Some of the information included or incorporated by reference in this prospectus and the applicable prospectus supplement contain and incorporate by reference forward-looking statements within the meaning of the federal securities laws, which involve risks and uncertainties. Forward-looking statements include statements regarding expected share-based compensation expense, expected capital expenditures and expected net claim payments and all other statements that do not relate solely to historical or current facts, and can be identified by the use of words like may, believe, will, expect, project, estimate, anticipate, plan, initiative or continue. These forward-looking statements are based on our current plans and expectations and are subject to a number of known and unknown uncertainties and risks, many of which are beyond our control, which could significantly affect current plans and expectations and our future financial position and results of operations. These factors include, but are not limited to, (1) the impact of our substantial indebtedness and the ability to refinance such indebtedness on acceptable terms, (2) the impact of the Patient Protection and Affordable Care Act, as amended by the Health Care and Education Reconciliation Act of 2010 (collectively, the Health Reform Law), including the effects of any repeal of, or changes to, the Health Reform Law or changes to its implementation, the possible enactment of additional federal or state health care reforms and possible changes to other federal, state or local laws or regulations affecting the health care industry, (3) the effects related to the continued implementation of the sequestration spending reductions required under the Budget Control Act of 2011, and related legislation extending these reductions, and the potential for future deficit reduction legislation that may alter these spending reductions, which include cuts to Medicare payments, or create additional spending reductions, (4) increases in the amount and risk of collectability of uninsured accounts and deductibles and copayment amounts for insured accounts, (5) the ability to achieve operating and financial targets, and attain expected levels of patient volumes and control the costs of providing services, (6) possible changes in Medicare, Medicaid and other state programs, including Medicaid supplemental payment programs or Medicaid waiver programs, that may impact reimbursements to health care providers and insurers and the size of the uninsured or underinsured population, (7) the highly competitive nature of the health care business, (8) changes in service mix, revenue mix and surgical volumes, including potential declines in the population covered under third party payer agreements, the ability to enter into and renew third-party payer provider agreements on acceptable terms and the impact of consumer-driven health plans and physician utilization trends and practices, (9) the efforts of health insurers, health care providers, large employer groups and others to contain health care costs, (10) the outcome of our continuing efforts to monitor, maintain and comply with appropriate laws, regulations, policies and procedures, (11) increases in wages and the ability to attract and retain qualified management and personnel, including affiliated physicians, nurses and medical and technical support personnel, (12) the availability and terms of capital to fund the expansion of our business and improvements to our existing facilities, (13) changes in accounting practices, (14) changes in general economic conditions nationally and regionally in our markets, (15) the emergence and effects related to infectious diseases, (16) future divestitures which may result in charges and possible impairments of long-lived assets, (17) changes in business strategy or development plans, (18) delays in receiving payments for services provided, (19) the outcome of pending and any future tax audits, disputes and litigation associated with our tax positions, (20) potential adverse impact of known and unknown government investigations, litigation and other claims that may be made against us, (21) the impact of potential cybersecurity incidents or security breaches, (22) our ongoing ability to demonstrate meaningful use of certified electronic health record (EHR) technology, (23) the impact of natural disasters, such as hurricanes and floods, or similar events beyond our control, (24) changes in interpretations, assumptions and expectations regarding the 2017 Tax Cuts and Jobs Act, including additional guidance that may be issued by federal and state taxing authorities or other standard setting bodies, and (25) other risk factors disclosed under Risk Factors and elsewhere in or incorporated by reference in this prospectus and the applicable prospectus supplement. As a consequence, current plans, anticipated actions and future financial position and results of operations may differ from those expressed in any forward-looking statements made by us or on our behalf. You are cautioned not to unduly rely on such forward-looking statements when evaluating the information presented in this prospectus and the applicable prospectus supplement, which forward-looking statements reflect management's views only as of the date of this

OUR COMPANY

We are the largest non-governmental hospital operator in the United States and a leading comprehensive, integrated provider of health care and related services. We provide these services through a network of acute care hospitals, outpatient facilities, clinics and other patient care delivery settings. As of June 30, 2018, we operated a diversified portfolio of 178 hospitals (with approximately 46,700 beds) and 122 freestanding surgery centers across 20 states throughout the United States and in England. As a result of our growth agenda, we have the first or second market share in many of our markets. Our portfolio consists of many large and growing urban markets with attractive demographic and economic profiles. We currently maintain a presence in 16 of the top 25 markets with the strongest Economic Health Index in the United States, based on the American City Business Journal's 2017 Economic Health Index, a ranking of the relative economic viability of the top 100 market statistical areas in the United States. We believe our ability to successfully position and grow our assets in attractive markets and execute our operating plan has contributed to the strength of our financial performance over the last several years. For the year ended December 31, 2017, we generated revenues of \$43.614 billion and net income attributable to HCA Healthcare, Inc. of \$2.216 billion. For the six months ended June 30, 2018, we generated revenues of \$22.952 billion and net income attributable to HCA Healthcare, Inc. of \$1.964 billion.

Our patient-first strategy is to provide high quality health care services in a cost-efficient manner. We intend to build upon our history of profitable growth by maintaining our dedication to quality care, increasing our presence in key markets through organic expansion and strategic acquisitions and joint ventures, leveraging our scale and infrastructure, and further developing our physician and employee relationships. We believe pursuing these core elements of our strategy helps us develop a faster-growing, more stable and more profitable business and increases our relevance to patients, physicians, payers and employers.

Using our scale, significant resources and 50 years of operating experience, we have developed a significant management and support infrastructure. Some of the key components of our support infrastructure include a revenue cycle management organization, a health care group purchasing organization (GPO), an information technology and services provider, a nurse staffing agency and a medical malpractice insurance underwriter. These shared services have helped us to maximize our cash collection efficiency, achieve savings in purchasing through our scale, more rapidly deploy information technology upgrades, more effectively manage our labor pool and achieve greater stability in malpractice insurance premiums. Collectively, these components have helped us to further enhance our operating effectiveness, cost efficiency and overall financial results. Our Parallon subsidiary group also offers certain of these component services to other health care organizations.

Since the founding of our business in 1968 as a single-facility hospital company, we have demonstrated an ability to consistently innovate and sustain growth during varying economic and regulatory climates. Under the leadership of an experienced senior management team, whose tenure at HCA averages approximately 22 years, we have established an extensive record of providing high quality care, profitably growing our business, making and integrating strategic acquisitions and efficiently and strategically allocating capital spending.

DESCRIPTION OF CAPITAL STOCK

The following is a description of the material terms of our Amended and Restated Certificate of Incorporation and Second Amended and Restated Bylaws as currently in effect. We also refer you to our Amended and Restated Certificate of Incorporation and Second Amended and Restated Bylaws, copies of which are filed as exhibits to the registration statement of which this prospectus forms a part.

Authorized Capital

As of July 31, 2018 our authorized capital stock consisted of 1,800,000,000 shares of common stock, par value \$.01 per share, of which 346,046,000 shares were issued and outstanding, and 200,000,000 shares of preferred stock, of which no shares were issued and outstanding. As of June 30, 2018, there were 49 holders of record of our common stock.

Common Stock

Voting Rights. Under the terms of the Amended and Restated Certificate of Incorporation, each holder of common stock is entitled to one vote for each share on all matters submitted to a vote of the stockholders, including the election of directors. Our stockholders do not have cumulative voting rights. Because of this, the holders of a majority of the shares of common stock entitled to vote and present in person or by proxy at any annual meeting of stockholders are able to elect all of the directors standing for election, if they should so choose.

Dividends. Subject to preferences that may be applicable to any then outstanding preferred stock, holders of common stock are entitled to receive ratably those dividends, if any, as may be declared from time to time by the Board of Directors out of legally available assets or funds.

Liquidation. In the event of our liquidation, dissolution, or winding up, holders of common stock are entitled to share ratably in the net assets legally available for distribution to stockholders after the payment of all of our debts and other liabilities and the satisfaction of any liquidation preference granted to the holders of any outstanding shares of preferred stock.

Rights and Preferences. Holders of common stock have no preemptive or conversion rights, and there are no redemption or sinking fund provisions applicable to the common stock. The rights, preferences, and privileges of the holders of common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of preferred stock, which we may designate in the future.

Preferred Stock

The Amended and Restated Certificate of Incorporation authorizes our Board of Directors, without further action by the stockholders, to issue up to 200,000,000 shares of preferred stock, par value \$.01 per share, in one or more classes or series, to establish from time to time the number of shares to be included in each such class or series, to fix the rights, powers and preferences of the shares of each such class or series and any qualifications, limitations, or restrictions thereon.

Board of Directors

The Amended and Restated Certificate of Incorporation provides for a Board of Directors of not less than three members, the exact number to be determined from time to time by resolution adopted by the affirmative vote of a

majority of the total number of directors then in office. The Amended and Restated Certificate of Incorporation provides that directors will be elected to hold office for a term expiring at the next annual meeting of stockholders and until a successor is duly elected and qualified or until his or her earlier death, resignation,

disqualification or removal. In uncontested director elections each director is elected by the vote of the majority of the votes cast. An incumbent nominee not receiving a majority of the votes cast in an uncontested election shall continue to serve until (i) the director's successor is elected and qualifies or (ii) the Board of Directors accepts the director's resignation. Newly created directorships and vacancies may be filled, so long as there is at least one remaining director, only by the Board of Directors.

Amendment to Bylaws

The Amended and Restated Certificate of Incorporation and Second Amended and Restated Bylaws provide that the Board of Directors is expressly authorized to make, alter, amend, change, add to or repeal the Bylaws of the Company by the affirmative vote of a majority of the total number of directors then in office. Any amendment, alteration, change, addition or repeal of the Bylaws of the Company by the stockholders of the Company shall require the affirmative vote of the holders of at least seventy-five percent (75%) of the outstanding shares of the Company, voting together as a class, entitled to vote on such amendment, alteration, change, addition or repeal.

Special Meetings of Stockholders

The Amended and Restated Certificate of Incorporation provides that special meetings of stockholders of the Company may be called only by either the Board of Directors, pursuant to a resolution adopted by the affirmative vote of the majority of the total number of directors then in office, or by the Chairman of the Board or the Chief Executive Officer of the Company.

Action on Written Consent

Pursuant to the Amended and Restated Certificate of Incorporation and Second Amended and Restated Bylaws, any action required or permitted to be taken at an annual or special meeting of stockholders of the Company may be taken only upon the vote of the stockholders at an annual or special meeting duly called and may not be taken by written consent of the stockholders.

Corporate Opportunities

The Amended and Restated Certificate of Incorporation provides that we renounce any interest or expectancy of the Company in the business opportunities of certain of our current and prior investors and of their officers, directors, agents, shareholders, members, partners, affiliates and subsidiaries and each such party shall not have any obligation to offer us those opportunities unless presented to a director or officer of the Company in his or her capacity as a director or officer of the Company.

Amendment to Amended and Restated Certificate of Incorporation

The Amended and Restated Certificate of Incorporation provides that the affirmative vote of the holders of at least seventy-five percent (75%) of the voting power of all outstanding shares of the Company entitled to vote generally in the election of directors, voting together in a single class, is required to adopt any provision inconsistent with, to amend or repeal any provision of, or to adopt a bylaw inconsistent with certain specified provisions of the Amended and Restated Certificate of Incorporation.

Advance Notice Requirements for Stockholder Proposals and Director Nominations

Our Second Amended and Restated Bylaws provide that stockholders seeking to nominate candidates for election as directors or to bring business before an annual or special meeting of stockholders must provide timely notice of their proposal in writing to the secretary of the Company. Generally, to be timely, a stockholder s

Table of Contents

notice must be delivered to, mailed or received at our principal executive offices, addressed to the secretary of the Company, and within the following time periods:

in the case of an annual meeting, no earlier than 120 days and no later than 90 days prior to the first anniversary of the date of the preceding year's annual meeting; provided, however, that if (A) the annual meeting is advanced by more than 30 days, or delayed by more than 60 days, from the first anniversary of the preceding year's annual meeting, or (B) no annual meeting was held during the preceding year, to be timely the stockholder notice must be received no earlier than 120 days before such annual meeting and no later than the later of 90 days before such annual meeting or the tenth day after the day on which public disclosure of the date of such meeting is first made; and

in the case of a nomination of a person or persons for election to the Board of Directors at a special meeting of the stockholders called for the purpose of electing directors, no earlier than 120 days before such special meeting and no later than the later of 90 days before such annual or special meeting or the tenth day after the day on which public disclosure of the date of such meeting is first made.

In no event shall an adjournment, postponement or deferral, or public disclosure of an adjournment, postponement or deferral, of a meeting of the stockholders commence a new time period (or extend any time period) for the giving of the stockholder's notice.

We have also adopted a proxy access right that permits a stockholder, or a group of up to 20 stockholders, owning continuously for at least three years shares of our stock representing an aggregate of at least 3% of the voting power entitled to vote in the election of directors, to nominate and include in our proxy materials director nominees, provided that the stockholder(s) and the nominee(s) satisfy the requirements in our Second Amended and Restated Bylaws. Under our Second Amended and Restated Bylaws, to be considered timely, compliant notice of proxy access director nominations for next year's proxy statement and form of proxy must be submitted to the Corporate Secretary at the address specified in our proxy statement no earlier than 150 days and no later than 120 days prior to the first anniversary of the date the Company mailed its proxy statement for the preceding year's annual meeting; provided, however, that if (A) the annual meeting is not within 30 days before or after the anniversary date of the preceding year's annual meeting, or (B) no annual meeting was held during the preceding year, to be timely the stockholder notice must be received no later than 90 days prior to such annual meeting or, if later, the tenth day after the day on which notice of the date of the meeting was mailed or public disclosure of the date of such meeting is first made, whichever occurs first.

Authorized but Unissued Capital Stock

Delaware law does not require stockholder approval for any issuance of authorized shares. However, the listing requirements of the New York Stock Exchange, which would apply as long as our common stock is listed on the New York Stock Exchange, require stockholder approval of certain issuances equal to or exceeding 20% of the then outstanding voting power or then outstanding number of shares of common stock. These additional shares may be used for a variety of corporate purposes, including future public offerings, to raise additional capital or to facilitate acquisitions.

One of the effects of the existence of unissued and unreserved common stock or preferred stock may be to enable our Board of Directors to issue shares to persons friendly to current management, which issuance could render more difficult or discourage an attempt to obtain control of our company by means of a merger, tender offer, proxy contest

or otherwise, and thereby protect the continuity of our management and possibly deprive the stockholder of opportunities to sell their shares of common stock at prices higher than prevailing market prices.

Limitation on Directors' Liability and Indemnification

Section 145(a) of the General Corporation Law of the State of Delaware (the "DGCL") grants each corporation organized thereunder the power to indemnify any person who was or is a party or is threatened to be

Table of Contents

made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement that were actually and reasonably incurred by the person in connection with such action, suit or proceeding if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the person's conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that the person's conduct was unlawful.

Section 145(b) of the DGCL grants each corporation organized thereunder the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made pursuant to Section 145(b) of the DGCL in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Delaware Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

Section 145(c) of the DGCL provides that to the extent that a present or former director or officer of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in Sections 145(a) and (b) of the DGCL, as described in the preceding paragraphs, or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith.

Section 145(g) of the DGCL provides, in general, that a corporation shall have the power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation against any liability asserted against the person in any such capacity, or arising out of the person's status as such, regardless of whether the corporation would have the power to indemnify the person against such liability under the provisions of the DGCL. We maintain a directors' and officers' insurance policy that insures our directors and officers against liabilities incurred in their capacity as such for which they are not otherwise indemnified, subject to certain exclusions.

Section 102(b)(7) of the DGCL enables a corporation in its certificate of incorporation, or an amendment thereto, to eliminate or limit the personal liability of a director to the corporation or its stockholders of monetary damages for violations of the directors' fiduciary duty of care as a director, except (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law, (iii) pursuant to Section 174 of the DGCL (providing for director liability in the event of unlawful payment of dividends or unlawful stock purchases or redemptions) or (iv) for any transaction from which a director derived an improper personal benefit.

Our Amended and Restated Certificate of Incorporation indemnifies the directors and officers to the full extent of the DGCL and also allows the Board of Directors to indemnify all other employees. Such right of

Table of Contents

indemnification is not exclusive of any right to which such officer or director may be entitled as a matter of law and shall extend and apply to the estates, heirs, executors and administrators of such persons.

We maintain a directors' and officers' insurance policy. The policy insures directors and officers against unindemnified losses arising from certain wrongful acts in their capacities as directors and officers and reimburses us for those losses for which we have lawfully indemnified the directors and officers. The policy contains various exclusions that are normal and customary for policies of this type.

Our employment agreements with certain of our officers provide indemnification for adverse tax consequences they may suffer pursuant to their employment agreements.

