Information contained on our website is not intended to be incorporated by reference in this prospectus and you should not consider that information a part of this prospectus.

Table of Contents**FORWARD-LOOKING STATEMENTS**

This prospectus, any prospectus supplement and the documents incorporated by reference herein and therein contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), including, in particular, statements about future events, future financial performance, plans, strategies, expectations, prospects, competitive environment, regulation and availability of raw materials. Forward-looking statements include all statements that are not historical facts and can be identified by the use of forward-looking terminology such as the words "may," "will," "expect," "anticipate," "believe," "estimate," "plan," "intend" or the negative of these terms or similar expressions. We have based these forward-looking statements on our current views with respect to future events and financial performance. Our actual financial performance could differ materially from those projected in the forward-looking statements due to the inherent uncertainty of estimates, forecasts and projections, and our financial performance may be better or worse than anticipated. Given these uncertainties, you should not put undue reliance on any forward-looking statements.

Forward-looking statements represent our estimates and assumptions only as of the date that they were made. We do not undertake any duty to update the forward-looking statements and the estimates and assumptions associated with them, except to the extent required by applicable securities laws. All of the forward-looking statements are qualified in their entirety by reference to the factors discussed in Item 1A under "Risk Factors" and elsewhere in our Annual Report on Form 10-K for the fiscal year ended December 31, 2012 and our other filings with the SEC. These risk factors may not be exhaustive as we operate in a continually changing business environment with new risks emerging from time to time that we are unable to predict or that we currently do not expect to have a material adverse effect on our business. You should carefully read those reports in their entirety as they contain important information about our business and the risks we face. See "Where You Can Find More Information" and "Incorporation of Certain Information by Reference" herein.

RISK FACTORS

Before you invest in the securities covered by this prospectus, you should carefully consider the factors discussed in Item 1A under "Risk Factors" and elsewhere in our Annual Report on Form 10-K for the year ended December 31, 2012 and the applicable prospectus supplement and cautionary notes regarding forward-looking statements included or incorporated by reference in this prospectus, together with all of the other information included in this prospectus, the applicable prospectus supplement and the documents we incorporate by reference. See "Incorporation of Certain Information by Reference" herein.

If any of the risks described in these reports or other documents were to materialize, our business, results of operations, cash flows, financial condition and prospects could be materially and adversely affected. In that case, our ability to make distributions to our stockholders or to pay interest on, or principal of, any debt securities issued by us, may be reduced, the trading prices of any of our publicly traded securities could decline and you could lose all or part of your investment.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of consolidated earnings to consolidated fixed charges for the three months ended March 31, 2013 and the five years ended December 31, 2012, 2011, 2010, 2009 and 2008.

	For the Three Months Ended March 31, 2013	For the Years Ended December 31,				
		2012	2011	2010	2009	2008
Ratio of earnings to fixed charges ⁽¹⁾	5.4x	7.9x	8.1x	6.6x	4.3x	<u>2</u>

(1) Earnings represent income before provision for income taxes, equity in earnings of unconsolidated subsidiaries and cumulative effect of changes in accounting policies, plus (a) fixed charges and amortization of capitalized interest, and less (b) capitalized interest. Fixed charges include: (i) interest expense; (ii) capitalized interest; and (iii) the

portion of rental expense which management believes is a reasonable approximation of the interest cost component of rental expense incurred by us. When earnings are inadequate to cover fixed charges, the deficiency is reported.

(2) For the year ended December 31, 2008, earnings were insufficient to cover fixed charges by approximately \$382 million.

We had no preferred stock outstanding for any period presented, and accordingly, the ratio of consolidated earnings to combined fixed charges and preferred stock dividends is the same as the ratio of earnings to fixed charges.

DESCRIPTION OF CAPITAL STOCK

The following description of the material terms of our capital stock is based on the provisions of our Amended and Restated Certificate of Incorporation, as amended ("Certificate of Incorporation"), our Amended and Restated By-Laws ("By-Laws") and provisions of applicable law. We have summarized certain portions of the Certificate of Incorporation and By-Laws below. The summary is not complete. The Certificate of Incorporation and By-Laws are incorporated by reference as exhibits to the registration statement of which this prospectus forms a part. For more information as to how you can obtain a current copy of our Certificate of Incorporation and By-Laws, see "Where You Can Find More Information" herein.

GENERAL

Our authorized capital stock consists of 800,000,000 shares of common stock, par value \$0.01 per share, and 15,000,000 shares of preferred stock, par value \$0.01 per share. Our board of directors may establish the rights and preferences of the preferred stock from time to time. As of May 21, 2013, 204,348,989 shares of our common stock were issued and outstanding and held of record by approximately 17,000 holders, and no shares of our preferred stock were issued or outstanding.

COMMON STOCK

Each holder of our common stock is entitled to one vote for each share on all matters to be voted upon by the common stockholders and there are no cumulative voting rights. Subject to any preferential rights of any outstanding preferred stock, holders of our common stock are entitled to receive ratably the dividends, if any, as may be declared from time to time by the board of directors out of funds legally available. If there is a liquidation, dissolution or winding up of our company, holders of our common stock will be entitled to share in our assets remaining after the payment of liabilities and any preferential rights of any outstanding preferred stock.

Holders of our common stock have no preemptive or conversion rights or other subscription rights and there are no redemption or sinking fund provisions applicable to the common stock. All outstanding shares of our common stock are fully paid and non-assessable. The rights, preferences and privileges of the holders of our common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of preferred stock which we may designate and issue in the future.

PREFERRED STOCK

Under the terms of our Certificate of Incorporation, our board of directors is authorized, subject to limitations prescribed by the Delaware General Corporation Law ("DGCL"), and by our Certificate of Incorporation, to issue preferred stock in one or more series without stockholder approval. Our board of directors has the discretion, subject to limitations prescribed by the DGCL and by our Certificate of Incorporation, to determine the rights, preferences, privileges and restrictions, including voting rights, dividend rights, conversion rights, redemption privileges and liquidation preferences, of each series of preferred stock.

ANTI-TAKEOVER EFFECTS OF VARIOUS PROVISIONS OF DELAWARE LAW AND OUR CERTIFICATE OF INCORPORATION AND BY-LAWS

Provisions of the DGCL and our Certificate of Incorporation and By-Laws could make it more difficult to acquire us by means of a tender offer, a proxy contest or otherwise or to remove incumbent officers and directors. These provisions, summarized below, would be expected to discourage certain types of coercive takeover practices and takeover bids our board of directors may consider inadequate and to encourage persons seeking to acquire control of us to first negotiate with us. We believe that the benefits of increased protection of our ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure us will outweigh the disadvantages of discouraging takeover or acquisition proposals because, among other things, negotiation of these proposals could result in an improvement of their terms.

