PROXY STATEMENT

The Board of Directors of First Acceptance Corporation (referred to herein as the Board or the Board of Directors) is soliciting proxies to be used at the 2017 annual meeting of stockholders. This proxy statement and the enclosed proxy card will be first mailed to stockholders on or about March 29, 2017.

ABOUT THE MEETING

What Is the Purpose of the Annual Meeting?

At our annual meeting, stockholders will vote on the matters outlined in the accompanying notice of meeting. In addition, our management will report on our performance during 2016 and respond to questions from stockholders.

Who Is Entitled to Vote?

Stockholders of record of our common stock at the close of business on the record date, March 22, 2017, are entitled to receive notice of the annual meeting and vote the shares of common stock that they held on that date at the meeting, or any postponement or adjournment of the meeting. Each outstanding share of our common stock entitles its holder to cast one vote on each matter to be voted upon.

What Constitutes a Quorum?

For purposes of voting on all matters, the presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum. As of the record date, 41,160,011 shares of our common stock were outstanding. Proxies received but marked as abstentions and broker non-votes (described below) will be included in the calculation of the number of shares considered to be present at the meeting.

How Do I Vote?

If you complete and properly sign the accompanying proxy card and return the card to us, the card will be voted as you direct. If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. Street name stockholders who wish to vote at the meeting will need to obtain a proxy card from the institution that holds their shares.

Can I Change My Vote After I Return My Proxy Card?

Yes. You can revoke your proxy at any time before the final vote at the annual meeting in any of three ways:

by submitting written notice of revocation to the Secretary;

by submitting another proxy that is later dated and properly signed; or

by voting in person at the meeting.

Table of Contents

What Are the Board's Recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendations are set forth below, and a description of each item is included in this proxy statement. In summary, the Board recommends a vote:

FOR election of each of the nominated directors;

FOR approval of an increase in the number of shares authorized for issuance pursuant to the First Acceptance Corporation Employee Stock Purchase Plan;

FOR, on an advisory basis, the compensation of our named executive officers;

FOR ONE YEAR, on an advisory basis, regarding the frequency for the advisory vote on our executive compensation; and

FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm.

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

What Vote Is Required to Approve Each Proposal?

Election of Directors

Each of the director nominees must receive affirmative votes from a plurality of the votes cast to be elected. This means that the nine nominees receiving the greatest number of votes will be elected as directors. For purposes of the election of directors, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote. Stockholders may not cumulate votes in the election of directors.

Approval of Increase in Number of Shares Authorized for Issuance Pursuant to the First Acceptance Corporation Employee Stock Purchase Plan

The amendment to the First Acceptance Corporation Employee Stock Purchase Plan will be ratified if the proposal receives the affirmative vote of a majority of the votes cast on the matter. With respect to this proposal, a properly executed proxy marked "ABSTAIN" will have the same effect as a vote against the proposal. Broker non-votes will not affect this proposal.

Advisory Vote on Executive Compensation

The affirmative vote of a majority of the votes cast on the matter is required to approve, on an advisory basis, executive compensation. The Board will review the results of this matter and will take the results into account in

making future determinations concerning executive compensation. For purposes of the advisory vote on executive compensation, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote.

Frequency of the Advisory Vote on Executive Compensation

The affirmative vote of a majority of the votes cast on the matter is required for state law purposes to approve, on an advisory basis, the frequency of the advisory vote on executive compensation. If one of the voting options is not adopted by the required vote of the stockholders, the Board will evaluate the votes cast for each of the voting options and will deem the voting option receiving the greatest number of votes to be the voting option approved by the stockholders. The Board will review the results of this matter and will take the results into account in making future determinations concerning the frequency of the advisory vote on executive compensation. For purposes of the advisory vote on the frequency of advisory voting on executive compensation, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote.

Table of Contents

Ratification of Independent Registered Public Accounting Firm

The appointment of Ernst & Young LLP as our independent registered public accounting firm for 2017 will be ratified if the proposal receives the affirmative vote of a majority of the votes cast on the matter. Brokers have authority to vote **FOR** this proposal in the absence of contrary instructions from a beneficial owner. If this appointment is not ratified by stockholders, the Audit Committee and the Board may reconsider its recommendation and appointment, respectively. With respect to this proposal, abstentions and broker non-votes will not be counted as votes and will have no effect on the result of the vote.

Will My Shares Be Voted if I Do Not Sign and Return My Proxy Card?

If you are a registered stockholder and do not sign and return your proxy card, your shares will not be voted at the annual meeting. Under certain conditions, shares that you own that are held by a broker may be voted even if you do not provide voting instructions to the broker. Brokerage firms have the authority under applicable rules to vote on certain routine matters, including the ratification of auditors.

What Is a Broker Non-vote?

Under current New York Stock Exchange rules, brokers and nominees may exercise their voting discretion without receiving instructions from the beneficial owner of the shares on proposals that are deemed to be routine matters. If a proposal is not a routine matter, the broker or nominee may not vote the shares with respect to the proposal without receiving instructions from the beneficial owner of the shares. If a broker turns in a proxy card expressly stating that the broker is not voting on a non-routine matter, such action is referred to as a broker non-vote. Under current New York Stock Exchange rules, the proposal relating to the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm is deemed to be a routine matter with respect to which brokers and nominees may exercise their voting discretion without receiving instructions from the beneficial owner of the shares. The proposals relating to the election of directors, increase in the number of shares authorized for issuance pursuant to the First Acceptance Corporation Employee Stock Purchase Plan, approval, on an advisory basis, of executive compensation, and approval, on an advisory basis, of the frequency of the advisory vote on executive compensation are deemed to be non-routine matters, and brokers and nominees may not exercise their discretion to vote on that proposal without receiving instructions from the beneficial owner of the shares.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines that outline the composition, operations and responsibilities of the Board of Directors. The Nominating and Corporate Governance Committee has authority to review considerations relating to Board size and membership criteria and, with input from the Chairman and the other directors, is responsible for reviewing the skills and characteristics required of directors by legal, regulatory and business requirements applicable to our business. We do not have a formal policy with respect to the consideration of diversity in identifying nominees to serve as a director, but the Nominating and Corporate Governance Committee seeks to nominate persons with a diversity of experience and perspective who will contribute knowledge, experience and skills to the Board of Directors in areas that are important to the Company.

