CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION

This prospectus supplement and the accompanying prospectus, including documents incorporated by reference into this prospectus supplement and the accompanying prospectus, contain “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Such forward-looking statements include those that express plans, anticipation, intent, contingency, goals, targets or future development and/or otherwise are not statements of historical fact. In particular, these forward-looking statements include, among others, statements about:

our expectations regarding user engagement patterns;

our expectations regarding mobile usage by our users;

the impact of increased mobile usage and Social Theater competition on revenues and financial results;

the impact of seasonality on our operating results;

our expectations relating to advertising and the effects of advertising and mobile monetization on our revenues;

our plans regarding product development, international growth and personnel;

our liquidity and expectations regarding uses of cash;

our expectations regarding the cost and outcome of our current and future litigation;

the impact of new accounting policies;

our completed acquisition of Skout, Inc. and our proposed acquisition of Ifwe Inc.; and

the amount, and our expected uses, of the net proceeds of this offering.

These forward-looking statements are based on our current expectations and projections about future events and they are subject to risks and uncertainties known and unknown to us that could cause actual results and developments to

differ materially from those expressed or implied in such statements, including the risks described under “Risk Factors” in this prospectus supplement, the accompanying prospectus and our Annual Report on Form 10-K for the year ended December 31, 2016.

Forward-looking statements can generally be identified by the use of words such as “anticipate,” “expect,” “plan,” “could,” “may,” “will,” “should,” “would,” “intend,” “seem,” “potential,” “appear,” “continue,” “future,” “believe,” “estimate,” “forecast,” and other words of similar meaning, although not all forward-looking statements contain these identifying words.

Any forward-looking statements are qualified in their entirety by reference to the factors discussed in this prospectus supplement, and the accompanying prospectus, and the documents incorporated by reference herein and therein.

Important factors that could cause actual results to differ from those in the forward-looking statements include users' willingness to try new product offerings, the risk that unanticipated events affect the functionality of our mobile applications with popular mobile operating systems, any changes in such operating systems that degrade our mobile applications' functionality and other unexpected issues which could adversely affect usage on mobile devices, the risk that the mobile advertising market will not grow, the ongoing existence of such demand and the willingness of our users to complete mobile offers or pay for virtual currency. Factors or events that could cause our actual results to differ may emerge from time to time, and it is not possible for us to predict all of them. We refer you to our most recent Annual Report on Form 10-K for the year ended December 31, 2016, under the caption "Item 1A – Risk Factors" of such report, and the other documents incorporated by reference into this prospectus supplement for both an expanded discussion of the risks and uncertainties described above and additional risks and uncertainties that could cause actual results to differ materially and adversely from those expressed or implied by forward-looking statements.

You should read this prospectus supplement, the accompanying prospectus and the documents that we reference herein and therein, completely and with the understanding that our actual future results may be materially different from what we expect. You are cautioned not to place undue reliance on the forward-looking statements contained in, or incorporated by reference into, this prospectus supplement. Each forward-looking statement speaks only as of the date of this prospectus supplement or, in the case of documents incorporated by reference, the date of the applicable document (or any earlier date indicated in the statement), and we undertake no obligation to update or revise any of these statements, whether as a result of new information, future developments or otherwise, except as required by law. We qualify all of our forward-looking statements by these cautionary statements.

MeetMe, Inc.

Our Business

MeetMe is a fast-growing portfolio of mobile apps that brings together people around the world for new connections. Our mission is to meet the universal need for human connection. We operate location-based social networks for meeting new people on mobile platforms, including on iPhone, Android, iPad and other tablets, and on the web that facilitate interactions among users and encourage users to connect and chat with each other. Given consumer preferences to use more than a single mobile application, we are adopting a brand portfolio strategy, through which we offer products that collectively appeal to the broadest spectrum of consumers. We are consolidating the fragmented mobile meeting sector through strategic acquisitions, leveraging economies and innovation to drive growth. On October 3, 2016, we completed its acquisition of Skout, Inc. ("Skout"), a leading global mobile network for meeting new people.

MeetMe's platforms monetize through advertising, in-app purchases, and paid subscriptions. We offer online marketing capabilities, which enable marketers to display their advertisements in different formats and in different locations. We offer significant scale to our advertising partners, with hundreds of millions of daily impressions across our active and growing global user base, and sophisticated data science for highly effective hyper-targeting. We work with our advertisers to maximize the effectiveness of their campaigns by optimizing advertisement formats and placements.

Just as Facebook has established itself as the social network of friends and family, and LinkedIn as the social network of colleagues and business professionals, MeetMe is creating the social network not of the people you know but of the people you want to know. Nimble and fast-moving, already in more than 100 countries, we believe we are challenging the dominant player in our space, Match Group. Our vision extends beyond dating. We focus on building quality products to satisfy the universal need for human connection among all people, everywhere—not just paying subscribers. We believe meeting new people is a basic human need, especially for users aged 18-34, when so many long-lasting

relationships are made. We use advanced technology to engineer serendipitous connections among people who otherwise might never have met — a sort of digital coffeehouse where everyone belongs. Over the years, MeetMe’s apps have originated untold numbers of chats, shares, good friends, dates, romantic relationships — even marriages.