Composition of the Board

Our Certificate of Incorporation and By-Laws previously classified our directors, with respect to the time for which they hold office, into three classes with three year terms. Our Certificate of Incorporation and By-Laws were amended in 2012 to phase out the classification of the board of directors and provide for the annual election of all directors. The declassification of the board of directors did not shorten the existing term of any director. Therefore, one class of directors was originally elected for a term expiring at the annual meeting of stockholders held in 2013, another class

was originally elected for a term expiring at the annual meeting of stockholders to be held in 2014 and a third class has been elected for a term expiring at the annual meeting to be held in 2015. Due to the declassification amendments, the directors elected at our annual meeting of stockholders held on May 16, 2013 (after the fiscal year ended December 31, 2012) were elected for one-year terms expiring at the annual meeting of stockholders to be held in 2014 (after the fiscal year ending December 31, 2013). Directors whose terms expire at the annual meetings to be held in 2014 and 2015 will be elected for one year terms expiring at the next annual meeting of stockholders. Accordingly, beginning

Table of Contents

with the annual meeting to be held in 2015 (after the fiscal year ending December 31, 2014), the entire board of directors will be elected annually.

Board Vacancies to be Filled by Remaining Directors and Not Stockholders

Our Certificate of Incorporation and By-Laws provide that any vacancies, including any newly created directorships, on the board of directors, will be filled by the affirmative vote of the majority of the remaining directors then in office, even if such directors constitute less than a quorum, or by a sole remaining director. Any director appointed to the board of directors to fill a vacancy will have the same remaining term as that of his or her predecessor.

Removal of Directors by Stockholders

Our Certificate of Incorporation and By-Laws provide that directors may be removed by stockholders only for cause and only by the affirmative vote of the holders of at least two-thirds of the votes which all stockholders would be entitled to cast in any annual election of directors.

Stockholder Action

Our Certificate of Incorporation and By-Laws preclude stockholders from calling special meetings and taking action or passing resolutions by written consent.

Advance Notice of Director Nominations and Stockholder Proposals

Our By-Laws contain advance notice procedures for stockholders to make nominations of candidates for election as directors or to bring other business before the annual meeting of stockholders. As specified in our By-Laws, director nominations and the proposal of business to be considered by stockholders may be made only pursuant to a notice of meeting, at the direction of the board of directors or by a stockholder who is entitled to vote at the meeting and who has complied with the advance notice procedures that are provided in our By-Laws. To be timely, a nomination of a director by a stockholder or notice for business to be brought before an annual meeting by a stockholder must be delivered to the secretary at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of an annual meeting is advanced by more than 30 days or delayed by more than 60 days from such anniversary date, for notice by the stockholder to be timely, it must be delivered not earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of (i) the 90th day prior to such annual meeting and (ii) the 10th day following the day on which notice of such annual meeting was mailed or public announcement of the date of such meeting is first made, whichever first occurs.

In the event a special meeting of stockholders is called for the purpose of electing one or more directors, any stockholder entitled to vote may nominate a person or persons as specified in our By-Laws, but only if the stockholder notice is delivered to the secretary at our principal executive offices not earlier than the 120th day prior to such special meeting and not later than the close of business on the later of (x) the 90th day prior to such special meeting and (y) the 10th day following the day on which notice of the date of such special meeting was mailed or public disclosure of the date of such special meeting was made, whichever first occurs.

Amendments to the Certificate of Incorporation and By-Laws

Our Certificate of Incorporation and By-Laws require an affirmative vote of two-thirds of the voting power of the outstanding shares to amend certain provisions of our Certificate of Incorporation or By-Laws, including the ability of stockholders to call special meetings or act by written consent, the size of the board, the director removal provisions, filling vacancies on the board, indemnification of directors and officers, advance notice provisions and supermajority voting requirements.

Delaware Anti-Takeover Statute

We are subject to Section 203 of the DGCL, an anti-takeover statute. In general, Section 203 of the DGCL prohibits a publicly-held Delaware corporation from engaging in a "business combination" with an "interested stockholder" for a period of three years following the time the person became an interested stockholder, unless (with certain exceptions) the business combination or the transaction in which the person became an interested stockholder is approved in a prescribed manner. Generally, a "business combination" includes a merger, asset or stock sale or other transaction resulting in a financial benefit to the interested stockholder. Generally, an "interested stockholder" is a person who, together with affiliates and associates, owns (or within three years prior to the determination of interested stockholder status did own) 15% or more of a corporation's voting stock. The existence of this provision would be expected to

have an anti-takeover effect with respect to transactions not approved in advance by the board of directors, including discouraging attempts that might result in a premium over the market price for the shares of common stock held by stockholders.

Table of Contents

No Cumulative Voting

The DGCL provides that stockholders are denied the right to cumulate votes in the election of directors unless our Certificate of Incorporation provides otherwise. Our Certificate of Incorporation does not provide for cumulative voting.

Limitations on Liability and Indemnification of Officers and Directors

The DGCL authorizes corporations to limit or eliminate the personal liability of directors to corporations and their stockholders for monetary damages for breaches of directors' fiduciary duties as directors. Our Certificate of Incorporation includes provisions that indemnify, to the fullest extent allowable under the DGCL, the personal liability of directors or officers for monetary damages for actions taken as a director or officer of our company, or for serving at our request as a director or officer or another position at another corporation or enterprise, as the case may be. Our Certificate of Incorporation also provides that we must indemnify and advance reasonable expenses to our directors and officers, subject to our receipt of an undertaking from the indemnified party as may be required under the DGCL. We are also expressly authorized to carry directors' and officers' insurance to protect our company, our directors, officers and certain employees for some liabilities.

The limitation of liability and indemnification provisions in our Certificate of Incorporation may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duty. These provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. However, these provisions do not limit or eliminate our rights, or those of any stockholder, to seek non-monetary relief such as injunction or rescission in the event of a breach of a director's duty of care. Moreover, the provisions do not alter the liability of directors under the federal securities laws. In addition, your investment may be adversely affected to the extent that, in a class action or direct suit, we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions.

There is currently no pending material litigation or proceeding against any of our directors, officers or employees for which indemnification is sought.

Authorized but Unissued Shares

Our authorized but unissued shares of common stock and preferred stock are available for future issuance without stockholder approval. We may use additional shares for a variety of purposes, including future public offerings to raise additional capital, to fund acquisitions and as employee compensation. The existence of authorized but unissued shares of common stock and preferred stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

STOCK EXCHANGE LISTING

Our common stock is listed on the New York Stock Exchange ("NYSE") under the ticker symbol "DPS."

TRANSFER AGENT REGISTRAR

Computershare Trust Company, N.A. is the transfer agent and registrar for our common stock.

DIRECT REGISTRATION SYSTEM

Our common stock is registered in book-entry form through the direct registration system. Under this system, ownership of our common stock is reflected in account statements periodically distributed to stockholders by Computershare, our transfer agent, who holds the book-entry shares on behalf of our common stockholders.

DESCRIPTION OF DEBT SECURITIES

The following is a general description of the debt securities that we may offer from time to time. The particular terms of the debt securities offered by us and the extent, if any, to which the general provisions described below may apply to those securities will be described in the applicable prospectus supplement. As you read this section, please remember that the specific terms of a debt security as described in the applicable prospectus supplement will supplement and may modify or replace the general terms described in this section. If there are any differences between the applicable prospectus supplement and this prospectus, the applicable prospectus supplement will control. As a result, the statements we make in this section may not apply to the debt security you purchase.

