1. Qualitative Information related to Financial Results

(Please refer to Summary Results for the Second Quarter (First Half) of Fiscal 2011 on page 2-1 for more information.)

(1) Qualitative Information related to Consolidated Results of Operations

Reviewing the economic environment during the second quarter of fiscal 2011, while the United States is experiencing an extremely weak recovery, in Europe there is uncertainty in the financial system against the backdrop of the fiscal problems experienced by certain countries, which is gradually impacting the real economy. Thus overall, the recovery in the global economy is weakening.

In the United States, the recovery in the economy is extremely weak as the housing market and employment conditions continue to be sluggish. Regarding the future of the U.S. economy, the risk remains of a slackening in the economy with a further decline in housing prices and rising unemployment and others. With the fiscal constraints imposed by the debt ceiling, there is uncertainty going forward, including the ability to implement further economic stimulus measures. In Europe, the problem of sovereign risk is becoming apparent against the backdrop of the fiscal problems experienced by certain countries, impacting the real economy, as well as casting uncertainty over the financial system. The future of the European economy holds little prospect of a drastic speedy fix for the Euro-area's debt problems, and the situation makes it difficult to say exactly what the effects will be on the global economy. In Asia, the increase in demand in the Chinese market has had an impact, inducing an increase in exports and production activity in neighboring economies. While the pace of growth is slowing somewhat, the region continues to maintain strong economic growth, although signs of a decline in growth are beginning to appear as the slowdown in the U.S. and the European economies takes effect.

In Japan, despite the continuing recovery from the sharp decline in the economy resulting from the impact of the Great Eastern Japan Earthquake, the weakness of the recovery in the overseas economies is leading to a slow recovery in Japan. As for the future direction of the economy, while there are positive boosting factors such as the growing demand for restoring damaged capital assets, there are also several causes for concern, such as a slowing in economies overseas, the constraints of electricity shortages, fluctuations in foreign exchange and stock prices and prolonged deflation. So the risk remains that these factors may hold back economic growth.

Under the above economic environment, Net Income for the second quarter (first half) of the fiscal year ending March 31, 2012 amounted to ¥254.6 billion, decreasing by ¥87.0 billion from the corresponding period of the previous fiscal year.

(2) Qualitative Information related to Consolidated Financial Conditions

Consolidated total assets as of September 30, 2011 amounted to ¥161,286.8 billion, increasing by ¥474.8 billion from the end of the previous fiscal year.

Net Assets amounted to ¥6,518.9 billion, decreasing by ¥105.0 billion from the end of the previous fiscal year. Shareholders' Equity amounted to ¥4,601.3 billion, Accumulated Other Comprehensive Income amounted to ¥(33.3) billion and Minority Interests amounted to ¥1,949.8 billion.

In Assets, the balance of Loans and Bills Discounted amounted to ¥61,731.6 billion, decreasing by ¥1,046.1 billion from the end of the previous fiscal year while Securities were ¥47,554.4 billion, increasing by ¥2,772.4 billion from the end of the previous fiscal year. In Liabilities, Deposits amounted to ¥77,332.8 billion, decreasing by ¥1,901.0 billion from the end of the previous fiscal year.

The Consolidated Capital Adequacy Ratio (Basel II BIS Standard) was 14.92% (preliminary).

	March 31, 2010	March 31, 2011	September 30, 2011
Basel II	13.46%	15.30%	14.92%

(3) Qualitative Information related to Consolidated Earnings Estimates

Based on the financial results for the second quarter of fiscal 2011, MHFG estimates Ordinary Profits of ¥590.0 billion (a decrease of ¥70.0 billion from the estimate which was announced on May 13, 2011) and Net Income of ¥460.0 billion (no change from the same estimate above) for fiscal 2011.

Edgar Filing: MIZUHO FINANCIAL GROUP INC - Form 6-K

The above estimates constitute forward-looking statements within the meaning of the United States Private Securities Litigation Reform Act of 1995. Please see the forward-looking statements legend at the beginning of this immediate release for a description of the factors that could affect our ability to meet these estimates.