We have entered into an indemnification priority and information sharing agreement with certain of our current and prior investors and certain of their affiliated funds to clarify the priority of advancement and indemnification obligations among us and any of our directors appointed by such investors and other related matters.

The foregoing summaries are subject to the complete text of our Amended and Restated Certificate of Incorporation and Second Amended and Restated Bylaws and the DGCL and are qualified in their entirety by reference thereto.

We believe that our Amended and Restated Certificate of Incorporation, Second Amended and Restated Bylaws and insurance policies are necessary to attract and retain qualified persons to serve as directors and officers of the Company.

The limitation of liability and indemnification provisions in our Amended and Restated Certificate of Incorporation and Second Amended and Restated Bylaws may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duty. They may also reduce the likelihood of derivative litigation against directors and officers, even though an action, if successful, might benefit us and other stockholders. Furthermore, a stockholder's investment may be adversely affected to the extent we pay the costs of settlement and damage awards against directors and officers as required or allowed by these indemnification provisions.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling us pursuant to the foregoing provisions or any other provisions described in this prospectus, we have been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Delaware Anti-Takeover Statutes

Certain Delaware law provisions may make it more difficult for someone to acquire us through a tender offer, proxy contest or otherwise.

Section 203 of the DGCL provides that, subject to certain stated exceptions, an interested stockholder is any person (other than the corporation and any direct or indirect majority-owned subsidiary) who owns 15% or more of the outstanding voting stock of the corporation or is an affiliate or associate of the corporation and was the owner of 15% or more of the outstanding voting stock of the corporation at any time within the three-year period immediately prior to the date of determination, and the affiliates and associates of such person. A corporation may not engage in a business combination with any interested stockholder for a period of three years following the time that such stockholder became an interested stockholder unless:

prior to such time the board of directors of the corporation approved either the business combination or transaction which resulted in the stockholder becoming an interested stockholder;

upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation

Table of Contents

outstanding at the time the transaction commenced, excluding shares owned by (i) persons who are directors and also officers and (ii) employee stock plans in which participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or

at or subsequent to such time, the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66 2/3% of the outstanding voting stock which is not owned by the interested stockholder.

The effect of these provisions may make a change in control of our business more difficult by delaying, deferring or preventing a tender offer or other takeover attempt that a stockholder might consider in its best interest. This includes attempts that might result in the payment of a premium to stockholders over the market price for their shares. These provisions also may promote the continuity of our management by making it more difficult for a person to remove or change the incumbent members of the board of directors.

If any particular terms of the debt securities or, if applicable, any Guarantees of the debt securities of that series or the applicable indenture described in a prospectus supplement differ from any of the terms described in this prospectus, the terms described in the applicable prospectus supplement will supersede the terms described in this prospectus.

General

The indentures provide that the debt securities may be issued without limit as to aggregate principal amount, in one or more series, and in any currency or currency units, in each case as established from time to time in or under the authority granted by a resolution of the applicable Board of Directors or as established in one or more supplemental indentures. All debt securities of one series need not be issued at the same time, and may vary as to interest rate, maturity and other provisions and, unless otherwise provided, a series may be reopened, without the consent of the holders of the debt securities of that series, for issuance of additional debt securities of that series ranking equally with debt securities of that series and otherwise similar in all respects except for issue date and issue price. Please read the applicable prospectus supplement relating to the series of debt securities being offered for specific terms including, where applicable:

any other terms of the debt securities of the series and, if applicable, any Guarantees of the debt securities (whether or not such other terms are consistent or inconsistent with any other terms of the indenture).

As used in this prospectus and any prospectus supplement relating to the offering of debt securities of any series, references to the principal of and premium, if any, and interest, if any, on the debt securities of the series include the payment of Additional Amounts, if any, required by the debt securities of the series to be paid in that context.

Debt securities may be issued as original issue discount securities to be sold at a substantial discount below their principal amount. In the event of an acceleration of the maturity of any original issue discount security, the amount payable to the holder upon acceleration will be determined in the manner described in the applicable prospectus supplement. Certain U.S. federal income tax considerations applicable to original issue discount securities will be described in the applicable prospectus supplement.

If the purchase price of any debt securities is payable in a foreign currency or if the principal of, or premium, if any, or interest, if any, on any debt securities is payable in a foreign currency, the specific terms of those debt securities and the applicable foreign currency will be specified in the prospectus supplement relating to those debt securities.

The terms of the debt securities of any series may differ from the terms of the debt securities of any other series, and the terms of particular debt securities within any series may differ from each other. Unless otherwise expressly provided in the prospectus supplement relating to any series of debt securities, the applicable issuer may, without the consent of the holders of the debt securities of any series, reopen an existing series of debt securities and issue additional debt securities of that series.

Unless otherwise described in a prospectus supplement relating to any series of debt securities and except to the limited extent set forth below under Merger, Consolidation and Sale of Assets, the indentures do not contain any provisions that would limit the issuer's ability or the ability of any of the respective issuer's subsidiaries to incur indebtedness or other liabilities or that would afford holders of debt securities protection in the event of a business combination, takeover, recapitalization or highly leveraged or similar transaction involving the applicable issuer. Accordingly, an issuer and its subsidiaries may in the future enter into transactions that could increase the amount of its consolidated indebtedness and other liabilities or otherwise adversely affect its capital structure or credit rating without the consent of the holders of the debt securities of any series.

Registration, Transfer and Payment

Unless otherwise indicated in the applicable prospectus supplement, each series of debt securities will be issued in registered form only, without coupons.

Unless otherwise indicated in the applicable prospectus supplement, registered debt securities will be issued in denominations of \$2,000 and any integral multiple of \$1,000 in excess thereof.

Table of Contents

Unless otherwise indicated in the applicable prospectus supplement, the debt securities will be payable and may be surrendered for registration of transfer or exchange and, if applicable, for conversion into or exchange for other securities or property, at an office or agency maintained by HCA Healthcare, Inc. or HCA Inc., as applicable, in the United States of America. However, the applicable issuer, at its option, may make payments of interest on any registered debt security by check mailed to the address of the person entitled to receive that payment or by wire transfer to an account maintained by the payee with a bank located in the United States of America. Unless otherwise indicated in the applicable prospectus supplement, no service charge shall be made for any registration of transfer or exchange, redemption or repayment of debt securities, or for any conversion or exchange of debt securities for other securities or property, but the applicable issuer may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with that transaction.

Unless otherwise indicated in the applicable prospectus supplement, the issuer will not be required to:

issue, register the transfer of or exchange debt securities of any series during a period beginning at the opening of business 15 days before any selection of debt securities of that series of like tenor and terms to be redeemed and ending at the close of business on the day of that selection;

register the transfer of or exchange any registered debt security, or portion of any registered debt security, selected for redemption, except the unredeemed portion of any registered debt security being redeemed in part; or

issue, register the transfer of or exchange a debt security which has been surrendered for repayment at the option of the holder, except the portion, if any, of the debt security not to be repaid.

Ranking of Debt Securities

The unsecured debt securities of each series of each issuer will be unsecured, unsubordinated obligations of the applicable issuer and will rank on a parity in right of payment with all of such issuer's other unsecured and unsubordinated indebtedness. The secured debt securities of each series of each issuer will be unsubordinated obligations of the applicable issuer and will rank on a parity in right of payment with all other unsecured and unsubordinated indebtedness of the applicable issuer, except that the secured debt securities of any series will effectively rank senior to unsecured and unsubordinated indebtedness of the applicable issuer in respect of claims against the collateral that is pledged to secure those secured debt securities.

The debt securities will be the exclusive obligations of the applicable issuer. Each issuer is a holding company, and substantially all of its respective consolidated assets are held and substantially all of its respective consolidated revenues are generated by its subsidiaries. Accordingly, the issuers' cash flow and ability to service its indebtedness, including the debt securities, depend on the results of operations of its respective subsidiaries and upon the ability of its respective subsidiaries to provide cash to the applicable issuer, whether in the form of dividends, loans or otherwise, to pay amounts due on such issuer's obligations, including the debt securities. The subsidiaries of each issuer are separate and distinct legal entities and have no obligation, contingent or otherwise, to make payments on the debt securities (except, in the case of any subsidiary that has guaranteed any debt securities, its obligations under its Guarantee of those debt securities for so long as that Guarantee remains in effect) or to make any funds available to the applicable issuer. Certain debt and security agreements entered into by certain of the issuers' subsidiaries contain various restrictions, including restrictions on payments and loans by subsidiaries to the applicable issuer and the

transfer by the subsidiaries to the applicable issuer of assets pledged as collateral under such agreements. In addition, dividends, loans or other distributions from subsidiaries to the applicable issuer may be subject to additional contractual and other restrictions, are dependent upon the results of operations of such subsidiaries and are subject to other business considerations.

The unsecured debt securities of the applicable issuer will be effectively subordinated to all of the existing and future secured indebtedness of such issuer to the extent of the value of the collateral securing that

Table of Contents

indebtedness. Consequently, in the event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding with respect to the applicable issuer, the holders of such issuer's secured indebtedness will be entitled to proceed directly against the collateral that secures that secured indebtedness, and such collateral will not be available for satisfaction of any amounts owed by the applicable issuer under its unsecured indebtedness, including the unsecured debt securities, until that secured indebtedness is satisfied in full. Unless otherwise provided in the applicable prospectus supplement, the indentures will not limit the issuers' ability to incur secured indebtedness.

The unsecured debt securities of the issuers (other than any unsecured debt securities that have been guaranteed by any of such issuer's subsidiaries for so long as the Guarantees of those debt securities remain in effect) will be effectively subordinated to all existing and future liabilities and preferred equity of the applicable issuer's subsidiaries. These liabilities may include indebtedness, trade payables, other guarantees, lease obligations, swaps and letter of credit obligations. Therefore, the issuers' rights and the rights of the issuers' creditors, including the holders of unsecured debt securities, to participate in the assets of any subsidiary upon that subsidiary's bankruptcy, liquidation, dissolution, reorganization or similar circumstances will be subject (except in the case of any subsidiary that has guaranteed any unsecured debt securities for so long as its Guarantee of those debt securities remains in effect) to the prior claims of the subsidiary's creditors, except to the extent that an issuer may itself be a creditor with recognized claims against the subsidiary. However, even if an issuer is a creditor of one or more of its subsidiaries, its claims would still be effectively subordinate to any security interest in, or mortgages or other liens on, the assets of the subsidiary and would be subordinate to any indebtedness of the subsidiary senior to that held by the applicable issuer. Unless otherwise provided in the applicable prospectus supplement, the indentures will not limit the ability of any of the respective issuer's subsidiaries to incur additional secured or unsecured indebtedness, guarantees or other liabilities.

Guarantees

The debt securities of any series of each issuer may be guaranteed by one or more of its subsidiaries and, in the case of HCA Inc., the debt securities will be guaranteed by HCA Healthcare, Inc. The Guarantors of any series of guaranteed debt securities of each issuer may differ from the Guarantors of any other series of guaranteed debt securities of each issuer. In the event HCA Healthcare, Inc. or HCA Inc., as applicable, issues a series of guaranteed debt securities, the specific Guarantors of the debt securities of that series will be identified in the applicable prospectus supplement.

If HCA Healthcare, Inc. or HCA Inc., as applicable, issues a series of guaranteed debt securities, a description of some of the terms of Guarantees of those debt securities will be set forth in the applicable prospectus supplement. Unless otherwise provided in the prospectus supplement relating to a series of guaranteed debt securities, each Guarantor of the debt securities of such series will unconditionally guarantee the due and punctual payment of the principal of, and premium, if any, and interest, if any, on and any other amounts payable with respect to, each debt security of such series and the due and punctual performance of all of the applicable issuer's other obligations under the applicable indenture with respect to the debt securities of such series, all in accordance with the terms of such debt securities and the applicable indenture.

Notwithstanding the foregoing, unless otherwise provided in the prospectus supplement relating to a series of guaranteed debt securities, the applicable indenture will contain provisions to the effect that the obligations of each Guarantor under its Guarantees and such indenture shall be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Guarantor, result in the obligations of such Guarantor under such Guarantees and such indenture not constituting a fraudulent conveyance or fraudulent transfer under applicable law. However, there can be no assurance that, notwithstanding such limitation, a court would not determine that a Guarantee constituted a fraudulent conveyance or fraudulent transfer under applicable law. If that were to occur, the court could void the applicable Guarantor's obligations under that Guarantee, subordinate that Guarantee to other debt

and other liabilities of that Guarantor or take other action detrimental to holders of the debt securities of the applicable series, including directing the holders to return any payments received from the applicable Guarantor.

Table of Contents

The applicable prospectus supplement relating to any series of guaranteed debt securities will specify other terms of the applicable Guarantees, which may include provisions that allow a Guarantor to be released from its obligations under its Guarantee under specified circumstances or that provide for one or more Guarantees to be secured by specified collateral.

Unless otherwise expressly stated in the applicable prospectus supplement, each Guarantee will be the unsubordinated and unsecured obligation of the applicable Guarantor and will rank on a parity in right of payment with all other unsecured and unsubordinated indebtedness and guarantees of such Guarantor. Each Guarantee (other than a secured Guarantee) will be effectively subordinated to all existing and future secured indebtedness and secured guarantees of the applicable Guarantor to the extent of the value of the collateral securing that indebtedness and those guarantees. Consequently, in the event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding with respect to any Guarantor that has provided an unsecured Guarantee of any debt securities, the holders of that Guarantor's secured indebtedness and secured guarantees will be entitled to proceed directly against the collateral that secures that secured indebtedness or those secured guarantees, as the case may be, and such collateral will not be available for satisfaction of any amount owed by such Guarantor under its unsecured indebtedness and unsecured guarantees, including its unsecured Guarantees of any debt securities, until that secured debt and those secured guarantees are satisfied in full. Unless otherwise provided in the applicable prospectus supplement, the indentures will not limit the ability of any Guarantor to incur secured indebtedness or issue secured guarantees.

Unless otherwise expressly stated in the applicable prospectus supplement, each secured Guarantee will be an unsubordinated obligation of the applicable Guarantor and will rank on a parity in right of payment with all other unsecured and unsubordinated indebtedness and guarantees of such Guarantor, except that such secured Guarantee will effectively rank senior to such Guarantor's unsecured and unsubordinated indebtedness and guarantees in respect of claims against the collateral securing that secured Guarantee.

Book-entry Debt Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global debt securities. Global debt securities will be deposited with, or on behalf of, a depository which, unless otherwise specified in the applicable prospectus supplement relating to the series, will be DTC. Global debt securities may be issued in either temporary or permanent form. Unless and until it is exchanged in whole or in part for individual certificates evidencing debt securities, a global debt security may not be transferred except as a whole by the depository to its nominee or by the nominee to the depository, or by the depository or its nominee to a successor depository or to a nominee of the successor depository.

HCA Healthcare, Inc. and HCA Inc. anticipate that global debt securities will be deposited with, or on behalf of, DTC and that global debt securities will be registered in the name of DTC's nominee, Cede & Co. All interests in global debt securities deposited with, or on behalf of, DTC will be subject to the operations and procedures of DTC and, in the case of any interests in global debt securities held outside the United States through Euroclear Bank S.A./N.V., or its successor, as operator of the Euroclear System (Euroclear), or Clearstream Banking, société anonyme (Clearstream, Luxembourg), the operations and procedures of Euroclear or Clearstream, Luxembourg, as the case may be, HCA Healthcare, Inc. and HCA Inc. also anticipate that the following provisions will apply to the depository arrangements with respect to global debt securities. Additional or differing terms of the depository arrangements may be described in the applicable prospectus supplement.

DTC has advised the issuers that it is:

a limited-purpose trust company organized under the New York Banking Law;

a banking organization within the meaning of the New York Banking Law;

a member of the Federal Reserve System;

Table of Contents

a clearing corporation within the meaning of the New York Uniform Commercial Code; and

a clearing agency registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934.

According to DTC, the foregoing information with respect to DTC has been provided to the financial community for informational purposes only and is not intended to serve as a representation, warranty or contract modification of any kind.

DTC holds securities that its participants deposit with DTC. DTC also facilitates the settlement among its participants of securities transactions, including transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants' accounts, which eliminates the need for physical movement of securities certificates. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and other organizations. Access to the DTC system is also available to others, sometimes referred to in this prospectus as indirect participants, that clear transactions through or maintain a custodial relationship with a direct participant either directly or indirectly. Indirect participants include securities brokers and dealers, banks and trust companies. The rules applicable to DTC and its participants are on file with the SEC.

Purchases of debt securities within the DTC system must be made by or through direct participants, which will receive a credit for the debt securities on DTC's records. The ownership interest of the actual purchaser or beneficial owner of a debt security is, in turn, recorded on the direct and indirect participants' records. Beneficial owners will not receive written confirmation from DTC of their purchases, but beneficial owners are expected to receive written confirmations providing details of the transactions, as well as periodic statements of their holdings, from the direct or indirect participants through which they entered into the transaction. Transfers of ownership interests in debt securities are to be accomplished by entries made on the books of participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in the debt securities, except under the limited circumstances described below.