Our debt securities, consisting of notes, debentures or other evidences of indebtedness, may be issued from time to time in one or more series pursuant to, in the case of senior debt securities, a senior indenture to be entered into between us and Wells Fargo Bank, N.A., as trustee, and in the case of subordinated debt securities, a subordinated indenture to be entered into between us and a trustee to be named therein. To the extent any of the debt securities will be guaranteed (the "Subsidiary Guarantees") by one or more of our subsidiaries (the "Subsidiary Guarantors"), the Subsidiary Guarantors guaranteeing such debt securities will enter into a supplemental indenture to the applicable indenture with us and the applicable trustee.

Because the following is only a summary of selected provisions of the indentures and the debt securities, it does not contain all information that may be important to you. This summary is not complete and is qualified in its entirety by reference to the base indentures and any supplemental indentures thereto or officer's certificate or board resolution related thereto. We urge you to read the indentures because the indentures, not this description, define the rights of the holders of the debt securities. The senior indenture and the subordinated indenture will be substantially in the forms included as exhibits to the registration statement of which this prospectus is a part. The terms of our debt securities will include those set forth in the indentures and those made a part of the indentures by the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act").

Unless we inform you otherwise in the prospectus supplement, "Senior Debt" will mean all of our indebtedness, including guarantees, unless the indebtedness states that it is not senior to the subordinated debt securities.

In this summary description of the debt securities, unless we state otherwise or the context clearly indicates otherwise, all references to "we," "us" and "our" refer to Dr Pepper Snapple Group, Inc. only and not to any of its subsidiaries.

GENERAL

We may issue debt securities under the indentures from time to time in one or more series. Neither indenture limits the amount of debt securities that may be issued under that indenture, and neither indenture limits the amount of other unsecured debt or securities that we may issue. We are not obligated to issue all debt securities of one series at the same time and, unless otherwise provided in the prospectus supplement, we may reopen a series, without the consent of the holders of the debt securities of that series, for the issuance of additional debt securities of that series.

Additional debt securities of a particular series will have the same terms and conditions as outstanding debt securities of such series, except for the date of original issuance and the offering price, and will be consolidated with, and form a single series with, such outstanding debt securities.

When we refer to "debt securities" or a "series of debt securities," we mean, respectively, debt securities or a series of debt securities issued under the applicable indenture. When we refer to a prospectus supplement, we mean the prospectus supplement describing the specific terms of the applicable debt security. The terms used in a prospectus supplement will have the meanings described in this prospectus, unless otherwise specified.

The senior debt securities will constitute our senior unsecured indebtedness and will rank equally in right of payment with all of our other unsecured and unsubordinated indebtedness and senior in right of payment with all of our subordinated indebtedness outstanding from time to time. The senior debt securities will be effectively subordinated to, and thus have a junior position to, any secured indebtedness we may have with respect to the assets securing that indebtedness. The subordinated debt securities will constitute our unsecured and subordinated obligations and will rank junior to all of our senior indebtedness and may rank equally with or senior to other subordinated indebtedness we may issue from time to time.

The debt securities will be obligations of Dr Pepper Snapple Group, Inc., which is a holding company with no material operating assets, other than the stock of its subsidiaries and loans to subsidiaries. All of Dr Pepper Snapple

Group, Inc.'s revenue and cash flow is generated through its subsidiaries. Accordingly, Dr Pepper Snapple Group, Inc.'s ability to make payments on its indebtedness, including the debt securities, and to fund its other obligations is dependent not only on the ability of its subsidiaries to generate cash, but also on the ability of its subsidiaries to distribute cash to it in the form of interest and principal payments on loans due to us, dividends, fees, interest, loans or otherwise. In addition, any debt securities will effectively rank junior to all liabilities of Dr Pepper Snapple Group, Inc.'s subsidiaries that do not guarantee the debt securities (excluding any amounts owed

Table of Contents

by such subsidiaries to us). Claims of creditors of Dr Pepper Snapple Group, Inc.'s subsidiaries that do not guarantee the debt securities generally will have priority with respect to the assets and earnings of such subsidiaries over the claims of Dr Pepper Snapple Group, Inc.'s creditors, including holders of any debt securities. Accordingly, any debt securities will be effectively subordinated to creditors, including trade creditors and preferred stockholders, if any, of such subsidiaries.

Unless we inform you otherwise in the prospectus supplement, neither indenture will contain any covenants or other provisions designed to protect holders of the debt securities in the event we participate in a highly leveraged transaction or upon a change of control. In addition, unless we inform you otherwise in the prospectus supplement, the indentures will not contain provisions that give holders of the debt securities the right to require us to repurchase their securities in the event of a decline in our credit rating for any reason, including as a result of a takeover, recapitalization or similar restructuring or otherwise.

The prospectus supplement relating to any series of debt securities being offered will include specific terms relating to the offering. These terms will include some or all of the following:

- whether the debt securities will be senior or subordinated debt securities;
- whether the debt securities will be guaranteed by any of our subsidiaries and, if so, the names of the Subsidiary Guarantors;
- the title of the debt securities; the total principal amount of the debt securities;
- whether we will issue the debt securities in individual certificates to each holder or in the form of temporary or permanent global securities held by a depository on behalf of holders and the name of the depository for the debt securities, if other than The Depository Trust Company ("DTC"), and any circumstances under which the holder may request securities in non-global form, if we choose not to issue the debt securities in book-entry form only;
- the date or dates on which the principal of and any premium on the debt securities will be payable;
- any interest rate, the date from which any such interest will accrue, the interest payment dates on which any such interest will be payable and the record dates for any such interest payments;
- whether and under what circumstances we will pay any additional amounts with respect to the debt securities;
- the place or places where payments on the debt securities will be payable;
- any provisions for optional redemption or early repayment;
- any sinking fund or other provisions that would obligate us to redeem, purchase or repay the debt securities;
- the denominations in which we will issue the debt securities if other than \$1,000 and integral multiples of \$1,000 in excess thereof;
- whether payments on the debt securities will be payable in foreign currency or another form and whether payments will be payable by reference to any index or formula;
- the portion of the principal amount of debt securities that will be payable if the maturity is accelerated, if other than the entire principal amount;
- whether the provisions described below under the heading "- Defeasance and Discharge" apply to the debt securities;
- any changes or additions to the events of default or covenants described in this prospectus;
- any restrictions or other provisions relating to the transfer or exchange of debt securities;
- any terms for the conversion or exchange of the debt securities for other securities;
- with respect to the subordinated indenture, any changes to the subordination provisions for the subordinated debt securities; and
- any other terms of the debt securities, whether in addition to, or by modification or deletion of, the terms described herein.

We may sell the debt securities at a discount, which may be substantial, below their stated principal amount. These debt securities may bear no interest or interest at a rate that at the time of issuance is below market rates. If we sell these debt securities, we will describe in the prospectus supplement any material U.S. federal income tax consequences and other special considerations.

If we sell any of the debt securities for any foreign currency or if payments on the debt securities are payable in any foreign currency or currency unit, we will describe in the prospectus supplement the restrictions, elections, tax consequences, specific terms and other information relating to those debt securities and the foreign currency.