SUMMARY OF FINANCIAL RESULTS

For the Second Quarter (First Half) of Fiscal 2011

(Six months ended September 30, 2011)

<Under Japanese GAAP>

Mizuho Financial Group, Inc.

Summary Results for the Second Quarter (First Half) of Fiscal 2011
I. Summary of Income Analysis**Ø Consolidated Net Business Profits**

Consolidated Gross Profits for the first half of fiscal 2011 decreased by JPY 106.1 billion on a year-on-year basis to JPY 990.5 billion. Gross Profits of the 3 Banks decreased by JPY 88.6 billion on a year-on-year basis. This is mainly due to a decrease of JPY 83.6 billion in income from Trading and Others. Income from Customer Groups, including domestic business, decreased by JPY 5.0 billion in total, despite an increase in income from overseas business, particularly from Asia.

G&A Expenses of the 3 Banks decreased by JPY 3.0 billion on a year-on-year basis with our continued overall cost reduction efforts and other factors.

Aggregated Consolidated Gross Profits (Net Operating Revenues) of our two securities subsidiaries (Mizuho Securities and Mizuho Investors Securities) decreased by JPY 38.4 billion on a year-on-year basis.

As a result, Consolidated Net Business Profits for the first half of fiscal 2011 amounted to JPY 351.4 billion, a year-on-year decrease of JPY 113.5 billion.

Ø Consolidated Net Income

Credit-related Costs of the 3 Banks amounted to a net reversal of JPY 8.4 billion, primarily due to improved obligor classifications through our business revitalization support to corporate customers and other factors. Consolidated Credit-related Costs also amounted to a net reversal of JPY 13.2 billion, an improvement of JPY 4.6 billion on a year-on-year basis.

Net Losses related to Stocks of the 3 Banks amounted to JPY 67.2 billion. This was mainly due to recording impairment losses for certain stocks reflecting a decline in stock prices.

Due to the above-mentioned factors and the JPY 77.4 billion impact of turning the three listed subsidiaries into wholly-owned subsidiaries, Consolidated Net Income for the first half of fiscal 2011 amounted to JPY 254.6 billion. Thus, progress ratio was approximately 110% against our planned net income for the first half of fiscal 2011 (JPY 230 billion) and approximately 55% against our planned net income for full fiscal 2011 (JPY 460 billion).

Ø **Net Interest Income**

The average loan balance for the first half of fiscal 2011 decreased by JPY 0.3 trillion from that for the second half of fiscal 2010. This was due to a decrease in domestic loans, particularly those to the Japanese Government, offset in part by an increase in overseas loans.

The period end loan balance as of September 30, 2011 decreased by JPY 1.4 trillion compared with that as of March 31, 2011, mainly due to a decrease of JPY 1.0 trillion in loans to the Japanese Government.

Ø **Non-interest Income**

Non-interest Income from Customer Groups of the 3 Banks (on a managerial accounting basis) for the first half of fiscal 2011 increased by JPY 2.7 billion on a year-on-year basis.

This mainly resulted from a year-on-year increase in Non-interest Income from overseas business, particularly from Asia.

* Certain items in expenses regarding stock transfer agency business and pension management business, which had been recorded as General and Administrative Expenses until the previous period, have been included in Non-interest Income beginning with this period, and reclassification of the figure for 1H of FY 2010 has been made accordingly. III. Disciplined Capital Management

We continue to pursue strengthening of stable capital base and steady returns to shareholders as our disciplined capital management policy. However, considering the ongoing global discussions with respect to capital, uncertainty over the economy and market trends, and other factors, we are placing a higher priority on strengthening of stable capital base.

Amid the ongoing global discussions on the revision of capital regulations, we aim to increase, as our medium-term target, our Consolidated Tier 1 Capital Ratio (under Basel II) to 12% or above and our Common Equity Capital Ratio* (under Basel III) as of the end of fiscal 2012, when the new capital regulations are scheduled to be implemented, to the mid-8% level.