To facilitate subsequent transfers, all debt securities deposited by participants with DTC will be registered in the name of DTC's nominee, Cede & Co. The deposit of debt securities with DTC and their registration in the name of Cede & Co. will not change the beneficial ownership of the debt securities. DTC has no knowledge of the actual beneficial owners of the debt securities. DTC's records reflect only the identity of the direct participants to whose accounts the debt securities are credited. Those participants may or may not be the beneficial owners. The participants are responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants and by direct and indirect participants to beneficial owners will be governed by arrangements among them, subject to any legal requirements in effect from time to time. Redemption notices shall be sent to DTC. If less than all of the debt securities of a series are being redeemed, DTC will reduce the amount of the interest of each direct participant in the debt securities under its procedures.

In any case where a vote may be required with respect to the debt securities of any series, neither DTC nor Cede & Co. will give consents for or vote the global debt securities. Under its usual procedures, DTC will mail an omnibus proxy to HCA Healthcare, Inc. or HCA Inc., as applicable, after the record date. The omnibus proxy assigns the consenting or voting rights of Cede & Co. to those direct participants to whose accounts the debt securities are credited on the record date identified in a listing attached to the omnibus proxy. Principal and premium, if any, and interest, if any, on the global debt securities will be paid to Cede & Co., as nominee of DTC. DTC's practice is to credit direct participants' accounts on the relevant payment date unless DTC has reason to believe that it will not

receive payments on the payment date. Payments by direct and indirect participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the account of customers in bearer form or registered in street name. Those payments

Table of Contents

will be the responsibility of DTC's direct and indirect participants and not of DTC, HCA Healthcare, Inc., HCA Inc., any trustee or any underwriters or agents involved in the offering or sale of any debt securities. Payment of principal, premium, if any, and interest, if any, to DTC is HCA Healthcare, Inc.'s or HCA Inc.'s, as applicable, responsibility, disbursement of payments to direct participants is the responsibility of DTC, and disbursement of payments to the beneficial owners is the responsibility of direct and indirect participants.

Except under the limited circumstances described below, beneficial owners of interests in a global debt security will not be entitled to have debt securities registered in their names and will not receive physical delivery of debt securities. Accordingly, each beneficial owner must rely on the procedures of DTC to exercise any rights under the debt securities and the indenture.

The laws of some jurisdictions may require that some purchasers of securities take physical delivery of securities in definitive form. These laws may impair the ability to transfer or pledge beneficial interests in global debt securities. HCA Healthcare, Inc. or HCA Inc., as applicable, will describe any circumstances where definitive securities are issuable in exchange for global securities in the applicable prospectus supplement.

DTC is under no obligation to provide its services as depositary for the debt securities of any series and may discontinue providing its services at any time. Neither HCA Healthcare, Inc., HCA Inc. nor any trustee nor any underwriters or agents involved in the offering or sale of any debt securities will have any responsibility for the performance by DTC or its participants or indirect participants under the rules and procedures governing DTC.

Clearstream, Luxembourg and Euroclear hold interests on behalf of their participating organizations through customers' securities accounts in Clearstream, Luxembourg's and Euroclear's names on the books of their respective depositaries, which hold those interests in customers' securities accounts in the depositaries' names on the books of DTC. At the present time, Citibank, N.A. acts as U.S. depositary for Clearstream, Luxembourg and JPMorgan Chase Bank, N.A. acts as U.S. depositary for Euroclear (the "U.S. Depositaries").

Clearstream, Luxembourg holds securities for its participating organizations ("Clearstream Participants") and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream, Luxembourg provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing.

Clearstream, Luxembourg is registered as a bank in Luxembourg, and as such is subject to regulation by the Commission de Surveillance du Secteur Financier and the Banque Centrale du Luxembourg, which supervise and oversee the activities of Luxembourg banks. Clearstream Participants are financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations, and may include any underwriters or agents involved in the offering or sale of any debt securities or their respective affiliates. Indirect access to Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with a Clearstream Participant. Clearstream, Luxembourg has established an electronic bridge with Euroclear as the operator of the Euroclear System (the "Euroclear Operator") in Brussels to facilitate settlement of trades between Clearstream, Luxembourg and the Euroclear Operator.

Distributions with respect to global debt securities held beneficially through Clearstream, Luxembourg will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures, to the extent received by the U.S. Depositary for Clearstream, Luxembourg. Euroclear holds securities and book-entry interests in securities for participating organizations ("Euroclear Participants") and facilitates the clearance and settlement of securities transactions between Euroclear Participants, and between Euroclear Participants and participants of certain

other securities intermediaries through electronic book-entry changes in accounts of such participants or other securities intermediaries. Euroclear provides Euroclear Participants, among other things, with safekeeping, administration, clearance and settlement, securities lending and borrowing, and related

Table of Contents

services. Euroclear Participants are investment banks, securities brokers and dealers, banks, central banks, supranationals, custodians, investment managers, corporations, trust companies and certain other organizations, and may include any underwriters or agents involved in the offering or sale of any debt securities or their respective affiliates. Non-participants in Euroclear may hold and transfer beneficial interests in a global debt security through accounts with a participant in the Euroclear System or any other securities intermediary that holds a book-entry interest in a global debt security through one or more securities intermediaries standing between such other securities intermediary and Euroclear.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the Terms and Conditions). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants, and has no record of or relationship with persons holding through Euroclear Participants.

Distributions on interests in global debt securities held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Terms and Conditions, to the extent received by the U.S. Depositary for Euroclear.

Transfers between Euroclear Participants and Clearstream Participants will be effected in the ordinary way in accordance with their respective rules and operating procedures.

Cross-market transfers between direct participants in DTC, on the one hand, and Euroclear Participants or Clearstream Participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, Luxembourg, as the case may be, by its U.S. Depositary; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, Luxembourg, as the case may be, by the counterparty in such system in accordance with the applicable rules and procedures and within the established deadlines (European time) of such system. Euroclear or Clearstream, Luxembourg, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its U.S. Depositary to take action to effect final settlement on its behalf by delivering or receiving interests in global debt securities in DTC, and making or receiving payment in accordance with normal procedures for same-day fund settlement applicable to DTC. Euroclear Participants and Clearstream Participants may not deliver instructions directly to their respective U.S. Depositaries.

Due to time zone differences, the securities accounts of a Euroclear Participant or Clearstream Participant purchasing an interest in a global debt security from a direct participant in DTC will be credited, and any such crediting will be reported to the relevant Euroclear Participant or Clearstream Participant, during the securities settlement processing day (which must be a business day for Euroclear or Clearstream, Luxembourg) immediately following the settlement date of DTC. Cash received in Euroclear or Clearstream, Luxembourg as a result of sales of interests in a global debt security by or through a Euroclear Participant or Clearstream Participant to a direct participant in DTC will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream, Luxembourg cash account only as of the business day for Euroclear or Clearstream, Luxembourg following DTC's settlement date.

Euroclear and Clearstream, Luxembourg are under no obligation to perform or to continue to perform the foregoing procedures and such procedures may be discontinued at any time without notice. Neither HCA Healthcare, Inc. or HCA Inc. nor any trustee nor any underwriters or agents involved in the offering or sale of any debt securities will

have any responsibility for the performance by Euroclear or Clearstream, Luxembourg or their respective participants of their respective obligations under the rules and procedures governing their operations.

either (1) HCA Healthcare, Inc. or HCA Inc., as applicable, is the surviving corporation or (2) the Person formed by or surviving any such consolidation or merger (if other than HCA Healthcare, Inc. or HCA Inc., as applicable) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation organized or existing under the laws of the jurisdiction of organization of the applicable issuer or the laws of the United States, any state thereof, the District of Columbia, or any territory thereof (such Person, as the case may be, being herein called the Successor Company);

applicable indenture and related security documents and (2) to the extent any assets of the Person which is merged or consolidated with or into the Successor Company are assets of the type which would constitute Collateral under the related security documents, the Successor Company will take such action as may be reasonably necessary to cause such property and assets to be made subject to the Lien of the security documents in the manner and to the extent required by the applicable indenture.

In the case of any such merger, consolidation, sale, assignment, transfer, lease, conveyance or other disposition in which HCA Healthcare, Inc. or HCA Inc., as applicable, is not the continuing entity and upon execution and delivery by the successor person of the supplemental indenture described above, such Successor Person shall succeed to, and be substituted for, HCA Healthcare, Inc. or HCA Inc., as applicable, and may exercise every right and power of HCA Healthcare, Inc. or HCA Inc., as applicable, under the applicable indenture with the same effect as if such successor person had been named as HCA Healthcare, Inc. or HCA Inc., as applicable, therein, and HCA Healthcare, Inc. or HCA Inc., as applicable, shall be automatically released and discharged from all obligations and covenants under the applicable indenture and the debt securities issued under that indenture.

With respect to guaranteed debt securities, unless otherwise specified in the applicable prospectus supplement, the merger, consolidation and transfer of assets provisions described above are equally applicable to each of the Guarantors in its capacity as guarantor of such debt securities.

Events of Default

Unless otherwise specified in the applicable prospectus supplement, an Event of Default with respect to the debt securities of any series is defined in the applicable indenture as being:

- (1) default in payment when due and payable, upon redemption, acceleration or otherwise, of principal of, or premium, if any, on the debt securities;
- (2) default for 30 days or more in the payment when due of interest on or with respect to the debt securities;
- (3) default in the deposit of any sinking fund payment when and as due with respect to any of the debt securities of that series;
- (4) default in the performance, or breach, of any covenant or warranty of the issuer in the applicable indenture, and continuance of such default or breach for a period of 60 days after there has been given written notice by the trustee or the holders of at least 10% in principal amount of the outstanding debt securities (with a copy to the trustee) specifying such default or breach and requiring it to be remedied;
- (5) HCA Healthcare, Inc. or HCA Inc., as applicable, pursuant to or within the meaning of any Bankruptcy Law:
 - (i) commences proceedings to be adjudicated bankrupt or insolvent; (ii) consents to the institution of bankruptcy or insolvency proceedings against it, or the filing by it of a petition or answer or consent seeking reorganization or relief under applicable Bankruptcy Law; (iii) consents to the appointment of a receiver, liquidator, assignee, trustee, sequestrator or other similar official of it or for all or substantially all of its property; (iv) makes a general assignment for the benefit of its creditors; or (v) generally is not paying its debts as they become due;
- (6) a court of competent jurisdiction enters an order or decree under any Bankruptcy Law that: (i) is for relief against HCA Healthcare, Inc. or HCA Inc. as applicable, in a proceeding in which the issuer is to be adjudicated bankrupt or insolvent; appoints a receiver, liquidator, assignee, trustee, sequestrator or other similar official of the issuer, or for all or substantially all of the property of the issuer; or orders the liquidation of the issuer; and the order or decree remains

unstayed and in effect for 60 consecutive days;

(7) if applicable, the Guarantee of any Significant Subsidiary shall for any reason cease to be in full force and effect or be declared null and void or any responsible officer of any Guarantor that is a Significant

Subsidiary, as the case may be, denies that it has any further liability under its Guarantee or gives notice to such effect, other than by reason of the termination of the indenture or the release of any such Guarantee in accordance with the indenture; or

(8) any other Event of Default established for the debt securities of that series.

No Event of Default with respect to any particular series of debt securities necessarily constitutes an Event of Default with respect to any other series of debt securities. The indentures provide that, within 90 days after the occurrence of any default with respect to the debt securities of any series, the trustee will mail to all holders of the debt securities of that series notice of that default. Except in the case of a default relating to the payment of principal, premium, if any, or interest on debt securities of any series, the trustee may withhold from the holders notice of any continuing default if and so long as a committee of its responsible officers in good faith determines that withholding the notice is in the interests of the holders of the debt securities. The trustee shall not be deemed to know of any Default or Event of Default unless a responsible officer of the trustee has actual knowledge thereof or unless written notice of any event which is such a Default is received by the trustee at the corporate trust office of the trustee.

The indentures provide that if any Event of Default (other than an Event of Default specified in clauses (5) or (6) of the second preceding paragraph with respect to of HCA Healthcare, Inc. or HCA Inc., as applicable) occurs and is continuing under the indenture, the trustee or the holders of at least 25% in principal amount of the then total outstanding debt securities may declare the principal, premium, if any, interest and any other monetary obligations on all the then outstanding debt securities to be due and payable immediately. Upon the effectiveness of such declaration, such principal and interest shall be due and payable immediately. The trustee shall have no obligation to accelerate the debt securities if and so long as a committee of its Responsible Officers in good faith determines acceleration is not in the best interest of the holders of the debt securities. Notwithstanding the foregoing, in the case of an Event of Default arising under clauses (5) or (6) of the second preceding paragraph, all outstanding debt securities shall be due and payable immediately without further action or notice. The holders of a majority in aggregate principal amount of the then outstanding debt securities by written notice to the trustee may on behalf of all of the holders rescind an acceleration and its consequences if the rescission would not conflict with any judgment or decree and if all existing Events of Default (except nonpayment of principal, interest or premium that has become due solely because of the acceleration) have been cured or waived.

Subject to the provisions of the Trust Indenture Act of 1939 requiring the trustee, during the continuance of an Event of Default under the applicable indenture, to act with the requisite standard of care, the trustee is under no obligation to exercise any of its rights or powers under the applicable indenture at the request or direction of any of the holders of debt securities of any series unless those holders have offered the trustee indemnity reasonably satisfactory to the trustee against the costs, fees and expenses and liabilities which might be incurred in compliance with such request or direction. Subject to the foregoing, holders of a majority in principal amount of the outstanding debt securities of any series issued under the applicable indenture have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee under the indenture with respect to that series. The indentures require the annual filing by HCA Healthcare, Inc. or HCA Inc., as applicable, with the trustee of a certificate which states whether or not HCA Healthcare, Inc. or HCA Inc., as applicable, are in default under the terms of the indenture.

Unless otherwise specified in the applicable prospectus supplement, no holder of any debt securities of any series shall have any right to institute any proceeding, judicial or otherwise, with respect to the applicable indenture, or for the appointment of a receiver or trustee, or for any other remedy under the indenture, unless:

such holder has previously given written notice to the trustee of a continuing Event of Default with respect to the debt securities of such series;

the holders of not less than 25% in principal amount of the total outstanding debt securities of such series shall have made written request to the trustee to institute proceedings in respect of such Event of Default in its own name as trustee under the indenture;

Table of Contents

holders have offered to the trustee security or indemnity reasonably satisfactory to the trustee against any loss, liability or expense incurred in compliance with such request;

the trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and

holders of a majority in principal amount of the total outstanding debt securities have not given the trustee a direction inconsistent with such request within such 60-day period.

Notwithstanding any other provision of the indenture, the right of any holder of a debt security to receive payment of principal, premium, if any, and interest on the debt security, on or after the respective due dates expressed in the debt security, or to bring suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such holder.

Amendment, Supplement and Waiver

Unless otherwise specified in the applicable prospectus supplement, the indentures permit HCA Healthcare, Inc. or HCA Inc., as applicable, any Guarantors party to such indenture and the trustee, with the consent of the holders of at least majority in principal amount of the outstanding debt securities of each series issued under the applicable indenture and affected by a modification or amendment, to modify or amend any of the provisions of the applicable indenture or of the debt securities of the applicable series or the rights of the holders of the debt securities of that series under the applicable indenture. However, no such modification or amendment shall, among other things:

change the stated maturity of the principal of, or installment of interest, if any, on, any debt securities, or reduce the principal amount thereof or the interest thereon or any premium payable upon redemption thereof;

change the currency in which the principal of (and premium, if any) or interest on such debt securities are denominated or payable;

adversely affect the right of repayment or repurchase, if any, at the option of the holder after such obligation arises, or reduce the amount of, or postpone the date fixed for, any payment under any sinking fund or impair the right to institute suit for the enforcement of any payment on or after the stated maturity thereof (or, in the case of redemption, on or after the redemption date);

reduce the percentage of holders whose consent is required for modification or amendment of the indenture or for waiver of compliance with certain provisions of the indenture or certain defaults;

modify the provisions that require holder consent to modify or amend the indenture or that permit holders to waive compliance with certain provisions of the indenture or certain defaults;

impair the right of any holder to receive payment of principal of, or interest on such holder's debt securities on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such holder's debt securities; or

except as expressly permitted by the indenture, modify the Guarantees of any Significant Subsidiary in any manner adverse to the holders of any debt securities.

without in each case obtaining the consent of the holder of each outstanding debt security issued under such indenture affected by the modification or amendment.