Table of Contents

CONSOLIDATION, MERGER OR SALE OF ASSETS

We will not consolidate or combine with or merge with or into or, directly or indirectly, sell, assign, convey, lease, transfer or otherwise dispose of all or substantially all of our assets to any person or persons in a single transaction or through a series of transactions, unless:

we are the successor or continuing entity or, if we are not the successor or continuing person, the resulting, surviving or transferee person (the "surviving entity") is a company organized and existing under the laws of the United States, any State thereof or the District of Columbia that expressly assumes all of our obligations under the debt securities and the indenture pursuant to a supplemental indenture executed and delivered to the trustee; immediately after giving effect to such transaction or series of transactions, no default has occurred and is continuing; and

we or the surviving entity will have delivered to the trustee an officers' certificate and opinion of counsel stating that the transaction or series of transactions and a supplemental indenture, if any, complies with the indenture.

If any consolidation or merger or any sale, assignment, conveyance, lease, transfer or other disposition of all or substantially all of our assets occurs in accordance with the applicable indenture, the surviving entity will succeed to, and be substituted for, and may exercise every right and power of DPS under the applicable indenture with the same effect as if such surviving entity had been named as DPS. We will (except in the case of a lease) be discharged from all obligations and covenants under the applicable indenture and any debt securities issued thereunder.

Notwithstanding the foregoing, we may merge or consolidate into or with any of our subsidiaries.

SUBSIDIARY GUARANTEES

If specified in the prospectus supplement, one or more Subsidiary Guarantors will guarantee the debt securities of a series. Unless otherwise indicated in the prospectus supplement, the following provisions will apply to the Subsidiary Guarantee of the Subsidiary Guarantors with respect to that series of debt securities.

Subject to the limitations described below and in the applicable prospectus supplement, the Subsidiary Guarantors will, jointly and severally, fully, unconditionally and irrevocably guarantee the full and punctual payment when due, whether at maturity, by acceleration, by redemption or otherwise, of the principal of, premium, if any, interest and additional amounts, if any, on the debt securities and all of our other monetary obligations under the indentures.

The obligations of each Subsidiary Guarantor under its Subsidiary Guarantee will be limited as necessary to prevent that Subsidiary Guarantee from constituting a fraudulent conveyance under applicable law.

In the case of subordinated debt securities, a Subsidiary Guarantor's Subsidiary Guarantee will be subordinated in right of payment to the Senior Debt of such Subsidiary Guarantor on the same basis as the subordinated debt securities are subordinated to our Senior Debt. No payment will be made by any Subsidiary Guarantor under its Subsidiary Guarantee during any period in which payments by us on the subordinated debt securities are suspended by the subordination provisions of the subordinated indenture.

Each Subsidiary Guarantor that makes a payment under its Subsidiary Guarantee will be entitled upon payment in full of all guaranteed obligations under the indenture to contribution from each other Subsidiary Guarantor in an amount equal to such other Subsidiary Guarantor's pro rata portion of such payment based on the respective net assets of all the Subsidiary Guarantors at the time of such payment.

If a Subsidiary Guarantee were rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the applicable Subsidiary Guarantor, and, depending on the amount of such indebtedness, a Subsidiary Guarantor's liability on its Subsidiary Guarantee could be reduced to zero.

The Subsidiary Guarantee of a Subsidiary Guarantor will be automatically and unconditionally released and discharged, without the consent of the holders of our debt securities, and no further action by us, any Subsidiary Guarantor or the trustee shall be required for such release (unless we shall notify the Trustee that no release and discharge shall occur as a result thereof) upon:

the sale or other disposition (including by way of consolidation or merger) of such Subsidiary Guarantor to a person or entity other than us or any of our subsidiaries as permitted by the indenture; or

our exercise of our legal defeasance option under "- Defeasance and Discharge" or the discharge of our obligations under the applicable indenture in accordance with the terms of the applicable indenture.

Table of Contents

If specified in the prospectus supplement, we will cause any of our subsidiaries that guarantees, directly or indirectly, any of our indebtedness (including any indebtedness under any Credit Agreement) to at the same time execute and deliver to the trustee a supplemental indenture pursuant to which such subsidiary will guarantee payment of the indenture. Thereafter, such subsidiary shall be a Subsidiary Guarantor for all purposes of such series until such Subsidiary Guarantee is released in accordance with the provisions of the applicable indenture.

"Credit Agreements" means the Existing Credit Agreement as such agreements may be amended, supplemented or otherwise modified from time to time, and any agreement, indenture or other documentation relating to extensions, refinancings, replacements or restructuring of the credit facilities governed by the Existing Credit Agreements, whether the same or any other agent, agents, lenders or group of lenders is or are parties thereto.

"Existing Credit Agreement" means the Credit Agreement, dated as of September 25, 2012, among the Company, the lenders and issuing banks party thereto, JPMorgan Chase Bank, N.A., as administrative agent, Bank of America, N.A. and Deutsche Bank Securities Inc., as syndication agents, and Branch Banking and Trust Company, Credit Suisse AG, Cayman Islands Branch, HSBC Bank USA, N.A., Morgan Stanley Senior Funding, Inc., UBS Securities LLC and U.S. Bank National Association, as co-documentation agents.

EVENTS OF DEFAULT

Unless we inform you otherwise in the prospectus supplement, the following are events of default with respect to a series of debt securities:

our failure to pay any installment of interest on or any additional amounts with respect to any debt security of that series when due and such default continues for 30 days or longer, whether or not, in the case of subordinated debt securities, such payment is prohibited by the subordination provisions of the subordinated indenture;

our failure to pay the principal of or any premium on any debt security of that series when due, whether or not, in the case of subordinated debt securities, such payment is prohibited by the subordination provisions of the subordinated indenture;

our failure to comply with the covenant prohibiting certain consolidations, mergers and sales of assets;

our failure to comply with any covenant or agreement in that series of debt securities or the applicable indenture for 90 days after written notice by the trustee or by the holders of at least 25% in principal amount of the outstanding debt securities of that series issued under that indenture;

our failure to deposit any sinking fund payment, when due, in respect of any debt security of that series, whether or not, in the case of subordinated debt securities, such deposit is prohibited by the subordination provisions of the subordinated indenture;

if any Subsidiary Guarantor has guaranteed the debt securities of such series, the Subsidiary Guarantee of any such Subsidiary Guarantor is held to be unenforceable or invalid or ceases for any reason to be in full force and effect (other than in accordance with the terms of the applicable indenture) or any Subsidiary Guarantor or any person acting on behalf of any Subsidiary Guarantor denies or disaffirms such Subsidiary Guarantor's obligations under its Subsidiary Guarantee (other than by reason of a release of such Subsidiary Guarantor from its Subsidiary Guarantee in accordance with the terms of the applicable indenture);

specified events involving bankruptcy, insolvency or reorganization of DPS or certain of its significant subsidiaries; and

any other event of default provided for in that series of debt securities.

We may change, eliminate or add to the events of default with respect to any particular series or any particular debt security or debt securities within a series, as indicated in the applicable prospectus supplement. A default under one series of debt securities will not necessarily be a default under any other series.