Our bylaws provide maximum flexibility to the Board of Directors in choosing a Chairman of the Board and a Chief Executive Officer. The bylaws provide that such offices may be held by different people or the same person, as determined by the Board. This flexibility allows the Board to determine whether it is in the best interest of the Company and our stockholders to combine the roles of Chief Executive Officer and Chairman of the Board in the same person. We currently have a non-employee director serving as our Chairman of the Board and the Board of Directors believes that the separation of the roles of Chairman of the Board and Chief Executive Officer enhances the Board's oversight of the Company and our management, results in a greater role for the Board of Directors in setting the Board's agenda and establishing Board priorities and procedures, and improves the ability of the Board to carry out its roles and responsibilities on behalf of our stockholders.

The Corporate Governance Guidelines require that at least a majority of the members of the Board be independent, as defined by applicable law and the standards of the New York Stock Exchange. The Board has determined that each of Messrs. Bobbitt, Cash, Nichols, Olson and Shipp are independent within the meaning of the rules of the New York Stock Exchange as currently in effect. The Corporate Governance Guidelines also require that all of the members of the Audit, Compensation, and Nominating and Corporate Governance Committees of the Board be independent. A copy of our Corporate Governance Guidelines may be found on the corporate governance page of our website at www.acceptance.com, and we will send a written copy of our Corporate Governance Guidelines to any stockholder who requests a copy by delivering written notice to Investor Relations, First Acceptance Corporation, 3813 Green Hills Village Drive, Nashville, Tennessee 37215.

Stockholders and all other interested parties may send communications to the Chairman of the Board at 3813 Green Hills Village Drive, Nashville, Tennessee 37215.

The Board's Role in Risk Oversight

The Board, as a whole and also through its standing committees, has an active role in overseeing management of the Company's risks. The Board and its committees review material operational, financial, compensation and compliance risks with our senior management. The Compensation Committee is responsible for overseeing the management of risks related to our compensation arrangements. The Audit Committee oversees management of financial risks, as well as our policies with respect to risk assessment and risk management. The Nominating and Corporate Governance Committee oversees our corporate compliance programs and manages risks associated with the independence of our directors. Members of our management report directly to the Board or the appropriate committee. The directors then use this information to understand, identify, manage and attempt to mitigate risks.

Table of Contents

Code of Business Conduct and Ethics

The Board has adopted a Code of Business Conduct and Ethics that outlines the principles, policies and laws that govern our activities and establishes guidelines for professional conduct in the workplace. The Code of Business Conduct and Ethics includes provisions relating to ethical conduct, conflicts of interest, compliance with law and internal reporting of violations of the code. The Code of Business Conduct and Ethics applies to directors as well as executive officers and other employees. Every employee is required to read and certify that he or she has read and understands, and will comply with, the Code of Business Conduct and Ethics. A copy of our Code of Business Conduct and Ethics may be found on the corporate governance page of our website at www.acceptance.com, and we will send a written copy of our Code of Business Conduct and Ethics to any stockholder who requests a copy by delivering written notice to Investor Relations, First Acceptance Corporation, 3813 Green Hills Village Drive, Nashville, Tennessee 37215. We intend to disclose amendments to or waivers from the Code of Business Conduct and Ethics for the benefit of our executive officers or directors, if any, on our web site at www.acceptance.com.

Executive Board Sessions

The current practice of our Board of Directors is to hold an executive session of its non-management directors at least once per quarter. These meetings are presided by our Chairman, Jeremy B. Ford.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is composed of three directors who are independent directors as defined under the applicable rules of the Securities and Exchange Commission and the New York Stock Exchange. The Audit Committee operates under a written charter adopted by the full Board of Directors. The Audit Committee's responsibilities include oversight of our independent registered public accounting firm and internal audit function, as well as oversight of our financial reporting process on behalf of the full Board of Directors. Management has the primary responsibility for the financial statements and the reporting process. Our independent registered public accounting firm is responsible for expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles.

In this context, for 2016, the Audit Committee reviewed and discussed the audited financial statements with management and the independent registered public accounting firm. Management represented to the Audit Committee that our consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee reviewed a report on the effectiveness of our internal control over financial reporting and Management's Annual Report on Internal Control Over Financial Reporting and Ernst & Young LLP's Report of Independent Registered Public Accounting Firm, which are included in our Annual Report on Form 10-K for the year ended December 31, 2016.

The Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed under Public Company Accounting Oversight Board (PCAOB) Auditing Standard No. 16, *Communications with Audit Committees* (AS 16). The Audit Committee has received the written disclosures and the letter from the independent accountant required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with the independent accountant the independent accountant's independence. The Audit Committee has considered whether the independent registered public accounting firm's provision of non-audit services to the Company is compatible with maintaining the registered public accounting firm's independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the full Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2016, which was filed with the SEC.

Cash, Nichols and Olson, recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Compensation Discussion and Analysis

Overview of Compensation Process. The Compensation Committee of our Board of Directors is responsible for establishing the compensation arrangements for our employees, including our executive officers, and reviewing and making recommendations to the full Board of Directors regarding non-employee director compensation. The Compensation Committee is also responsible for the administration of our stock incentive plans and other compensation plans in which our employees participate. It is the responsibility of the Compensation Committee to determine whether, in its judgment, our executive compensation policies are reasonable and appropriate, meet the stated objectives of those policies and effectively serve our best interests and the best interests of our stockholders. Each member of the Compensation Committee is an independent director as defined under the applicable rules of the New York Stock Exchange and our Corporate Governance Guidelines, a non-employee director as defined in Rule 16b-3 of the rules promulgated under the Securities Exchange Act of 1934, and an outside director for the purposes of the Internal Revenue Code of 1986, in each case as determined by our Board of Directors.

