ITEM 2.02. RESULTS OF OPERATIONS AND FINANCIAL CONDITION

On January 26, 2012, Briggs & Stratton Corporation issued a press release announcing results for the second quarter of fiscal 2012 in the press release furnished as Exhibit 99.1.

ITEM 2.05. COSTS ASSOCIATED WITH EXIT OR DISPOSAL ACTIVITIES

On January 25, 2012, the Board of Directors of Briggs & Stratton Corporation (the "Company") authorized a plan to move existing manufacturing from the Company's Newbern, Tennessee facility to its McDonough, Georgia facility. The Company will also close its Ostrava, Czech Republic plant, shifting production to the Company's Murray, Kentucky facility. Also, the Company will continue reducing capacity by reconfiguring and idling certain assets at its Poplar Bluff, Missouri facility. This decision was made after a comprehensive evaluation of the Company's manufacturing operations following significant and prolonged market declines.

The Newbern, Tennessee facility currently manufactures walk behind lawn mowers and snow throwers for the U.S. domestic market. The Ostrava, Czech Republic facility currently manufactures small engines for the outdoor power equipment industry.

These changes will result in the closing of the Company's facility in Newbern, Tennessee, affecting approximately 240 regular employees and 450 temporary employees. Additionally, the closing of the Ostrava, Czech Republic facility will affect approximately 77 regular employees. The Company does not anticipate significant employment changes at its Poplar Bluff, Missouri facility. The Company will provide assistance programs, continued benefits and outplacement services for the affected employees.

Operations in Ostrava and Newbern are expected to wind down by March 15, 2012 and May 15, 2012, respectively. The pre-tax expense related to the restructuring activities is estimated to be \$50 million to \$55 million, of which, \$45 million to \$50 million is expected to be realized in fiscal 2012. Included in these charges are estimated pre-tax charges of approximately \$35 million to \$37 million for non-cash asset impairments and approximately \$15 million to \$18 million of other cash expenditures. The Company anticipates annualized pre-tax savings of \$18 million to \$20 million due to the restructuring actions.

ITEM 2.06. MATERIAL IMPAIRMENTS