We will strive to strengthen further our financial base mainly by accumulating retained earnings and improving asset efficiency through our initiatives such as the steady implementation of Mizuho's Transformation Program that we announced in May 2010, and the realization in advance of the synergy effects of the integrated group-wide business operations including the transformation into one bank.

Edgar Filing: MIZUHO FINANCIAL GROUP INC - Form 6-K

Accordingly, we believe we will be able sufficiently to meet the new capital regulations including the framework to identify G-SIFIs.

- * The calculation of our Common Equity Capital Ratio includes the outstanding balance of the Eleventh Series Class XI Preferred Stock that will be mandatorily convertible into common stock in July 2016.

Meanwhile, as of today, details (such as the calculation method for the capital adequacy ratio under the new capital regulations) have yet to be determined. Therefore, our Common Equity Capital Ratio is the estimated figure that Mizuho Financial Group calculates based on the publicly-available materials that have been issued to date.

(Note) The outstanding balance of the Eleventh Series Class XI Preferred Stock as of September 30, 2011 (excluding treasury stock) amounted to JPY 383.4 billion (59.3% of the initial amount issued of JPY 943.7 billion, had already been converted into common stock as of such date).

Earnings Plan for Fiscal 2011

(Figures below are on a consolidated basis)

Ø We now plan Consolidated Net Business Profits for fiscal 2011 to be JPY 770.0 billion, a decrease of JPY 30.0 billion compared with the original plan^(*) based on the results for the first half of fiscal 2011 (an increase of JPY 28.2 billion compared with the actual results of the previous fiscal year). We plan Net Business Profits of the 3 Banks to be JPY 717.0 billion, an increase of JPY 30.0 billion compared with the original plan.

We endeavor to strengthen profitability by thoroughly promoting group collaboration among the banking, trust and securities subsidiaries in light of turning the three listed group companies into wholly-owned subsidiaries, as well as by realizing in advance the integration effects of the transformation into one bank .

(*) original plan announced on May 13, 2011

Ø Credit-related Costs are estimated to be JPY 65.0 billion considering the uncertainty over the global economy, while continuously implementing our business revitalization support to corporate customers and others.

Ø Based on the above, we continue to plan Consolidated Net Income to be JPY 460.0 billion.

Ø We plan to make cash dividend payments of JPY 6 per share of common stock as annual dividend payments for the fiscal year ending March 31, 2012, unchanged from that in the previous fiscal year, in consideration of the balance between strengthening of stable capital base and steady returns to shareholders. We also plan to make cash dividend payments on preferred stock as prescribed. Pertaining to the above, we plan to make interim cash dividend payments in order to provide returns to shareholders at a more appropriate timing.

* In addition to Securities on the consolidated balance sheets, NCDs in Cash and Due from Banks, certain items in Other Debt Purchased and certain items in Other Assets are also included.

* Fair value of Japanese stocks with a quoted market price is determined based on the average quoted market price over the month preceding the consolidated balance sheet date.

Fair value of securities other than Japanese stocks is determined at the quoted market price if available, or other reasonable value at the consolidated balance sheet date.

* The book values of Other Securities which have readily determinable fair value are stated at fair value, so Unrealized Gains/Losses indicate the difference between book values on the consolidated balance sheets and the acquisition costs.

* Unrealized Gains/Losses include ¥(12,484) million, ¥(1,242) million and ¥(5,562) million, which were recognized in the statement of income for September 30, 2011, March 31, 2011 and September 30, 2010, respectively, by applying the fair-value hedge method and others.

As a result, the base amounts to be recorded directly to Net Assets after tax and consolidation adjustments as of September 30, 2011, March 31, 2011 and September 30, 2010 are ¥(145,225) million, ¥609 million and ¥102,441 million, respectively.

