exclude certain non-cash compensation and other expenses which generally do not involve the receipt or outlay of cash by us, which do not dilute existing stockholders, and which do not have economic consequences, as described below.

Revenues for distributable earnings are defined as GAAP revenues excluding the impact of BGC Partners, Inc.'s non-cash earnings or losses related to our equity investments, such as in Aqua Securities, L.P. and ELX Futures, L.P., and its holding company general partner, ELX Futures Holdings LLC.

Table of Contents

Pre-tax distributable earnings are defined as GAAP income (loss) from continuing operations before income taxes excluding non-cash, non-dilutive, and non-economic items, including, for example:

Non-cash stock-based equity compensation charges for REUs granted or issued prior to the merger of BGC Partners, Inc. with and into eSpeed, as well as post-merger non-cash, non-dilutive equity-based compensation related to partnership unit exchange or conversion;

Allocations of net income to founding/working partner and other units, including REUs, RPU, PSU and PSI;

Non-cash asset impairment charges, if any.

Distributable earnings calculations also exclude charges related to purchases, cancellations or redemptions of partnership interests and certain one-time or non-recurring items, if any.

Since distributable earnings are calculated on a pre-tax basis, management intends to also report post-tax distributable earnings and post-tax distributable earnings per fully diluted share :

Post-tax distributable earnings are defined as pre-tax distributable earnings adjusted to assume that all pre-tax distributable earnings were taxed at the same effective rate.

Post-tax distributable earnings per fully diluted share are defined as post-tax distributable earnings divided by the weighted-average number of fully diluted shares for the period.

In the event that there is a GAAP loss but positive distributable earnings, the distributable earnings per share calculation will include all fully diluted shares that would be excluded under GAAP to avoid anti-dilution, but will exclude quarterly interest expense, net of tax, associated with the convertible notes.

In addition to the quarterly dividend to our common stockholders, we expect to pay a pro rata distribution of net income to BGC Holdings founding/working partner and other units, including REUs, RPU, PSU and PSI, and to Cantor for its noncontrolling interest. The amount of all of these payments is expected to be determined using the same definition of distributable earnings. The dividend to stockholders is expected to be calculated based on post-tax distributable earnings allocated to us and generated over the fiscal quarter ending prior to the record date for the dividend. No assurance can be made, however, that a dividend will be paid each quarter.

Employees who are holders of unvested restricted stock units, which we refer to as RSUs, are granted pro-rata payments equivalent to the amount of dividend paid to common stockholders. Under GAAP, dividend equivalents on unvested RSUs are required to be taken as a compensation charge in the period paid. However, to the extent that they represent cash payments made from the prior period's distributable earnings, they do not dilute existing stockholders and are therefore excluded from the calculation of distributable earnings.

Distributable earnings is not meant to be an exact measure of cash generated by operations and available for distribution, nor should it be considered in isolation or as an alternative to cash flow from operations or income (loss) for fully diluted shares. We view distributable earnings as a metric that is not necessarily indicative of liquidity or the cash available to fund our operations.

Pre- and post-tax distributable earnings are not intended to replace the presentation of our GAAP financial results. However, management does believe that they will help provide investors with a clearer understanding of our financial performance and offer useful information to both management and investors regarding certain financial and business trends related to our financial condition and results of operations. Management believes that distributable earnings and the GAAP measures of our financial performance should be considered together.

CERTAIN U.S. FEDERAL TAX CONSIDERATIONS

FOR NON-U.S. HOLDERS OF CLASS A COMMON STOCK

The following is a general discussion of certain U.S. federal income tax considerations with respect to the acquisition, ownership and disposition of shares of our Class A common stock applicable to non-U.S. holders who acquire such shares in this offering and hold such shares as a capital asset (generally, property held for investment). For purposes of this discussion, a non-U.S. holder means a beneficial owner of our Class A common stock (other than an entity or arrangement that is treated as a partnership for U.S. federal income tax purposes) that is not, for U.S. federal income tax purposes, any of the following:

a citizen or resident of the United States;

a corporation created or organized in the United States or under the laws of the United States, any state thereof or the District of Columbia;

an estate, the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source; or

a trust if (a) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (b) such trust has made a valid election to be treated as a U.S. person for U.S. federal income tax purposes.

This discussion is based on current provisions of the Internal Revenue Code of 1986, as amended (the Code), Treasury regulations promulgated thereunder, judicial opinions, published positions of the Internal Revenue Service, and other applicable authorities, all of which are subject to change (possibly with retroactive effect). This discussion does not address all aspects of U.S. federal income taxation that may be important to a particular non-U.S. holder in light of that non-U.S. holder's individual circumstances, nor does it address any aspects of U.S. federal estate and gift, state, local, or non-U.S. taxes. This discussion may not apply, in whole or in part, to particular non-U.S. holders in light of their individual circumstances or to holders subject to special treatment under the U.S. federal income tax laws (such as insurance companies, tax-exempt organizations, financial institutions, brokers or dealers in securities, controlled foreign corporations, passive foreign investment companies, non-U.S. holders that hold our Class A common stock as part of a straddle, hedge, conversion transaction or other integrated investment, and certain U.S. expatriates).

If a partnership (or other entity or arrangement treated as a partnership for U.S. federal income tax purposes) holds our Class A common stock, the tax treatment of a partner will generally depend on the status of the partner and the activities of the partnership. Partners of a partnership holding our Class A common stock should consult their tax advisors as to the particular U.S. federal income tax consequences applicable to them.

THIS SUMMARY IS FOR GENERAL INFORMATION ONLY AND IS NOT INTENDED TO CONSTITUTE A COMPLETE DESCRIPTION OF ALL TAX CONSEQUENCES FOR NON-U.S. HOLDERS RELATING TO THE ACQUISITION, OWNERSHIP AND DISPOSITION OF OUR CLASS A COMMON STOCK. PROSPECTIVE HOLDERS OF OUR CLASS A COMMON STOCK SHOULD CONSULT WITH THEIR TAX ADVISORS REGARDING THE TAX CONSEQUENCES TO THEM (INCLUDING THE APPLICATION AND EFFECT OF ANY STATE, LOCAL AND FOREIGN INCOME AND OTHER TAX LAWS) OF THE ACQUISITION, OWNERSHIP AND DISPOSITION OF OUR CLASS A COMMON STOCK.