Unless otherwise specified in the applicable prospectus supplement, the indentures also contain provisions permitting HCA Healthcare, Inc. or HCA Inc., as applicable, any Guarantors party to such indenture and the trustee, without the consent of the holders of any debt securities issued under the applicable indenture, to modify or amend the indenture, among other things:

to evidence the succession of another corporation to HCA Healthcare, Inc. or HCA Inc., as applicable, or, if applicable, any Guarantor under the applicable indenture and the assumption by such successor of

the covenants of HCA Healthcare, Inc. or HCA Inc., as applicable, in compliance with the requirements set forth in the indenture;

to add to the covenants for the benefit of the holders or to surrender any right or power therein conferred upon HCA Healthcare, Inc. or HCA Inc., as applicable;

to add any additional Events of Default;

to add a Guarantor to the debt securities, if applicable;

to change or eliminate any of the provisions of the indenture, provided that any such change or elimination shall become effective only when there are no outstanding debt securities of any series created prior to the execution of such supplemental indenture that is entitled to the benefit of such provision and as to which such supplemental indenture would apply;

to secure or, if applicable, to provide additional security for all or any of the debt securities or Guarantees issued under the indenture;

to supplement any of the provisions of the indenture to such extent necessary to permit or facilitate the defeasance and discharge of the debt securities, provided that any such action does not adversely affect the interests of the holders of the debt securities in any material respect;

to evidence and provide for the acceptance of appointment hereunder by a successor trustee and to add to or change any of the provisions of the indenture necessary to provide for or facilitate the administration of the trusts by more than one trustee;

to cure any ambiguity to correct or supplement any provision of the indenture which may be defective or inconsistent with any other provision;

to change any place or places where the principal of and premium, if any, and interest, if any, on the debt securities shall be payable, the debt securities may be surrendered for registration or transfer, the debt securities may be surrendered for exchange, and notices and demands to or upon HCA Healthcare, Inc. or HCA Inc., as applicable, may be served;

to comply with requirements of the Securities and Exchange Commission in order to effect or maintain the qualification of the indenture under the Trust Indenture Act of 1939;

to conform the text of the indenture or the debt securities to any provision of the section regarding the description of the notes contained in the prospectus supplement to the extent that such provision in such section was intended to be a verbatim recitation of a provision of the indenture or the debt securities;

to make any amendment to the provisions of the indenture relating to the transfer and legending of debt securities as permitted by the indenture, including, without limitation to facilitate the issuance and administration of the debt securities; *provided, however*, that (i) compliance with the indenture as so amended would not result in debt securities being transferred in violation of the Securities Act or any applicable securities law and (ii) such amendment does not materially and adversely affect the rights of holders to transfer debt securities; or

to add additional Guarantees or additional Guarantors in respect of all or any securities under the indenture, and to evidence the release and discharge of any Guarantor from its obligations under its Guarantee of any or all securities and its obligations under the indenture in respect of any or all debt securities in accordance with the terms of the indenture.

Unless otherwise specified in the applicable prospectus supplement, the holders of a majority in aggregate principal amount of the outstanding debt securities of any series may waive the compliance of HCA Healthcare, Inc. or HCA Inc., as applicable, with the provisions described above under Merger, Consolidation and Sale of Assets and certain other provisions of the indenture and, if specified in the prospectus supplement relating to

such series of debt securities, any additional covenants applicable to the debt securities of such series. The holders of a majority in aggregate principal amount of the outstanding debt securities of any series may, on behalf of all holders of debt securities of that series, waive any past default under the applicable indenture with respect to debt securities of that series and its consequences, except a default in the payment of the principal of, or premium, if any, or interest, if any, on debt securities of that series or, in the case of any debt securities which are convertible into or exchangeable for other securities or property, a default in any such conversion or exchange, or a default in respect of a covenant or provision which cannot be modified or amended without the consent of the holder of each outstanding debt security of the affected series.

Discharge, Defeasance and Covenant Defeasance

Unless otherwise provided in the applicable prospectus supplement, HCA Healthcare, Inc. and HCA Inc., as applicable, may discharge certain obligations to holders of the debt securities of a series that have not already been delivered to the trustee for cancellation and that either have become due and payable or will become due and payable within one year (or scheduled for redemption within one year) by depositing with the trustee, in trust, funds in U.S. dollars in an amount sufficient to pay the entire indebtedness including the principal, premium, if any, and interest to the date of such deposit (if the debt securities have become due and payable) or to the maturity thereof or the redemption date of the debt securities of that series, as the case may be.

The indentures provide that the applicable issuer may elect either (1) to defease and be discharged from any and all obligations with respect to the debt securities of a series (except for, among other things, obligations to register the transfer or exchange of the debt securities, to replace temporary or mutilated, destroyed, lost or stolen debt securities, to maintain an office or agency with respect to the debt securities and to hold moneys for payment in trust) (legal defeasance) or (2) to be released from its obligations to comply with the restrictive covenants under the indenture, and any omission to comply with such obligations will not constitute a default or an event of default with respect to the debt securities of a series and clauses (3), (5) and (6) under Events of Default will no longer be applied (covenant defeasance). Legal defeasance or covenant defeasance, as the case may be, will be conditioned upon, among other things, the irrevocable deposit by the issuer with the trustee, in trust, of an amount in U.S. dollars, or U.S. government obligations, or both, applicable to the debt securities of that series which through the scheduled payment of principal and interest in accordance with their terms will provide money in an amount sufficient to pay the principal or premium, if any, and interest on the debt securities on the scheduled due dates therefor.

If HCA Healthcare, Inc. or HCA Inc., as applicable, effects covenant defeasance with respect to the debt securities of any series, the amount in U.S. dollars, or U.S. government obligations, or both, on deposit with the trustee will be sufficient, in the opinion of a nationally recognized firm of independent accountants, to pay amounts due on the debt securities of that series at the time of the stated maturity but may not be sufficient to pay amounts due on the debt securities of that series at the time of the acceleration resulting from such event of default. However, HCA Healthcare, Inc. or HCA Inc., as applicable, would remain liable to make payment of such amounts due at the time of acceleration.

HCA Healthcare, Inc. or HCA Inc., as applicable, will be required to deliver to the trustee an opinion of counsel that the deposit and related defeasance will not cause the holders and beneficial owners of the debt securities of that series to recognize income, gain or loss for U.S. federal income tax purposes. If HCA Healthcare, Inc. or HCA Inc., as applicable, elects legal defeasance, that opinion of counsel must be based upon a ruling from the U.S. Internal Revenue Service or a change in law to that effect.

HCA Healthcare, Inc. or HCA Inc., as applicable, may exercise our legal defeasance option notwithstanding our prior exercise of our covenant defeasance option.

Section 7-80-104(1)(k) of the Colorado Limited Liability Company Act permits a company to indemnify a member or manager or former member or manager of the limited liability company as provided in section 7-80-407. Under Section 7-80-407, a limited liability company shall reimburse a member or manager for payments made, and indemnify a member or manager for liabilities incurred by the member or manager, in the ordinary course of the business of the limited liability company or for the preservation of its business or property if such payments were made or liabilities incurred without violation of the member's or manager's duties to the limited liability company.

The operating agreement of HCA-HealthONE LLC indemnifies its officers and managers against all reasonable expenses incurred by them in defending claims or suits, irrespective of the time of occurrence of the claims or causes of action in such suits, made or brought against them as officers or managers of the company, and against all liability in such suits, except in such cases as involve gross negligence or willful misconduct in the performance of their duties. Section 145(a) of the General Corporation Law of the State of Delaware (the "DGCL") grants each corporation organized thereunder the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the person's conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that the person's conduct was unlawful.

Section 145(b) of the DGCL grants each corporation organized thereunder the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made pursuant to Section 145(b) of the DGCL in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Delaware Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

Section 145(c) of the DGCL provides that to the extent that a present or former director or officer of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in Sections 145(a) and (b) of the DGCL, as described in the preceding paragraphs, or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith.

Section 145(g) of the DGCL provides, in general, that a corporation shall have the power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation against any liability asserted against the person in any such capacity, or arising out of the person's status as such, regardless of whether the corporation would have the power to indemnify the person against such liability under the provisions of the DGCL. HCA Healthcare, Inc. maintains a directors' and officers' insurance policy that insures its directors and

officers against liabilities incurred in their capacity as such for which they are not otherwise indemnified, subject to certain exclusions.

Section 607.0831 of the Florida Business Corporation Act provides, among other things, that a director is not personally liable for monetary damages to a company or any other person for any statement, vote, decision, or failure to act, by the director, regarding corporate management or policy, unless the director breached or failed to perform his or her duties as a director and such breach or failure constitutes (a) a violation of criminal law, unless the director had reasonable cause to believe his or her conduct was lawful or had no reasonable cause to believe his or her conduct was unlawful; (b) a transaction from which the director derived an improper personal benefit; (c) a circumstance under which the liability provisions of Section 607.0834 of the Florida Business Corporation Act (relating to the liability of the directors for improper distributions) are applicable; (d) willful misconduct or a conscious disregard for the best interest of the company in the case of a proceeding by or in the right of the company to procure a judgment in its favor or by or in the right of a stockholders; or (e) recklessness or an act or omission in bad faith or with malicious purpose or with wanton and willful disregard of human rights, safety or property, in a proceeding by or in the right of someone other than such company or a stockholder.

Section 607.0850 of the Florida Business Corporation Act authorizes, among other things, a company to indemnify any person who was or is a party to any proceeding (other than an action by or in the right of the company) by reason of the fact that he is or was a director, officer, employee or agent of the company (or is or was serving at the request of the company in such a position for any entity) against liability incurred in connection with such proceedings, if he or she acted in good faith and in a manner reasonably believed to be in the best interests of the company and, with respect to criminal proceedings, had no reasonable cause to believe his or her conduct was unlawful. Under Section 607.0850 of the Florida Business Corporation Act, a Florida corporation may make further indemnity with respect to a derivative proceeding, if the person acted in good faith and in a manner he or she reasonably believed to be in the best interests of the corporation, except that no indemnity may be provided if the person is adjudged to be liable, except to the extent that a court determines, despite the adjudication of liability, but in view of all circumstances of the case, the person is fairly and reasonably entitled to indemnity for expenses as deemed proper by the court.

The Florida Business Corporation Act requires that a director, officer or employee be indemnified for actual and reasonable expenses (including attorneys' fees) to the extent that he or she has been successful on the merits or otherwise in the defense of any proceeding. Florida law also allows expenses of defending a proceeding to be advanced by a company before the final disposition of the proceedings, provided that the officer or director undertakes to repay such advance if it is ultimately determined that indemnification is not permitted.

The Florida Business Corporation Act states that the indemnification and advancement of expenses provided pursuant to Section 607.0850 is not exclusive and that indemnification may be provided by a company pursuant to other means, including agreements or bylaw provisions. Florida law prohibits indemnification or advancement of expenses, however, if a judgment or other final adjudication establishes that the actions of a director, officer or employee were

material to the cause of action and constitute (i) a violation of criminal law, unless he or she had reasonable cause to believe his or her conduct was lawful or had no reasonable cause to believe his or her conduct was unlawful; (ii) a transaction from which such person derived an improper personal benefit;

(iii) willful misconduct or conscious disregard for the best interests of the company in the case of a derivative action or a proceeding by or in the right of a stockholder, or (iv) in the case of a director, a circumstance under which the liability provisions of Section 607.0834 of the Florida Business Corporation Act (relating to the liability of directors for improper distributions) are applicable.

The bylaws of all the Florida corporate registrants indemnify their officers and directors against all reasonable expense incurred by them in defending claims or suits, irrespective of the time of the occurrence of the claims or causes of action in such suits, made or brought against them as officers or directors of the corporation, and against all liability in such suits, except in such cases as involve gross negligence or willful misconduct in the performance of their duties. Such indemnification extends to the payment of judgments against such officers and directors and to reimbursement of amounts paid in settlement of such claims or actions and may apply to judgments in favor of the corporation or amounts paid in settlement to the corporation. Such indemnification also extends to the payment of counsel fees and expenses of such officers and directors in suits against them where successfully defended by them or where unsuccessfully defended, if there is no finding or judgment that the claim or action arose from the gross negligence or willful misconduct of such officers or directors. Section 605.0408 of the Florida Revised Limited Liability Company Act further provides that, in the ordinary course of its activities and affairs, a limited liability company may advance reasonable expenses, including attorney fees and costs, incurred by a manager or member in connection with a claim or demand against the person by reason of such person's former or present capacity as a member or manager of the company if the person promises to repay the company in the event that the person ultimately is determined not to be entitled to be indemnified under the Florida Revised Limited Liability Company Act. A limited liability company may further purchase and maintain insurance on behalf of a member or manager of the company against liability asserted or incurred by the member or manager in that capacity arising from that status even if: (a) under Section 605.0105(3)(g) of the Florida Revised Limited Liability Company Act, the operating agreement could not eliminate or limit the person's liability to the company for the conduct giving rise to the liability; and (b) under Section 605.0105(3)(p) of the Florida Revised Limited Liability Company Act, the operating agreement could not provide for indemnification for the conduct giving rise to the liability.

The operating agreements of the Florida limited liability company registrants indemnify their officers and managers against all reasonable expense incurred by them in defending claims or suits, irrespective of the time of the occurrence of the claims or causes of action in such suits, made or brought against them as officers or managers of the company, and against all liability in such suits, except in such cases as involve gross negligence or willful misconduct in the performance of their duties. Georgia Registrants

(a) Columbus Cardiology, Inc., Marietta Surgical Center, Inc. and Redmond Physician Practice Company are incorporated under the laws of Georgia.

Section 14-2-202(b)(4) of the Georgia Business Corporation Code provides that a corporation's articles of incorporation may include a provision that eliminates or limits the liability of directors for monetary damages to a corporation or its shareholders for any action taken, or failure to take any action, as a director. The section does not, however, authorize a corporation to eliminate or limit the liability of a director for appropriating, in violation of his or her duties, any business opportunity of the corporation, for acts or omissions which involve intentional misconduct or a knowing violation of law, for any transaction from which the director received an improper personal benefit, or authorizing a dividend, stock repurchase or redemption, distribution of assets or other distribution in violation of Section 14-2-640 of the Georgia Business Corporation Code if it is established that the director did not perform his or her duties in compliance with Section 14-2-830 of the Georgia Business Corporation Code, which sets forth general standards for directors. Section 14-2-202(b)(4) also does not eliminate or limit the right of a corporation or any shareholder to seek an injunction, a rescission or any other equitable (non-monetary) relief for any action taken or not taken by a director. In addition, Section 14-2-202(b)(4) applies only to claims against a director arising out of his or her role as a director and does not relieve a director from liability arising from his or her role as an officer or in any other capacity.

Sections 14-2-852 and 14-2-857 of the Georgia Business Corporation Code provide that any director or officer who is wholly successful in the defense of any proceeding to which he or she was a party because he or she was an officer or a director of the corporation is entitled to indemnification against reasonable expenses as of

right. On the other hand, if the charges made in any action are sustained, the determination of whether the required standard of conduct has been met will be made, in accordance with the provisions of Georgia Business Corporation Code Section 14-2-855, by either the board of directors or a committee thereof, acting by disinterested members, by special legal counsel or by the shareholders, but shares owned by or voted under the control of directors seeking indemnification may not be voted.

The bylaws of each of the Georgia corporate registrants indemnify their officers and directors against all reasonable expense incurred by them in defending claims or suits, irrespective of the time of the occurrence of the claims or causes of action in such suits, made or brought against them as officers or directors of the corporation, and against all liability in such suits, except in such cases as involve gross negligence or willful misconduct in the performance of their duties. Such indemnification extends to the payment of judgments against such officers and directors and to reimbursement of amounts paid in settlement of such claims or actions and may apply to judgments in favor of the corporation or amounts paid in settlement to the corporation. Such indemnification also extends to the payment of counsel fees and expenses of such officers and directors in suits against them where successfully defended by them or where unsuccessfully defended, if there is no finding or judgment that the claim or action arose from the gross negligence or willful misconduct of such officers or directors. Such right of indemnification is not exclusive of any right to which such officer or director may be entitled as a matter of law and shall extend and apply to the estates of deceased officers and directors.

(b) Dublin Community Hospital, LLC, Northlake Medical Center, LLC and Redmond Park Hospital, LLC are registered under the laws of Georgia.

Georgia law provides that a limited liability company may indemnify a member, manager or other person against liability incurred in connection with the limited liability company subject to any standards or restrictions set forth in the articles of organization or operating agreement. Unless the member or manager is aware of information which would cause any reliance to be unwarranted, he or she is entitled to rely upon information prepared or presented by other members, managers, committees and employees of the limited liability company and legal counsel, public accountants or other professionals or experts.

However, Georgia law does not permit indemnification if the member or manager has engaged in any intentional misconduct or a knowing violation of law or was involved in any transaction in which the member or manager received a personal benefit as a result of his or her breach of any provision in the operating agreement.