If an event of default relating to certain events of our bankruptcy or insolvency occurs, all then outstanding debt securities of that series will become due and payable immediately without further action or notice. If any other event of default for any series of debt securities occurs and is continuing, the trustee may and, at the direction of the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series, shall declare all of those debt securities to be due and payable immediately by notice in writing to us and, in case of a notice by holders, also to the trustee specifying the respective event of default and that it is a notice of acceleration.

Table of Contents

Subject to certain limitations, holders of a majority in aggregate principal amount of the outstanding debt securities of any series may direct the trustee in its exercise of any trust or power with respect to that series. The trustee may withhold from holders of the debt securities of any series notice of any continuing default or event of default for such series if it determines that withholding notice is in their interest, except a default or event of default relating to the payment of principal, interest, premium or additional amounts, if any.

Subject to the provisions of the applicable indenture relating to the duties of the trustee, in case an event of default for any series occurs and is continuing, the trustee will be under no obligation to exercise any of the rights or powers under the indenture at the request or direction of any holders of debt securities of that series unless such holders have offered to the trustee reasonable indemnity or security against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium or additional amounts, if any, or interest when due, no holder of debt securities of a series may pursue any remedy with respect to the indenture or the debt securities unless:

- such holder has previously given the trustee notice that an event of default is continuing with respect to that series;
- holders of at least 25% in aggregate principal amount of the debt securities of that series have requested the trustee to pursue the remedy;
- such holders have offered the trustee reasonable security or indemnity against any loss, liability or expense;
- the trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity; and
- holders of a majority in aggregate principal amount of the debt securities of that series have not given the trustee a direction inconsistent with such request within such 60-day period.

Holders of a debt security are entitled at any time, however, to bring a lawsuit for the payment of money due on a debt security on or after its stated maturity (or, if a debt security is redeemable, on or after its redemption date).

The holders of a majority in aggregate principal amount of the debt securities of any series by notice to the trustee may, on behalf of the holders of all of the debt securities of that series, rescind an acceleration or waive any existing default or event of default for such series and its consequences under the indenture except a continuing default or event of default in the payment of interest, premium or additional amounts on, or the principal of, the debt securities. With respect to subordinated debt securities, all the remedies available upon the occurrence of an event of default under the subordinated debt indenture will be subject to the restrictions on the subordinated debt securities described below under "-Subordination."

Book-entry and other indirect owners should consult their banks or brokers for information on how to give notice or direction to or make a request for the trustee and how to declare or cancel an acceleration of the maturity.

We are required to deliver to the trustee annually a statement regarding compliance with the indenture. Upon becoming aware of any default or event of default, we are required within five business days to deliver to the trustee a statement specifying such default or event of default.

SUBORDINATION

Under the subordinated indenture, payment of the principal of and any premium and interest on the subordinated debt securities will generally be subordinated and junior in right of payment to the prior payment in full of all Senior Debt. Unless we inform you otherwise in the prospectus supplement, we may not make any payment of principal of or any premium or interest on the subordinated debt securities if:

- we fail to pay the principal, interest or premium on any Senior Debt when due; or
- any other event of default (a "non-payment default") occurs with respect to any Senior Debt that we have designated, if the non-payment default allows the holders of that Senior Debt to accelerate the maturity of the Senior Debt they hold.

Unless we inform you otherwise in the prospectus supplement, a non-payment default will prevent us from paying the subordinated debt securities only for up to 179 days after holders of the designated Senior Debt give the trustee for the subordinated debt securities notice of the non-payment default.

The subordination will not affect our obligation, which will be absolute and unconditional, to pay, when due, the principal of and any premium and interest on the subordinated debt securities. In addition, the subordination will not prevent the occurrence of any default under the subordinated indenture.

Table of Contents

Unless we inform you otherwise in the prospectus supplement, the subordinated indenture will not limit the amount of Senior Debt that we may incur. As a result of the subordination of the subordinated debt securities, if we become insolvent, holders of subordinated debt securities may receive less on a proportionate basis than other creditors.

MODIFICATION AND WAIVER

Except as provided in the next four succeeding paragraphs, each indenture and the debt securities issued under each indenture may be amended or supplemented with the consent of the holders of at least a majority in aggregate principal amount of the debt securities of each series affected by the change voting as separate classes for this purpose, and any existing default or event of default or compliance with any provision of the indenture or the debt securities may be waived with the consent of the holders of a majority in aggregate principal amount of the then outstanding debt securities of each series affected by the waiver, voting as separate classes for this purpose, in each case, except as may otherwise be provided pursuant to such indenture for all or any particular debt securities of any series.

Without the consent of each holder of debt securities of the series affected, an amendment, supplement or waiver may not (with respect to any debt securities of such series held by a non-consenting holder):

- reduce the principal amount of debt securities whose holders must consent to an amendment, supplement or waiver;
 - reduce the principal of any debt security or change its stated maturity, or alter the provisions relating to the redemption or repurchase of any debt securities;
 - reduce the rate of or change the time for payment of interest on any debt security;
 - waive a default or event of default in the payment of principal of, or interest or premium, or any additional amounts, if any, on, the debt securities (except a rescission of acceleration of the debt securities by the holders of at least a majority in aggregate principal amount of the then outstanding debt securities of that series and a waiver of the payment default that resulted from such acceleration);
 - make payments on any debt security payable in currency other than as originally stated in the debt security;
 - make any change in the provisions of the indenture relating to waivers of past defaults or the rights of holders of debt securities to receive payments of principal of, or interest or premium, if any, on the debt securities;
 - waive a redemption payment with respect to any debt securities;
 - impair a holder's right to sue for payment of any amount due on its debt security;
 - release any Subsidiary Guarantor from any of its obligations under its Subsidiary Guarantee or the indenture, except in accordance with the terms of the indenture;
 - make any change in the preceding amendment, supplement and waiver provisions; or
 - with respect to the subordinated indenture, modify the provisions relating to the subordination of any subordinated debt security in a manner adverse to the holder of that security,
- in each case, except as may otherwise be provided pursuant to such indenture for all or any particular debt securities of any series.

We may not amend the subordinated indenture to alter the subordination of any outstanding subordinated debt securities without the written consent of each holder of Senior Debt then outstanding who would be adversely affected (or the group or representative thereof authorized or required to consent thereto pursuant to the instrument creating or evidencing, or pursuant to which there is outstanding, such Senior Debt), except as may otherwise be provided pursuant to such indenture for all or any particular debt securities of any series. In addition, we may not modify the subordination provisions of the indenture related to subordinated debt securities in a manner that would adversely affect the subordinated debt securities of any one or more series then outstanding in any material respect, without the consent of the holders of a majority in aggregate principal amount of each affected series then outstanding, voting as separate classes, except as may otherwise be provided pursuant to such indenture for all or any particular debt securities of any series.

Book-entry and other indirect owners should consult their banks or brokers for information on how approval may be granted or denied if we seek to change an indenture or any debt securities or request a waiver.