The Compensation Committee reviews our compensation policies on an annual basis and the compensation of individual executives is reviewed annually in light of the compensation policies for that year. In setting and reviewing executive compensation, in addition to corporate performance, the Compensation Committee believes it is appropriate to consider the level of experience and responsibilities of each executive, as well as the personal contributions a particular individual may make to the corporate enterprise. No relative weight is assigned to quantitative or qualitative factors considered by the Compensation Committee in reaching its decisions. The Compensation Committee utilized the services of an independent compensation consultant to benchmark comparable companies in determining the compensation of its executive officers during 2015. The Committee chose not to update this analysis during 2016.

Benchmarking Compensation. During 2015, the Compensation Committee consulted with an independent compensation consultant to assess the competitiveness and effectiveness of our executive compensation program. Among other things, the compensation consultant provided an analysis of base salary, short term bonus and long term equity incentive compensation comparable to other similarly situated companies.

In performing this analysis, the compensation consultant used a peer group of similarly situated public insurance institutions. The peer group consists of mostly small publicly traded property and casualty companies. Some of the companies used in the peer group are larger than the Company but still provide relevant information and a reliable frame of reference for benchmarking of the Company's executive compensation. The peer group used in the report presented for consideration consisted of the following insurance companies:

Affirmative Insurance Holdings Inc.
Atlantic American Corp.
Donegal Group Inc.
Federated National Holding Company
HCI Group Inc.
Independence Holding Co.
United Insurance Holdings Corp.

Amerisafe, Inc.
Baldwin & Lyons Inc.
EMC Insurance Group Inc.
Hallmark Financial Services Inc.
Heritage Insurance Holdings, Inc.
National Interstate Corporation
Universal Insurance Holdings Inc.

Role of Executive Officers in Compensation Decisions. The Compensation Committee makes all decisions regarding the compensation of our executive officers. The Compensation Committee annually evaluates the performance of our executive officers, and our president and chief executive officer provides the Compensation Committee with an assessment of the performance of our executive officers other than himself. Decisions regarding the compensation of employees other than our executive officers are made by our president and chief executive officer in consultation with other members of management. The president and chief executive officer does not play any role with respect to any matter impacting his own compensation.

What Is Our Philosophy of Executive Officer Compensation?

The Compensation Committee believes that the primary objectives of our executive compensation policies should be:

To attract and retain talented executives by providing compensation that is, overall, competitive with the compensation provided to executives at companies of comparable position in our industry, while maintaining compensation within levels that are consistent with our annual budget, financial objectives and operating performance;

To provide appropriate incentives for executives to work toward the achievement of our annual financial performance and business goals; and

To align the interests of executives with those of our stockholders and the long-term interests of the Company by providing long-term incentive compensation in the form of stock options, restricted common stock, restricted stock units or other equity-based long-term incentive compensation.

The Compensation Committee is committed to a strong link between our financial and strategic objectives and our compensation and benefit practices. It is the Committee's objective to have a substantial portion of each executive officer's compensation contingent upon our performance, as well as upon his or her individual performance. Accordingly, the Compensation Committee's compensation philosophy for an executive officer emphasizes an overall analysis of the executive's performance for the prior year, his or her projected role and responsibilities, required impact on execution of our strategy, total cash and equity compensation internally, and other factors the Compensation Committee deems appropriate.

Elements of 2016 Executive Compensation. Overall, our executive compensation program is designed to be consistent with the objectives and principles set forth above. For 2016, the principal components of compensation for our executive officers were:

Base Salary. We provide executive officers with base salaries to compensate them for services provided during the year. The Compensation Committee generally reviews the base salaries of our executive officers on an annual basis. In determining whether an increase in base compensation for the executive officers is appropriate, the Compensation Committee considers the performance of the Company and the executive officer during the prior year, the executive officers' level of base salary relative to other executive officers of the Company, and the recommendations of the president and chief executive officer. Based upon these factors, the Compensation Committee approved base salaries for our named executive officers for 2016 and 2015 as follows.

Name	2016 Base Salary (\$)	2015 Base Salary (\$)
Kenneth D. Russell (1)		
Joseph S. Borbely	430,000	400,000
Brent J. Gay	290,000	260,000

- (1) Mr. Russell, who also serves in various capacities for affiliates of Gerald J, Ford, our principal shareholder, was named Interim President and Chief Executive Officer on October 19, 2016. During 2016, \$91,109 was accrued by the Company as compensation for him serving in this capacity, however, no payments have been made to him as of the date hereof.

Annual Incentive Compensation. The Compensation Committee believes that annual incentive compensation should be utilized to motivate the participants to achieve certain corporate and business objectives and operating results and reward them when these elements are satisfied. On March 15, 2016, the Compensation Committee

Table of Contents

adopted the 2016 Senior Management Bonus Program, which was consistent with the previously stated objectives of the annual incentive component of executive compensation. For non-senior executive officers and key employees, their respective bonus potential was their individual target bonus times multipliers relating to the Company achieving its pre-tax income projections for 2016 (adjusted for specified non-recurring items) and the particular participant attaining specific management business objectives as set forth for that individual. The calculated payout is a baseline, and the final payout would be determined at the discretion of the president and chief executive officer. For senior executive officers, their respective bonus potential was a percentage of their individual target bonus times a multiplier relating to the Company achieving its pre-tax income projections for 2016. Any annual incentive payout amounts greater than 100% of potential were eligible for payment in the form of equity grants. All cash bonus payments and equity award grants to senior executive officers are subject to prior approval of the Compensation Committee. Based upon the Company's adjusted pre-tax income attained, no annual incentive payments were earned under the 2016 Senior Management Bonus Program.