Dividends

In general, any distribution we make to a non-U.S. holder with respect to its shares of our Class A common stock that constitutes a dividend for U.S. federal income tax purposes will be subject to U.S. withholding tax at a rate of 30% of the gross amount, unless the non-U.S. holder is eligible for a reduced rate of withholding tax under an applicable tax treaty and the non-U.S. holder provides proper certification of its eligibility for such reduced rate. A distribution will constitute a dividend for U.S. federal income tax purposes to the extent of our current or accumulated earnings and profits as determined for U.S. federal income tax purposes. Any distribution not constituting a dividend will be treated first as reducing the adjusted basis in the non-U.S. holder's shares of our Class A common stock and, to the extent it exceeds the adjusted basis in the

Edgar Filing: BGC Partners, Inc. - Form 424B5

non-U.S. holder's shares of our Class A common stock, as gain from the sale or exchange of such stock.

S-15

Table of Contents

Dividends we pay to a non-U.S. holder that are effectively connected with its conduct of a trade or business within the United States (and, if a tax treaty applies, are attributable to a U.S. permanent establishment of such non-U.S. holder) will not be subject to U.S. withholding tax, as described above, if the non-U.S. holder complies with applicable certification and disclosure requirements. Instead, such dividends generally will be subject to U.S. federal income tax on a net income basis in the same manner as if the non-U.S. holder were a resident of the United States. Dividends received by a foreign corporation that are effectively connected with its conduct of trade or business within the United States may be subject to an additional branch profits tax at a rate of 30% (or such lower rate as may be specified by an applicable tax treaty).

Gain on Sale or Other Disposition of Class A Common Stock

In general, a non-U.S. holder will not be subject to U.S. federal income tax on any gain realized upon the sale or other disposition of the non-U.S. holder's shares of our Class A common stock unless:

the gain is effectively connected with a trade or business carried on by the non-U.S. holder within the United States (and, if required by an applicable tax treaty, is attributable to a U.S. permanent establishment of such non-U.S. holder);

the non-U.S. holder is an individual and is present in the United States for 183 days or more in the taxable year of disposition and certain other conditions are met; or

we are or have been a U.S. real property holding corporation, which we refer to as an "USRPHC," for U.S. federal income tax purposes at any time within the shorter of the five-year period preceding such disposition or such non-U.S. holder's holding period of our Class A common stock. We believe we are not, and do not anticipate becoming, a USRPHC for U.S. federal income tax purposes. If we were or were to become a USRPHC at any time during the applicable period, however, any gain recognized on a sale or other disposition of our Class A common stock by a non-U.S. holder that did not own (directly, indirectly or constructively) more than 5% of our Class A common stock during the applicable period would not be subject to U.S. federal income tax, provided that our Class A common stock is regularly traded on an established securities market (within the meaning of Section 897(c)(3) of the Code).

Gain that is effectively connected with the conduct of a trade or business in the United States (or so treated) generally will be subject to U.S. federal income tax, net of certain deductions, at regular U.S. federal income tax rates. If the non-U.S. holder is a foreign corporation, the branch profits tax described above also may apply to such effectively connected gain. An individual non-U.S. holder who is subject to U.S. federal income tax because the non-U.S. holder was present in the United States for 183 days or more during the year of sale or other disposition of our Class A common stock will be subject to a flat 30% tax on the gain derived from such sale or other disposition, which may be offset by United States source capital losses.

Backup Withholding, Information Reporting and Other Reporting Requirements

We must report annually to the Internal Revenue Service and to each non-U.S. holder the amount of dividends paid to, and the tax withheld with respect to, each non-U.S. holder. These reporting requirements apply regardless of whether withholding was reduced or eliminated by an applicable tax treaty. Copies of this information reporting may also be made available under the provisions of a specific tax treaty or agreement with the tax authorities in the country in which the non-U.S. holder resides or is established.

A non-U.S. holder will generally be subject to backup withholding with respect to dividends paid on our Class A common stock to such holder unless such holder certifies under penalties of perjury that, among other things, it is a non-U.S. holder (and the payor does not have actual knowledge or reason to know that such holder is a U.S. person as defined under the Code).

Information reporting and backup withholding generally are not required with respect to the amount of any proceeds from the sale or other disposition of our Class A common stock by a non-U.S. holder outside the United States through a foreign office of a foreign broker that does not have certain specified connections to the United States. However, if a non-U.S. holder sells or otherwise disposes of its shares of our Class A common stock through a U.S. broker or the U.S. offices of a foreign broker, the broker will generally be required to report the amount of proceeds paid to the non-U.S. holder to the Internal Revenue Service and also backup withhold on that amount unless such non-U.S. holder provides appropriate certification to the broker of its status as a non-U.S. person or

Table of Contents

otherwise establishes an exemption (and the payor does not have actual knowledge or reason to know that such holder is a U.S. person as defined under the Code). Information reporting will also apply if a non-U.S. holder sells or otherwise disposes of its shares of our Class A common stock through a foreign broker deriving more than a specified percentage of its income from U.S. sources or having certain other connections to the United States, unless such broker has documentary evidence in its records that such non-U.S. holder is a non-U.S. person and certain other conditions are met, or such non-U.S. holder otherwise establishes an exemption (and the payor does not have actual knowledge or reason to know that such holder is a U.S. person as defined under the Code).

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules from a payment to a non-U.S. holder can be credited against the non-U.S. holder's U.S. federal income tax liability, if any, or refunded, *provided* that the required information is furnished to the Internal Revenue Service in a timely manner. Non-U.S. holders should consult their tax advisors regarding the application of the information reporting and backup withholding rules to them.

