## **GOL Liability Management and Deleveraging Process Continues with Debenture Amortization and New Issuance**

**São Paulo, October 29, 2018 - GOL Linhas Aéreas Inteligentes S.A. (“GOL” or “Company”), (NYSE: GOL and B3: GOLL4)**, Brazil’s premiere airline, announced today that it has successfully completed a liability management exercise targeting the debentures issued by its wholly owned subsidiary GOL Linhas Aéreas S.A. (“GLA”).

GLA fully amortized its outstanding 6<sup>th</sup> series of debentures – that paid a coupon of 132 percent of the Brazilian CDI interbank rate – in the total amount of R\$1.025 billion and issued a new single series of non-convertible and unsecured debentures in the amount of R\$ 887.5 million, resulting in a net indebtedness reduction of R\$137.5 million.

The new debentures will yield 120 percent of the Brazilian CDI interbank rate (approximately 7.68 percent per annum in BRL), implying a 12 percent of CDI reduction in the cost of debt, with quarterly interest payments of approximately R\$17 million and semi-annual principal payments of approximately R\$148 million, with the final principal amortization to be made on September 28, 2021.

The debentures were issued through Banco do Brasil and Banco Bradesco via a public offering with restricted placement efforts, pursuant to Instruction 476 of January 16, 2009 issued by the Brazilian Securities and Exchange Commission (“CVM”), as amended. The issuance was approved in a Directors Meeting held on October 11, 2018, with the grant of corporate guarantee in favor of GLA.

"This transaction represents further deleveraging of GOL’s balance sheet and better matches GLA’s operating cash flow generation with the amortization of its liabilities," said Richard Lark, GOL’s CFO. "The issuance reduces the Company's cost of debt and improve its credit metrics."

**FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