Equity Awards. Equity awards, including stock options, restricted common stock and restricted stock units, are the principal vehicle for payment of long-term compensation for our executive officers. The Compensation Committee believes stock-based incentive compensation should be structured so as to closely align the interests of the executive officers with the interests of our stockholders. All equity awards are granted pursuant to incentive plans approved by our stockholders. The Compensation Committee determines the equity award grants to the executive officers and takes into account the recommendations of the president and chief executive officer prior to approving awards of stock-based incentive compensation. Equity awards are granted in part to reward the senior executives for their long-term strategic management of the Company, and to motivate the executives to improve stockholder value. The Compensation Committee may also grant an award to an executive officer upon the commencement of his or her employment with the Company or upon a change in his or her duties or responsibilities with the Company. The Compensation Committee did not approve any stock awards to our executive officers for 2016. The stock awards issued in 2016 and included in the table on page 21 were related to 2015 performance.

401(k) Plan. The Company maintains a 401(k) plan that provides for a matching contribution by the Company of 100% of the participant's voluntary salary contributions of the first 3% of the participant's salary contributed by the participant, plus 50% of the next 2% of salary, up to the maximum voluntary salary contribution established by the U.S. Department of Labor.

Elements of 2017 Executive Compensation Plan.

Base Salary. On March 10, 2017, consistent with the prior stated objectives of the base salary component of executive compensation, for 2017, the Compensation Committee determined to not change the base salary of Mr. Gay as Chief Financial Officer. At a future date, the Committee, however, will evaluate and formulate the compensation to be payable to Mr. Russell for his services as Chief Executive Officer.

Cash Bonus and Equity Awards. On March 10, 2017, the Compensation Committee adopted the 2017 Senior Management Bonus Program, which is consistent with the 2016 Senior Management Bonus Program. All cash bonus payments and equity award grants to senior executive officers are subject to prior approval of the Compensation Committee.

The following target bonus percentages will be followed for our named executive officers:

Name

Title

		Target Cash Bonus % of Base Salary
Kenneth D. Russell	Interim President and Chief Executive Officer	75%
Brent J. Gay	Senior Vice President and Chief Financial Officer	60%

Perquisites and Other Benefits. The Company does not generally provide material perquisites that are not, in the Compensation Committee's view, integrally and directly related to the executive officers' duties. Our executive officers participate in broad-based benefit programs that are generally available to our salaried employees, including health, dental, disability and life insurance programs.

Tax and Accounting Matters. Section 162(m) of the Internal Revenue Code of 1986, enacted as part of the Omnibus Budget Reconciliation Act of 1993, generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to the chief executive officer and the three other most highly compensated executive officers, other than the chief financial officer. Under Internal Revenue Service regulations, qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. The Compensation Committee expects to continue to monitor the application of Section 162(m) to executive compensation and will take appropriate action if it is warranted in the future. We operate our compensation programs with the intention of complying with Section 409A of the Internal Revenue Code of 1986.

Compensation Risk Assessment

The Compensation Committee has reviewed our compensation plans and policies to determine whether they encourage excessive or inappropriate risk-taking by our employees, including our named executive officers. This assessment included a review of our business and the design of our incentive plans and policies. Our compensation arrangements include base salaries at levels that the Compensation Committee believes provides employees with a steady income so that they are not encouraged to focus on short-term performance criteria to the detriment of other important Company measures. The performance measures used in our incentive-based compensation arrangements are based primarily upon Company measures, which we believe encourages executives and other employees to focus on overall corporate performance rather than individual performance or the performance of a specific part of our business, provide for payments based upon multiple levels of performance, and are capped at a specified percentage of annual salary. Based upon its review, the Compensation Committee has determined that our compensation plans and policies, taken as a whole, are not reasonably likely to have a material adverse effect on the Company.

Compensation Committee Interlocks and Insider Participation

During 2016, the Compensation Committee of the Board of Directors was composed of Harvey B. Cash, Tom C. Nichols and Lyndon L. Olson, Jr. None of these persons has at any time been an officer or employee of the Company or any of its subsidiaries. In addition, there are no relationships among our executive officers, members of the Compensation Committee or entities whose executives serve on the Board of Directors or the Compensation Committee that require disclosure under applicable SEC regulations.

Table of Contents**PROPOSAL 2 APPROVAL OF THE AMENDMENT TO THE FIRST ACCEPTANCE CORPORATION
EMPLOYEE STOCK PURCHASE PLAN**

The Company believes that broad-based ownership of equity interests in the Company by its employees provides a substantial motivation for superior performance by more closely aligning the economic interests of those employees with the overall performance of the Company and the interests of the stockholders of the Company. In order to encourage ownership of the Company's common stock by its employees, the Board of Directors and stockholders of the Company previously approved the First Acceptance Corporation Employee Stock Purchase Plan, as amended, which we will refer to as the plan. Subject to stockholder approval, effective December 31, 2016, the Company amended the plan to increase the number of shares of common stock authorized for issuance under the plan from 400,000 to 600,000, to accommodate the total of 405,250 shares of common stock issued pursuant to the plan and to allow for future shares to be issued. The Board of Directors has reviewed the plan and determined that, in order to encourage continued participation in the plan by the Company's employees, the shareholders should approve this amendment.

Summary of the Material Provisions of the Plan, as Amended

The following summary of the material provisions of the plan is qualified in its entirety by reference to the text of the plan, as amended, which is attached to this proxy statement as Appendix A.

Participation; Awards under the Plan. Pursuant to the plan, each employee of the Company or a subsidiary of the Company (including executive officers of the Company) having at least six (6) months of continuous service prior to January 1 or July 1 of each year (each a Commencement Date), except for employees whose customary employment is 20 hours per week or less or whose customary employment is not for more than five months in any calendar year, is eligible to participate in the plan. Holders of 5% or more of the outstanding shares of common stock are not eligible to participate in the plan. The Company and its subsidiaries currently have approximately 1,050 employees who are eligible to participate in the plan.