Recent Legislative Developments Potentially Affecting Taxation of Class A Common Stock Held by or Through Foreign Entities

Legislation recently enacted by the United States Congress will generally impose a withholding tax of 30% on dividends paid on our Class A common stock and the gross proceeds of a sale or other disposition of our Class A common stock paid to a foreign financial institution, unless such institution enters into an agreement with the U.S. government to collect and provide to the U.S. tax authorities substantial information regarding U.S. account holders of such institution (which would include certain equity and debt holders of such institution, as well as certain account holders that are foreign entities with U.S. owners). The legislation will also generally impose a withholding tax of 30% on dividends paid on our Class A common stock and the gross proceeds of a sale or other disposition of our Class A common stock paid to a non-financial foreign entity unless such entity provides the withholding agent with a certification identifying the direct and indirect U.S. owners of the entity. Under certain circumstances, a non-U.S. holder of our Class A common stock may be eligible for refunds or credits of such taxes. The legislation will be effective for amounts paid after December 31, 2012. Investors are encouraged to consult with their own tax advisors regarding the possible implications of this legislation on their investment in our Class A common stock.

PLAN OF DISTRIBUTION

General

We have entered into a sales agreement, dated September 3, 2010, with CF&Co. under which we may issue and sell from time to time up to 5,500,000 shares of our Class A common stock through CF&Co. as our sales agent. This prospectus supplement relates to the offer and sale of such 5,500,000 shares of our Class A common stock, subject to the maximum aggregate gross sales price then remaining (currently estimated to be approximately \$71,000,000) under the Registration Statement, pursuant to the sales agreement. The sales agreement is in addition to the June 2010 sales agreement, pursuant to which 294,090 shares of our Class A common stock remain available to be sold as of September 2, 2010.

Upon instructions from us, CF&Co., as our sales agent, will use commercially reasonable efforts, consistent with its normal sales and trading practices, to sell shares of our Class A common stock under the terms and subject to the conditions set forth in the sales agreement. Sales of shares of our Class A common stock, if any, under this prospectus supplement may be made in privately negotiated transactions or by any method permitted by law deemed to be an at-the-market equity offering as defined in Rule 415 under the Securities Act, including, without limitation, sales made directly on or through the Nasdaq Global Select Market, the existing trading market for our Class A common stock, sales on any other existing trading market for our Class A common stock, or sales made to or through a market maker other than on an exchange, at market prices prevailing at the time of sale or at prices related to such prevailing market prices. As our sales agent, CF&Co. will not engage in any transactions that stabilize our Class A common stock.

CF&Co. will offer the shares of our Class A common stock pursuant to the terms and conditions of the sales agreement on any trading day or as otherwise determined by us and CF&Co. We may designate the maximum amount and minimum price of the shares of our Class A common stock to be sold through CF&Co. on a daily basis or otherwise determine such amounts together with CF&Co. Pursuant to the terms and conditions of the sales agreement, CF&Co. will use its commercially reasonable efforts to sell on our behalf all of the designated shares of our Class A common stock. We may instruct CF&Co. not to sell shares if the sales cannot be effected at or above the minimum price designated by us in any such instruction, or we may instruct CF&Co. to sell our shares so as to seek to realize a designated minimum price per share for all shares sold over a designated time period or so as to seek to raise a designated minimum dollar amount of gross proceeds from sales of all such shares over a designated time period. We or CF&Co. may suspend the offering of the Class A common stock being made through CF&Co. under the sales agreement upon proper notice to the other party.

CF&Co. will provide written confirmation to us no later than the opening of the trading day on the Nasdaq Global Select Market following the trading day on which shares of our Class A common stock are sold through CF&Co. under the sales agreement. Each confirmation will include the number of shares sold on the preceding day, the net proceeds to us and the commissions payable by us to CF&Co. in connection with the sales.

We will pay CF&Co. commissions for its services in acting as our sales agent in the sale of our Class A common stock. Under the sales agreement, CF&Co. will be entitled to commissions equal to 2.0% of the gross proceeds of any shares of our Class A common stock sold pursuant to the sales agreement. We estimate that the total expenses for the offering, excluding commissions payable to CF&Co. under the terms of the sales agreement, will be approximately \$100,000. If all 5,500,000 shares of our Class A common stock are sold under the sales agreement at an assumed price of \$5.15 per share, the last reported closing price of our Class A common stock on the Nasdaq Global Select Market on August 31, 2010, the total commissions to be paid to CF&Co. would be \$566,500.

Settlement for sales of shares of our Class A common stock will occur on the third trading day following the date on which any sales are made, or on some other date that is agreed upon by us and CF&Co. in connection with a particular transaction, in return for payment of the net proceeds to us. There are no arrangements to place any of the proceeds of this offering in an escrow, trust or similar account.

In connection with the sale of shares of our Class A common stock on our behalf, CF&Co. may be deemed to be underwriter within the meaning of the Securities Act, and the commissions payable by us to CF&Co. may be deemed to be underwriting commissions. We have agreed to provide indemnification and contribution to CF&Co. against certain civil liabilities, including liabilities under the Securities Act.

Table of Contents

The offering of shares of our Class A common stock pursuant to the sales agreement will terminate upon the earliest of (1) the sale of all of the shares of our Class A common stock pursuant to the sales agreement through CF&Co. on the terms and subject to the conditions set forth in the sales agreement, (2) the aggregate gross sales price of shares of our Class A common stock sold pursuant to the sales agreement equals the maximum amount remaining under the Registration Statement, or (3) other termination of the sales agreement pursuant to its terms. The sales agreement may be terminated by us or CF&Co. pursuant to its terms by giving notice to the other party.

Our Company

We are a leading global financial intermediary to the financial markets specializing in the brokering of a broad range of financial products globally, including fixed income securities, interest rate swaps, foreign exchange, equities, equity derivatives, credit derivatives, commodities, futures, structured products and other instruments. We also provide a full range of services, including trade execution, broker-dealer services, clearing, processing, information, and other back office services, to a broad range of financial and non-financial institutions. Through our eSpeed and BGCantor Market Data brands, we also offer financial technology solutions, market data, and analytics related to select financial instruments and markets. Our customers include many of the world's largest banks, broker-dealers, investment banks, trading firms, hedge funds, governments and investment firms. Our integrated platform is designed to provide flexibility to customers with regard to price discovery, execution and processing of transactions, and enables them to use voice, hybrid, or, where available, fully electronic brokerage services in connection with transactions executed either OTC or through an exchange.

