MATERIAL FACT

CPFL Energia S.A. (**CPFL Energia**) and CMS Energy Brasil S.A. (**CMS Brasil**) (jointly the **Companies**), pursuant to Paragraph 4 of Article 157 of Law 6,404/76, and CVM Instruction 358/02, complementing the Material Facts published on April 12, 2007, hereby inform its shareholders and the market the following:

1. Pursuant to the terms of Resolution 941, dated June 05, 2007, published in the Diário Oficial da União on June 18, 2007, the Brazilian Electricity Regulatory Agency (**ANEEL**) approved the transfer to Perácio Participações S.A. (**Perácio**), CPFL Energia's subsidiary, of 94,810,080 common shares and 94,810,080 preferred shares (jointly the **Shares**), held by CMS Electric & Gas, L.L.C., issued by CMS Brasil, equivalent to 100% of its capital (**Acquisition**).

2. Consequent to the above-mentioned approval, the parties informed that on the present date, the Acquisition operation was concluded, under the terms of the Share Purchase Agreement, dated April 12, 2007 (**Agreement**), with the transference of said shares to Perácio.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