The operating agreements of each of the Georgia limited liability companies indemnify their officers and managers against all reasonable expense incurred by them in defending claims or suits, irrespective of the time of the occurrence of the claims or causes of action in such suits, made or brought against them as officers or managers of the limited liability company, and against all liability in such suits, except in such cases as involve gross negligence or willful misconduct in the performance of their duties. Such indemnification extends to the payment of judgments against such officers and managers and to reimbursement of amounts paid in settlement of such claims or actions and may apply to judgments in favor of the company or amounts paid in settlement to the company. Such indemnification also extends to the payment of counsel fees and expenses of such officers and directors in suits against them where successfully defended by them or where unsuccessfully defended, if there is no finding or judgment that the claim or action arose from the gross negligence or willful misconduct of such officers or managers. Such right of indemnification is not exclusive of any right to which such officer or manager may be entitled as a matter of law and shall extend and apply to the estates of deceased officers and managers.

Idaho Registrants

Eastern Idaho Health Services, Inc. and West Valley Medical Center, Inc. are incorporated under the laws of Idaho.

Under Title 30, Section 30-29-851 of the Idaho Code, a corporation's directors and officers may be indemnified against certain liabilities which they may incur in their capacities as such. The material terms of the indemnification provisions are indemnification:

with respect to civil, criminal, administrative or investigative proceedings brought because the defendant is or was serving as an officer, director, employee or agent of the company;

for judgments, fines and amounts paid in settlement reasonably incurred;

if the defendant acted in good faith and reasonably believed in the case of conduct in his official capacity that his conduct was in the best interests of the company, and in all other cases that his conduct was at least not opposed to the best interests of the company; and

if, with respect to a criminal proceeding, he had no reasonable cause to believe his conduct was unlawful. Attorneys' fees are included in such indemnification to the extent the indemnified party is successful on the merits in defense of the proceeding. If the foregoing criteria are met, indemnification also applies to a suit threatened or pending by the company against the officer, director, employee or agent with respect to attorneys' fees unless there is negligence on the part of the indemnified party. Indemnification is made only upon a determination by the company that it is proper under the circumstances because the applicable standard is met.

Generally, expenses for defense may be paid in advance of final disposition of the proceeding if the indemnified party provides a written affirmation of his good faith belief that he has met the relevant standard of

conduct under the Idaho Code and further provides a written undertaking to repay such amounts if it is determined that the applicable standard has not been met.

The bylaws of both of the Idaho corporations indemnify their officers and directors against all reasonable expense incurred by them in defending claims or suits, irrespective of the time of the occurrence of the claims or causes of action in such suits, made or brought against them as officers or directors of the corporation, and against all liability in such suits, except in such cases as involve gross negligence or willful misconduct in the performance of their duties. Such indemnification extends to the payment of judgments against such officers and directors and to reimbursement of amounts paid in settlement of such claims or actions and may apply to judgments in favor of the corporation or amounts paid in settlement to the corporation. Such indemnification also extends to the payment of counsel fees and expenses of such officers and directors in suits against them where successfully defended by them or where unsuccessfully defended, if there is no finding or judgment that the claim or action arose from the gross negligence or willful misconduct of such officers or directors. Sections 271B.8-500 to 271B.8-580 of the Kentucky Business Corporation Act provides that, subject to restrictions contained in the statute, a corporation may indemnify any person made or threatened to be made a party to any threatened, pending or completed action, suit or proceeding by reason of the fact that he is or was a director or officer of the corporation. A person who has been successful on the merits or otherwise in any suit or matter covered by the indemnification statute shall be indemnified against expenses (including attorneys' fees) reasonably incurred by him in connection therewith. Indemnification is authorized upon a determination that the person to be indemnified has met the applicable standard of conduct required. Expenses incurred in defense may be paid in advance upon receipt by the corporation of a written affirmation by the director of his good faith belief that he has met the applicable standard of conduct required, a written undertaking by or on behalf of the director to repay such advance if it is ultimately determined that he did not meet the standard of conduct, and a determination that the facts then known to those making the determination would not preclude indemnification under the statute. The indemnification provided by statute shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled under any by-law, agreement, vote of shareholders or disinterested directors, or otherwise, which shall inure to the benefit of the heirs, executors and administrators of such a person. Insurance may be purchased on behalf of any person entitled to indemnification by the corporation against any liability incurred in an official capacity regardless of whether the person could be indemnified under the statute.

(a) Columbia Healthcare System of Louisiana, Inc., HCA Health Services of Louisiana, Inc. and Notami Hospitals of Louisiana, Inc. are incorporated under the laws of Louisiana.

Sections 1-850 through 1-859 of the Louisiana Business Corporation Act, or LCBA, provide, in part, that a corporation may indemnify each of its current or former directors and officers (each, an indemnitee) against liability (including judgments, settlements, penalties, fines, or reasonable expenses) incurred by the indemnitee in a proceeding to which the indemnitee is a party if the indemnitee acted in good faith and reasonably believed either (1) in the case of conduct in an official capacity, that the indemnitee's conduct was in the best interests of the corporation or (2) in all other cases, that the indemnitee's conduct was at least not opposed to the best interests of the corporation, and, with respect to any criminal proceeding, the indemnitee had no reasonable cause to believe his or her conduct was unlawful. Under the LBCA, a corporation may also advance expenses to the indemnitee provided that the indemnitee delivers (1) a written affirmation of his or her good faith belief that the relevant standard of conduct has been met or that the proceeding involves conduct for which liability has been eliminated and (2) a written undertaking to repay any funds advanced if (i) the indemnitee is not entitled to mandatory indemnification by virtue of being wholly successful, on the merits or otherwise, in the defense of any such proceeding and (ii) it is ultimately determined that the indemnitee has not met the relevant standard of conduct. In addition, a corporation has the power to obtain and maintain insurance with respect to any person who is or was acting on its behalf, regardless of whether a corporation has the legal authority to indemnify, or advance expenses to, the insured person with respect to such liability.

Under the LBCA, a corporation must indemnify any present or former director or officer of a corporation for expenses incurred in connection with the proceeding if such person was wholly successful, on the merits or otherwise, in defense of any proceeding, that he was a party to by virtue of the fact that he or she is or was a director or officer of the corporation. This mandatory indemnification requirement does not limit our right to permissibly indemnify a director or officer with respect to expenses of a partially successful defense of any proceeding.

The bylaws of each of the Louisiana corporations indemnify their officers and directors against all reasonable expense incurred by them in defending claims or suits, irrespective of the time of the occurrence of the claims or causes of action in such suits, made or brought against them as officers or directors of the corporation, and against all liability in such suits, except in such cases as involve gross negligence or willful misconduct in the performance of their duties. Such indemnification extends to the payment of judgments against such officers and directors and to reimbursement of amounts paid in settlement of such claims or actions and may apply to judgments in favor of the corporation or amounts paid in settlement to the corporation. Such indemnification also extends to the payment of counsel fees and expenses of such officers and directors in suits against them where successfully defended by them or where unsuccessfully defended, if there is no finding or judgment that the claim or action arose from the gross negligence or willful misconduct of such officers or directors. Such right of indemnification is not exclusive of any right to which such officer or director may be entitled as a matter of law and shall extend and apply to the estates of deceased officers and directors.

Under the applicable statutory provisions, the corporation may indemnify its directors or officers who were or are a party or are threatened to be made a party to any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative, by reason of the fact that they are or were directors or officers of the corporation, or are or were serving at the request of the corporation as directors or officers of another corporation, partnership, joint venture, trust, or other enterprise, against expenses, including attorneys' fees, judgments, fines, and amounts paid in settlement, actually and reasonably incurred by them in connection with the action, suit, or proceeding, unless it is ultimately determined by a court of competent jurisdiction that they breached their fiduciary duties by intentional misconduct, fraud, or a knowing violation of law or did not act in good faith and in a manner which they reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe their conduct was unlawful. In addition, the applicable statutory provisions mandate that the corporation indemnify its directors and officers who have been successful on the merits or otherwise in defense of any action, suit, or proceeding against expenses, including attorneys' fees, actually and reasonably incurred by them in connection with the defense. The corporation will advance expenses incurred by directors or officers in defending any such action, suit, or proceeding upon receipt of written confirmation from such officers or directors that they have met certain standards of conduct and an undertaking by or on behalf of such officers or directors to repay such advances if it is ultimately determined that they are not entitled to indemnification by the corporation.

The Tennessee Business Corporation Act (TBCA) sets forth in Sections 48-18-502 through 48-18-509 the circumstances governing the indemnification of directors and officers of a corporation against liability incurred in the course of their official capacities. Section 48-18-502 of the TBCA provides that a corporation may indemnify any director against liability incurred in connection with a proceeding if (i) the director acted in good faith, (ii) the director reasonably believed, in the case of conduct in his or her official capacity with the corporation, that such conduct was in the corporation's best interest, or, in all other cases, that his or her conduct was not opposed to the best interests of the corporation and (iii) in connection with any criminal proceeding, the director had no reasonable cause to believe that his or her conduct was unlawful. In actions brought by or in the right of the corporation, however, the TBCA provides that no indemnification may be made if the director or officer is adjudged to be liable to the corporation. Similarly, the TBCA prohibits indemnification in connection with any proceeding charging improper personal benefit to a director, if such director is adjudged liable on the basis that a personal benefit was improperly received. In cases where the director is wholly successful, on the merits or otherwise, in the defense of any proceeding instigated because of his or her status as a director of a corporation, Section 48-18-503 of the TBCA mandates that the corporation indemnify the director against reasonable expenses incurred in the proceeding. Notwithstanding the foregoing, Section 48-18-505 of the TBCA provides that a court of competent jurisdiction, upon application, may order that a director or officer be indemnified for reasonable expense if, in consideration of all relevant circumstances, the court determines that such individual is fairly and reasonably entitled to indemnification, whether or not the

standard of conduct set forth above was met. Officers who are not directors are entitled, through the provisions of Section 48-18-507 of the TBCA, to the same indemnification afforded to directors under Sections 48-18-503 and 48-18-505. Corporations are permitted to indemnify and advance expenses to an officer, employee or expert who is not a director to the extent, consistent with public policy, that may be provided in its charter, bylaws, action by its board, or contract.

Section 48-249-115(b) of the TLLCA provides that an LLC may indemnify any director (for a director-managed LLC), manager (for a manager-managed LLC), or member (for a member-managed LLC) (including when such person is serving at the LLC s request as a director, manager, officer, partner, trustee, employee or agent of another entity) (each, a responsible person) against liability incurred in connection with a proceeding if (i) the person acted in good faith, (ii) the person reasonably believed, in the case of conduct in his or her official capacity with the LLC, that such conduct was in the LLC s best interest, or, in all other cases, that his or her conduct was not opposed to the best interests of the LLC and (iii) in connection with any criminal proceeding, the responsible person had no reasonable cause to believe that his or her conduct was unlawful. In actions brought by or in the right of the LLC, however, the TLLCA provides that no indemnification may be made if the person is adjudged to be liable to the LLC. Similarly, the TLLCA prohibits indemnification in connection with any proceeding charging improper personal benefit to a responsible person, if such responsible person is adjudged liable on the basis that a personal benefit was improperly received. In cases where the responsible person is wholly successful, on the merits or otherwise, in the defense of any proceeding instigated because of his or her status as a responsible person, Section 48-249-115(c) of the TLLCA mandates that the LLC indemnify the responsible person against reasonable expenses incurred in the proceeding. Notwithstanding the foregoing, Section 48-249-115(e) of the TLLCA provides that a court of competent jurisdiction, upon application, may order that a responsible person be indemnified for reasonable expense if, in consideration of all relevant circumstances, the court determines that such individual is fairly and reasonably entitled to indemnification, whether or not the standard of conduct set forth above was met. A person may be indemnified within the above limitations against judgment and expenses that are reasonable and actually incurred by the person in connection with the proceeding; however, indemnification is limited to reasonable expenses actually incurred in a proceeding in which the person is found liable to the corporation or is found to have improperly received a personal benefit and shall not be made in respect of any proceeding in which the person shall have been found liable for willful or intentional misconduct in the performance of his duty to the corporation, breach of the person's duty of loyalty owed to the corporation or an act or omission not committed in good faith that constitutes a breach of a duty owed by the person to the corporation. Indemnification pursuant to Section 8.101 of the TBOC can be made by the corporation only upon a determination made in the manner prescribed by Section 8.103 of the TBOC that indemnification is proper in the circumstances because the party seeking indemnification has met the applicable standard of conduct for such indemnification.

Section 8.051 of the TBOC requires a corporation to indemnify a governing person, former governing person or person serving an outside enterprise at the corporation's request against reasonable expenses incurred in connection with a proceeding in which the person is a party because of the person's corporate position, if the person was wholly successful, on the merits or otherwise, in the defense of the proceeding.

Under certain circumstances, a corporation may also advance expenses to any of the above persons. Section 8.151 of the TBOC also permits a corporation to purchase and maintain insurance or to make other

arrangements on behalf of any of such persons against any liability asserted against and incurred by the person in such capacity, or arising out of the person's status as such a person, whether or not the corporation would have the powers to indemnify the person against the liability under applicable law.

The bylaws of each of the Texas corporations indemnify its officers and directors against all reasonable expense incurred by them in defending claims or suits, irrespective of the time of the occurrence of the claims or causes of action in such suits, made or brought against them as officers or directors of the corporation, and against all liability in such suits, except in such cases as involve gross negligence or willful misconduct in the performance of their duties. Such indemnification extends to the payment of judgments against such officers and directors and to reimbursement of amounts paid in settlement of such claims or actions and may apply to judgments in favor of the corporation or amounts paid in settlement to the corporation. Such indemnification also extends to the payment of counsel fees and expenses of such officers and directors in suits against them where successfully defended by them or where unsuccessfully defended, if there is no finding or judgment that the claim or action arose from the gross negligence or willful misconduct of such officers or directors. Such right of indemnification is not exclusive of any right to which such officer or director may be entitled as a matter of law and shall extend and apply to the estates of deceased officers and directors.

represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following

communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

II-27

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of HCA Healthcare, Inc.'s annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(7) To file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Securities and Exchange Commission under Section 305(b)(2) of the Trust Indenture Act.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

This document contains forward-looking statements that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as expects, anticipates, intends, plans, believes, seeks, or will. Forward-looking statements by their nature address matters that are, to different degrees, uncertain. For us, particular uncertainties arise from changes in the demand for our coal by the domestic electric generation industry; from legislation and regulations relating to the Clean Air Act and other environmental initiatives; from operational, geological, permit, labor and weather-related factors; from fluctuations in the amount of cash we generate from operations; from future integration of acquired businesses; and from numerous other matters of national, regional and global scale, including those of a political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different than those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required by law. For a description of some of the risks and uncertainties that may affect our future results, see Risk Factors in Part II of this Form 10-Q, Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2010 and in the Quarterly Reports on Form 10-Q that we have filed during interim periods.

Overview

Arch Coal is one of the world's largest coal producers by volume. We sell the majority of our coal as steam coal to power plants and industrial facilities. We also sell metallurgical coal used in steel production, a market that we've expanded into further with the acquisition of International Coal Group, Inc. (ICG) in June 2011. On June 15, we acquired ICG's 1.1 billion ton, predominantly underground reserve base, of which nearly 30% is metallurgical-quality coal; twelve mining complexes and one development project in Appalachia, and one mining complex in Illinois. The acquisition of ICG added low-cost, high-quality metallurgical coal to our product mix and will create substantial synergies with our existing operations.

Growth in domestic and global coal demand combined with coal supply constraints in many traditional coal exporting countries have benefited coal markets, and we expect coal markets to remain tight throughout the remainder of 2011, and additional tightening in the domestic market as 2011 progresses.

Global steel utilization reached pre-recessionary levels in the second quarter. We expect metallurgical coal production to increase in coming years to meet the increasing steel demand for infrastructure in both developing economies, such as China and Brazil, and mature economies, particularly Japan, where significant rebuilding will be necessary after the earthquake and tsunami. As in metallurgical coal markets, U.S. steam coal is also migrating offshore to meet the continuing growth in global coal demand to fuel electricity generation.

Domestic power demand so far in 2011 is even with last year, through the third week of July, according to the Edison Electric Institute. U.S. coal consumption through May has declined due to strong contributions from other fuel sources, but is expected to increase meaningfully during the summer burn season, particularly in light of hot summer temperatures across much of the country in recent weeks. U.S. coal production in the first half of 2011 remained essentially flat versus a year ago, according to recently released MSHA data and company estimates. Shipments out of the PRB region fell to the lowest quarterly level since the depth of the recession in 2009. Flooding of the Missouri and Mississippi rivers disrupted shipments in the Powder River Basin and the Illinois Basin, and have resulted in a further reduction in generator stockpiles. These disruptions resulted in a loss of shipments from our PRB operations during the second quarter of 2011, with continuing impacts in the third quarter.

In response to the global steam coal demand, we have expanded our seaborne sales and have shipped steam coal to Europe, South America, and Asia. Each of our operating segments is participating in the expansion of seaborne shipments, utilizing ports on the East and West Coasts as well through the Gulf of Mexico.