We believe that we have significant growth opportunities as people increasingly use their mobile devices to discover the people around them. Given the importance of establishing connections within a user’s geographic proximity, we believe it is critical to establish a high density of users within the geographic regions we serve. As the MeetMe networks grow and the number of users in a location increases, we believe that users who are seeking to meet new people will incrementally benefit from the quantity of relevant connections.

Corporate Information

We were initially incorporated in Nevada in June 1997, and merged with Insider Guides, Inc., doing business as myYearbook.com, on November 10, 2011. On December 6, 2011, we changed our legal domicile to Delaware. Effective June 1, 2012, we changed our name from Quepasa Corporation to MeetMe, Inc. and completed the transition of our website to meetme.com in the fourth quarter of 2012. On October 3, 2016, MeetMe acquired 100% of the issued and outstanding shares of common stock of Skout. The Company owns and operates the MeetMe and Skout mobile applications, and meetme.com and skout.com.

Our executive offices and principal facilities are located at 100 Union Square Drive, New Hope, Pennsylvania, 18938. Our telephone number is (215) 862-1162. Our corporate website is www.meetmecorp.com. Investors can obtain copies of our SEC filings from our corporate website free of charge, as well as from the SEC website, www.sec.gov. Information contained on our corporate website does not constitute part of the prospectus supplement or the accompanying prospectus.

Recent Developments

Proposed Acquisition of if(we)

On March 6, 2017, we announced that we had entered into a definitive agreement and plan of merger, dated March 3, 2017 (the “Merger Agreement”), to acquire Ifwe Inc. (“if(we)”), a social and mobile technology company that operates Tagged and hi5, two leading mobile brands for meeting new people (the “Acquisition”). We believe the Acquisition will further our strategy to innovate, acquire and build the largest mobile portfolio of brands for meeting new people, and we expect it to provide greater scale for monetization and increased profitability for the combined company. The purchase price for the Acquisition, which is payable in cash, is \$60 million, subject to certain adjustments.

If(we), which is based in San Francisco, is a community that spans over 100 countries with apps that are available in 15 different languages. For the year ended December 31, 2016, if(we) generated approximately \$44 million in revenue. For the quarter ended December 31, 2016, if(we) had 2.3 million mobile app MAU, 5.4 million total MAU, 0.8 million mobile app DAU, 10.4 million mobile app chats per day and 18,000 new registered mobile app users added each day on average.

We expect the closing of the Acquisition to take place in the second quarter of 2017. The Merger Agreement contains customary representations and warranties, as well as covenants regarding if(we)’s operations prior to the closing. The consummation of the Acquisition is subject to certain customary conditions, including our receipt of certain financing necessary to fund the purchase price.

\$30 Million Credit Facilities

Also on March 6, 2017, we announced that in connection with the Acquisition we entered into a credit agreement, dated March 3, 2017 (the “Credit Agreement”), with the several banks and other financial institutions, including

JPMorgan Chase Bank, N.A., as administrative agent. The Credit Agreement provides for a \$15 million revolving credit facility and a \$15 million term loan facility, each with a two year maturity from the date of the Credit Agreement (the “Credit Facilities”).

We intend to use the proceeds under the Credit Facilities for general purposes, including the Acquisition. We also expect to use the revolving credit facility to finance working capital needs, as amounts may be borrowed, repaid and re-borrowed from time to time until the maturity date. The commitments of the lenders in respect of the Credit Facilities and the initial extension of credit under the Credit Agreement are conditioned upon satisfaction of certain conditions precedent, including, among other things, the consummation of the Acquisition.

The term loan is subject to quarterly amortization of principal in an amount equal to \$1,875,000 per quarter commencing June 30, 2017 and continuing through maturity. Our obligations under the Credit Facilities are secured by all of our assets, and all of the assets of our present and future domestic subsidiaries as guarantors, subject to certain exceptions and exclusions.

We intend to use the net proceeds from this offering for general corporate purposes including potentially to fund a portion of the consideration for the pending Acquisition, and other potential future acquisitions. See “Use of Proceeds” on page S-8.
NASDAQ Capital Market symbol	“MEET”
Risk factors	This investment involves a high degree of risk. See “Risk Factors” beginning on page S-5 of this prospectus supplement, on page 2 of the accompanying prospectus and in the documents incorporated by reference into this prospectus supplement and the accompanying prospectus for a discussion of factors you should carefully consider before deciding to invest in our common stock.

The number of shares of our common stock to be outstanding immediately after the closing of this offering is based on 58,945,607 shares of common stock outstanding as of December 31, 2016 and excludes, as of that date:

675,000 shares of common stock issuable upon the exercise of outstanding warrants at a weighted average exercise price of \$3.55 per share;
 6,446,818 shares of common stock issuable upon the exercise of outstanding stock options at a weighted average exercise price of \$2.40 per share;
 1,794,115 shares of common stock under unvested restricted stock awards; and
 4,549,092 shares of common stock available for future grant under our 2012 Omnibus Incentive Plan and our 2016 Inducement Omnibus Incentive Plan.

Except as otherwise indicated, all information in this prospectus supplement assumes no exercise by the underwriters of the over-allotment option.

S-3

DILUTION

If you purchase shares in this offering, your interest will be diluted to the extent of the difference between the offering price per share and the net tangible book value per share of our common stock after this offering. Our net tangible book value as of December 31, 2016 was \$63.9 million, or \$1.08 per share of common stock. “Net tangible book value” is total assets minus the sum of liabilities, goodwill and intangible assets. “Net tangible book value per share” is net tangible book value divided by the total number of shares of common stock outstanding.

