2013 Guidance

Adjusted earnings per share for 2013 are expected to be in the range of \$0.25 to \$0.30 per diluted share

We expect the first quarter of 2013 to be the lowest earnings quarter (\$0.02 -

\$0.05/share) due to the timing

of the cost savings programs rollout

Adjusting for the impact of the Solar Pastes transaction and foreign currencies, sales growth is expected to be approximately 2%

For the year, cash flow is expected to be neutral

16

2015 Targets

Top line sales growth 4% per annum

Gross profit as percent of sales > 21%

SG&A expense as percent of sales < 13%

EBITDA margin of approximately 11%

Maintenance CAPEX of \$25 million

EPS of \$0.75 -

\$0.85

Note: Sales = value added sales