Table of Contents

We and the trustee may supplement or amend each indenture or the debt securities without notice to or the consent of any holders of debt securities issued under that indenture in certain circumstances, including:

- to cure any ambiguity, defect or inconsistency;
 - to provide for uncertificated debt securities in addition to or in place of certificated debt securities;
 - to establish the form or terms of debt securities of any series as permitted by the indenture;
 - to provide for the assumption of our or any Subsidiary Guarantor's obligations to holders of debt securities in the case of a merger or consolidation or sale of all or substantially all of our or any Subsidiary Guarantor's properties or assets, as applicable;
 - to make any change that would provide any additional rights or benefits to the holders of debt securities or that does not adversely affect the legal rights under the indenture of any such holder;
 - to comply with requirements of the SEC in order to maintain the qualification of the indenture under the Trust Indenture Act;
 - to add to our or any Subsidiary Guarantor's covenants for the benefit of the holders of all or any series of debt securities, or to surrender any right or power herein conferred upon us or any Subsidiary Guarantor;
 - to add additional events of default with respect to all or any series of debt securities;
 - to change or eliminate any of the provisions of the indenture, provided that any such change or elimination will become effective only when there is no outstanding debt security of any series created prior to the execution of such amendment or supplemental indenture that is adversely affected in any material respect by such change in or elimination of such provision;
 - to supplement any provision of the indenture to permit or facilitate the defeasance and discharge of any series of debt securities so long as any action does not adversely affect the interest of holders of securities of that or any other series in any material respect;
 - to add any Subsidiary Guarantor with respect to any series of debt securities or release any Subsidiary Guarantor, in each case pursuant to the terms of the indenture;
 - to secure the debt securities;
 - to evidence and provide for the acceptance under the indenture of a successor trustee, each as permitted under the indenture; or
 - to conform the text of the indenture or any debt securities to the description thereof in any prospectus or prospectus supplement of DPS with respect to the offer and sale of such debt securities, to the extent that such provision is inconsistent with a provision of the indenture or the debt securities,
- in each case, except as may otherwise be provided pursuant to such indenture for all or any particular debt securities of any series.

SPECIAL RULES FOR ACTION BY HOLDERS

Only holders of outstanding debt securities of the applicable series will be eligible to take any action under the applicable indenture, such as giving a notice of default, declaring an acceleration, approving any change or waiver or giving the trustee an instruction with respect to debt securities of that series. Also, we will count only outstanding debt securities in determining whether the various percentage requirements for taking action have been met. Any debt securities owned by us or any of our affiliates or surrendered for cancellation or for payment or redemption of which money has been set aside in trust are not deemed to be outstanding. Any required approval or waiver must be given by written consent.

In some situations, we may follow special rules in calculating the principal amount of debt securities that are to be treated as outstanding for the purposes described above. This may happen, for example, if the principal amount is payable in a non-U.S. dollar currency, increases over time or is not to be fixed until maturity.

We will generally be entitled to set any day as a record date for the purpose of determining the holders that are entitled to take action under either indenture. In certain limited circumstances, only the trustee will be entitled to set a record date for action by holders. If we or the trustee sets a record date for an approval or other action to be taken by holders, that vote or action may be taken only by persons or entities who are holders on the record date and must be taken during the period that we specify for this purpose, or that the trustee specifies if it sets the record date. We or the trustee, as applicable, may shorten or lengthen this period from time to time. This period, however, may not extend

beyond the 180th day after the record date for the action. In addition,

15

Table of Contents

record dates for any global debt security may be set in accordance with procedures established by the depositary from time to time. Accordingly, record dates for global debt securities may differ from those for other debt securities.

DEFEASANCE AND DISCHARGE

Defeasance

When we use the term defeasance, we mean discharge from some or all of our obligations under an indenture. If we deposit with the trustee under an indenture any combination of money or government securities sufficient to make payments on the debt securities of a series issued under that indenture on the dates those payments are due, then, at our option, either of the following will occur:

- we will be discharged from our obligations with respect to the debt securities of that series ("legal defeasance"); or
- we will no longer have any obligation to comply with specified restrictive covenants with respect to the debt securities of that series and other specified covenants under the applicable indenture, and the related events of default will no longer apply ("covenant defeasance").

If a series of debt securities is defeased, the holders of the debt securities of that series will not be entitled to the benefits of the applicable indenture, except for obligations to register the transfer or exchange of debt securities, replace stolen, lost or mutilated debt securities, maintain paying agencies and hold money for payment in trust. In the case of covenant defeasance, our obligation to pay principal, premium and interest on the debt securities will also survive. Unless we inform you otherwise in the prospectus supplement, we will be required to deliver to the trustee an opinion of counsel that the deposit and related defeasance would not cause the holders of the debt securities to recognize income, gain or loss for federal income tax purposes and that the holders would be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the deposit and related defeasance had not occurred. If we elect legal defeasance, that opinion of counsel must be based upon a ruling from the U.S. Internal Revenue Service or a change in law to that effect.

Satisfaction and Discharge

An indenture will be discharged and will cease to be of further effect with respect to the debt securities of a series issued under that indenture, except for our obligation to register the transfer of and exchange debt securities of that series, when:

either:

- all debt securities of that series that have been authenticated, except lost, stolen or destroyed debt securities that have been replaced or paid and debt securities for whose payment money has been deposited in trust and thereafter repaid to us, have been delivered to the trustee for cancellation; or

- all debt securities of that series that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year, and we or any Subsidiary Guarantor has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders, cash in U.S. dollars, non-callable government securities, or a combination of cash in U.S. dollars and non-callable government securities, in amounts as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the debt securities of that series not delivered to the trustee for cancellation for principal, premium and accrued interest to the date of maturity or redemption;

- no default or event of default has occurred and is continuing on the date of the deposit (other than a default or event of default resulting from the borrowing of funds to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which we or any subsidiary is a party or by which we or any subsidiary is bound;

- we or any Subsidiary Guarantor has paid or caused to be paid all sums payable by it under the indenture; and
- we have delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the debt securities at maturity or on the redemption date, as the case may be.

In addition, we must deliver an officers' certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

GOVERNING LAW

New York law will govern the indentures and the debt securities.

Table of Contents

THE TRUSTEE

Wells Fargo Bank, N.A. will be the trustee under the senior indenture. Wells Fargo Bank, N.A. serves as trustee under an indenture related to other senior securities that we have issued. We may have normal banking relationships with the trustee under the subordinated indenture in the ordinary course of business.

If the trustee becomes a creditor of DPS or any Subsidiary Guarantor, the applicable indenture will limit the right of the trustee to obtain payment of claims in certain cases or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest (as defined in the Trust Indenture Act) after a default has occurred and is continuing, it must eliminate such conflict within 90 days, apply to the SEC for permission to continue as trustee (if the indenture has been qualified under the Trust Indenture Act) or resign. The holders of a majority in aggregate principal amount of debt securities of a particular series will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee with respect to that series, subject to certain exceptions. The indenture will provide that in case an event of default occurs and is continuing, the trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any holder of debt securities, unless such holder has offered to the trustee indemnity or security against loss, liability or expense satisfactory to the trustee in its sole discretion.

