MATERIAL FACT

A CPFL Energia S.A. (“CPFL Energia”), in compliance with Article 157, §4º of Law n. 6.404/76 and CVM Rule n. 358/02, announces to its shareholders and to the market in general that its Board of Directors deliberated to recommend a favorable vote by its representatives in the management bodies of its controlled companies for the submission of an application to ANELL requesting the grouping of the concessions of distributors RGE Sul Distribuidora e Energia S.A. (“RGE Sul”) and Rio Grande Energia S.A. (“RGE”) in a single concession agreement, being RGE Sul the incorporating company and RGE the incorporated company.

The implementation of the grouping of the concessions shall depend on ANEEL’s authorization, as well as on the deliberation and approval by the competent bodies of RGE Sul and RGE.

CPFL Energia will inform its shareholders and the market in general of any relevant developments regarding the matter reported herein that are communicated to the Company.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