After geologic issues at our Mountain Laurel mine in Central Appalachia caused the temporary idling of our longwall at the mine during the first quarter of 2011, we resumed longwall production on April 17. Including the shipments from the acquired ICG operations, we expect to ship approximately 9 million tons of metallurgical-quality coal in 2011.

Table of Contents**Results of Operations*****Three Months Ended June 30, 2011 Compared to Three Months Ended June 30, 2010***

Summary. Our results during the second quarter of 2011 when compared to the second quarter of 2010 were impacted positively by the contribution from the acquired ICG operations and the impact of higher average sales realizations as a result of improved market conditions, but these factors were offset by the acquisition, transition and financing costs necessary to complete the acquisition, as well as higher per-ton production costs.

Revenues. The following table summarizes information about coal sales during the three months ended June 30, 2011 and compares it with the information for the three months ended June 30, 2010:

	Three Months Ended June 30		Increase (Decrease)	
	2011	2010	Amount	%
	(Amounts in thousands, except per ton data and percentages)			
Coal sales	\$ 985,087	\$ 764,295	\$ 220,792	28.9%
Tons sold	37,126	38,340	(1,214)	(3.2)%
Coal sales realization per ton sold	\$ 26.53	\$ 19.93	\$ 6.60	33.1%

Coal sales increased in the second quarter of 2011 from the second quarter of 2010, primarily due to an increase in the overall average price per ton sold, the result of an increase in the volumes and pricing of metallurgical-quality coal sold, higher steam pricing in all regions and the impact of changes in regional mix on our average coal sales realization. Overall sales volume decreased slightly as lower sales volumes in the Powder River Basin offset the increases in the Appalachia and Western Bituminous regions. The contribution from the acquired ICG operations was \$48.0 million of coal sales revenues for the second quarter of 2011. We have provided more information about the tons sold and the coal sales realizations per ton by operating segment under the heading *Operating segment results*.

Costs, expenses and other. The following table summarizes costs, expenses and other components of operating income for the three months ended June 30, 2011 and compares it with the information for the three months ended June 30, 2010:

	\$ 882,270	\$ 657,796	\$ (224,474)	(34.1)%

Cost of coal sales. Our cost of coal sales increased in 2011 from 2010 primarily due to the acquisition of the ICG operations, higher per-ton production costs, an increase in transportation costs of approximately \$27 million, primarily as a result of the increase in export shipments, and an increase in sales-sensitive costs of approximately \$20 million. We have provided more information about our operating segments under the heading *Operating segment results* .

Depreciation, depletion and amortization. When compared with 2010, higher depreciation, depletion and amortization costs in 2011 resulted primarily from the acquisition of the ICG operations in mid-June.

Amortization of acquired sales contracts, net. The fair values of acquired sales contracts are amortized over the tons of coal shipped during the term of the contracts. In 2011, amortization expense related to contracts we acquired in 2009 with the Jacobs Ranch operations in the PRB was mostly offset by amortization income related to the contracts we acquired with the ICG operations. We estimate that net amortization income will be approximately \$41 million in the second half of 2011,

Table of Contents

based on preliminary estimates of contract values and shipment levels, though we expect the amounts to drop off substantially in future years. These estimates could change substantially once the final contract valuations are completed.

Selling, general and administrative expenses. The decrease in selling, general and administrative expenses in 2011 is due primarily to a charitable contribution to the Arch Coal Foundation of \$5.0 million in 2010 and a decrease in costs related to the investment performance in our deferred compensation plan. These were partially offset by higher compensation-related costs from an increase in headcount and an increase in professional services fees.

Change in fair value of coal derivatives and coal trading activities, net. Net (gains) losses relate to the net impact of our coal trading activities and the change in fair value of other coal derivatives that have not been designated as hedge instruments in a hedging relationship. In 2010, rising coal prices resulted in unrealized losses on positions held to manage risk, but that were not designated in a hedge relationship.

Acquisition and transition costs related to ICG. Expenses represent costs to complete the acquisition of \$27.9 million, severance costs of \$13.5 million and the write off of the \$7.3 million value of a preparation plant and loadout of an acquired ICG mining operation. The acquired operation has been combined with an existing operation of the Company, and will utilize an existing facility.

Gain on Knight Hawk transaction. Represents the gain recognized on our exchange in the second quarter of 2010 of Illinois Basin reserves for an additional ownership interest in Knight Hawk, an equity method investee operating in the Illinois Basin.

Other operating income, net. When compared with 2010, other operating income in 2011 includes \$1.8 million generated by acquired ICG operations, primarily royalties and ash disposal income, and an increase in net income from equity method investees of \$0.7 million, mostly offset by an increase in commercial-related expenses.

- (1) Coal sales prices per ton exclude certain transportation costs that we pass through to our customers. We use these financial measures because we believe the amounts as adjusted better represent the coal sales prices we achieved within our operating segments. Since other companies may calculate coal sales prices per ton differently, our calculation may not be comparable to similarly titled measures used by those companies. For the three months ended June 30, 2011, transportation costs per ton were \$0.26 for the Powder River Basin, \$4.47 for the Western Bituminous region and \$6.95 for Central Appalachia. For the three months ended June 30, 2010, transportation costs per ton were \$0.09 for the Powder River Basin, \$0.16 for the Western Bituminous region and \$5.66 for Central Appalachia.
- (2) Operating margin per ton sold is calculated as coal sales revenues less cost of coal sales and depreciation, depletion and amortization divided by tons sold.

- (3) Adjusted EBITDA is defined as net income attributable to the Company before the effect of net interest expense, income taxes, depreciation, depletion and amortization and the amortization of acquired sales contracts. Adjusted EBITDA is also adjusted for costs related to acquisitions and financing transactions. Segment Adjusted EBITDA is reconciled to net income at the end of this Results of Operations section.

Powder River Basin Segment Adjusted EBITDA of \$82.2 million for the second quarter of 2011 was flat when compared with 2010 despite higher average coal sales realizations, which reflected the improved coal markets. The improved prices were offset by lower sales volumes in the Powder River Basin in 2011 when compared with 2010, primarily the result of the flooding in the Midwest, and higher production and sales-sensitive costs. Higher production costs were the result of higher labor, maintenance and diesel costs.

Appalachia Segment Adjusted EBITDA was \$122.2 million in 2011, or approximately 65% higher than in 2010, primarily due to an increase in the volumes and pricing of metallurgical-quality coal sold and the ICG acquisition. We sold approximately 1.8 million tons of metallurgical-quality coal in 2011 compared to 1.5 million tons in 2010. Lower metallurgical volumes from the Mountain Laurel mine as a result of the geologic issues that continued into the second quarter were offset by the acquisition of ICG and an increase in metallurgical volumes sold from other Arch operations. The benefit from higher per-ton realizations in 2011, net of sales sensitive costs, and the acquisition of ICG drove the improvement in our operating margins over 2010, partially offset by the impacts of the Mountain Laurel longwall outage, higher diesel costs, and an increase in production at higher cost mines on our average per-ton production costs.

Western Bituminous Segment Adjusted EBITDA was \$65.8 million in 2011, or 104% higher than 2010, reflecting higher sales volumes and improved pricing resulting from increased demand from the Eastern U.S. and export markets for coal from the Western Bituminous region. Effective cost control in the region and slightly higher production levels reduced our per-ton operating costs, which also contributed to the improved results in 2011.

Net interest expense. The following table summarizes our net interest expense for the three months ended June 30, 2011 and compares it with the information for the three months ended June 30, 2010:

The increase in interest expense during 2011 when compared with 2010 is the result of the ICG acquisition financing. See further discussion in Liquidity and Capital Resources.

Coal sales increased in the first half of 2011 from the first half of 2010, due to an increase in the overall average price per ton sold, primarily from the effect of an increase in the volumes and pricing of metallurgical-quality coal sold, higher steam pricing in all regions and the impact of changes in regional mix on our average coal sales realization, in addition to the contribution from the ICG operations acquired. Cost of coal sales. Our cost of coal sales increased in 2011 from 2010 primarily due to the acquisition of the ICG operations, higher per-ton production costs, an increase in transportation costs of approximately \$47 million, primarily as a result of the increase in export shipments, and an increase in sales-sensitive costs of approximately \$32 million. We have provided more information about our operating segments under the heading *Operating segment results* .

Depreciation, depletion and amortization. When compared with 2010, higher depreciation, depletion and amortization costs in 2011 resulted primarily from the acquired ICG operations, offset by the impact of lower depreciation and amortization on assets amortized or depleted on the basis of tons produced.

Adjusted EBITDA is also adjusted for costs related to acquisitions and financing transactions. Segment Adjusted EBITDA is reconciled to net income at the end of this Results of Operations section.

Powder River Basin Segment Adjusted EBITDA was \$176.0 million, or 16%, higher in 2011 than in 2010 due to higher average coal sales realizations, reflecting the improved coal markets. The decrease in sales volumes in the Powder River Basin in 2011 when compared with 2010 resulted primarily from our selective approach to sales commitments in the PRB and the flooding in the Midwest in the second quarter. Partially offsetting the increase in average realizations was an increase in labor, maintenance and diesel costs and an increase in sales-sensitive costs, due to the increased realizations.

Appalachia Segment Adjusted EBITDA was \$200.2 million in 2011, or 52% higher than in 2010, affected primarily by an increase in the volumes and pricing of metallurgical-quality coal sold and the acquisition of ICG. The contribution from acquired ICG and other Arch mines made up the volume impact from the longwall outage at Mountain Laurel during the first quarter and continuing through the middle of April. We sold more than 3.0 million tons of metallurgical-quality coal in 2011 compared to 2.4 million tons in 2010. The benefit from higher per-ton realizations in 2011, net of sales sensitive costs, drove the improvement in our operating margins over 2010, partially offset by the impacts of the Mountain Laurel longwall outage, higher diesel costs, and an increase in production at higher cost mines on our average per-ton production costs.

Western Bituminous Segment Adjusted EBITDA was \$113.2 million in 2011, or 74% higher than 2010, reflecting higher sales volumes and improved pricing resulting from increased demand from the Eastern U.S. and export markets for coal from the Western Bituminous region. Effective cost control in the region and slightly higher production levels reduced our per-ton operating costs, which also contributed to the improved results in 2011, when compared with the first half of 2010, when two outages affected production at the Dugout Canyon mine.

Net interest expense. The following table summarizes our net interest expense for the six months ended June 30, 2011 and compares it with the information for the six months ended June 30, 2010:

Interest income	1,501	961	540	56.2%
	\$ (75,328)	\$ (69,247)	\$ (6,081)	(8.8)%

The increase in interest expense during 2011 when compared with 2010 is the result of the ICG acquisition financing. See further discussion in Liquidity and Capital Resources.

Other non-operating expenses during the second quarter of 2011 represent financing-related costs of the ICG acquisition, including the cost to maintain a bridge financing facility, which was not used.

Reconciliation of Segment Adjusted EBITDA to Net Income

The discussion in *Results of Operations* includes references to our Adjusted EBITDA results. Adjusted EBITDA is defined as net income attributable to the Company before the effect of net interest expense, income taxes, depreciation, depletion and amortization and the amortization of acquired sales contracts. Adjusted EBITDA is also adjusted for costs related to acquisitions and financing transactions. We believe that Adjusted EBITDA presents a useful measure of our ability to service and incur debt based on ongoing operations. Investors should be aware that our presentation of Adjusted EBITDA may not be comparable to similarly titled measures used by other companies. The table below shows how we reconcile Adjusted EBITDA to net income attributable to Arch Coal.

Liquidity and capital resources

Our primary sources of cash are coal sales to customers, borrowings under our credit facilities and other financing arrangements, and debt and equity offerings related to significant transactions. Excluding any significant mineral reserve acquisitions, we generally satisfy our working capital requirements and fund capital expenditures and debt-service obligations with cash generated from operations or borrowings under our lines of credit. The borrowings under these arrangements are classified as current if the underlying credit facilities expire within one year or if, based on cash projections and management plans, we do not have the intent to replace them on a long-term basis. Such plans are subject to change based on our cash needs.

We believe that cash generated from operations and borrowings under our credit facilities or other financing arrangements will be sufficient to meet working capital requirements, anticipated capital expenditures and scheduled debt payments for at least the next several years. We manage our exposure to changing commodity prices for our non-trading, long-term coal contract portfolio through the use of long-term coal supply agreements. We enter into fixed price, fixed volume supply contracts with terms greater than one year with customers with whom we have historically had limited collection issues. Our ability to satisfy debt service obligations, to fund planned capital expenditures, to make acquisitions, to repurchase our common shares and to pay dividends will depend upon our future operating performance, which will be affected by prevailing economic conditions in the coal industry and financial, business and other factors, some of which are beyond our control.

In June 2011, we issued equity and debt securities to finance the ICG acquisition. On June 8, 2011, we sold 48 million shares of our common stock at a public offering price of \$27.00 per share pursuant to an automatically effective shelf registration statement on Form S-3 and prospectus previously filed. On July 8, 2011, we issued an additional 0.7 million shares of our common stock under the same terms and conditions to cover underwriters' over-allotments for net proceeds of \$18.4 million. On June 14, 2011, we issued \$1.0 billion in aggregate principal amount of 7.0% senior unsecured notes due in 2019 at par and \$1.0 billion in aggregate principal amount of 7.25% senior unsecured notes due in 2021 at par. We secured bridge financing to ensure that funds would be available to us, if needed, to close the transaction. While we did not draw on the line of credit, we incurred bridge financing costs of \$49.9 million related to the bridge financing.

2019 and 2021 Senior Notes

Interest is payable on the 2019 Notes and 2021 Notes on June 15 and December 15 of each year, commencing December 15, 2011. At any time prior to June 15, 2014, we may redeem up to 35% of the aggregate principal amount of each of the 2019 Notes and 2021 Notes, plus accrued and unpaid interest, with the net proceeds from certain equity offerings. We may redeem the 2019 Notes prior to June 15, 2015 and the 2021 Notes prior to June 15, 2016 at the respective make-whole prices set forth in the indenture. On or after June 15, 2015, we may redeem the 2019 Notes for cash at redemption prices, reflected as a percentage of the principal amount, of: 103.5% from June 15, 2015 through June 14, 2016; 101.75% from June 15, 2016 through June 14, 2017; and 100% beginning on June 15, 2017. On or after June 15, 2016, we may redeem the 2021 Notes for cash at redemption prices, reflected as a percentage of the principal amount, of: 103.625% from June 15, 2016 through June 14, 2017; 102.417% from June 15, 2017 through June 14, 2018; 101.208% from June 15, 2018 through June 14, 2019 and 100% beginning on June 15, 2019. In each case, accrued and unpaid interest at the redemption date is due upon redemption. Upon a change in control, we are required to make a tender offer for both series of notes at a price of 101% of the principal amount.

The 2019 Notes and 2021 Notes are guaranteed by substantially all of our subsidiaries, including the newly acquired subsidiaries of ICG and excluding Arch Western, its subsidiaries and Arch Receivable Company, LLC. We incurred financing fees of \$44.2 million related to the issuance of these notes.

We entered into a registration rights agreement (the "Registration Rights Agreement") in connection with the 2019 Notes and 2021 Notes. Pursuant to the Registration Rights Agreement, we agreed to file a registration statement with the Securities and Exchange Commission to exchange a like aggregate principal amount of senior notes identical in all material respects to the 2019 and 2021 Notes. Pursuant to the Registration Rights Agreement, we must make reasonable best efforts to cause the registration statement to become effective by June 13, 2012. Should those events not occur within the specified time frame, the interest rate shall be increased by one-quarter of one percent per annum for the first 90 days following such period. Such interest rate will increase by an additional one-quarter of one percent per annum thereafter up to a maximum aggregate increase of one percent per annum. Once any of the required events occur, the interest rate will revert to the rate specified in the indenture.

ICG Debt

Upon the closing of the acquisition, we gave our 30-day redemption notice to the Trustee of ICG's 9.125% senior notes and legally discharged our obligation under the 9.125% senior notes by depositing the funds to redeem the debt with the Trustee. On July 14, 2011, all of the outstanding 9.125% senior notes were redeemed at an aggregate price of \$251.4 million, including the required make-whole premium, plus accrued interest of \$5.2 million.

At the acquisition date, ICG's 4.00% convertible senior notes with a fair value of \$298.5 million and 9.00% convertible senior notes with a fair value of \$1.7 million (convertible notes) became convertible into cash, pursuant to the amended

Table of Contents

indentures governing the convertible notes, at a calculated conversion rate of \$2,614.6848 for each \$1,000 in principal amount surrendered for conversion for the 4.00% convertible notes and \$2,392.73414 for the 9.00% convertible notes. As of July 31, 2011, the conversion value of the convertible notes outstanding was \$4.5 million.