PAYMENTS AND PAYING AGENTS

Unless we inform you otherwise in a prospectus supplement, we will make payments on the debt securities in U.S. dollars at the office of the trustee and any paying agent. At our option, however, payments may be made by check mailed to the address of the person entitled to the payment as it appears in the security register. Unless we inform you otherwise in a prospectus supplement, we will make interest payments to the person in whose name the debt security is registered at the close of business on the record date for the interest payment. We will make payments on a global debt security in accordance with the applicable policies of the depositary as in effect from time to time. Under those policies, we will pay directly to the depositary, or its nominee, and not to any indirect owners who own beneficial interests in the global debt security. An indirect owner's right to receive payments will be governed by the rules and practices of the depositary and its participants.

Unless we inform you otherwise in a prospectus supplement, the trustee under the applicable indenture will be designated as the paying agent for payments on debt securities issued under that indenture. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts. If the principal of or any premium or interest on debt securities of a series is payable on a day that is not a business day, the payment will be made on the following business day with the same force and effect as if made on such interest payment date, and no additional interest will accrue solely as a result of such delayed payment. For these purposes, unless we inform you otherwise in a prospectus supplement, a "business day" is any day that is not a Saturday, Sunday or other day on which banking institutions in New York, New York or another place of payment on the debt securities of that series are authorized or required by law to close. Book-entry and other indirect owners should consult their banks or brokers for information on how they will receive payments on their debt securities.

Regardless of who acts as paying agent, all money paid by us to a paying agent that remains unclaimed at the end of one year after the amount is due to a holder will be repaid to us. After that one-year period, the holder may look only to us for payment and not to the trustee, any other paying agent or anyone else.

REDEMPTION OR REPAYMENT

If there are any provisions regarding redemption or repayment applicable to a debt security, we will describe them in the applicable prospectus supplement.

We or our affiliates may purchase debt securities from investors who are willing to sell from time to time, either in the open market at prevailing prices or in private transactions at negotiated prices. Debt securities that we or they purchase may, at our discretion, be held, resold or canceled.

Table of Contents

NOTICES

Notices to be given to holders of a global debt security will be given only to the depositary, in accordance with its applicable policies as in effect from time to time. Notices to be given to holders of debt securities not in global form will be sent by mail to the respective addresses of the holders as they appear in the trustee's records, and will be deemed given when mailed. Neither the failure to give any notice to a particular holder, nor any defect in a notice given to a particular holder, will affect the sufficiency of any notice given to another holder.

Book-entry and other indirect owners should consult their banks or brokers for information on how they will receive notices.

BOOK-ENTRY; DELIVERY AND FORM

Unless we inform you otherwise in the prospectus supplement, any debt securities will be issued in registered, global form ("global debt securities"). The global debt securities will be deposited upon issuance with the trustee as custodian for DTC, in New York, New York, and registered in the name of DTC or its nominee, in each case, for credit to an account of a direct or indirect participant in DTC as described below. Except as set forth below, the global debt securities may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the global debt securities may not be exchanged for definitive debt securities in registered certificated form ("certificated debt securities") except in the limited circumstances.

Transfers of beneficial interests in the global debt securities will be subject to the applicable rules and procedures of DTC and its direct or indirect participants (including, if applicable, those of Euroclear and Clearstream), which may change from time to time.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase our debt or equity securities or other rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing. Warrants may be issued independently or together with any other securities and may be attached to, or separate from, such securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a bank or trust company, as warrant agent. The warrant agent will act solely as our agent in connection with the warrants and will not have any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants. The terms of any warrants to be issued and a description of the material provisions of the applicable warrant agreement will be set forth in the applicable prospectus supplement.

The applicable prospectus supplement will describe the following terms of any warrants in respect of which this prospectus is being delivered:

- the title of such warrants;
- the aggregate number of such warrants;
- the price or prices at which such warrants will be issued;
- the currency or currencies in which the price of such warrants will be payable;
- the designation, number and terms of the debt securities, common stock, preferred stock or other securities purchasable upon exercise of the warrants, and procedures by which those numbers may be adjusted;
- the price at which and the currency or currencies in which the securities or other rights purchasable upon exercise of such warrants may be purchased;
- the date on which the right to exercise such warrants shall commence and the date on which such right shall expire;
- if applicable, the minimum or maximum amount of such warrants which may be exercised at any one time;
- if applicable, the designation and terms of the securities with which such warrants are issued and the number of such warrants issued with each such security;
- if applicable, the date on and after which such warrants and the related securities will be separately transferable;
- information with respect to book-entry procedures, if any;
- if applicable, a discussion of any material U.S. federal income tax considerations; and
- any other terms of such warrants, including terms, procedures and limitations relating to the transferability, exchange or exercise of such warrants.

PLAN OF DISTRIBUTION

We may sell the offered securities in and outside the U.S. (1) through underwriters or underwriting syndicates led by one or more managing underwriters, (2) to or through brokers or dealers, (3) to or through agents, (4) directly to one or more purchasers, including our affiliates, (5) pursuant to delayed delivery contracts or forward contracts or (6) through a combination of any of these methods.

The prospectus supplement will set forth the terms of the offering and the method of distribution and will include the following information:

- the names of any underwriters or agents;
- the name or names of any managing underwriter or underwriters;
- the purchase price of the securities from us;
- the net proceeds to us from the sale of the securities;
- any delayed delivery arrangements;
- any over-allotment options under which underwriters may purchase additional securities from us;
- any underwriting discounts, commissions and other items constituting compensation to underwriters, dealers or agents;
- any public offering price;
- any discounts or concessions allowed or reallocated or paid to dealers; any commissions paid to agents; and
- any securities exchange or market on which the securities offered in the prospectus supplement may be listed.

SALE THROUGH UNDERWRITERS OR DEALERS

If we use underwriters in the sale of securities, we will execute an underwriting agreement with the underwriter at the time of sale and we will provide the name of any underwriter in the prospectus supplement that the underwriter will use to make resales of securities to the public. The underwriters will acquire the securities for their own account, and the underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may offer securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. The obligations of the underwriters to purchase the securities will be subject to conditions, and any underwritten offering may be on a best efforts or a firm commitment basis. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

If we use dealers in the sale of securities, we will sell the securities to them as principals. They may then resell those securities to the public at varying prices determined by the dealers at the time of resale. The dealers participating in any sale of the securities may be deemed to be underwriters within the meaning of the Securities Act, with respect to any sale of those securities. We will include in the prospectus supplement the names of the dealers and the terms of the transaction.

SALES THROUGH AGENTS

We may also sell the securities through agents we designate from time to time. In the prospectus supplement, we will name any agent involved in the offer or sale of the offered securities, and we will describe any commissions payable by us to the agent. Unless we inform you otherwise in the prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

DIRECT SALES

We may sell the securities directly. In that event, no underwriters or agents would be involved. We may use electronic media, including the Internet, to sell offered securities directly.

DELAYED DELIVERY OR FORWARD CONTRACTS

If we so indicate in the prospectus supplement, we may authorize agents, underwriters or dealers to solicit offers to purchase securities from us at the public offering price set forth in the prospectus under delayed delivery or forward contracts. These contracts would provide for payment and delivery on a specified date in the future at prices determined as described in the prospectus supplement. The prospectus supplement would describe the commission payable for solicitation of those contracts.