After giving effect to the sale by us of 8,000,000 shares of our common stock in this offering at the offering price of \$5.00 per share, and after deducting underwriting discounts and commissions, and approximately \$350,000 of estimated offering expenses payable by us, our net tangible book value as of December 31, 2016 would have been approximately \$101.2 million, or \$1.51 per share of common stock. This amount represents an immediate increase in net tangible book value of \$0.43 per share to existing stockholders and an immediate dilution of \$3.49 per share to purchasers in this offering.

The following table illustrates the dilution:

Offering price per share	\$5.00
Net tangible book value per share as of December 31, 2016	\$1.08
Increase in net tangible book value per share attributable to this offering	0.43
Net tangible book value per share as of December 31, 2016 as adjusted after this offering	1.51
Dilution per share to new investors in this offering	\$ 3.49

The number of shares of our common stock to be outstanding immediately after the closing of this offering is based on 58,945,607 shares of common stock outstanding as of December 31, 2016 and excludes, as of that date:

675,000 shares of common stock issuable upon the exercise of outstanding warrants at a weighted average exercise price of \$3.55 per share;
6,446,818 shares of common stock issuable upon the exercise of outstanding stock options at a weighted average exercise price of \$2.40 per share;
1,794,115 shares of common stock under unvested restricted stock awards; and
4,549,092 shares of common stock available for future grant under our 2012 Omnibus Incentive Plan and our 2016 Inducement Omnibus Incentive Plan.

If the underwriters exercise in full their option to purchase additional shares of common stock, our net tangible book value as of December 31, 2016 would have been approximately \$106.8 million, or \$1.56 per share of common stock, representing an immediate increase in net tangible book value of \$0.48 per share to existing stockholders and an immediate dilution of \$3.43 per share to purchasers in this offering.

To the extent that any outstanding options or warrants are exercised, new options are issued under the plans, restricted stock awards vest, or we otherwise issue additional shares of common stock in the future, at a price less than the public offering price, there will be further dilution to the investors.

S-4

RISK FACTORS

An investment in our common stock involves a substantial risk of loss. You should carefully consider the risk factors set forth below and in our Annual Report on Form 10-K for the year ended December 31, 2016, together with the other information included or incorporated by reference into this prospectus supplement and the accompanying prospectus, before you decide to invest in our common stock. The occurrence of any of these risks could harm our business. In that case, the trading price of our common stock could decline, and you may lose all or part of your investment. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also impair our operations. You should also refer to the other information contained in this prospectus supplement and the accompanying prospectus or incorporated by reference herein or therein, including our financial statements and the notes to those statements and the information set forth under the heading “Cautionary Statement Regarding Forward-Looking Information.”

Risk Related to This Offering

We have broad discretion in the use of the net proceeds we receive from this offering and may not use them effectively.

We cannot specify with certainty the particular uses of the net proceeds we will receive from this offering. We will have broad discretion in the application of these net proceeds, including for any of the purposes described in the section entitled “Use of Proceeds.” Accordingly, you will have to rely upon our judgment with respect to the use of these net proceeds, with only limited information concerning our specific intentions. We may spend a portion or all of the net proceeds we will receive from this offering in ways that our stockholders may not desire or that may not yield a favorable return. Our failure to apply these funds effectively could harm our business. Pending their use, we may invest the net proceeds we will receive from this offering in a manner that does not produce income or that loses value.

The price of our common stock may be volatile or may decline regardless of our operating performance, and you may not be able to resell your shares at or above the initial public offering price.

The market price of our common stock following this offering may be higher or lower than the public offering price. The market price of our common stock following this offering will depend on a number of factors, many of which are beyond our control and may not be related to our operating performance. These fluctuations could cause you to lose part of your investment in our common stock since you might be unable to sell your shares at or above the price you paid in this offering. Factors that could cause fluctuations in the market price of our common stock include the following:

price and volume fluctuations in the overall stock market from time to time;

volatility in the market prices and trading volumes of technology stocks generally, or those in our industry in particular;

changes in operating performance and stock market valuations of other technology companies generally, or those in our industry in particular;

sales of shares of our stock by us or our stockholders;

the failure of securities analysts to maintain coverage of us, changes in financial estimates by securities analysts who follow our company or our failure to meet these estimates or the expectations of investors;

the financial projections we may provide to the public, any changes in those projections or our failure to meet those projections;

S-5

announcements by us or our competitors of new brands, products or services;

the public's reaction to our earnings releases, other public announcements and filings with the SEC;

rumors and market speculation involving us or other companies in our industry;

actual or anticipated developments in our business, our competitors' businesses or the competitive landscape generally;

actual or anticipated changes in our operating results or fluctuations in our operating results;

litigation involving us, our industry or both, or investigations by regulators into our operations or those of our competitors;

developments or disputes concerning our intellectual property or other proprietary rights;

announced or completed acquisitions of businesses or technologies by us or our competitors;

new laws or regulations or new interpretations of existing laws or regulations applicable to our business;

changes in accounting standards, policies, guidelines, interpretations or principles;

any significant change in our management; and

general economic conditions and slow or negative growth in any of our significant markets.