Eligible employees may elect to deduct from their compensation an after-tax amount of not less than \$25.00 per bi-weekly payroll period (or \$25.00 per semi-monthly payroll period) and not more than 15% of their base pay on the Commencement Date for each six-month option period starting on each such Commencement Date (each such six-month period is referred to in the plan as an Option Period). The dollar amount deducted is credited to the participant's Contribution Account (as defined in the plan). In addition, a participant who has neither discontinued nor withdrawn his or her contributions during each Option Period is permitted to make one lump sum contribution during each Option Period (except during the last 30 days of the Option Period), as long as the aggregate amount of contributions does not exceed 15% of the participant's base pay on the Commencement Date (expressed as base pay for the applicable payroll period) multiplied by the number of payroll periods during that Option Period.

On the Grant Date (the first trading date of each Option Period), each participant in the plan shall be deemed to receive an option to purchase shares of common stock in accordance with the terms of the plan. On the Exercise Date (the last trading day of each Option Period), the amount deducted from each participant's salary and any additional amounts contributed on a lump-sum basis over the course of the period will be used to purchase shares of common stock at a purchase price (the Exercise Price) equal to the lesser of (a) 100% of the Closing Market Price (as defined in the plan) of the shares of common stock on the Exercise Date and (b) 100% of the Closing Market Price of the shares of common stock on the Grant Date. On an Exercise Date, all options shall be automatically exercised, except for options which are cancelled when a participant withdraws the balance of his or her Contribution Amount or which are otherwise terminated under the provisions of the plan (such as upon the termination of a participant's employment for

any reason except death, disability, or retirement at or after age 65).

Participants' rights under the plan are subject to the following limitations: (i) subject to certain adjustments, the maximum number of shares of common stock which may be purchased by a participant on an Exercise Date is 3,000 shares; (ii) no participant is allowed to purchase, during a calendar year, stock under the plan having a market value in excess of \$25,000, as determined on the Grant Date; (iii) no option may be granted to a participant who would own 5% or more of the common stock of the Company immediately after the option is granted and (iv) no participant may assign, transfer or otherwise alienate any rights under the plan or any options granted to him or her thereunder, except by will or the laws of descent and distribution, and such options must be exercised during the participant's lifetime only by him or her.

Table of Contents

Upon termination of a participant's employment, the employee shall cease being a participant under the plan, and the balance of the employee's Contribution Account shall be paid to the participant as soon as practical after termination. An option granted to such a participant shall be null and void from the date of termination. Upon the death, retirement or disability of a participant, the participant or his or her legal representative may withdraw the balance in his or her Contribution Account or may use the accumulated balance to purchase stock under the plan. Any remaining money that is insufficient to purchase a whole share is returned to such participant or his or her legal representative. Nothing in the plan is to be construed so as to give an employee the right to be retained in the service of the Company.

Administration. The plan is administered by a Plan Administrator, which Plan Administrator is currently the Compensation Committee of the Board of Directors. The Plan Administrator does not, however, have the discretion to deny the right to participate in the plan to any employee who meets the eligibility criteria.

Adjustments. In the case of a stock split, stock dividend, reclassification, recapitalization, merger, reorganization or other change in the Company's structure affecting the common stock, appropriate adjustments will be made by the Plan Administrator in the number of shares reserved for issuance under the plan and calculation of the Exercise Price.

Amendment. The Board of Directors of the Company has the right to amend or terminate the plan at any time, but cannot make an amendment to increase the number of shares reserved under the plan (except pursuant to certain changes in the capital structure of the Company) without the approval of the Company's stockholders. If the plan is terminated, all options outstanding at the time of termination shall become null and void, and the balance in each participant's Contribution Account shall be paid to that participant.

Certain U.S. Federal Income Tax Consequences

The following is a brief summary of the Federal income tax aspects of awards made under the plan based upon the Federal income tax laws in effect on the date hereof. This summary is not intended to be exhaustive and does not describe state or local tax consequences.

A holder will not recognize income for Federal tax purposes when shares are purchased. Income may be recognized when a holder disposes of his or her stock. If shares of stock are disposed of before a statutory holding period is met, ordinary income is recognized in an amount equal to the difference between the price paid for the shares and the market value of the shares on the date such shares were purchased. If shares are disposed of after meeting the holding period requirement, the holder receives ordinary taxable income in the calendar year of disposition equal to the excess of the fair market value of such shares of common stock on the day of disposition over the price paid for such shares. In either case, (i) if a holder's disposition is by gift, such holder will have no further income tax consequences and (ii) in the case of a sale of such shares, the difference between the net proceeds on the date of the disposition and the holder's tax basis in such shares (including ordinary income recognized in the disposition) will be taxable as capital gain or loss.

If an employee leaves contributions in the plan to purchase common stock after he or she retires, the tax consequences depend on whether the termination date is within three months of the Exercise Date. If the termination is not more than three months prior to the Exercise Date, the tax consequences are described above. However, if the termination date is more than three months prior to the Exercise Date, the holder is treated as exercising a non-qualified option and is taxed on the Exercise Date on the excess of market value of the stock on that date over the price paid.

PROPOSAL 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A(a)(1) of the Securities Exchange Act of 1934, we are asking stockholders to cast an advisory vote on the compensation of our named executive officers disclosed in the Executive Compensation section of this Proxy Statement. While this vote is a non-binding advisory vote, we value the opinions of stockholders and will consider the outcome of the vote when making future compensation decisions.

As described in detail under the heading Compensation Discussion and Analysis, our compensation programs are designed to align a significant portion of each named executive officer's total compensation with the annual and long-term performance of the Company and the interests of our stockholders. Stockholders are urged to read the Compensation Discussion and Analysis, compensation tables and narrative discussion in this Proxy Statement, which discuss in detail how our compensation policies and procedures implement our compensation philosophy.

This annual vote on this matter is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the policies and practices described in this Proxy Statement. The vote is advisory and, therefore, not binding on the Company, the Board of Directors or the Compensation Committee of the Board of Directors.