We have offices in New York and London, as well as in Beijing (representative office), Chicago, Copenhagen, Hong Kong, Istanbul, Johannesburg, Mexico City, Moscow, Nyon, Paris, Rio de Janeiro, Sao Paulo, Sarasota, Seoul, Singapore, Sydney, Tokyo and Toronto. As of March 31, 2010, we had 1,551 brokers and salespeople across more than 150 desks and products (approximately triple the number we had in October 2004). In 2009, we processed approximately 15.7 million transactions, totaling almost \$125 trillion notional on our hybrid and fully electronic platforms. During the first quarter of 2010, we processed approximately 4.6 million transactions, totaling almost \$45.4 trillion notional on our hybrid and fully electronic platforms.

Our History

Our voice brokerage business originates from one of the oldest and most established inter-dealer franchises in the financial intermediary industry. Cantor started our brokerage operations in 1972 and in 1996 launched the eSpeed system, revolutionizing the way government bonds are traded in the inter-dealer market by providing a fully electronic trading marketplace. eSpeed completed an initial public offering in 1999 and began trading on Nasdaq, yet remained one of Cantor's controlled subsidiaries. Following eSpeed's initial public offering, Cantor continued to operate its inter-dealer voice brokerage business separately from eSpeed.

Prior to the events of September 11, 2001, our brokerage business was widely recognized as one of the leading full-service wholesale inter-dealer brokers in the world with a rich history of developing innovative technological and financial solutions. After September 11, 2001 and the loss of the majority of our U.S.-based employees, our brokerage business operated primarily in Europe.

In August 2004, Cantor announced the reorganization and separation of its inter-dealer voice brokerage business into a subsidiary called BGC, in honor of B. Gerald Cantor, a pioneer in screen brokerage services and fixed income market data products. Over the past several years, we have re-established our U.S. presence and have continued to expand our global presence through the acquisition and integration of established brokerage companies and the hiring of experienced brokers. Through these actions, we have been able to expand our presence in key markets and position our business for sustained growth. These acquisitions include

May 2005 Euro Brokers, a U.S. and international inter-dealer brokerage firm;

Table of Contents

September 2005 ETC Pollak, an inter-dealer broker in Paris;

November 2006 Aurel Leven, an independent inter-dealer broker in France, active in the equities, equity derivatives and fixed income markets;

December 2006 AS Menkul, an established broker in Turkey;

August 2007 Marex Financial's emerging markets equity derivatives business;

December 2007 we and several other leading financial institutions announced the establishment of a fully electronic futures exchange. We hold an approximate 25% interest in the exchange's operating limited partnership, ELX Futures, L.P., and its holding company general partner, ELX Futures Holdings LLC, which we refer to together as ELX. Affiliates of Bank of America/Merrill Lynch, Barclays Capital, Breakwater, Citigroup, Credit Suisse, Deutsche Bank Securities, GETCO, Goldman Sachs, JPMorgan, Morgan Stanley, PEAK6, and The Royal Bank of Scotland also hold a minority interest in each such entity;

March 2008 business of Radix, an OTC energy broker based in Singapore;

March 2009 we announced that we were granted preliminary approval by the China Banking Regulatory Commission to establish a money broking joint venture company with China Credit Trust Co., Ltd. The joint venture, named China Credit BGC Money Broking Company Limited, which we refer to as China Credit BGC, is seeking final approval. China Credit BGC will be based in Beijing, China and will be the first broking company of its kind to operate in that city as part of a Chinese government pilot program. Subject to final approval, China Credit BGC plans to provide domestic and international broking services for foreign exchange, bond, money market, and derivatives products. We will hold a 33% stake in China Credit BGC, which is the highest percentage shareholding currently permitted to be held by a foreign investor in a Chinese money broker at the present time;

June 2009 Liquidez Distribuidora de Titulos e Valores Mobiliarios Ltda., which we refer to as Liquidez, a Brazilian financial institution and interdealer broker with offices in Sao Paulo and Rio de Janeiro. This acquisition enabled us to enter the Brazilian market, which is fast becoming one of the world's major economies, and will provide a platform for further expansion in Brazil and Latin America; and

November 2009 we opened a new office in Moscow, which is located at Smolenskya. This office provides brokerage services to clients based locally as well as internationally.

The Merger

On April 1, 2008, BGC Partners OldCo merged with and into eSpeed, to form BGC Partners. The merger combined eSpeed's electronic marketplaces and related electronic trading technology expertise in the government bond and other markets with our inter-dealer brokerage businesses. Our management believes this combination has positioned us as one of the few inter-dealer brokers with hybrid capabilities and technology, thus enabling us to offer superior execution to our clients and drive higher trading volumes. Prior to the merger, BGC Partners and eSpeed had a strong relationship through a joint services agreement under which revenues for certain services were shared. One of the primary motivations for our merger was our strategy of better focusing eSpeed's technology on supporting BGC Partners' brokerage services.

Our Organizational Structure

As stated in the preceding paragraph, on April 1, 2008, BGC Partners OldCo and eSpeed merged to form BGC Partners. Immediately prior to the merger, pursuant to a separation agreement, Cantor transferred certain assets and liabilities to BGC Partners OldCo and/or its subsidiaries.

Table of Contents

We are a holding company and our business is operated through two operating partnerships, BGC U.S., which holds our U.S. businesses, and BGC Global, which holds our non-U.S. businesses. In connection with the separation, Maxcor was contributed to BGC Partners OldCo in exchange for BGC Partners OldCo units that became shares of our common stock in the merger and the remainder of the BGC businesses were contributed to the OpCos in exchange for limited partnership interests in the OpCos. In connection with the merger, eSpeed contributed the eSpeed businesses to the OpCos in exchange for limited partnership interests in the OpCos.