In addition, in the past, following periods of volatility in the overall market and the market price of a particular company's securities, securities class action litigation has often been instituted against these companies. This litigation, if instituted against us, could result in substantial costs and a diversion of our management's attention and resources.

If you purchase shares of our common stock sold in this offering, you will experience immediate and substantial dilution in the net tangible book value of your shares. In addition, we may issue additional equity or equity-linked securities in the future, which may result in additional dilution to you.

The price per share of our common stock being offered may be higher than the net tangible book value per share of our outstanding common stock prior to this offering. See the section entitled “Dilution” for a more detailed discussion of the dilution you will incur if you purchase common stock in this offering. In addition, we have a significant number of outstanding options to purchase common stock. If the holders of these options exercise their options, you may incur further dilution. Also, to the extent we need to raise additional capital in the future and we issue additional shares of common stock or securities convertible into or exchangeable for our common stock, our then existing stockholders may experience dilution and the new securities may have rights senior to those of our common stock offered in this offering.

Future sales of our common stock could cause the market price for our common stock to decline.

We cannot predict the effect, if any, that market sales of shares of our common stock or the availability of shares of our common stock for sale will have on the market price of our common stock prevailing from time to time. Sales of substantial amounts of shares of our common stock in the public market, or the perception that those sales will occur, could cause the market price of our common stock to decline or be depressed.

The shares of common stock issued in connection with this offering will be freely tradable without restriction or further registration under the Securities Act.

We and our directors and executive officers have agreed to a “lock-up”, pursuant to which neither we nor they will sell any shares without the prior consent of Canaccord Genuity Inc. and Roth Capital Markets, LLC for 90 days after the date of this prospectus supplement, subject to certain exceptions and extensions under certain circumstances. Following the expiration of the applicable lock-up period, all of these shares of our common stock will also be eligible for future sale.

S-7

USE OF PROCEEDS

We expect the net proceeds from this offering to be approximately \$37.3 million (or \$42.9 million if the underwriters exercise their option to purchase additional shares in full), after deducting underwriting discounts and commissions, as described in “Underwriting,” and estimated offering expenses payable by us. We intend to use the net proceeds from this offering for general corporate purposes including potentially to fund a portion of the consideration for the pending Acquisition, and other potential future acquisitions.

As of the date of this prospectus supplement, we cannot specify with certainty all of the particular uses of the proceeds from this offering. Accordingly, we will retain broad discretion over the use of such proceeds. Pending the use of the net proceeds from this offering as described above, we intend to invest the net proceeds in short-term, investment-grade securities.

S-8

DIVIDEND POLICY

We have never declared or paid cash dividends on our capital stock. We currently intend to retain our future earnings, if any, for use in our business and therefore do not anticipate paying cash dividends in the foreseeable future. Payment of future dividends, if any, will be at the discretion of our board of directors after taking into account various factors, including our financial condition, operating results, current and anticipated cash needs and plans for expansion.

S-9

UNDERWRITING

Under the terms and subject to the conditions to be set forth in an underwriting agreement by and between us and Canaccord Genuity Inc. and Roth Capital Partners, LLC, as representatives of the several underwriters named therein, we have agreed to sell to the underwriters and the underwriters have severally agreed to purchase from us, the number of shares indicated in the following table:

Underwriter	Number of Shares
Canaccord Genuity Inc.	3,600,000
Roth Capital Partners, LLC	3,600,000
Northland Securities, Inc. ⁽¹⁾	800,000
Total:	8,000,000

(1) Northland Capital Markets is the trade name for certain capital markets and investment banking services of Northland Securities, Inc., member FINRA/SIPC.

The underwriting agreement provides that the obligations of the underwriters are subject to certain conditions precedent such as the receipt by the underwriters of officers' certificates and legal opinions. The underwriting agreement provides that the underwriters will purchase all of the shares if any of them are purchased. We have agreed to indemnify the underwriters and certain of their controlling persons against certain liabilities, including liabilities under the Securities Act, and to contribute to payments that the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the shares subject to their acceptance of the shares from us and subject to prior sale. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Option to Purchase Additional Shares

We have granted the underwriters an option, exercisable no later than 30 calendar days after the date of the underwriting agreement, to purchase up to an aggregate of 1,200,000 additional shares of our common stock at the public offering price, less the underwriting discounts and commissions set forth on the cover page of this prospectus supplement and as indicated below. We will be obligated to sell these shares of our common stock to the underwriters to the extent the over-allotment option is exercised. The underwriters may exercise this option only to cover over-allotments, if any, made in connection with the sale of our common stock offered by this prospectus supplement.

Commission and Expenses

The underwriters have advised us that they propose to offer our common stock directly to the public at the offering price set forth on the cover page of this prospectus supplement and to certain dealers at that price less a concession not in excess of \$0.18 per share. After the offering, the public offering price and the concession to dealers may be reduced by the underwriters. No such reduction will change the amount of proceeds to be received by us in the offering as set forth on the cover page of this prospectus supplement.

The following table shows the per share and total underwriting discounts and commissions that we will pay to the underwriters and the proceeds we will receive before expenses. These amounts are shown assuming both no exercise and full exercise of the underwriters' option to purchase additional shares of our common stock.