Other ICG debt, with a fair value of approximately \$54.0 million at the acquisition date, consisted mainly of individually insignificant equipment notes and insurance notes payable. The remaining balance of other ICG debt was \$5.2 million at June 30, 2011.

We recognized a net loss of approximately \$0.3 million on the early extinguishment of ICG's debt, including the conversions of the 4.00% and 9.00% convertible notes described above.

Credit Facilities

On June 14, 2011, we amended and restated our secured credit facility to allow for up to \$2.0 billion in borrowings. Borrowings under this credit facility bear interest at a floating rate based on a LIBOR determined by reference to our leverage ratio, as calculated in accordance with the credit agreement. The credit facility has a five-year term that expires on June 14, 2016 and is secured by substantially all of our assets as well as our ownership interests in substantially all of our subsidiaries, excluding our ownership interests in Arch Western and its subsidiaries. Commitment fees of 0.50% per annum are payable on the average unused daily balance of the revolving credit facility. We paid and deferred \$20.7 million in financing fees related to the amendment of this agreement.

On June 14, 2011, we terminated our commercial paper placement program and the supporting credit facility.

Availability

As of June 30, 2011 we had \$360.0 million of borrowings outstanding under the amended revolving credit facility. The revolving credit facility contains customary financial covenants that limit the Company's total debt based on defined earnings measurements. As of June 30, 2011, the Company had availability of approximately \$1.1 billion under all lines of credit, as limited by these covenants. The Company also had outstanding letters of credit of \$76.2 million as of June 30, 2011.

During the six months ended June 30, 2011, our debt-to-capitalization ratio (defined as total net debt divided by the sum of total net debt and equity) was 52%.

We have filed a universal shelf registration statement on Form S-3 with the SEC that allows us to offer and sell from time to time an unlimited amount of unsecured debt securities consisting of notes, debentures, and other debt securities, common stock, preferred stock, warrants, and/or units. Related proceeds could be used for general corporate purposes, including repayment of other debt, capital expenditures, possible

acquisitions and any other purposes that may be stated in any related prospectus supplement.

The following is a summary of cash provided by or used in each of the indicated types of activities:

	Six Months Ended June 30,	
	2011	2010
	(Dollars in thousands)	
Cash provided by (used in):		
Operating activities	\$ 314,200	\$ 259,355
Investing activities	(3,154,779)	(209,444)
Financing activities	2,829,331	(54,083)

Cash provided by operating activities increased in the first of 2011 compared to the first half of 2010. The increase is primarily due to higher operating income, partially offset by a build in coal inventories.

We used approximately \$2.9 billion more cash in investing activities in the first half of 2011 compared to the amount used in the first half of 2010, due to the acquisition of ICG. The increase was slightly offset by a decrease of \$64.2 million in capital expenditures in 2011.

Table of Contents

Cash provided by financing activities was \$2.8 billion in the first half of 2011, compared to the cash used in financing activities during the first half of 2010 of \$54.1 million. The change is a result of the proceeds from ICG acquisition financing transactions. We paid financing costs of \$112.3 million in conjunction with these transactions. We also paid dividends of \$34.2 million in the six months ended June 30, 2011 and \$30.9 million in the six months ended June 30, 2010.

Ratio of Earnings to Fixed Charges

The following table sets forth our ratios of earnings to combined fixed charges and preference dividends for the periods indicated:

	Six Months Ended June 30

Ratio of earnings to combined fixed charges and preference dividends	1.67x	1.96x

Critical Accounting Policies

For a description of our critical accounting policies, see Critical Accounting Policies under Item 7 of our Annual Report on Form 10-K for the year ended December 31, 2010. There have been no significant changes to our critical accounting policies during the three months ended June 30, 2011.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

We manage our commodity price risk for our non-trading, long-term coal contract portfolio through the use of long-term coal supply agreements, and to a limited extent, through the use of derivative instruments. Our commitments for the full year 2011 and 2012 are as follows:

(Tons in millions)	2011		2012	
	Tons	Price	Tons	Price
<i>Powder River Basin</i>				
Committed, priced	115.4	\$ 13.57	81.5	\$ 14.23
Committed, unpriced	2.3		11.0	
<i>Appalachia</i>				
Committed, priced (Coking, PCI)	7.8	\$ 121.29	0.6	\$ 136.90
Committed, priced (Steam)	12.1	\$ 66.43	7.2	\$ 67.84
<i>Western Bituminous</i>				
Committed, priced	18.0	\$ 35.61	11.3	\$ 38.88

We are exposed to commodity price risk in our coal trading activities, which represents the potential future loss that could be caused by an adverse change in the market value of coal. Our coal trading portfolio included forward, swap and put and call option contracts at June 30,

Edgar Filing: HCA Healthcare, Inc. - Form S-3ASR

2011. The estimated future realization of the \$9.0 million fair value of the trading portfolio is 50% for the remainder of 2011 and 50% in 2012.

We monitor and manage market price risk for our trading activities with a variety of tools, including Value at Risk (VaR), position limits, management alerts for mark to market monitoring and loss limits, scenario analysis, sensitivity analysis and review of daily changes in market dynamics. Management believes that presenting high, low, end of year and average VaR is the best available method to give investors insight into the level of commodity risk of our trading positions. Illiquid positions, such as long-dated trades that are not quoted by brokers or exchanges, are not included in VaR.

VaR is a statistical one-tail confidence interval and down side risk estimate that relies on recent history to estimate how the value of the portfolio of positions will change if markets behave in the same way as they have in the recent past. While presenting VaR will provide a similar framework for discussing risk across companies, VaR estimates from two independent sources are rarely calculated in the same way. Without a thorough understanding of how each VaR model was calculated, it would be difficult to compare two different VaR calculations from different sources. The level of confidence is 95%. The time across which these possible value changes are being estimated is through the end of the next business day. A closed-form delta-neutral method used throughout the finance and energy sectors is employed to calculate this VaR. VaR is back tested to verify usefulness.

Table of Contents

On average, portfolio value should not fall more than VaR on 95 out of 100 business days. Conversely, portfolio value declines of more than VaR should be expected, on average, 5 out of 100 business days. When more value than VaR is lost due to market price changes, VaR is not representative of how much value beyond VaR will be lost.

During the six months ended June 30, 2011, VaR ranged from \$0.7 million to \$2.1 million. The linear mean of each daily VaR was \$1.4 million. The final VaR at June 30, 2011 was \$0.9 million.

We are also exposed to the risk of fluctuations in cash flows related to our purchase of diesel fuel. We use approximately 75 to 85 million gallons of diesel fuel annually in our operations. We enter into forward physical purchase contracts, as well as heating oil swaps and options, to reduce volatility in the price of diesel fuel for our operations. At June 30, 2011, we had protected the price of approximately 70% of its remaining expected purchases for fiscal year 2011 and 41% for fiscal year 2012, mostly through the use of derivative instruments. Since the changes in the price of heating oil are highly correlated to changes in the price of the hedged diesel fuel purchases, the heating oil swaps and purchased call options qualify for cash flow hedge accounting. Accordingly, changes in the fair value of the derivatives are recorded through other comprehensive income, with any ineffectiveness recognized immediately in income. At June 30, 2011, a \$0.25 per gallon decrease in the price of heating oil would result in an approximate \$1.1 million increase in our expense related to the heating oil derivatives, which, if realized, would be offset by a decrease in the cost of our physical diesel purchases.

We are exposed to market risk associated with interest rates due to our existing level of indebtedness. At June 30, 2011, of our principal amount of debt outstanding, \$360.0 million of outstanding borrowings have interest rates that fluctuate based on changes in the market rates. A one percentage point increase in the interest rates related to these borrowings would result in an annualized increase in interest expense of \$3.6 million.

Item 4. Controls and Procedures.

We performed an evaluation under the supervision and with the participation of our management, including our chief executive officer and chief financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of June 30, 2011. Based on that evaluation, our management, including our chief executive officer and chief financial officer, concluded that the disclosure controls and procedures were effective as of such date.

On June 15, 2011, we completed our acquisition of ICG. While management does not expect significant changes to our financial reporting processes and related internal controls as a result of the ICG acquisition, it will take time for us to fully complete the integration of ICG's information systems and personnel with ours. Integration efforts have commenced and are continuing as of June 30, 2011.

There have not been any other significant changes in our internal control over financial reporting during the fiscal quarter to which this report relates that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II

OTHER INFORMATION

Item 1. Legal Proceedings

We are involved in various claims and legal actions arising in the ordinary course of business, including employee injury claims. After conferring with counsel, it is the opinion of management that the ultimate resolution of these claims, to the extent not previously provided for, will not have a material adverse effect on our consolidated financial condition, results of operations or liquidity.

Permit Litigation Matters

As described in our Annual Report on Form 10-K for the fiscal year ended December 31, 2010, surface mines at our Mingo Logan and Coal-Mac mining operations were identified in an existing lawsuit brought by the Ohio Valley Environmental Coalition (OVEC) in the U.S. District Court for the Southern District of West Virginia as having been granted Clean Water Act § 404 permits by the Army Corps of Engineers (Corps), allegedly in violation of the Clean Water Act and the National Environmental Policy Act.

The lawsuit, brought by OVEC in September 2005, originally was filed against the Corps for permits it had issued to four subsidiaries of a company unrelated to us or our operating subsidiaries. The suit claimed that the Corps had issued permits

Table of Contents

to the subsidiaries of the unrelated company that did not comply with the National Environmental Policy Act and violated the Clean Water Act.

The court ruled on the claims associated with those four permits in orders of March 23 and June 13, 2007. In the first of those orders, the court rescinded the four permits, finding that the Corps had inadequately assessed the likely impact of valley fills on headwater streams and had relied on inadequate or unproven mitigation to offset those impacts. In the second order, the court entered a declaratory judgment that discharges of sediment from the valley fills into sediment control ponds constructed in-stream to control that sediment must themselves be permitted under a different provision of the Clean Water Act, § 402, and meet the effluent limits imposed on discharges from these ponds. Both of the district court rulings were appealed to the U.S. Court of Appeals for the Fourth Circuit.

Before the court entered its first order, the plaintiffs were permitted to amend their complaint to challenge the Coal-Mac and Mingo Logan permits. Plaintiffs sought preliminary injunctions against both operations, but later reached agreements with our operating subsidiaries that have allowed mining to progress in limited areas while the district court's rulings were on appeal. The claims against Coal-Mac were thereafter dismissed.

In February 2009, the Fourth Circuit reversed the District Court. The Fourth Circuit held that the Corps' jurisdiction under Section 404 of the Clean Water Act is limited to the narrow issue of the filling of jurisdictional waters. The court also held that the Corps' findings of no significant impact under the National Environmental Policy Act and no significant degradation under the Clean Water Act are entitled to deference. Such findings entitle the Corps to avoid preparing an environmental impact statement, the absence of which was one issue on appeal. These holdings also validated the type of mitigation projects proposed by our operations to minimize impacts and comply with the relevant statutes. Finally, the Fourth Circuit found that stream segments, together with the sediment ponds to which they connect, are unitary waste treatment systems, not waters of the United States, and that the Corps had not exceeded its authority in permitting them.

The Ohio Valley Environmental Coalition sought rehearing before the entire appellate court, which was denied in May, 2009, and the decision was given legal effect in June 2009. An appeal to the U.S. Supreme Court was then filed in August 2009. On August 3, 2010 OVEC withdrew its appeal.

Mingo Logan filed a motion for summary judgment with the district court in July 2009, asking that judgment be entered in its favor because no outstanding legal issues remained for decision as a result of the Fourth Circuit's February 2009 decision. By a series of motions, the United States obtained extensions and stays of the obligation to respond to the motion in the wake of its letters to the Corps dated September 3 and October 16, 2009 (discussed below). By order dated April 22, 2010, the District Court stayed the case as to Mingo Logan for the shorter of either six months or the completion of the U.S. Environmental Protection Agency's (the EPA) proposed action to deny Mingo Logan the right to use its Corps permit (as discussed below).

On October 15, 2010, the United States moved to extend the existing stay for an additional 120 days (until February 22, 2011) while the EPA Administrator reviews the Recommended Determination issued by EPA Region 3. By Memorandum Opinion and Order dated November 2, 2010, the court granted the United States' motion. On January 13, 2011, EPA issued its Final Determination to withdraw the specification of two of the three watersheds as a disposal site for dredged or fill material approved under the current Section 404 permit. The court has been notified of the Final Determination and by order dated March 21, 2011 stayed further proceedings in the case until further order of the court, in light of the challenge to EPA's Final Determination currently pending in federal court in Washington, DC (as described below).

EPA Actions related to water discharges from the Spruce Permit

As described in our Annual Report on Form 10-K for the fiscal year ended December 31, 2010, by letter of September 3, 2009, the EPA asked the Corps of Engineers to suspend, revoke or modify the existing permit it issued in January 2007 to Mingo Logan under Section 404 of the Clean Water Act, claiming that new information and circumstances have arisen which justify reconsideration of the permit. By letter of September 30, 2009, the Corps of Engineers advised the EPA that it would not reconsider its decision to issue the permit. By letter of October 16, 2009, the EPA advised the Corps that it has reason to believe that the Mingo Logan mine will have unacceptable adverse impacts to fish and wildlife resources and that it intends to issue a public notice of a proposed determination to restrict or prohibit discharges of fill material that already are approved by the Corps permit. By federal register publication dated April 2, 2010, EPA issued its Proposed

Table of Contents

Determination to Prohibit, Restrict or Deny the Specification, or the Use for Specification of an Area as a Disposal Site: Spruce No. 1 Surface Mine, Logan County, WV pursuant to Section 404(c) of the Clean Water Act. EPA accepted written comments on its proposed action (sometimes known as a veto proceeding), through June 4, 2010 and conducted a public hearing, as well, on May 18, 2010. We submitted comments on the action during this period. On September 24, 2010, EPA Region 3 issued a Recommended Determination to the EPA Administrator recommending that EPA prohibit the placement of fill material in two of the three watersheds for which filling is approved under the current Section 404 permit. Mingo Logan, along with the Corps, West Virginia DEP and the mineral owner, engaged in a consultation with EPA as required by the regulations, to discuss corrective action to address the unacceptable adverse effects identified. On January 13, 2011, EPA issued its Final Determination pursuant to Section 404(c) of the Clean Water Act to withdraw the specification of two of the three watersheds approved in the current Section 404 permit as a disposal site for dredged or fill material. By separate action, Mingo Logan sued EPA on April 2, 2010 in federal court in Washington, D.C. seeking a ruling that EPA has no authority under the Clean Water Act to veto a previously issued permit (Mingo Logan Coal Company, Inc. v. USEPA, No. 1:10-cv-00541(D.D.C.)). EPA moved to dismiss that action, and we responded to that motion. The court has been notified of the Final Determination and on February 23, 2011 entered a scheduling order for summary disposition of the case.

Clean Water Act Request for Information

As described in our Annual Report on Form 10-K for the fiscal year ended December 31, 2010, in January 2008, we received a request from the EPA for certain information related to compliance with effluent limitations and water quality standards under Section 308 of the Clean Water Act applicable to our eastern mining complexes located in West Virginia, Virginia and Kentucky. The request focuses on our compliance with water quality standards and effluent limitations at numerous outfalls as identified in the various NPDES permits applicable to our eastern mining complexes for the period beginning on January 1, 2003 through January 1, 2008. The compliance reporting mechanism is contained in Discharge Monitoring Reports which are required to be prepared and submitted quarterly to state environmental agencies and contain detailed monthly compliance data. In July 2008, the EPA referred the request to the U.S. Department of Justice. We negotiated a compromise with the Department of Justice, the EPA, the West Virginia Department of Environmental Protection and Kentucky Energy and Environment Cabinet to fully and finally resolve the issues identified in the EPA's Section 308 Request for Information. The compromise is contained in a consent decree which includes certain elements of injunctive relief and a penalty in the amount of \$4 million. The consent decree must be approved by the U.S. District Court for the Southern District of West Virginia before it becomes effective.

Litigation Matters Related to International Coal Group, Inc.

On June 15, 2011, we acquired International Coal Group, Inc. (ICG) and its subsidiaries. The following matters related to certain claims and legal actions involving ICG and/or its subsidiaries.