The limited partnership interests of the OpCos are held by us and BGC Holdings and the limited partnership interests of BGC Holdings are currently held by Cantor and the founding/working partners, REU partners and RPU partners. We hold the BGC Holdings general partnership interest and the BGC Holdings special voting limited partnership interest, which entitle us to remove and appoint the general partner of BGC Holdings, and serve as the general partner of BGC Holdings, which entitles us to control BGC Holdings. BGC Holdings, in turn, holds the BGC U.S. general partnership interest and the BGC U.S. special voting limited partnership interest, which entitle the holder thereof to remove and appoint the general partner of BGC U.S., and the BGC Global general partnership interest and the BGC Global special voting limited partnership interest, which entitle the holder thereof to remove and appoint the general partner of BGC Global, and serves as the general partner of BGC U.S. and BGC Global, all of which entitle BGC Holdings (and thereby us) to control each of BGC U.S. and BGC Global. BGC Holdings holds its BGC Global general partnership interest through a company incorporated in the Cayman Islands, BGC Global Holdings GP Limited.

The following diagram illustrates our ownership structure as of March 31, 2010. The following diagram does not reflect the various subsidiaries of ours, BGC U.S., BGC Global, BGC Holdings or Cantor, or the results of any exchange of BGC Holdings exchangeable limited partnership interests or, to the extent applicable, BGC Holdings founding/working partner interests, REUs or RPUs:

RISK FACTORS

An investment in our shares of Class A common stock involves risks. You should consider carefully the Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2009 as filed with the SEC and any updates to those risk factors contained in our subsequent Quarterly Reports on Form 10-Q filed with the SEC, which we incorporate herein by reference, as well as the other information included in this prospectus, before making an investment decision. You should also consider carefully the risks set forth under the heading Risk Factors in any applicable prospectus supplement before investing in the shares of Class A common stock offered thereby. Some of our risks factors relate principally to the industry in which we operate and our business in general. Other risk factors relate principally to our relationship with Cantor and its affiliates, the securities market and ownership of our Class A common stock. Any of the risk factors could significantly and negatively affect our business, financial condition or operating results and the trading price of our stock. You could lose all or part of your investment.

USE OF PROCEEDS

Unless otherwise set forth in the applicable prospectus supplement, we intend to use the net proceeds from the sale of the shares we offer by this prospectus for general corporate purposes, which, among other things, are expected to include repurchases of shares of Class A common stock or purchases of partnership units in BGC Holdings or other equity interests in our subsidiaries from partners, executive officers and other employees of ours or our subsidiaries and of Cantor and its affiliates. Certain of such partners will be expected to use the proceeds from such sales to repay outstanding loans to, or credit enhanced by, Cantor or BGC Holdings. To the extent available, from time to time, we may also contribute a portion of the net proceeds to us from the sale of shares we offer by this prospectus to BGC U.S. and/or BGC Global in exchange for BGC U.S. limited partnership interests and/or BGC Global limited partnership interests, in each case on a one-for-one basis (subject to customary anti-dilution adjustments).

BGC U.S. and BGC Global intend to use the net proceeds they receive from us, if any, for various purposes, including for general partnership purposes, including potential strategic alliances, acquisitions, joint ventures or broker hires. In addition, from time to time, we have evaluated and we expect to continue to evaluate and potentially pursue possible strategic alliances, acquisitions, joint ventures or broker hires.

We may raise additional funds from time to time through equity or debt financing, including borrowings under credit facilities, to finance our business and operations.

DIVIDEND POLICY

Our board of directors has authorized a dividend policy which provides that we expect to pay not less than 75% of our post-tax distributable earnings per fully diluted share (defined below) as cash dividends to all common stockholders, with the balance of such distributable earnings to be available to repurchase shares of our common stock or purchase BGC Holdings limited partnership interests or other equity interests in our subsidiaries, including from Cantor or our executive officers. We calculate our post-tax distributable earnings generally as our GAAP income (loss) from continuing operations before minority interest and income taxes and excluding certain non-cash compensation and other non-cash expenses as well as non-cash undistributed income or non-cash losses from our equity investments, adjusted to assume that such earnings were taxed at the same effective tax rate as BGC Partners, Inc. (please see below for a more detailed definition of post-tax distributable earnings).

Our board of directors and our audit committee have authorized repurchases of our common stock and purchases of BGC Holdings limited partnership interests or other equity interests in our subsidiaries as part of this policy, including those held by Cantor or our executive officers, at the volume weighted average price, to the extent available, or at other negotiated prices, of such securities on the date on which such purchase or repurchase is made. As of April 30, 2010, we had \$15 million remaining under this authorization and may continue to actively make repurchases or cease to make repurchases, from time to time. In May 2010, our board of directors and audit committee reauthorized the \$100 million stock repurchase authorization. We expect to pay such dividends, if and when declared by our board of directors and our audit committee, on a quarterly basis. The dividend to stockholders is expected to be calculated based on post-tax distributable earnings allocated to BGC Partners, Inc. and generated over the fiscal quarter ending prior to the record date for the dividend.

We are a holding company with no direct operations and therefore we are able to pay dividends only from our available cash on hand and funds received from distributions from BGC U.S. and BGC Global.

The declaration, payment, timing and amount of any future dividends payable by us will be at the sole discretion of our board of directors. Our ability to pay dividends may also be limited by regulatory considerations as well as by covenants contained in future financing or other agreements. In addition, under Delaware law, dividends may be payable only out of surplus, which is our net assets minus our liabilities and our capital, or, if we have no surplus, out of our net profits for the fiscal year in which the dividend is declared and/or the preceding fiscal year. Accordingly, any unanticipated accounting, tax or other charges against net income may adversely affect our ability to declare dividends. While we intend to declare and pay dividends quarterly, there can be no assurance that our board of directors will declare dividends at all or on a regular basis or that the amount of dividend will not change.