	Per Share	Total Without Over-allotment Exercise	Total With Over-allotment Exercise
Public offering price	\$ 5.00	\$ 40,000,000	\$ 46,000,000
Underwriting discounts and commissions	\$ 0.30	\$ 2,400,000	\$ 2,760,000
Proceeds to MeetMe, before expenses	\$ 4.70	\$ 37,600,000	\$ 43,240,000

No Sales of Similar Securities

We have agreed, subject to specified exceptions, during the 90 day period after the date of the prospectus supplement, not to directly or indirectly offer, sell, assign, transfer, pledge, contract to sell, or otherwise dispose of, any shares of our common stock or any securities convertible into or exercisable or exchangeable for our common stock. These restrictions will not apply to us with respect to issuances of shares of common stock in connection with an acquisition, collaboration, merger or similar transaction, subject to certain exclusions and conditions. We have also agreed, during the 90 day period after the date of the prospectus supplement, not to file any registration statement, preliminary prospectus or prospectus, or any amendment or supplement thereto, under the Securities Act for any such transaction or which registers, or offers for sale, our common stock or any securities convertible into or exercisable or exchangeable for our common stock, except for registration statements on Form S-8 relating to employee benefit plans and a new registration statement shelf.

Our executive officers and directors have agreed, subject to specified exceptions, during the 90 day period after the date of the prospectus supplement, not to directly or indirectly:

offer, sell, assign, transfer, pledge, contract to sell, or otherwise dispose of, any shares of our common stock or securities convertible into or exercisable or exchangeable for our common stock (including, without limitation, shares of our common stock or any such securities which may be deemed to be beneficially owned by such officers and directors in accordance with the rules and regulations promulgated under the Exchange Act, as the same may be amended or supplemented from time to time (such shares or securities, the "Beneficially Owned Shares"));

enter into any swap, hedge or other agreement or arrangement that transfers in whole or in part, the economic risk of ownership of any Beneficially Owned Shares, our common stock or securities convertible into or exercisable or exchangeable for our common stock; or

engage in any short selling of any Beneficially Owned Shares, our common stock or securities convertible into or exercisable or exchangeable for our common stock.

Canaccord Genuity Inc. and Roth Capital Markets, LLC may, in their sole discretion and at any time or from time to time before the termination of the 90-day restricted period, without public notice, release all or any portion of the securities subject to lock-up agreements. There are no existing agreements between the underwriters and us, providing consent to the sale of shares prior to the expiration of the lock-up period.

Listing

Our common stock is traded on the NASDAQ Capital Market under the symbol "MEET."

Price Stabilization and Short Positions

In connection with the offering, the underwriters may purchase and sell our common stock in the open market. These transactions may include over-allotment and stabilizing transactions, passive market making and purchases to cover syndicate short positions created in connection with the offering. Until distribution of the shares of our common stock is completed, SEC rules may limit the underwriters from bidding for and purchasing shares of our common stock. However, the underwriters may engage in transactions that stabilize the price of the shares of our common stock, such as bids or purchases to peg, fix or maintain that price. A "stabilizing transaction" is a bid for or the purchase of common stock on behalf of an underwriter in the open market for the purpose of fixing or maintaining the price of the shares of common stock. Stabilizing transactions may cause the price of shares of our common stock to be higher than the price that might otherwise prevail in the open market.

S-11

If an underwriter creates a short position in our common stock in connection with the offering (i.e., if it sells more shares of our common stock than are listed on the cover page of this prospectus supplement), the underwriter may reduce that short position by purchasing shares of our common stock in the open market. A "covering transaction" is the bid for or purchase of common stock on behalf of an underwriter to reduce a short position incurred by the underwriter in connection with the offering. The underwriters may also elect to reduce any short position by exercising all or part of the over-allotment option described above. A short position is more likely to be created if an underwriter is concerned that there may be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase shares in this offering. Similar to other purchase transactions, an underwriter's purchases to cover the short sales may have the effect of raising or maintaining the market price of our shares or preventing or retarding a decline in the market price of our shares. As a result, the price of our shares may be higher than the price that might otherwise prevail in the open market.

An underwriter also may impose a penalty bid, whereby the underwriter may reclaim selling concessions allowed to syndicate members or other broker-dealers in respect of the common stock sold in the offering for their account if the underwriter repurchases the shares in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the common stock, which may be higher than the price that might otherwise prevail in the open market. The imposition of a penalty bid may also affect the price of the shares of our common stock in that it discourages resales of those shares of our common stock.

In connection with this offering, the underwriters may also engage in passive market making transactions in our common stock on the NASDAQ Capital Market in accordance with Rule 103 of Regulation M during a period before the commencement of offers or sales of shares of our common stock in this offering and extending through the completion of distribution. A passive market maker must display its bid at a price not in excess of the highest independent bid of that security. However, if all independent bids are lowered below the passive market maker's bid, that bid must then be lowered when specified purchase limits are exceeded.

Neither we nor the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of shares of our common stock. In addition, neither we nor the underwriters make any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

ABOUT THIS PROSPECTUS

This document is called a prospectus and is part of a registration statement on Form S-3 that we filed with the SEC using a “shelf” registration process. Under this shelf process, we may offer and sell, from time to time in one or more offerings, the securities described in this prospectus. This prospectus provides you with a general description of the securities we may offer and the general manner in which these securities may be offered. Each time we sell securities under this prospectus, we will provide you with a prospectus supplement that will contain specific information about the terms of that offering and the offered securities. That prospectus supplement may also supplement, update or amend information contained in or incorporated by reference into this prospectus.