As described in ICG's Annual Report on Form 10-K for the fiscal year ended December 31, 2010, on August 23, 2006, a survivor of the Sago mine accident, Randal McCloy, filed a complaint in the Kanawha Circuit Court in Kanawha County, West Virginia. The claims brought by Randal McCloy and his family against ICG and certain of its subsidiaries, and against W.L. Ross & Co., and Wilbur L. Ross, Jr., individually, were dismissed on February 14, 2008, after the parties reached a confidential settlement. Sixteen other complaints have been filed in Kanawha Circuit Court by the representatives of many of the miners who died in the Sago mine accident, and several of these plaintiffs have filed amended complaints to expand the group of defendants in the cases. The complaints allege various causes of action against ICG and its subsidiary, Wolf Run Mining Company, one of its shareholders, W.L. Ross & Co., and Wilbur L. Ross, Jr., individually, related to the accident and seek compensatory and punitive damages. In addition, the plaintiffs also allege causes of action against other third parties, including claims against the manufacturer of Omega block seals used to seal the area where the explosion occurred and against the manufacturer of self-contained self-rescuer (SCSR) devices worn by the miners at the Sago mine. Some of these third parties have been dismissed from the actions upon settlement. The amended complaints add other of ICG's subsidiaries to the cases, including ICG, Inc., ICG, LLC and Hunter Ridge Coal

Edgar Filing: HCA Healthcare, Inc. - Form S-3ASR

Company, unnamed parent, subsidiary and affiliate companies of ICG, W.L. Ross & Co., and Wilbur L. Ross, Jr., and other third parties, including a provider of electrical services and a supplier of components used in the SCSR devices. In addition to the dismissal of the McCloy claim, ICG has settled and dismissed five other actions. These settlements required the release of ICG, its subsidiaries, W.L. Ross & Co., and Wilbur L. Ross, Jr. ICG intends to vigorously defend itself against the remaining complaints. The court has scheduled the matter for trial beginning on April 16, 2012.

As described in ICG's Annual Report on Form 10-K for the fiscal year ended December 31, 2010, Allegheny Energy Supply (Allegheny), the sole customer of coal produced at our subsidiary Wolf Run Mining Company's (Wolf Run)

Table of Contents

Sycamore No. 2 mine, filed a lawsuit against Wolf Run, Hunter Ridge Holdings, Inc. (Hunter Ridge), and ICG in state court in Allegheny County, Pennsylvania on December 28, 2006, and amended its complaint on April 23, 2007. Allegheny claimed that Wolf Run breached a coal supply contract when it declared force majeure under the contract upon idling the Sycamore No. 2 mine in the third quarter of 2006, and that Wolf Run continued to breach the contract by failing to ship in volumes referenced in the contract. The Sycamore No. 2 mine was idled after encountering adverse geologic conditions and abandoned gas wells that were previously unidentified and unmapped. After extensive searching for gas wells and rehabilitation of the mine, it was re-opened in 2007, but with notice to Allegheny that it would necessarily operate at reduced volumes in order to safely and effectively avoid the many gas wells within the reserve. The amended complaint also alleged that the production stoppages constitute a breach of the guarantee agreement by Hunter Ridge and breach of certain representations made upon entering into the contract in early 2005. Allegheny voluntarily dropped the breach of representation claims later. Allegheny claimed that it would incur costs in excess of \$100 million to purchase replacement coal over the life of the contract. ICG, Wolf Run and Hunter Ridge answered the amended complaint on August 13, 2007, disputing all of the remaining claims.

On November 3, 2008, ICG, Wolf Run and Hunter Ridge filed an amended answer and counterclaim against the plaintiffs seeking to void the coal supply agreement due to, among other things, fraudulent inducement and conspiracy. On September 23, 2009, Allegheny filed a second amended complaint alleging several alternative theories of liability in its effort to extend contractual liability to ICG, which was not a party to the original contract and did not exist at the time Wolf Run and Allegheny entered into the contract. No new substantive claims were asserted. ICG answered the second amended complaint on October 13, 2009, denying all of the new claims. The Company's counterclaim was dismissed on motion for summary judgment entered on May 11, 2010. Allegheny's claims against ICG were also dismissed by summary judgment, but the claims against Wolf Run and Hunter Ridge were not. The court conducted a non-jury trial of this matter beginning on January 10, 2011 and concluding on February 1, 2011. At the trial, Allegheny presented its evidence for breach of contract and claimed that it is entitled to past and future damages in the aggregate of between \$228 million and \$377 million. Wolf Run and Hunter Ridge presented their defense of the claims, including evidence with respect to the existence of force majeure conditions and excuse under the contract and applicable law. Wolf Run and Hunter Ridge presented evidence that Allegheny's damages calculations were significantly inflated because it did not seek to determine damages as of the time of the breach and in some instances artificially assumed future non-delivery or did not take into account the apparent requirement to supply coal in the future. On May 2, 2011, the trial court entered a Memorandum and Verdict determining that Wolf Run had breached the coal supply contract and that the performance shortfall was not excused by force majeure. The trial court awarded total damages and interest in the amount of \$104.1 million. ICG and Allegheny have filed post-verdict motions in the trial court. The court's judgment on those motions is expected to be issued soon, after which we expect to appeal to the Pennsylvania appellate court, if necessary. No appeal bond is necessary while post-verdict motions are pending with the trial court, but an appeal bond equal to the damages assessed may have to be posted in the future.

As described in ICG's Annual Report on Form 10-K for the fiscal year ended December 31, 2010, on January 7, 2008, Saratoga Advantage Trust (Saratoga) filed a class action lawsuit in the U.S. District Court for the Southern District of West Virginia against ICG and certain of its officers and directors seeking unspecified damages. The complaint asserts claims under Sections 10(b) and 20(a) of the Securities Exchange Act of 1934, and Rule 10b-5 promulgated thereunder, based on alleged false and misleading statements in the registration statements filed in connection with ICG's November 2005 reorganization and December 2005 public offering of common stock. In addition, the complaint challenges other of ICG's public statements regarding its operating condition and safety record. On July 6, 2009, Saratoga filed an amended complaint asserting essentially the same claims but seeking to add an individual co-plaintiff. ICG has filed a motion to dismiss the amended complaint. In June 2011, ICG agreed to settle this matter for a total of \$1.375 million. On August 1, 2011, the court issued its order preliminarily approving settlement and scheduled a settlement fairness hearing on November 14, 2011.

As described in ICG's Annual Report on Form 10-K for the fiscal year ended December 31, 2010, on June 11, 2010, the West Virginia Department of Environmental Protection (WVDEP) filed suit against ICG Eastern, LLC (ICG Eastern) alleging violations of the West Virginia Water Pollution Control/National Pollutant Discharge Elimination System (WVNPDDES) and Surface Mine Permits for ICG Eastern's Birch River surface mine. The WVDEP alleges that ICG Eastern has failed to fully comply with the effluent limits for aluminum, manganese, pH, iron and selenium contained in its WVNPDDES permit. The complaint further alleges that violations of the WVNPDDES permit effluent limits have caused violations of water quality standards for the same parameters in the streams receiving the discharges from this mine. The WVDEP also alleges that violations of the effluent limits in the WVNPDDES permits are also violations of the regulations governing surface mining in West Virginia. ICG Eastern and the WVDEP executed a settlement agreement that will require ICG Eastern to pay a monetary penalty of \$0.2 million and accept the imposition of a compliance schedule related to selenium

and other water quality parameters. The settlement agreement was submitted to the Webster County Circuit Court on December 30, 2010, was made available for public comment by the WVDEP and was thereafter entered by the court on April 18, 2011. The settlement agreement resolves all of the WVDEP's claims in the suit, with the exception of certain alleged selenium effluent limit violations beginning after April 5, 2010 that are currently the subject of both administrative appeal board and state circuit court stays. The WVDEP has reserved its claims as to these alleged violations for its further consideration. WVDEP and ICG Eastern are currently negotiating a resolution related to the reserved claims.

As described in ICG's Quarterly Report on Form 10-Q for the period ended March 31, 2011, the Sierra Club et al, on March 23, 2011, filed a complaint against ICG Eastern in the U.S. District Court for the Northern District of West Virginia alleging violations of the Federal Water Pollution Control Act (the Clean Water Act) and the Surface Mining Control and Reclamation Act at ICG Eastern's Birch River surface mine. Specifically, the complaint alleges that ICG Eastern is discharging selenium in concentrations that violate ICG Eastern's WVNPDDES Permit and that the WVDEP has failed to diligently prosecute the violations. ICG Eastern filed a motion to dismiss on April 25, 2011, arguing that the Webster County Circuit Court's approval of the settlement agreement between it and the WVDEP precludes the action in federal court. By Memorandum Opinion and Order dated June 29, 2011, the court granted ICG Eastern's motion to dismiss and ordered the matter stricken from the active docket.

As described in ICG's Annual Report on Form 10-K for the period ended December 31, 2010, the Sierra Club, on December 3, 2010, filed a Notice of Intent (NOI) to sue ICG Hazard, LLC (Hazard) alleging violations of the Clean Water Act and the Surface Mining Control and Reclamation Act of 1977 at Hazard's Thunder Ridge surface mine. The NOI, which was supplemented by a revised filing on February 24, 2011, claims that Hazard is discharging selenium and contributing to conductivity levels in the receiving streams in violation of state and federal regulations. On May 24, 2011, the Sierra Club sued Hazard in U.S. District Court for the Eastern District of Kentucky under the Citizens Suit provisions of the Clean Water Act and the Surface Mining Control and Reclamation Act seeking civil penalties, injunctive relief and attorneys fees.

As described in ICG's Annual Report on Form 10-K for the period ended December 31, 2010, on December 3, 2010, the Kentucky Energy and Environment Cabinet (Cabinet) filed suit against Hazard, ICG Knott County, LLC, ICG East Kentucky, LLC and Powell Mountain Energy, LLC (collectively, KY Operations) alleging that the KY Operations failed to comply with the terms and conditions of the Kentucky Pollutant Discharge Elimination System (KPDES) permits issued by the Cabinet's Division of Water to the KY Operations. Among the claims lodged by the Cabinet were allegations that contract water monitoring laboratories retained by the KY Operations did not adhere to the practices and procedures required for conducting KPDES monitoring, the contract laboratories failed to properly document and maintain records of the monitoring and the KY Operations submitted quarterly Discharge Monitoring Reports that sometimes contained inaccurate, incomplete and erroneous information. The KY Operations and the Cabinet entered a proposed Consent Judgment contemporaneously with the filing of the complaint that, if approved by the Franklin County (KY) Circuit Court, will require the KY Operations to pay a monetary penalty of \$0.4 million, to prepare and implement a Corrective Action Plan that corrects the deficiencies in the respective KPDES monitoring programs, to identify the responsible corporate officers for each KPDES permit and to provide specific detailed information in support of the Discharge Monitoring Reports to be filed for the fourth quarter 2010 and first quarter 2011. Final resolution of this matter is pending approval by the court. On February 11, 2011, the court entered an order allowing certain anti-mining groups to intervene in the action to contest the validity of the Consent Judgment. The hearing on the entry of the Consent Judgment is scheduled to be held beginning August 30, 2011.

By letter dated June 28, 2011, Appalachian Voices, Inc., Waterkeeper Alliance, Inc., Kentuckians for the Commonwealth, Inc., Kentucky Riverkeeper, Inc., Ms. Pat Banks, Ms. Lanny Evans, Mr. Thomas H. Bonny, and Mr. Winston Merrill Combs (collectively, Appalachian Voices) filed a NOI to sue the KY Operations for alleged violations of the Clean Water Act. The NOI claims that ICG has violated and continues to violate effluent standards or limitations under the Clean Water Act in reference to KPDES Coal General Permit. The NOI also alleges a lack of diligent prosecution related to the lawsuit filed by the Kentucky Energy and Environment Cabinet (as referenced and described above).

Item 1A. Risk Factors

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Part I, **Item 1A. Risk Factors** in our Annual Report on Form 10-K for the year ended December 31, 2010, which could materially affect our business, financial condition or future results. The risks described in our Annual Report on Form 10-K, as well as below, are not the only risks facing our Company. Additional risks and uncertainties not currently known to us or

Table of Contents

that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results.

We may not be able to fully integrate the operations of ICG into our existing operations.

We believe that the acquisition of ICG will result in various benefits or synergies, including, among other things, cost savings and operating efficiencies. Achieving the anticipated benefits of the merger is subject to a number of uncertainties, including whether the businesses of Arch Coal and ICG can be integrated in an efficient and effective manner. In addition, the combined company may experience unanticipated issues, expenses and liabilities.

It is possible that the integration process could take longer than anticipated or cost more than anticipated and could result in the loss of valuable employees, the disruption of each company's ongoing businesses, processes and systems or inconsistencies in standards, controls, procedures, practices, policies and compensation arrangements, any of which could adversely affect our ability to achieve the anticipated benefits and synergies of the merger. The integration process is subject to a number of uncertainties, and no assurance can be given that the anticipated benefits will be realized or, if realized, the timing or cost of their realization. Failure to achieve these anticipated benefits could result in increased costs or decreases in the amount of expected revenues and could adversely affect our future business, financial condition, operating results and prospects, and may cause the combined company's stock price to decline.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

In September 2006, our board of directors authorized a share repurchase program for the purchase of up to 14,000,000 shares of our common stock. There is no expiration date on the current authorization, and we have not made any decisions to suspend or cancel purchases under the program. As of June 30, 2011, there were 10,925,800 shares of our common stock available for purchase under this program. We did not purchase any shares of our common stock under this program during the quarter ended June 30, 2011. Based on the closing price of our common stock as reported on the New York Stock Exchange on August 4, 2011, the approximate dollar value of our common stock that may yet be purchased under this program was \$232.2 million.

Mine Safety and Health Administration Safety Data

We believe that Arch Coal is one of the safest coal mining companies in the world. Safety is a core value at Arch Coal and at our subsidiary operations. We have in place a comprehensive safety program that includes extensive health & safety training for all employees, site inspections, emergency response preparedness, crisis communications training, incident investigation, regulatory compliance training and process auditing, as well as an open dialogue between all levels of employees. The goals of our processes are to eliminate exposure to hazards in the workplace, ensure that we comply with all mine safety regulations, and support regulatory and industry efforts to improve the health and safety of our employees along with the industry as a whole.

Under the recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act, each operator of a coal or other mine is required to include certain mine safety results in its periodic reports filed with the Securities and Exchange Commission. The operation of our mines is subject to regulation by the federal Mine Safety and Health Administration (MSHA) under the Federal Mine Safety and Health Act of 1977 (the Mine Act). Below we present the following items regarding certain mine safety and health matters, broken down by mining complex owned and operated by Arch Coal or our subsidiaries, for the three-month period ended June 30, 2011:

- *Section 104 Citations:* Total number of violations of mandatory health or safety standards that could significantly and substantially contribute to the cause and effect of a coal or other mine safety or health hazard under section 104 of the Mine Act for which we have received a citation from MSHA;
- *Section 104(b) Orders:* Total number of orders issued under section 104(b) of the Mine Act;
- *Section 104(d) Citations/Orders:* Total number of citations and orders for unwarrantable failure of the mine operator to comply with mandatory health or safety standards under Section 104(d) of the Mine Act;

- *Section 107(a) Orders:* Total number of imminent danger orders issued under section 107(a) of the Mine Act; and
- *Total Dollar Value of Proposed MSHA Assessments:* Total dollar value of proposed assessments from MSHA under the Mine Act.

(1) MSHA assigns an identification number to each coal mine and may or may not assign separate identification numbers to related facilities such as preparation plants. We are providing the information in this table by mining complex rather than MSHA identification number because we believe this format will be more useful to investors than providing information based on MSHA identification numbers. For descriptions of each of these mining operations please refer to the descriptions under Item 1. Business, in Part I of our Annual Report on Form 10-K for the fiscal year ended December 31, 2010.

(2) Amounts included under the heading Total Dollar Value of Proposed MSHA Assessments are the total dollar amounts for proposed assessments received from MSHA on or before July 26, 2011, for citations and orders occurring during the three-month period ended June 30, 2011.

Edgar Filing: HCA Healthcare, Inc. - Form S-3ASR

(3) Mining complexes listed under this heading are those that we acquired on June 15, 2011 in connection with our acquisition of International Coal Group, Inc. The results set forth in this table only represent those items that occurred during the period beginning on June 15, 2011 and ended on June 30, 2011. The following table sets forth those items that occurred during the period beginning April 1, 2011 and ended on June 14, 2011:

For the three-month period ended June 30, 2011, none of our mining complexes received written notice from MSHA of (i) a flagrant violation under section 110(b)(2) of the Mine Act; (ii) a pattern of violations of mandatory health or safety standards that are of such nature as could have significantly and substantially contributed to the cause and effect of coal or other mine health or safety hazards under section 104(e) of the Mine Act; or (iii) the potential to have such a pattern. For the three-month period ended June 30, 2011, none of our mining complexes experienced a mining-related fatality.

As of June 30, 2011, we had a total of 262 matters pending before the Federal Mine Safety and Health Review Commission. This includes legal actions that were initiated prior to the three-month period ended June 30, 2011 and which do not necessarily relate to the citations, orders or proposed assessments issued by MSHA during such three-month period.

In evaluating the above information regarding mine safety and health, investors should take into account factors such as: (i) the number of citations and orders will vary depending on the size of a coal mine, (ii) the number of citations issued will vary from inspector to inspector and mine to mine, and (iii) citations and orders can be contested and appealed, and in that process are often reduced in severity and amount, and are sometimes dismissed.