Certain Definitions

Revenues for distributable earnings, pre-tax distributable earnings and post-tax distributable earnings are supplemental measures of operating performance and which are used by management to evaluate the financial performance of us and our subsidiaries. We believe that distributable earnings best reflects the operating earnings generated by the Company on a consolidated basis and are the earnings which management considers available for distribution to BGC Partners and its common stockholders as well as to holders of BGC Holdings partnership units during any period. As compared with income (loss) from continuing operations before income taxes, net income (loss) for fully diluted shares, and fully diluted earnings (loss) per share, all prepared in accordance with GAAP, distributable earnings calculations exclude certain non-cash compensation and other expenses which generally do not involve the receipt or outlay of cash by BGC Partners, and which do not dilute existing stockholders, and which do not have economic consequences, as described below.

Revenues for distributable earnings are defined as GAAP revenues excluding the impact of BGC Partners pro rata share of earnings or losses from our equity investments, such as in Aqua Securities, L.P. and ELX.

Pre-tax distributable earnings are defined as GAAP income (loss) from continuing operations before income taxes excluding non-cash, non-dilutive, and non-economic items, including, for example:

Table of Contents

Non-cash stock based equity compensation charges for REUs granted or issued prior to the merger of BGC Partners with and into eSpeed, as well as post-merger non-cash, non-dilutive equity-based compensation related to partnership unit exchange or conversion;

Allocations of net income to founding/working partner units, including REUs, RPU, PSU and PSI;

Non-cash asset impairment charges, if any;

Charges related to repurchases, cancellations or redemptions of partnership interests.
Distributable earnings calculations also exclude certain one-time or non-recurring items, if any.

Since distributable earnings are calculated on a pre-tax basis, management intends to also report post-tax distributable earnings and post-tax distributable earnings per fully diluted share :

Post-tax distributable earnings are defined as pre-tax distributable earnings adjusted to assume that all pre-tax distributable earnings were taxed at the same effective rate.

Post-tax distributable earnings per fully diluted share are defined as post-tax distributable earnings divided by the weighted average number of fully diluted shares for the period. In the event that there is a GAAP loss but positive distributable earnings, the distributable earnings per share calculation will include all fully diluted shares that would be excluded under GAAP to avoid anti-dilution.

In addition to the pro rata distribution of net income to BGC Holdings founding/working partner units, PSU, PSI, RPU and REU, and to Cantor for its non-controlling interest, we also expect to pay a quarterly dividend to our common stockholders. The amount of all of these payments is expected to be determined using the same definition of distributable earnings. The dividend to stockholders is expected to be calculated based on post-tax distributable earnings allocated to us and generated over the fiscal quarter ending prior to the record date for the dividend. No assurance can be made, however, that a dividend will be paid each quarter.

Employees who are holders of unvested restricted stock units, which we refer to as RSUs, are granted pro-rata payments equivalent to the amount of dividend paid to common stockholders. Under GAAP, dividend equivalents on unvested RSUs are required to be taken as a compensation charge in the period paid. However, to the extent that they represent cash payments made from the prior period's distributable earnings, they do not dilute existing stockholders and are therefore excluded from the calculation of distributable earnings.

Distributable earnings is not meant to be an exact measure of cash generated by operations and available for distribution, nor should it be considered in isolation or as an alternative to cash flow from operations or income (loss) for fully diluted shares. We view distributable earnings as a metric that is not necessarily indicative of liquidity or the cash available to fund its operations.

Pre- and post-tax distributable earnings are not intended to replace the presentation of our GAAP financial results. However, management does believe that they will help provide investors with a clearer understanding of our Company's financial performance and offer useful information to both management and investors regarding certain financial and business trends related to our financial condition and results from operations. Management believes that distributable earnings and the GAAP measures of our Company's financial performance should be considered together.

DESCRIPTION OF CAPITAL STOCK

The following summary is a description of the material terms of our capital stock. Our certificate of incorporation and bylaws are filed as exhibits to the registration statement of which this prospectus is a part.

Our Capital Stock

The following description of our Class A common stock, Class B common stock, preferred stock and the relevant provisions of our certificate of incorporation and bylaws are summaries thereof and are qualified in their entirety by reference to our certificate of incorporation and bylaws, copies of which are filed as exhibits to the registration statement of which this prospectus is a part, and applicable law. Our certificate of incorporation is an amendment and restatement of the eSpeed certificate of incorporation.

Our authorized capital stock consists of 600 million shares of common stock, consisting of 500 million shares of Class A common stock, par value \$0.01 per share, and 100 million shares of Class B common stock, par value \$0.01 per share, and 50 million shares of preferred stock, par value \$0.01 per share.

Common Stock

As of April 30, 2010, there were 55,349,284 shares of our Class A common stock outstanding and 26,448,107 shares of our Class B common stock outstanding. The holders of our Class A common stock are generally entitled to one vote per share on all matters to be voted upon by the stockholders as a group, entitling holders of our Class A common stock to approximately 17.5% of our voting power, and do not have cumulative voting rights. Our Class B common stock entitles holders to ten votes per share on all matters to be voted upon by the stockholders as a group, to 82.5% of the voting power in our company in respect of our Class B common stock, and does not have cumulative voting rights. Cantor and CF Group Management Group, Inc., which we refer to as CFGM, the managing general partner of Cantor, and an entity controlled by our Chairman and Chief Executive Officer, Howard W. Lutnick, are the only holder of our Class B common stock. Our Class B common stock generally votes together with our Class A common stock on all matters submitted to the vote of our stockholders.

Each share of Class A common stock is equivalent to a share of Class B common stock for purposes of economic rights. Subject to preferences that may be applicable to any outstanding preferred stock, the holders of Class A common stock and Class B common stock are entitled to receive ratably such dividends, if any, as may be declared from time to time by our board of directors out of funds legally available therefrom. See *Price Range of Class A Common Stock* and *Dividend Policy*. In the event of our liquidation, dissolution or winding up, the holders of Class A common stock and holders of Class B common stock are entitled to share ratably in all assets remaining after payment of liabilities, subject to prior distribution rights of preferred stock, if any, then outstanding.

Our certificate of incorporation provides that each share of the Class B common stock is convertible at any time, at the option of the holder, into one share of the Class A common stock. Each share of the Class B common stock will automatically convert into a share of the Class A common stock upon any sale, pledge or other transfer, which we refer to as a transfer, whether or not for value, by the initial registered holder, other than any transfer by the initial holder to (1) Cantor, (2) any entity controlled by Cantor or by Mr. Lutnick and (3) Mr. Lutnick, his spouse, his estate, any of his descendants, any of his relatives or any trust established for his benefit or for the benefit of his spouse, any of his descendants or any of his relatives.