The registration statement of which this prospectus is a part contains additional information about us and the securities we may offer by this prospectus. Specifically, we have filed and incorporated by reference certain legal documents that control the terms of the securities offered by this prospectus as exhibits to the registration statement. We will file or incorporate by reference certain other legal documents that will control the terms of the securities we may offer by this prospectus as exhibits to the registration statement or to reports we file with the SEC that are incorporated by reference into this prospectus.

In addition, we may prepare and deliver one or more “free writing prospectuses” to you in connection with any offering of securities under this prospectus. Any such free writing prospectus may contain additional information about us, our business, the offered securities, the manner in which such securities are being offered, our intended use of the proceeds from the sale of such securities, risks relating to our business or an investment in such securities or other information.

This prospectus and certain of the documents incorporated by reference into this prospectus contain, and any accompanying prospectus supplement or free writing prospectus that we deliver to you may contain, summaries of information contained in documents that we have filed or will file as exhibits to our SEC filings. Such summaries do not purport to be complete and are subject to, and qualified in their entirety by reference to, the actual documents filed with the SEC.

Copies of the registration statement of which this prospectus is a part and of the documents incorporated by reference into this prospectus may be obtained as described below under the heading “Documents Incorporated by Reference” and under the heading “Where You Can Find More Information.” All references in this prospectus to “we,” “us,” “our,” and “MeetMe” refer only to MeetMe, Inc. and not to any existing or future subsidiaries of MeetMe, Inc., unless the context otherwise requires.

You should not assume that the information contained in this prospectus, the registration statement to which this prospectus is a part, any accompanying prospectus supplement or any free writing prospectus that we deliver to you is accurate as of any date other than the date of such documents or that the information incorporated by reference into this prospectus is accurate as of any date other than the date of the document incorporated by reference. Our business, operating results, financial condition, capital resources and prospects may have changed since that date.

You should rely only on the information contained in or incorporated by reference into this prospectus, the registration statement of which this prospectus is a part, any accompanying prospectus supplement, and any free writing prospectus that we deliver to you. We have not authorized anyone to provide you with different information. If you receive any other information, you should not rely on it.

ABOUT MEETME, INC.

MeetMe is a social network for meeting new people both on the web and on mobile platforms, including on iPhone, Android, iPad and other tablets, that facilitates interactions among users and encourages users to connect with each other. We monetize through advertising, virtual currency, and paid subscriptions. We provide users with access to an expansive, multilingual menu of resources that promote social interaction, information sharing and other topics of interest to users. We also offer online marketing capabilities, which enable marketers to display their advertisements in different formats and in different locations. We work with our advertisers to maximize the effectiveness of their campaigns by optimizing advertisement formats and placement.

Just as Facebook has established itself as the social network of friends and family, and LinkedIn as the social network of colleagues and business professionals, MeetMe is creating the social network not of the people you know but of the people you want to know. We believe meeting new people is a basic human need, especially for users aged 18-30, when so many long-lasting relationships are made. There are more than one billion people aged 18-30 worldwide with more than 50 million such people in the United States.

We believe that we have significant growth opportunities ahead as people increasingly use their mobile devices to discover the people around them. Given the importance of establishing connections within a user's geographic proximity, we believe it is critical to establish a high density of users within the geographic regions we serve. As the MeetMe network grows the number of users in a location, we believe users who are seeking to meet new people will incrementally benefit from the quantity of relevant connections.

RISK FACTORS

Investing in our securities involves risks. Before investing in our securities, you should carefully consider the specific risks set forth under the caption "Risk Factors" in our filings with the Securities and Exchange Commission (which we refer to as the "SEC") that are incorporated by reference into this prospectus and under the caption "Risk Factors" in any accompanying prospectus supplement or free writing prospectus that we deliver to you. You should also carefully consider all other information contained in or incorporated by reference into this prospectus or in any accompanying prospectus supplement or free writing prospectus that we deliver to you. A discussion of the documents incorporated by reference into this prospectus is set forth below under the heading "Documents Incorporated by Reference."

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION

This prospectus and the documents incorporated by reference into this prospectus contain “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, as amended. In particular, these forward-looking statements include, among others, statements about:

- our expectations regarding user engagement patterns;
- our expectations regarding mobile usage by our users;
- the impact of increased mobile usage on revenues and financial results;
- our expectations relating to advertising and the effects of advertising and mobile monetization on our revenues;

- our plans regarding product development, international growth and personnel;
- our liquidity and expectations regarding uses of cash;
- our expectations regarding payments relating to cost reduction initiatives;
- the impact of new accounting policies; and
- our plans for capital expenditures for the remainder of the year ending December 31, 2014.

Forward-looking statements can generally be identified by the use of words such as “anticipate,” “expect,” “plan,” “could,” “may,” “will,” “should,” “would,” “intend,” “seem,” “potential,” “appear,” “continue,” “future,” “believe,” “estimate,” “forecast” or other words of similar meaning, although not all forward-looking statements contain these identifying words.

