It is expected that delivery of the 2029 Notes and 2048 Notes (collectively, the Notes) will be made to investors on or about December 17, 2018, which will be the tenth business day following the date of pricing of the Notes (such settlement being referred to as T+10). Under Rule 15c6-1 under the U.S. Securities Exchange Act of 1934, as amended, trades in the secondary market are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade Notes prior to the second business day before the delivery of the Notes will be required, by virtue of the fact that the Notes will initially settle in T+10, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement. Purchasers of the Notes who wish to trade the Notes prior to the second business day before their date of delivery should consult their own advisors.