Any holder of shares of Class B common stock may pledge his, her or its shares of Class B common stock, as the case may be, to a pledgee pursuant to a bona fide pledge of the shares as collateral security for indebtedness due to the pledgee so long as the shares are not transferred to or registered in the name of the pledgee. In the event of any pledge meeting these requirements, the pledged shares will not be converted automatically into shares of the Class A common stock. If the pledged shares of the Class B common stock become subject to any foreclosure, realization or other similar action by the pledgee, they will be converted automatically into shares of Class A common stock upon the occurrence of that action. The automatic conversion provisions in our certificate of incorporation may not be amended, altered, changed or repealed without the approval of the holders of a majority of the voting power of all outstanding shares of the Class A common stock.

Shares of the Class A common stock are not subject to any conversion right. None of the Class A common stock or Class B common stock has any pre-emptive or other subscription rights. There will be no redemption or

Table of Contents

sinking fund provisions applicable to the Class A common stock or Class B common stock. All outstanding shares of Class A common stock and Class B common stock are fully paid and non-assessable.

Preferred Stock

Our board of directors will have the authority to issue preferred stock in one or more classes or series and to fix the designations, powers, preferences and rights, and the qualifications, limitations or restrictions thereof including dividend rights, dividend rates, terms of redemption, redemption prices, conversion rights and liquidation preferences of the shares constituting any class or series, without further vote or action by the stockholders. The issuance of preferred stock may have the effect of delaying, deferring or preventing a change of control of our company without further action by the stockholders and may adversely affect the voting and other rights of the holders of our common stock. At present, we have no plans to issue any preferred stock.

Anti-Takeover Effects of Delaware Law and our Certificate of Incorporation, Bylaws and Convertible Notes

Some provisions of the Delaware General Corporation Law, which we refer to as the DGCL and our certificate of incorporation, bylaws and convertible notes could make the following more difficult:

acquisition of us by means of a tender offer;

acquisition of us by means of a proxy contest or otherwise; or

removal of our incumbent officers and directors.

These provisions, summarized below, are expected to discourage coercive takeover practices and inadequate takeover bids. These provisions are also primarily designed to encourage persons seeking to acquire control of us to first negotiate with our board of directors. We believe that the benefits of increased protection give us the potential ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure us and outweigh the disadvantages of discouraging those proposals because negotiation of them could result in an improvement of their terms.

Delaware Anti-Takeover Law

We are subject to Section 203 of the DGCL. In general, Section 203 of the DGCL prohibits a publicly held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years following the date the person became an interested stockholder, unless the business combination or the transaction in which the person became an interested stockholder is approved in a prescribed manner. Generally, a business combination includes a merger, asset or stock sale or other transaction resulting in a financial benefit to the interested stockholder. An interested stockholder is a person who, together with affiliates and associates, owns 15% or more of a corporation's outstanding voting stock, or was the owner of 15% or more of a corporation's outstanding voting stock at any time within the prior three years, other than interested stockholders prior to the time the Class A common stock was traded on the Nasdaq Global Select Market. The existence of this provision would be expected to have an anti-takeover effect with respect to transactions not approved in advance by our board of directors, including discouraging takeover attempts that might result in a premium over the market price for the shares of Class A common stock held by stockholders.

Certificate of Incorporation and Bylaws

Our bylaws provide that special meetings of stockholders may be called only by the Chairman of our board of directors, or in the event the Chairman of our board of directors is unavailable, by the Chief Executive Officer or by the holders of a majority of the voting power of our Class B common stock, which is held by Cantor and CFGM. In addition, our certificate of incorporation permits us to issue blank check preferred stock.

Our bylaws require advance written notice prior to a meeting of stockholders of a proposal or director nomination which a stockholder desires to present at such a meeting, which generally must be received by our Secretary not later than 120 days prior to the first anniversary of the date of our proxy statement for the preceding

Table of Contents

year's annual meeting. Our bylaws provide that all amendments to our bylaws must be approved by either the holders of a majority of the voting power of all outstanding capital stock entitled to vote or by a majority of our board of directors.

Convertible Notes

Pursuant to the terms of our convertible notes, holders of our convertible notes will have the right to require us to repurchase all or a portion such notes upon the occurrence of a fundamental change (as defined in the Indenture governing the convertible notes) at 100% of their principal amount, plus accrued and unpaid interest. In addition, if a make-whole fundamental change occurs (as defined in the Indenture governing the convertible notes) prior to maturity of the convertible notes, under certain circumstances, we will increase the conversion rate by a number of additional shares of our Class A common stock for convertible notes converted in connection with such make-whole fundamental change. The fundamental change purchase rights and the provisions requiring an increase to the conversion rate for conversions in connection with make-whole fundamental changes may in certain circumstances delay or prevent a takeover of us and/or the removal of incumbent management that might otherwise be beneficial to investors.

Corporate Opportunity

Our certificate of incorporation provides that no Cantor Company (as defined below) or any of the representatives (as defined below) of a Cantor Company will owe any fiduciary duty to, nor will any Cantor Company or any of their respective representatives be liable for breach of fiduciary duty to, us or any of our stockholders. To the extent that any representative of a Cantor Company also serves as our director or officer, such person will owe fiduciary duties to us in his or her capacity as our director or officer. In addition, none of any Cantor Company or any of their representatives will owe any duty to refrain from engaging in the same or similar activities or lines of business as us, or doing business with any of our clients or customers.

If a third party presents a corporate opportunity (as defined below) to a person who is a representative of ours and a representative of a Cantor Company, expressly and solely in such person's capacity as a representative of us, and such person acts in good faith in a manner consistent with the policy that such corporate opportunity belongs to us, then such person:

will be deemed to have fully satisfied and fulfilled any fiduciary duty that person has to us;

will not be liable to us or any of our stockholders for breach of fiduciary duty by reason of such person's action or inaction with respect to the corporate opportunity;

will be deemed to have acted in good faith and in a manner that such person reasonably believed to be in, and not opposed to, our best interests; and

will be deemed not to have breached such person's duty of loyalty to us and our stockholders, and not to have derived an improper personal benefit therefrom.