We are asking our stockholders to indicate their support for this Proposal 3 and the compensation paid to our named executive officers as disclosed commencing on page 16 of this Proxy Statement by voting **FOR**, on an advisory basis, the following resolution:

NOW, THEREFORE, BE IT RESOLVED, that the stockholders approve, on an advisory basis, the compensation paid to the named executive officers of the Company, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and the narrative discussion related thereto.

The Board of Directors recommends that you vote FOR the compensation of our named executive officers.

Table of Contents

**PROPOSAL 4 ADVISORY VOTE ON THE FREQUENCY OF STOCKHOLDER ADVISORY VOTES ON
EXECUTIVE COMPENSATION**

Pursuant to Section 14A(a)(1) of the Securities Exchange Act of 1934, we are asking stockholders to recommend, on an advisory basis, whether the advisory stockholder vote on the compensation of our named executive officers should occur every one, two or three years. While this vote is a non-binding advisory vote, we value the opinions of stockholders and will consider the outcome of the vote when considering the frequency of future advisory votes on executive compensation.

Our Board of Directors has determined that an annual advisory vote on executive compensation will allow our stockholders to provide timely, direct input on our executive compensation philosophy, policies and practices as disclosed in the proxy statement each year. Our Board of Director believes that an annual vote is, therefore, consistent with our efforts to engage in an ongoing dialogue with our stockholders on executive compensation and corporate governance matters.

We understand that our stockholders may have differing views as to which interval is the most appropriate for us to seek a non-binding advisory vote on executive compensation. Stockholders may cast their vote on the preferred voting frequency with respect to a non-binding advisory vote on executive compensation by choosing either one year, two years, three years or by abstaining from voting in response to the following resolution regarding the frequency of seeking non-binding advisory votes on executive compensation:

FURTHER RESOLVED, that the option of once every year, two years or three years that receives a majority of the votes cast, or if a majority of the votes cast is not cast for any option, then the option that receives the greatest number of votes cast, for this resolution will determine the preferred frequency with which the Company is to hold a stockholder vote to approve, on a non-binding advisory basis, the compensation of our named executive officers as such compensation is disclosed in our annual meeting proxy statements in accordance with the rules and regulations of the SEC.

The vote is advisory and, therefore, not binding on the Company, the Board of Directors or the Compensation Committee of the Board of Directors.

The proxy card and other voting procedures provide stockholders with the opportunity to choose among four options (holding the vote every year, every two years or every three years, or abstaining) and, therefore, stockholders will not be voting to approve or disapprove the recommendation of the Board of Directors.

The Board of Directors recommends that you vote FOR the option of once every year as the preferred frequency of votes on executive compensation.

5.1 Employee Contributions. The enrollment form signed by each Participant shall authorize the Employer to deduct from the Participant's compensation an after-tax amount during each payroll period not less than one percent (1%) nor more than an amount which is fifteen percent (15%) of the Participant's base pay on the Commencement Date. A Participant's base pay shall be determined before subtracting any elective deferrals to a qualified plan under Section 401(k) of the Code, salary reduction contributions to a cafeteria plan under Section 125 of the Code or elective deferrals to a nonqualified deferred compensation plan. The dollar amount deducted each payday shall be credited to the Participant's Contribution Account. Participant contributions will not be permitted to commence at any time during the Option Period other than on the Commencement Date. Unless otherwise determined by the Plan Administrator with respect to an Option Period, no interest will accrue on any contributions or on the balance in a Participant's Contribution Account.

5.2 Modification of Contribution Rate. No change shall be permitted in a Participant's amount of withholding except upon a Commencement Date, and then only if the Participant files a new enrollment form with the Employer at least fifteen (15) days in advance of the Commencement Date designating the desired withholding rate. Notwithstanding the foregoing, a Participant may notify the Employer at any time (except during the periods from June 21 through June 30 and December 22 through December 31) that he wishes to discontinue his contributions. This notice shall be in writing and on such forms as provided by the Employer and shall become effective as of a date provided on the form not more than fifteen (15) days following its receipt by the Employer. The Participant shall become eligible to recommence contributions on the next Commencement Date.

5.3 Withdrawal of Contributions. A Participant may elect to withdraw the balance of his Contribution Account at any time during the Option Period prior to the Exercise Date (except during the periods from June 21 through June 30 and December 22 through December 31). The option granted to a Participant shall be canceled upon his withdrawal of the balance in his Contribution Account. This election to withdraw must be in writing on such forms as may be provided by the Employer. If contributions are withdrawn in this manner, further contributions during that Option Period will be discontinued in the same manner as provided in Section 5.2, and the Participant shall become eligible to recommence contributions on the next Commencement Date.

5.4 Limitations on Contributions. During each Option Period, the total contributions by a Participant to his Contribution Account shall not exceed fifteen percent (15%) of the Participant's base pay for the Option Period. If a Participant's total contributions should exceed this limit, the excess shall be returned to the Participant after the end of the Option Period, without interest.

Article VI

ISSUANCE AND EXERCISE OF OPTIONS

6.1 Reserved Shares of Stock. The Company shall reserve six hundred thousand (600,000) shares of Stock for issuance upon exercise of the options granted under this Plan.

6.2 Issuance of Options. On the Grant Date, each Participant shall be deemed to receive an option to purchase Stock with the number of shares and Exercise Price determined as provided in this Article VI, subject to the maximum limits specified in Section 6.6(a). All such options shall be automatically exercised on the following Exercise Date, except for options which are canceled when a Participant withdraws the balance of his Contribution Account or which are otherwise terminated under the provisions of this Plan.

6.3 Determination of Exercise Price. The Exercise Price of the options granted under this Plan for any Option Period shall be the lesser of:

- (i) one hundred percent (100%) of the Closing Market Price of the Stock on the Exercise Date; or
- (ii) one hundred percent (100%) of the Closing Market Price of the Stock on the Grant Date.