Important factors that could cause actual results to differ from those in the forward-looking statements include users’ willingness to try new product offerings, the risk that unanticipated events affect the functionality of our mobile applications with popular mobile operating systems, any changes in such operating systems that degrade our mobile applications’ functionality and other unexpected issues which could adversely affect usage on mobile devices, the risk that the mobile advertising market will not grow, the ongoing existence of such demand and the willingness of our users to complete mobile offers or pay for virtual currency. Any forward-looking statement made by us in this report speaks only as of the date on which it is made. Factors or events that could cause our actual results to differ may emerge from time to time, and it is not possible for us to predict all of them. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future developments or otherwise, except as may be required by law. We refer you to our most recent Annual Report on Form 10-K for the most recent fiscal year under the caption “Item 1A – Risk Factors” of such report, and the other documents incorporated by reference into this prospectus for both an expanded discussion of the risks and uncertainties described above and additional risks and uncertainties that could cause actual results to differ materially and adversely from those expressed or implied by forward-looking statements.

You are cautioned not to place undue reliance on the forward-looking statements contained in, or incorporated by reference into, this prospectus. Each forward-looking statement speaks only as of the date of this prospectus or, in the case of documents incorporated by reference, the date of the applicable document (or any earlier date indicated in the

statement), and we undertake no obligation to update or revise any of these statements, whether as a result of new information, future developments or otherwise, except as required by law. We qualify all of our forward-looking statements by these cautionary statements.

USE OF PROCEEDS

Unless otherwise set forth in a prospectus supplement accompanying this prospectus, we intend to use the net proceeds from any sale of the securities that we may sell by this prospectus and any accompanying prospectus supplement for working capital and other corporate purposes. If we decide to use the net proceeds from a particular offering of securities for a specific purpose, we will describe that in the prospectus supplement relating to that offering.

DESCRIPTION OF COMMON STOCK AND PREFERRED STOCK

The following description of our common stock and preferred stock will apply generally to any future common stock or preferred stock that we may offer, but is not complete. The terms of these securities also may be affected by the General Corporation Law of the State of Delaware (which we refer to below as the “DGCL”).

Authorized Capital Stock

We are authorized to issue a total of 105,000,000 shares of capital stock consisting of 100,000,000 shares of common stock, par value \$0.001 per share, and 5,000,000 shares of preferred stock, par value \$0.001 per share.

Common Stock

Our authorized common stock consists of 100,000,000 shares of common stock, par value \$0.001 per share. Each outstanding share of common stock is entitled to one vote per share.

Subject to the preferences that may be applicable to any then outstanding shares of preferred stock, holders of common stock are entitled to receive ratably on a per share basis such dividends and other distributions in cash, stock or property of MeetMe as may be declared by the board of directors from time to time out of the legally available assets or funds of MeetMe.

Holders of our common stock have no preemptive rights and no right to convert their common stock into any other securities. There are no redemption or sinking fund provisions applicable to our common stock.

Holders of common stock will have no liability for further calls or assessments and will not be personally liable for the payment of our debts except as they may be liable by reason of their own conduct or acts.

Our board of directors may authorize the issuance of preferred stock with voting, conversion, dividend, liquidation and other rights that may adversely affect the rights of the holder of our common stock.

Preferred Stock

Our authorized preferred stock consists of 5,000,000 shares of preferred stock, par value \$0.001 per share, of which 1,000,000 shares are designated as Series A-1 preferred stock. We may issue preferred stock from time to time in one or more series, without stockholder approval, when authorized by our board of directors. Subject to the limits imposed by the DGCL, our board of directors is authorized to fix for any series of preferred stock the number of shares of such series and the voting powers (if any), designation, preferences and relative, participating, optional or other special rights, and qualifications, limitations or restrictions of such series.

Unless otherwise set forth in the applicable certificate of designations for such series of preferred stock:

Holders of preferred stock have the same voting rights as holders of our common stock and are entitled to any notice of meeting of stockholders;

Holders of preferred stock will be entitled to receive, when declared by the board of directors, out of legally available funds, dividends at the rates fixed by the board of directors for the respective series of preferred stock, and no more, before any dividends will be declared and paid, or set apart for payment, on our common stock with respect to the same dividend period;

At the option of our board of directors, we may redeem all or part of the shares of any series of preferred stock on such terms and conditions fixed in the applicable certificate of designations for such series of preferred stock;

Holders of our preferred stock have no preemptive rights and will have no liability for further calls or assessments.

For any series of preferred stock that we may offer, our board of directors will determine and the prospectus supplement relating to such series will describe:

The designation and number of shares of such series;

The rate and time at which, and the preferences and conditions under which, any dividends will be paid on shares of such series, as well as whether such dividends are cumulative or non-cumulative and participating or non-participating;

The rights and preferences, if any, of holders of shares of such series upon our liquidation, dissolution or winding up of our affairs;

The voting powers, if any, of the holders of shares of such series;

Any provisions relating to the redemption of the shares of such series;

Any limitations on our ability to pay dividends or make distributions on, or acquire or redeem, other securities while shares of such series are outstanding;

Any conditions or restrictions on our ability to issue additional shares of such series or other securities; and

Any other specific terms, preferences, limitations or restrictions.

Certain Anti-Takeover Provisions of Our Certificate of Incorporation, Bylaws and Delaware Law

The following is a summary of certain provisions of our certificate of incorporation, bylaws and the DGCL that may have the effect of delaying, deterring or preventing hostile takeovers or changes in control or management of MeetMe. Such provisions could deprive our stockholders of opportunities to realize a premium on their stock. At the same time, these provisions may have the effect of inducing any persons seeking to acquire or control us to negotiate terms acceptable to our board of directors. Throughout the summary we have included parenthetical references to sections of our certificate of incorporation and bylaws to help you locate the provisions being discussed.