A Cantor Company may pursue such a corporate opportunity if we decide not to.

If a corporate opportunity is not presented to a person who is both a representative of ours and a representative of a Cantor Company and, expressly and solely in such person's capacity as a representative of us, such person will not be obligated to present the corporate opportunity to us or to act as if such corporate opportunity belongs to us, and such person:

will be deemed to have fully satisfied and fulfilled any fiduciary duty that such person has to us as a representative of us with respect to such corporate opportunity;

Edgar Filing: BGC Partners, Inc. - Form 424B5

will not be liable to us or any of our stockholders for breach of fiduciary duty by reason of such person's action or inaction with respect to such corporate opportunity;

will be deemed to have acted in good faith and in a manner that such person reasonably believed to be in, and not opposed to, our best interests; and

will be deemed not to have breached a duty of loyalty to us and our stockholders and not to have derived an improper personal benefit therefrom.

For purposes of the above

Cantor Company means Cantor and any of its affiliates (other than, if applicable, the Company and its affiliates);

representatives means, with respect to any person, the directors, officers, employees, general partners or managing member of such person; and

corporate opportunity means any business opportunity that we are financially able to undertake that is, from its nature, in our lines of business, is of practical advantage to us and is one in which we have an interest or a reasonable expectancy, and in which, by embracing the opportunities, the self-interest of Cantor or their respective representatives will be brought into conflict with our self-interest.

PLAN OF DISTRIBUTION

We may sell the shares of Class A common stock included in this prospectus directly to purchasers, through underwriters, to dealers, or through agents, at fixed prices, which may be changed, at market prices prevailing at the time of sale, at prices related to the prevailing market prices, or at privately negotiated prices.

We may sell some or all of the shares of Class A common stock included in this prospectus by or through a broker-dealer in one or more, or a combination, of the following methods:

purchases by the broker-dealer as principal, and resale by the broker-dealer for its account;

a block trade in which the broker-dealer may attempt to sell the shares as agent, but may resell all or a portion of the block as principal in order to facilitate the transaction; or

transactions in which the broker-dealer as agent solicits purchasers and ordinary brokerage transactions by the broker-dealer as agent. We may directly make offers to sell the shares of Class A common stock to, or solicit offers to purchase the shares of Class A common stock from, purchasers from time to time. If required, the prospectus supplement related to any such offering by us will set forth the terms of such offering.

We may sell the shares of Class A common stock included in this prospectus from time to time to one or more underwriters, which would purchase the shares as principal for resale to purchasers, on a firm-commitment or other basis. If we sell shares of Class A common stock to underwriters, we may execute an underwriting agreement with them at the time of sale and will name them in the prospectus supplement related to any such offering. In connection with those sales, underwriters may be deemed to have received compensation from us in the form of underwriting discounts or commissions and may also receive commissions from purchasers of the shares of Class A common stock for which they may act as agents. Underwriters may resell the shares of Class A common stock to or through dealers, and those dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from purchasers for which they may act as agents. The prospectus supplement related to any such offering will include any required information about underwriting compensation we pay to underwriters, and any discounts, concessions or commissions underwriters allow to participating dealers, in connection with such offering.

From time to time, we may sell the shares of Class A common stock included in this prospectus to one or more dealers acting as principals. If required, the prospectus supplement related to any such offering by us will name such dealers, and will include information about any compensation paid to the dealers, in such offering. The dealers, which may be deemed to be underwriters as that term is defined in the Securities Act, may then resell the shares to purchasers.

We may also designate broker-dealers as agents from time to time to solicit offers from purchasers to purchase the shares of Class A common stock, or to sell the shares of Class A common stock in ordinary brokerage transactions, on our behalf. If required, the prospectus supplement related to any such offering by us will name such agents, and will include information about any commissions paid to the agents, in such offering. Agents may be deemed to be underwriters as that term is defined in the Securities Act in such offering.

In connection with a firm commitment offering, the underwriters may purchase and sell shares of the Class A common stock included in this prospectus in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of shares of the Class A common stock than they are required to purchase in an offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the Class A common stock while an offering is in progress. The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the underwriters have repurchased shares of the Class A common stock sold by or for the account of that underwriter in stabilizing or short-covering transactions. These activities by the underwriters may stabilize, maintain or otherwise affect the market price of the Class A common

stock. As a result, the price of the Class A common stock may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected on or through the Nasdaq Global Select Market, the existing trading market for our Class A common stock, or in the over-the-counter market or otherwise.

We or our underwriters, broker-dealers, or agents may make sales deemed to be an at-the-market offering as defined in Rule 415 promulgated under the Securities Act, which includes sales made directly on or through the Nasdaq Global Select Market, the existing trading market for our Class A common stock, or in the over-the-counter market or otherwise.

Any underwriters, broker-dealers, or agents offering the shares of Class A common stock included in this prospectus will not confirm sales to any accounts over which they or their affiliates exercise discretionary authority without the prior approval of the customer.

Underwriters, broker-dealers, agents and other persons may be entitled, under agreements that they may enter into with us, to indemnification by us against certain liabilities, including liabilities under the Securities Act, in connection with an offering of the shares of Class A common stock included in this prospectus.

The underwriters, broker-dealers, agents, and their associates may be affiliates or customers of or lenders to, and may engage in transactions with and perform services for, us and our affiliates in the ordinary course of business. In this regard, Cantor Fitzgerald & Co., our broker-dealer affiliate, is a member of the Financial Industry Regulatory Authority, Inc., which we refer to as FINRA, and may participate in offerings of the shares of Class A common stock included in this prospectus. Accordingly, offerings of the shares of Class A common stock included in this prospectus in which Cantor Fitzgerald & Co. participates will conform to the requirements set forth in Rule 2720 of the Conduct Rules of FINRA.
