Item 7.01. Regulation FD Disclosure.

On November 3, 2016, R. R. Donnelley & Sons Company (the Company or RR Donnelley) prepared materials for dissemination to investors. The materials are furnished (not filed) as Exhibit 99.1 to this Current Report on Form 8-K pursuant to Regulation FD.

This exhibit contains Non-GAAP financial measures, including Non-GAAP Operating Income, Non-GAAP Adjusted EBITDA and Margin Reconciliation and Net Debt. RR Donnelley believes that certain Non-GAAP measures, such as Non-GAAP Adjusted EBITDA for RR Donnelley continuing operations, provide useful information about RR Donnelley's operating results and enhance the overall ability to assess RR Donnelley's financial performance. RR Donnelley uses these measures, together with other measures of performance under GAAP, to compare the relative performance of operations in planning, budgeting and reviewing the performance of its business. Non-GAAP Adjusted EBITDA for RR Donnelley continuing operations allows investors to make a more meaningful comparison between RR Donnelley's core business operating results over different periods of time. RR Donnelley believes that Non-GAAP Adjusted EBITDA for RR Donnelley continuing operations, when viewed with RR Donnelley's results under GAAP, the financial statements included in Exhibit 99.1 and the accompanying reconciliations, provides useful information about RR Donnelley's business without regard to potential distortions. By eliminating potential differences in results of operations between periods caused by factors such as depreciation and amortization methods, acquisition expenses, historic cost and age of assets, financing and capital structures, taxation positions or regimes, restructuring, impairment and other charges, pension or other postretirement settlements or curtailments and gain or loss on certain equity investments and asset sales, RR Donnelley believes that Non-GAAP Adjusted EBITDA can provide a useful additional basis for comparing the current performance of the underlying operations being evaluated.