Undesignated Preferred Stock

Our certificate of incorporation authorizes our board of directors to issue shares of preferred stock and set the voting powers, designations, preferences, and other rights related to that preferred stock without stockholder approval. Any such designation and issuance of shares of preferred stock could delay, defer or prevent any attempt to acquire or control us. (Section 4)

No Cumulative Voting

Our certificate of incorporation and bylaws do not provide for cumulative voting. Accordingly, the holders of a majority of the shares of common stock entitled to vote in any election of directors may elect all of the directors standing for election.

Ability to Call Special Meeting of Stockholders

Our bylaws provide that special meetings of stockholders may be called at any time by our board of directors. Special meetings of the stockholders may be requested in writing by the holders of not less than 20 percent of all the shares entitled to vote at the meeting, provided that the board of directors, in its sole discretion, determines such request is valid. If the board of directors determines the request is valid, the board may determine a meeting date not less than 90 and no more than 120 days after the receipt of such request. The board's ability to determine the validity of stockholder special meeting request and set the date for such special meetings of stockholders may require our stockholders to wait for a regularly scheduled annual meeting to change the composition of our board of directors. (Article I Section 2(b) and Article 2 Section 12)

Advance Notification of Stockholder Nominations and Proposals

Our bylaws provide that in order for nominations of directors or other business to be properly brought before an annual meeting by our stockholders, subject to certain limited exceptions, the stockholders must give notice to us not later than 120 days nor earlier than 150 days prior to the anniversary of the date of our previous annual meeting of stockholders. The notice must contain specific information regarding the nominee for director, or other business to be addressed, as well as information regarding the stockholder who is proposing the nomination. (Article I Section 11)

Amendments to Bylaws

Our bylaws permit our board of directors and our stockholders to repeal or amend our bylaws, and to adopt new bylaws, in accordance with Section 109 of the DGCL. (Article VIII)

Business Combinations under Delaware Law

We are a Delaware corporation. Section 203 of the DGCL prohibits a Delaware corporation from engaging in a business combination with an “interested stockholder” for a period of three years after the date of the transaction in which the person became an interested stockholder. The term “business combination” is broadly defined to include mergers, consolidations, sales and other dispositions of assets having an aggregate market value equal to 10% or more of the consolidated assets of the corporation, and other specified transactions resulting in financial benefits to the interested stockholder. Under Section 203, an “interested stockholder” generally is defined as a person who, together with affiliates and associates, owns (or within the three prior years did own) 15% or more of the corporation’s outstanding voting stock.

This prohibition is effective unless:

the business combination or the transaction that resulted in the interested stockholder becoming an interested stockholder is approved by the corporation's board of directors prior to the time the interested stockholder becomes an interested stockholder;

upon consummation of the transaction that resulted in the interested stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation, other than stock held by directors who are also officers or by specified employee stock plans; or

at or after the time the stockholder becomes an interested stockholder, the business combination is approved by a majority of the board of directors and, at an annual or special meeting, by the affirmative vote of two-thirds of the outstanding voting stock that is not owned by the interested stockholder.

These restrictions generally prohibit or delay the accomplishment of mergers or other takeover or change-in-control attempts that are not approved by a company's board of directors. A corporation can elect to have Section 203 of the DGCL not apply to it by expressly providing so in its certificate of incorporation or bylaws; we have not made such an election.

Limitation of Personal Liability of Directors and Officers

Our certificate of incorporation provides that our directors are entitled to the benefits of all limitations on the liability of directors that are now or hereafter become available under the DGCL. The DGCL authorizes corporations to limit or eliminate the personal liability of directors to corporations and their stockholders for monetary damages for breaches of directors' fiduciary duties. The DGCL does not permit exculpation for liability:

for any breach of the director's duty of loyalty to us or our stockholders,

for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law,

under section 174 of the Delaware law, which pertains, among other things, to liability for the unlawful payment of dividends, or

for any transaction from which the director derived an improper personal benefit. (Section 9)

In addition, our certificate of incorporation provides that we will indemnify any person who is or was a director or officer of ours, or is or was serving at our request as a director, officer employee or agent of another corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to employee benefit plans, with respect to actions taken or omitted by such person in any capacity in which such person serves us or such other corporation, partnership, joint venture trust or other enterprise, to the full extent authorized or permitted by law, as now or hereafter in effect, and such right to indemnification will continue as to a person who has ceased to be a director, officer or trustee, as the case may be, and will inure to the benefit of such person's heirs, executors and personal and legal representatives. (Section 10(a))

In addition, our certificate of incorporation provides that a corporation may advance to a director or officer expenses incurred in defending any action upon receipt of an undertaking by the director or officer to repay the amount advanced if it is ultimately determined that he or she is not entitled to indemnification. (Section 10(a))

The limitation of liability, indemnification and advancement of expenses provisions in our certificate of incorporation may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duty. These provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. In addition, your investment may be adversely affected to the extent we pay the costs of settlement and damage awards against directors and officers in accordance with these indemnification provisions.

If so, the third party may use securities pledged by us or borrowed from us or others to settle such sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of a derivative transaction to close out any related open borrowings of stock.