6.4 Purchase of Stock. On an Exercise Date, all options shall be automatically exercised, except that the options of a Participant who has terminated employment pursuant to Section 7.1 or who has withdrawn all his contributions shall expire. The Contribution Account of each Participant shall be used to purchase the maximum number of shares of Stock, determined up to three decimal places, determined by dividing the Exercise Price into the balance of the Participant's Contribution Account.

6.5 Terms of Options. Options granted under this Plan shall be subject to such amendment or modification as the Employer shall deem necessary to comply with any applicable law or regulation, including but not limited to Section 423 of the Code, and shall contain such other provisions as the Employer shall from time to time approve and deem necessary; provided, however, that any such provisions shall comply with Section 423 of the Code.

6.6 Limitations on Options. The options granted hereunder are subject to the following limitations:

- (a) The maximum number of shares of Stock which may be purchased by any Participant on an Exercise Date shall be three thousand (3,000) shares. This maximum number of shares shall be adjusted upon the occurrence of an event

described in Section 10.3.

(b) No Participant shall be permitted to accrue the right to purchase during any calendar year Stock under this Plan (or any other Plan of the Employer or a Subsidiary which is qualified under Section 423 of the Code) having a market value of greater than twenty-five thousand dollars (\$25,000.00) (as determined on the Grant Date for the Option Period during which each such share of Stock is purchased) as provided in Section 423(b)(8) of the Code.

(c) No option may be granted to a Participant if the Participant immediately after the option is granted would be a Five-Percent Shareholder.

(d) No Participant may assign, transfer or otherwise alienate any options granted to him under this Plan, otherwise than by will or the laws of descent and distribution, and such options must be exercised during the Participant's lifetime only by him.

6.7 Pro-Rata Reduction of Optioned Stock. If the total number of shares of Stock to be purchased under option by all Participants on an Exercise Date exceeds the number of shares of Stock remaining authorized for issuance under Section 6.1, a pro-rata allocation of the shares of Stock available for issuance will be made among Participants in proportion to their respective Contribution Account balances on the Exercise Date, and any money remaining in the Contribution Accounts shall be returned to the Participants.

6.8 State Securities Laws. Notwithstanding anything to the contrary contained herein, the Company shall not be obligated to issue shares of Stock to any Participant if to do so would violate any State securities law applicable to the sale of Stock to such Participant. In the event that the Company refrains from issuing shares of Stock to any Participant in reliance on this Section, the Company shall return to such Participant the amount in such Participant's Contribution Account that would otherwise have been applied to the purchase of Stock.

Article VII

TERMINATION OF PARTICIPATION

7.1 Termination of Employment. Any Employee whose employment with the Employer is terminated during the Option Period prior to the Exercise Date for any reason except death, disability or retirement at or after age 65 shall cease being a Participant immediately. The balance of that Participant's Contribution Account shall be paid to such Participant as soon as practical after his termination. The option granted to such Participant shall be null and void.

7.2 Death. If a Participant should die while employed by the Employer, no further contributions on behalf of the deceased Participant shall be made. The legal representative of the deceased Participant may elect to withdraw the balance in said Participant's Contribution Account by notifying the Employer in writing prior to the Exercise Date in the Option Period during which the Participant died (except during the periods from June 21 through June 30 and December 22 through December 31). In the event no election to withdraw is made on or before the June 20 or December 21 preceding the Exercise Date, the balance accumulated in the deceased Participant's Contribution Account shall be used to purchase shares of Stock in accordance with Section 6.4.

7.3 Retirement. If a Participant should retire from the employment of the Employer at or after attaining age 65, no further contributions on behalf of the retired Participant shall be made. The Participant may elect to withdraw the balance in his Contribution Account by notifying the Employer in writing prior to the Exercise Date in the Option Period during which the Participant retired (except during the periods from June 21 through June 30 and December 22 through December 31). In the event no election to withdraw is made on or before the June 20 or December 21 preceding the Exercise Date, the balance accumulated in the retired Participant's Contribution Account shall be used to purchase shares of Stock in accordance with Section 6.4.

7.4 Disability. If a Participant should terminate employment with the Employer on account of disability, as determined by reference to the definition of "disability" in the Employer's long-term disability plan, no further contributions on behalf of the disabled Participant shall be made. The Participant may elect to withdraw the balance in his Contribution Account by notifying the Employer in writing prior to the Exercise Date in the Option Period during

which the Participant became disabled (except during the periods from June 21 through June 30 and December 22 through December 31). In the event no election to withdraw is made on or before the June 20 or December 21 preceding the Exercise Date, the balance accumulated in the disabled Participant's Contribution Account shall be used to purchase shares of Stock in accordance with Section 6.4.

OWNERSHIP OF STOCK

8.1 Stock Certificates. As soon as practical after the Exercise Date, the Plan Administrator will, in its sole discretion, either credit a share account maintained for the benefit of each Participant or issue certificates to each Participant for the number of shares of Stock purchased under the Plan by such Participant during an Option Period. Such determination by the Plan Administrator shall apply equally to all shares of Stock purchased during the Option Period. Certificates may be issued, at the request of a Participant, in the name of the Participant, jointly in the name of the Participant and a member of the Participant's family, to the Participant as custodian for the Participant's child under the Gift to Minors Act, or to the legal representative of a deceased Participant. No certificate shall be issued for fractional shares of Stock, and any such fractional share shall be converted into cash based upon the Closing Market Price on the date a certificate is issued to the Participant.

8.2 Premature Sale of Stock. If a Participant (or former Participant) sells or otherwise disposes of any shares of Stock obtained under this Plan:

- (i) prior to two (2) years after the Grant Date of the option under which such shares were obtained, or
- (ii) prior to one (1) year after the Exercise Date on which such shares were obtained,

that Participant (or former Participant) must notify the Employer immediately in writing concerning such disposition.