* Unrealized Gains (Losses) on Other Securities, net of Taxes (recorded directly to Net Assets after tax and consolidation adjustments, excluding the amount recognized in the statement of income by applying the fair-value hedge method and others, including translation differences regarding securities, the fair values of which are extremely difficult to determine) as of September 30, 2011, March 31, 2011 and September 30, 2010 are ¥(152,381) million, ¥(21,648) million and ¥32,505 million, respectively.

* In addition to Securities indicated on the balance sheets, NCDs in Cash and Due from Banks and certain items in Other Debt Purchased are also included.

* Fair value of Japanese stocks with a quoted market price is determined based on the average quoted market price over the month preceding the balance sheet date.

Fair value of securities other than Japanese stocks is determined at the quoted market price if available, or other reasonable value at the balance sheet date.

* The book values of Other Securities which have readily determinable fair value are stated at fair value, so Unrealized Gains/Losses indicate the difference between book values on the balance sheets and the acquisition costs.

* Unrealized Gains/Losses include ¥3,961 million, ¥11,874 million and ¥10,591 million, which were recognized in the statement of income for September 30, 2011, March 31, 2011 and September 30, 2010, respectively, by applying the fair-value hedge method and others.

Edgar Filing: MIZUHO FINANCIAL GROUP INC - Form 6-K

As a result, the base amounts to be recorded directly to Net Assets after tax adjustment as of September 30, 2011, March 31, 2011 and September 30, 2010 are ¥(163,341) million, ¥(27,091) million and ¥79,082 million, respectively.

* Unrealized Gains (Losses) on Other Securities, net of Taxes (recorded directly to Net Assets after tax adjustment, excluding the amount recognized in the statement of income by applying the fair-value hedge method and others, including translation differences regarding securities, the fair values of which are extremely difficult to determine) as of September 30, 2011, March 31, 2011 and September 30, 2010 are as follows:

2. Estimation of Deferred Tax Assets, etc.**Non-Consolidated****(1) Calculation Policy**

Recoverability of Deferred Tax Assets is basically assessed based on future taxable income derived from future profitability, considering that Mizuho Bank, Mizuho Corporate Bank and Mizuho Trust & Banking's fundamental profitability enabled the three banks consistently to report an appropriate level of Net Business Profits in previous periods. Mizuho Bank, Mizuho Corporate Bank and Mizuho Trust & Banking's tax losses carry-forwards and future deductible temporary differences in the past resulted from nonrecurring special causes, e.g. losses from extraordinary and significant waiver of claims due to the crash of the bubble economy, acceleration of disposition of NPLs and stock holdings in accordance with government policy to stabilize promptly the financial system under the long deflationary depression, and the restructuring of businesses to meet the severe management environment. Since the three banks could have reported positive taxable income every year if the losses from these special factors were excluded, the conditions under the provisory clause of 5. (1) of Audit Guideline for Considering Recoverability of Deferred Tax Assets (JICPA Audit Committee Report No. 66) have been fulfilled. Period for future taxable income considered in the assessment is five years.

<Explanation>

Future taxable income was estimated using more conservative assumptions than those used in the Business Plan, etc. Details of the respective estimated five-year totals are as follows:

Gross Profits: ¥3,998.8 billion [1]

General and Administrative Expenses: ¥2,710.2 billion [2]

Net Business Profits (before Reversal of (Provision for) General Reserve for Possible Losses on Loans): ¥1,288.6 billion [3]

Income before Income Taxes (including Credit-related costs, etc.): ¥362.1 billion [5]

Taxable Income before Current Deductible Temporary Differences: ¥999.0 billion [7].

On the other hand, Deferred Tax Assets which are tax deductible in the future, such as Reserves for Possible Losses on Loans, Tax Losses Carried Forward and others amount to ¥763.2 billion [17]. However, after considering temporary differences which are not expected to be reversed in the next five years, Valuation Allowance of ¥382.8 billion [18] was provided, therefore after offsetting Deferred Tax Liabilities of ¥143.9 billion [24], ¥236.4 billion [25] of Net Deferred Tax Assets was recorded on the balance sheet.
