**MATERIAL FACT**

CPFL Energia S.A. ("**CPFL Energia**") and ERSA – Energias Renováveis S.A. ("**ERSA**"), in compliance with the provisions of Law No. 6.404/76 (as amended) and with Rule No. 358/02 (as amended) of the Brazilian Securities and Exchange Commission ("**CVM**") hereby jointly inform their shareholders and the market that CPFL Energia and its controlled companies CPFL Geração de Energia S.A. ("**CPFL Geração**") and CPFL Comercialização Brasil S.A. ("**CPFL Brasil**") (jointly "**CPFL**") and ERSA's shareholders, have entered, on the date hereof, into an Joint Venture Agreement (the "**Agreement**") setting forth the terms and conditions under which they intend to ally renewable energy assets and projects owned by CPFL and ERSA in Brazil (the "**Joint Venture**"), such being considered wind farms, small hydro power plants ("**PCHs**") and biomass thermoelectric power plants (the "**Assets**").

In general terms, the Joint Venture will comprise the following steps:

(i) CPFL Geração will perform the segregation of the PCHs currently comprising its assets and which are under its operation, transferring them to special purpose vehicles under its direct control (the "**PCH Companies**");

---

(ii) CPFL Geração and CPFL Brasil will incorporate a new holding company ("**New CPFL**"), in the capacity of its sole shareholders, to which all their Assets, including the PCH Companies will be transferred;

(iii) ERSA shall merge with New CPFL, causing CPFL Geração and CPFL Brasil to become part of the controlling block of ERSA as its majority shareholders, holding, jointly, 63.6% of the total and voting stock of ERSA, while ERSA's existing shareholders will hold 36.4%; and

(iv) Simultaneously with the merger described above, ERSA shall have its corporate name changed to CPFL Energias Renováveis S.A. ("**CPFL Renováveis**").

The exchange ratio between ERSA's shares and New CPFL's shares, for purposes of the merger, is based on ERSA's economic value and on the economic value of the Assets owned by CPFL and which will be contributed to New CPFL, which shall be confirmed by appraisal reports prepared by expert companies, pursuant to applicable regulations. In the context of the Joint venture, the assets involved were evaluated at R\$ 4.5 billion (equity value).

The terms and conditions of the merger will be submitted to approval by the Shareholders Meeting of the parties, as required under applicable laws. The documents necessary for the deliberation on such transaction will be made available to the market in due course, pursuant to CVM Rule No. 319/99 (as amended).

The Joint Venture is subject to certain conditions set forth in the Agreement, including authorizations from regulatory bodies and corporate reorganization of the companies controlled by CPFL, as well as compliance with the terms and conditions already informed through the material fact notice disclosed on April 7, 2011, related to the acquisition of the SIF assets by CPFL.

Pursuant to the provisions of Article 256 of Law No. 6.404/76 (as amended), the Joint Venture shall be submitted to ratification by the Shareholders' Meeting of CPFL Energia, to be called in due course. In case the requirements set forth in paragraph 2 of Article 256 of Law No. 6.404/76 are met, upon the publication of the call notice of the aforementioned Shareholders' Meeting, the terms for the potential exercise of withdrawal rights by the shareholders owners of shares of CPFL on the date hereof will be disclosed, provided that such right may be exercised, if applicable, based on the book value of the shares of CPFL Energia, to be determined in the future, pursuant to the provisions of Law No. 6.404/76 (as amended).

The conclusion of this Joint Venture shall result in the creation of a company with 1,034 MW of power operating and under construction with remarkable presence within the three main technologies developed in the country – wind farms, PCHs and biomass thermoelectric power plants.