Table of Contents

REMARKETING

We may offer and sell any of the securities in connection with a remarketing upon their purchase, in accordance with a redemption or repayment by their terms or otherwise by one or more remarketing firms acting as principals for their own accounts or as our agents. We will identify any remarketing firm, the terms of any remarketing agreement and the compensation to be paid to the remarketing firm in the prospectus supplement. Remarketing firms may be deemed underwriters under the Securities Act.

DERIVATIVE TRANSACTIONS

We may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third parties may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third parties in these sale transactions will be underwriters and, if not identified in this prospectus, will be identified in the applicable prospectus supplement or in a post-effective amendment to the registration statement of which this prospectus forms a part. In addition, we may otherwise loan or pledge securities to a financial institution or other third party that in turn may sell the securities short using this prospectus. Such financial institution or other third party may transfer its economic short position to investors in our securities or in connection with a concurrent offering of other securities.

GENERAL INFORMATION

In connection with the sale of the securities, underwriters, dealers or agents may be deemed to have received compensation from us in the form of underwriting discounts or commissions and may also receive commissions from securities purchasers for whom they may act as agent. Underwriter may sell the securities to or through dealers, and the dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for whom they may act as agent. We will provide in the applicable prospectus supplement information regarding any underwriting discounts or other compensation that we pay to underwriters or agents in connection with the securities offering, and any discounts, concessions or commissions which underwriters allow to dealers.

We may have agreements with the agents, dealers and underwriters to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments that the agents, dealers or underwriters may be required to make because of those liabilities. Agents, dealers and underwriters, or their affiliates or associates, may be customers of, engage in transactions with or perform services for us in the ordinary course of their businesses. Each series of offered securities will be a new issue and, other than the common stock, which is listed on the NYSE, will have no established trading market. We may elect to list any series of offered securities on an exchange, but we are not obligated to do so. It is possible that one or more underwriters may make a market in a series of offered securities. However, they will not be obligated to do so and may discontinue market making at any time without notice. We cannot assure you as to the liquidity of, or the trading market for, any of our offered securities. In connection with an offering, certain persons participating in the offering may make a market in the securities or engage in transactions that stabilize, maintain or otherwise affect the market price of the offered securities. This may include, among other transactions, over-allotments or short sales of the securities, which involves the sale by persons participating in the offering of more securities than we sold to them. In these circumstances, these persons would cover such over-allotments or short positions by making purchases in the open market or by exercising their over-allotment option. As a result, the price of the securities may be higher than the price that might otherwise prevail in the open market. If these activities are commenced, these transactions may be discontinued at any time.

ITEM 15. Indemnification of Directors and Officers

Set forth below is a description of certain provisions of the Amended and Restated Certificate of Incorporation (the "Certificate of Incorporation") of Dr Pepper Snapple Group, Inc. (the "Company") and the Delaware General Corporation Law (the "DGCL"). This description is intended as a summary only and is qualified in its entirety by reference to the Certificate of Incorporation and the DGCL.

DELAWARE GENERAL CORPORATION LAW

Section 145 of the DGCL provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership or other enterprise, against all expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by them in connection with such action, suit or proceeding if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interest of the corporation and, with respect to any criminal action or proceeding, if he or she had no reasonable cause to believe their conduct was unlawful. Section 145 further provides that a corporation similarly may indemnify any such person serving in any such capacity who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor, against expenses (including attorneys' fees) actually and reasonably incurred in connection with the defense or settlement of the action or suit if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification may be made against expenses in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation, unless and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

CERTIFICATE OF INCORPORATION

Limitation on Liability of Directors

Pursuant to authority conferred by Section 102 of the DGCL, Article Seventh of our Certificate of Incorporation eliminates the personal liability of directors to us or our stockholders for monetary damages for breach of fiduciary duty, including, without limitation, directors serving on committees of our board of directors, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL.

Indemnification and Insurance

In accordance with Section 145 of the DGCL, Article Eighth of the Certificate of Incorporation grants our directors and officers a right to indemnification for all expenses, liabilities and losses relating to civil, criminal, administrative or investigative actions, suits or proceedings to which they are a party (other than an action or suit by us or in our right, in which case our directors and officers have a right to indemnification for all expenses, except in respect of any claim, issue or matter as to which such officer or director is adjudged to be liable to us) (1) by reason of the fact that they are or were our directors or officers, (2) by reason of the fact that, while they are or were our directors or officers, they are or were serving at our request as directors or officers of another corporation, partnership, joint venture, trust or entity or (3) by reason of any action alleged to have been taken or omitted in such person's capacity as our director or officer or in any other capacity while serving at our request as directors or officers of another corporation, partnership, joint venture, trust or entity.

Article Eighth of the Certificate of Incorporation further provides for the mandatory advancement of expenses incurred by officers and directors in defending such proceedings in advance of their final disposition upon delivery to us by the indemnitee of an undertaking to repay all amounts so advanced if it is ultimately determined that such indemnitee is not entitled to be indemnified under Article Eighth. We may not indemnify or make advance payments to any person in connection with proceedings initiated against us by such person without the authorization of our board of directors.

In addition, Article Eighth of the Certificate of Incorporation provides that directors and officers therein described shall be indemnified to the fullest extent permitted by the DGCL, and if the DGCL is subsequently amended to expand further the indemnification or advancements permitted, then we shall indemnify such directors and officers to the fullest extent permitted by the DGCL, as so amended.

Article Eighth of the Certificate of Incorporation allows the indemnification to continue after an indemnitee has ceased to be our director or officer and to inure to the benefit of the indemnitee's heirs, executors and administrators. Article Eighth of the Certificate of Incorporation further provides that the right to indemnification is not exclusive of any other right that any indemnitee may be entitled under any law, any agreement or vote of stockholders or disinterested directors or otherwise.

The Certificate of Incorporation authorizes us to purchase insurance for our directors and officers and persons who serve at our request as directors, officers, employees or agents of another corporation, partnership, joint venture, trust or entity against any liability incurred in such capacity, whether or not we would have the power to indemnify such persons against such expense or liability under the DGCL. We intend to maintain insurance coverage for our officers and directors as well as insurance coverage to reimburse us for potential costs of our corporate indemnification of directors and officers.

ITEM 17. Undertakings

(a) Each of the undersigned registrants hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrants pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by a registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

Table of Contents

That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities: Each of the undersigned registrants undertakes that in a primary offering of securities of such undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, such undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of such undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of such undersigned registrant or used or referred to by such undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about such undersigned registrant or its securities provided by or on behalf of such undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by such undersigned registrant to the purchaser.

The undersigned registrants hereby undertake that, for purposes of determining any liability under the Securities Act of 1933, each filing of a registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrants pursuant to the foregoing provisions, or otherwise, each registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of any registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, such registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

Each of the undersigned registrants hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Securities and Exchange Commission under Section 305(b)(2) of the Trust Indenture Act.