8.3 Restrictions on Sale. The Plan Administrator may, in its sole discretion, place restrictions on the sale or transfer of shares of Stock purchased under the Plan during any Option Period by notice to all Participants of the nature of such restrictions given in advance of the Commencement Date of such Option Period. The restrictions may prevent the sale, transfer or other disposition of any shares of Stock purchased during the Option Period for a period of up to two years from the Grant Date, subject to such exceptions as the Plan Administrator may determine (e.g., termination of employment with the Employer). If certificates are issued pursuant to Section 8.1 for shares that are restricted, the certificates shall contain an appropriate legend disclosing the nature and duration of the restriction. Any such restrictions and exceptions determined by the Plan Administrator shall be applicable equally to all shares of Stock purchased during the Option Period for which the restrictions are first applicable. In addition, such restrictions and exceptions shall remain applicable during subsequent Option Periods unless otherwise determined by the Plan Administrator. If the Plan Administrator should change or eliminate the restrictions for a subsequent Option Period, notice of such action shall be given to all Participants.

8.4 Transfer of Ownership. A Participant who purchases shares of Stock under this Plan shall be transferred at such time substantially all of the rights of ownership of such shares of Stock in accordance with the Treasury regulations promulgated under Section 423 of the Code as in effect on the Effective Date. Such rights of ownership shall include the right to vote, the right to receive declared dividends, the right to share in the assets of the Employer in the event of liquidation, the right to inspect the Employer's books and the right to pledge or sell such Stock subject to the restrictions in the Plan.

Article IX

ADMINISTRATION AND AMENDMENT

9.1 Administration. The Plan Administrator shall (i) administer the Plan, (ii) keep records of the Contribution Account balance of each Participant, (iii) keep records of the share account balance of each Participant, (iv) interpret the Plan, (v) determine all questions arising as to eligibility to participate, amount of contributions permitted, determination of the Exercise Price, and all other matters of administration, and (vi) determine whether to place restrictions on the sale and transfer of Stock and the nature of such restrictions, as provided in Section 8.3. The Plan Administrator shall have such duties, powers and discretionary authority as may be necessary to discharge the foregoing duties, and may delegate any or all of the foregoing duties to any individual or individuals (including

officers or other Employees who are Participants). The Board of Directors shall have the right at any time and without notice to remove or replace any individual or committee of individuals serving as Plan Administrator. All determinations by the Plan Administrator shall be conclusive and binding on all persons. Any rules, regulations, or procedures that may be necessary for the proper administration or functioning of this Plan that are not covered in this Plan document shall be promulgated and adopted by the Plan Administrator.

9.2 Amendment. The Board of Directors of the Employer may at any time amend the Plan in any respect, including termination of the Plan, without notice to Participants. If the Plan is terminated, all options outstanding at the time of termination shall become null and void and the balance in each Participant's Contribution Account shall be paid to that Participant. Notwithstanding the foregoing, no amendment of the Plan as described in Section 3.2 shall become effective until and unless such amendment is approved by the shareholders of the Company.

Article X

MISCELLANEOUS

10.1 Expenses. The expenses of administering the Plan shall be paid by the Participants except as determined by the Plan Administrator in its sole discretion.

10.2 No Contract of Employment. Nothing in this Plan shall be construed to constitute a contract of employment between an Employer and any Employee or to be an inducement for the employment of any Employee. Nothing contained in this Plan shall be deemed to give any Employee the right to be retained in the service of an Employer or to interfere with the right of an Employer to discharge any Employee at any time, with or without cause, regardless of the effect which such discharge may have upon him as a Participant of the Plan.

10.3 Adjustment Upon Changes in Stock. The aggregate number of shares of Stock reserved for purchase under the Plan as provided in Section 6.1, and the calculation of the Exercise Price as provided in Section 6.3, shall be adjusted by the Plan Administrator (subject to direction by the Board of Directors) in an equitable manner to reflect changes in the capitalization of the Company, including, but not limited to, such changes as result from merger, consolidation, reorganization, recapitalization, stock dividend, dividend in property other than cash, stock split, combination of shares, exchange of shares and change in corporate structure. If any adjustment under this Section 10.3 would create a fractional share of Stock or a right to acquire a fractional share of Stock, such fractional share shall be disregarded and the number of shares available under the Plan and the number of shares covered under any options granted pursuant to the Plan shall be the next lower number of shares, rounding all fractions downward.

10.4 Employer's Rights. The rights and powers of any Employer shall not be affected in any way by its participation in this Plan, including but not limited to the right or power of any Employer to make adjustments, reclassifications, reorganizations or changes of its capital or business structure or to merge or to consolidate or to dissolve, liquidate or sell, or transfer all or any part of its business or assets.

10.5 Limit on Liability. No liability whatever shall attach to or be incurred by any past, present or future shareholders, officers or directors, as such, of the Company or any Employer, under or by reason of any of the terms, conditions or agreements contained in this Plan or implied therefrom, and any and all liabilities of any and all rights and claims against the Company, an Employer, or any shareholder, officer or director as such, whether arising at common law or in equity or created by statute or constitution or otherwise, pertaining to this Plan, are hereby expressly waived and released by every Participant as a part of the consideration for any benefits under this Plan; provided, however, no waiver shall occur, solely by reason of this Section 10.5, of any right which is not susceptible to advance waiver under applicable law.

10.6 Gender and Number. For the purposes of the Plan, unless the contrary is clearly indicated, the use of the masculine gender shall include the feminine, and the singular number shall include the plural and vice versa.

10.7 Governing Law. The validity, construction, interpretation, administration and effect of this Plan, and any rules or regulations promulgated hereunder, including all rights or privileges of any Participants hereunder, shall be governed exclusively by and in accordance with the laws of the State of Delaware, except that the Plan shall be construed to the maximum extent possible to comply with Section 423 of the Code and the Treasury regulations promulgated thereunder.

10.8 Headings. Any headings or subheadings in this Plan are inserted for convenience of reference only and are to be ignored in the construction of any provisions hereof.

10.9 Severability. If any provision of this Plan is held by a court to be unenforceable or is deemed invalid for any reason, then such provision shall be deemed inapplicable and omitted, but all other provisions of this Plan shall be deemed valid and enforceable to the full extent possible under applicable law.
